DEPARTMENT OF HOMELAND SECURITY

97.005 STATE AND LOCAL HOMELAND SECURITY NATIONAL TRAINING PROGRAM

FY 2014 Homeland Security National Training Program National Domestic Preparedness Consortium (NDPC) and Continuing Training Grants (CTG)

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

Section 1204 of the Implementing Recommendations of the 9/11 Commission Act of 2007, Public Law 110-53, 6 U.S.C 1102.

OBJECTIVES:

The Homeland Security National Training Program (HSNTP), consisting of the National Domestic Preparedness Consortium (NDPC) and Continuing Training Grants (CTG) program plays an important role in the implementation of the National Preparedness System (NPS) by supporting the building, sustainment, and delivery of core capabilities essential to achieving the National Preparedness Goal (NPG) of a secure and resilient Nation. (<http://www.fema.gov/national-preparedness-goal>)

The objective of the HSNTP is to support nationwide training initiatives and further the mission of FEMA. In order to achieve the intended objective of the HSNTP, all training developed with HSNTP funds must support FEMA's all-hazards mission and reflect the following key priority areas: use of existing training mechanisms; linking training to exercise activities; incorporating the core capabilities identified in the National Preparedness Goal and the National Preparedness System components; and utilizing an adult learning and national delivery approach whereby curriculum is delivered via an integrated, collaborative approach.

Where possible, efforts will be made in the development and delivery of training programs to support the implementation of risk driven, capabilities-based State Homeland Security Strategies to address capability targets set in urban area, state, and regional Threat and Hazard Identification and Risk Assessments (THIRAs). The capability levels assessed in the State Preparedness Report (SPR) should be used to inform planning, organization,

equipment, training, and exercise needs to prevent, protect against, mitigate, respond to, and recover from acts of terrorism and other catastrophic events.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Provides funding through cooperative agreements to the National Domestic Preparedness Consortium, and Continuing Training Grants program for the purpose of the development and delivery of all-hazards training for Federal, State, local, and tribal emergency responders. Refer to the NDPC and CTG Funding Opportunity Announcements for specific information on eligibility. These funds must be used to develop and deliver all hazards training to State, local, tribal, and territorial whole communities. Other special conditions will apply to the recipients of the award. A portion of these funds will be awarded in specific focus areas identified in the Funding Opportunity Announcement.

Indirect costs are allowable only if the applicant has an approved indirect cost rate with the cognizant Federal agency. A copy of the approved rate (a fully executed, agreement negotiated with the applicants cognizant federal agency) is required at the time of application.

Applicant Eligibility:

The HSNTP/NDPC is a closed solicitation, available only to eligible organizations. Non-Federal members that make up the National Domestic Preparedness Consortium (NDPC) which consist of the following institutions: Louisiana State University, Texas A&M, New Mexico Institute of Mining and Technology, and the University of Hawaii.

The Continuing Training Grants (CTG) program is an open competition to develop and deliver training in selected focus areas. Through the CTG, FEMA identifies important focus areas for applicants to use in the development of their application. Applicants may submit only one application per focus area. Applications will undergo a review to determine whether all required guidelines are followed and selection criteria are met. The full application review process will conclude with a rigorous, competitive review process used to select programs for recommendation for award.

Beneficiary Eligibility:

State and Local units of government, public non-profits, and Federally recognized tribal entities.

Credentials/Documentation:

Applicants must complete the Application for Federal Assistance SF-424. Applicants must also possess a Data Universal Numbering System (DUNS). D-U-N-S, is a system developed and regulated by Dun & Bradstreet (D&B).

System for Award Management (SAM): The application process also involves an updated and current SAM registration by the applicant at <http://www.sam.gov>. Please ensure that your organizations name, address, DUNS number and EIN are up to date in SAM and that the DUNS number used in SAM is the same one used to apply for all FEMA awards. Future payments will be contingent on the information provided in SAM; therefore it is imperative that the information is correct. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. An environmental impact statement is required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application deadline and other information are contained in the HSNTP NDPC and CTG Notices of Funding Opportunity (NOFO).

Award Procedure:

Applications or plans are reviewed by DHS program and administrative staff. Any issues or concerns noted in the application will be negotiated with the

successful applicant prior to the award being issued.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

97.007 HOMELAND SECURITY PREPAREDNESS TECHNICAL ASSISTANCE PROGRAM (HSPTAP)

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

Department of Homeland Security Appropriations Act, 2016, Title V, Section 543, Public Law 114-113; Homeland Security Act of 2002, Section 503(b)(2)(G), Public Law 107-296, 6 U.S.C 313(b)(2)(G)).

OBJECTIVES:

The Homeland Security Technical Assistance Program (HSPTAP) is established to build State, local, tribal and territorial (SLTT) capabilities to prevent, protect against, respond to, and recover from major events, including threats or acts of terrorism. This overarching programmatic goal of building state and local capabilities will be achieved through various means and methods, each one aimed at making

achieving the National Preparedness Goal and furthering our collective efforts to remain a safe and secure nation.

Specific program activities anticipated for achieving this goal will include, but will not be limited to:

- production and dissemination of written products relating to emerging homeland security issues and established or model state homeland security efforts;
- providing educational seminars for apprising newly appointed Governors Homeland Security Advisors of federal homeland security doctrine, best-practices and established principles;
- facilitating calls, meetings, or discussions amongst representatives from key stakeholder groups on a regular basis which serve to share information, knowledge, experiences, and practices relating to current and emerging homeland security issues; and,
- convening trainings, workshops, and other meeting opportunities designed to bring together in a common forum nationwide HSAs, state, local and tribal Emergency Management Directors, as well as other professional organizations in the public and private sectors and to inform partners on the impacts of federal homeland security legislation, regulations and policies on the states.

Each recipient will conduct these specific activities to support either State Emergency Management Directors, Homeland Security Advisors to further build State, local, tribal and territorial (SLTT) capabilities. An additional key purpose for the HSPTAP is that the program also furthers the building of a national system of emergency management capabilities that can effectively and efficiently utilize the full measure of the Nation's resources to respond to catastrophic incidents, including natural disasters, acts of terrorism, and other man-made emergencies or events. HSPTAP recipients will conduct activities that bring together the collective perspectives of state and local elected officials and the private sector to provide a broad-based sounding board on homeland security issues for all national stakeholders. The program will serve to establish, provide, and maintain a forum for organizations to exchange ideas, conduct targeted discussions, as well as to provide technical assistance to governors offices, associations and organizations on all relevant homeland security policy areas.

Finally, HSPTAP will engage the recipient organizations which can work closely with FEMA to develop, transfer, and institutionalize pertinent knowledge at the State and local level for addressing current public policy challenges facing State EM Directors, HSAs and other state and local emergency management officials. HSPTAP recipients, through collaboration with FEMA and other national, regional, state and local entities, will facilitate focused and enhanced communication and coordination among all disciplines and levels of government to address the complex challenges of developing and implementing homeland security policies and practices including: intelligence sharing; State homeland security organization, structure and governance; communications interoperability; critical infrastructure protection; and all hazards disaster prevention, protection, mitigation, preparedness, response and recovery to include areas of emergency management, homeland security, fire, law enforcement, Emergency Management Services (EMS), agriculture, National Guard, emergency communications, and public works. In sum, in addition to building state and local capabilities, the activities conducted under the HSPTAP are structured to address the full spectrum of mission areas, national priorities, and core capabilities outlined in the National Preparedness System and are critical to achieving the National Preparedness Goal.

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

Section 2003 of the Homeland Security Act of 2002, Public Law 107-296, 6 U.S.C 604; Implementing Recommendations of the 9/11 Commission Act of 2007, Public Law 110-53.

OBJECTIVES:

Overview

The FY 2017 NSGP provides funding support for physical security enhancements to nonprofit organizations that are at high risk of a terrorist attack and located within one of the urban areas receiving funding under the Fiscal Year (FY) 2017 Urban Area Security Initiative (UASI). The program seeks to integrate the preparedness activities of nonprofit organizations that are at high risk of a terrorist attack with broader state and local preparedness efforts. The NSGP also promotes emergency preparedness coordination and collaboration activities between public and private community representatives as well as state and local government agencies. Among the five basic homeland security missions noted in the DHS Quadrennial Homeland Security Review, the NSGP supports the goal to Strengthen National Preparedness and Resilience.

Objectives

The FY 2017 NSGP objectives are to support efforts that:
Build and sustain core capabilities

Strengthen governance integration between private nonprofit entities and Federal, state, and local governments
Encourage a whole community approach to security and emergency management.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

The FY 2017 NSGP provides funding support for physical security enhancements to nonprofit organizations that are at high risk of terrorist attack and located within one of the urban areas receiving funding under the Fiscal Year (FY) 2017 Urban Area Security Initiative (UASI).
The NSGP also promotes emergency preparedness coordination and collaboration activities between public and private community representatives as well as state and local government agencies. NSGP grant recipients and subrecipients may only use NSGP grant funds for the purpose set forth in the grant award, and must use funding in a way that is consistent with the statutory authority for the award. Grant funds may not be used for matching funds for other Federal grants or cooperative agreements, lobbying, or intervention in Federal regulatory or adjudicatory proceedings. In addition, Federal funds may not be used to sue the Federal Government or any other government entity.

Pre-award costs are allowable only with the prior written approval of DHS/FEMA and if they are included in the award agreement. To request pre-award costs a written request must be included with the application, signed by the Authorized Organizational Representative of the entity. The letter must outline what the pre-award costs are for, including a detailed budget break-out of pre-award costs from the post-award costs, and a justification for approval.

The following information outlines general allowable and unallowable NSGP costs guidance. In FY 2017, the total amount of funds distributed under this grant program will be \$ 25,000,000. Each nonprofit organization must apply through their respective State Administrative Agency (SAA) for up to a \$75,000 grant award. The FY 2017 NSGP funds will be allocated to organizations characterized as Section 501(c)(3) organizations under the Internal Revenue Code of 1986 (26 U.S.C.) and deemed at high risk by the Secretary of the Department of Homeland Security. Such nonprofit organizations must be located within one of the FY 2017 UASI- Designated Urban Areas.

Applicant Eligibility:

The SAA is the only entity eligible to apply for FY 2017 NSGP funds on behalf of eligible nonprofit organizations (as described under section 501(c)(3) of the Internal Revenue Code of 1986) determined to be at high risk of terrorist attack and are located within one of the designated FY 2017 UASI-eligible Urban Areas. Eligible nonprofit organizations must provide their applications to their respective SAA in order to be considered for FY 2017 funding. SAAs, in coordination with the Urban Area Working Groups (UAWGs), are encouraged to notify and actively inform eligible nonprofit organizations of the availability of the FY 2017 especially organizations that have not previously applied for or received NSGP funding. It is important to ensure that ALL eligible nonprofit organizations are afforded an opportunity to seek funding. Criteria for determining eligible applicants that are at high risk of terrorist attack include, but are not limited to:

Identification and substantiation of current or persistent threats or attacks (from within or outside the U.S.) by a terrorist organization, network, or cell against the applicant based on their ideology, beliefs, or mission

Symbolic value of the site(s) as a highly recognized regional and/or national or historical institution(s) that renders the site a possible target of terrorism
Role of the applicant nonprofit organization in responding to or recovering from terrorist attacks

Findings from previously conducted threat and/or vulnerability assessments
Integration of nonprofit preparedness with broader state and local preparedness efforts

Complete and feasible IJ that addresses an identified risk, including the assessed threat, vulnerability, and consequence of the risk, and proposes building or sustaining a core capability identified in the Goal

History of prior funding under NSGP. Not having received prior year funding is a positive factor when calculating the state score of the application; see

Section E. Application Review Information Review and Selection Process for additional information.

Beneficiary Eligibility:

Local governments and private nonprofit institutions/organizations.

Credentials/Documentation:

No Credentials or documentation are required. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. For more information, refer to the FY 2017 NSGP Notice of Funding Opportunity (NOFO).

Award Procedure:

FY 2017 NSGP applications will be reviewed through a two-phased State and Federal review process for completeness, adherence to programmatic guidelines, feasibility, and how well the IJ (project description and justification) addresses the identified risk.

State Review: Application packages are submitted by the nonprofit organization the SAA and the UAWG based on the established criteria. Applications must be submitted by the nonprofit organization to the SAA/UAWG (if they are separate entities), no later than 5:00 p.m. EDT June 22, 2017 to ensure adequate time for a State review of nonprofit applications.

As part of the State Review, the SAAs must:

- Conduct an eligibility review, in coordination with the UAWG;
- Verify that the nonprofit is located within a FY 2017 UASI designated urban area;
- Review and score all complete application packages (including mission statements and vulnerability assessments) using the NSGP Scoring Worksheet provided by DHS/FEMA; see Appendix E NSGP Investment Justification Scoring Worksheet; Note: A bonus point will be added to the state score for all organizations that have not received NSGP funding in previous years; this will be the final state score;
- Validate the organization type listed in the IJ by assessing the central purpose of the organization described in the Mission Statement, as either 1) Ideology-based/Spiritual/Religious; 2) Educational; 3) Medical; or 4) Other; and
- Prioritize all NSGP IJs by ranking each IJ. Each IJ will receive a unique rank (#1 [one] being the highest ranked through the total number of applications the SAA scored).

The SAA will base the ranking on the SAAs subject matter expertise and discretion with consideration to the following factors:

- o Need: The relative need for the nonprofit organization compared to the other applicants; and
 - o Impact: The feasibility of the proposed project and how effectively the proposed project addresses the identified need.
- Submit the scores from the state review along with the prioritized list of all NSGP projects to DHS/FEMA using the SAA Prioritization Tracker.
- Retain the mission statements and vulnerability assessments submitted by each nonprofit organization.

Federal Review

The highest-scoring IJs from each submitting urban area (at least one from each urban area) are reviewed by a panel made up of DHS/FEMA HQ Program Analysts and Regional Program Analysts or Grants Management Specialists. Federal staff will verify that the nonprofit is located within a FY 2017 UASI

designated urban area. Two Federal reviewers will score each IJ using the NSGP Investment Justification Scoring Worksheet.

Determining the number of applications that will advance to the Federal Review:

- 1) FEMA will organize applications in rank order (based on the state scores) from highest to lowest score.
- 2) Federal reviewers will come up with the federal review pool by reviewing the highest scored projects equal to 150% of the available funding, which is \$37.5 million this year. At least one IJ from each submitting Urban Area is guaranteed to be a part of the federal review pool.

Final Score

To calculate an applications final score, the sum of the applicants state score and the average of the two Federal reviewers scores will be multiplied:

By a factor of three for nonprofit groups that are at a high risk of terrorist attacks due to their ideology, beliefs, or mission;

By a factor of two for medical and educational institutions; and

By a factor of one for all other nonprofit organizations.

All final application scores will then be sorted in descending order, regardless of urban area, and applicants will be selected from highest to lowest until available FY 2017 NSGP funding has been exhausted. In the event of a tie during the funding determination process, priority will be given to nonprofit organizations that have not received prior year funding, then those ranked highest by their SAA.

DHS/FEMA will use the final results to make funding recommendations to the Secretary of DHS. All final funding determinations will be made by the Secretary of DHS, who retains the discretion to consider other factors and information in addition to DHS/FEMAs funding recommendations.

Financial Review

DHS/FEMA HQ Grants Management Specialists will conduct a financial risk assessment using the following criteria:

Allowability, allocability, and financial reasonableness of the proposed budget and investment information.

Whether the recipient meets the financial and legal requirements listed in 2 C.F.R. Part 200.

Prior to making a Federal award with a total amount of Federal share greater than the simplified acquisition threshold, currently \$150,000, DHS/FEMA is required to review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM (currently FAPIIS).

An applicant, at its option, may review information in the designated integrity and performance systems accessible through SAM and comment on any information about itself that a Federal awarding agency previously entered and is currently in the designated integrity and performance system accessible through SAM.

DHS/FEMA will consider any comments by the applicant, in addition to the other information in the designated integrity and performance system, in making a judgment about the applicants integrity, business ethics, and record of performance under Federal awards when completing the review of risk posed by applicants as described in 2 C.F.R. 200.205 Federal awarding agency review of risk posed by applicants.

Deadlines:

Jun 02, 2017 to Jun 22, 2017 Application Start Date: June 2, 2017
Application Submission Deadline Date: June 22, 2017 at 5:00 PM PM EDT
Anticipated Funding Selection Date: September 1, 2017
Anticipated Award Date: No later than September 30, 2017

Other Key Dates

Applying for FY 2017 NSGP funds requires a two-step process. Step 1: initial submission to determine eligibility and Step 2: full application. Applicants are encouraged to initiate Step 1 immediately after the Notice of Funding

Opportunity, (NOFO) is published but no later than June 2, 2017. This involves submitting a complete Standard Form 424 to grants.gov. Successful completion of this step is necessary for FEMA to determine eligibility of the applicant. Late submissions of Step 1 to grants.gov could result in applicants missing the application deadline in Step 2. Once FEMA has determined an applicant to be eligible, applicants can proceed to Step 2 which involves submitting the full application package via the Non Disaster (ND) Grants system. The submission deadline for the full application package is June 22, 2017. For additional details see Application and Submission Section D of the Full Notice of Funding Opportunity (NOFO).

Range of Approval/Disapproval Time:

Applying for FY 2017 NSGP Program funds is a multi-step process. To ensure that an application is submitted on time, applicants are advised to start the required steps well in advance of their submission. Failure of an applicant to comply with any of the required steps before the deadline for submitting the application may disqualify the application from funding.

The steps for applicants to follow in applying for an award under this program are:

1. Applying for, updating, or verifying their Data Universal Numbering System (DUNS) Number;
2. Applying for, updating, or verifying their Employer Identification Number (EIN);
3. Updating or verifying their System for Award Management (SAM) Registration;
4. Establishing an Authorized Organizational Representative (AOR) in Grants.gov;
5. Submitting an initial application in Grants.gov; and
6. Submitting the final application in the Non Disaster Grants (ND Grants) system.

Each of the required steps associated with the application process are outlined in Section D. of the full FY 2017 Notice of Funding Opportunity (NOFO).

Appeals:

Refer to the FY 2017 NSGP Notice of Funding Opportunity.

Renewals:

Refer to the FY 2017 NSGP Notice of Funding Opportunity.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Projected Award Start Date(s): September 1, 2017
 Projected Award End Date(s): August 31, 2020 Period of Performance: 36 months

The periods of performance outlined above support the effort to expedite the outlay of grant funding and provide economic stimulus. Agencies should request waivers sparingly, and they will be granted only due to compelling legal, policy, or operational challenges. For example, SAAs may request waivers from the deadlines outlined above for discretionary grant funds where adjusting the timeline for spending will constitute a verifiable legal breach of contract by the grantee with vendors or sub-recipients, or where a specific statute or regulation mandates an environmental review that cannot be completed within this timeframe or where other exceptional circumstances warrant a discrete waiver. For more information, refer to the FY 2017 NSGP Notice of Funding Opportunity (NOFO). See the following for information on how assistance is awarded/released: Based on program need. Grantees must accept their grant awards no later than 90 days from the award date. The grantee shall notify the awarding agency of its intent to accept and proceed with work under the award, or provide a written notice of intent to decline. Funds will remain on hold until the grantee accepts the award through official correspondence, e.g., written, electronic signature, signed letter or fax to GPD, and all other conditions of award have been satisfied, or the award is otherwise rescinded. Failure to accept the grant award within the 90 day timeframe may

result in a loss of funds.

Reports:

All successful applicants for all DHS grant and cooperative agreements are required to comply with DHS Standard Administrative Terms and Conditions available within Section 6.1.1 of <http://www.dhs.gov/xlibrary/assets/cfo-financial-management-policy-manual.pdf>.

Upon approval of an application, the award will be made in the form of a grant. The date the approval of award is entered in the system is the award date. Notification of award approval is made through the ND Grants system through an automatic e-mail to the grantee point of contact listed in the initial application. Once an award has been approved and recorded in the system, a notice is sent to the authorized grant official. Follow the directions in the notification to accept your award documents. The authorized grant official should carefully read the award package for instructions on administering the grant and to learn more about the terms and conditions associated with responsibilities under Federal awards.

State Preparedness Report (SPR) Submittal. Section 652(c) of the Post-Katrina Emergency Management Reform Act of 2006 (Public Law 109-295), 6 U.S.C. 752(c), requires any State that receives Federal preparedness assistance to submit an SPR to FEMA. States submitted the most recent SPR in December 2011 thus satisfying this requirement in order to receive funding under the FY 2017 NSGP.

Biannual Strategy Implementation Reports (BSIR). Grantees are responsible for completing and submitting the BSIR reports, as a complement to the programmatic performance report/SF-PPR. The BSIR is due within 30 days after the end of the reporting period (July 30 for the reporting period of January 1 through June 30; and January 30 for the reporting period of July 1 through December 31).

The Grants Reporting Tool (GRT) is the system in which NSGP recipients will submit their BSIR information. Recipients should go to the following link and follow the links to create a new account as needed: <https://www.reporting.odp.dhs.gov/>. This report is used to track the progress toward the completion of projects.

For more information, refer to the FY 2017 NSGP Notice of Funding Opportunity (NOFO). Federal Financial Report (FFR) Recipients must report obligations and expenditures ported on a quarterly basis through the FFR (SF-425) to DHS/FEMA. Recipients must file the FFR electronically using the Payment and Reporting Systems (PARS). A FFR must be submitted quarterly throughout the period of performance, including partial calendar quarters, as well as for periods where no grant award activity occurs. The final FFR is due 90 days after the end of the performance period. Future awards and fund drawdowns may be withheld if these reports are delinquent, demonstrate lack of progress, or are insufficient in detail.

The Federal Financial Reporting Form (FFR) is available online at: [https://www.grants.gov/web/grants/forms/post-award-reporting-forms.html#sortby=1, SF-425 OMB #4040-0014](https://www.grants.gov/web/grants/forms/post-award-reporting-forms.html#sortby=1,SF-425,OMB%204040-0014).

For more information, refer to the FY 2017 NSGP Notice of Funding Opportunity (NOFO). Recipients will be required to report on progress towards implementing projects described in their application on a biannual basis. The following periods and due dates apply to the PPR:

Reporting Period	Report Due date
January 1, - June 30	July 30
July, 1 - December 31	January 30

For additional details, see Federal Award Administration Section F of the FY 2017 NSGP Full Notice of Funding Opportunity, (NOFO). Grantees are obligated to submit various financial and programmatic reports as a condition of their award acceptance. Please see below for a summary of financial and/or programmatic reports as required. Future awards and funds drawdown may be withheld if these reports are delinquent. Federal Financial Report (FFR) required quarterly. Obligations and

expenditures must be reported on a quarterly basis through the FFR (SF-425). A report must be submitted for every quarter of the period of performance, including partial calendar quarters, as well as for periods where no grant activity occurs. Future awards and fund drawdowns may be withheld if these reports are delinquent. The final FFR is due 90 days after the end date of the performance period. FFRs must be filed electronically through PARS. Grant Close-Out Process. Within 90 days after the end of the period of performance, or after a Grant Adjustment Notice (GAN) has been issued to close out a grant, whichever comes first, grantees must submit a final FFR and final progress report detailing all accomplishments throughout the period of performance. After these reports have been reviewed and approved by FEMA, a close-out notice will be completed to close out the grant. The notice will indicate the period of performance as closed, list any remaining funds that will be deobligated, and address the requirement of maintaining the grant records for three years from the date of the final FFR. The grantee is responsible for returning any funds that have been drawn down but remain as unliquidated on grantee financial records. Monitoring. Grant recipients will be monitored periodically by FEMA staff, both programmatically and financially, to ensure that the project goals, objectives, performance requirements, timelines, milestone completion, budgets, and other related program criteria are being met. Monitoring may be accomplished through either a desk-based review or on-site monitoring visits, or both. Monitoring will involve the review and analysis of the financial, programmatic, performance, compliance and administrative processes, policies, activities, and other attributes of each Federal assistance award and will identify areas where technical assistance, corrective actions and other support may be needed.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Grant records shall be retained for a period of 3 years from the day the recipient submits its final expenditure report. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later. Grant records include financial and program/progress reports, support documents, statistical records, and other documents that support the activity and/or expenditure of the recipient or sub-recipient under the award.

Account Identification:

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: In FY 2016, DHS provided \$20,000,000 for target hardening activities to nonprofit organizations that are at high risk of a terrorist attack and located within one of the specific UASI-designated urban areas. Fiscal Year 2017: It is expected that the \$25,000,000 funding that was appropriated, will be allocated to support nonprofit organizations that are at high risk of a terrorist attack and located within one of the urban areas under the Fiscal year 2017 Urban Area Security Initiative (UASI). Fiscal Year 2018: It is projected that funds will be appropriated and allocated to the Nonprofit Security Grant

Program for target hardening activities to nonprofit organizations that are at high risk of a terrorist attack and located within one of the specific UASI-designated urban areas.

REGULATIONS, GUIDELINES, AND LITERATURE:

All successful applicants for all DHS grant and cooperative agreements are required to comply with DHS Standard Administrative Terms and Conditions available within Section 6.1.1 of <http://www.dhs.gov/xlibrary/assets/cfo-financial-management-policy-manual.pdf>.

CRITERIA FOR SELECTING PROPOSALS:

National Incident Management System (NIMS) Implementation
Prior to allocation of any Federal preparedness awards in FY2017, SAAs must ensure and maintain adoption and implementation of NIMS. Emergency management and incident response activities require carefully managed resources (personnel, teams, facilities, equipment and/or supplies) to meet incident needs. Utilization of the standardized resource management concepts such as typing, credentialing, and inventorying promote a strong national mutual aid capability needed to support delivery of core capabilities. Additional information on resource management and NIMS resource typing definitions and job titles/position qualifications is available on DHS/FEMAs website under NIMS Resource Management.

DHS/FEMA developed NIMS Guideline for Credentialing of Personnel to describe national credentialing standards and to provide written guidance regarding the use of those standards. This guideline describes credentialing and typing processes, and identifies tools which Federal Emergency Response Officials (FEROs) and emergency managers at all levels of government may use both routinely and to facilitate multijurisdictional coordinated responses.

Although state, local, tribal, and private sector partners, including nongovernmental organizations are not required to credential their personnel in accordance with these guidelines, DHS/FEMA strongly encourages them to do so in order to leverage the federal investment in the Federal Information Processing Standards (FIPS) 201 infrastructure and to facilitate interoperability for personnel deployed outside their home jurisdiction. Additional information is available from the NIMS Guideline for the Credentialing of Personnel.

Nonprofit subrecipients are not required to maintain adoption and implementation of NIMS.

**97.009 CUBAN/HAITIAN ENTRANT PROGRAM
FEDERAL AGENCY:**

U.S. Citizenship and Immigration Services (USCIS), Department of Homeland Security

AUTHORIZATION:

Refugee Education Assistance Act of 1980, Executive Order Executive Order 12341, January 21, 1982, Public Law 96-422; Economy Act of 1932, 31 U.S.C. 1535.

OBJECTIVES:

(1) To provide primary resettlement services to Cubans and Haitians, paroled into the United States by the Department of Homeland Security (DHS) for humanitarian reasons and; (2) to provide secondary resettlement assistance to Cuban and Haitian entrants living in south Florida whose initial resettlement did not lead to their achievement of economic self-sufficiency.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Assistance is limited to Cuban and Haitian entrants as defined in the authorizing Act. Federal policy governs further eligibility factors. The scope of services for which funds are available to grantees, or cooperative agreement recipients, are defined in program announcements published in the Federal Register dated March 9, 1981, January 5, 1983, July 5, 1985, April 12, 1988, June 26, 1989, and January 5, 1995. See program announcement published in Federal Register dated March 9, 1981, January 5, 1983, July 5, 1985, April 12, 1988, June 26, 1989, January 5, 1995.

Applicant Eligibility:

Public or Private, nonprofit organizations or agencies, and under certain conditions for-profit organizations, agencies, or institutions.

Beneficiary Eligibility:

Cuban and Haitian nationals who meet the definition of entrant set forth in Title V, Section 501(e) of Public Law 96-422.

Credentials/Documentation:

Persons for whom assistance is authorized through resettlement programs are limited to Cuban and Haitian nationals who possess documentation as described in Title V of the Refugee Education Assistance Act of 1980 (Public Law 96-422). 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. An environmental impact statement is required for this program. An environmental impact assessment is required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application deadline and other information are contained in the application/program guidance.

Award Procedure:

Applications or plans are reviewed by DHS program and administrative staff. Any issues or concerns noted in the application will be negotiated with the successful applicant prior to the award being issued.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Refer to program guidance document.

Appeals:

None.

Renewals:

A grant or cooperative agreement may be amended in order to extend the program and budgetary period if funds are available and the proposed amendment does not represent a substantive deviation from previous services or costs. Applications may also be renewed through the competitive process after

the end of the program period.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Refer to program guidance. Awards are subject to the Cash Management Improvement Act for payment and/or reimbursement of expenditures. See the following for information on how assistance is awarded/released: Payment based on project need.

Reports:

Refer to program guidance document. Cash reports are not applicable. Refer to program guidance document. Refer to program guidance document. Grantees are required to submit quarterly financial and performance reports. Quarterly "Progress Reports" must include the progress of each sub-grant award. Reports are due 30 days after the end of each quarter: January 30, April 30, July 30, and October 30. Final financial and performance reports are due 90 days after the expiration or termination of grant award.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. These audits are due to the cognizant Federal agency, submitted through the Federal Audit Clearinghouse, not later than 9 months after the end of the grantees fiscal year.

Records:

Grant records shall be retained for a period of 3 years from the day the recipient submits its final expenditure report. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later. 97.010 CITIZENSHIP EDUCATION AND TRAINING

FEDERAL AGENCY:

U.S. Citizenship and Immigration Services (USCIS), Department of Homeland Security

AUTHORIZATION:

Consolidated Appropriations Act, 2017, Title IV, Section 404, Public Law 115-115-31.

OBJECTIVES:

The goal of the Citizenship and Integration Grant Program is to expand the availability of high quality citizenship preparation services for lawful permanent residents in communities across the nation. Additional activities that support this goal include making citizenship instruction and naturalization application services accessible to low-income and other underserved lawful permanent resident populations; developing, identifying, and sharing promising practices in citizenship preparation; supporting innovative and creative solutions to barriers faced by those seeking naturalization; increasing the use of and access to technology in citizenship preparation programs; working with local libraries, which serve as a vital resource for immigrant communities; and incorporating strategies to foster welcoming communities as part of the citizenship and civic integration process.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants (Contracts)

USES AND USE RESTRICTIONS:

DHS grant funds may only be used for the purpose set forth in the agreement, and must be consistent with the statutory authority for the award. Expenses that may be paid for with grant funds include the following: Resources to support citizenship instruction and naturalization application services, including staff salaries, textbooks/materials, standardized assessments, software, etc. Restrictions on use of funds will be identified in the announcement/program guidance and award provisions. See program guidance.

Applicant Eligibility:

Community- and faith-based organizations, public libraries, as well other nonprofit institutions/organizations that conduct citizenship education classes for permanent residents, are eligible. Restrictions on the type of organization eligible to apply for a specific funding opportunity will be identified in the announcement.

Beneficiary Eligibility:

Immigrant Service Providers; Refugee/Alien.

Credentials/Documentation:

May be required by the U.S. Statute, regulation, or program guidance. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application deadline and other information are contained in the application/program guidance.

Award Procedure:

Applications or plans are reviewed by DHS program and administrative staff. Any issues or concerns noted in the application will be negotiated with the successful applicant prior to the award being issued.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Deadline: Contact DHS at citizenshipgrantprogram@uscis.dhs.gov or CISMailbox@hq.dhs.gov for future application deadlines.

Appeals:

97.012 BOATING SAFETY FINANCIAL ASSISTANCE**FEDERAL AGENCY:**

United States Coast Guard (USCG), Department of Homeland Security

AUTHORIZATION:

Fixing Americas Surface Transportation Act (P.L. 114-94), Public Law 114-94, 46 U.S.C 13101-13109.

OBJECTIVES:

Awards are made to States to encourage greater participation and uniformity in boating safety, permit the States to assume the greater share of boating safety education, assistance, and enforcement activities, and to assist the States in developing, carrying out and financing their recreational boating safety programs. Awards are made available to national non-profit public service organizations to support national recreational boating safety activities. Awards for a national recreational boating safety survey are designed to gather information necessary to produce valid and reliable estimates of: the numbers of different types and sizes of boats that are owned in the continental United States, Alaska, Hawaii, District of Columbia and Puerto Rico; the number of boats that are operated on the water; the number of days and hours that boats are operated and the number of persons aboard; the number and characteristics of persons comprising the general population that go out on the water in recreational boats; and other needed data regarding recreational boating safety.

TYPES OF ASSISTANCE:

FORMULA GRANTS; Project Grants

USES AND USE RESTRICTIONS:

States (includes Puerto Rico, Virgin Islands, Guam, American Samoa, Northern Marianas, and the District of Columbia) are eligible applicants. Acquisition, maintenance and operating costs of State recreational boating safety program facilities, equipment, and supplies; personnel salaries and reimbursable expenses; costs of training personnel; public boating safety education; cost of acquiring, constructing and repairing public access sites; costs of administering

the program; and other expenses which the Secretary considers appropriate. National non-profit public service organizations may apply for and receive a combined total of up to 5 percent of the funds available in any 1 year. The application process for non-profit public service organizations may be competitive. All expenditures under the national recreational boating safety survey must be for activities related to the National Recreational Boating Safety Survey Grant Program. Please refer to the FY 2016 Opportunity Announcement. National non-profit public service organizations may apply for and receive a combined total of up to 5 percent of the funds available in any 1 year. The application process for non-profit public service organizations may be competitive. There is \$1.5 million authorized per year for conducting a national recreational boating safety survey that may be used for survey methodology, development, and for conducting the survey.

Applicant Eligibility:

For the State recreational boating safety program, States must have a Coast Guard-approved boating safety program. For the non-profit organization grant program, organizations do not have to be boating-related but it must be a nongovernmental organization (City, County, or State governments or municipalities, for example, are not eligible) and it must be accorded a non-profit organization tax exempt status which is defined as having, or being capable of obtaining an IRS tax exempt classification (26 U.S.C. 501(c)(3)).

For the national recreational boating safety survey grant program, institutions of higher education or other public non-profit institution/organization, quasi-public non-profit institution/organization, or other private institution/organization that can sufficiently demonstrate through their application significant experience in their ability to design, manage, and complete a nationwide statistical survey for the Federal Government.

Beneficiary Eligibility:

See program guidance.

Credentials/Documentation:

Applicant Eligibility: States (including Puerto Rico, Virgin Islands, Guam, American Samoa, Northern Marianas, and the District of Columbia) having a Coast Guard-approved boating safety program may apply for financial assistance. States may not receive more than one-half of the total costs incurred for their boating safety program. States must have a boating safety program as described in 46 U.S.C. 13102 (c) to be eligible for a full share of the funds. National non-profit public service organizations applying under the national non-profit grant program must demonstrate being capable of obtaining an IRS tax exempt classification (26 U.S.C. 501(c)(3)) For the national recreational boating safety survey grant program, applicants must sufficiently demonstrate through their application significant experience in their ability to design, manage, and complete a nationwide statistical survey for the Federal Government. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application deadline and other information are contained in the application/program guidance.

Award Procedure:

Applications or plans are reviewed by DHS program and administrative staff. Any issues or concerns noted in the State application will be negotiated with the successful applicant prior to the award being issued.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Refer to announcement or application guidance for further information.

Appeals:

None.

Renewals:

Renewals may be available.

Formula and Matching Requirements:

Statutory Formula: Title Fixing Americas Surface Transportation Act (P.L. 114-94), Chapter 46, Part 13101-13109.
Matching Requirements: Percent: 50%. One-third of the funds available to the States shall be divided equally among eligible States; one-third shall be divided among eligible States based on the ration of vessels numbered under approved State numbering systems; the remaining one-third shall be divided among eligible States based on the ratio of State funds spent for State boating safety programs in the previous fiscal year. The Federal share of funds expended on boating safety may not exceed 50 percent of total cost of a State Program. Funds remain available for obligation by the State for 3 years following date of allocation.

Not more than 5 percent of the appropriation may be allocated to national non-profit public service organizations. The application process for non-profit public service organizations may be competitive. There is no matching requirement for grants to non-profit organizations under the national non-profit organization grant program.

There is no matching requirement for the national recreational boating safety survey grant program.

This program does not have MOE requirements.

97.018 NATIONAL FIRE ACADEMY TRAINING ASSISTANCE

Student Stipend Reimbursement Program

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

Federal Emergency Management Agency, Executive Order 12127, 44FR 19367, 3CFR, 1979 Comp P 376; Federal Fire Prevention and Control Act of 1974, Section 7, Public Law 93-498, 15 U.S.C 2206(f); Homeland Security Act of 2002, Public Law 107-296; U.S.A. Patriot Act of 2001, Public Law 107-56.

OBJECTIVES:

To provide travel stipends to first responders and emergency managers attending Academy courses. NFA curricula and programs are designed to support PPD-8 through training programs which support State and local response agencies to prevent, mitigate, prepare for, and respond, and recover from man-made and natural disasters at local, regional, and national levels.

TYPES OF ASSISTANCE:

DIRECT PAYMENTS FOR A SPECIFIED USE

USES AND USE RESTRICTIONS:

National Fire Academy training assists first responders and emergency managers in building and improving capabilities necessary to prepare, prevent, protect against, mitigate the effects of, respond to, and recover from man-made and natural disasters. Presently, the program covers reimbursement for the cost of a 21-day pre-purchase, nonrefundable ticket for round-trip transportation by common carrier, or privately owned vehicle mileage reimbursement not to exceed the cost of the airline ticket and when appropriate baggage cost for one bag; for National Fire Academy Sponsored on-campus program courses at the National Fire Academy. For National Fire Academy Sponsored on-campus courses, students are required to pay the cost of meals daily. Reimbursements are not made to Federal employees who are attending on behalf of their employer, employees from private industry, or foreign students. See Program

Guidance. See Program Guidance.

Applicant Eligibility:

Any student who is a member of a fire department or has significant responsibility for fire prevention and control and has been accepted into an eligible course at the National Fire Academy may apply for stipend reimbursement. Federal or private industry employees or foreign students may be accepted into National Fire Academy courses but are not eligible for stipend reimbursement.

97.022 FLOOD INSURANCE

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

The National Flood Insurance Act of 1968, 42 U.S.C. 4001 et seq. authorized the National Flood Insurance Program (NFIP), Title 13, Public Law 90-448, 44CFR U.S.C Subchapter B.

OBJECTIVES:

To enable personal and business property owners and renters to purchase flood insurance coverage for buildings and/or contents in low-to-moderate flood risk areas, as well as in high-risk flood zones to reduce taxpayer provided federal disaster assistance and to promote wise floodplain management practices in the Nation's high-risk flood zones.

TYPES OF ASSISTANCE:

INSURANCE

USES AND USE RESTRICTIONS:

The maximum limits of flood insurance coverage for a building and/or personal property, eligible building types, and more detailed additional flood insurance information is contained in the Flood Insurance Manual available online at <https://www.fema.gov/flood-insurance-manual>. In a Regular Program Community the residential building limit is \$250,000 and non-residential building limit is \$500,000. The residential contents limit is \$100,000 and the non-residential contents limit is \$500,000. Lower limits apply to a limited number of Emergency Program buildings and buildings in Alaska, Guam, Hawaii and U.S, Virgin Islands and are listed in the Flood Insurance Manual.

The Flood Disaster Protection Act of 1973, as amended by the Flood Insurance

Reform Act of 1994, requires flood insurance purchased as a condition of any form of Federal or federally-related financial assistance, including Federal grants, disaster assistance, SBA low-interest disaster assistance loans, and mortgage loans from federally regulated lending institutions and FHA, Farm Credit Administration, VA or guaranteed mortgages secured by buildings in high-risk flood zones, which are called the Special Flood Hazard Areas (SFHAs). Communities having one or more identified SFHAs must enter into the NFIP within 1 year of the official identification of the SFHAs or be denied Federal financial assistance for acquisition or construction purposes within those areas. Federally regulated conventional sources (i.e., banks, savings and loan associations, or similar lending institutions) are permitted to make conventional loans secured by improved real estate or Manufactured Housing located or to be located in SFHAs of a nonparticipating community which has been formally identified as flood-prone for more than 1 year, but Federal disaster assistance for acquisition or construction purposes will not be available in the event of flood or flood-related property damage. The conventional lender is statutorily required to notify the borrower, before making a loan in such an area, that Federal flood insurance and disaster assistance will not be available to the property. The Coastal Barrier Improvement Act of 1990 amended the Coastal Barrier Resources Act of 1982 by greatly enlarging the acreage included in the designated coastal barrier resources system unit. The 1990 Act also added "otherwise protected areas." "Otherwise protected areas" are defined as an undeveloped coastal barrier within the boundaries of an area established under Federal, State, or local law, or held by a qualified organization, primarily for wildlife refuge, sanctuary, recreational or natural resource conservation purposes. The 1982 Act prohibits the sale of new flood insurance on or after October 1, 1983 for new construction or substantial improvements of structures located on any coastal barrier with the Coastal Barrier Resources System designated by this Act. The 1990 Act prohibits the sale of new flood insurance on or after November 16, 1990 for new construction or substantial improvements of structures located on any new coastal barrier within the Coastal Barrier Resources System designated or modified by this Act. It also prohibits the sale of new flood insurance on or after November 16, 1991 for new construction or substantial improvements of structures located in an otherwise protected area that are not used in a manner consistent with the purpose of the otherwise protected area. Subsequent pieces of legislation have added or deleted areas. Also, the Secretary of the Interior is authorized to make technical revisions and modifications to the boundaries of such units as may be necessary.

Applicant Eligibility:

Federal flood insurance can be made available in any community (a State or political subdivision thereof with authority to adopt and enforce floodplain management measures for the areas within its jurisdiction) that adopts and enforces floodplain management measures consistent with the National Flood Insurance Program regulations.

Beneficiary Eligibility:

Residential and business property owners, renters and state owned property.

Credentials/Documentation:

Same as Applicant Eligibility. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Community officials must submit an NFIP eligibility application form, which is available from the FEMA, together with: copies of adopted floodplain management measures meeting the minimum standards of 44 CFR Section 60.3(a), 60.3(b), 60.3(c), 60.3(d), and/or 60.3(e), as appropriate for the type of flood hazards identified; a list of any incorporated communities within the applicant's boundaries; and estimates of population and, by kind, of buildings situated in the known flood-prone areas of the community. Such Applications should be submitted to the Mitigation Directorate, FEMA, Washington, DC 20024.

Award Procedure:

FEMA reviews the application and if complete, designates the community as participating. The community is informed of its admission, and notice is published in the Federal Register. Residents and property owners may then purchase flood insurance through any property insurance agent or broker.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

For complete applications, a maximum of 10 working days is allowed for review and notification.

Communities with one or more identified special flood hazard areas must enter the program within 1 year after the identification of those areas or else prohibitions against Federally related financial assistance for acquisition or construction purposes in identified special flood hazard areas take force. Once the community does qualify, after the prescribed date, these prohibitions are removed. Adequate floodplain management measures must be in effect within 6 months of the date that the special flood hazard area is identified and within 6 months of the date flood water surface elevations are provided.

Appeals:

Communities are allowed to appeal flood-prone identification and are also given an opportunity to appeal proposed flood elevation determinations for new construction and substantial improvement of existing structures in the special flood hazard areas. Notice of the proposed elevations is published in the Federal Register and is sent directly to the local governments. Following notification to the local government, the notice of proposed flood elevation determinations is published twice during a 10-day period in a prominent newspaper. The local community and its individual residents then have 90 days following the second newspaper notice to submit any scientific or technical data that tend to negate or contradict FEMA's findings. If a conflict in data exists and cannot be resolved at the community level, the community consolidates all individual appeals for review by FEMA. FEMA shall resolve the appeals by consultation with officials of the local government, or by submission of conflicting data to an independent scientific body, or by administrative hearings.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: Effective November 1, 2015, FEMA revised the Non-Residential building occupancy category to identify Business properties in the existing rate structure. Section 100205 of BW-12 required FEMA to phase out Pre-FIRM subsidized rates for business properties. The premium increases will be 25 percent per year. The first 25-percent annual premium increases for policies on Pre-FIRM subsidized business properties will be applied with the next set of Program changes in 2016.

HFIAA Sections 5 and 29 Changes to the Flood Insurance Underwriting Forms.

o Revised the Application, Endorsement, and PRP Application forms to capture information required for implementation of certain provisions of BW-12 and HFIAA, including introduction of a Lender Indicator.

o Added questions to the Application forms in anticipation of future implementation of the HFIAA Section 3 provision pertaining to lapsed and reinstated coverage. In addition to requesting the date of the rated map and the current map for the property, the new questions will capture the data:

Has the applicant had prior NFIP coverage for the same property indicated on this Application?

Was the prior NFIP policy required under the mandatory purchase provision of the law at the time of coverage termination?

At the time of the policy lapse, did the applicant have an insurable interest in the property for which flood insurance coverage is sought?

Was the lapse the result of a community suspension?

Will this policy be effective within 180 days of the community reinstatement after the suspension referred to in (4) above?

HFIAA Section 8 Required insurers to report a Primary Residence indicated for all of their Mortgage Portfolio Protection Program policies to ensure correct application of the HFIAA surcharge. When the residency status is unknown, or when primary residence is asserted by the insured, but not properly documented, the insurer must treat the MPPP as a non-primary residence. The status may be corrected with appropriate documentation submitted by the insured. Fiscal Year 2017: Revised and implemented Appeals process to be more customer friendly

97.023 COMMUNITY ASSISTANCE PROGRAM STATE SUPPORT SERVICES ELEMENT (CAP-SSSE)

(CAP-SSSE)

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

The National Flood Insurance Act of 1968 , Public Law 90-448, 42 U.S.C 4001 et seq.

OBJECTIVES:

To provide, through a Cooperative Agreement , a means to ensure that communities participating in the National Flood Insurance Program (NFIP) are achieving flood loss reduction goals of the NFIP. CAP-SSSE funds are to be used by States to provide technical assistance to NFIP communities, to evaluate community implementation/performance of NFIP floodplain management activities, and to build State and community floodplain management expertise and capacity.

The CAP-SSSE program supports the Mitigation Mission Area Capabilities and Targets described in the National Preparedness Goal (NPG) under Planning and Risk and Disaster Resilience Assessment.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

CAP-SSSE funds are used for activities that support the NFIP. Such activities include the fostering of effective floodplain management programs in participating communities and assisting non-participating communities in enrolling in the NFIP. CAP-SSSE funds cannot be used for conducting floodplain studies developing floodplain maps or supporting web-based digital mapping platforms. Further, if a State does not have the necessary expertise and capability to conduct CAP-SSSE activities, the Region and State must develop a remedial plan. If the necessary expertise and capability does not develop in accordance with the remedial plan, the following year's CAP-SSSE funding may be reduced or withheld. For complete information on Uses and Restrictions, refer to program guidance. Applicants must be a qualified State that intends to provide technical assistance to NFIP communities. Refer to

program guidance for complete information on applicant eligibility.

Applicant Eligibility:

The Cooperative Agreement is only available to the state or territorial agency so designated by the Governor, as the state or territorial National Flood Insurance Program State Coordinating Agency. The CAP-SSSE is administered through the Mitigation Division of each FEMA Regional Office. FEMA's Regional Offices will contact eligible States to negotiate a mutually acceptable grant agreement. Funding is made available when the grant agreement is negotiated and agreed upon. Continued participation in the CAP-SSSE is dependent upon completing activities described in the grant agreement. The SSSE is designed to utilize the floodplain management capabilities of individual States in a cost effective cooperative agreement with FEMA. A State's participation in the SSSE is voluntary and is contingent upon need and skill level capability.

Beneficiary Eligibility:

The direct beneficiary of the CAP-SSSE is the individual State receiving financial assistance. In addition, participating NFIP communities and local governments which receive flood plain management and flood loss reduction assistance provided by the State are also (indirect) beneficiaries as a consequence of the services they receive.

Credentials/Documentation:

A State's participation in the CAP-SSSE is voluntary and is contingent upon need and skill level capability as determined by FEMA. In addition, applicant states are required to provide any relevant documentation contained in the grant agreement package provided by FEMA. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

FEMA's ten Regional Offices will provide each State Governor's Office with the grant application package. The Cooperative Agreement is only available to that state or territorial agency so designated by the Governor, as the state or territorial National Flood Insurance Program State Coordinating Agency. The CAP-SSSE is administered through the Mitigation Division of each FEMA Regional Office. FEMA's Regional Offices will contact eligible States to negotiate a mutually acceptable grant agreement. Funding is made available when the grant agreement is negotiated and agreed upon. Continued participation in the CAP-SSSE is dependent upon completing activities described in the grant agreement. The SSSE is designed to utilize the floodplain management capabilities of individual States in a cost effective cooperative agreement with FEMA. A State's participation in the SSSE is voluntary and is contingent upon need and skill level capability. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application deadline and other information are contained in the application/program guidance. Include any other application procedures not found above.

Award Procedure:

Applications are reviewed by FEMA Regional Office program and administrative staff. Any issues or concerns noted in the application will be negotiated with the successful applicant prior to the award being issued.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

30-60 days. Refer to Program Guidance.

Appeals:

Appeals can be made to the appropriate FEMA Regional Office.

Renewals:

Participation in the CAP-SSSE can be renewed each year contingent upon meeting requirements.

Formula and Matching Requirements:

This program has no statutory formula.
Matching Requirements: Percent: 25%. Funding is provided on a 75 percent

maximum Federal, 25 percent minimum State cost-match basis. Both cash and in-kind resources may meet the 25 percent cost-match.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Awards are for 12 months with no cost extensions allowed. Refer to program guidance. See the following for information on how assistance is awarded/released: Awards are subject to the Cash Management Improvement Act for payment and/or reimbursement of expenditures.

Reports:

States must report at least semi-annually to the Regions to demonstrate progress in meeting agreed upon performance measures. Some Regions may require quarterly reporting to satisfy Regional grants management requirements. States are expected to cooperate with Regions by submitting documentation or other evidence that demonstrates completion of approved activities. Several key activities are required to be entered digitally into the NFIP Community Information System (CIS) as the tasks are completed. States must provide a final status report on meeting their performance measures to the Region by December 30th of each year in which the state was granted CAP-SSSE funds. For complete reporting requirement information, refer to program guidance. Refer to program guidance. Refer to program guidance. Refer to program guidance.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. These audits are due to the cognizant Federal agency, submitted through the Federal Audit Clearinghouse, not later than 9 months after the end of the grantees fiscal year.

Records:

Grant records shall be retained for a period of 3 years from the day the recipient submits its final expenditure report. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later. Grant records include financial and program/progress reports, support documents, statistical records, and other documents that support the activity and/or expenditure of the recipient or sub-recipient under the award.

97.024 EMERGENCY FOOD AND SHELTER NATIONAL BOARD PROGRAM

(EFSP)

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

Stewart B. McKinney Homeless Assistance Act of 1987, as amended, Title 3, Section 301, Public Law 100-77, 42 U.S.C 11331-11346.

OBJECTIVES:

Program funds support the National Preparedness Goal (NPG) by complementing actions undertaken to achieve an all-of-Nation preparedness approach that optimizes the use of available resources. When a disaster strikes, it is often the poor or those with economic vulnerabilities who suffer the most. By providing emergency economic assistance that keeps people off the streets, from being evicted from their homes, or with groceries to prevent hunger, the EFSP prepares a population that could otherwise be even more adversely impacted by a disaster situation and mitigates potential burdens imposed on recovery efforts to assist such people.

For additional details on the NPG, please refer to <http://www.fema.gov/pdf/prepared/ngp.pdf>.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Food and related expenses (such as transporting food/food preparation and serving equipment); mass shelter; other shelter (such as hotels and motels); and rent/mortgage and/or utility assistance limited to one month. For a complete listing on eligible and ineligible costs under this program, refer to the current Phase (fiscal year): Responsibilities and Requirements document, issued by the Emergency Food and Shelter Program National Board. Emergency Food and Shelter National Board Program (EFSP) funds cannot be used for: security deposits of any kind, cash payments of any kind, lobbying efforts, salaries (except as administrative allowance and limited to that total allowance of 2 percent of total award where provided by Local Boards), purchases or improvements of an individual's private property, telephone costs, repairs to government-owned or profit-making facilities and any payments for services not incurred. For a complete listing on eligible and ineligible costs under this program, refer to the Responsibilities and Requirements Manual of the current Phase (fiscal year) issued by the Emergency Food and Shelter Program National Board.

Applicant Eligibility:

Since funds are initially distributed to jurisdictions based on either a National Board formula or recommendations from State Set-Aside Committees, there is no application process for jurisdictions. All jurisdictions are considered within the National Board formula and all jurisdictions in an individual State may be considered by the State Set-Aside Committee for either initial or additional (if the jurisdiction had previously been selected by the National Board) funding.

At the local level, following award notification by the National Board to the jurisdiction, a Local Board is formed. The Local Board then advertises the

availability of the funds to local nonprofit agencies and governments. The Local Board must conduct a local application process for agencies to apply for funding. The Local Board selects which local nonprofit and governmental organizations are to receive funding and submits their selections via a Local Board Plan to the National Board.

Beneficiary Eligibility:

The law directs that the Local Boards, which manage the program at the local level, shall "determine which private nonprofit organizations or public organizations of the local government in the individual locality shall receive grants to act as service providers." The range of participant groups on the Local Boards include the affiliates of the National Board membership which consists of American Red Cross, Catholic Charities USA, The Jewish Federations of North America, National Council of Churches of Christ in the USA, The Salvation Army, and United Way Worldwide, with a local government representative replacing FEMA. Also participating are thousands of independent nonprofits (such as Community Action Agencies and Food Banks and food pantries) which provide food and/or shelter services. Due to the broad category of people in need of such emergency services, the providers can include specialized groups such as domestic violence shelters, Native American organizations, and organizations providing food or shelter to: AIDS patients, handicapped individuals, the elderly, homeless veterans, non-wards of the State teenage runaways, and many other groups with emergency food and shelter needs. As noted earlier, the decisions on selections are made through the consensus of the Local Board as they have assessed their community's most urgent needs. It is important that such agencies use these funds to supplement, not replace, their current efforts. This program is intended to supplement ongoing programs and allow them to extend and expand upon their existing services.

Credentials/Documentation:

The program employs a Local Recipient Organization Certification Form. This form certifies an applicant's status (i.e., that it is a nonprofit or government agency capable of delivering eligible services) and that it will abide by the program guidelines (both on eligible spending and reporting requests), and comply with other fiscal and program rules so stipulated. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. There is no application process for local jurisdictions since the award notification to local jurisdictions is based on either a National Board formula or recommendations from State Set-Aside Committees. The local jurisdiction (i.e., Local Board) must conduct a local application process for local agencies to apply for funding.

Award Procedure:

At the local level, following award notification by the National Board, a Local Board is formed. The Local Board then advertises the availability of the funds to local nonprofit agencies and governments. The Local Board must conduct a local application process for agencies to apply for funding. The Local Board selects which agencies are to receive funding and submits their selections via a Local Board Plan to the National Board. The National Board confirms all pertinent information has been submitted and disburses funds directly to the awarded local agencies.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Refer to announcement or application guidance for further information.

Appeals:

Refer to the Phase 30 (fiscal year 2012) Responsibilities and Requirements Manual issued by the Emergency Food and Shelter Program National Board for information on the appeal process. Those cases that cannot be handled locally

should be referred to the National Board giving details on action that has been taken up to that point. Any allegations regarding fraud or the misuse of funds should be referred directly to the DHS Office of Inspector General.

Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. These audits are due to the cognizant Federal agency, submitted through the Federal Audit Clearinghouse, not later than 9 months after the end of the grantees fiscal year.

Records:

Local Boards are required to remain in operation until all program and audit requirements of the National Board have been satisfied. Grant records shall be retained for a period of 3 years from the day the recipient submits its final expenditure report. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later. 97.029 FLOOD MITIGATION ASSISTANCE

(FMA)

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

National Flood Insurance Act of 1968, as amended (NFIA) , Public Law 108-264, 42 U.S.C 4104c.

OBJECTIVES:

To assist States, Federally - recognized Indian tribal governments, and communities with the goal of reducing or eliminating claims under the National Flood Insurance Program (NFIP). This program promotes implementation of activities designed to reduce injuries, loss of life, and damage and destruction to property from natural hazards which is consistent with DHS QHSR Goal 5.1, Mitigate Hazards and links to Presidential Policy Directive (PPD-8) - National Preparedness, Security, Resilience, Prevention, Mitigation, Response, Protection, and Recovery.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Flood mitigation projects to reduce or eliminate the long-term risk of flood damage to properties insured under the National Flood Insurance Program

(NFIP) are eligible for the FMA program. Eligible project types include: acquisition-demolition and acquisition-relocation; elevation of existing structures to the Base Flood Elevation (BFE) or an ABFE Advisory Base Flood Elevation (ABFE) or higher; minor localized flood risk reduction projects; and dry-flood proofing (historic properties and non-residential structures).

FMA funds can only be used for the flood hazard component of a hazard mitigation plan that meets the planning criteria outlined in 44 CFR Part 201. Individual planning grants using FMA funds shall not exceed \$50,000 to any applicant or \$25,000 to any subapplicant. Projects must meet all eligibility criteria including technical feasibility, cost-effectiveness; compliance with environmental and historic preservation laws and regulations and other program requirements. Please see the Hazard Mitigation Assistance (HMA) program guidance on the FEMA website for detailed information: <http://www.fema.gov/media-library/assets/documents/103279>.

Applicant Eligibility:

The 50 States, the District of Columbia, American Samoa, Guam, the U.S. Virgin Islands, Puerto Rico, the Northern Mariana Islands, and Federally - recognized Indian Tribal governments shall serve as the Applicant to FEMA for FMA assistance.

Beneficiary Eligibility:

State agencies, Indian Tribal governments, and local governments and communities are eligible to apply as subapplicants for assistance under the FMA program. All interested subapplicants must apply to the Applicant. All subapplicants for FMA must currently be participating in the NFIP, and not withdrawn or suspended, to be eligible to apply for grant funds. For specific details regarding eligible subapplicants, refer to 44 CFR Section 79.6(a).

Credentials/Documentation:

Please see the HMA program guidance. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. An environmental impact statement is required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The Notice of Funding Opportunity is posted on www.Grants.gov.

Award Procedure:

Applications are reviewed by DHS/FEMA program and administrative staff. Any issues or concerns noted in the application will be negotiated with the successful applicant prior to the award being issued. Applicants are responsible for distributing funds to sub-applicants.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Please see the Notice of Funding Opportunity Announcement posted on www.Grants.gov.

Appeals:

Refer to HMA program guidance document.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: 44 CFR Part 79.
Matching Requirements: FEMA may contribute up to 100 percent Federal cost share for severe repetitive loss properties or the expected savings to the NFIP for acquisition or relocation activities (the Greatest Savings To the Fund rule for property acquisition may be offered to the property owner if the project is not cost-effective using pre-event or current market value); FEMA may

contribute up to 90 percent Federal cost share for repetitive loss properties; and FEMA may contribute up to 75 percent Federal cost share for NFIP-insured properties. The applicant or subapplicant is responsible for the remaining non-Federal share of eligible activity costs. Refer to HMA program guidance for additional information.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Refer to the Notice of Funding Opportunity posted on www.Grants.gov for information on applicable Periods of Performance and Availability of Funds. Awards are subject to the Cash Management Improvement Act for payment and/or reimbursement of expenditures. 97.030 COMMUNITY DISASTER LOANS**FEDERAL AGENCY:**

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

Robert T. Stafford Disaster Relief and Emergency Assistance Act, Section 417, 42 U.S.C 5184.

OBJECTIVES:

To provide loans subject to Congressional loan authority, to any local government that has suffered substantial loss of revenues in an area in which the President designates a major disaster in order to assist communities affected by an incident to recover effectively in accordance with PPD-8. The funds can only be used to maintain existing functions of a municipal operating character and the local government must demonstrate a need for financial assistance.

TYPES OF ASSISTANCE:

DIRECT LOANS

USES AND USE RESTRICTIONS:

Loans are made only to local governments or other political subdivisions of the State, and are based on need. The funds cannot be used to meet the non-federal share of any Federal program, finance capital improvements, or repair or restore public facilities. Applicants must be in a designated major disaster area and must demonstrate that they meet the specific conditions of FEMA Disaster Assistance Regulations 44 CFR Part 206, Subpart K, Community Disaster Loans. To be eligible, the applicant must demonstrate: 1) a substantial loss of revenues as a result of a major disaster; 2) a need for financial assistance to perform its governmental functions. The amount of the loan is based on the demonstrated need and equal to 25% of applicants Operating Budget or \$5 million, whichever is lower. The interest rate is the U.S. Treasury rate for 5-year maturities on the date the Promissory Note is executed, adjusted to the nearest 1/8th. When applicable, if an applicant can demonstrate unusual circumstances involving financial hardship, the Assistance Administrator of the Disaster Assistance Directorate may approve a rate equal to the 5-year maturity rate plus 1 per centum, adjusted to the nearest 1/8th, and further reduced by one-half. The term of the loan is usually 5 years, but may be extended. Interest accrues on the funds as they are disbursed. When applicable, the Assistance Administrator of the Disaster Assistance Directorate may cancel repayment of all or part of the loan if the revenues of the applicant in the 3 fiscal years following the financial year of the disaster are insufficient to meet the operating budget because of disaster-related revenue losses and un-reimbursed disaster

related operating expenses.

Applicant Eligibility:

Applicants must be in a designated major disaster area and must demonstrate that they meet the specific conditions of FEMA Disaster Assistance Regulations 44 CFR Part 206, Subpart K, Community Disaster Loans. To be eligible the applicant must demonstrate: 1) a substantial loss of revenues as a result of a major disaster; 2) a need for financial assistance to perform its governmental functions.

Beneficiary Eligibility:

Local governments in a designated disaster area.

Credentials/Documentation:

The loan application is developed from financial information contained in the local government's published financial reports and current annual operating budget. Loan awards will be determined in accordance with OMB Circulars No. A-102 and No. A-87 for State and local governments. Awards made to Institutions of Higher Education, Hospitals and Other Non-Profit Organizations will be required to follow the requirements of OMB Circulars No. A-110 and No. A-21. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

The State Governor makes a request for a Presidential declaration of a major disaster through the FEMA Regional Director. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Upon declaration of a major disaster, application for a Community Disaster Loan is made through the Governor's Authorized Representative to the Regional Director of FEMA in accordance with FEMA Disaster Assistance Regulations, 44 CFR 206.364. The Assistant Administrator of the Disaster Assistance Directorate approves or disapproves the loan. The Designated Loan Officer will execute a Promissory Note with the applicant. The promissory note must be co-signed by the State, or if the State cannot legally co-sign the note, the local government must pledge collateral security.

Award Procedure:

Funds are disbursed to the local government when requested in accordance with the Schedule of Loan Increments in the Promissory Note, or submittal of Disbursement Request Form. Funds awarded to Institutions of Education, Hospitals and Other Non-Profit Organizations will follow requirements of OMB Circulars No. A-110, No. A-21 and No. A-133.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 1 to 6 months. The loan must be approved in the fiscal year of the disaster or the financial year immediately following.

Appeals:

If a loan application is disapproved, in whole or in part, a revised application may be resubmitted by the local government within 60 days of the date of the disapproval.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Funds are transferred by FEMA Finance into the account established by Health and Human Services for each applicant in HHS Payment Management System

(PMS). Disbursements are requested by the applicant from the PMS to the established local governments bank account for the loan. See the following for information on how assistance is awarded/released: Payment based on Project need.

Reports:

The applicant must demonstrate a financial need prior to any incremental disbursement by submitting a copy of its most recent financial report as well as data on anticipated and actual revenues. The applicant annually must submit copies of its annual financial reports. Refer to program guidance. Refer to program guidance. Refer to program guidance.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. These audits are due to the cognizant Federal agency, submitted through the Federal Audit Clearinghouse, not later than 9 months after the end of the grantees fiscal year.

Records:

Annual Operating Budgets including revenue and expense and balance sheets must be retained for the duration of the loan. Additional record requirements are detailed in the Federal Disaster Assistance Regulations, 44 CFR 206, Subpart K.

Account Identification:

70-0703-0-1-453.

Robert T. Stafford Disaster Relief and Emergency Assistance Act, Section 416, Public Law 93-288.

OBJECTIVES:

The Crisis Counseling Assistance and Training Program (CCP) supports the Recovery core capability and mission area as defined in the National Preparedness Goal. It accomplishes this by assisting individuals and communities in recovering from the challenging effects of natural and human-caused disasters through the provision of community-based outreach and psycho-educational services.

The CCP goals are to:

Reach large numbers of people affected by disasters through face-to-face outreach to shelters, homes, and other locations.

Assess the emotional needs of survivors and make referrals to traditional behavioral health services when necessary.

Identify tangible needs and link survivors to community resources and disaster relief services.

Provide emotional support, education, basic crisis counseling, and connection to familial and community support systems.

Train and educate CCP staff and other community partners about disaster reactions, appropriate interventions, and CCP services.

Develop partnerships with local disaster and other organizations.

Work with local stakeholders to promote community resilience and recovery.

Collect and evaluate data to ensure quality services and justify program efforts.

Leave behind a permanent legacy of improved coping skills, educational and resource materials, and enhanced community linkages.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The Crisis Counseling Assistance and Training Program (CCP) provides supplemental funding to States, U.S. Territories and Federally recognized tribes

for technical assistance and training as well as short-term crisis counseling services to individuals impacted by a Presidentially-declared major disaster that includes Individual Assistance. CCP services involve the counseling goals of assisting disaster survivors in understanding their current situations and reactions, mitigating additional stress, assisting survivors in reviewing their options, promoting the use or development of coping strategies, providing emotional support and encouraging linkages with other individuals and agencies who may help survivors recover to their pre-disaster level of functioning. The CCP is comprised of the Immediate Services Program (ISP) and the Regular Services Program (RSP). The Immediate Services Program grant provides 60 days of services from the declaration date and enables the State or local agency to respond to the immediate behavioral health needs of people affected by the disaster. The Regular Services Program grant provides up to nine months of crisis counseling, outreach, consultation and education services to people affected by a disaster. Funding for the ISP and RSP programs is considered separate and distinct as these are two different grants.

Applicant Eligibility:

States are eligible for grants. If the Governor determines, during an assessment of the need for crisis counseling services, that because of unusual circumstances or serious conditions within the State or local mental health network, the State cannot carry out the crisis counseling program, he/she may identify a public or private mental health agency or organization to carry out the program or request the Department of Homeland Security's Federal Emergency Management Agency (FEMA) Regional Director to identify, with assistance of the Secretary of the Department of Health and Human Services (DHHS), such an agency or organization.

Beneficiary Eligibility:

In order to be eligible for services under this program, an individual must be a resident of the designated disaster area or must have been in the designated area at the time the disaster occurred.

Credentials/Documentation:

Grant awards will be determined in accordance with OMB Circulars A-102 for State and local governments. States are eligible for grants. If the Governor determines, during an assessment of the need for crisis counseling services, that because of unusual circumstances or serious conditions within the State or local mental health network, the State cannot carry out the crisis counseling program, he/she may identify a public or private mental health agency or organization to carry out the program or request the Department of Homeland Security's Federal Emergency Management Agency (FEMA) Regional Administrator to identify, with assistance of the Secretary of the Department of Health and Human Services (DHHS), such an agency or organization. In order to be eligible for services under this program, an individual must be a resident of the designated disaster area or must have been in the designated area at the time the disaster occurred. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application for Federal assistance for the Immediate Services Program must be submitted by the State to FEMA no later than 14 days after the Presidential declaration. Application for Federal assistance for the Regular Services Program must be submitted by the State to FEMA, along with a copy to SAMHSA CMHS, no later than 60 days after the Presidential declaration.

Award Procedure:

Immediate Services Program applications are reviewed by FEMA program staff in consultation with SAMHSA CMHS. Grant award is provided by FEMA to the State Emergency Management Agency. Regular Services Program applications are reviewed by FEMA with formal recommendation from SAMHSA CMHS. Grant funds are provided by FEMA to SAMHSA CMHS for award to the State's mental health agency.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Refer to announcement or application guidance for further information.

Appeals:

Immediate Services Program - The State may appeal the Regional Administrator's decision in writing within 60 days of the date of notification of the application decision. The State may further appeal the Regional Administrator's decision to the Assistant Administrator, Recovery, within 60 days of the date of the Regional Administrator's notification of the application decision. Regular Services Program - The State may appeal FEMA's decision in writing within 60 days of the date of notification of the decision.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Refer to program guidance. Awards are subject to the Cash Management Improvement Act for payment and/or reimbursement of expenditures. See the following for information on how assistance is awarded/released: Payment based on Project need.

Reports:

Grantee is required to submit quarterly financial and performance reports. Quarterly Progress Reports must include the progress of each sub-grant award. Final financial and program reports are due 90 days after the end of the grants period of performance. Refer to Program Guidance. SF-425 is required on a quarterly basis and 90 days after the project end date. Refer to program guidance. No progress reports are required. The Quarterly Report must include an interim budget expenditure report. A final expenditure report showing expenditure of funds by category and budget line is also required. Refer to program guidance for details. Refer to program guidance.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. These audits are due to the cognizant Federal agency, submitted through the Federal Audit Clearinghouse, not later than 9 months after the end of the grantees fiscal year.

Records:

Grant records shall be retained for a period of 3 years from the day the recipient submits its final expenditure report. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later. Grant records include financial and program/progress reports, support documents, statistical records, and other documents that support the activity and/or expenditure of the recipient or sub-recipient under the award.

97.034 DISASTER UNEMPLOYMENT ASSISTANCE

(DUA)

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

Robert T. Stafford Disaster Relief and Emergency Assistance Act, Section 410, Public Law 93-288.

OBJECTIVES:

The Disaster Unemployment Assistance (DUA) Program supports the NPG Mission Area of Recovery and the specific capability target of Economic Recovery. DUA accomplishes this by providing temporary benefits to individuals whose employment or self-employment has been lost or interrupted as a direct result of a major disaster and who are not eligible for regular unemployment insurance (UI).

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

The Disaster Unemployment Assistance (DUA) program provides weekly benefits and re-employment assistance services to individuals unemployed as a direct result of a Presidentially-declared major disaster that includes Individual Assistance. Funds are used for benefit payments to individuals and project administrative costs to States. DUA weekly benefits and re-employment assistance require proof of employment eligibility, proof of employment or self-employment to assist in determining a Weekly Benefit Amount (WBA). Aliens must prove they are "qualified aliens" (as determined by the Immigration and Naturalization Service) in order to be eligible to receive a federal public benefit.

Applicant Eligibility:

The State Workforce Agency (SWA) applies for Disaster Unemployment Assistance funds to provide to eligible beneficiaries.

Beneficiary Eligibility:

Refer to program guidance.

Credentials/Documentation:

FEMA Disaster Assistance Regulations 44 CFR Part 206.141 and the DOL Regulations at 20 CFR Part 625. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

The State Governor makes a request for a Presidential declaration of a major disaster through the appropriate FEMA Regional Administrator having jurisdiction over the State. Requests for assistance must be made by the Governor in accordance with FEMA Disaster Assistance Regulations, 44 CFR 206. An applicant should consult the office or officials designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. An applicant should

consult the office or officials designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Award Procedure:

FEMA provides funding to the Department of Labor, which administers the DUA program on FEMA's behalf. Individual applicants for DUA assistance must apply through their local SWA.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

In general, individual applications are approved or denied within 1 to 2 weeks. Generally, applications for DUA must be filed within 30 days after the date of the SWA announcement regarding availability of DUA. When applicants have good cause, they may file claims after the 30-day deadline. However, no initial application will be considered if filed after the 26th week following the declaration date.

Appeals:

Appeals must be filed in accordance with DOL Regulation 20 CFR Part 625.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.
Matching requirements are not applicable to this program.
MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

DUA may be paid from the period beginning with the first week (as defined in State law) following the date the major disaster began, and extending up through, but no longer than, the 26th week following the Presidential major disaster declaration date. See the following for information on how assistance is awarded/released. See the following for information on how assistance is awarded/released: Payment based on Project need.

Reports:

The State Workforce Agency submits reports when requesting additional funding and at the close of the DUA program. Closeout reports must include the ETA 9130 and a narrative. 97.036 DISASTER GRANTS - PUBLIC ASSISTANCE (PRESIDENTIALLY DECLARED DISASTERS)

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, 42 U.S.C 5121-5206.

OBJECTIVES:

To assist State, Tribal and local governments and eligible private non-profits in responding to and recovering from the devastating effects of disasters by providing assistance for debris removal, emergency protective measures and the repair, restoration, reconstruction or replacement of public facilities or infrastructure damaged or destroyed as the result of federally declared disaster or emergencies.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Restricted to Presidential-declared disasters or emergencies, such as an earthquake, hurricane, tornado, or wildfire. Program activates only after issuance of a presidential declaration. Public Assistance is awarded in the form of cost-shared grants to States, local governments, other political subdivisions such as special districts, federally recognized Indian tribal governments and Alaska Native villages or organizations, and certain eligible Private Non-Profit organizations. A State is defined as any State of the United States, the District of Columbia, Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of Northern Mariana Islands. Following a Presidential declaration, grants may be made for: removal of wreckage and debris from private and public lands; performance of emergency protective measures; emergency transportation assistance; emergency communications; and permanent restoration of eligible facilities.

Applicant Eligibility:

State and local governments, other political subdivisions such as a special districts, federally recognized Indian tribal governments, Alaska Native villages or organizations, but not Alaska Native Corporations, and certain Private Non-Profit organizations in designated emergency or major disaster areas.

Beneficiary Eligibility:

Eligible work must be required as a result of the disasters; be located in a designated emergency or major disaster area; and be the legal responsibility of the applicant.

Credentials/Documentation:

Cost will be determined in accordance with FEMA Disaster Assistance Regulations, 44 CFR Part 206 and Part 13, and the FEMA Schedule of Equipment Rates. Grant awards will be determined in accordance with OMB

Circulars No. A-102 and No. A-87 for States, local governments and Indian Tribes. Awards made to Institutions of Higher Education, Hospitals and other Non-Profit Organizations will be required to follow the requirements of OMB Circulars No. A-110 and No. A-21. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

The State Governor makes a request for a Presidential declaration of an emergency or a major disaster through the FEMA Regional Director. Requests for assistance must be made by the Governor in accordance with FEMA Disaster Assistance Regulations, 44 CFR 206.36, except as provided in Part 206.35(d) for emergency declarations involving primarily Federal responsibility. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. A Presidential Disaster or Emergency Declaration must be issued, which is then followed by a Request for Public Assistance through the Governor's Authorized Representative to the Regional Director of FEMA.

Award Procedure:

Funds are allocated from the President's Disaster Relief Fund for use in a designated emergency or major disaster area. The FEMA Regional Director approves grants from this allocation on the basis of project applications for eligible applicants. States are responsible for distributing funds to applicants. As a condition of receiving assistance under the Stafford Act, applicants are encouraged to take mitigation measures to reduce future losses from natural hazards.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 1 day to 6 weeks. A Request for Assistance must be submitted by the applicant at the Applicants' Briefing or within 30 days of designation of an emergency declaration or major disaster declaration for the Public Assistance Program.

Appeals:

Any determination made under the Public Assistance Program may be appealed. All appeals must be made through the State and the appropriate FEMA Regional Office listed in Appendix IV of the Catalog. The appeal deadlines are: 60 days from receipt of notification of the action being appealed.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title Robert T. Stafford Disaster Relief and Emergency Assistance Act, Chapter 42, Part 5121-5206, Public Law 93-288. Matching Requirements: Percent: 25%. The Federal share of the grant is not less than 75 percent with the State and local governments responsible for the remainder. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

The length of the assistance period varies depending on the type of work or service. Reimbursement for small projects under \$123,100 is made based on the Federal estimate of costs. For projects over the \$123,100, reimbursement of actual eligible costs is made as the costs are incurred. The \$123,100 limit is adjusted annually to reflect the Consumer Price Index. When purchase of insurance is required, the applicant is obliged to maintain the policy for the economic and useful life of the repairs or of the insured property, whichever is the lesser. Also, applicants must comply with Floodplain Management, Hazard Mitigation, Environmental, and Historic Preservation considerations. 97.039 HAZARD MITIGATION GRANT

(HMGP)

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

Robert T. Stafford Disaster Relief and Emergency Assistance Act, Section 404, Public Law 93-288, 42 U.S.C 5170c.

OBJECTIVES:

The objective of the program is to provide funding support to states, Indian tribal governments, territories, communities, and other eligible applicants to reduce the risk of future damage, loss of life and property in any area affected by a major disaster. This program promotes implementation of activities designed to reduce injuries, loss of life, and damage and destruction to property from natural hazards which is consistent with DHS QHSR Goal 5.1, Mitigate Hazards and links to Presidential Policy Directive (PPD-8) - National Preparedness, Security, Resilience, Prevention, Mitigation, Response, Protection, and Recovery.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Restricted to Presidential-declared disasters or emergencies, such as an earthquake, hurricane, tornado, or wildfire. Following a Presidential declaration, grants may be made for: structural hazard controls or protection projects; construction activities that will result in reduction of hazards; retrofitting of facilities; acquisition of real property, relocation, demolition of structures; elevation of residential structures; minor flood reduction projects; structural retrofitting of existing structures; safe room construction; initial implementation of vegetation management programs; elevation or dry flood-proofing of non-residential structures; initial training of building officials and other professionals to facilitate the implementation of newly adopted State or local mitigation standards and codes, and mitigation planning actions. Projects must meet all eligibility criteria including technical feasibility; cost-effectiveness; compliance with environmental and historic preservation laws and regulations and other program requirements. Please see the Hazard Mitigation Assistance (HMA) Guidance on the FEMA website for detailed information: <http://www.fema.gov/media-library/assets/documents/103279>.

Applicant Eligibility:

State and local governments, other political subdivisions such as a special districts, Federally-recognized Indian tribal governments, Alaska Native villages or organizations, but not Alaska Native Corporations, and certain Private Non-Profit organizations in designated emergency or major disaster areas shall serve as the Applicant to FEMA for HMGP assistance. A State is defined as any State of the United States, the District of Columbia, Puerto Rico, the Virgin Islands, Guam, American Samoa, the Northern Marianna Islands, the Marshall Islands and Micronesia.

Applicants that have a current, approved Standard State/Tribal Mitigation Plan at the time of the declaration of a major disaster are eligible to receive up to 15% of the value of all other disaster assistance grants for HMGP. Applicants that have an approved Enhanced State/Tribal Mitigation Plan in effect may receive 20 percent of the value of all other disaster assistance grants for HMGP.

Beneficiary Eligibility:

State and local governments; other political subdivisions such as a special districts, Private, non-profit organizations that own or operate a private, non-profit public facility; certain qualified conservation organizations may apply for acquisition or relocation for open space projects; Indian tribes or authorized tribal organizations and Alaska Native villages or organizations, but not Alaska native corporations with ownership vested in private individuals in designated emergency or major disaster areas are eligible to apply as subapplicants for assistance. All interested subapplicants must apply to the Applicant, who then applies to FEMA. Homeowners are not eligible to apply as subapplicants but may request their local jurisdiction to apply on their behalf.

Credentials/Documentation:

Refer to HMA program guidance document, 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Rather than require applicants to submit a separate pre-application in order for FEMA and the State to identify the need for assistance, FEMA will employ the administrative and Mitigation plans in this manner. When States submit plans

for review and indicate their intention to apply for assistance to implement one or more projects described in it, FEMA will use the plan to identify a need for funding assistance, and to discourage applications that are unlikely to be funded. An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. An environmental impact statement is required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. A Presidential Disaster or Emergency Declaration must be issued, which is then followed by an application for the HMGP through the Governor's Authorized Representative to the Regional Administrator of FEMA.

Award Procedure:

Funds are allocated from the President's Disaster Relief Fund for use in a designated emergency or major disaster area. The FEMA Regional Administrator approves grants from this allocation on the basis of project applications from eligible applicants. Applicants are responsible for distributing funds to sub-applicants.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

97.040 CHEMICAL STOCKPILE EMERGENCY PREPAREDNESS PROGRAM

(CSEPP)

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

Department of Defense Authorization Act of 1986, Title 14, Part B, Section 1412, Public Law 99-145, 50 U.S.C 1521.

OBJECTIVES:

To enhance emergency preparedness capabilities of the States and local communities at the two U.S. Army chemical weapons stockpile storage facilities. The purpose of the program is to assist States and local communities in efforts to improve their capacity to plan for and respond to accidents associated with the storage and ultimate disposal of chemical warfare materials.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Applications are accepted only from the State of Colorado and the Commonwealth of Kentucky. These eligible States house the U.S. Army stockpiles unitary chemical warfare agent as bulk chemicals and munitions. Local governments are eligible to participate as subrecipients under their State's application. In keeping with the intent of the Congressional appropriations, CSEPP funds are to be utilized for effective emergency management capabilities in the two affected States and localities surrounding the two Army stockpile locations. CSEPP funds may not be used as a substitute for other mandated, unfunded programs required for existing needs or by other laws. CSEPP funds may not be used to supplant other forms of emergency management funding. CSEPP funds may not be commingled with other, non-CSEPP funds. CSEPP funds are used for the purpose set forth in the Cooperative Agreement (CA) and must be consistent with the statutory authority for the award. CA funds may not be used for matching funds for other Federal grants/CAs, lobbying, or intervention in Federal regulatory or adjudicatory proceedings. Refer to Notice of Funding Opportunity for additional information.

Applicant Eligibility:

Applications are accepted only from the State of Colorado and the Commonwealth of Kentucky. These eligible States house the U.S. Army stockpiles unitary chemical warfare agent as bulk chemicals and munitions. Local governments are eligible to participate as subrecipients under their State's application.

Beneficiary Eligibility:

State, local and tribal governments, and general public.

Credentials/Documentation:

The budget worksheets used for CSEPP must be included in the official application package. These worksheets will be used for budget analysis by FEMA. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

EO 12372 requires Recipients from State and local units of government or other organizations providing services with a State to submit a copy of the application to the State Single Point of Contact (SPOC). Recipients must contact their State SPOC to determine if the program has been selected for a State review. An environmental impact statement is required for this program. An environmental impact assessment is required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program.

Award Procedure:

Applications or plans are reviewed by DHS/FEMA program staff. Any issues or concerns noted in the application will be negotiated with the State prior to the award being issued.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Contact the headquarters or regional office, as appropriate, for application deadlines. Refer to the Notice of funding Opportunity for additional information.

Appeals:

Not Applicable.

Renewals:

A new application is required for each Federal fiscal year.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Refer to the Notice of Funding Opportunity for detailed information. Awards are subject to the Cash Management Improvement Act for payment and/or reimbursement of expenditures. See the following for information on how assistance is awarded/released. See the following for information on how assistance is awarded/released: Upon receipt of appropriated funding from the Army and approval of apportionment authority from the Office of Management and Budget (OMB), the Notice of Funding Opportunity will be posted on Grants.gov. Subsequent to application approvals, the FEMA Program Office will provide the approved funding to each Region Office. The FEMA Regional Offices will provide an award package to the Recipients. Award packages include an award letter, Standard Form 112-0-7 and Articles of Agreement. The recipient must sign Standard Form 112-0-7 and return it to FEMA before obligation of funds.

Reports:

Recipients are required to submit quarterly financial and performance reports. Quarterly Progress Reports must include the progress of each sub-grant award. Reports are due 30 days after the end of each quarter: January 30, April 30, July 30, and October 30. Final financial and performance reports are due 90 days after the expiration or termination of grant award. Refer to the Notice of Funding Opportunity. Recipients are required to submit performance reports for each funded CSEPP National Benchmark 30 days after the end of each quarter. Report dates are: January 30, April 30, July 30, and October 30. The final performance report is due 90 days after the close of the Cooperative Agreement. Expenditure reports are created in CSEPPWebCA. Expenditure reports will be monitored to identify any funding that may not be used and could be available to reallocate either for CSEPP requirements within the State or for return to FEMA. Refer to the Notice of Funding Opportunity for detailed information.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Recipients are required to submit an organization-wide financial and compliance audit report. The audit must be performed in accordance with the General Accounting Office (GAO) Government Auditing Standards and submitted through the Federal Audit Clearinghouse, not later than 9 months after the end of the grantees fiscal year.

Records:

Grant records shall be retained for a period of 3 years from the day the recipient

submits its final expenditure report. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later. Grant records include financial and program/progress reports, support documents, statistical records, and other documents that support the activity and/or expenditure of the recipient or sub-recipient under the award.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: Preparedness capabilities in the Colorado and Kentucky communities were maintained and further enhanced as measured by the twelve programmatic benchmarks. A full-scale exercise was conducted at each site to evaluate community response capabilities. Primary and backup alert and notification and emergency communication systems were enhanced. Jurisdictions reviewed and updated response and recovery plans. Colorado conducted a series of recovery workshops, culminating in a tabletop exercise. Training was provided across all emergency management disciplines, including NIMS. Fiscal Year 2017: Colorado and Kentucky communities maintained and further enhanced preparedness capabilities as measured by the twelve programmatic benchmarks. FEMA and Army will conduct a full-scale exercise at each site to evaluate community response capabilities and coordinated hazard-specific plans. Colorado revised and issued an updated CSEPP Recovery Plan based on the results of the previous years exercise. Both States enhanced alert and notification approaches through adoption of the Integrated Public Alert and Warning System. Both states initiated public outreach and education campaigns and conducted training across emergency management disciplines. Kentucky will test actions outlined in their revised recovery sampling and analysis plan addressing post-accident coordination. Fiscal Year 2018: Colorado and Kentucky communities will maintain and further enhance preparedness capabilities as measured by the twelve programmatic benchmarks, which include a full-scale exercise at each site, upgraded and expanded emergency communication and alerting systems, training across emergency management disciplines, and coordinated hazard-specific planning.

REGULATIONS, GUIDELINES, AND LITERATURE:

Reports:

Program Specific Narrative and Work Plan

Reporting requirements must be met throughout the life of the grant (refer to the program guidance and the special conditions found in the award package for a full explanation of these requirements). Any reports or documents prepared as a result of this grant shall be in compliance with Federal plain English policies, directives, etc. Please note that PARS contains edits that will prevent access to funds if reporting requirements are not met on a timely basis.

Federal Financial Report (FFR) required quarterly. Quarterly progress reports are required to monitor progress. Obligations and expenditures must be reported on a quarterly basis through the FFR (SF-425), which replaced the SF-269 and SF-272, which is due within thirty (30) days of the end of each calendar quarter (e.g., for the quarter ending March 31, the FFR is due no later than April 30). A report must be submitted for every quarter of the period of performance, including partial calendar quarters, as well as for periods where no grant

activity occurs. Future awards and fund drawdowns may be withheld if these reports are delinquent. The final FFR is due ninety (90) days after the end date of the performance period.

FFRs must be filed according to the process and schedule below:

FFRs must be filed manually to the GPD or Regional Point of Contact listed in Part VII below:

Reporting periods and due dates:

October 1 December 31; Due January 30

January 1 March 31; Due April 30

April 1 June 30; Due July 30

July 1 September 30; Due October 30

Progress Reports.

The Recipient shall submit quarterly performance reports within 30 days after the end of each period. Reports are due on, January 30, April 30 and July 30, October 30.

The report shall consist of a comparison of actual accomplishments to the approved project objectives and performance measures. Copies of Performance Reports must be submitted through the ND Grants system and the Program Officer listed in Part VII of the FY2012 grant guidance language.

Final Report

The recipient shall submit two error free color laser copies of a report to the Grants Management Specialist and the Program Officer listed in section VII within thirty (30) days after the expiration of the grant. The final report is due ninety (90) days after the end of the performance period. This report shall document and summarize the results of the entire project. The report shall provide a qualitative assessment of the impact this effort had related to emergency responder roadway operational safety public education and outreach, as well as documentation of met performance measures. The final report must be submitted in both Print and Web Publishing. Refer to program guidance. The Recipient shall submit quarterly performance reports within 30 days after the end of each period. Reports are due on, January 30, April 30 and July 30, October 30.

The report shall consist of a comparison of actual accomplishments to the approved project objectives and performance measures. AUTHORIZATION:

The Department of Homeland Security Appropriations Act, 2017, Public Law 115-31; Post-Katrina Emergency Management Reform Act of 2006 (PKEMRA), Public Law 109-295, 6 U.S.C 762; Earthquake Hazards Reduction Act of 1977, Public Law 95-124, 42 U.S.C 7701; National Flood Insurance Act of 1968, Public Law 90-448, 42 U.S.C 4001; Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, 42 U.S.C 5121.

OBJECTIVES:

EMPG supports a comprehensive, all-hazards emergency preparedness system by building and sustaining the core capabilities contained in the Goal. EMPG funding is used to support a whole community approach to strengthen a states or communitys emergency management program. Examples of EMPG funded activities include:

Conducting risk assessments, assessing capabilities, identifying preparedness needs, and updating emergency plans;

Designing and conducting exercises that engage the whole community of stakeholders to validate core capabilities;

Conducting emergency management training; and

Providing funding support for emergency management personnel.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

DHS grant funds may only be used for the purpose set forth in the grant, and must be consistent with the statutory authority for the award. Grant funds may not be used for matching funds for other Federal grants/cooperative agreements, lobbying, or intervention in Federal regulatory or adjudicatory proceedings. In addition, Federal funds may not be used to sue the Federal government or any other government entity. Applicant Eligibility:

All 56 States and territories, as well as the Republic of the Marshall Islands and the Federated States of Micronesia, are eligible to apply for FY 2017 EMPG Program funds. Either the SAA or the States EMA are eligible to apply directly to FEMA for EMPG Program funds on behalf of State and local emergency management agencies, however only one application will be accepted from each State or territory.

Beneficiary Eligibility:

Funding under this program is ultimately used by emergency management organizations and programs of States, the District of Columbia, territories and possessions of the United States, local, and Indian Tribal governments.

Credentials/Documentation:

All EMPG Program applicants are encouraged to use the template to submit a required Work Plan that outlines the States emergency management sustainment and enhancement efforts, including new and ongoing projects, proposed for the FY 2017 EMPG Program period of performance. The Work Plan consists of a Program and Budget Narrative, Personnel Data Table, Training Data Table, Exercise Data Table, and Grant Activities Outline. FEMA regional offices will work closely with States to monitor Work Plans during the performance period. In addition, FEMA regional offices must approve final Work Plans before States may draw down EMPG Program funds. Grant funds will be released on a rolling basis upon approval of the States final Work Plan. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit

Requirements for Federal Awards applies to this program. Application deadline and other information are contained in the FY2017 EMPG Program Notice of Funding Opportunity (NOFO). Applying for FY 2017 EMPG Program funds requires a two-step process. Step 1: initial submission to determine eligibility and Step 2: full application. Applicants are encouraged to initiate Step 1 immediately after the NOFO is published but no later than June 2017. This involves submitting a complete Standard Form 424 to grants.gov Successful completion of this step is necessary for FEMA to determine eligibility of the applicant. Late submissions of Step 1 to grants.gov could result in applicants missing the application deadline in Step 2. Once FEMA has determined an applicant to be eligible, applicants can proceed to Step 2 which involves submitting the full application package via the Non Disaster (ND) Grants system. The submission deadline for the full application package is June 22, 2017.

Award Procedure:

Applications or plans are reviewed by DHS program and administrative staff. Any issues or concerns noted in the application will be negotiated with the successful applicant prior to award being issued.

Deadlines:

Jun 02, 2017 to Jun 22, 2017 Application Start Date: 06/02/2017
Application Submission Deadline Date: 06/22/2017 at 05:00 PM EDT
Anticipated Funding Selection Date:
On-going form 06/2/2017 to 09/01/2017
Anticipated Award Date: 09/30/2017.

Range of Approval/Disapproval Time:

Refer to FY 2017 EMPG Program Notice of Funding Opportunity (NOFO).

Appeals:

Other - Not Specified.

Renewals:

A new application is required for each Federal fiscal year.

Formula and Matching Requirements:

Statutory Formula: Title Consolidated Security, Disaster Assistance, and Continuing Appropriations Act of 2009, Public Law 110-329.

Matching Requirements: In FY 2017, the Federal share of the cost of an activity carried out using funds made available under the program shall not exceed 50 percent of the total budget. State cost match (cash or in-kind) requirement, as authorized by the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Public Law 93-288), as amended, 42 U.S.C. 5121-5207, specifically, Title VI, sections 611(j) and 613. Unless otherwise authorized by law, Federal funds cannot be matched with other Federal funds. FEMA administers cost matching requirements in accordance with 44 CFR 13.24 which is located at http://www.access.gpo.gov/nara/cfr/waisidx_07/44cfrv1_07.html 2 CFR 215.23 which is located at http://www.access.gpo.gov/nara/cfr/waisidx_07/2cfrv1_07.html. To meet matching requirements, the grantee contributions must be reasonable, allowable, allocable, and necessary under the grant program and must comply with all Federal requirements and regulations. In accordance with 48 U.S.C. 1469a, match requirements are waived for the insular areas: the U.S. territories of American Samoa, Guam, the U.S. Virgin Islands, the Trust Territory of the Pacific Island, and the Commonwealth of the Northern Mariana Islands. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The Period of Performance is 24 months. For more information, refer to the FY 2017 EMPG Program Notice of Funding Opportunity (NOFO). Awards are subject to the Cash Management Act for payment and/or reimbursement of expenditures. See the following for information on how assistance is awarded/released: Payment based on project need.

Reports:

In addition to the Quarterly Performance Progress Reports, recipients are responsible for completing and submitting a BSIR biannually. The BSIR is due within 30 days of the end of the reporting period. The summer BSIR is due July 30 for the January 1 through June 30 reporting period, and the winter BSIR is due on January 30 for the July 1 through December 31 reporting period. Updated obligations and expenditure information must be provided within the

BSIR to show progress made toward meeting strategic goals and objectives as well as how expenditures support Planning, Organization, Equipment, Training and Exercise (POETE) activities. Accordingly, reports should include project-level details by subrecipient to explain how expenditures support gaps identified in the recipients THIRA and SPR. Federal Financial Report (FFR) required quarterly. Obligations and expenditures must be reported on a quarterly basis through the FFR (SF-425). A report must be submitted for every quarter of the period of performance, including partial calendar quarters, as well as for periods where no grant activity occurs. Future awards and fund draw downs may be withheld if these reports are delinquent. The final FFR is due 90 days after the end date of the performance period. FFRs must be filed electronically through PARS.

Grant Close-Out Process. Within 90 days after the end of the period of performance, or after a Grant Adjustment Notice (GAN) has been issued to close out a grant, whichever comes first, grantees must submit a final FFR and final progress report detailing all accomplishments throughout the period of performance. After these reports have been reviewed and approved by FEMA, a close-out notice will be completed to close out the grant. The notice will indicate the period of performance as closed, list any remaining funds that will be deobligated, and address the requirement of maintaining the grant records for three years from the date of the final FFR. The grantee is responsible for returning any funds that have been drawn down but remain as unliquidated on grantee financial records. For more information, please see the FY2016 EMPG Program Notice of Funding Opportunity (NOFO). Recipients are responsible for providing updated performance reports to FEMA using a Microsoft Word (Word) document summary attached in ND Grants, and this must be done on a quarterly basis. As explained in the Standardized Programmatic Reporting section below, the Quarterly Performance Progress Reports must be based on the approved EMPG Work Plan and are due no later than 30 days after the end of the quarter (i.e., on January 30, April 30, July 30, and October 30). Recipients must complete the summary of activities and submit it as an attachment to the ND Grants system.

Recipients are required to report quarterly on progress toward completing activities and projects approved in their EMPG Work Plans, how expenditures support maintenance and sustainment of core capabilities, and progress made toward implementing the National Preparedness System. This includes reporting on the following information:

List of completed training courses and exercises and the Training and Exercise Data Table (templates are available in Appendix C FY 2017 EMPG Work Plan).

Percent completion of the Training and Exercise Plan (TEP) outlined in the FY 2017 EMPG Work Plan (templates are available in Appendix C FY 2017 EMPG Work Plan). Federal Financial Report (FFR) required quarterly. Obligations and expenditures must be reported on a quarterly basis through the FFR (SF-425). A report must be submitted for every quarter of the period of performance, including partial calendar quarters, as well as for periods where no grant activity occurs. Future awards and fund draw downs may be withheld if these reports are delinquent. The final FFR is due 90 days after the end date of the performance period. FFRs must be filed electronically through PARS. Grant Close-Out Process. Within 90 days after the end of the period of performance, or after a Grant Adjustment Notice (GAN) has been issued to close out a grant, whichever comes first, grantees must submit a final FFR and final progress report detailing all accomplishments throughout the period of performance. After these reports have been reviewed and approved by FEMA, a close-out notice will be completed to close out the grant. The notice will indicate the period of performance as closed, list any remaining funds that will be deobligated, and address the requirement of maintaining the grant records for three years from the date of the final FFR. The grantee is responsible for returning any funds that have been drawn down but remain as unliquidated on grantee financial records. For more information, please see the FY2017 EMPG Program Notice of Funding Opportunity (NOFO). EMPG recipients will be monitored programmatically and financially biannually and as needed by DHS/FEMA staff to ensure that activities, project goals, objectives, performance requirements, timelines, milestone completion, budgets, and other related program criteria are being met.

Monitoring may be accomplished through either a desk-based review, onsite monitoring visits, or both. Monitoring will involve the review and analysis of

the financial, programmatic, performance, compliance and administrative processes, policies, activities, and other attributes of each Federal assistance award and will identify areas where technical assistance, corrective actions, and other support that may be needed.

As part of its grant oversight responsibility, DHS/FEMA is conducting a series of grant effectiveness case studies jointly with grant recipients to highlight how states and urban areas have used Federal grants to improve preparedness. The purpose of the project is to better understand the factors that jurisdictions consider when determining which grant projects to fund, as well as document key findings and success stories that will help both grant recipients and DHS/FEMA more effectively communicate the importance of Federal grant programs to policymakers and the public. Although not mandatory, grantees are encouraged to participate given the mutual benefits to be gained from this collaborative effort.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Grant records shall be retained for a period of 3 years from the day the recipient submits its final expenditure report. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later. Grant records include financial and program/progress reports, support documents, statistical records, and other documents that support the activity and/or expenditure of the recipient or sub-recipient under the award.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: In FY 2016, DHS provided \$350,100,000 to enhance the ability of state, local, tribal, and territorial governments to prevent, protect against, mitigate, respond to and recover from potential terrorist acts and other hazards. Fiscal Year 2017: The FY 2017 EMPG will provide Federal funds to assist state, local, tribal, and territorial emergency management agencies to obtain the resources required to support implementation of the National Preparedness System and the National Preparedness Goal (the Goal) of a secure and resilient Nation. Among the five basic homeland security missions noted in the DHS Quadrennial Homeland Security Review, EMPG supports the goal to Strengthen National Preparedness and Resilience. Fiscal Year 2018: It is expected that funds will be allocated and appropriated to this program.

97.043 STATE FIRE TRAINING SYSTEMS GRANTS

National Fire Academy State Fire Training Grants

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

Section 7(f) of the Federal Fire Prevention and Control Act of 1974 (Pub. L. No. 93-498), as amended, (15 U.S.C. 2206(f)), Public Law 93-498, 15 U.S.C. 2206(f); Homeland Security Act of 2002, Public Law 107-296; U.S.A. Patriot Act of 2001, Public Law 107-56; Federal Fire Prevention and Control Act of 1974, Title 21, Public Law 93-498.

OBJECTIVES:

The NFA promotes the professional development of the fire and the emergency response community and its allied professionals. NFA supports State and local training organizations to fulfill their obligation to the career and volunteer fire and emergency services. NFA also develops, delivers, and manages educational and training programs having a national focus that are outside State and local training missions or that exceed State and local capabilities because of cost or audience. The programs are designed to support PPD-8 through training programs which support State and local response agencies to prevent, mitigate, prepare for, and respond to local, regional, and national emergencies. NFA training helps to strengthen the States abilities to meet individual training mandates and bridge the gaps in their training programs with delivery of NFA courses and programs.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grant funds are to be used within each State to deliver NFA training courses/programs and for marketing, administrative costs, and electronic feedback of student data. Each State Fire Training System (State) will receive a total of \$20,000 with \$15,000 earmarked for delivery of NFA training programs and \$5,000 for marketing, administrative costs, and electronic feedback of student data.

DHS grant funds may only be used for the purpose set forth in the grant, and must be consistent with the statutory authority for the award. Grant funds may not be used for matching funds for other federal grants / cooperative agreements, or for lobbying or intervention in federal regulatory or adjudicatory proceedings. In addition, federal funds may not be used to sue the federal government or any other government entity. Federal employees are prohibited from serving in any capacity (paid or unpaid) on any proposal submitted under this program. Federal employees may not receive funds under this award. States must use funds for the purpose of delivering NFA-developed courses. Pre-award costs are allowable only with the written consent of DHS and such costs must be reflected in the award agreement. See program guidance for information on eligibility. Applicant eligibility is restricted to the 50 State Fire

Training Systems.

Applicant Eligibility:

Representatives from the 50 State Fire Training Systems.

Beneficiary Eligibility:

Specialized Group; fire and emergency response personnel.

Credentials/Documentation:

Credentials: Applicants must provide a work plan that includes a narrative project description along with the proposed costs for the project. (Allowable costs are determined by reference to OMB Circular No. A-87). The work plan will be used as a guide by the program office to approve / disapprove payment requests, therefore, the plan must be specific and must align with the amount of funding requested / received for the project description.

Documentation: All beneficiaries / students must submit the standard FEMA Form 75-5 (long form) to the State or sponsoring host organization prior to the start of the class. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. FEMA participates in the Administrations e-government initiative. As part of that initiative, all applicants must file their application using the Federal electronic storefront portal Grants.gov. Eligible applicants must apply through this portal, accessible on the Internet at <http://www.grants.gov>. Only applications made through www.grants.gov will be accepted. The on-line application requires (among other documentation), the Standard Forms 424, Project Narrative, and Budget. For complete information on all required forms, attachments, submission instructions / requirements, deadlines, and other procedural information, refer to program guidance.

Award Procedure:

The application will be reviewed and recommended for funding by the DHS/FEMA/USFA/NFA Project Officer based on the program criteria identified in the announcement / guidance. Notification of award is made through the electronic Non Disaster Grant System (NDGrants). Once an award has been approved, a notice is sent to the authorized grantee official. Awards are subject to certain administrative, national policy, and cost principle requirements delineated in both 2 CFR and 44 CFR. For complete information on the award procedure, and CFR (and other) requirements, refer to program guidance.

97.044 ASSISTANCE TO FIREFIGHTERS GRANT

(Fire Grants)

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

The Federal Fire Prevention and Control Act of 1974, Public Law 112-239, 15 U.S.C 2229 et seq.

OBJECTIVES:

The purpose of the AFG Program is to enhance the safety of the public and firefighters with respect to fire and fire-related hazards by providing direct financial assistance to eligible fire departments, nonaffiliated EMS organizations, and State Fire Training Academies (SFTA) for critically needed resources to equip and train emergency personnel to recognized standards, enhance operational efficiencies, foster interoperability, and support community resilience.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

AFG grants are both competitive and discretionary and are direct financial assistance awards to support firefighting and EMS operations and safety, vehicle acquisition and regional projects. Specific activities funded include professional training, wellness and fitness programs, equipment, personal protective equipment, modifications to facilities for first responder safety, other equipment and supplies that support firefighting and EMS operations and safety; firefighting vehicles, and emergency vehicles. Grants also are awarded for the Fire Prevention and Safety program are awarded to support activities to protect the public from fire and fire-Related hazards. Specific activities funded include general public education and awareness; code enforcement and awareness; fire and arson investigation; national, state, and regional programs and studies; and firefighter safety and research and development. Grants for the Staffing for Adequate Fire and Emergency Response (SAFER) grant program are awarded to help fire departments and volunteer firefighter interest organizations to increase the number of frontline firefighters in their community and to enhance the capabilities of local fire departments to comply with staffing, response, and operational standards established by the NFPA and OSHA (NFPA 1710 and/or NFPA 1720 and OSHA 1910.134). Yes. Grantees must adhere to the restrictions stated in the Funding Opportunity Announcement (FOA) and application kit for the program and fiscal year in which they receive the award. Furthermore, as a condition of receiving an award, grantees also must agree to adhere to the award articles of agreement that require grantees to use the funds for the purpose stated in the awarded grant applications, and to meet the special conditions specified in the articles of agreement.

Applicant Eligibility:

Eligible applicants for AFG are limited to fire departments, nonaffiliated EMS organizations, and State Fire Training Academies. These organizations operating in any of the 50 States plus the District of Columbia, the Commonwealth of the Northern Mariana Islands, the Virgin Islands, Guam, American Samoa, and Puerto Rico are eligible for funding. A "fire department" is defined as an agency or organization that has a formally recognized arrangement with a State, territory, local, or tribal authority (city, county, parish, fire district, township, town, or other governing body) to provide fire suppression to a population within a fixed geographical area on a first-due basis. A "nonaffiliated EMS organization" is defined as a public or private nonprofit emergency medical services organization that provides direct emergency medical services, including medical transport, to a specific geographic area on a first-due basis but is not affiliated with a hospital and does not serve a geographic area where emergency medical services are adequately provided by a fire department. A State Fire Training Academy is defined as the primary state fire training academy, agency, or institution, for each state;

which provides entity-wide delivery of fire training (and EMS training if applicable) as specified by legislative authorization, by general statutory authorization or charter, or is ad-hoc in nature with the general acceptance of the fire service. A listing of eligible State Fire Training Academy organizations and institutions can be found at: <http://www.usfa.fema.gov/fireservice/>.

Beneficiary Eligibility:

The ultimate beneficiaries of this program are the local or tribal communities serviced by the applicants, including, but not limited to, local businesses, homeowners and property owners. Additionally, children under 16 years of age, senior citizens, and firefighters would be the beneficiaries since these groups are the targeted "risk groups" for the fire prevention program.

Credentials/Documentation:

Each applicant must certify: 1) that they are an eligible applicant, as defined above; 2) as to the characteristics of their community, i.e., urban, suburban, or rural; 3) to the population size of the community served; and, 4) to their department type, i.e., volunteer, combination, or career (where applicable). Eligible applicants for the AFG program are limited to fire departments, nonaffiliated EMS organizations, and State fire training academies operating in any of the 50 States plus the District of Columbia, the Commonwealth of the Northern Mariana Islands, the Virgin Islands, Guam, American Samoa, and Puerto Rico. A "fire department" is defined as an agency or organization that has a formally recognized arrangement with a State, territory, local, or tribal authority (city, county, parish, fire district, township, town, or other governing body) to provide fire suppression to a population within a fixed geographical area on a first-due basis. A "nonaffiliated EMS organization" is defined as a public or private nonprofit emergency medical services organization that provides direct emergency medical services, including medical transport, to a specific geographic area on a first-due basis but is not affiliated with a hospital and does not serve a geographic area where emergency medical services are adequately provided by a fire department. A State Fire Training Academy is defined as the primary state fire training academy, agency, or institution, for each state; which provides entity-wide delivery of fire training (and EMS training if applicable) as specified by legislative authorization, by general statutory authorization or charter, or is ad-hoc in nature with the general acceptance of the fire service. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

There is no preapplication form required under this grant program. An environmental impact statement is required for this program. An environmental impact assessment is required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The application deadline and other relevant information are contained in the application and in the program-specific guidance and application kits.

Award Procedure:

Submitted applications are reviewed by peer review panels and then by DHS program and administrative staff. Any issues or concerns noted in the application will be negotiated with the successful applicant prior to the award being issued.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Refer to the program guidance and application kit document.

Appeals:

Applicants whose grant requests are not recommended for funding after the peer review panel evaluation may request a reconsideration of that decision. Such a request may be successful if it is determined that the rating criteria were not appropriately applied, or there was a flaw in the competitive process that unfairly disadvantaged the applicant, or there was human error in the processing of the grant application. Requests for reconsideration must be submitted in writing within 30 days of the date of the notification of denial.

Renewals:

The AFG award period of performance is 1 year. Grantees may request an extension if they are unable to fulfill their grant obligations before the end of the 1-year period. Such requests will be considered and approved based on the written justification.

Formula and Matching Requirements:

Statutory Formula: 44 CFR 152.

Matching Requirements: Applicants who protect a population of over 1,000,000 are required to provide a nonfederal cost-share of not less than 15 percent of the total award. Applicants who protect a population between 20,000 and 1,000,000 are required to provide a nonfederal cost-share of not less than 10 percent of the total award. Applicants who protect a population of less than 20,000 are required to provide a nonfederal cost-share of not less than 5 percent of the total award. No waivers of this requirement will be granted except for fire departments of Insular Areas as provided for in 48 U.S.C. 1469a.

This program has MOE requirements, see funding agency for further details. This program also has a Maintenance of Effort (MOE) in that grantees are required to maintain operating expenditures during the grants period of performance in the areas funded by a grant at a level equal to or greater than the average of their operating expenditures in the 2 years preceding the year in which the grant is received. This requirement is intended to ensure that the Federal funds are used to supplement, not supplant, existing resources. In addition, this program will allocate more than \$100 million in grants during the current fiscal year.

Length and Time Phasing of Assistance:

Grants are available during the period of performance, which is 1 year. Refer to the FOA for specific details. See the following for information on how assistance is awarded/released: Electronic funds transfer.

Reports:

Grantees are required to submit semiannual financial and performance reports. The "Progress Reports" must include a narrative statement that details the progress of each award. Reports are due 30 days after the end of the sixth month of the performance period. Final financial and performance reports are due 90 days after the expiration or termination of grant award. Refer to program guidance. Refer to program guidance. Refer to program guidance. Refer to program guidance.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grantees are required to maintain and retain backup documentation such as bids, quotes, and cost/price analyses on file for Federal auditors. The required documentation for federally funded purchases should include specifications, solicitations, purchase orders, invoices, cancelled checks, copies of competitive quotes or proposals, and basis for selection.

Records:

Grant records shall be retained for a period of 3 years from the day the recipient submits its final expenditure report. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later. 97.045 COOPERATING TECHNICAL PARTNERS

(CTP)

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

National Flood Insurance Reform Act of 1994 ; Flood Disaster Protection Act of 1973 ; Flood Insurance Act of 1968 , 42 U.S.C 4101; Biggert-Waters Flood Insurance Reform Act of 2012.

OBJECTIVES:

The Cooperating Technical Partners (CTP) Program exists to strengthen and increase the effectiveness of the National Flood Insurance Program (NFIP) through fostering strong Federal, State, Tribal, regional and local partnerships to reduce flood losses and promote community resiliency. The CTP Program supports Strengthening National Preparedness and Resilience, one of five basic missions of the DHS2014 Quadrennial Homeland Security Review. Additionally, the program supports the National Mitigation Framework within the Presidential Policy Directive (PPD-8). The objectives of the CTP Program primarily support the mission and objectives of the NFIPs Flood Hazard Mapping Program through FEMA's flood hazard identification and assessment programs including the Risk MAP (Mapping, Assessment, and Planning) initiative. The vision for Risk MAP is to deliver quality data that increases public awareness of flood hazard risk and leads to action that reduces flood risk to life and property. Risk MAP develops flood hazard data and maps for communities that have never had identified risks

as well as building on effective flood hazard data and flood insurance rate maps. FEMA collaborates with a variety of stakeholders to achieve the following goals under Risk MAP:

Flood Hazard Data- Address gaps in flood hazard data to form a solid foundation for risk assessment, floodplain management, and actuarial soundness of the NFIP.

Public Awareness/Outreach- Ensure that a measurable increase of the public awareness and understanding of risk results in a measurable reduction of current and future vulnerability.

Hazard Mitigation Planning- Lead and support States, local, and Tribal communities to effectively engage in risk-based mitigation planning resulting in sustainable actions that reduce or eliminate risks to life and property from natural hazards.

Enhanced Digital Platform- Provide an enhanced digital platform that improves management of Risk MAP, steward of information produced by Risk MAP, and improves communication and sharing of risk data and related products to all levels of government and the public.

Alignment and Synergies- Align Risk Analysis programs and develop synergies to enhance decision-making capabilities through effective risk communication and management.

Information about Risk MAP (including goals, strategies, progress and success stories), can be found on FEMA's website at <http://www.fema.gov/risk-mapping-assessment-planning>.

FEMA through the CTP Program seeks to build upon and enhance the existing capabilities of CTPs to increase local involvement in, and ownership of flood hazard identification, flood map maintenance, risk assessment, and risk communication to encourage responsible floodplain management and support their jurisdictional responsibilities as participating members of the NFIP. They assist in the development and maintenance of flood risk data and Flood Insurance Rate Maps (FIRMs) and other risk related products, as well as other assistance in advancing their local and FEMA's goals and objectives of Risk MAP and the NFIP program. Partnerships developed through FEMA's CTP Program are in the best interest of State and local communities, the NFIP and the general public. FEMA is responsible for establishing and updating minimum Federal criteria and holds the final decision making responsibility for issuing the FIRMs and any revisions/updates, however, there are several mutually beneficial reasons for creating these partnerships to help produce risk identification and assessment data, and other products in support of the NFIP.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Assistance may be used for costs associated with Community Engagement and Risk Communication, Program Management, Technical Risk Analysis and Mapping, Letter of Map Revision (LOMR) Delegation and Special Project activities as delineated in the FY 5 Notice of Funding Opportunity. Allowable costs are determined by reference to the OMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Use of funds must be consistent with the statutory authority for the award. Restrictions: The recipient must have in-house staff capabilities in the appropriate technical area for the activity approved in the award. If the work for any portion of a mapping activity is contracted, the recipient of the award must have in-house staff with the technical capability to monitor the contractor(s) and approve the product(s) developed by the contractor(s). Applicants must meet the eligibility criteria outlined in the FY 2015 Notice of Funding Opportunity. This criteria includes (but is not limited to) the requirement that potential partners have existing processes and/or systems in place to support mapping or data collection activities that contribute to flood hazard identification and that potential partners have the demonstrated capability and capacity to implement, or contract, the activities for which funding is being sought. Yes, all funds are discretionary.

Applicant Eligibility:

Only qualified CTPs are eligible for federal assistance awards through this program. Eligible recipients generally include entities who already perform certain functions in flood risk analysis, flood hazard identification, flood risk

communication and mitigation processes in States and local communities to reduce flood losses and protect life and property from the risk of future flood damage. Specifically, eligible CTPs include three main groups: (1) NFIP-participating communities, as defined in 44 CFR 59 (typically this includes State, Tribal and local governments), who are in good standing with the NFIP (i.e., not on probation or suspended); (2) State, local and regional governmental agencies, such as water management districts, river authorities, municipal utility districts, State Universities, etc., whose activities support floodplain management and flood mitigation actions within the NFIP communities they serve; and (3) non-profit organizations whose primary mission is to support the ability of NFIP communities to more effectively understand and manage their flood risk. In accordance with Section 1361 of the National Flood Insurance Act of 1968 (42 U.S.C. 4102), these entities and organizations must have existing facilities and services to carry out studies and investigations with respect to land management and use, flood control, flood zoning and flood damage prevention in flood-prone areas, floodways, building codes and permits, and associated laws, regulations and ordinances. For additional information, see the Eligibility Criteria in the Funding Opportunity Announcement.

Beneficiary Eligibility:

State, local, specialized group, small business, general public.

Credentials/Documentation:

Potential partners/applicants must meet the criteria outlined in the FY2015 Notice of Funding Opportunity, including (but not limited to): evidence that they have sufficient technical capability (including credentials or certifications) and capacity necessary to perform program activities, a signed Partnership Agreement with the appropriate FEMA office (Region or HQ), and meet the eligibility requirements. Applicants must be NFIP participating communities in good standing. Documentation: Allowable costs are determined by reference to OMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. For complete information on credentials and documentation, please refer to program guidance. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

All applicants should consult with the appropriate FEMA awarding office (i.e., Regional office or HQ) for application information and technical assistance. Non-profits should also consult with FEMA HQ for pre-approval, application information and/or technical assistance. Environmental impact information is not required for this program. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. FEMA participates in the Administrations e-government initiative. As part of that initiative, all applicants must file their application using the Federal electronic storefront portal [Grants.gov](http://www.grants.gov). Eligible applicants must apply through this portal, accessible on the Internet at <http://www.grants.gov>. For complete information on all required forms, attachments, submission instructions / requirements, deadlines, and other procedural information, please refer to program guidance.

Award Procedure:

Qualified FEMA programmatic staff (regional and/or Headquarters), with sufficient program knowledge and expertise in floodplain mapping, flood risk assessment, flood risk communication and floodplain management, review and select CTP projects for funding. Applications are reviewed to ensure compliance with the eligibility criteria and selected primarily on FEMA's priorities and the availability of FEMA funds (i.e., funding is not guaranteed to new or existing applicants). FEMA considers the following elements when prioritizing funding for and selecting CTPs for awards: program priorities, past performance, technical capability and capacity, and partner contribution. Applications are also reviewed by qualified FEMA grants management staff to ensure compliance with grants management principles, such as administrative requirements and cost principles. Applicants/applications that do not meet

eligibility or submission requirements are removed from consideration. Any issues or concerns noted in the application will be negotiated with the successful applicant prior to the award being issued.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Successful applications are typically selected and awarded between 60 and 90 days from submission.

Appeals:

None.

Renewals:

None.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grant dollars will be awarded in the current fiscal and grants are typically 3-5 years in length. See the following for information on how assistance is awarded/released: Dollars are typically available in quarterly or annual funding periods based on project needs.

Reports:

Performance Reports and Financial Status Reports (FSRs) must be submitted quarterly. These reports are due on January 30, April 30, July 30, and October 30. Performance Reports must include the progress of each sub-grant award. Final financial and performance reports are due 90 days after the expiration or termination of grant award. Reports must be submitted to the FEMA Regional CTP Grant and Program Officers. For complete information regarding report submission requirements, refer to the FY2015 Notice of Funding Opportunity. Refer to the Notice of Funding Opportunity. Refer to the Notice of Funding Opportunity. Refer to the Notice of Funding Opportunity.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. These audits are due to the cognizant Federal agency, submitted through the Federal Audit Clearinghouse, not later than 9 months after the end of the grantees fiscal year.

Records:

Grant records shall be retained for a period of 3 years from the day the recipient submits its final expenditure report. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later. Grant records include financial and program/progress reports, support documents, statistical records, and other documents that support the activity and/or expenditure of the recipient or sub-recipient under the award.

97.046 FIRE MANAGEMENT ASSISTANCE GRANT

(FMAG)

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

Robert T. Stafford Disaster Relief and Emergency Act, Section 420, Public Law 93-288, 42 U.S.C 5187.

OBJECTIVES:

The Fire Management Assistance Grant Program is authorized by the Stafford Act and amended by the Disaster Mitigation Act of 2000. Grants are provided to States, Indian tribal and local governments for the mitigation, management and control of any fire burning on publicly (non-federal) or privately owned forest or grassland that threatens such destruction as would constitute a major disaster. The funds are primarily used for fire suppression services (response) but also for essential assistance (emergency protective measures) as described in Section 403 (42 U.S.C 5170b) of the Stafford Act. This includes, but is not limited to evacuation and sheltering, police barricading, equipment and supplies, and other costs related to fire suppression operations and administration in support of these operations. Of the 31 core capabilities, this program fits into several including the Public Information and Warning, Infrastructure Systems, Environmental Response/Health and Safety, and Natural and Cultural Resources categories.

TYPES OF ASSISTANCE:

PROJECT GRANTS; PROVISION OF SPECIALIZED SERVICES

USES AND USE RESTRICTIONS:

Fire Management Assistance Grants are made in the form of cost-sharing grants for the mitigation, management, and control of any fire on publicly (nonfederal) or privately owned forestland or grassland that threatens such destruction as would constitute a major disaster. The Fire Management Assistance Grant

Program, authorized by the Stafford Act and amended by the Disaster Mitigation Act of 2000, provides for the mitigation, management and control of fires that threaten such destruction as would constitute a major disaster. Yes. The restrictions are documented in the FMAG FEMA-State Agreement and 2 CFR part 200.

Applicant Eligibility:

State governments and Indian tribal governments are eligible for fire management assistance grants. The State or Indian tribal government may be the Recipient. The Recipient is the government entity that receives the award and is accountable for the use of funds provided.

Beneficiary Eligibility:

The State Government and/or Indian tribal government, acting as the Recipient is the government to which the grant is awarded and which is accountable for the use of the funds provided. Other State entities, Indian tribal governments and local governments are eligible to apply as subrecipients.

Credentials/Documentation:

A State or Indian Tribal Government must apply by completing an SF 424 (Application for Assistance) and must have applied for and received approval for a Fire Management Assistance Declaration. In addition, the Applicant the must also provide documentation that shows they have met the Fire Cost Thresholds for the calendar year in which the fire was declared, and must have prepared, submitted, and received approval for a State Administrative Plan and a Hazard Mitigation Plan. Costs are determined in accordance with FEMA Regulations and 44 CFR Part 204. Federal funds will be awarded to subrecipients in accordance with State law and procedure and in compliance with 44 CFR Part 204. Grant awards are managed in accordance with 2 CFR part 200. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

A FEMA-State Agreement and/or Indian tribal Agreement for the Fire Management Assistance Grant Program (the agreement) is signed by the Governor/Indian tribal government and the Regional Administrator at the beginning of the calendar year or after a State's first fire management assistance grant declaration in a calendar year. The agreement is amended for subsequent approvals of assistance for the remainder of the year. This agreement contains the terms and conditions for requesting and receiving assistance. An environmental impact statement is required for this program. An environmental impact assessment is required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. A State Governor, or Governor's Authorized Representative, may request a fire management assistance declaration from the FEMA Regional Administrator. To expedite the request, the State may submit a request via telephone to the Regional Administrator, followed by a confirming message or letter. The FEMA Regional Administrator renders a decision on the State's request and notifies the State and FEMA Headquarters of the approval or denial of the request. This decision may be relayed by telephone, to be followed by a written determination.

Award Procedure:

To receive fire management assistance grant funds a State or Indian Tribal Government must complete and submit an SF 424 (Request for Assistance), and must have applied for and received approval for a Fire Management Assistance Declaration. The Recipient must also provide documentation that shows they have met the Fire Cost Thresholds for the calendar year in which the fire was declared. The Applicant must submit its application within 9 months of the declaration (with a possible 6 month extension). The Regional Administrator has 45 days from receipt the State's grant application or an amendment to the State's grant application, including attached supporting Project Worksheet(s), to review and approve or deny the grant application or amendment; or to notify the recipient of a delay in processing funding.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 1 hour to 72 hours.

Appeals:

States may appeal the denial of a fire management assistance declaration and may also appeal any other decision related to the fire management assistance grant program.

To appeal a denied fire management assistance declaration the Governor or GAR may appeal the decision in writing within 30 days after the date of the denied declaration. The State submits the request to the FEMA Administrator through the Regional Administrator. The Administrator will reevaluate the State's request and notify the State of the final determination within 90 days of receipt of the appeal.

An eligible applicant, subrecipient, or recipient may appeal any determination FEMA makes related to an application for the provision of Federal assistance. The applicant or subrecipient makes the appeal in writing through the recipient to the Regional Administrator after reviewing and evaluating all subrecipient appeals. The appeal is submitted to the Regional Administrator and includes documented justification supporting the appellant's position, the monetary figure in dispute and the provisions in Federal law, regulation, or policy with which the appellant believes the initial action was inconsistent.

The Regional Administrator will render a determination on first appeals for fire management assistance grant-related decisions within 90 days following receipt of the appeal or requested additional information. In the event the Regional Administrator denies the appeal, the applicant may submit a second-level appeal to the Deputy Associate Administrator of the Office of Response and Recovery (formerly the Assistant Administrator for the Recovery Directorate) at FEMA Headquarter Office (for second appeals). Within 90 days following receipt of a second appeal, the Deputy Associate Administrator, will notify the grantee in writing of the final decision or of the need for additional information. If the decision is to grant the appeal, the Regional Administrator will take appropriate implementing action. The decision of the Deputy Associate Administrator at the second appeal level is the final decision of FEMA.

Renewals:

None.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching Requirements: Fire Management Assistance Grants may be available to States on a 75 percent Federal/25 percent nonfederal cost-sharing basis when the State's application demonstrates either of the following: total eligible costs for the declared fire meet or exceed the individual fire cost threshold or total costs of all declared and non-declared fires in a given calendar year meet the cumulative fire cost threshold. The individual fire cost threshold for a State for FY 2017 is the greater of \$100,000 or five percent x \$1.43 x state population. The cumulative fire cost threshold for a State FY 2017 is the greater of \$500,000 or three times the five percent x \$1.43 x State population. Both formulas are adjusted annually for inflation using the Consumer Price Index for All Urban Consumers published annually by the Department of Labor. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

There are two time-related periods. The first is the incident period which is the time interval during which a declared fire occurs. Generally costs must be incurred during the incident period to be eligible for assistance. The incident period varies from a week to more than a month depending on the severity of the declared fire. The second time interval is the Period of Performance. Grant funds are normally available for three years following a fire management assistance grant declaration with time extensions possible. This Period of Performance is stated in the SF-424 Application for Assistance. See the following for information on how assistance is awarded/released: Reimbursement for State grant costs is accomplished via the U.S. Department of Health and Human Services SMARTLINK system in compliance with 2 CFR 200.305 and U.S. Treasury 31 CFR part 205, Cash Management Improvement Act.

Recipients and subrecipients prepare and submit Project Worksheets that document costs associated with fire suppression activities and costs associated. Cost eligibility information is provided in 44 CFR part 204 and the Fire Management Assistance Grant Program Guide.

Reports:

Within 90 days of the Performance Period expiration date, the State must submit a Financial Status Report (FEMA Form 425) which reports all costs incurred within the incident period and all administrative costs incurred within the performance period. The performance period, defined on the SF-424, may be 9 months from the close of the incident period and may be extended for an additional 3 months by the Regional Administrator. During the performance period the Grantee will submit the subgrants, which document eligible costs; FEMA will review the eligibility of costs, and process, obligate, and close-out the grant. Refer to program guidance. Refer to program guidance. Refer to program guidance. Refer to program guidance.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. These audits are due to the cognizant Federal agency, submitted through the Federal Audit Clearinghouse, not later than 9 months after the end of the grantees fiscal year.

Records:

Grant records must be retained for a period of 3 years from the day the recipient submits its final expenditure report. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later. Grant records include financial and program/progress reports, support documents, statistical records, and other documents that support the activity and/or expenditure of the recipient or sub-recipient under the award.

Account Identification:

70-0702-0-1-453.

Obligations:

(Project Grants) FY 16 \$22,663,963; FY 17 est \$60,000,000; and FY 18 est \$60,000,000 - FY2016 actual amount will increase as additional grant funds are obligated.

Future fiscal year obligation amounts are impossible to predict as they are directly correlated to the severity of that fire season. The estimates provided are projections based on averaging past year obligations over the previous ten years.

Range and Average of Financial Assistance:

17 year average is \$68,522,000/year.

TAFS Codes:

70-0702.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: A total of 47 Fire Management Assistance Grant declarations were approved and 47 FMAG grants were provided to 19 States in FY 16. The purpose of this program is to provide 75% federal matching funding to States which is used to attack wildland fires with all available resources. This approach prevents these fires that threaten to become major disasters from reaching major disaster levels which are much more expensive. Only 1 of 47 such wildland fires became a major disaster in FY16. Fiscal Year 2017: Future fiscal year program accomplishments are impossible to estimate as they are directly correlated to the severity of that fire season and the number of declarations/grants; therefore none are provided. Fiscal Year 2018: Future fiscal year program accomplishments are impossible to estimate as they are directly correlated to the severity of that fire season and the number of declarations/grants; therefore none are provided.

97.047 PRE-DISASTER MITIGATION**PDM****FEDERAL AGENCY:**

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

Robert T. Stafford Disaster Relief and Emergency Assistance Act, Section 203, Public Law 93-288, 42 U.S.C 5133.

OBJECTIVES:

The objective of the program is to provide funding support to states, Indian tribal governments, territories, and communities for pre-disaster mitigation planning and projects primarily addressing natural hazards. This program promotes implementation of activities designed to reduce injuries, loss of life, and damage and destruction to property from natural hazards which is consistent with DHS QHSR Goal 5.1, Mitigate Hazards and links to Presidential Policy Directive (PPD-8) - National Preparedness, Security, Resilience, Prevention, Mitigation, Response, Protection, and Recovery.

TYPES OF ASSISTANCE:**PROJECT GRANTS****USES AND USE RESTRICTIONS:**

Mitigation Planning: Planning activities that develop state, Indian tribal, local, and university hazard mitigation plans that meet planning criteria outlined in 44 CFR Part 201 are eligible for the PDM program. Hazard mitigation planning activities must primarily focus on natural hazards but may also address hazards caused by manmade events. Either single or multi-jurisdictional hazard mitigation plans may be submitted for funding. Funding is restricted to a maximum of \$400,000 Federal share for a new mitigation plan. A maximum of \$150,000 federal share may be requested for an update to an existing local single jurisdiction plan; \$300,000 for an update to a state/territory plan, multi-jurisdictional local plan, or tribal plan.

Mitigation Projects: Proposed multi-hazard mitigation projects must primarily focus on natural hazards. Hazard mitigation is any sustained action taken to reduce or eliminate long-term risk to people and property from natural hazards and their effects. Funding is restricted to a maximum of \$4 million Federal share. Projects must meet all eligibility criteria including technical feasibility, cost-effectiveness; compliance with environmental and historic preservation laws and regulations and other program requirements. Please see the Hazard Mitigation Assistance (HMA) program guidance on the FEMA website for detailed information:

<http://www.fema.gov/media-library/assets/documents/103279>.

Applicant Eligibility:

Applications are reviewed by DHS/FEMA program and administrative staff. Any issues or concerns noted in the application will be negotiated with the successful applicant prior to the award being issued. Applicants/recipients are responsible for distributing funds to sub-applicants/sub-recipients.

Beneficiary Eligibility:

State agencies, Indian Tribal governments, and local governments and communities are eligible to apply as subapplicants for assistance under the PDM program. All interested subapplicants must apply to the Applicant. Homeowners are not eligible to apply as subapplicants but may request their local jurisdiction to apply on their behalf.

Credentials/Documentation:

Please see the HMA program guidance. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. An environmental impact statement is required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

97.056 PORT SECURITY GRANT PROGRAM

(PSGP)

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

Maritime Transportation Security Act of 2002, Section 102, Public Law 107-295, 46 U.S.C 70107.

OBJECTIVES:

The FY 2017 Port Security Grant Program (PSGP) plays an important role in the implementation of the National Preparedness System by supporting the building, sustainment, and delivery of core capabilities essential to achieving the National Preparedness Goal (the Goal) of a secure and resilient Nation. Delivering core capabilities requires the combined effort of the whole community, rather than the exclusive effort of any single organization or level of government. The FY 2017 PSGPs allowable costs support efforts to build and sustain core capabilities across Prevention, Protection, Mitigation, Response, and Recovery mission areas, with specific focus on addressing the security needs of our Nations maritime ports. Among the five basic homeland security missions noted in the DHS Quadrennial Homeland Security Review, the PSGP supports the goal to Strengthen National Preparedness and Resilience.

Recipients under the FY 2017 PSGP are encouraged to build and sustain core capabilities through activities such as:

- Strengthening governance integration;
- Enhancing Maritime Domain Awareness (MDA);
- Enhancing Improvised Explosive Device (IED) and Chemical, Biological, Radiological, Nuclear, Explosive (CBRNE) prevention, protection, response and supporting recovery capabilities within the maritime domain;
- Enhancing cybersecurity capabilities;
- Maritime security risk mitigation projects that support port resilience and recovery capabilities;
- Training and exercises; and
- Transportation Worker Identification Credential (TWIC) implementation.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

The FY 2017 PSGP is one of the Departments FY 2017 grant programs that directly support maritime transportation infrastructure security activities. PSGP is one tool in the comprehensive set of measures authorized by Congress and implemented by the Administration to strengthen the Nations critical infrastructure against risks associated with potential terrorist attacks.

The vast majority of U.S. maritime critical infrastructure is owned and/or operated by State, local, and private sector maritime industry partners. PSGP funds available to these entities are intended to improve port-wide maritime security risk management; enhance maritime domain awareness; support maritime security training and exercises; and to maintain or reestablish maritime security mitigation protocols that support port recovery and resiliency capabilities. PSGP investments must address U.S. Coast Guard identified vulnerabilities in port security and support the prevention, detection, response, and/or recovery from attacks involving improvised explosive devices (IED) and

other non-conventional weapons. PSGP grant recipients and sub-recipients may only use PSGP grant funds for the purpose set forth in the grant, and must be consistent with the statutory authority for the award. Grant funds may not be used for matching funds for other Federal grants/cooperative agreements, lobbying, or intervention in Federal regulatory or adjudicatory proceedings. In addition, Federal funds may not be used to sue the Federal government or any other government entity.

Pre-award costs are allowable only with the written consent of DHS and if they are included in the award agreement.

Federal employees are prohibited from serving in any capacity (paid or unpaid) on any proposal submitted under this program. Federal employees may not receive funds under this award. In FY2017, the total amount of funds distributed under this grant program will be \$100,000,000. The FY 2017 PSGP funds will be allocated based on the funding priorities outlined in FY 2017 PSGP Notice of Funding Opportunity (NOFO).

Applicant Eligibility:

All entities subject to an Area Maritime Transportation Security Plan (AMSP), as defined by 46 U.S.C. 70103(b), may apply for PSGP funding. Eligible applicants include, but are not limited to: port authorities, facility operators, and state and local government agencies.

Pursuant to the Maritime Transportation Security Act of 2002, as amended (MTSA), DHS established a risk-based grant program to support maritime security risk management. Funding is directed towards the implementation of AMSPs and Facility Security Plans (FSP) among port authorities, facility operators, and state and local government agencies that are required to provide port security services. In administering the grant program, national, economic, energy, and strategic defense concerns based upon the most current risk assessments available will be considered.

A port area is a location on a coast, shore, or inland waterway containing one or more harbors where vessels can dock and transfer people or cargo to or from land. For the purpose of PSGP, the presence of Maritime Transportation Security Act (MTSA) regulated facilities are the primary consideration of harbors that defines the port area.

Applications for the purpose of providing a service, product, project, or investment justifications (IJ) on behalf of another entity such as sub-recipients or a consortia are ineligible for funding. Applications will only be accepted and considered for funding from direct recipients.

Only one (1) application per eligible entity within each Port Area is permitted. Each application may contain multiple IJs. An entity is a port authority, facility operator, state or local government agency required to provide port security services. An investment justification supports the funding of a proposed project. The location where the project is primarily implemented is considered the Port Area of the application. Applicants with facilities in multiple Port Areas may submit one (1) application per Port Area. Program funding is risk based by Port Area, no single application should include investment justifications for projects intended to be implemented in multiple Port Areas. For example, state entities that operate in multiple Port Areas within the state must submit separate applications to fund projects in each of these Port Areas. Applicants may submit up to five (5) investment justifications within the single application. Eligibility does not guarantee grant funding. As a condition of eligibility, all PSGP applicants are required to be fully compliant with relevant Maritime Security Regulations (33 C.F.R. Parts 101-106). Any applicant who, as of the grant application deadline, has an open or outstanding Notice of Violation (NOV), will not be considered for PSGP funding if:

- 1) the applicant has failed to pay the NOV within 45 days of receipt; or
- 2) the applicant has failed to decline the NOV within 45 days of receipt resulting in the Coast Guard entering a finding of default in accordance with 33 C.F.R. 1.07-11[f][2]; or
- 3) the applicant has appealed the NOV pursuant to 33 C.F.R. 1.07-70 and has received a final appeal decision from the Commandant, U.S. Coast Guard, as described in 33 C.F.R. 1.07-75, and has failed to come into compliance with

the terms of the final appeal decision within the timelines noted therein.

The local U.S. Coast Guard Captain of the Port (COTP) will verify security compliance eligibility during the field review process.

Ferry systems are eligible to apply for FY 2017 PSGP funds. However, any ferry system receiving funds under the FY 2017 PSGP will not be eligible to participate under the FY 2017 Transit Security Grant Program (TSGP). Likewise, any ferry system that participates in the TSGP will not be eligible for funding under the PSGP.

Beneficiary Eligibility:

Critical national seaports and terminals.

Credentials/Documentation:

No Credentials or documentation are required. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

For more information, refer to the FY 2017 PSGP Notice of Funding Opportunity (NOFO). An environmental impact statement is required for this program. An environmental impact assessment is required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Address to Request Application Package

FEMA makes all funding opportunities available on the Internet at <http://www.grants.gov>. If you experience difficulties accessing information or have any questions please call the Grants.gov customer support hotline at (800) 518-4726.

Application forms and instructions are available at Grants.gov. To access these materials, go to <http://www.grants.gov>, select Apply for Grants, then select the CFDA number (97.056) or the Notice of Funding Opportunity (NOFO) Number noted in the Overview Information section of the (NOFO) and then select Download Application Package. Select Download Application Package, and then follow the prompts to download the application package. To download the instructions, go to Download Application Package and select Instructions.

Content and Form of Application

1. Application via Grants.gov. All applicants must file their applications using the Administrations common electronic storefront <http://www.grants.gov>. Eligible grantees must apply for funding through this portal, accessible on the Internet at <http://www.grants.gov>.

The application must be started and submitted using Grants.gov after registration in the System for Award Management (SAM) is confirmed. The on-line application includes the following required form:

Standard Form 424, Application for Federal Assistance

Applying for FY2017 PSGP funds requires a two-step process. Step One: initial submission to determine eligibility and Step Two: full application. Applicants are encouraged to initiate Step One as soon after the Notice of Funding Opportunity (NOFO) is published but no later than June 2, 2017. This involves submitting a complete Standard Form 424 to <http://www.grants.gov>. The Standard Form 424 will be retrieved by ND Grants and the system will automatically populate the relevant data fields in the application. Successful completion of this step is necessary for FEMA to determine eligibility of the applicant. Late submissions to Grants.gov to complete Step One could result in applicants missing the application deadline in Step Two. Once FEMA has determined an applicant to be eligible, applicants can proceed to Step Two which involves submitting the full application package via the ND Grants system. The submission deadline for the full application package is June, 22, 2017 at 5:00 PM EDT.

The application must be completed and final submission made through the ND

Grants system located at <https://portal.fema.gov>. If you need assistance registering for the ND Grants system, please contact ndgrants@fema.gov or (800) 865-4076. Applicants are encouraged to begin their ND Grants registration at the time of solicitation to ensure they have adequate time to start and complete their application submission. Unless otherwise referenced, the ND Grants system includes the following required forms and submissions:

Standard Form 424A, Budget Information (Non-construction)
Standard Form 424B, Standard Assurances (Non-construction)
Standard Form 424C, Budget Information (Construction)
Standard Form 424D, Standard Assurances (Construction)
Standard Form LLL, Disclosure of Lobbying Activities (if the grantee has engaged or intends to engage in lobbying activities)
Grants.gov (GG) Lobbying Form, Certification Regarding Lobbying
FEMA Form 112-0-3C, Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements
Investment Justification (FEMA Form 089-5) (see Appendix D PSGP Investment Justification Template)
Detailed Budget Worksheet

2. The program title listed in the CFDA is Port Security Grant Program. The CFDA number is 97.056. Dun and Bradstreet Data Universal Numbering System (DUNS) Number. The applicant must provide a DUNS number with their application. This number is a required field within <http://www.grants.gov> and for SAM. Organizations should verify that they have a DUNS number, or take the steps necessary to obtain one, as soon as possible. Applicants can receive a DUNS number at no cost by calling the dedicated toll-free DUNS Number request line at (866) 705-5711.

3. System for Award Management (SAM). The application process also involves an updated and current SAM registration by the applicant at <http://www.sam.gov>. Please ensure that your organizations name, address, DUNS number and EIN are up to date in SAM and that the DUNS number used in SAM is the same one used to apply for all FEMA awards. Future payments will be contingent on the information provided in SAM; therefore it is imperative that the information is correct.

Applicants will obtain FOA Overviews and Full Announcement information from the Grants.gov website where the full FOA is posted.

In addition, the following Telephone Device for the Deaf (TDD) and/or Federal Information Relay Service (FIRS) number available for this Announcement is: (800) 462-7585.

Applications will be processed through the Grants.gov portal and the ND Grants system.

Hard copies of the application will not be accepted.

Award Procedure:

Initial Screening. FEMA will conduct an initial review of all FY 2017 PSGP applications to ensure each application is complete. All complete applications will be provided to the applicable COTP for further review.

Field Review. Field-level reviews will be managed by the applicable COTP in coordination with the Gateway Directors of the U.S. Department of Transportation (DOT's) Maritime Administration (MARAD) and appropriate personnel from the AMSC, to include owner/operators of MTSAs regulated facilities and vessels, as well as Federal, State, and local agencies, as identified by the COTP. To support coordination of and regionalization of maritime security grant application projects with State and Urban Area homeland security strategies, as well as other State and local security plans, AMSC members representing State and local agencies should coordinate the results with the applicable State administrative agency or agencies and State homeland security advisor(s).

Field reviews for all Groups occur immediately following the initial screening.

Each specific project is scored for compliance with criteria enumerated in the previous section and the COTP/MARAD provides a prioritized list of eligible maritime security risk mitigation projects for funding within each port area. The COTP will use the COTP Field Review Form to review all projects.

After completing field reviews, COTPs will submit the field review project scores, any associated comments, and prioritized lists to FEMA who will begin coordination of the national review process.

Deadlines:

Jun 02, 2017 to Jun 22, 2017 Applying for FY 2017 PSGP funds requires a two-step process. Step One: initial submission to determine eligibility and Step Two: full application. Applicants are encouraged to initiate Step One immediately after the Notice of Funding Opportunity (NOFO) is published but no later than June 2, 2017. This involves submitting a complete Standard Form 424 to Grants.gov. Successful completion of this step is necessary for FEMA to determine eligibility of the applicant. Late submissions of Step One to Grants.gov could result in applicants missing the application deadline in Step Two. Once FEMA has determined an applicant to be eligible, applicants can proceed to Step Two which involves submitting the full application package via the Non Disaster (ND) Grants system. The submission deadline for the full application package is June 22, 2017 5:00 PM EDT. For additional details see Section X of the full Notice of Funding Opportunity (NOFO).

Range of Approval/Disapproval Time:

Following the field review, a National Review Panel (NRP), comprised of subject matter experts drawn from DHS and DOT, will convene and conduct a national level review. The purpose of the National Review is to identify a final, prioritized list of eligible projects for funding. The NRP will conduct an initial review of the prioritized project listings for each port area submitted by the USCGs COTP to ensure that the proposed projects will accomplish intended risk mitigation goals. The NRP will validate and normalize the COTP Field Review Project Priority List and provide a master list of prioritized projects by port area.

The NRP will have the ability to recommend partial funding for individual projects and eliminate others that are determined to be duplicative or require a sustained Federal commitment to fully realize the intended risk mitigation. The NRP will also validate proposed project costs. Decisions to reduce requested funding amounts or eliminate requested items deemed inappropriate under the scope of the FY 2017 PSGP will take into consideration the ability of the revised project to address the intended national port security priorities and achieve the intended risk mitigation goal. Historically, PSGP has placed a high priority on providing full project funding rather than partial funding.

A risk-based analysis will then be applied to the NRPs prioritized list for each port area in all groups. This analysis considers the following factors to produce a comprehensive national priority ranking of port security proposals:

- Relationship of the project to one or more of the national port security priorities
- Relationship of the project to the local port security priorities
- COTP ranking (based on each COTPs prioritized list of projects)
- Risk level of the port area in which the project would be located (based on a comprehensive risk analysis performed by DHS)
- Effectiveness and feasibility of project to be completed in support of above priorities during the period of performance

The NRP will be asked to evaluate and validate the consolidated and ranked project list and submit their recommendations to FEMA. The NRP may request additional information or clarification from applicants. The Secretary of Homeland Security will have the final approval authority on all projects.

FEMA may place minimum project effectiveness limit on all projects submitted. Projects failing to meet the minimum level of effectiveness may not be considered for funding.

Funds will not be made available for obligation, expenditure, or drawdown until the applicants detailed budget and budget narrative have been approved by FEMA.

The applicant must provide a detailed budget for the funds requested. The detailed budget must be submitted with the grant application as a file attachment within ND Grants. The budget must be complete, reasonable, and cost-effective in relation to the proposed project. The budget must provide the basis of computation of all project-related costs, any appropriate narrative, and a detailed justification of M&A costs.

Other - Not Specified.

Renewals:

Other - Not Specified.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: The following match requirements apply for the FY 2017 PSGP (including ferry systems):

Public Sector. Public sector applicants must provide a non-Federal match (cash or in-kind) supporting at least 25 percent (25%) of the total project cost for each proposed project.

Private Sector. Private sector applicants must provide a non-Federal match (cash or in-kind) supporting at least 50 percent (50%) of the total project cost for each proposed project.

Other Matching Requirements Information:

Exceptions. The following exceptions to the cost-match requirement may apply:

There is no matching requirement for grant awards where the total award is \$25,000 or less (with the exception of national and/or regional corporations submitting 11 or more projects throughout their system[s]).

There is no matching requirement for grants to train law enforcement agency personnel in the enforcement of security zones as defined by 46 U.S.C.

70132, 70107(c)(2)(C) or in assisting in the enforcement of such security zones.

If the Secretary of Homeland Security determines that a proposed project merits support and cannot be undertaken without a higher rate of Federal support, the Secretary may approve grants with a matching requirement other than that specified above in accordance with Title 46, Section 70107 of the United States Code of Federal Regulations (46 U.S.C. 70107(c)(2)(B)). Cost match waivers under 46 U.S.C. 70107(c)(2)(B) may be granted only if the Secretary of DHS determines that (1) a proposed project merits support in light of the overall grant purpose and mission goals; and (2) the Secretary of DHS determines that the meritorious project cannot be undertaken without a higher rate of Federal support. See FEMA Grant Programs Directorate (GPD) Information Bulletin (IB) 376, dated January 4, 2012 for further information on the PSGP cost match waiver process (<http://www.fema.gov/pdf/government/grant/bulletins/info376.pdf>).

Cash and in-kind matches must consist of eligible costs (i.e., purchase price of allowable contracts, equipment). A cash match includes cash spent for project-related costs while an in-kind match includes the valuation of in-kind services. The cost-match requirement for the PSGP award may not be met by costs borne by another Federal grant or assistance program. Likewise, in-kind matches used to meet the matching requirement for the PSGP award may not be used to meet matching requirements for any other Federal grant program (e.g., FY 2017 funds are used to purchase a mobile command center from a vendor, the vendor contributes or donates communications equipment associated with the mobile command center, the value of the donated equipment may be considered as an in-kind match for the PSGP award only). Please see Title 44, Part 13, Section 24 of the Code of Federal Regulations (44 CFR 13.24) for further guidance regarding in-kind matches. (<http://ecfr.gpoaccess.gov/cgi/t/text/text-idx?type=simple;c=ecfr;cc=ecfr;sid=183d717ad04a78067db6a831421874ea;idno=44;region=DIV1;q1=13;rgn=div5;view=text;node=443A1.0.1.1.14>).

The cost match requirement must be included in the applicant's detailed budget.

The applicant must demonstrate that sufficient funds are available for the recipients share of the project at the time of the application (46 U.S.C. 70107(c)(4)(B)). Projects without a detailed budget demonstrating the required cost match will not be considered for funding.

The non-Federal share can be cash or in-kind, with the exception of construction activities, which must be a cash-match (hard). This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The period of performance is 36 months. For more information, refer to the FY 2017 PSGP Notice of Funding Opportunity (NOFO). Awards are subject to the Cash Management Improvement Act for payment and/or reimbursement of expenditures. See the following for information on how assistance is awarded/released: Grantees must accept their grant awards no later than 90 days from the award date. The grantee shall notify the awarding agency of its intent to accept and proceed with work under the award, or provide a written notice of intent to decline. Funds will remain on hold until the grantee accepts the award through official correspondence (e.g., written, electronic signature, signed letter or fax to GPD) and all other conditions of award have been satisfied, or the award is otherwise rescinded. Failure to accept the grant award within the 90 day timeframe may result in a loss of funds.

Reports:

Exercise Evaluation and Improvement. Exercises implemented with grant funds should evaluate performance of the capabilities required to respond to the exercise scenario. Guidance related to exercise evaluation and the implementation of improvements is defined in the Homeland Security Exercise and Evaluation Program located at <https://hseep.dhs.gov>. Federal Financial Report (FFR) required quarterly. Obligations and expenditures must be reported on a quarterly basis through the FFR (SF-425). A report must be submitted for every quarter of the period of performance, including partial calendar quarters, as well as for periods where no grant activity occurs. Future awards and fund draw downs may be withheld if these reports are delinquent. The final FFR is due 90 days after the end date of the performance period. FFRs must be filed electronically through PARS.

Grant Close-Out Process. Within 90 days after the end of the period of performance, or after a Grant Adjustment Notice (GAN) has been issued to close out a grant, whichever comes first, grantees must submit a final FFR and final progress report detailing all accomplishments throughout the period of performance. After these reports have been reviewed and approved by FEMA, a close-out notice will be completed to close out the grant. The notice will indicate the period of performance as closed, list any remaining funds that will be deobligated, and address the requirement of maintaining the grant records for three years from the date of the final FFR. The grantee is responsible for returning any funds that have been drawn down but remain as unliquidated on grantee financial records. Performance Progress Report (SF-PPR). Awardees are responsible for providing updated performance reports using the SF-PPR (OMB Approval Number 0970-0334) on a semi-annual basis. The SF-PPR is due within 30 days after the end of the reporting period (July 30 for the reporting period of January 1 through June 30; and January 30 for the reporting period of July 1 through December 31). The SF-PPR can be accessed online at http://www.na.fs.fed.us/fap/SF-PPR_Cover%20Sheet.pdf. Federal Financial Report (FFR) required quarterly. Obligations and expenditures must be reported on a quarterly basis through the FFR (SF-425). A report must be submitted for every quarter of the period of performance, including partial calendar quarters, as well as for periods where no grant activity occurs. Future awards and fund draw downs may be withheld if these reports are delinquent. The final FFR is due 90 days after the end date of the performance period. FFRs must be filed electronically through PARS.

Grant Close-Out Process. Within 90 days after the end of the period of performance, or after a Grant Adjustment Notice (GAN) has been issued to close out a grant, whichever comes first, grantees must submit a final FFR and final progress report detailing all accomplishments throughout the period of performance. After these reports have been reviewed and approved by FEMA, a close-out notice will be completed to close out the grant. The notice will indicate the period of performance as closed, list any remaining funds that will be deobligated, and address the requirement of maintaining the grant records for three years from the date of the final FFR. The grantee is responsible for returning any funds that have been drawn down but remain as unliquidated on

grantee financial records. Grant recipients will be monitored on an annual and as needed basis by recipients will be monitored on an annual and as needed basis by FEMA staff, both programmatically and financially, to ensure that the project goals, objectives, performance requirements, timelines, milestone completion, budgets, and other related program criteria are being met.

Monitoring may be accomplished through either a desk-based review or on-site monitoring visits, or both. Monitoring will involve the review and analysis of the financial, programmatic, performance, compliance and administrative processes, policies, activities, and other attributes of each Federal assistance award and will identify areas where technical assistance, corrective actions and other support may be needed.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Grant records shall be retained for a period of 3 years from the day the recipient submits its final expenditure report. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later. Grant records include financial and program/progress reports, support documents, statistical records, and other documents that support the activity and/or expenditure of the recipient or sub-recipient under the award.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: The PSGP provided \$100,000,000 for transportation infrastructure security activities to implement Area Maritime Transportation Security Plans (AMSPs) and facility security plans among port authorities, facility operators, and state and local government agencies required to provide port security services. The purpose of the FY 2016 PSGP is to competitively award grant funding to support increased port-wide risk management; enhance domain awareness; conduct training and exercises; expand of port recovery and resiliency capabilities; further capabilities to prevent, detect, respond to, and recover from attacks involving improvised explosive devices (IEDs) and other non-conventional weapons. These activities will assist ports in the implementation of the NPS by supporting the building, sustainment, and delivery of core capabilities essential to achieving the Goal of a secure and resilient Nation. Fiscal Year 2017: The PSGP will provide \$100,000,000 for transportation infrastructure security activities to implement Area Maritime Transportation Security Plans (AMSPs) and facility security plans among port authorities, facility operators, and state and local government agencies required to provide port security services. The purpose of the FY 2017 PSGP will competitively award grant funding to support increased port-wide risk management; enhance domain awareness; conduct training and exercises; expand of port recovery and resiliency capabilities; further capabilities to prevent, detect, respond to, and recover from attacks involving improvised explosive devices (IEDs) and other non-conventional weapons. These activities will assist ports in the implementation of the NPS by supporting the building, sustainment, and delivery of core capabilities essential to achieving the Goal of a secure and resilient Nation. Fiscal Year 2018: It is expected that funds will be appropriated and allocated to the PSGP program to support increased port-wide

risk management; enhance domain awareness; conduct training and exercises; expand of port recovery and resiliency capabilities; further capabilities to prevent, detect, respond to, and recover from attacks involving improvised explosive devices (IEDs) and other non-conventional weapons. These activities will assist ports in the implementation of the NPS by supporting the building, sustainment, and delivery of core capabilities essential to achieving the Goal of a secure and resilient Nation.

- Effectiveness and feasibility of project to be completed in support of above priorities during the period of performance

The NRP will be asked to evaluate and validate the consolidated and ranked project list and submit their recommendations to FEMA. The NRP may request additional information or clarification from applicants. The Secretary of Homeland Security will have the final approval authority on all projects.

FEMA may place minimum project effectiveness limit on all projects submitted. Projects failing to meet the minimum level of effectiveness may not be considered for funding.

Funds will not be made available for obligation, expenditure, or drawdown until the applicants detailed budget and budget narrative have been approved by FEMA.

The applicant must provide a detailed budget for the funds requested. The detailed budget must be submitted with the grant application as a file attachment within ND Grants. The budget must be complete, reasonable, and cost-effective in relation to the proposed project. The budget must provide the basis of computation of all project-related costs, any appropriate narrative, and a detailed justification of M&A costs.

97.057 INTERCITY BUS SECURITY GRANTS

Intercity Bus Security

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

Department of Homeland Security Appropriations Act, 2017, Public Law 110-53, 6 U.S.C 1182; 1531 of the Implementing Recommendations of the 9/11 Commission Act of 2007, Public Law 110-53, 6 U.S.C 1531.

OBJECTIVES:

The Fiscal Year (FY) 2017 Intercity Bus Security Grant Program (IBSGP) is one of DHS/FEMAs FY 2017 grant programs that directly support transportation infrastructure security activities. IBSGP is one tool in the comprehensive set of measures authorized by Congress and implemented by the

Administration to strengthen the Nations critical infrastructure against risks associated with potential terrorist attacks. IBSGP provides funding for critical infrastructure hardening and other physical security enhancements to support transit operators serving the Nations highest-risk metropolitan areas. Among the five basic homeland security missions noted in the DHS Quadrennial Homeland Security Review, The IBSGP supports the goal to Strengthen National Preparedness and Resilience.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

The FY 2017 IBSGP objectives are to support efforts that:

- Build and sustain core capabilities
- Strengthen regional security cooperation
- Encourage a whole community approach to security and emergency management

For additional information on program priorities and objectives for the FY 2017 IBSGP, refer to Appendix B FY 2017 IBSGP Priorities.

Applicant Eligibility:

This program is limited to applicants meeting one or both of the following criteria: (1) own/operate a fixed-route intercity bus service using over-the-road buses and providing services to a defined Urban Area Security Initiative (UASI) jurisdiction; or (2) own/operate a charter bus service using over-the-road buses providing a minimum of 50 trips annually to a defined UASI jurisdiction.

Beneficiary Eligibility:

General public.

Credentials/Documentation:

This program is limited to applicants meeting one or both of the following criteria: (1) own/operate a fixed-route intercity bus service using over-the-road buses and providing services to a defined Urban Area Security Initiative (UASI) jurisdiction; or (2) own/operate a charter bus service using over-the-road buses providing a minimum of 50 trips annually to a defined UASI jurisdiction. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application deadline and other information are contained in the FY 2016 IBSGP Notice of Funding Opportunity (NOFO).

Award Procedure:

Applications or plans are reviewed by DHS program and administrative staff. Any issues or concerns noted in the application will be negotiated with the successful applicant prior to the award being issued.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Refer to program guidance document.

Appeals:

None.

Renewals:

None.

Formula and Matching Requirements:

This program has no statutory formula.
Matching Requirements: Percent: 25%.
MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Refer to program guidance. Awards are subject to the Cash Management Improvement Act for payment and/or reimbursement of expenditures. See the following for information on how assistance is awarded/released: Payment based on Project need.

Reports:

Categorical Assistance Progress Reports (CAPR) are required semi-annually and are due within 30 days after the end of the reporting period (July 30 with a reporting period of January 1 through June 30, and January 30 with a reporting period of July 1 through December 31) for the life of the award. Grantees are also required to submit quarterly Financial Status Reports (FSR). The FSR are due 30 days after the end of each calendar quarter on January 30, April 30, July 30, and October 30. Final CAPR and FSR reports are due 90 days after the expiration or termination of grant award, whichever occurs first. Refer to program guidance. Refer to program guidance. Refer to program guidance. Refer to program guidance.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. These audits are due to the cognizant Federal agency, submitted through the Federal Audit Clearinghouse, not later than 9 months after the end of the grantees fiscal year.

Records:

Grant records shall be retained for a period of 3 years from the day the recipient submits its final expenditure report. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later. Grant records include financial and program/progress reports, support documents, statistical records, and other documents that support the activity and/or expenditure of the recipient or sub-recipient under the award.

97.061 CENTERS FOR HOMELAND SECURITY (COE)**FEDERAL AGENCY:**

Science and Technology (S&T), Department of Homeland Security

AUTHORIZATION:

Homeland Security Act of 2002, Section 1205, Public Law 107-296, 6 U.S.C 188(b).

OBJECTIVES:

Sponsored by the DHS Office of University Programs, the Centers of Excellence perform research and development activities to provide critical homeland security tools, technologies, training, and talent. The Centers of Excellence (COE) network is an extended consortium of hundreds of universities generating ground-breaking ideas for new technologies and critical knowledge. All Centers of Excellence work closely with academia, industry, DHS components and first-responders to develop customer-driven research solutions to on the ground challenges as well as provide essential training to the next generation of homeland security experts. The research portfolio is a mix of basic and applied research addressing both short and long-term needs. The COE extended network is also available for rapid response efforts.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:

Proposals must be submitted by an accredited U.S. institution of higher education that, along with its chosen partners, has the ability and capacity to conduct the required research. An accredited public and private institution of higher education in the United States must be identified as the official lead for proposal submission and subsequent negotiations. COEs may partner with other academic institutions, historically black colleges and universities (HBCUs) and/or other MSIs and institutions in states that are part of the Experimental Program to Stimulate Competitive Research (EPSCoR), public or private sector, and non-profit organizations, including any organizations that meet the definition of nonprofit in OMB Circular A-122, relocated to 2 CFR Part 230. However, nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply. Partnering entities will generally be funded through subawards from the lead institutions. National laboratories funded by Federal agencies may not apply. Refer to Program Guidance.

Applicant Eligibility:

Eligible applicants are accredited U.S. institutions of higher education.

Beneficiary Eligibility:

Public and private colleges and universities.

97.067 HOMELAND SECURITY GRANT PROGRAM

(HSGP)

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

Homeland Security Act of 2002, Public Law 107-296; Department of Homeland Security Appropriations Act of 2017, Public Law 114-4.

OBJECTIVES:

The purpose of the Fiscal Year (FY) 2017 HSGP is to support state, local and tribal efforts to prevent terrorism and other catastrophic events and to prepare the Nation for the threats and hazards that pose the greatest risk to the security of the United States. References to these priorities can be found throughout this document. The FY 2017 HSGP provides funding to implement investments that enhance terrorism preparedness and serve to build, sustain, and deliver the 32 core capabilities essential to achieving the National Preparedness Goal (the Goal) of a secure and resilient Nation. The building, sustainment, and delivery of these core capabilities are not exclusive to any single level of government, organization, or community, but rather, require the combined effort of the whole community, inclusive of children, individuals with disabilities and others with access and functional needs, diverse communities, and people with limited English proficiency. The FY 2017 HSGP supports the core capabilities across the five mission areas of Prevention, Protection, Mitigation, Response, and Recovery based on allowable costs. The FY 2017 HSGP will provide federal funds to assist state, local, tribal, and territorial agencies to obtain the resources required to support implementation of the National Preparedness System (NPS) and the Goal of a secure and resilient Nation.

Among the five basic homeland security missions noted in the DHS Quadrennial Homeland Security Review, HSGP supports the goal to Strengthen National Preparedness and Resilience.

HSGP is comprised of three grant programs:

State Homeland Security Program (SHSP)

Urban Area Security Initiative (UASI)

Operation Stonegarden (OPSG)

Together, these grant programs fund a range of activities, including planning, organization, equipment purchase, training, exercises, and management and administration across all core capabilities and mission areas.

Objectives

State Homeland Security Program (SHSP): The SHSP assists state, tribal, territorial, and local preparedness activities that address high-priority preparedness gaps across all core capabilities that support terrorism preparedness. All supported investments are based on capability targets and gaps identified during the Threat and Hazard Identification and Risk Assessment (THIRA) process, and assessed in the State Preparedness Report (SPR).

Urban Area Security Initiative (UASI): The UASI program assists

high-threat, high-density Urban Areas in efforts to build, sustain, and deliver the capabilities necessary to prevent, protect against, mitigate, respond to, and recover from acts of terrorism.

Operation Stonegarden (OPSG): The OPSG Program supports enhanced cooperation and coordination among Customs and Border Protection (CBP), United States Border Patrol (USBP), and Federal, state, local, tribal, and territorial law enforcement agencies. The OPSG Program provides funding to support joint efforts to secure the United States borders along routes of ingress from international borders to include travel corridors in states bordering Mexico and Canada, as well as states and territories with international water borders.

All three programs are risk-driven, capabilities-based and outline high-priority needs relating to terrorism preparedness. For these programs to be effective, government officials and elected leaders, working with the whole community, must consider how to sustain current capability levels, while also addressing potential gaps.

Priorities

The Goal defines what it means for the whole community to be prepared for all types of disasters and emergencies. The NPS is the instrument the Nation employs to build, sustain, and deliver core capabilities in order to achieve the Goal of a secure and resilient Nation. Complex and far-reaching threats and hazards require a collaborative and whole community approach to national preparedness that engages individuals, families, communities, private and nonprofit sectors, faith-based organizations, and all levels of government. The guidance, programs, processes, and systems that support each component of the NPS allows for the integration of preparedness efforts that build, sustain, and deliver core capabilities and achieve the desired outcomes identified in the Goal.

DHS/FEMA publishes the annual National Preparedness Report (NPR) to communicate progress in building, sustaining, and delivering the core capabilities outlined in the Goal. This analysis provides a National perspective on critical preparedness trends for whole community partners to use to inform program priorities, allocate resources, and communicate with stakeholders about issues of shared concern. The NPR can be found at <http://www.fema.gov/national-preparedness-report>.

In developing applications for the FY 2017 HSGP, recipients should consider funding projects that address core capability gaps within the NPR national areas for improvement that relate to terrorism preparedness, including:

- Cybersecurity;
- Infrastructure Systems;
- Economic Recovery;
- Housing; and
- Natural and Cultural Resources.

In addition, DHS/FEMA requires recipients to prioritize investments that address capability targets and gaps identified through the annual THIRA and SPR process. These assessments set capability targets and measure current ability to meet those targets.

Minimum funding amounts are not prescribed by the DHS for these capability targets and gaps; however, recipients must support state, local, tribal, regional, and national efforts in achieving the desired outcomes of these priorities. Grant funds must clearly support resources the recipients need to achieve the THIRA targets and close capability gaps. Appendix B-Program Priorities addresses additional areas where funding can be applied to strengthen preparedness efforts.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

DHS grant funds may only be used for the purpose set forth in the grant, and must be consistent with the statutory authority for the award. Grant funds may not be used for matching funds for other Federal grants/cooperative agreements, lobbying, or intervention in Federal regulatory or adjudicatory proceedings. In addition, Federal funds may not be used to sue the Federal government or any

other government entity. Pre-award costs are allowable only with the written consent of DHS and if they are included in the award agreement. Although no longer funded as discrete grant programs, all activities and costs allowed under the FY 2010 Buffer Zone Protection Program (BZPP), FY 2010 Interoperable Emergency Communications Grant Program (IECGP), FY 2011 Citizen Corps Program (CCP), FY 2011 Drivers License Security Grant Program (DLSGP), and FY 2011 Metropolitan Medical Response System (MMRS) grant program are allowable and encouraged activities and costs under the FY 2017 HSGP. For additional information on allowable activities, please refer to <http://www.fema.gov/grants>.

Federal employees are prohibited from serving in any capacity (paid or unpaid) on any proposal submitted under this program. Federal employees may not receive funds under this award. There may be limitations on the use of HSGP and THSGP funds for the following categories of costs:

- Management and Administration
- Planning
- Organization
- Equipment
- Training
- Exercises
- Maintenance and Sustainment
- Critical Emergency Supplies
- Construction and Renovation

For additional details on restrictions on the use of funds, please refer to the FY 2017 HSGP and THSGP Notice of Funding Opportunity. THSGP grantees may only fund investments that were included in the FY 2017 Investment Justifications (IJs) that were submitted to FEMA and evaluated through the peer review process. Funds Transfer Restriction: The recipient is prohibited from transferring funds between programs (includes SHSP, UASI, and OPSG). Recipients are allowed to submit an investment/project where funds come from multiple funding sources (i.e., SHSP/UASI); however, recipients are not allowed to divert funding from one program to another due to the risk-based funding allocations, which were made at the discretion of DHS/FEMA.

Awards made to the SAA for HSGP carry additional pass-through requirements. Pass through is defined as an obligation on the part of the SAA to make funds available to local units of government, combinations of local units, tribal governments, or other specific groups or organizations. The SAAs pass through requirement must be met within 45 days of the award date. Four requirements must be met to pass through grant funds:

The award must be some action to establish a firm commitment on the part of the SAA;

The action must be unconditional on the part of the awarding entity (i.e., no contingencies for availability of SAA funds);

There must be documentary evidence (i.e., award document, terms and conditions) of the commitment; and

The award terms must be communicated to the official recipient

The SAA must obligate at least 80 percent (80%) of the funds awarded under SHSP and UASI to local or Tribal units of government within 45 days of receipt of the funds. Receipt of funds occurs when the recipient accepts the award or 15 days after the recipient is notified of the award, whichever comes first. The signatory authority of the SAA must certify in writing to DHS/FEMA that pass-through requirements have been met. A letter of intent (or equivalent) to distribute funds is not considered sufficient. The pass through requirement does not apply to SHSP awards made to the District of Columbia, Guam, American Samoa, the U.S. Virgin Islands, and the Commonwealth of the Northern Mariana Islands. The Commonwealth of Puerto Rico is required to comply with the pass-through requirement and its SAA must also obligate at least 80 percent (80%) of the funds to local units of government within 45 days of receipt of the funds. Any UASI funds retained by the SAA must be used to directly support the designated Urban Areas in the state. The SAA must propose an investment describing how such UASI funds it retains will be used to directly support the Urban Area.

Under SHSP, the SAA may retain more than 20 percent (20%) of SHSP funding for expenditure made by the state on behalf of the local unit(s) of government. This may occur only with the written consent of the local unit of government, specifying the amount of funds to be retained and the intended use of funds. If a written consent agreement is already in place from previous fiscal

years, DHS/FEMA will continue to recognize it for FY 2017. If modifications to the existing agreement are necessary, the SAA should contact their assigned Headquarters Program Analyst.

Per section 2006 of the Homeland Security Act of 2002, as amended, (6 U.S.C. 607), DHS/FEMA is required to ensure that at least 25 percent (25%) of grant funding appropriated for the Homeland Security Grant Program and Tribal Homeland Security Grant Program are used for law enforcement terrorism prevention activities. DHS/FEMA meets this requirement, in part, by requiring all SHSP and UASI recipients to ensure that at least 25 percent (25%) of the combined HSGP funds allocated under SHSP and UASI are dedicated towards law enforcement terrorism prevention activities, as defined in 6 U.S.C. 607. The LETPA allocation can be from SHSP, UASI or both. This requirement does not include award funds from OPSG. The 25% LETPA allocation is in addition to the 80% pass through requirement to local units of government and Tribes.

The recipient must pass through 100 percent (100%) of OPSG allocations to eligible jurisdictions. The recipient is prohibited from obligating or expending funds provided through this award until each unique and specific county-level or equivalent Operational Order/Fragmentary Operations Order budget has been reviewed and approved through an official electronic mail notice issued by DHS/FEMA removing this special programmatic condition. Eligible sub-recipients under the FY 2017 OPSG Program are local units of government at the county level and Federally-recognized Tribal governments in states bordering Canada, states bordering Mexico, and states and territories with international water borders. All applicants must have active ongoing USBP operations coordinated through a CBP sector office to be eligible for OPSG funding.

As part of the FY 2017 OPSG application process, each eligible local unit of government at the county or Federally-recognized Tribal government level must develop their Operations Order in coordination with state and Federal law enforcement agencies, to include, but not limited to CBP/USBP, Operations Orders that are developed at the county level should be inclusive of city, county, Tribal, and other local law enforcement agencies that are eligible to participate in OPSG operational activities. The Operations Order should address this in the Executive Summary. Operations Order details should include the names of the agencies, points of contact, and individual funding requests. All applications must be developed in collaboration with the local USBP sector office, the SAA and the local unit of government. The sector office will then forward the application to the SAA for final review before submission to DHS/FEMA.

Applications will be reviewed by the SAA and USBP Sector Headquarters for completeness and adherence to programmatic guidelines and evaluated for anticipated feasibility, need, and impact of the Operations Orders.

DHS/FEMA will verify compliance with all administrative and eligibility criteria identified in the NOFO and required submission of Operations Orders and Inventory of Operations Orders by the established due dates. DHS/FEMA and USBP will use the results of both the risk analysis and the Federal review by DHS/FEMA to make recommendations for funding to the Secretary of Homeland Security.

FY 2017 OPSG funds will be allocated competitively based on risk-based prioritization using the USBP Sector-specific border risk methodology described above. Final funding allocations are determined by the Secretary, who may consider information and input from various law enforcement offices or subject matter experts within the Department. Factors considered include, but are not limited to: threat, vulnerability, miles of border, and other border-specific law enforcement intelligence, as well as feasibility of FY 2017 Operation Orders to designated localities within the United States Border States and territories.

Applicant Eligibility:

All 56 States, which includes any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands, are eligible to apply for SHSP funds. For those states that are eligible for UASI and OPSG funding, the State Administrative Agency (SAA) is the only entity

eligible to submit applications to DHS/FEMA on behalf of UASI and OPSG applicants.

Beneficiary Eligibility:

THSGP: Native American Tribal Government (Federally recognized)

HSGP: States, territories and local governments

THSGP: In order to be eligible to receive THSGP funding, grantees must be considered directly eligible Tribes. Per the 9/11 Act, the term directly eligible Tribe means

(A) any Indian Tribe

(i) that is located in the continental United States;

(ii) that operates a law enforcement or emergency response agency with the capacity to respond to calls for law enforcement or emergency services;

(iii) a. that is located on or near (50 miles) an international border or a coastline bordering an ocean (including the Gulf of Mexico) or international waters (excluding shoreline border around the Great Lakes);

b. that is located within 10 miles of a system or asset included on the prioritized critical infrastructure list established under section 210E(a)(2) [please refer to section 1001 of the 9/11 Act] or has such a system or asset within its territory;

c. that is located within or contiguous to one of the 50 most populous metropolitan statistical areas in the United States; or

d. the jurisdiction of which includes not less than 1,000 square miles of Indian country, as that term is defined in section 1151 of title 18, United States Code; and

(iv) that certifies to the Secretary that a State has not provided funds under section 2003 [UASI] or 2004 [SHSP] to the Indian Tribe or consortium of Indian Tribes for the purpose for which direct funding is sought; and (B) a consortium of Indian Tribes, if each Tribe satisfies the requirements of subparagraph (A).

In summary, eligible Tribes must meet the requirements set forth in (A) (i), and (A) (ii), and (A) (iv). Tribes must also meet one of the requirements set forth in (A) (iii); either (A) (iii) (a), or (A) (iii) (b), or (A) (iii) (c), or (A) (iii) (d). Finally, (B) may also be satisfied, if each Tribe satisfies the requirements of subparagraph (A).

In FY 2012, applicants must self-certify as to whether they meet the eligibility requirements. Self-certification will be provided on the THSGP Eligibility Certification Form as part of Application Investment Justification. Any questions regarding an applicant's proximity to a Critical Infrastructure and Key Structures (CI/KR) site, as described in the eligibility criteria, may be directed to the State Administrative Agency (SAA). Any additional questions regarding the overall self-certification of eligibility process may be directed to the Centralized Scheduling and Information Desk (CSID). CSID can be reached by phone at (800) 368-6498 or by e-mail at askcsid@dhs.gov, Monday through Friday, 9:00 a.m. 5:30 p.m. EST.

Credentials/Documentation:

As part of the FY 2017 HSGP application process for SHSP and UASI funds, applicants must develop a formal IJ that addresses the proposed investments. Each IJ must demonstrate how proposed investments:

Address capability gaps identified as State priorities in the most recent SPR; Align to Urban Area, state, and/or regional THIRAs and national priorities, as outlined in the NPR; and

Engage and/or impact the whole community, including children, older adults, pregnant women, individuals with limited English proficiency, individuals with disabilities and others with access and functional needs.

Furthermore, the IJ must clearly identify and explain how the project will assist the applicant to achieve capability targets related to preventing, preparing for, protecting against, or responding to acts of terrorism.

Instructions for SHSP

Applicants must propose at least one and include up to 10 projects within each investment in their IJ to describe the activities they would plan to implement with SHSP funds.

Any projects not included in the application must be included in the first BSIR.

Of the proposed 10 investments, recipients using SHSP funds are required to propose at least one investment in support of a designated fusion center that will be funded by SHSP funds. Recipients must coordinate with the fusion center when developing a fusion center investment prior to submission.

Recipients investing in emergency communications must describe how activities align to their statewide Communication Interoperable Plan (SCIP). Recipients must coordinate with their statewide Interoperability Coordinator (SWIC) and/or statewide Interoperability Governance Body (SIGB) when developing an emergency communications investment prior to submission to ensure the project supports the statewide strategy to improve emergency communications and is compatible and interoperable with surrounding systems.

Instructions for UASI

Urban Areas must propose at least one and up to 10 projects within each investment in their IJ to describe the activities they are planning to implement with UASI funds.

Any projects not included in the application must be included in the first BSIR.

If applicable, Urban Areas are required to propose at least one investment in support of a designated fusion center within the Urban Area. Recipients must coordinate with the fusion center when developing a fusion center investment prior to submission.

If UASI funds are used by the SAA in support of the Urban Area, the SAA must, as part of the up to 10 investments, propose an investment describing how UASI funds will be used by the SAA to directly support the Urban Area. Recipients investing in emergency communications must describe how activities align to the SCIP. Recipients must coordinate with the statewide Interoperability Coordinator (SWIC) and/or statewide Interoperability Governance Body (SIGB) when developing an emergency communications investment prior to submission to ensure the project supports the statewide strategy to improve emergency communications and is compatible and interoperable with surrounding systems.

Instructions for OPSG

As part of the FY 2017 OPSG application process, each eligible local unit of government at the county or Federally-recognized Tribal government level must develop their Operations Order in coordination with state and Federal law enforcement agencies, to include, but not limited to CBP/USBP. Operations Orders that are developed at the county level should be inclusive of city, county, Tribal, and other local law enforcement agencies that are eligible to participate in OPSG operational activities. The Operations Order should address this in the Executive Summary. Operations Order details should include the names of the agencies, points of contact, and individual funding requests. All applications must be developed in collaboration with the local USBP sector office, the SAA and the local unit of government. The sector office will then forward the application to the SAA for final review before submission to DHS/FEMA. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. All applications must be received by the established deadline. The Non-Disaster (ND) Grants System has a date stamp that indicates when an application is submitted. Applicants will receive an electronic message confirming receipt of the full application. In general, DHS/FEMA will not review applications that are not received by the deadline or consider them for funding. DHS/FEMA may, however, extend the application deadline on request for any applicant who can demonstrate that good cause exists to justify extending the deadline. Good cause for an extension may include technical problems outside of the applicants control that prevent submission of the application by the deadline, or other exigent or emergency circumstances. If you experience technical issues, you must notify the respective Headquarters Program Analyst as soon as possible.

Application forms and instructions are available at Grants.gov. To access these materials, go to <http://www.grants.gov>, select Applicants then Apply for Grants, read the registration requirements and register if necessary (Allow up

to 7-10 business days after you submit before your registration is active in SAM, then an additional 24 hours for Grants.gov to recognize your information). In order to obtain the application package select Download a Grant Application Package, enter the CFDA and/or the funding opportunity number located on the cover of this NOFO, select Download Package, and then follow the prompts to download the application package.

Award Procedure:

In FY 2017, the total amount of funds distributed under this grant program will be \$1,037,000,000. The specific information regarding funding allocations for the three HSGP programs are detailed below:

SHSP Allocations: FY 2017 SHSP funds will be allocated based on three factors: minimum amounts as legislatively mandated, DHS/FEMAs risk methodology, and anticipated effectiveness of proposed projects. Anticipated effectiveness is assessed based on the applicants description of how proposed projects, as outlined in the investment Justifications (IJs), align with state THIRA and SPR results.

Each state and territory will receive a minimum allocation under SHSP using thresholds established in the Homeland Security Act of 2002, as amended. All 50 States, the District of Columbia, and the Commonwealth of Puerto Rico will receive 0.35 percent of the total funds allocated for grants under Section 2003 and Section 2004 of the Homeland Security Act of 2002, as amended. Four territories (American Samoa, Guam, the Northern Mariana Islands, and the U.S. Virgin Islands) will receive a minimum allocation of 0.08 percent of the total funds allocated for grants under Section 2003 and 2004 of the Homeland Security Act of 2002, as amended.

UASI Allocations: FY 2017 UASI funds will be allocated based on DHS/FEMAs risk methodology and anticipated effectiveness of proposed projects. Anticipated effectiveness is assessed based on the applicants description of how proposed projects, as outlined in the IJs, align with the Urban Area THIRA. Eligible candidates for the FY 2017 UASI program have been determined through an analysis of relative risk of terrorism faced by the 100 most populous Metropolitan Statistical Areas (MSAs) in the United States, in accordance with the Homeland Security Act of 2002, as amended. Detailed information on MSAs is publicly available from the United States Census Bureau at <http://www.census.gov/population/www/metroareas/metrodef.html>. **OPSG Allocations:** The FY 2017 OPSG Risk Assessment is designed to identify the risk to border security and to assist with the distribution of funds for the grant program. Funding under OPSG is distributed based on the risk to the security of the border. Entities eligible for funding are the state, local and Tribal law enforcement agencies that are located along the border of the United States.

For the purposes of OPSG, risk is defined as the potential for an adverse outcome assessed as a function of threats, vulnerabilities, and consequences associated with an incident, event, or occurrence.

Based upon ongoing intelligence analysis and extensive security reviews, DHS/FEMA continues to focus the bulk of OPSG funds based upon risk analyses. The risk model used to allocate OPSG funds considers the potential risk that certain threats pose to border security and estimate the relative risk faced by a given area. In evaluating risk, DHS/FEMA considers the populations in a particular area that could be at risk, the concentration of people in the area, and specific characteristics of their location that might contribute to risk, such as Intelligence Community assessments of threat and the potential impacts that the threats pose to the security of the border area. For vulnerability and consequence, DHS/FEMA considers the expected impact and consequences of successful border events occurring in specific areas.

To determine the level of risk, two primary components are considered: **Threat:** natural or man-made occurrence, individual, entity, or action that has or indicates the potential to harm life, information, operations, the environment, and/or property. OPSG uses the effect of the threat to the border to evaluate consequence.

Vulnerability: characteristic of design, location, security posture, operation, or any combination thereof, that renders an asset, system, network, or entity susceptible to disruption, destruction, or exploitation.

Threat and vulnerability are evaluated by assigning each factor a value based on specific operational data from CBP Components. Threat components present in

each of the Sectors are used to determine the overall threat score. These components are:
Terrorism Criminal Aliens
Drug Trafficking Organizations Alien Smuggling Organizations.

Deadlines:

Jun 02, 2017 to Jun 22, 2017 Application Start Date: 06/02/2017
Application Submission Deadline Date: 06/22/2017 at 5:00 PM EDT
Anticipated Funding Selection Date: 09/01/2017 09/30/2017
Anticipated Award Date: 09/30/2017.

Range of Approval/Disapproval Time:

Announcement Notice of Funding Opportunity. Anticipated Funding Selection Date is 09/01/2017.FY 2017 SHSP and UASI are non-competitive programs. Funds for FY 2017 OPSG will be allocated competitively. This includes the use of risk-based prioritization using CBP Sector-specific border risk to include, but not limited to: threat, vulnerability, miles of border, and other border-specific law enforcement intelligence. Each applicants final funding allocation will be determined by using a combination of the results of the risk analysis and feasibility of the Operations Orders. The following process will be used to make awards under FY 2017 THSGP:

Applicants will self-certify as to tribal eligibility per the 9/11 Act; FEMA will verify compliance with all administrative and eligibility criteria identified in the application kit, to include the required submission of an IJ by the established due dates;
Eligible applications will be reviewed and scored through a peer review process to analyze the anticipated effectiveness of proposed Investments; and FEMA will use the results of the peer review effectiveness scores to make recommendations for funding to the Secretary of Homeland Security.

Formula and Matching Requirements:

Statutory Formula: FY 2017 SHSP funds will be allocated based on three factors: minimum amounts as legislatively mandated, DHS risk methodology, and anticipated effectiveness based on the strength of the Investment Justification (IJ). Each State and territory will receive a minimum allocation under SHSP using the thresholds established in the 9/11 Act. All 50 States, the District of Columbia, and Puerto Rico will receive 0.35 percent of the total funds allocated for grants under Section 2003 and Section 2004 of the Homeland Security Act of 2002, as amended by the 9/11 Act, for SHSP. Four territories (American Samoa, Guam, the Northern Mariana Islands, and the U.S. Virgin Islands) will receive a minimum allocation of 0.08 percent of the total funds allocated for grants under Section 2003 and 2004 of the Homeland Security Act of 2002, as amended by the 9/11 Act, for SHSP.

This program has no matching requirements. None.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The Period of Performance is 36 months. For more information, refer to the FY 2017 HSGP and THSGP Funding Opportunity Announcement Notice of Funding Opportunity. Awards are subject to the Cash Management Act for payment and/or reimbursement of expenditures.

The period of performance outlined above support the effort to expedite the outlay of grant funding and provide economic stimulus. Agencies should request waivers sparingly, and they will be granted only due to compelling legal, policy, or operational challenges. See the following for information on how assistance is awarded/released: Based on project need.

Reports:

All successful applicants for all DHS grant and cooperative agreements are required to comply with DHS Standard Administrative Terms and Conditions available within Section 6.1.1 of <http://www.dhs.gov/xlibrary/assets/cfo-financial-management-policy-manual.pdf>. Federal Financial Report (FFR) required quarterly. Obligations and expenditures must be reported on a quarterly basis through the FFR (SF-425). A report must be submitted for every quarter of the period of performance, including partial calendar quarters, as well as for periods where no grant

activity occurs. Future awards and fund drawdowns may be withheld if these reports are delinquent. The final FFR is due 90 days after the end date of the performance period. FFRs must be filed electronically through PARS.

Grant Close-Out Process. DHS/FEMA will close out the grant award when it determines that all applicable administrative actions and all required work of the HSGP award have been completed by the recipient. This section summarizes the actions that the recipient must take to complete the closeout process in accordance with 2 C.F.R. 200.343 at the end of the grants period of performance or the issuance of a Grant Amendment Notice issued to close out the grant.

Within 90 days after the end of the period of performance, or after an amendment has been issued to close out a grant, whichever comes first, recipients must submit a final FFR and final progress report detailing all accomplishments and a qualitative summary of the impact of those accomplishments throughout the period of performance, as well as the following documentation:

- 1) Final request for payment, if applicable;
- 2) SF-425 Final Federal Financial Report;
- 3) SF-PPR Final Performance Progress Report;
- 4) A qualitative narrative summary on the impact of those accomplishments throughout the entire period of performance submitted to the respective Grant Programs Directorate (GPD) HQ Program Analyst in a Word document;
- 5) SF-428 Tangible Personal Property Report Inventory of all tangible personal property acquired using funds from this award.
- 6) Other documents required by program guidance or terms and conditions of the award.

If applicable, an inventory of all construction projects that used funds from this program has to be reported using the Real Property Status Report (Standard Form SF 429) available at http://www.whitehouse.gov/sites/default/files/omb/grants/approved_forms/sf-429.pdf.

Additionally, the recipient must liquidate all obligations incurred under the HSGP award no later than 90 calendar days after the end date of the period of performance or issuance of a Grant Amendment Notice that closes out the award, whichever comes first. Recipients who do not liquidate their obligations within this time period may have the costs of their unliquidated obligations disallowed. Recipients are also responsible for promptly returning to DHS/FEMA the balance of any funds that have been drawn down, but remain unliquidated.

After these reports have been reviewed and approved by DHS/FEMA, a close-out notice will be completed to close out the grant. The notice will indicate the period of performance as closed, list any remaining funds the recipient has not drawn down that will be deobligated, and address requirements for record retention, and disposition and reporting requirements for any equipment or real property purchased using THSGP grant funding.

In addition, any HSGP recipient that issues subawards to any subrecipient is responsible for closing out those subawards as described in 2 C.F.R. 200.343. HSGP recipients must ensure that they complete the closeout of their subawards in time to submit all necessary documentation and information to DHS/FEMA during the closeout of their own grant award. Recipients are responsible for providing updated performance reports using the SF-PPR on a biannual basis. Recipients must submit the cover page of the SF-PPR as an attachment to the ND Grants system. The SF-PPR can be accessed online at http://www.na.fs.fed.us/fap/SF-PPR_Cover%20Sheet.pdf. As part of the SF-PPR, recipients will be required to report on progress towards implementing the following performance measures:

For fusion centers, the achievement of capabilities and compliance with measurement requirements within the Maturation and Enhancement of State and Major Urban Area Fusion Centers priority through the annual Fusion Center Assessment Program managed by the DHS Office of Intelligence and Analysis (I&A) and reported to DHS/FEMA.State Preparedness Report (SPR)

Submittal. The SPR is an annual capability assessment. The Post-Katrina Emergency Management Reform Act of 2006 (PKEMRA) requires an SPR from any state/territory receiving Federal preparedness assistance administered by DHS/FEMA. Each state submits an annual SPR to DHS/FEMA. Federal Financial Report (FFR) required quarterly. Obligations and expenditures must be reported on a quarterly basis through the FFR (SF-425). A report must be submitted for every quarter of the period of performance, including partial calendar quarters, as well as for periods where no grant activity occurs. Future awards and fund draw downs may be withheld if these reports are delinquent. The final FFR is due 90 days after the end date of the performance period. FFRs must be filed electronically through PARS.

Grant Close-Out Process. DHS/FEMA will close out the grant award when it determines that all applicable administrative actions and all required work of the HSGP award have been completed by the recipient. This section summarizes the actions that the recipient must take to complete the closeout process in accordance with 2 C.F.R. 200.343 at the end of the grants period of performance or the issuance of a Grant Amendment Notice issued to close out the grant.

Within 90 days after the end of the period of performance, or after an amendment has been issued to close out a grant, whichever comes first, recipients must submit a final FFR and final progress report detailing all accomplishments and a qualitative summary of the impact of those accomplishments throughout the period of performance, as well as the following documentation:

- 1) Final request for payment, if applicable;
- 2) SF-425 Final Federal Financial Report;
- 3) SF-PPR Final Performance Progress Report;
- 4) A qualitative narrative summary on the impact of those accomplishments throughout the entire period of performance submitted to the respective Grant Programs Directorate (GPD) HQ Program Analyst in a Word document;
- 5) SF-428 Tangible Personal Property Report Inventory of all tangible personal property acquired using funds from this award.
- 6) Other documents required by program guidance or terms and conditions of the award.

If applicable, an inventory of all construction projects that used funds from this program has to be reported using the Real Property Status Report (Standard Form SF 429) available at http://www.whitehouse.gov/sites/default/files/omb/grants/approved_forms/sf-429.pdf.

Additionally, the recipient must liquidate all obligations incurred under the HSGP award no later than 90 calendar days after the end date of the period of performance or issuance of a Grant Amendment Notice that closes out the award, whichever comes first. Recipients who do not liquidate their obligations within this time period may have the costs of their unliquidated obligations disallowed. Recipients are also responsible for promptly returning to DHS/FEMA the balance of any funds that have been drawn down, but remain unliquidated.

After these reports have been reviewed and approved by DHS/FEMA, a close-out notice will be completed to close out the grant. The notice will indicate the period of performance as closed, list any remaining funds the recipient has not drawn down that will be deobligated, and address requirements for record retention, and disposition and reporting requirements for any equipment or real property purchased using THSGP grant funding.

In addition, any HSGP recipient that issues subawards to any subrecipient is responsible for closing out those subawards as described in 2 C.F.R. 200.343. HSGP recipients must ensure that they complete the closeout of their subawards in time to submit all necessary documentation and information to DHS/FEMA during the closeout of their own grant award. Recipients will be monitored on an annual and as needed basis by DHS/FEMA staff, both programmatically and financially, to ensure that the project goals, objectives, performance requirements, timelines, milestone completion, budgets, and other related program criteria are being met.

Monitoring may be accomplished through desk-based reviews on-site monitoring visits, or both. Monitoring will involve the review and analysis of the financial, programmatic, performance, compliance and administrative processes, policies, activities, and other attributes of each Federal assistance award and will identify areas where technical assistance, corrective actions and other support may be needed.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. These audits are due to the cognizant Federal agency, submitted through the Federal Audit Clearinghouse, not later than 9 months after the end of the grantees fiscal year.

Records:

Grant records shall be retained for a period of 3 years from the day the recipient submits its final expenditure report. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later. Grant records include financial and program/progress reports, support documents, statistical records, and other documents that support the activity and/or expenditure of the recipient or sub-recipient under the award.

CRITERIA FOR SELECTING PROPOSALS:

FY 2017 SHSP and UASI are non-competitive programs. For additional information on FY 2017 SHSP and UASI allocations, refer to the FY 2017 HSGP Notice of Funding Opportunity. Funds for FY 2017 OPSG will be allocated competitively. This includes the use of risk-based prioritization using CBP Sector-specific border risk to include, but not limited to: threat, vulnerability, miles of border, and other border-specific law enforcement intelligence. Each applicant's final funding allocation will be determined by using a combination of the results of the risk analysis and feasibility of the Operations Orders. In order to be eligible to receive THSGP funding, grantees must be considered directly eligible Tribes. Per the 9/11 Act, the term directly eligible Tribe means

(A) any Indian Tribe

(i) that is located in the continental United States;

(ii) that operates a law enforcement or emergency response agency with the capacity to respond to calls for law enforcement or emergency services;

(iii)

a. that is located on or near (50 miles) an international border or a coastline bordering an ocean (including the Gulf of Mexico) or international waters (excluding shoreline border around the Great Lakes);

b. that is located within 10 miles of a system or asset included on the prioritized critical infrastructure list established under section 210E(a)(2) [please refer to section 1001 of the 9/11 Act] or has such a system or asset within its territory;

c. that is located within or contiguous to one of the 50 most populous metropolitan statistical areas in the United States; or

d. the jurisdiction of which includes not less than 1,000 square miles of Indian country, as that term is defined in section 1151 of title 18, United States Code; and

(iv) that certifies to the Secretary that a State has not provided funds under section 2003 [UASI] or 2004 [SHSP] to the Indian Tribe or consortium of Indian Tribes for the purpose for which direct funding is sought; and

(B) a consortium of Indian Tribes, if each Tribe satisfies the requirements of subparagraph (A).

In summary, eligible Tribes must meet the requirements set forth in (A) (i), and (A) (ii), and (A) (iv). Tribes must also meet one of the requirements set forth in (A) (iii); either (A) (iii) (a), or (A) (iii) (b), or (A) (iii) (c), or (A) (iii) (d).

Finally, (B) may also be satisfied, if each Tribe satisfies the requirements of subparagraph (A).

In FY 2017, applicants must self-certify as to whether they meet the eligibility requirements. Self-certification will be provided on the THSGP Eligibility Certification Form as part of Application Investment Justification. Any questions regarding an applicant's proximity to a Critical Infrastructure and Key Structures (CI/KR) site, as described in the eligibility criteria, may be directed to the State Administrative Agency (SAA). Any additional questions regarding the overall self-certification of eligibility process may be directed to the CSID.

97.070 MAP MODERNIZATION MANAGEMENT SUPPORT

MMMS

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

The Flood Disaster Protection Act of 1973, as amended, 42 U.S.C 5121-5202; Housing and Urban Development Act of 1968 (also known as the National Flood Insurance Act of 1968), as amended, 42 U.S.C 4101; The National Flood Insurance Reform Act of 1994, Public Law 103-325, 42 U.S.C 4001.

OBJECTIVES:

To increase local involvement in, and ownership of, management of, the development and maintenance of flood hazard maps produced for the National Flood Insurance Program (NFIP).

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The funds are authorized to supplement, not supplant (replace), ongoing flood hazard mapping management efforts by the local, regional, or State agency.

Applicant Eligibility:

All States and Commonwealths (including the District of Columbia and territories and possessions of the United States), regional agencies, and communities may apply. All applicants must be communities participating and in good standing in the NFIP or agencies which service participating NFIP communities.

Beneficiary Eligibility:

State; local; U.S. Territory & Possession; other public institution/organization; small business; engineer/architect; builder, contractor, developer; land/property owner; general public.

Credentials/Documentation:

Proposed Business Plans must be pre-approved by the FEMA regional office and all approved activities must ultimately contribute to the achievement of four over-arching goals of the Map Modernization Program. Refer to program guidance document for further information.

All applicants must be communities participating and in good standing in the NFIP or agencies which service participating NFIP communities. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application deadline and other information are contained in the application/program guidance.

Award Procedure:

Applications or plans are reviewed by DHS program and administrative staff. Any issues or concerns noted in the application will be negotiated with the successful applicant prior to the award being issued.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Refer to program guidance document.

Appeals:

None.

Renewals:

None.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: There are no matching requirements; however, Regional Directos shall determine individual levels of funding based upon the activities proposed and the level of commitment shown in the Business Plans, and how these activities will contribute toward the overall goals of map modernization. In addition applicants must be legislatively, administratively, and technically capable of providing proposed products or services. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Refer to program guidance. Awards are subject to the Cash Management Improvement Act for payment and/or reimbursement of expenditures. See the following for information on how assistance is awarded/released: Refer to program guidance.

Reports:

Grantees are required to submit quarterly financial and performance reports. Quarterly "Progress Reports" must include the progress of each sub-grant award. Reports are due 30 days after the end of each quarter: January 30, April

30, July 30, and October 30. Final financial and performance reports are due 90 days after the expiration or termination of grant award. Refer to program guidance. Refer to program guidance. Refer to program guidance. Refer to program guidance.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. These audits are due to the cognizant Federal agency, submitted through the Federal Audit Clearinghouse, not later than 9 months after the end of the grantees fiscal year.

Records:

Grant records shall be retained for a period of 3 years from the day the recipient submits its final expenditure report. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later. Grant records include financial and program/progress reports, support documents, statistical records, and other documents that support the activity and/or expenditure of the recipient or sub-recipient under the award.

97.075 RAIL AND TRANSIT SECURITY GRANT PROGRAM

TSGP/IPR (AMTRAK)

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

Implementing Recommendations of the 9/11 Commission Act of 2007, Section

1406, Public Law 110-53, 6 U.S.C 1135.

OBJECTIVES:

The FY 2017 TSGP and IPR Program play an important role in the implementation of Presidential Policy Directive 8 (PPD-8) by supporting the development and sustainment of core capabilities. Core capabilities are essential for the execution of each of the five mission areas outlined in the National Preparedness Goal (NPG). The development and sustainment of these core capabilities are not exclusive to any single level of government or organization, but rather require the combined effort of the whole community. The FY 2017 TSGP and IPR Program support all core capabilities in the Prevention, Protection, Mitigation, Response, and Recovery mission areas based on allowable costs. Examples of tangible outcomes from the TSGP and IPR Program include building and sustaining emergency management capabilities through operational activities, operational packages (OPacks), Top Transit Asset List (TTAL) remediation; protection of high risk/high consequence underwater and underground rail assets; planning; use of visible, unpredictable deterrence; emergency preparedness drills and exercises; public awareness and preparedness campaigns; and protection of other high risk, high consequences areas or systems that have been identified through system wide risk assessments.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The TSGP and IPR Program are two of the Department of Homeland Security's FY 2017 grant programs which directly support transportation infrastructure security activities. These grant programs are part of a comprehensive set of measures authorized by Congress and implemented by the Department of Homeland Security to strengthen the Nations critical infrastructure against risks associated with potential terrorist attacks. TSGP provides funds to the Nations High-Threat Urban Areas for enhancement of security measures at critical transit infrastructure including bus, ferry, and rail systems. The intent of the FY 2017 TSGP is to competitively award grant funding to assist transit systems in obtaining the resources required to support the NPGs associated mission areas and core capabilities. IPR Program provides funds to Amtrak to develop security enhancements for eligible intercity passenger rail operations. The intent of the FY 2017 IPR is to grant funding to assist the Amtrak rail system in obtaining the resources required to support the NPGs associated mission areas and core capabilities. DHS grant funds may only be used for the purpose set forth in the grant, and must be consistent with the statutory authority for the award. Grant funds may not be used for matching funds for other Federal grants/cooperative agreements, lobbying, or intervention in Federal regulatory or adjudicatory proceedings. In addition, Federal funds may not be used to sue the Federal government or any other government entity. Pre-award costs are allowable only with the written consent of DHS and if they are included in the award agreement. Federal employees are prohibited from serving in any capacity (paid or unpaid) on any proposal submitted under this program. Federal employees may not receive funds under this award. In accordance with Homeland Security Presidential Directive (HSPD)-5, Management of Domestic Incidents, the adoption of NIMS is a requirement to receive Federal preparedness assistance, through grants, contracts, and other activities. Federal NIMS implementation must be considered prior to allocation of any Federal preparedness awards in FY 2017. The list of objectives against which progress and achievement are assessed and reported can be found at <http://www.fema.gov/emergency/nims/ImplementationGuidanceStakeholders.shtm#item2>. The primary grantee/administrator of FY 2017 TSGP award funds is responsible for determining if sub-awardees have demonstrated sufficient progress in NIMS implementation to disburse awards. Yes, in TSGP. Refer to the FY 2017 TSGP Notice of Funding Opportunity (NOFO) for more information.

Applicant Eligibility:

Agencies eligible for FY 2017 TSGP are determined based upon daily unlinked passenger trips (ridership) and transit systems that serve historically eligible Urban Area Security Initiative (UASI) jurisdictions. Certain ferry systems are eligible to participate in the FY 2017 TSGP and receive funds. However, any ferry system electing to participate and receive funds under the FY 2017 TSGP will not be eligible to participate under the FY 2017 Port Security Grant

Program (PSGP) and will not be considered for funding under the FY 2017 PSGP. Likewise, any ferry system that participates in the PSGP will not be eligible for funding under the TSGP. The 9/11 Act requires that high risk public transportation agencies, including those that receive grant funding, must develop a security plan based on a security assessment. Additionally, the legislation directs that grant funds be used to address items in the security assessment or the security plan. In order to be eligible for the FY 2017 TSGP, transit agencies must have developed and/or updated their security plan, which must be based on a security assessment such as the Baseline Assessment and Security Enhancement (BASE) performed by Transportation Security Inspectors-Surface from the Transportation Security Administration (TSA), within the last three years. A copy of the Security Plan and security assessment must be available for DHS review upon request. Entities providing transit security (e.g., city/county police department, transit agency's own police department) for a transit agency must approve the security plan. The signature of a responsible official from the agency's transit security provider serves as this approval. If there is more than one provider in the core service area, all transit security providers must review and concur with the plan. Associated documentation of this approval must be provided to DHS upon request. In addition, the agency's transit security provider is encouraged to review the Investment Justifications (IJ) prior to submission. Each Regional Transit Security Working Group (RTSWG) is required to develop and update at least every three years a Regional Transit Security Strategy (RTSS). As the owners and/or operators of infrastructure that is vital to the well being of the States and Urban Areas they serve, it is imperative that transit systems be incorporated into regional preparedness planning efforts. A copy of the Security Plan or security assessment must be available for DHS review upon request. The National Passenger Railroad Corporation (Amtrak) is the only entity eligible to apply for funding under FY 2017 IPR Program. For more information, refer to the FY 2017 TSGP and IPR Program Notice of Funding Opportunity (NOFO) National Incident Management System (NIMS) Implementation. In accordance with Homeland Security Presidential Directive (HSPD)-5, Management of Domestic Incidents, the adoption of NIMS is a requirement to receive Federal preparedness assistance, through grants, contracts, and other activities. Prior to allocation of any Federal preparedness awards in FY 2017, grantee must ensure compliance and/or alignment with the NIMS implementation plan. The list of objectives against which progress and achievement are assessed and reported can be found at <http://www.fema.gov/emergency/nims/ImplementationGuidanceStakeholders.shtm#item2>. The primary grantee/administrator of FY 2017 TSGP and IPR Program award funds is responsible for determining if sub-awardees have demonstrated sufficient progress in NIMS implementation to disburse awards.

Beneficiary Eligibility:

Specialized group; general public.

Credentials/Documentation:

In order to be eligible for the FY 2017 TSGP, transit agencies must have developed and/or updated their security plan, which must be based on a security assessment such as the Baseline Assessment and Security Enhancement (BASE) performed by Transportation Security Inspectors-Surface from the Transportation Security Administration (TSA), within the last three years. A copy of the Security Plan and security assessment must be available for DHS review upon request. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Yes for TSGP. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Agencies eligible for FY 2017 TSGP are determined based upon daily unlinked passenger trips (ridership) and transit systems that serve historically eligible Urban Area Security Initiative (UASI) jurisdictions. Certain ferry systems are eligible to participate in the FY 2017 TSGP and receive funds. However, any ferry system

electing to participate and receive funds under the FY 2017 TSGP will not be eligible to participate under the FY 2017 Port Security Grant Program (PSGP) and will not be considered for funding under the FY 2017 PSGP. Address to Request Application Package

FEMA makes all funding opportunities available on the Internet at <http://www.grants.gov>. If you experience difficulties accessing information or have any questions please call the Grants.gov customer support hotline at (800) 518-4726.

Application forms and instructions are available at Grants.gov. To access these materials, go to <http://www.grants.gov>, select Apply for Grants, then select the CFDA number (97.075) or the Notice of Funding Opportunity (NOFO) number (DHS XX-XXX-XXX-XX-XX) and Download Application Package. Enter the CFDA and/or the funding opportunity number located on the cover of this announcement. Select Download Application Package, and then follow the prompts to download the application package. To download the instructions, go to Download Application Package and select Instructions.

Content and Form of Application

Application via Grants.gov. All applicants must file their applications using the Administrations common electronic storefront <http://www.grants.gov>. Eligible grantees must apply for funding through this portal, accessible on the Internet at <http://www.grants.gov>.

The application must be started and submitted using grants.gov after Central Contractor Registration (CCR) is confirmed. The on-line application includes the following required form:

Standard Form 424, Application for Federal Assistance

Applying for FY 2017 TSGP and IPR Program funds require a two-step process. Step 1: initial submission to determine eligibility and Step 2: full application. Applicants are encouraged to initiate Step 1 as soon after the Notice of Funding Opportunity (NOFO) is published but no later than June 2, 2017. This involves submitting a complete Standard Form 424 to

www.grants.gov. The Standard Form 424 will be retrieved by ND Grants and the system will automatically populate the relevant data fields in the application. Successful completion of this step is necessary for FEMA to determine eligibility of the applicant. Late submissions to grants.gov to complete Step 1 could result in applicants missing the application deadline in Step 2. Once FEMA has determined an applicant to be eligible, applicants can proceed to Step 2 which involves submitting the full application package via the ND Grants system. The submission deadline for the full application package no later than 5:00 p.m. EDT, June 22, 2017

The application must be completed and final submission made through the ND Grants system located at <https://portal.fema.gov>. If you need assistance registering for the ND Grants system, please contact ndgrants@fema.gov or (800) 865-4076. Applicants are encouraged to begin their ND Grants registration at the time of solicitation to ensure they have adequate time to start and complete their application submission. Unless otherwise referenced, the ND Grants system includes the following required forms and submissions:

Standard Form 424A, Budget Information (Non-construction)
Standard Form 424B, Standard Assurances (Non-construction)
Standard Form 424C, Budget Information (Construction)
Standard Form 424D, Standard Assurances (Construction)
Standard Form LLL, Disclosure of Lobbying Activities (if the grantee has engaged or intends to engage in lobbying activities)
Grants.gov (GG) Lobbying Form, Certification Regarding Lobbying
FEMA Form 20-16C, Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements (available at: <http://fema.gov/library/viewRecord.do?id=2628>).

The program title listed in the CFDA is Rail and Transit Security Grant Program. The CFDA number is 97.075.

Dun and Bradstreet Data Universal Numbering System (DUNS) Number. The applicant must provide a DUNS number with their application. This number is a required field within <http://www.grants.gov> and for CCR. Organizations should verify that they have a DUNS number, or take the steps necessary to obtain one, as soon as possible. Applicants can receive a DUNS number at no cost by calling the dedicated toll-free DUNS Number request line at (866) 705-5711.

Valid CCR. The application process also involves an updated and current registration by the applicant, which must be confirmed at <http://www.ccr.gov>.

Applicants will obtain Notice of Funding Announcement (NOFO) Overviews and Full Announcement information from the grants.gov website where the full Notice of Funding Announcement (NOFO) is posted.

Award Procedure:

All successful applicants for all DHS grant and cooperative agreements are required to comply with DHS Standard Administrative Terms and Conditions available on page 6 of <http://www.dhs.gov/xlibrary/assets/cfo-financial-management-policy-manual.pdf>.

Upon approval of an application, the award will be made in the form of a grant. The date the approval of award is entered in the system is the award date. Notification of award approval is made through the ND Grants system through an automatic e-mail to the grantee point of contact listed in the initial application. Once an award has been approved and recorded in the system, a notice is sent to the authorized grant official. Follow the directions in the notification to accept your award documents. The authorized grant official should carefully read the award package for instructions on administering the grant and to learn more about the terms and conditions associated with responsibilities under Federal awards.

Deadlines:

Jun 02, 2017 to Jun 22, 2017 Application Start Date: 06/02/2017

Application Submission Deadline Date: 06/22/2017 at 5:00 PM EDT
Anticipated Funding Selection Date: 09/01/2017
Award Date: 09/30/2017.

Range of Approval/Disapproval Time:

Applying for FY 2017 TSGP and IPR Program funds require a two-step process. Step 1: initial submission to determine eligibility and Step 2: full application. Applicants are encouraged to initiate Step 1 immediately after the Notice of Funding Opportunity (NOFO) is published but no later than June 2, 2017. This involves submitting a complete Standard Form 424 to grants.gov. Successful completion of this step is necessary for FEMA to determine eligibility of the applicant. Late submissions of Step 1 to grants.gov could result in applicants missing the application deadline in Step 2. Once FEMA has determined an applicant to be eligible, applicants can proceed to Step 2 which involves submitting the full application package via the Non Disaster (ND) Grants system. The submission deadline for the full application package June 22, 2017.

Length and Time Phasing of Assistance:

The period of performance for TSGP is 36 months. The period of performance for the IPR Program is 36 months. Refer to FY 2017 TSGP or IPR Program Notice of Funding Opportunity (NOFO) for more information. Awards are subject to the Cash Management Improvement Act for payment and/or reimbursement of expenditures.

Projected Award Start Date(s): 09/01/2017

Projected Award End Date(s): 09/30/2017

Period of Performance: 36 months

The periods of performance outlined above support the effort to expedite the outlay of grant funding and provide economic stimulus. The grantee should request waivers sparingly, and they will be granted only due to compelling legal, policy, or operational challenges. For example, the grantee may request waivers from the deadlines outlined above for discretionary grant funds where adjusting the timeline for spending will constitute a verifiable legal breach of contract by the grantee with vendors or sub-recipients, or where a specific statute or regulation mandates an environmental review that cannot be completed within this timeframe or where other exceptional circumstances warrant a discrete waiver. See the following for information on how assistance is awarded/released: TSGP
Notification of award approval is made through the ND Grants system through an automatic email to the awardee point of contact (the authorized official) listed in the initial application. The award date for TSGP will be the date that FEMA approves the award. The awardee should follow the directions in the notification to confirm acceptance of the award.

Recipients must accept their awards no later than 90 days from the award date. The recipient shall notify the awarding agency of its intent to accept and proceed with work under the award through the ND Grants system. Instructions on accepting or declining an award in the ND Grants system, can be found in the ND Grants Grantee Training Manual. Funds will remain on hold until the recipient accepts the award through the ND Grants system and all other conditions of award have been satisfied, or the award is otherwise rescinded. Failure to accept the grant award within the 90 day timeframe may result in a loss of funds.

IPR (Amtrak)

In accordance with the 9/11 Act, all funds awarded to Amtrak under this program are transferred to Department of Transportation Federal Railroad Administration (DOT/FRA) within five (5) business days of award for

disbursal.

Grantees must accept their grant awards no later than 90 days from the award date. The grantee shall notify the awarding agency of its intent to accept and proceed with work under the award, or provide a written notice of intent to decline. Funds will remain on hold until the grantee accepts the award through official correspondence, e.g., written, electronic signature, signed letter or fax to GPD, and all other conditions of award have been satisfied, or the award is otherwise rescinded. Failure to accept the grant award within the 90 day timeframe may result in a loss of funds.

Reports:

Performance Progress Report (SF-PPR). Awardees are responsible for providing updated performance reports using the SF-PPR (OMB Approval Number 0970-0334) on a semi-annual basis. The SF-PPR is due within 30 days after the end of the reporting period (July 30 for the reporting period of January 1 through June 30; and January 30 for the reporting period of July 1 through December 31). Grantees should submit the SF-PPR as an attachment to the Non Disaster (ND) Grants system. The SF-PPR can be accessed online at http://www.na.fs.fed.us/fap/SF-PPR_Cover%20Sheet.pdf.

Exercise Evaluation and Improvement. Exercises implemented with grant funds should evaluate performance of the capabilities required to respond to the exercise scenario. Guidance related to exercise evaluation and the implementation of improvements is defined in the Homeland Security Exercise and Evaluation Program located at <https://hseep.dhs.gov>.

Monitoring. Grant recipients will be monitored periodically by FEMA staff, both programmatically and financially, to ensure that the project goals, objectives, performance requirements, timelines, milestone completion, budgets, and other related program criteria are being met.

Monitoring may be accomplished through either a desk-based review or on-site monitoring visits, or both. Monitoring will involve the review and analysis of the financial, programmatic, performance, compliance and administrative processes, policies, activities, and other attributes of each Federal assistance award and will identify areas where technical assistance, corrective actions and other support may be needed. Federal Financial Report (FFR) required quarterly. Obligations and expenditures must be reported on a quarterly basis through the FFR (SF-425). A report must be submitted for every quarter of the period of performance, including partial calendar quarters, as well as for periods where no grant activity occurs. Future awards and fund draw downs may be withheld if these reports are delinquent. The final FFR is due 90 days after the end date of the performance period. FFRs must be filed electronically through PARS.

Grant Close-Out Process. Within 90 days after the end of the period of performance, or after a Grant Adjustment Notice (GAN) has been issued to close out a grant, whichever comes first, grantees must submit a final FFR and final progress report detailing all accomplishments throughout the period of performance. After these reports have been reviewed and approved by FEMA, a close-out notice will be completed to close out the grant. The notice will indicate the period of performance as closed, list any remaining funds that will be deobligated, and address the requirement of maintaining the grant records for three years from the date of the final FFR. The grantee is responsible for returning any funds that have been drawn down but remain as unliquidated on grantee financial records. TSGP and IPR Program awardees are responsible for providing updated performance reports using the SF-PPR (OMB Approval Number 0970-0334) on a semi-annual basis. The SF-PPR is due within 30 days after the end of the reporting period (July 30 for the reporting period of January 1 through June 30; and January 30 for the reporting period of July 1 through December 31). The SF-PPR can be accessed online at http://www.na.fs.fed.us/fap/SF-PPR_Cover%20Sheet.pdf. Federal Financial Report (FFR) required quarterly. Future awards and fund draw downs may be withheld if these reports are delinquent. The final FFR is due 90 days after the end date of the performance period. FFRs

must be filed electronically through PARS.

Grant Close-Out Process. Within 90 days after the end of the period of performance, or after a Grant Adjustment Notice (GAN) has been issued to close out a grant, whichever comes first, grantees must submit a final FFR and final progress report detailing all accomplishments throughout the period of performance. After these reports have been reviewed and approved by FEMA, a close-out notice will be completed to close out the grant. The notice will indicate the period of performance as closed, list any remaining funds that will be deobligated, and address the requirement of maintaining the grant records for three years from the date of the final FFR. The grantee is responsible for returning any funds that have been drawn down but remain as unliquidated on grantee financial records. Monitoring will involve the review and analysis of the financial, programmatic, performance, compliance and administrative processes, policies, activities, and other attributes of each Federal assistance award and will identify areas where technical assistance, corrective actions and other support may be needed.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Grant records shall be retained for a period of 3 years from the day the recipient submits its final expenditure report. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later. Grant records include financial and program/progress reports, support documents, statistical records, and other documents that support the activity and/or expenditure of the recipient or sub-recipient under the award.

CRITERIA FOR SELECTING PROPOSALS:

TSGP grantees must comply with all administrative requirements described herein & 8213; including the submission of IIs, budgets, and other application materials as required. Having met all administrative requirements, the application will be scored based on a methodology that will ensure consistent and accurate evaluations of projects and proposals.

The following process will be used to make awards for the program:

DHS will verify compliance with each of the administrative and eligibility criteria identified in the application kit.

The Department will calculate a total score to aid with funding selections.

The total score will consist of four individual parts: an agency-based risk score, a score associated with an applications alignment to the funding priority areas, a score based on project risk mitigation, and the degree of regional collaboration.

Eligible applications will be reviewed by a panel to determine the risk mitigation and regional collaboration scores. This panel will consist of Federal officials from multiple government agencies that will review each application and score it based on the following criteria: cost effectiveness, feasibility, timelines, and sustainability without additional Federal funds.

FEMA and TSA will make recommendations for funding to the Secretary of Homeland Security based on the funding priorities and scoring methodology.

For IPR Program, based on previously cited statutory authorities, DHS has elected to enter into a cooperative agreement with Amtrak. The nature of the Federal involvement in the execution of this program may include joint participation in a project. Other examples of prospective substantial Federal involvement include the following:

Collaboration, participation, and/or intervention in any activity covered by the cooperative agreement

Approval from DHS prior to the selection of a new project or commencement of the next phase of an approved project

Authority for DHS to halt an activity if detailed performance specifications are not met

Authority for DHS to direct or redirect the scope of work of a project based on new circumstances

Authority for DHS to create a working group of key Federal and private sector stakeholders to provide guidance and coordination for transit security activities

Funds for both programs will not be made available for obligation, expenditure, or drawdown until the applicants budget and budget narrative have been approved by FEMA. The applicant must provide a detailed budget for the funds requested. The detailed budget must be submitted with the grant application as a file attachment within <http://www.grants.gov>. The budget must be complete, reasonable, and cost-effective in relation to the proposed project. The budget should provide the basis of computation of all project-related costs, any appropriate narrative, and a detailed justification of Management and Administration (M&A) costs.

97.076 CYBERTIPLINE

FEDERAL AGENCY:

U.S. Immigration and Customs Enforcement (ICE), Department of Homeland Security

AUTHORIZATION:

Department of Homeland Security Appropriations Act, Title II, Section 441 (4), Public Law 114-113.

OBJECTIVES:

This programs objectives are to provide cybersecurity and protection through investigative and forensics activities related to investigations of exploited children, promote awareness of the child pornography tip line, provide training to assist and respond appropriately and, in conjunction with other Federal, State and local law enforcement agencies, support the establishment and maintenance of a national resource center and clearinghouse dedicated to missing and exploited children issues. The Cyber Crimes Center (C3) specifically liaisons with non-profit organizations, other federal agencies and various state and local law enforcement in an effort to arrest and convict criminals of sexual crimes, rescue child victims, shut down cyber websites promoting these crimes and to assist in safeguarding cyberspace, our Nations people and their way of life.

These crimes represent an alternate type of terrorism that is inflicted upon our nation as a whole daily by domestic and foreign individuals and groups. The objective supports the mission areas of the PPD-8 as well as assessing the gaps in the Internet and is not restricted to any single level of government, law enforcement or organization, but use the combined efforts in security, prevention, and protection to ensure a safer, secure Internet and Homeland.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The CyberTipline award is designated for a private, nonprofit organization (NPO) which meets Congress objectives and programmatic criteria for preventing the abduction, abuse, and sexual exploitation of children; and/or assisting law enforcement agencies in the investigation and recovery of those children. Refer to program guidance.

Applicant Eligibility:

Nonprofits having a 501(c)(3), other than institutions of higher education.

Beneficiary Eligibility:

General public.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact

information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application deadline and other information are contained in the application/program guidance.

Award Procedure:

Applications or plans are reviewed by DHS program and administrative staff. Any issues or concerns noted in the application will be negotiated with the successful applicant prior to the award being issued.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: The number of reports provided by the public, ESPs and

companies such as Facebook, Twitter and Google regarding child exploitation increased during FY2016 as more people and companies became aware of this format to provide information regarding these crimes. Reports generated also increased and continue to facilitate the abilities and actions of law enforcement and prosecutors and the capability to continue to be more effective in securing the internet, the homeland, the people and their way of life. Fiscal Year 2017: It is expected that the number of reports provided by the public, ESPs and companies such as Facebook, Twitter and Google regarding child exploitation will continue to increase during FY2017 as more people and companies become aware of this format to provide information regarding these crimes. We cant predict the percent of increase in the reports generated, but expect it will continue to be a significant increase. In turn the reports continue to facilitate the abilities and actions of law enforcement and prosecutors and the capability to continue to be more effective in securing the internet, the homeland, the people and their way of life. Fiscal Year 2018: It is expected that the number of reports provided by the public, ESPs and companies such as Facebook, Twitter and Google regarding child exploitation will continue to increase during FY2018 as more people and companies become aware of this format to provide information regarding these crimes. We cant predict the percent of increase in the reports generated, but expect it will continue to be a significant increase. In turn the reports continue to facilitate the abilities and actions of law enforcement and prosecutors and the capability to continue to be more effective in securing the internet, the homeland, the people and their way of life.

97.077 HOMELAND SECURITY RESEARCH, DEVELOPMENT, TESTING, EVALUATION, AND DEMONSTRATION OF TECHNOLOGIES RELATED TO NUCLEAR THREAT DETECTION FEDERAL AGENCY:

Domestic Nuclear Detection Office (DNDO), Department of Homeland Security

AUTHORIZATION:

Homeland Security Act of 2002, Section 1906, Public Law 107-296, 6 U.S.C 596.

OBJECTIVES:

Support the PPD-8 objective of prevention related to terrorist acts involving nuclear or radiological materials, or weapons using these materials. Support basic and applied research to develop new capabilities to combat the threat of nuclear terrorism, develop intellectual capital in fields relevant to nuclear threat detection and advance fundamental knowledge for nuclear detection and related sciences. The Academic Research Initiative (ARI) is intended to support research at accredited institutions of higher learning across the country, and the Exploratory Research Program supports research within industry and academia.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Financial assistance under the ARI may be used for the execution of research at accredited universities and colleges. Financial assistance under the ER may be used to sponsor research within industry and academia. Supported costs include: salaries, materials and supplies, equipment, travel, publication costs, subcontractor, supporting costs and overhead required for technical and other activities necessary to achieve research objectives. Restrictions on use of funds will be identified in the announcement, program guidance and award provisions. Refer to announcement, program guidance and award provisions.

Applicant Eligibility:

Eligible Applicants: The ARI is limited to State, public or private accredited institutions of higher education. The ER Program supports State, Public nonprofit institution/organizations; Private nonprofit institution/organizations; Small businesses; Profit organizations and Other private institution/organizations.

Beneficiary Eligibility:

ARI: State, public or private accredited institutions of higher education; Scientists/Researcher; Graduate Student; Education (13+). Exploratory Research: Public Nonprofit Institution/Organization; Small Business; Profit Organization; Private Organization; Other Private Institution/Organization; Scientists/Researcher; State, public or private accredited institutions of higher education.

Renewals:

Contingent upon future Congressional funding. Renewal of an award to increase funding or extend the period of performance is at the sole discretion of the Department of Homeland Security.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. This program has no matching requirements. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Refer to announcement and program guidance. For ARI, awards are made for

annual budget periods, with a non-competing continuation application required for each budget period that comprises the awarded project duration. Funds awarded must be expended within each budget period. For ER, funds are awarded by research phase, with generally 3-5 phases and phase durations appropriate to the effort. Awards are subject to the Cash Management Improvement Act for payment and/or reimbursement of expenditures. See the following for information on how assistance is awarded/released: Awards are paid in advance using the U.S. Department of Health and Human Services/Payment Management System (SMARTLINK), provided it maintains or demonstrates the willingness and ability to maintain procedures to minimize the time elapsing between the transfer of the funds from the DHS and expenditure disbursement by the Recipient. When these requirements are not met, the Recipient will be required to be on a reimbursement for costs incurred method.

Reports:

For ARI, performance reports are required as specified in the terms and conditions of the award. For ER, reports may include, but are not limited to, the following: monthly performance reports, quarterly review reports, and end of phase reports. Refer to program guidance. For ARI, performance reports are required as specified in the terms and conditions of the award. "Progress Reports" must include the progress of each sub-grant award. Reports are due 30 days after the end of each six months, with performance reports due 90 days after the expiration or termination of grant award. For ER, reports may include, but are not limited to, the following: monthly performance reports, quarterly review reports, and end of phase reports. For SETCP, progress reports are required. Refer to program guidance. For ARI, Federal Financial Reports are required as specified in the terms and conditions of the award. For SETCP, expenditure reports are required. Refer to program guidance. Yes. Performance may be evaluated through on-site reviews of the research activity.

Audits:

97.078 BUFFER ZONE PROTECTION PROGRAM (BZPP)
(BZPP)**FEDERAL AGENCY:**

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

Department of Homeland Security Appropriations Act, 2010 (Public Law 111-83) and the Homeland Security Act of 2002 (6 U.S.C. Section 101 et seq.).

OBJECTIVES:

The FY 2010 Buffer Zone Protection Program (BZPP), provides funds to increase the preparedness capabilities of jurisdictions responsible for the safety and security of communities surrounding high-priority Critical Infrastructure and Key Resource (CIKR) assets through planning and equipment acquisition.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

BZPP grant awards will be administered by the respective State Administrative Agency (SAA) and may be used for planning, equipment, and management of protective actions relating to the program objectives. The SAA will allocate program funds to the jurisdiction(s) responsible for the safety and security of the communities in which CI/KR sites are located. For additional information concerning BZPP grant award uses and restrictions, please refer to the program solicitation guidance. All BZPP sites have been selected prior to the grant announcement based on the risk of the individual sites themselves. Therefore, FY 2010 BZPP funding allocated to any given state or territory is entirely a function of the number, type and character of pre-identified higher-risk sites within their respective jurisdictions; there are no discretionary sites. Refer to program guidance. Refer to program guidance. Refer to program guidance.

Applicant Eligibility:

States, as defined in the Homeland Security Act of 2002, means "any State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and any possession of the United States." The State's SAA is the only agency eligible to apply for BZPP grant funds and is responsible for obligating BZPP grant awards to the responsible jurisdiction(s) that have authority over the identified CIKR sites. The term "responsible

jurisdiction" as used in the BZPP program guidance and application kit, refers to the primary agency (i.e. State, local, or tribal entity or unit of government), that has authority over the DHS identified CIKR facility and its buffer zone surrounding the facility.

Beneficiary Eligibility:

State and local governmental jurisdiction(s) responsible for the CI/KR sites.

Credentials/Documentation:

97.082 EARTHQUAKE CONSORTIUM

Earthquake Consortium and State Support (ECSS)

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

The National Earthquake Hazards Reduction Act of 2004, Public Law 108-360, 42 U.S.C 7704(a)(2)(B).

OBJECTIVES:

The National Earthquake Hazards Reduction Program (NEHRP) is the Federal Governments coordinated approach to addressing earthquake risks.

In support of NEHRP, the Federal Emergency Management Agency (FEMA) administers the Earthquake Consortium and State Support (ECSS) program which is designed to increase and enhance the effective implementation of earthquake risk reduction activities at the state and local level, by making funding available through annual, non-competitive cooperative agreements.

NEHRP implements the Department of Homeland Security and PPD-8 objective of hazard mitigation, to develop and maintain those capabilities

necessary to reduce the loss of lives and property by lessening the impact of earthquakes.

In an effort to provide eligible States and Territories with multiple funding and project management options, as well as allow for multi-State coordination of projects, the ECSS program utilizes two separate funding opportunities; Direct State Assistance and Earthquake Consortia & Partner Support.

The Direct State Assistance funding opportunity provides funding directly to those States and Territories that have been determined to be at a moderate to very high risk of earthquakes, and who have certified that they can meet the statutory 50 percent cash match requirement. They must also ensure that they who have the staffing capacity to manage their anticipated level of involvement in FEMA-funded, NEHRP projects and activities. Funding is provided to eligible States and Territories through Cooperative Agreements that are administered by FEMA Regional earthquake program management staff. Eligible activities include: Development of seismic mitigation plans, preparing inventories and conducting seismic safety inspections of critical structures and lifelines, updating building codes, zoning codes, and ordinances to enhance seismic safety, increasing earthquake awareness and education, and encouraging the development of multi-State groups for such purposes

The Earthquake Consortia and Partner Support funding opportunity is designed to facilitate the development and management of multi-State projects and activities. Funding is provided to Earthquake Consortia & Partners through a Cooperative Agreement and applied to projects and activities submitted to FEMA by eligible States, Territories and other Federal earthquake partners. These Cooperative Agreements are administered by FEMA Headquarters earthquake program management staff. Eligible Consortia and Partners include: the Central U.S. Earthquake Consortium (CUSEC), Northeast States Emergency Consortium (NESEC), Western States Seismic Policy Council (WSSPC), Cascadia Region Earthquake Workgroup (CREW), Earthquake Engineering Research Institute (EERI), Federal Alliance for Safe Homes (FLASH), Southern California Earthquake Center (SCEC), and the Applied Technology Council, (ATC). Eligible activities for this funding opportunity are determined by capability of individual Consortia and Partner and are specified in the Notice of Funding Opportunity (NOFO).

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

For costs associated with providing guidance, technology transfer, and assistance to States and local communities with earthquake and other hazard mitigation activities. This program is a cooperative agreement, non-competitive, and restricted to certain specialized/qualified organizations designated by FEMA. Funding may only be used for the purpose set forth in the cooperative agreement and must be consistent with the statutory authority for the award. Cooperative agreement funds may not be used for matching funds for other federal grants / cooperative agreements, or for lobbying or intervention in federal regulatory or adjudicatory proceedings. In addition, federal funds may not be used to sue the federal government or any other government entity. All financial and progress reports must be current at the time of application. Refer to the Notice of Funding Opportunity. This program is a cooperative agreement, non-competitive, and restricted to certain specialized/qualified organizations designated by FEMA. Funding may only be used for the purpose set forth in the cooperative agreement and must be consistent with the statutory authority for the award. Cooperative agreement funds may not be used for matching funds for other federal grants / cooperative agreements, or for lobbying or intervention in federal regulatory or adjudicatory proceedings. In addition, federal funds may not be used to sue the federal government or any other government entity. Pre-award costs are allowable only with the written consent of DHS/FEMA and such costs must be reflected in the award agreement. All financial and progress reports must be current at the time of application. Refer to the Notice of Funding Opportunity.

Applicant Eligibility:

The purpose of this funding is to support the earthquake mitigation efforts of States and Territories with Moderate to Very High seismic risk as determined by the Program Office, and the earthquake mitigation efforts of earthquake

Consortia and Partners including CUSEC, NESEC, WSSPC, CREW, EERI, FLASH, SCEC, and ATC. These efforts include 1) delivering and increasing awareness and education; 2) developing policies, tools, and products; and 3) implementing programs or projects to support risk reduction and resilience activities from earthquake and other hazards.

Beneficiary Eligibility:

Eligible States and Territories with Moderate to Very High seismic risks as determined by the Program Office, and earthquake Consortia and Partners including CUSEC, NESEC, WSSPC, CREW, EERI, FLASH, SCEC, and ATC.

Credentials/Documentation:

Eligible States and Territories with Moderate to Very High seismic risks as determined by the Program Office, and CUSEC, NESEC, WSSPC, CREW, EERI, FLASH, SCEC, and ATC. FEMA grants and cooperative agreements with educational and other non-profit organizations are governed by 2 CFR 200. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. FEMA has prepared a Record of Environmental Consideration for both funding opportunities that documents EHP compliance for the range of activities eligible for funding under this program pursuant to FEMA's Instructions on Implementation of the Environmental Planning and Historic Preservation Responsibilities and Program requirements, FEMA Instruction 108-1-1. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Formula and Matching Requirements:

Statutory Formula:

This program has no matching requirements. 1. The Consortia and Partner Support component of the program has no matching requirement. No cost matching requirement for non-profit organizations.

2. The Direct State Assistance component of the program has a 50% Cost Match requirement. Statutory Formula: This funding opportunity must follow FEMA regulations, CFR Title 44, Section 361.4 (b)(4) Matching Contributions, which states For the fourth and subsequent fiscal years, full cost sharing will be implemented, requiring a minimum of a 50 percent non-Federal contribution to a State program, with this share required to be cash. In-kind matching will no longer be acceptable. Thus, every dollar FEMA provides to a State must be matched by one dollar from the State.

This program has no MOE requirements. See funding agency for further details. Indirect costs are allowable only if the applicant has an approved indirect cost rate with the cognizant Federal agency. A copy of the approved rate (a fully executed, agreement negotiated with the applicants cognizant federal agency) is required at the time of application. Indirect costs will be evaluated as part of the application for Federal funds to determine if allowable and reasonable. Specifically, grantees should apply the training indirect cost rate (when it is

available) or the offsite indirect cost rate (when a training rate is not available). The full organized research negotiated rate should not be applied to these training awards. Written exceptions will be made in rare cases upon request and with adequate justification. FEMA will work closely with the grantee to determine the appropriateness of indirect costs for the type of activity and location proposed in the application, in accordance with the negotiated indirect cost rates approved by the grantees cognizant federal agency. PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: Performed building inventory and rapid visual screenings for potential seismic hazards of two school districts in Missouri, including more than 31 school buildings. Coordinated screenings for two school districts in Missouri comprising 11 additional buildings; Great Central U.S. and Great SouthEast ShakeOut Earthquake Drill on October 15, 2015. ShakeOut Earthquake Drills involve earthquake safety, mitigation, and planning activities as part of a national and worldwide initiative. The drills took place in 21 states and the District of Columbia, with more than 5.5 Million people participating in the event. Activities included a coordinated outreach and media campaign including presentations, press releases, social media, newsletter, and billboard advertisement; Conducted Visual assessment of critical infrastructure in Wyoming state. The goal of the assessment is to pursue future mitigation actions to minimize the impact of an earthquake on critical infrastructure, particularly hospitals, schools, previously-identified shelter locations, and locations housing ambulance, fire and law enforcement response vehicles; Finalized plans for 2017 Arkansas Post-Disaster Building Inspection (INSPARK) regional training/workshop. Participants include building inspection teams from surrounding CUSEC states as well as observers from Oklahoma, FEMA and Mississippi; State of Nevada conducted URM verification in Clark County. The project allowed Clark County Department of Building and Fire Prevention to partner with the NEHRP funding through EERI (NEHRP was small part of the overall total cost of the project) in order to go out and do a verification of our initial rough list of URM buildings in unincorporated Clark County. The project was done by manual process. This information is available to both the State as well as Clark County in the updates of their hazard mitigation plans. Fiscal Year 2017: Performed HAZUS Modeling and Analysis Support; Developed multiple earthquake risk awareness products including publications, signage, brochures and handouts; Supported nation-wide ShakeOut earthquake drill; Conducted training at annual National Earthquake Program Managers (NEPM) meeting; Conducted seismic assessments of critical facilities and lifelines; Supported the manufacture and distribution of non-structural mitigation devices; Created and aired Public Service Announcements; Supported the Quake Cottage program; Supported the QuakeSmart Summit and Leadership Workshop; and conducted the Rapid Visual Screening (RVS) of schools in state of Missouri. Fiscal Year 2018: Development of Seismic Mitigation Plans; Inventories and seismic safety inspections of critical structures and lifelines; Updating of building codes, zoning codes, and ordinances to enhance seismic safety; Activities to increase earthquake awareness and education; Support for the National Earthquake Technical Assistance Program (NETAP); Maintenance of the Earthquake Mitigation Center; Development of multi-state groups to support the goals of NEHREP.

REGULATIONS, GUIDELINES, AND LITERATURE:

97.083 STAFFING FOR ADEQUATE FIRE AND EMERGENCY RESPONSE (SAFER)

(SAFER ACT)

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

Federal Fire Prevention and Control Act of 1974, Public Law 93-498, 15 U.S.C 2229 et seq.

OBJECTIVES:

The goal of the SAFER Grant Program is to assist local fire departments with staffing and deployment capabilities in order to respond to emergencies, and assure that communities have adequate protection from fire and fire-related hazards.

TYPES OF ASSISTANCE:**PROJECT GRANTS****USES AND USE RESTRICTIONS:**

Not all fire departments will be eligible to apply. Training, equipment, over-time, and administrative expenses are not eligible under the Hiring of Firefighters Grant activity. Individuals seeking personal assistance are not eligible. This program is intended to assist fire departments and recognized organizations as identified in the program guidance document and application package; and only those fire departments and organizations as specified in the Notice of Funding Opportunity are eligible. Funds may be used to recruit and hire firefighters, but cannot be used to retain or supplant (replace) the applicants funds budgeted for that purpose. Recipients must maintain pre-existing staffing levels and retain grant funded personnel throughout the period of performance. From FY 05 through FY 08, the funds were provided on a sliding scale, recipients must initially match 10 percent of the Federal share the first year. Recipient match increases by certain percentages in the second, third, and fourth years, culminating in 100 percent of personnel costs (per position), in the fifth year and beyond. In FY 09 -FY 15, there was no cap on the federal funds provided for each position and there was no matching requirement. In FY 16 and FY 17, the funds are provided on a sliding scale; recipients must match 25 percent of the Federal share in both the first and second years and 65 percent in the third year. Refer to the Notice of Funding Opportunity for further information. This program is restricted to the jurisdictions/organizations described in program guidance documents. For specific information, refer to the Notice of Funding Opportunity. In summary, for the purpose of this program, "State" is defined as the 50 states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands. The Alaska Village Initiative, a nonprofit organization incorporated in the State of Alaska, shall also be considered eligible for purposes of receiving assistance under this program on behalf of Alaska Native villages. A "fire department" is defined as an agency or organization that has a formally recognized arrangement with a State, territory, local, or tribal authority (city, county, parish, fire district, township, town, or other governing body) to provide fire suppression on a first-due basis to a population within a fixed geographical area. Fire departments may be comprised of members who are all volunteer, combination volunteer/career, or all career.

Applicant Eligibility:

This program is restricted to the jurisdictions/organizations described in program guidance documents. For specific information, refer to the Notice of Funding Opportunity. 97.091 HOMELAND SECURITY BIOWATCH PROGRAM**FEDERAL AGENCY:**

Office of Health Affairs (OHA), Department of Homeland Security

AUTHORIZATION:

Homeland Security Act of 2002, Public Law 107-296, 6 U.S.C 188(b)(1)(c).

OBJECTIVES:

The BioWatch Program is a Federally managed, locally operated early warning system that is designed to detect the intentional release of select aerosolized biological agents. The BioWatch Programs mission is to deploy, sustain, and maintain a national 24x7x365 operational ability to detect, and respond to a bioterrorist event in metropolitan areas across the country. The DHS Office of Health Affairs (OHA) administers the BioWatch program and is currently engaged in advanced development, test, evaluation and operations to improve sampling technologies, collection procedures, sample analysis, and develop and implement a next generation BioWatch system.

The Biowatch Program and PPD-8 share the following elements.

First, in accordance with the National Preparedness Goal, the Biowatch program provides a comprehensive strategy for countering biological terrorism.

Next, following the National Preparedness System and the BioWatch Program is a federally managed, locally operated early warning operational capability designed to enhance national preparedness. The program provides an early warning system that detects the release of a select biological agent that may pose a danger to the public health in select jurisdictions.

Biowatch, in accordance with the National Planning Frameworks and Federal Interagency Operational Plans, acts as an early warning system which enhances the security of jurisdictions by providing the needed time to execute their comprehensive concept of operations plans to counter biological terrorism. In addition, the BioWatch Program provides advice and guidance to jurisdictions to develop biological preparedness programs that properly addresses the needed mitigation plans that reduces the negative impacts to a biological attack.

The Biowatch Program is a critical part of an ongoing national effort to build and sustain preparedness which helps the United States maintain momentum through targeted jurisdictional planning that highlights preventative actions necessary to allow for a proper and timely response and begin the process to recovery from a biological agent release. To provide funding and/or property for the conduct of operations and other related activities intended to identify, counter, or respond to biological and chemical threats.

TYPES OF ASSISTANCE:

PROJECT GRANTS; USE OF PROPERTY, FACILITIES, OR EQUIPMENT

USES AND USE RESTRICTIONS:

Financial and nonfinancial assistance may be provided for the following: salaries, materials and supplies, equipment, travel, publication costs, subcontractor and supporting costs required for technical and other activities necessary to achieve the objective. Restrictions on use of funds will be identified in the funding opportunity announcement, program guidance, and

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: Supported the refinement of NIMS as directed by FEMA. The specific activities that EMAC supported was determined jointly with FEMA during the development of the program management plan.

Supported for the refinement and roll-out of the National Preparedness Goal and National Planning Frameworks as directed by FEMA.

Provided education and training to states on preparing for and deploying through EMAC.

Developed, enhanced, and maintained EMACs information management systems for the availability, request, dispatch, use, tracking, and return of resources in all states during all-hazard incidents requiring mutual aid.

Implemented and maintained a formalized sub-grant program in coordination with FEMA. Fiscal Year 2017: Support for the refinement of NIMS and its national roll-out as directed by FEMA.

Provide education and training to states on preparing for and deploying through EMAC.

Development, enhancement, and maintenance of EMACs information management systems for the availability, request, dispatch, use, tracking, and return of resources in all states during all-hazard incidents requiring mutual aid. The system development will solve several barriers to interoperability that hinders expedient deployment of resources.

Maintenance and implementation of a formalized sub-grant program in coordination with FEMA. Fiscal Year 2018: Provide education and training to states on preparing for and deploying through EMAC.

Development, enhancement, and maintenance of EMACs information management systems for the availability, request, dispatch, use, tracking, and return of resources in all states during all-hazard incidents requiring mutual aid. The system development will solve several barriers to interoperability that hinders expedient deployment of resources.

Maintenance and implementation of a formalized sub-grant program in coordination with FEMA.

97.108 HOMELAND SECURITY, RESEARCH, TESTING, EVALUATION, AND DEMONSTRATION OF TECHNOLOGIES FEDERAL AGENCY:

Science and Technology (S&T), Department of Homeland Security

AUTHORIZATION:

Homeland Security Act of 2002, Public Law 107-296, 6 U.S.C 308(b)(1)(c); Implementing Recommendation of the 9/11 Commission Act of 2007, Section 1901, Public Law 110-53; Science and Technology Management and Administration, Public Law 113-76.

OBJECTIVES:

To provide funding and/or property for the purpose of conducting research, testing, evaluation, and demonstration of national preparedness and homeland security technologies intended to identify, counter, or respond to terrorist threats.

The DHS S&T First Responders Group (FRG) utilizes grants and cooperative

agreements to enhance safety in the first responder community by supporting the research, acquisition of knowledge, and the development of technology, materials, processes, methods, devices, or techniques to support advancement in equipment or technologies. The purpose of these grants and cooperative agreements is to garner high quality, advanced concepts research and development efforts related to important scientific problems and capability gaps identified by the first responder community that could lead to significant public benefits.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funding is used for labor and materials in support of basic efforts supporting the purpose of this grant. Refer to program guidance.

Applicant Eligibility:

States, local governments, private, public, profit or nonprofit organizations, Indian Tribal governments, or individuals specified by U.S. Appropriation Statute, including U. S. and international institutions of higher education and educational laboratories.

Beneficiary Eligibility:

Federal, State, and local governments, private, public, profit or nonprofit organizations, Indian tribal governments, and individuals.

Credentials/Documentation:

May be required by the U.S. Statute, regulation, or program guidance. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application deadline and other information are contained in the application/program guidance.

Award Procedure:

Applications or plans are reviewed by DHS program and administrative staff. Any issues or concerns noted in the application will be negotiated with the successful applicant prior to the award being issued.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000

or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. These audits are due to the cognizant Federal agency, submitted through the Federal Audit Clearinghouse, not later than nine months after the end of the grantees fiscal year.

Records:

Grant records shall be retained for a period of three years from the day the recipient submits its final expenditure report. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later. Grant records include financial and program/progress reports, support documents, statistical records, and other documents that support the activity and/or expenditure of the recipient or sub-recipient under the award.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: 1) APCO provided support on the P25 CAP reorganization for DHS review and approval and a recommendation to describe the relationships among the new user-based Leadership Group and its committee structure, the TIA TR-8 process and organization, the P25 CAP process, and the national public safety associations and federal entities involved, as well as the operational aspects of the future process and organization. In addition, to providing support services for Regional Planning Committees (RPCs) and the National Regional Planning Council (NRPC); they restructured and updated the Computer Assisted Pre-Coordination Resource and Database (CAPRAD) System which aids in the management of the public safety radio frequency spectrum. APCO International provided a centralized forum for information sharing directly related to the first responder community and provides opportunities to analyze and correlate information among the first responder agencies. Additionally, APCO International provided:
Migrated existing CAPRAD to new platform to meet user requirements;
Added security features and improved user friendly interface at the request of users;
Developed a single central repository to address the 800 MHz regional planning committees request to have access to an adjacent regions planning process or applications;
Incorporated part of the NCCs recommendation to establish a nationwide CAPRAD database that all 700 MHz regions could utilize as a pre-planning and pre-coordination tool for 700 MHz frequency band public safety band applicants.
Completed the cost analysis and developed the best system upgrade options for the CAPRAD program and meeting objectives 1 16 from the original grant.

2) Both award recipients completed the material testing, material selection, and garment design for the prototype base ensemble. Due to unexpected delays in the National Fire Protection Association (NFPA) 1975 certification process by their industrial partners, garments were not NFPA certified or manufactured in FY 2016 for distribution to first responders for wear testing and evaluation. This is anticipated to occur in FY 2017.

3) Testing of baseline turnout gear to characterize its performance was accomplished for the Smoke and Particulate Resistant Structural Firefighter Turnout (SRT) project. The main goal for this project is to develop a prototype firefighter turnout ensemble system to enhance protection against smoke and toxic vapors during and after fire suppression missions, while maintaining functionality and not degrading comfort. Prototype designs that incorporates

features to prevent smoke and particulate infiltration through the turnout gear interfaces were developed. Initial testing of one prototype design showed superior performance for particulate infiltration compared to the baseline turnout gear. Work is continuing to refine the prototype designs.

4) A new project to provide Respiration Protection for Firefighters during Overhaul Operations was initiated. The project goal is to develop a respiratory protection system for use by firefighters during overhaul operations. After a structure fire has been suppressed firefighters conduct overhaul operations to extinguish any smoldering hot spots. Initially firefighters wear their self-contained breathing apparatus (SCBA), but commonly swap the SCBA for a particulate filter mask when the carbon monoxide (CO) concentration drops below 35 parts per million (ppm). However, particulate masks do not provide protection against chemical vapors and there is no correlation between the CO concentration and that of other toxic contaminants. The filter that will be developed will be available for use with equipment from any manufacturer through the use of a standard STANAG 40 mm connector. The goal of the new system is to be much lighter and more comfortable than an SCBA, durable, require minimum maintenance, have low operating cost, and be reasonably priced.

5) The text to 9-1-1 project developed technology solutions to initiate a screen with emergency 9-1-1 text on a translators computer along with a VoIP (voice over internet protocol) voice call to connect the translator and responding 9-1-1 operator in real time. An application program interface (API) was developed to enable the connection of language service providers (LSPs) who conduct real time translations of texts and the 9-1-1 center operators who receive the texts directly on their screens from the wireless carriers. Machine translation of emergency texts was developed concurrently, and will be benchmarked for performance against human translators.

6) National Information Sharing Consortium (NISC) accomplished:

Kick Off Meeting and Work Plan completed for grant award made at end of FY15 (9/14/15)

Conducted CHECKPOINT 16 on May 11, 2016, a multi-national information sharing exercise that tested and evaluated situational awareness and decision support tools for the emergency management and homeland security communities. Key highlights included:

- o Participation from over 60 individuals from local, state, and federal government agencies, state National Guard units, private sector companies, Canadian participants, and nonprofit organizations, demonstrating broad interest in the exercise and information sharing tools featured. Following the exercise, several participants indicated interest in adopting tools into their own organizations;
- o Development and use of the Battle Rhythm Manager, a virtual exercise facilitation tool that was made available to all NISC members for their own exercise purposes and was an important facilitation tool during the January 23, 2017 New Orleans Flood Experiment.
- o Development of a preliminary plan for implementing REBOUND 17, a multi-phase information sharing exercise to increase awareness of and evaluate information sharing tools and best practices for the emergency management and homeland security community.

Added three information sharing tools to the NISC Member Portal, including the Battle Rhythm Widget, the CHECKPOINT 16 Exercise Viewer, and the Mutual Aid Resource Planner and providing trainings on how to integrate tools into members operational environments.

Hired NISCs Executive Director, to serve in a volunteer capacity to lead fundraising efforts, NISC operations, and strategic activities to ensure long-term sustainability of the NISC.

Received a Gold Sponsorship from G&H International Services, Inc. to provide continued staff and technical support for the organization. Fiscal Year 2017: The Smoke and Particulate Resistant Structural Firefighter Turnout gear should be developed and commercialized.

A) Congress legislated P25 CAP to ensure LMR equipment complies with P25 standards for interoperability across suppliers. The P25 CAP is a partnership of DHSs Office for Interoperability and Compatibility (OIC), industry, and the first responder community. The initial program focused on the Common Air

Interface, which allows for over-the-air compatibility between radios and tower equipment. To continue improving the P25 CAP process, OIC developed a Compliance Assessment Bulletin (CAB) for testing of the Inter Sub-system Interface (ISSI) as part of the P25 CAP. However, P25 CAP recognized laboratories have been reluctant to expand their testing beyond the Common Air Interface (CAI) to include the ISSI. In part, the reluctance can be attributed to a seeming lack of financial benefit for the labs to invest in the resources needed to conduct ISSI testing. More recently, OIC has initiated the development of a CAB for testing of the Console Sub-System Interface (CSSI). It is believed that the laboratory requirements would be very similar for a participating laboratory to conduct testing for both of these interfaces. OIC has an opportunity to effect change in this area. OIC is interested in the capability of testing and evaluating ISSI and CSSI equipment from the various vendors. OIC will share its existing knowledge on the topic and refer to others with ISSI/CSSI testing expertise and work closely with the P25 CAP Advisory Panel members and other US Federal law enforcement organizations.

NFPA 1975 certification should be obtained by the industrial partners for both of the base ensemble award recipients. The garments that were developed under the awards for both recipients should be manufactured and distributed to first responders for wear testing and evaluation. In addition, in support of the First Responders Group Next Generation First Responder (NGFR) APEX program, additional base ensemble garments have been requested from one award recipient for use by first responders during the NFRGs Spiral 2 exercise that is scheduled to occur during FY 2017.

Work on the SRT project is continuing. This includes testing by firefighters to determine what prototype turnout configuration meets the requirements of the project, while minimizing any change to normal structural firefighter concept of operations. This concept garment will then be submitted by the award recipients industrial partner for NFPA 1971 certification. It is anticipated that the development of the SRT turnout and selection of the desired prototype configuration will occur in FY 2017. NFPA 1971 certification and commercialization by the award recipients industrial partner is anticipated to occur in FY 2018.

Testing and characterization of potential filter media for use in the Respiration Protection for Firefighters during Overhaul Operations project will continue during FY 2017. Both particulate filtration media and charcoal filtration (to remove hazardous vapors) will be investigated. The goal of the project is to meet or exceed High Efficiency Particulate Air (HEPA) standards for particulates and Permissible Exposure Limits (PEL) for hazardous vapors.

B) National Information Sharing Consortium (NISC)

Update the NISC Strategic Plan to cover the next 3-5 years and focus on strategic priorities to increase revenue and expand business opportunities. Increase NISC membership through outreach and engagement in exercises (e.g. CHECKPOINT 17)

Update the NISC publications and guidance for the emergency management and healthcare communities.

Continue to solicit sponsorships for financial support from other information sharing and geospatial information systems organizations.

C) National Alliance for Public Safety GIS (NAPSG)

Assess the geospatial information sharing capabilities of the GIS Inventory, and its integration, interoperability, and scalability with the DHS Geospatial Information Infrastructure (GII) and other existing capabilities

Identify common mutual aid information to be shared across organizations

Identify and develop guidance for Mutual Aid Resource management dashboards

Test interoperability and integration of existing mutual aid technologies and standards-based tools

D) Deliver a protocol for answering text-to-911 calls that includes scripts and best practices necessary for effective, accurate and efficient text-to-911 provisioning. Conduct pilot testing of the technology solution to validate and refine the preliminary text-to-9-1-1 translation operational requirements and to collect data on the number, length, and complexity of text-to-911 interactions in

Spanish. The pilot is critical to ensure that all overall project deliverables are informed by real world Public Safety Answering Point (PSAP) input and field tested to validate assumptions and thresholds. The Text-to-911 specification and standard will be finalized, and a cost model template and cost basis will be developed. Fiscal Year 2018: The overall program goal is to facilitate user input into public safety land mobile radio interoperability standards and compliance processes and support planned utilization of the public safety radio frequency spectrum.

(NISC)

Conduct an information sharing exercise to test situational awareness and decision support tools with engagement from the first responder community and homeland security enterprise.

Hire a NISCs Executive Director to lead fundraising efforts, NISC operations, and strategic activities to ensure long-term sustainability.

Solicit corporate sponsorships to reach goal of self-sustainment.

97.110 SEVERE REPETITIVE LOSS PROGRAM

(SRL)

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

The SRL program is authorized by Section 1361A of the NFIA , Public Law 108-264, 42 U.S.C 4102a.

OBJECTIVES:

To assist States and local governments in supporting actions that reduce or eliminate the long-term risk of flood damage to residential properties insured under the National Flood Insurance Program (NFIP) that meet the definition of severe repetitive loss property, and to reduce losses to the National Flood Insurance Fund (NFIF) by funding projects that result in the greatest savings to the NFIF in the shortest time period. This grant program supports the Mitigate component of the Presidential Preparedness Directive 8 (PPD-8) in the following ways: by providing funding to states and communities that promotes Long-Term Vulnerability Reduction by elevating at-risk homes or removing structures from flood hazard areas. Overall, this program also supports Community Resilience by reducing the need for emergency services in flood-prone areas of the community.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

States, Territories, local and Federally - recognized Indian tribal governments may apply for SRL funding to reduce or eliminate the long-term risk of flood damage to residential properties insured under the NFIP that meet severe repetitive loss property eligibility criteria. Eligible activities under this program include: acquisition and relocation of at-risk structures and the conversion of property to open space; elevation of existing structures to the Base Flood Elevation (BFE) or an ABFE Advisory Base Flood Elevation (ABFE) or higher (for the SRL program Mitigation Reconstruction is only permitted when traditional elevation cannot be implemented); minor physical localized flood control projects; and dry-flood proofing (historic properties only). Projects must meet all eligibility criteria including cost-effectiveness; compliance with environmental and historic preservation laws and regulations and other program requirements.

Applicant Eligibility:

Entities eligible to apply for HMA grants include the emergency management agency or a similar office of the 50 States, the District of Columbia, American Samoa, Guam, the U.S. Virgin Islands, Puerto Rico, the Northern Mariana Islands, and Indian Tribal governments. Each State, Territory, Commonwealth, or Indian Tribal government shall designate one agency to serve as the Applicant for each HMA program. Please see the HMA program guidance for more detailed information.

Beneficiary Eligibility:

State agencies, Indian Tribal governments, and local governments and communities are eligible to apply as subapplicants for assistance under the SRL program. All interested subapplicants must apply to the Applicant. Please see the HMA program guidance for detailed information.

Credentials/Documentation:

Please see the HMA Program Guidance. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. An environmental impact assessment is required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

97.113 RAIL AND TRANSIT SECURITY GRANT PROGRAM (ARRA)

Transit Security Grant Program (American Recovery and Reinvestment Act of 2009)

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

The American Recovery and Reinvestment Act (ARRA) of 2009 , Public Law 115-5, 6 U.S.C 1135.

OBJECTIVES:

To create sustainable programs for the protection of critical bus and infrastructure from terrorism, with special emphasis on construction projects which address the most significant risks and can also be completed in a timely fashion.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Programs included under the CFDA number are: the ARRA Transit Security Grant Program (TSGP), Consistent with sections 1406 and 1513 of the Implementing Recommendations of the 9/11 Commission Act of 2007 (Public Law 110-53; 6 U.S.C. 1135 and 1163, funds may be used for planning, organizational activities, equipment acquisition, training, management and administrative activities, and other costs the Secretary deems appropriate to support the objectives of the program. Priority will be given to operational packages and capital projects which address the most significant risks and can also be completed in a timely fashion.

Applicant Eligibility:

Pursuant to PL 110-53, in order for a transit agency to be eligible for the ARRA TSGP, they must have either undergone a security assessment conducted by DHS (such as the Baseline Assessment for Security Enhancement (BASE) program security assessment performed by TSA Transportation Security InspectorsSurface, or developed and/or updated their own security plan within the past three years. A list of eligible transit agencies is included in the ARRA TSGP guidance.

Beneficiary Eligibility:

Refer to program guidance.

Credentials/Documentation:

P.L. 111-5 American Recovery and Reinvestment Act of 2009, Section 1511 Certifications: With respect to covered funds made available to State or local governments for infrastructure investments, the Governor, mayor, or other chief executive, as appropriate, shall certify that the infrastructure investment has received the full review and vetting required by law and that the chief executive accepts responsibility that the infrastructure investment is an appropriate use of

taxpayer dollars. Such certification shall include a description of the investment, the estimated total cost, and the amount of covered funds to be used, and shall be posted on a website and linked to the website established by section 1526 of the American Recovery and Reinvestment Act of 2009. A State or local agency may not receive infrastructure investment funding from funds made available in this Act unless this certification is made and posted. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. An environmental impact assessment is required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: Completing monitoring expansion to all 56 States and Territories

Increased membership by 31.5%

Number of MS-ISAC CERT engagements 169 in 2014, 164 in 2015 and 171 in 2016 An Engagement is assisting an SLTT with a cyber incident. This typically may include one, or all of the following: log analysis, malware analysis and full forensics review of the suspect system (s) and remediation recommendations.

Increased local participation in the NCSR by 103%

Increased automated indicator sharing by 157% (from 33 to 85 entities) This is the number of entities that are connected to the automated indicator sharing platform (Soltra Edge) which includes DHS.

Promoting DHS Programs such as NCATS, Cyber Security Exercises, Cyber Security Advisors, distribute DHS materials, etc. to the MS-ISAC members and conference attendees across the country.

Increased products covered by VMP by 142% (from 7 products to 17)

Increased threat actor tracking by 81% (from 326 to 591 actors) The threat actor tracking enables us to identify TTPs which are available to all MS-ISAC analysts. The analysts use this information in analyzing and providing assessment of threats and responding attacks impacting SLTTs. Threat actor tracking is also used to develop signatures that are deployed to Albert devices. The information is also used in reports provided to members.

Analyzing the use of cloud services for data analysis. The size and scale of our Netflow data repository has exceeded our ability to provide timely enterprise analysis of the data. A query of all of our Netflow data can take up to a week with our current platform. We are analyzing different options to see if a cost effect solution can be found. We have meetings/discussions scheduled with US-CERT, Carnegie Melon, DARPA, cloud providers and data analysis tool providers to assess what the options are.

Expanded membership partnerships by holding 3 Open Houses (7 to 10 members on-site for a 2 day exchange program

Support State ISAO initiatives We have products and tools that would be valuable for the state ISAOs that are forming to support critical infrastructure owners and operators in their respective states. One of the first questions by any prospective ISAO member is, how can you help me? We can assist with that. For example, if a state provided us with the IPs and domains of its CI partners, we could add them to our databases and notify the state ISAO regarding vulnerable domains, compromised credentials, connections to sink holes, etc., belonging to their ISAO members. They would also re-distribute all of the DHS and FBI products that we currently send to members. This will be a tremendous value add, which should encourage CI owners and operators to see the value of joining the state ISAO. Fiscal Year 2017: Sustain monitoring of all 56 States and Territories

Increasing membership by 20%

Increasing CERT engagements by 10%
Increasing participation in the NCSR by 20%
Increasing automated indicator sharing by 20%
Promoting DHS Programs
Increasing products covered by VMP
Expand threat actor tracking
Expanding Membership partnerships to include staff exchange program
Support State ISAO initiatives. Fiscal Year 2018: Sustain monitoring of all 56 States and Territories
Increasing membership by 20%
Increasing CERT engagements by 10%
Increasing participation in the NCSR by 20%
Increasing automated indicator sharing by 20%
Promoting DHS Programs
Increasing products covered by VMP
Expand threat actor tracking
Expanding Membership partnerships
Support State ISAO initiatives.

97.127 CYBERSECURITY EDUCATION AND TRAINING ASSISTANCE PROGRAM (CETAP)

CETAP

FEDERAL AGENCY:

National Protection & Programs Directorate (NPPD), Department of Homeland Security

AUTHORIZATION:

Department of Homeland Security Appropriations Act, 2017, Public Law 115-31, III U.S.C.

OBJECTIVES:

This program promotes cybersecurity education at multiple grade levels, and is intended to do so throughout the United States; supports a coordinated effort to engage students early in their academic careers with a cybersecurity research group; provides a mechanism whereby cybersecurity education is available not only in the form of the formal education of students, but in the training of their teachers; increases the number of U.S. teachers with an interest in, knowledge of, and access to cybersecurity educational materials, increases the number of

students affected by cybersecurity knowledge, and develops at an early stage students interest in the cybersecurity career field. This program aligns with Mission 4 (Safeguarding and Securing Cyberspace) and addresses Goal 4.2 (Promote Cybersecurity Knowledge and Innovation) of the Department of Homeland Security Quadrennial Homeland Security Review. This program also addresses a priority area implemented by Presidential Policy Directive/PPD-8 (<http://www.dhs.gov/presidential-policy-directive-8-national-preparedness>) through its alignment with the campaign to build and sustain national preparedness. The program provides Federal financial assistance toward community-based efforts to increase knowledge of cybersecurity topics and encourage interest in cybersecurity as an academic pursuit and as a professional career.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Restricted to supporting the development and implementation of cybersecurity-related training programs to engage teachers and students by a coordinated effort. Additional information concerning uses and restrictions is contained in the funding opportunity announcement. Financial and nonfinancial assistance may be provided for the following: salaries, materials and supplies, equipment, travel, publication costs, subcontractor and supporting costs required for technical and other activities necessary to achieve the objective. PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: In the FY16 grant period, NICERC continued evaluating the curricula for relevant application, as well as made significant progress in the develop of a new curricular offerings to include cyber-infused high school mathematics. The intent is to integrate cyber concepts into early high school-level mathematics material, while ensuring a logical flow of the course topics to engage the students and support their understanding of both mathematical and cyber concepts. In addition to the mathematics course, NICERC has begun working to build Cyber Society, a liberal arts course, as a full year-long course.

By the end of FY16 grant, NICERC projects training 2,577 new teachers, with a combined total of 4,150 teachers and 676,842 students affected overall. Fiscal Year 2017: In the FY17 grant period, NICERC will continue to update the curricula to ensure curricular learning platforms are applicable to the workforce demands, as well as provide educators with the depth and breadth needed to ensure student understanding of cyber knowledge, skills, and abilities. A new learning platform will be added to the Cyber Literacy, Cyber Literacy 2, and Cyber Science courses to allow maximum versatility within the classroom.

NICERC projects training approximately 3000 new teachers in the next grant period, with a combined total of approximately 4,650 teachers and over 1,000,000 students affected overall. Fiscal Year 2018: If funding levels continue, NICERC projects training approximately a greater number of new teachers in the next grant period compounding the number of students affected overall.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: NCSAM 2016s media footprint increased by 71% as compared to 2015. Expanding its media footprint, NCSAM 2016 generated 4.1 billion+ or 4,174,865,419 unique views an increase of 71% compared to 2015 from digital/print stories and press release distribution that mentioned National Cyber Security Awareness Month. Social media engagement increased, with the #CyberAware hashtag being used 70,264 times in October 2016 (a 14% increase over 2015). Additionally, more than 21,200 Twitter handles tweeted the #CyberAware hashtag during the month an 18% increase over the number of people who tweeted with the NCSAM hashtag in 2015. The hashtag potentially reached more than 68 million people (a 4% increase over last year) and generated nearly 493 million potential impressions (a 7% increase over last year). Fiscal Year 2017: Increased National Cyber Security Awareness Month participation and media involvement across the country from previous year. Gain additional far-reaching consumer-focused coverage, such as placements on the Today Show (or similar news/talk shows), CNN, etc. Increased use of social media placement and mentions from 2016, utilizing social media platforms such as Facebook, Twitter, and SnapChat. Fiscal Year 2018: Increased number of industry partner participation and strengthen private-public collaboration opportunities. Create new, creative, and innovative materials/collateral that gain national coverage and partner support. Capitalize on any new social media platforms and utilize existing platforms for increased social media presence than captured in 2017. Secure senior level leadership from industry to support NCSAM efforts and participate/speak at key events where possible.

97.130 NATIONAL NUCLEAR FORENSICS EXPERTISE DEVELOPMENT PROGRAM

(NNFEDP)

FEDERAL AGENCY:

Domestic Nuclear Detection Office (DNDO), Department of Homeland Security

AUTHORIZATION:

Nuclear Forensics and Attribution Act (Public Law 111-140; Sec. 4(a)(12), Public Law 111-140, U.S.C 4(a)(12).

OBJECTIVES:

The objectives of this program are: (1) to provide a stable foundation from which to develop and maintain the nuclear forensics workforce; (2) to provide an academic pathway from undergraduate to post-doctorate study in disciplines directly relevant to nuclear forensics, including but not limited to radiochemistry, geochemistry, nuclear physics, nuclear engineering, materials science, and analytical chemistry; and (3) to increase a diverse and highly talented cadre of new and emerging forensics experts who will fill specific expertise gaps in the area of nuclear forensics, an important homeland security mission. These objectives are aligned with Presidential Policy Directive (PPD)-8, National Preparedness, in that the NNFEDP aims to supply the technical expertise critical to enabling the nuclear forensics mission. This mission involves strengthening the security and resilience of the United States through systematic preparation for the threat of nuclear terrorism. Terrorism is cited among a short list of major threats in PPD-8 as posing the greatest risk to the security of the Nation. These objectives are also aligned with the DHS Quadrennial Homeland Security Review (QHSR) Mission 1: Preventing Terrorism and Enhancing Security. The NNFEDP supports the following Goals and Objectives:

Goal 1.1: Prevent Terrorist Attacks

Objective 1.1.2: Deter and Disrupt Operations

Goal 1.2: Prevent the Unauthorized Acquisition or Use of Chemical, Biological, Radiological, and Nuclear (CBRN) Materials and Capabilities

Objective 1.2.1: Anticipate Emerging Threats

Objective 1.2.2: Control Access to CBRN

Objective 1.2.4: Protection against Hostile Use of CBRN

In order to accomplish this mandate, the following goals must be met:

Implement a Nuclear Forensics Undergraduate Scholarship Program to provide outreach to the academic community, facilitate experiential learning in nuclear forensics-related research areas, and feed students into the Nuclear Forensics Graduate Fellowship Program.

Implement a Nuclear Forensics Graduate Fellowship Program to encourage students to pursue advanced degrees in radiochemistry and other nuclear forensics-related disciplines, encourage universities to invest in these types of programs, facilitate experiential learning in nuclear forensics-related research areas, and feed students into post-doctoral/permanent staff positions in nuclear forensics at the national laboratories or federal agencies.

Implement a Nuclear Forensics Education Award Program to support universities interested in developing and maintaining academic programs in nuclear forensics-related disciplines.

Implement a Nuclear Forensics Junior Faculty Award Program to provide universities with an incentive to recruit, promote, and retain highly qualified personnel to teach within nuclear forensics-related degree programs and contribute to associated research projects at universities.

Implement a Nuclear Forensics Minority Serving Institution (MSI) Collaboration Award Program to support the enhancement of undergraduate and/or graduate Chemistry, Math, Physics, and Engineering programs located at MSIs and to establish formal linkages among the universities currently participating in the Nuclear Forensics Graduate Fellowship Program, the nations MSIs, and the national laboratories.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:

These funds will be used to select an entity to administer the NNFEDP program. As the program administrator, the selected recipient will issue funds to eligible students or institutions of higher education for the following: materials, supplies, laboratory equipment/facilities upgrades, travel, publications costs, subcontractor and supporting costs required for technical and other activities necessary to achieve the objective. Restrictions on use of funds will be identified in the announcement, program guidance and award provisions. Refer to program guidance for further information.

97.131 EMERGENCY MANAGEMENT BASELINE ASSESSMENTS GRANT (EMBAG)

EMBAG

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

Homeland Security Act of 2002, as amended, 6 U.S.C. 313(b)(2)(G); 6 U.S.C. 313(b)(2)(B); 314(a)(10); and 314(a)(11), Section 503(b)(2)(G) , Public Law 114-113, 6 U.S.C 313(b)(2).

OBJECTIVES:

The FY 2017 EMBAG Program will support the updating and enhancement of a set of American National Standards Institute (ANSI)-certified standards for emergency preparedness and response as well as a related assessment methodology for the evaluation of state, local and territorial emergency

management organizations. This assessment methodology should incorporate a peer review process that results in accreditation of the emergency management organization, regardless of size.

The assessment and accreditation of emergency management organizations against consensus-based and ANSI-certified national standards enables standardized benchmarking of critical functions necessary for an emergency management organization to build, sustain, and deliver the 32 core capabilities identified in the National Preparedness Goal. By advancing the National Preparedness Goal through ANSI-certified national standards, the EMBAG Program supports the Quadrennial Homeland Security Review Mission to Strengthen National Preparedness and Resilience.

The Council of State Governments (CSG)/ Emergency Management Accreditation Program (EMAP) should ensure ANSI-certified national standards are aligned with the National Preparedness System (NPS). The National Preparedness System is the instrument the Nation employs to build, sustain, and deliver core capabilities in order to achieve the Goal of a secure and resilient Nation. The guidance, programs, processes, and systems that support each component of the National Preparedness System allow for the integration of preparedness efforts that build, sustain, and deliver core capabilities and achieve the desired outcomes identified in the Goal.

Likewise, ANSI-certified national standards and National Continuity Policy should be aligned. Presidential Policy Directive (PPD) 40, National Continuity Policy, provides the comprehensive national policy on continuity programs, capabilities, and operations. Continuity is an important element of preparedness and an integral part of each core capability across the five mission areas of protection, prevention, mitigation, response, and recovery within the National Preparedness System. PPD-40, National Continuity Policy, ensures a comprehensive and integrated national continuity program that enables a more rapid and effective response to and recovery from a catastrophic emergency. It prescribes continuity requirements for the Executive Office of the President and all Federal Executive Branch departments and agencies; assessments of federal agencies must align to these national requirements, standards, terminology, and concepts. The National Continuity Policy provides guidance, training, and tools to support jurisdictions efforts to develop capabilities for continuing the essential functions of state, local, tribal, and territorial governments; non-governmental organizations; and private sector owners and operators of critical infrastructure.

Accreditation of emergency management functions such as planning, coordination, and communications based on a national standard ensures that there are benchmarks in place for comparative evaluations. The assessment and accreditation process empowers a jurisdiction to understand its emergency management organizations capacity and shortfalls as well as to develop a path for improvement. Jurisdictions can then use the results of the assessment and accreditation process to build, sustain, and improve preparedness activities, as well as inform proposed Investment Justifications under the Homeland Security Grant Program. Tracking improvements to preparedness informs and guides development of State Preparedness Reports. These capability assessments provide the states and territories with an accounting of current capability levels and gaps, which jurisdictions can use to prioritize future resource investments.

The assessment and accreditation process supported by the EMAP will include review of the following areas within an emergency management organization: Emergency Management Program Administration, to include authorities, oversight, and strategic planning; Emergency Management Finance; Threat, Hazard, and Risk Identification and Assessment; Consequence Analysis; Hazard Mitigation; Emergency Planning, to include mutual aid; Incident Management to include the National Incident Management System (NIMS); Communications and Warning; Operations and Procedures; Training and Exercises to include alignment with the Homeland Security Exercise and Evaluation Program (HSEEP);

Public Affairs.

Program Objectives

Overall Objectives - The Council of State Governments (CSG)/EMAP will accomplish the following:

Maintain ANSI- certified emergency management organization standards that are consistent with consensus-based guidance aligned with the National Preparedness System and National Continuity Policy. CSG/EMAP must include reference to the Threat, Hazard, and Risk Identification and Assessment (THIRA) in its assessments verifying content and completeness of the THIRA as required by the National Preparedness Assessment Division (NPAD). CSG/EMAP must include reference to the National Incident Management System (NIMS); the Homeland Security Exercise and Evaluation Program (HSEEP); the Continuity Guidance Circular (CGC); Federal Continuity Directives (FCDs); and other DHS/FEMA guidance and policy as appropriate in its assessments;

Maintain a web-based portal for jurisdiction self-assessments;

Provide peer-review, trend analysis, and feedback on problem areas identified in the self-assessments;

Conduct a survey and follow-up report with those jurisdictions that have completed baseline assessments and provide feedback on the process;

Provide access to best practices and model plans;

Provide webinars for training on standards;

Provide training for assessors;

Complete state/territory/local/tribal assessments;

Develop additional emergency preparedness and response standards and assessment and accreditation processes if directed.

Actions - CSG/EMAP will be responsible for the following:

Recommendations for maintaining and updating ANSI- certified emergency management organization standards that are consistent with consensus-based guidance aligned with the National Preparedness System and National Continuity Policy and must include reference to the Threat, Hazard, and Risk Identification and Assessment, the National Incident Management System, the Homeland Security Exercise and Evaluation Program, the Continuity Guidance Circular, Federal Continuity Directives, and other DHS/FEMA guidance and policy as appropriate;

Presenting the EMAP process and the emergency management standards and accreditation guidelines at National Emergency Management Association and International Association of Emergency Managers annual conferences and providing a copy of the briefing to FEMA/National Preparedness Assessment Division (NPAD);

Securing agreements to assess approximately 12 Emergency Management organizations against ANSI-approved national standards;

Maintaining a web-based portal for jurisdictional self-assessments;

Ensuring access to best practices, including model plans, risk assessments, and similar documents and including this information in EMAPs annual report to FEMA;

Executing a peer-review process for emergency management organization accreditation, and feedback on problem areas identified in self-assessments;

Providing webinars for training on the emergency management organization standards and the accreditation process;

If directed, developing additional emergency preparedness and response consensus-based standards as well as a peer-assessment and accreditation process.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use

USES AND USE RESTRICTIONS:

- 1) State/territory baseline assessments documentation;
- 2) Maintenance of joint consensus standards and guidelines;
- 3) Maintenance of a web-based portal for states and territories self-assessments;
- 4) Peer-review and feedback on problem areas identified in the self-assessment;
- 5) Webinars for training on standards;
- 6) Videos which assist in the preparation for an assessment; and
- 7) Access to best practices and model plans. See Funding Opportunity Announcement.

Applicant Eligibility:

Any non-profit organization that can sufficiently demonstrate through their application significant experience in providing assessments of state emergency management organizations using peer review and nationally recognized emergency management standards and that can meet the objectives of this program is eligible to apply.

Beneficiary Eligibility:

State and territory emergency management programs.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. The applicant must provide a detailed budget for the funds requested. The detailed budget must be submitted as an attachment to the grant application package in the ND Grants system. The budget must be complete, reasonable, and cost-effective in relation to the proposed project. The budget should provide the basis of computation of all project-related costs, and appropriate narrative, and a detailed justification of Management and Administrative (M&A) costs.

For indirect costs, applicant is required to provide a copy of the official Negotiated Agreement in effect at the time of application.

Award Procedure:

Applications will be reviewed by DHS FEMA National Preparedness Assessment Division Program Office and Grants Program Directorate (GPD), and the award will be made by GPD Assistance Officers. Funds will not be made available for obligation, expenditure, or drawdown until the applicants budget and budget narrative have been approved by FEMA.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Other - Not Specified.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The period of performance is 12 months. A request for extension may be submitted to FEMA at least 60 days prior end of the performance period with specific and compelling justifications as to why an extension is required. See the following for information on how assistance is awarded/released: Upon approval of the application, the award will be made in the form of a grant. The date of approval of award entered into the system is the award date. Notification of award approval is made through the ND Grants system through an automatic email to the grantee point of contact (POC) listed in the initial application. Once an award has been approved and recorded in the system, a notice is sent to the authorized grant official. Follow the directions in the notification to accept your award documents. The authorized grant official should carefully read the award package for instructions on administering the grant and to learn more about the terms and conditions associated with responsibilities under Federal awards. Awarded funds will be loaded into the Payment Management System (PMS) and available for drawdown by the grantee, unless otherwise instructed.

Reports:

1. Baseline Assessment Reports, which identify the state or territory assessed, due within 120 days of peer-review onsite assessment.

2. Annual Baseline Assessment Summary Report, which reflect results of baseline assessments conducted during the period, identify trends, and summarize the state of the nations preparedness as determined through the application of nationally recognized emergency management standards. No cash reports are required. Quarterly Progress Reports which reflect progress toward the accomplishment of grant objectives, due within 30 days after the end of each quarter ending December 31st, March 31st, June 30th, and September 30th. 1. The Quarterly Federal Financial Report (FFR) SF-425, due within 30 days after the end of each quarter: January 30th, April 30th, July 30th, October 30th.

2. The Final Federal Financial Report (FFR), SF-425, due within 90 days after the Period of Performance expires.

3. Final Payment/Unexpended Funds: due within 90 days after the Period of Performance expires. Reports are not required; however, Grant recipient will be monitored by FEMA staff, both programmatically and financially, to ensure that the project goals, objectives, performance requirements, timelines, milestone completion, budgets, and other related program criteria are being met. Monitoring will be accomplished through a combination of office-based desk reviews and on-site monitoring visits. Monitoring will involve the review and analysis of the financial, programmatic, performance, and administrative issues relative to the program and will identify areas where technical assistance or other support may be needed.

The recipient is responsible for monitoring award activities to provide reasonable assurance that the Federal award is administered in compliance with requirements. Responsibilities include the accounting of receipts and expenditures, cash management, maintaining adequate financial records, and refunding expenditures disallowed by audits.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Grant records shall be retained for a period of 3 years from the day the recipient submits its final expenditure report. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later. Grant records include financial and program/progress reports, support documents, statistical records, and other documents that support the activity and/or expenditure of the recipient or sub-recipient under the award.

Formula and Matching Requirements:

- This program has no statutory formula.
- This program has no matching requirements.
- This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The expected period of performance will be two years from the date of award. See the following for information on how assistance is awarded/released: The assistance is awarded as grants and cooperative agreements to prime recipients and as grants to sub-recipients.

Reports:

Recipients and sub-recipients will be required to file periodic programmatic reports describing funded activities and a final programmatic report at the conclusion of the period of performance. Recipients are required to submit various financial and programmatic reports as a condition of their award acceptance. Future awards and fund drawdowns may be withheld if these reports are delinquent.

Federal Financial Reporting Requirements.

Recipients must report obligations and expenditures ported on a quarterly basis through the FFR (SF-425) to FEMA or more frequently should unusual circumstances arise. Recipients must file the FFR electronically using the Payment and Reporting System (PARS). An FFR must be submitted quarterly throughout the period of performance, including partial calendar quarters, as well as for periods where no grant award activity occurs. Future awards and fund drawdowns may be withheld if these reports are delinquent, demonstrate lack of progress, or are insufficient in detail. Recipients may review the Federal Financial Reporting Form (FFR) (SF-425) here:

https://www.whitehouse.gov/sites/default/files/omb/grants/approved_forms/SF-425.pdf, SF-425 OMB #00348-0061.

Financial and Compliance Audit Report.

For audits of fiscal years beginning on or after December 26, 2014, recipients that expend \$750,000 or more from all federal funding sources during their fiscal year are required to submit an organization-wide financial and compliance audit report. The audit must be performed in accordance with the requirements of GAOs Government Auditing Standards, located at <http://www.gao.gov/govaud/ybk01.htm>, and the requirements of Subpart F of 2 C.F.R. Part 200, located at <http://www.ecfr.gov/cgi-bin/text-idx?SID=55e12eead565605b4d529d82d276105c&node=2:1.1.2.1.1.6&rgn=div6>. Audit reports are currently due to the Federal Audit Clearinghouse no later than nine months after the end of the recipients fiscal year. Recipients are responsible for providing updated performance reports using the Performance Progress Report (SF-PPR) on a quarterly basis or more frequently should unusual circumstances arise. The SF-PPR is due within 30 days after the end of the reporting period. Recipients must complete the cover page of the SF-PPR and submit it as an attachment to the ND Grants system. The SF-PPR can be accessed online at <http://www.fema.gov/media-library/assets/documents/29485> OMB #0970-0334.

The following reporting periods and due dates apply:

- Reporting Period Report Due Date
- October 1 December 31 January 30
- January 1 March 31 April 30

April 1 June 30 July 30
July 1 September 30 October 30

Review of Training

The initial design documents for any training, awareness briefings, exercises, and other educational material produced with this grant funding or proposed to be delivered with this grant funding shall be provided to DHS for review and approval. DHS will make every effort to either give approval within 30 days or will provide a detailed summary of issues that need to be addressed to receive approval. Final products must also be submitted for review and approval 14 days prior to planned delivery. This includes information such as resumes, Curriculum Vitae or other sufficient documentation about any third party trainers or experts to be hired or paid with this grant funding to conduct these activities. The purpose of this requirement is to ensure privacy, civil rights and civil liberties are well integrated into the proposed content and design. All training supported with CVE funds must comply with FEMA-GPD Information Bulletin 373 Ensuring Training on Counter Terrorism and Countering Violent Extremism is Consistent with USG and DHS Policy (<https://www.fema.gov/pdf/government/grant/bulletins/info373.pdf>) and DHS Policy Countering Violent Extremism (CVE) Training - Guidance & Best Practices (<https://www.dhs.gov/sites/default/files/publications/cve-training-guidance-best-practices-pamphlet.pdf>).

Review of Other Materials

Recipients of funding in Focus Area 4: Challenging the Narrative shall submit for review and approval any materials deviating from the messaging strategy and media plan submitted with the application 14 days prior to planned implementation of those changes. Dynamic environments may require changes in approach to maintain performance and effectiveness of the program, project, or activity. DHS will make every effort to either give approval within that period or will provide a detailed summary of issues that need to be addressed to receive approval.

Evaluation

The Department of Homeland Security may initiate a formal evaluation of programs, projects or activities supported by this grant. By accepting grant funds, grantees agree to participate in the evaluation, which may include analysis of the impact on individuals and providing access to program operating personnel and participants, as specified by the evaluator(s) including after the period of performance.

Close Out Reporting Requirements

Within 90 days after the end of the period of performance, or after an amendment has been issued to close out a grant, whichever comes first, recipients must submit a final FFR and final progress report detailing all accomplishments and a qualitative summary of the impact of those accomplishments throughout the period of performance.

If applicable, an inventory of all construction projects that used funds from this program has to be reported using the Real Property Status Report (Standard Form SF 429) available at http://www.whitehouse.gov/sites/default/files/omb/grants/approved_forms/sf-429.pdf.

After these reports have been reviewed and approved by FEMA Grant Programs Directorate and the Program Office, a close-out notice will be completed to close out the grant. The notice will indicate the period of performance as closed, list any remaining funds that will be deobligated, and address the requirement of maintaining the grant records for three years from the date of the final FFR.

The recipient is responsible for returning any funds that have been drawn down but remain as unliquidated on recipient financial records. Recipients and sub-recipients will be required to file periodic expenditure reports in compliance with all relevant regulations governing this program. As the awarding agency, FEMA will conduct performance monitoring of the prime recipient(s) related to financial aspects of the award(s). The DHS Office of Community Partnerships, as the programmatic lead, will conduct performance

monitoring of prime recipients. The Prime Recipient(s) will be responsible for conducting programmatic and financial monitoring of subrecipient(s).

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Grant records shall be retained for a period of 3 years from the day the recipient submits its final expenditure report. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later. Grant records include financial and program/progress reports, support documents, statistical records, and other documents that support the activity and/or expenditure of the recipient or sub-recipient under the award.

97.133 PREPARING FOR EMERGING THREATS AND HAZARDS

FEDERAL AGENCY:

Federal Emergency Management Agency (FEMA), Department of Homeland Security

AUTHORIZATION:

Department of Homeland Security Appropriations Act, 2016, Title V, Section 543, Public Law 114-113.

OBJECTIVES:

To provide federal assistance which will support communities to prepare for new and emerging threats and hazards.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Eligible activities shall include, but not be limited to, planning, training, and exercises related to preparing for emerging threats and hazards, as well as other activities as the Secretary determines appropriate. Federal funds made available through this award may only be used for the purpose set forth in this award and must be consistent with the statutory authority for the award. Award funds may not be used for matching funds for any other Federal grants/cooperative agreements, lobbying, or intervention in Federal regulatory or adjudicatory proceedings. In addition, federal funds may not be used to sue the federal government or any other government entity.

Pre-award costs

Pre-award costs are allowable only with the prior written approval of DHS/FEMA and if they are included in the award agreement. To request pre-award costs a written request must be included with the application, signed by the Authorized Representative of the entity. The letter must outline what the pre-award costs are for, including a detailed budget break-out of pre-award costs from the post-award costs, and a justification for approval.

Direct Costs

Management and Administration (M&A) Costs: Costs associated with Management and Administration (M&A) are allowable. A maximum of up to five percent (5%) of the funds awarded may be retained by the grantee, and any funds retained are to be used solely for M&A purposes associated with the award

Planning: Planning related costs are allowed under this program.

Training: Training related costs are allowed under this program.

Exercises: Exercise related costs are allowed under this program.

Personnel: Personnel related costs are allowed under this program

Equipment: Equipment costs are allowed under this program.

Domestic

Domestic travel costs are allowed under this program.

International

International travel is not an allowable cost under this program unless approved in advance by the managing Federal agency.

Construction and Renovation: Construction and renovation costs are NOT allowed under this program.

Applicant Eligibility:

Please refer to the FY2016 Funding Opportunity Announcement.

Beneficiary Eligibility:

Preparedness is the shared responsibility of our entire nation. Each community contributes to achieving the National Preparedness Goal by assessing and

preparing for the risks that are most relevant and urgent for them individually, which in turn strengthens our collective security and resilience as a Nation. As new threats and hazards emerge, communities need to assess the risk to their community and take the necessary steps to prepare. Emerging threats and hazards include technological advancements, new environmental challenges, emerging diseases, and evolving terrorist tactics.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program.

Award Procedure:

Prime recipient(s) and any sub-recipient awards will be based on the following factors:



Need: Demonstration of need for funding support, including an explanation of their associated risk, capability gaps, and limitations on federal assistance associated with the emerging threat/hazard.



Design and Implementation: Demonstration of an effective and sustainable project approach for achieving program objectives, including the specific project implementation, project management, and regional and whole community approaches.



Impact: Demonstration of the proposed projects impact, including how the project will increase the jurisdictions preparedness and resilience and how collaboration with identified regional partners and whole community stakeholders will enhance project effectiveness.



Budget: Demonstration of a reasonable and cost-effective budget, including explanation of reasonable project costs across the requested categories and the projects relative cost effectiveness.



Additional priority may be given to those projects that include creative or innovative approaches and/or plans for distributing project results to other jurisdictions.

The expected period of performance will be three years from the date of award. Method of awarding/releasing assistance: lump sum.

Reports:

Recipients and sub-recipients will be required to file periodic programmatic reports describing funded activities and a final programmatic report at the conclusion of the period of performance. Recipients are required to submit various financial and programmatic reports as a condition of their award acceptance. Future awards and fund drawdowns may be withheld if these

reports are delinquent.

Federal Financial Reporting Requirements.

Recipients must report obligations and expenditures ported on a quarterly basis through the FFR (SF-425) to FEMA or more frequently should unusual circumstances arise. Recipients must file the FFR electronically using the Payment and Reporting System (PARS). An FFR must be submitted quarterly throughout the period of performance, including partial calendar quarters, as well as for periods where no grant award activity occurs. Future awards and fund drawdowns may be withheld if these reports are delinquent, demonstrate lack of progress, or are insufficient in detail.

Recipients may review the Federal Financial Reporting Form (FFR) (SF-425) here:

https://www.whitehouse.gov/sites/default/files/omb/grants/approved_forms/SF-425.pdf, SF-425 OMB #00348-0061.

Financial and Compliance Audit Report

For audits of fiscal years beginning on or after December 26, 2014, recipients that expend \$750,000 or more from all federal funding sources during their fiscal year are required to submit an organization-wide financial and compliance audit report. The audit must be performed in accordance with the requirements of GAOs Government Auditing Standards, located at <http://www.gao.gov/govaud/ybk01.htm>, and the requirements of Subpart F of 2 C.F.R. Part 200, located at <http://www.ecfr.gov/cgi-bin/text-idx?SID=55e12eead565605b4d529d82d27615c&node=2:1.1.2.1.1.6&rgn=div6>. Audit reports are currently due to the Federal Audit Clearinghouse no later than nine months after the end of the recipients fiscal year. Recipients and sub-recipients will be required to file periodic programmatic reports describing funded activities and a final programmatic report at the conclusion of the period of performance.

Recipients are responsible for providing updated performance reports using the Performance Progress Report (SF-PPR) on a quarterly basis or more frequently should unusual circumstances arise. The SF-PPR is due within 30 days after the end of the reporting period. Recipients must complete the cover page of the SF-PPR and submit it as an attachment to the ND Grants system. The SF-PPR can be accessed online at <http://www.fema.gov/media-library/assets/documents/29485> OMB #0970-0334.

The following reporting periods and due dates apply:

Reporting Period Report Due Date
October 1 December 31 January 30
January 1 March 31 April 30
April 1 June 30 July 30
July 1 September 30 October 30

Close Out Reporting Requirements.

Within 90 days after the end of the period of performance, or after an amendment has been issued to close out a grant, whichever comes first, recipients must submit a final FFR and final progress report detailing all accomplishments and a qualitative summary of the impact of those accomplishments throughout the period of performance.

If applicable, an inventory of all construction projects that used funds from this program has to be reported using the Real Property Status Report (Standard Form SF 429) available at http://www.whitehouse.gov/sites/default/files/omb/grants/approved_forms/sf-429.pdf.

After these reports have been reviewed and approved by FEMA Grant Programs Directorate and the Program Office, a close-out notice will be completed to close out the grant. The notice will indicate the period of performance as closed, list any remaining funds that will be deobligated, and address the requirement of maintaining the grant records for three years from the date of the final FFR.

The recipient is responsible for returning any funds that have been drawn down

but remain as unliquidated on recipient financial records. Recipients and sub-recipients will be required to file periodic expenditure reports in compliance with all relevant regulations governing this program. As the awarding agency, FEMA will conduct performance monitoring of the prime recipient(s) related to financial aspects of the award(s). The Prime Recipient(s) will be responsible for conducting programmatic and financial monitoring of subrecipient(s).

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Grant records shall be retained for a period of 3 years from the day the recipient submits its final expenditure report. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later. Grant records include financial and program/progress reports, support documents, statistical records, and other documents that support the activity and/or expenditure of the recipient or sub-recipient under the award.

98.003 OCEAN FREIGHT REIMBURSEMENT PROGRAM (OFR)

FEDERAL AGENCY:

Agency for International Development

AUTHORIZATION:

U.S. Foreign Assistance Act of 1961.

OBJECTIVES:

Reimburses registered U.S. private voluntary organizations (PVOs) to ship commodities overseas for use in privately funded development and humanitarian assistance programs.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grant funds may be used to pay transportation charges on shipments by PVOs registered with USAID to further the efficient use of U.S. voluntary contributions for development, relief, and the rehabilitation of friendly people. Participating PVOs are responsible for ancillary costs such as commodity acquisition, warehousing, insurance, local transportation and distribution. OFR awards will not exceed \$150,000 per year.

Applicant Eligibility:

Applicants must be a U.S. PVO registered with USAID's Office of Private and Voluntary Cooperation; receive at least 20 percent of its total annual financial support for its international programs from non-U.S. government sources; ship only those commodities and only to those countries approved by USAID; have staff or consignees in-country to ensure proper pick-up and distribution of commodities; and provide Duty-Free Certification with the application for each country to which commodities will be shipped.

Beneficiary Eligibility:

Registered PVOs in the United States, as well as people located in USAID eligible countries who are in need of humanitarian assistance or relief, benefit from these grants.

98.006 FOREIGN ASSISTANCE TO AMERICAN SCHOOLS AND HOSPITALS ABROAD (ASHA)

FEDERAL AGENCY:

Agency for International Development

AUTHORIZATION:

The Foreign Assistance Act of 1961, as amended, Section 214.

OBJECTIVES:

The purpose of the American Schools and Hospitals Abroad (ASHA) program is to furnish assistance to schools and libraries outside the United States founded or sponsored by United States citizens and serving as study and demonstration centers for ideas and practices of the United States, and to hospital centers for medical education and research outside the United States, founded or sponsored by United States citizens. Within this context of the U.S. Foreign Assistance Program, the objectives of the ASHA program are to strengthen overseas schools and hospitals that best demonstrate American ideas and practices, and are likely to survive over a long term.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds are authorized through grant agreements with private and non-profit U.S. organizations to carry out activities in line with the Agency's objectives. Funds are limited for direct support of activities conducted outside the United States in furtherance of the Agency's strategic objectives. ASHA grants are awarded through a competitive process.

Applicant Eligibility:

Pursuant to Section 214 of the Foreign Assistance Act of 1961, as amended, grant assistance is made available to schools and libraries outside the United States founded or sponsored by United States citizens and serving as study and demonstration centers for ideas and practices of the United States, and to hospital centers for medical education and research outside the United States, founded or sponsored by United States citizens. Grants made under this program help such institutions demonstrate to people overseas the achievements of the United States in education and medicine.

The applicant must be a non-profit U.S. organization, which either founded or sponsors the institution for which assistance is sought. The applicant, for example, can be a nonprofit university or a tax exempt organization under Section 501(c) (3) of the Internal Revenue Code of 1954 as amended.

The applicant must demonstrate a continuing supportive relationship with the overseas institution. Evidence of this would be the provision of financial and management support for the institution.

Other more detailed eligibility requirements are addressed in the published Request for Applications which appear on the USAID/ASHA web site and www.grants.gov.

Beneficiary Eligibility:

Beneficiaries must be institutions located outside the U.S. and must not be under the control or management of a government or any other of its agencies. The majority of the users of these overseas institutions, e.g., students or patients, must be citizens of countries other than the U.S.

Credentials/Documentation:

The overseas institutions must demonstrate competence in professional skills and exhibit sound management and financial practices. An applicant must present a strategy that demonstrates the ability to achieve professional competence, commitment to promote U.S. ideas and practices, and to operate in accordance with sound management and financial practices. Institutions must be open to all persons regardless of race, religion, sex, color, or national origin. All overseas institutions are expected to reflect favorably upon, and to increase the understanding as well as to enhance the image of the United States. An applicant requesting assistance must provide an estimate of the total cost (including cost share and U.S. contribution) for which assistance is requested. Such applicants must also provide information and assurances with respect to right to occupy the premises and/or the land upon which new construction is planned. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Per the United States Agency for International Development Environmental Compliance Procedures, 22 CFR 216. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applications are submitted in response to specific announcements (Requests for Applications) synopsisized and published on the grants.gov web site. All applications must be submitted using the Standard Form 424. Each announcement provides specific instructions regarding the contents of the description of the activity, budget documentation and other required information.

Award Procedure:

Following selection for award, a successful applicant will receive an electronic copy of the notice of award signed by the Agreement Officer which serves as the authorizing document. USAID will issue the award to the contacts specified by the applicant in its application documents and /or the Authorized Individuals submitted by the application.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The range is from 7 to 9 months.

Appeals:

Not Applicable.

Renewals:

Extensions to the project period may be made if deemed appropriate by the Agreement Officer.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. This program has no matching requirements. Cost sharing is an important element of the USAID-recipient relationship. Although not required, applicants

are encouraged to contribute resources from its own, private, or local sources for the implementation of this project. Contributions can be either cash or in kind (in accordance with OMB Circular A-110 and 22 CFR 226.23). MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants may be issued for up to a 5 year period. Method of awarding/releasing assistance: by letter of credit.

Reports:

Program reports are not applicable. Cash reports are not applicable. Grantees must submit quarterly progress reports and annual organizational reports. Comprehensive final Project Reports are due no later than 90 days after the completion of projects. Expenditure reports are required 30 days after the end of each progress reporting period. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Foreign non-profit organizations, host governments, and sub-recipients that expend \$300,000 or more in USAID awards (i.e., organizations that receive USAID funds either directly or through a prime contractor or recipient) during their fiscal year, must have an annual audit conducted of those funds in accordance with the Guidelines for Financial Audits Contracted by Foreign Recipients as issued in USAID's official Agency regulations ADS Chapter 591.

Records:

In accordance with 22 CFR Part 226.53, grantees are to maintain accounting records for a minimum of 3 years after the end of the date of submission of the final expenditure report. If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

Account Identification:

98.007 FOOD FOR PEACE DEVELOPMENT ASSISTANCE PROGRAM (DAP)

FEDERAL AGENCY:

Agency for International Development

AUTHORIZATION:

The Foreign Assistance Act of 1961.

OBJECTIVES:

To improve access, availability and utilization of food in food insecure environments abroad. The priority for Title II development programs is a focus on improving household nutrition and health status, especially in children and mothers, and on increasing agricultural productivity, including field production, post-harvest handling and transformation and marketing.

TYPES OF ASSISTANCE:

PROJECT GRANTS; SALE, EXCHANGE, OR DONATION OF PROPERTY OR GOODS

USES AND USE RESTRICTIONS:

U.S. and local Private Voluntary Organizations registered with USAID may submit proposals requesting commodities and cash to carry out food aid programs in food insecure countries. The activities outlined in new DAPs should be in conformity with USAID, host government and multilateral food security assessments and strategies. Coordination with USAID Mission development priorities for the associated countries is highly desirable; program and resources integration is encouraged. However, no proposal will be disapproved solely because it is not integrated. Proposals will be reviewed and considered eligible for approval so long as they do not violate the Bellmon Amendment or other statutory provisions, are consistent with the Food Aid Food Security policy paper, and address the host country's most serious problems in the areas of food access, availability, and utilization.

Applicant Eligibility:

Private non-profit institutions/organizations are eligible for this program. Specifically, an organization must be a Private Voluntary Organization (PVO) or cooperative. PVOs must be registered with USAID as of the date of its application. In order to be awarded a program the organization must also be registered with the Office of Food for Peace.

Beneficiary Eligibility:

Private, non-profit institutions/organizations will benefit from this program along with vulnerable and food insecure populations in low income food deficit countries (LIFDCs) and least developed countries (LDCs).

Credentials/Documentation:

USAID Registration; Evidence of legal capacity, economic feasibility, and financial responsibility relative to the activity for which assistance is required. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Submission of Application (including SF 424 and 424a) as required by DAP guidelines and application instructions.

Award Procedure:

Applications are submitted to the Office of Food for Peace. All applications are reviewed for completeness by the recipient office and then given to a technical

review committee for a competitive review.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days. Up to 120 days following submission.

Appeals:

Other - Not Specified.

Renewals:

Possible.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

This funding is available for up to five years under the current program. Method of awarding/releasing assistance: quarterly.

Reports:

Program reports are not applicable. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In accordance with the provisions of OMB circular No A-133 (Revised June 23, 2003), Audits of States, Local Governments and Non-Profit Organizations, non-federal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-federal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year except as noted in OMB Circular A-133.

98.008 FOOD FOR PEACE EMERGENCY PROGRAM (EP)

FEDERAL AGENCY:

Agency for International Development

AUTHORIZATION:

The Foreign Assistance Act of 1961.

OBJECTIVES:

To improve access, availability and utilization of food in food insecure environments abroad. The priority for Title II emergency programs is to prevent hunger and malnutrition in food insecure areas or countries.

TYPES OF ASSISTANCE:

PROJECT GRANTS; SALE, EXCHANGE, OR DONATION OF PROPERTY OR GOODS

USES AND USE RESTRICTIONS:

Private Voluntary Organizations may submit proposals requesting commodities and cash to carry out food aid programs in food insecure areas or countries.

Applicant Eligibility:

Private non-profit institutions/organizations are eligible for this program. Specifically, an organization must be a Private Voluntary Organization (PVO) or cooperative. If a U.S. based PVO, the organization must be registered with USAID as of the date of its application. In order to be awarded a program the organization must also be registered with the Office of Food for Peace.

Beneficiary Eligibility:

Private, non-profit institutions/organizations will benefit from this program along with vulnerable and food insecure populations.

Credentials/Documentation:

USAID Registration; Evidence of legal capacity, economic feasibility, and financial responsibility relative to the activity for which assistance is required. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Submission of Application (including SF 424 and 424a) in line with Emergency Proposal Guidelines.

Award Procedure:

Unsolicited emergency applications are submitted to the Office of Food for Peace throughout the year to respond to natural disasters, complex emergencies and post-emergency stabilization needs. An emergency appeal or disaster declaration is the "triggering mechanism" that allows FFP to consider requests for emergency food assistance. All applications for assistance are reviewed for completeness and then given a technical review. Awards are negotiated based on a demonstrated need for food aid and the ability of the proposed assistance to respond to the indicated need(s).

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 15 to 30 days. Although there is no binding timeframe, emergency situations often require a quick response. Therefore, FFP/EP works with the objective of completing the proposal review within 21 working days of receipt of a complete proposal. Delays may occur when required information is not included in the proposal.

Appeals:

Cooperating sponsors are given the opportunity to re-work their proposed

programs to effectively meet demonstrated need.

Renewals:

Possible.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Emergency Programs are approved for up to one year. The average time frame for an emergency response is six months to a year. Method of awarding/releasing assistance: quarterly.

Reports:

98.009 JOHN OGWONOWSKI FARMER-TO-FARMER PROGRAM

(Development assistance program)

FEDERAL AGENCY:

Agency for International Development

AUTHORIZATION:

U.S. Foreign Assistance Act of 1961.

OBJECTIVES:

Improve global food production and marketing by transferring technical skills of the U.S. agricultural community to farmers in participating countries. The purpose of the program is to assist farmers in increasing food production and distribution, by improving the effectiveness of farming and marketing operations."

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grant funds may be used to assist developing countries, middle-income countries, emerging markets, sub-Saharan African countries, and Caribbean Basin countries to:

1. increase farm production and farmer incomes by increasing food production and distribution and improving the effectiveness of the farming and marketing operations of agricultural producers in those countries;
2. improve agricultural and agribusiness operations and agricultural systems in those countries, including improving i) animal care and health; ii) field crop cultivation; iii) fruit and vegetable growing; iv) livestock operations; v) food processing and packaging; vi) farm credit; vii) marketing; viii) inputs; and ix) agricultural extension, and strengthen cooperatives and other agricultural groups in those countries, and
3. transfer the knowledge and expertise of United States agricultural producers and businesses, on an individual basis, to those countries while enhancing the democratic process by supporting private and public agriculturally related organizations that request and support technical assistance activities through cash and in-kind services.

Applicant Eligibility:

The following types of organizations are eligible to apply for grants: agricultural producers, agriculturalists, colleges and universities (including historically black colleges and universities, land grant colleges or universities, and foundations maintained by colleges or universities), private agribusinesses, private organizations (including grassroots organizations with an established and demonstrated capacity to carry out such a bilateral exchange program), private corporations, and nonprofit farm organizations. Applicants must also be registered with USAID (if a U.S. PVO); and waive profits and/or fees under the USAID grant (if a for-profit business).

Beneficiary Eligibility:

Farms, cooperatives, farmers associations, agricultural and food processing and marketing enterprises, rural finance institutions and in some cases public entities seeking assistance in improving agricultural policy and public services to the agricultural sector in developing countries, middle-income countries, emerging markets, sub-Saharan African countries, and Caribbean Basin countries.

Credentials/Documentation:

Organizations aspiring to implement the John Ogonowski Farmer to Farmer Program, must be registered with USAID (if a U.S. PVO); and waive profits and/or fees under the USAID grant (if a for-profit business). In addition they should provide documentation that demonstrates that they have the organizational capacity to implement the program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. As may be specified in a published Request for Applications. This would normally include, but would not necessarily be limited to Forms SF-424 and 424A, as well as the applicant organization's name, address, contact person and information; project objectives; funding and budget; proposed partners; executive summary, organizational overview, program description,

program management and structure; monitoring and impact assessment; cost proposal with budget narrative; planning matrix; staffing plans with resumes of key personnel; letters from proposed partners evidencing knowledge of the program and agreement to participate; evidence of concurrence from USAID missions in countries of proposed implementation; and a summary of USAID-financed activities conducted over the three years preceding the application.

Award Procedure:

As may be specified in a published Request for Applications (RFA). Applications are submitted to the Office of Acquisitions and Assistance, Attn: Farmer-to-Farmer Program, United States Agency for International Development, 1300 Pennsylvania Avenue, Washington DC 20523.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days. Approximately three to four months from the receipt of applications.

Appeals:

If an application is rejected, the reasons for rejection are fully stated.

Renewals:

Other - Not Specified.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Cooperative agreements are generally for a period of five years and may be extended for a total period not to exceed ten years. The length of grants is also governed by the length of the governing legislation. Method of awarding/releasing assistance: quarterly.

Reports:

No reports are required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," non federal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

98.010 DENTON PROGRAM

FEDERAL AGENCY:

Agency for International Development

AUTHORIZATION:

U.S. Foreign Assistance Act of 1961.

OBJECTIVES:

To put the empty space on U.S. Military transport to good use by providing humanitarian relief transportation for nongovernmental organizations or private citizens, at little or no cost to them.

TYPES OF ASSISTANCE:

PROVISION OF SPECIALIZED SERVICES

USES AND USE RESTRICTIONS:

The Denton Program is a commodity transportation program that is jointly administered by the U.S. Agency for International Development (USAID), the Department of State (DOS), and the Department of Defense (DOD). The program provides the authority for DOD to use any extra space on U.S. military cargo aircraft to transport donated goods for humanitarian relief. The minimum and maximum weight allowance for Denton shipments is 2,000 lbs. and 100,000 lbs., respectively. Time and or temperature sensitive cargo, perishable food stuff, pharmaceutical samples, passengers, livestock, hazardous material, and vehicles requiring a special driver are ineligible commodities under the Denton program.

Applicant Eligibility:

Applicants must be an U.S. based private voluntary organization (PVOs), non-governmental organization (NGOs) or small organization.

Beneficiary Eligibility:

PVOs, NGOs and International Organizations (IOs) in eligible countries.

Credentials/Documentation:

Evidence that the goods are in usable condition; the consignee in country is legitimate and has the capacity to receive and distribute goods; and the goods are packaged properly and in compliance with U.S. military procedures. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. All prospective donors are encouraged to apply online for U.S. military space available transportation under the Denton program. Information on the guidelines and the application can be accessed at www.dentonfunded.ida.org. The procedures are specified in the application. These include the applicant name, address, contact information; consignee name, address, contact information; the description of beneficiaries, impact areas, distribution plan; the detailed list of items; the cargo weight, volume and

U.S. warehouse location; and the duty-free certification.

Award Procedure:

Not applicable.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 90 to 120 days. The Denton Program requires the coordination of USAID, DOS, and DOD throughout the approval process. Applications take from 6-8 weeks to be approved and an additional three months or more (depending upon availability) to receive Department of Defense space-available transport. Neither approval nor transportation is guaranteed.

Appeals:

Other - Not Specified.

Renewals:

Donors may submit only one application per country at a time. They cannot reapply to a country until the prior transportation request has been completed.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Since the Denton program is a space available program, it is impossible to predict when transportation will be provided; therefore, no guarantees can be made regarding completion of a donated humanitarian goods shipment. Method of awarding/releasing assistance: quarterly.

Reports:

Program reports are not applicable. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

98.011 GLOBAL DEVELOPMENT ALLIANCE

FEDERAL AGENCY:

Agency for International Development

AUTHORIZATION:

U.S. Foreign Assistance Act of 1961.

OBJECTIVES:

The Global Development Alliance (GDA) business model provides a framework for enabling public-private alliances (PPA's) to carry-out activities that promote international development objectives. Through the leveraging, sharing the cost of resources and pooled expertise, the PPA model seeks to achieve greater impact than individual entities working alone. For further information please visit http://www.usaid.gov/our_work/global_partnerships/gda/.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds are authorized through grants, cooperative agreements, and Leader-with Associate Grants, to U.S. and non-U.S. for profit and not for profit organizations to carry out activities to enhance development objectives. Potential for-profit applicants should note that USAID policy prohibits the payment of fee/profit to recipients under assistance instruments. Potential partners should note that cash and in-kind contributions, including volunteered services qualify as cost-share or leveraging, however forgone profit does not qualify as cost-sharing or leveraging. The resource contribution of the partners must be at least as great as that requested of USAID to achieve a minimum 1:1 leverage ratio.

Applicant Eligibility:

The eligibility criteria for potential alliance partners is broad, and the following list of potential partners is for illustrative purposes: U.S. and non-U.S. Non-Governmental Organizations, U.S. and non-U.S. private businesses, foundations, business and trade associations, international organizations, U.S. and non-U.S. colleges and universities, U.S. cities and states, other U.S. Government agencies, civic groups, other donor governments, host country governments, regional organizations, host country parastatals, individual and group philanthropies and funds etc. Non-Governmental Organizations (NGO) do not need to be registered as Private Voluntary Organizations to submit a proposal.

Beneficiary Eligibility:

Beneficiaries are foreign governments, foreign public or private institutions or organizations, and/or the people of the developing world.

Credentials/Documentation:

Applicants who have never received a grant from USAID may be required to provide additional documentation that will be requested by the Operating Unit issuing the grant. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applicants are encouraged to apply at individual USAID Missions and operating units. The GDA Secretariat staff is readily available to meet with prospective partner organizations and can assist organizations with points of contacts within USAID. The Secretariat may also provide feedback and comments on applicant concept papers. USAID encourages applicants to use the standard format that

will be in the formal solicitation to be issued at www.grants.gov.

Award Procedure:

Official notice of approved application is made by the Agreement Officer through the issuance of a Grant Award, Cooperative Agreement or a Leader with Associate Grant.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days. The range for receiving a response is from 60 to 90 days.

Appeals:

Other - Not Specified.

Renewals:

Extensions to the PPA project period may be made if deemed appropriate by the Agreement Officer. Existing awards may be modified to include alliance components.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.
Matching requirements are not applicable to this program.
MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants, cooperative agreements and leader with associate grants may be issued for up to a five-year period, and are generally funded on a 12-month basis. Support beyond the first year is contingent upon the availability of funds. Method of awarding/releasing assistance: quarterly.

Reports:

Program reports are not applicable. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In accordance with the provisions of OMB Circular A-133 (Revised June 27, 2003), Audits of States, Local Governments, and Non-Profit Organizations, nonfederal entities that receive financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

In accordance with 22 CFR Part 226.53, grantees are to maintain accounting records for a minimum of 3 years after the end of the date of submission of the final expenditure report. If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

Appendix I: Programs Requiring Executive Order 12372 Review

This appendix lists programs requiring Executive Order 12372 review. Executive Order 12372 "Intergovernmental Review of Federal Programs," structures the Federal government's system of consultation with State and local governments on its decisions involving grants, other forms of financial assistance, and direct development. Under E.O. 12372, States, in consultation with their local governments, design their own review processes and select those Federal financial assistance and direct development activities they wish to review.

Since October 1, 1983 most States have acted to establish a review and comment system in response to E.O. 12372. In such cases, applicants for grants will need to meet the requirements of the intergovernmental consultation process established by a particular State and its local governments before Federal agencies take action on an application.

For more information on the process a particular State requires to be followed, an applicant should contact the office or official designated as the single point of contact in his or her State. Consult the individual program description in the Catalog to determine whether the programs under which he/she plans to apply is subject to E.O.12372. Consult the Federal agency's application package for instructions on State notification.

Appendix II: Budget Functional Code Appendix

FINANCIAL INFORMATION

Account Identification - This 11-digit budget code identifies the account from which a program is funded as expressed in the Appendix to the Federal Budget. For identification code 75-0350-0-1-551, the first two digits represent the Federal agency code, and the third through sixth digits identify the appropriation (or fund) basic account symbol assigned by the Treasury Department. Where two or more accounts with different Treasury basic account symbols are included in a consolidated program, 99 will be the third and fourth digits, the fifth digit will be the fund type and the sixth digit will reflect the sequence of consolidated programs for that fund type within the agency. The seventh digit identifies the timing of transmittal of budget estimates:

- 0: Regular budget schedules
- 1: Supplemental appropriation
- 2: Legislative proposal, not subject to PAYGO
- 3: Appropriations language to be transmitted later
- 4: Legislative proposal, subject to PAYGO
- 5: Recission proposal
- 6: Adjustments to 1996 continuing resolution levels

The eighth digit identifies the type of government fund involved:

1: General fund - General Fund Appropriation Accounts - Accounts established to record amounts appropriated by law to be expended for the general support of the Government.

General Fund Receipt Accounts - Accounts credited with all receipts that are not earmarked by law for a specific purpose.

2: Special fund - Special Fund Appropriation Accounts - Accounts established to record appropriated amounts of special fund receipts to be expended for special programs in accordance with specific provisions of law. Special Fund Receipt Accounts - Accounts credited with receipts from specific sources that are earmarked by law for a specific purpose.

3: Public Enterprise Fund Accounts - Funds authorized by Congress to be credited with receipts primarily from the public, that are generated by, and earmarked to finance, a continuing cycle of business-type operations.

4: Intragovernmental Revolving or Management Fund Intragovernmental Fund Accounts - Accounts established to facilitate financing transactions within and between Federal agencies. These funds may be classified as intragovernmental revolving funds or management funds. Intragovernmental Revolving Fund Accounts - Funds authorized by law to carry out a cycle of intragovernmental business-type operations. These funds are credited with offsetting collections from other agencies and accounts.

7: Trust Fund (non-revolving) - Trust funds are established to account for the receipt and expenditure of monies by the Government for carrying out specific purposes and programs in accordance with the terms of a statute that designates the fund as a trust fund (such as the Highway Trust Fund) or for carrying out the stipulations of a trust agreement (such as any of several trust funds for gifts and donations for specific purposes). In a trust non-revolving fund, the receipts designated for the trust fund are in a separate account.

8: Trust Fund (revolving) - In a trust revolving fund, the fund is credited with collections earmarked by law to carry out a cycle of business-type operations.

9: For use when account consolidations cross fund types. The last three digits represent the functional classification (code) used in the latest Federal Budget document, unless noted otherwise by the Office of Management and Budget. In cases where a program is split between two or more subfunctions: (a) if all subfunctions are in the same major function, the code is the same as for the major function; or (b) if two or more major functions are involved the digits '999' are used. (Example: 75-1361-0-1-550)

Listed below are major functions and subfunctions as used in the budget document to show allocations of budget authority and outlays according to end purposes without regard to agency jurisdiction. The central nature of each major function is identified and defined. Catalog programs are listed following each applicable subfunction (or major function). Note that some subfunctions are not applicable to Catalog programs.

The alphabet(s) in parentheses following the program title, shows the type(s) of assistance available through that program. The alphabet codes with accompanying types of assistance are as follows:

- A: Formula Grants
- B: Project Grants
- C: Direct Payments for Specified Use
- D: Direct Payments with Unrestricted Use
- E: Direct Loans
- F: Guaranteed/Insured Loans
- G: Insurance
- H: Sale, Exchange, or Donation of Property and Goods
- I: Use of Property, Facilities, and Equipment
- J: Provision of Specialized Services
- K: Advisory Services and Counseling
- L: Dissemination of Technical Information
- M: Training
- N: Investigation of Complaints
- O: Federal Employment

(050) NATIONAL DEFENSE

This function includes those programs directly related to the common defense and security of the United States. It includes the raising, equipping, and maintaining of armed forces (including civilian supporting activities), development and utilization of weapons systems (including nuclear weapons), and related programs. National defense includes direct compensation and benefits paid to active military and civilian personnel; contributions to their retirement, health, and life insurance funds; the conduct of defense research, development, testing, and evaluation; and procurement, construction, stockpiling, and other activities undertaken with the direct object of fostering our national security. Excluded from national defense are benefits or compensation to veterans and their dependents (veterans benefits are generally available to personnel who served the country in national emergencies; benefits for career military personnel are generally charged as a cost to the national defense function) and military retired pay, which is included in the income security function. Also excluded from national defense is the peaceful conduct of foreign relations; foreign military, economic, and humanitarian assistance; subsidies to business by civilian agencies (such as maritime subsidies) that may be partially justified as promoting national security; and research and operations of agencies (such as space research) whose program mission is not directly designed to promote national defense but which could result in some significant benefits to our national security.

- 81.123 National Nuclear Security Administration (NNSA) Minority Serving Institutions (MSI) Program (B)
- 81.137 Minority Economic Impact (B)

(051) Department of Defense - Military

The entire agency is included in this subfunction. Because of the method of funding and accounting in the Defense Department no further subdivisions on a program basis are available in terms of outlays.

- 12.002 Procurement Technical Assistance For Business Firms (B)
- 12.300 Basic and Applied Scientific Research (B)
- 12.330 Science, Technology, Engineering & Mathematics (STEM) Education, Outreach and Workforce Program (B)
- 12.355 Pest Management and Vector Control Research (B)
- 12.360 Research on Chemical and Biological Defense (B)
- 12.420 Military Medical Research and Development (B)
- 12.431 Basic Scientific Research (B)
- 12.460 Fisher House Foundation (B)
- 12.550 The Language Flagship Grants to Institutions of Higher Education (B)
- 12.551 National Security Education Program David L. Boren Scholarships (B)

- 12.901 Mathematical Sciences Grants (B)
- 12.905 CyberSecurity Core Curriculum (B)
- 12.910 Research and Technology Development (B)

(053) Atomic Energy Defense Activities

Those programs of the Department of Energy devoted to national defense activities, such as naval ship reactors and nuclear weapons.

- 17.310 Energy Employees Occupational Illness Compensation (D)
- 81.104 Environmental Remediation and Waste Processing and Disposal (B)
- 81.106 Transport of Transuranic Wastes to the Waste Isolation Pilot Plant: States and Tribal Concerns, Proposed Solutions (B)
- 81.112 Stewardship Science Grant Program (B)
- 81.113 Defense Nuclear Nonproliferation Research (B)

(054) Defense-Related Activities

Miscellaneous defense activities such as the expenses connected with selective service and civil defense activities in the Federal Emergency Management Agency.

- 12.369 Marine Corps Systems Command Federal Assistance Program (B)
- 20.813 Maritime Security Fleet Program or Ship Operations Cooperation Program (C)
- 47.050 Geosciences (B)
- 81.140 Los Alamos National Laboratory - Fire Protection (B)

(150) INTERNATIONAL AFFAIRS

This function is concerned with the maintenance of peaceful relations, commerce, and travel between the United States and the remainder of the world, and with the promotion of international security and economic development abroad. It includes the conduct of foreign affairs; cost of membership in international organizations; foreign information and exchange activities; foreign military, economic, and humanitarian assistance programs; and loan programs designed to foster U.S. exports. Excluded from international affairs are outlays from domestic programs that may tangentially affect foreign relations or citizens of other nations.

- 19.221 Iran Assistance Program (B)
- 19.300 Program for Study of Eastern Europe and the Independent States of the Former Soviet Union (B)
- 19.500 Middle East Partnership Initiative (B)
- 93.832 Promoting the Cancer Surveillance Workforce, Education and Data Use (B)

(151) International Development and Humanitarian Assistance

This includes humanitarian assistance, development assistance, security supporting assistance, grants to and investments in international financial and development institutions, and the costs associated with concessionary agricultural exports.

- 10.608 Food for Education (C,H)

19.450 ECA Individual Grants (B)

19.451 Special International Exchange Grant Programs (B)

19.452 International Exchange Alumni Programs (B)

(155) International Financial Programs

This includes export credit, the military sales trust fund, international commodity agreements, international monetary programs, and other programs designed to improve the functioning of the international financial system.

93.815 Domestic Ebola Supplement to the Epidemiology and Laboratory Capacity for Infectious Diseases (ELC). (B)

(250) GENERAL SCIENCE, SPACE AND TECHNOLOGY

This function shows budget resources allocated to science and research activities of the Federal Government to meet the national need to advance knowledge in this area. In addition, research and technology programs that have diverse goals and cannot readily be classified into one specific function are also placed here to avoid detailed splitting of accounts. Included in this function are general scientific research and civilian space programs that are not an integral part of the programs conducted under any other function. This includes the research conducted by the National Aeronautics and Space Administration, and general science research supported by the Department of Energy. As is noted above, research programs that are an integral part of the achievement of other major functions _ e.g., health, national defense, energy _ are excluded from this function. Only if a research program cannot readily be included in other functions is it classified in this function.

81.105 National Industrial Competitiveness through Energy, Environment, and Economics (B)

81.139 Environmental Management R&D and Validation Testing on High Efficiency Particulate Air (HEPA) Filters (B)

(251) General Science and Basic Research

This includes the expenses of conducting the National Science Foundation programs and the general science activities of the Department of Energy.

47.041 Engineering Grants (B)

47.049 Mathematical and Physical Sciences (B)

47.050 Geosciences (B)

47.070 Computer and Information Science and Engineering (B)

47.074 Biological Sciences (B)

47.075 Social, Behavioral, and Economic Sciences (B)

47.079 Office of International Science and Engineering (B)

47.083 Office of Integrative Activities (B)

81.049 Office of Science Financial Assistance Program (B)

(252) Space Flight, Research, and Supporting Activities

This subfunction is devoted to the development and operation of space transportation systems, basic scientific research connected with outer space, research and demonstrations designed to provide terrestrial applications of technology developed through space research, and development of new space technologies for future missions. Also included are the costs of tracking and data relay support for NASA space science and applications for flight missions.

43.001 Science (B,C,I,M)

43.003 Exploration (B,C,I,J,L,M)

43.007 Space Operations (B)

43.008 Education (B)

43.009 Cross Agency Support (B)

43.010 Construction & Environmental Compliance & Remediation (B)

43.011 Office of Inspector General (B,C,I,J,K,L,N)

43.012 Space Technology (B,C,I,M)

(270) ENERGY

The energy function includes those programs designed to promote an adequate supply and appropriate use of energy to serve the needs of the economy. It includes most of those programs operated by the Department of Energy and its predecessor agencies except for atomic energy defense activities and for general science research not closely related to energy.

81.036 Inventions and Innovations (B,K,L)

81.041 State Energy Program (A,L)

81.042 Weatherization Assistance for Low-Income Persons (A)

81.079 Regional Biomass Energy Programs (B)

81.086 Conservation Research and Development (B)

81.087 Renewable Energy Research and Development (B)

81.117 Energy Efficiency and Renewable Energy Information Dissemination, Outreach, Training and Technical Analysis/Assistance (B)

81.119 State Energy Program Special Projects (B)

81.129 Energy Efficiency and Renewable Energy Technology Deployment, Demonstration and Commercialization (B)

81.135 Advanced Research Projects Agency - Energy (B)

81.136 Long-Term Surveillance and Maintenance (B)

(271) Energy Supply

This includes those programs designed to increase the supply of energy through the development of domestic resources and systems capable of using them. Included in energy supply are the costs of research and demonstration of supply systems.

10.212 Small Business Innovation Research (B)

10.219 Biotechnology Risk Assessment Research (B)

10.312 Biomass Research and Development Initiative Competitive Grants Program (BRDI) (B)

10.751 Rural Energy Savings Program (RESP) (E)

Appendix II: Budget Functional Code Appendix

- 10.850 Rural Electrification Loans and Loan Guarantees (E,F)
- 10.851 Rural Telephone Loans and Loan Guarantees (E,F)
- 10.854 Rural Economic Development Loans and Grants (B,E)
- 81.108 Epidemiology and Other Health Studies Financial Assistance Program (B)
- 81.126 Federal Loan Guarantees for Innovative Energy Technologies (E,F)

(272) Energy Conservation

Programs in this subfunction are designed to encourage the prudent use of energy resources.

- 81.126 Federal Loan Guarantees for Innovative Energy Technologies (E,F)
- 81.127 Energy Efficient Appliance Rebate Program (EEARP) (A)
- 81.128 Energy Efficiency and Conservation Block Grant Program (EECBG) (A,B)

(274) Emergency Energy Preparedness

This includes the programs associated with developing and maintaining a stockpile of energy resources (currently confined to petroleum) to meet emergency needs and associated contingency planning activities.

(276) Energy Information, Policy, and Regulation

This includes the unallocable overhead activities of the Department of Energy plus the costs of energy information and regulation activities.

- 77.006 U. S. Nuclear Regulatory Commission Nuclear Education Grant Program (B)
- 77.007 U.S. Nuclear Regulatory Commission Minority Serving Institutions Program (MSIP) (B)
- 77.008 U.S. Nuclear Regulatory Commission Scholarship and Fellowship Program (B)
- 77.009 U.S. Nuclear Regulatory Commission Office of Research Financial Assistance Program (B)
- 81.003 Granting of Patent Licenses (L)
- 81.138 State Heating Oil and Propane Program (B)

(300) NATURAL RESOURCES AND ENVIRONMENT

This function includes those programs whose primary purpose is to develop, manage, and maintain the Nation's natural resources and environment. It encompasses development and management of water resources; protection and enhancement of environmental quality; development and maintenance of recreational resources; promotion of the prudent use of forest and mineral resources; the fostering of conservation practices on both public and private lands; marine, earth, and atmospheric -related research, and the management of the public domain. Excluded from this function are the outlays for community water supply programs, basic sewer system, and waste treatment plants, which are part of a community or regional development (rather than an environmental enhancement) program or are part of the cost of operating a Federal facility (such as a military installation).

- 12.582 Office for Reintegration Programs (B)
- 15.532 Central Valley, Trinity River Division, Trinity River Fish and Wildlife Management (B)
- 15.549 Integrated Regional Water Plan for the Central Valley of California (B)
- 15.550 Fishing Events for Disadvantaged Children (B)

(301) Water Resources

This includes water protection, conservation, irrigation, and related activities including the total costs of multipurpose water projects where it is not feasible to separate out the transportation (navigation) or energy (power) segments of these projects.

- 10.904 Watershed Protection and Flood Prevention (B,K)
- 10.916 Watershed Rehabilitation Program (K)
- 10.923 Emergency Watershed Protection Program (B)
- 10.927 Emergency Watershed Protection Program - Disaster Relief Appropriations Act (B)

- 10.928 Emergency Watershed Protection Program - Floodplain Easements Disaster Relief Appropriations Act (C)
- 15.504 Title XVI Water Reclamation and Reuse (A)
- 15.506 Water Desalination Research and Development (B)
- 15.507 Water SMART (Sustaining and Manage America's Resources for Tomorrow) (B)
- 15.508 Providing Water to At-Risk Natural Desert Terminal Lakes (B)
- 15.509 Title II, Colorado River Basin Salinity Control (B)
- 15.510 Colorado Ute Indian Water Rights Settlement Act (B,C)
- 15.511 Cultural Resources Management (B)
- 15.512 Central Valley Improvement Act, Title XXXIV (B)
- 15.514 Reclamation States Emergency Drought Relief (B)
- 15.516 Fort Peck Reservation Rural Water System (B,C)
- 15.517 Fish and Wildlife Coordination Act (B)
- 15.518 Garrison Diversion Unit (B)
- 15.519 Indian Tribal Water Resources Development, Management, and Protection (B,C)
- 15.520 Lewis and Clark Rural Water System (B)
- 15.521 Lower Rio Grande Valley Water Resources Conservation and Improvement (B)
- 15.522 Mni Wiconi Rural Water Supply Project (B)

(350) AGRICULTURE

This function includes those programs that promote the economic stability of agriculture and the Nation's capability to maintain and increase agricultural production. These objectives are accomplished through farm income stabilization programs, research and educational activities, programs that maintain agricultural markets, regulation of agricultural markets and practices, and maintenance of an adequate stockpile of agricultural commodities. This function does not include programs which, though related to rural development, are not directly related to agriculture, such as rural environmental and conservation programs that are classified in the natural resources function. In addition, it excludes the costs connected with concessionary food export sales or food donations whether overseas or for domestic income support purposes.

(351) Farm Income Stabilization

Loans, subsidies, and other payments for purposes of stabilizing agricultural prices at an equitable level. This includes the cost of acquisition and storage of agricultural commodity stockpiles but does not include the cost of foreign agricultural export losses (which are classified in the international affairs function) or domestic donations of food (which are part of an income support, rather than a farm price support, program).

- 10.051 Commodity Loans and Loan Deficiency Payments (D,E)
- 10.053 Dairy Indemnity Program (D)
- 10.056 Farm Storage Facility Loans (E)
- 10.098 Reimbursement Transportation Cost Payment Program for Geographically Disadvantaged Farmers and Ranchers (D)
- 10.116 The Margin Protection Program (C)
- 10.118 Cotton Ginning Cost Share Program (D)
- 10.435 State Mediation Grants (B)

(400) TRANSPORTATION

This function includes all programs with the primary aim of providing for the transportation of the general public and/or their property, regardless of whether local or national and regardless of the particular mode of transportation. It includes the construction of facilities; purchase of equipment; research, testing, and evaluation; provision of communications directly related to transportation (for example, air traffic control by the FAA); and operating subsidies for transportation facilities (such as mass transit) and industries (such as railroads).

Transportation includes regulatory activities directed toward transportation. Excluded from this function are the costs of moving personnel or equipment as part of the operation of other government services; the provision of foreign economic assistance which may take the course of assisting transportation facilities or programs abroad; the construction of roads, trails, etc., as an integral part of the operation of public lands, parks, forests, or military reservations, unless they are specifically funded as a part of a broader transportation program; the construction of roads or other transportation facilities as an integral part of a broad community facility or regional development program where the clear intent of the program is regional development and the provisions of transportation facilities is only an incidental by-product or means to attain the objective of regional development. Also excluded from transportation are research and technology activities devoted to space research, except for aeronautical technology, even though this research may eventually redound to the advantage of general transportation.

(450) COMMUNITY AND REGIONAL DEVELOPMENT

This function consists of broad-based community, regional, urban and rural renewal and development programs. It includes grants and loans for water supply and sewer systems (except those specifically funded as environmental protection programs), urban community and economic development programs, regional economic development programs, broad-based public facility construction programs, and relief and rehabilitation of private and public facilities in the event of natural disasters. Aids to businesses such as loans, loan guarantees, and subsidies are not normally included in this function unless such aids are a means of economic development to aid restricted (generally depressed) areas and are not designed to promote particular lines of business for their own sake. Transportation facilities developed as an integral part of a community development (rather than transportation) program are also included in this function. As a normal rule, human development and services programs are excluded from this function (and included in the education, training, employment, and social services function). This function is confined to development of physical facilities or financial infrastructures designed to promote viable community economies.

(451) Community Development

This subfunction includes grants and related programs designed to aid community (largely urban) development. It includes community development block grants and predecessor activities such as the urban renewal and model cities programs. Community development programs are generally carried out by the Department of Housing and Urban Development.

(500) EDUCATION, TRAINING, EMPLOYMENT, AND SOCIAL SERVICES

This function includes those outlays designed to promote the general extension of knowledge and skills, to provide public services to needy individuals, and/or to assist individuals to become self-supporting members of society. It includes the provision of education or training child care services, employment counselling, vocational rehabilitation, and other social services provided to individuals and families. It also includes cash payments (scholarships, loans, or stipends) to persons when such payments are provided to enable a person to participate in education or training programs; it includes programs designed to provide services to the poor (such as community services) that are not an integral part of some other function, and also includes the costs of research directly related to the programs in this function. This function excludes education or training undertaken as an integral part of the achievement of another functional end (such as training of military personnel; veterans education, training, and rehabilitation; or training of health workers in a health program) and also excludes general purpose scientific research. Nutrition or food service programs that are funded separately from social services or education shall be included as income security rather than being included in this function.

(570) MEDICARE

(571) Medicare

Medicare is composed of the Federal Hospital Insurance and Federal Supplementary Medical Insurance trust funds. This includes all off-setting collections to these two funds, except for employers share and employee retirement (subfunction_951) and net interest (interest received by on_budget trust funds_902). Also includes trust funds and general funds payments to those funds.

93.770 Medicare Prescription Drug Coverage (C)

93.773 Medicare Hospital Insurance (C)

93.774 Medicare Supplementary Medical Insurance (C)

(600) INCOME SECURITY

This function includes payments for or to persons for which no current service is rendered. It includes military and civilian retirement, disability, unemployment, and welfare payments and the associated administrative costs. Also included in income security are the food stamp, special milk, and child nutrition programs (whether the benefits are in cash or kind); both Federal and trust fund unemployment compensation and workmen's compensation; public assistance cash payments; benefits to coal miners; and low and moderate-income housing aids. Excluded from this function are social security, financial assistance for educational purposes, provision or reimbursement for child care services and

(650) SOCIAL SECURITY

Social Security is composed of the Federal Old Age and Survivors Insurance and Federal Disability Insurance trust funds and general funds payments to those funds, all offsetting receipts by those trust funds, except those classified in subfunction 903 - interest received by off-budget trust funds.

(651) Social Security

This includes the Old Age and Survivors Insurance (OASI) and Disability Insurance (DI) trust funds and related intergovernmental payments and off_setting collections.

- 96.001 Social Security Disability Insurance (C,D)
- 96.002 Social Security Retirement Insurance (D)
- 96.004 Social Security Survivors Insurance (C,D)

(700) VETERANS BENEFITS AND SERVICES

This function consists of programs providing benefits and services, the eligibility for which is related to prior military service but the financing of which is not an integral part of the costs of national defense. It includes veterans service-connected compensation; veterans non-service connected pensions; and veterans readjustment benefits, housing, and medical care programs. As a normal rule, the outlays in this function are similar to those in the broader general purpose functions (such as income security or health) but are restricted to veterans, their dependents, and their survivors. Earned rights of career military personnel that are a cost of the defense budget (such as military retired pay or medical care) are excluded from this function. The subfunctions of this function are so structured that they are readily additive to analogous major functions for the general population.

(701) Income Security for Veterans

Includes veterans compensation, pensions, burial benefits and life insurance.

- 64.030 Life Insurance for Veterans Face Amount of New Life Insurance Policies Issued (G)
- 64.031 Life Insurance for Veterans - Direct Payments for Insurance (G)

- 64.054 Research and Development (B)

(704) Veterans Housing

Composed of housing loan and guarantee programs for, and restricted to, veterans and dependents.

(705) Other Veterans Benefits and Services

Mainly the administrative expenses of the Veterans Administration.

(750) ADMINISTRATION OF JUSTICE

This function includes those programs designed to provide judicial services, police protection, law enforcement (including civil rights), rehabilitation, and

Appendix II: Budget Functional Code Appendix

incarceration of criminals, and promotion of the general maintenance of domestic order. It includes the provision of court appointed counsel or other legal services to individuals. This function excludes the costs of the legislative branch, the narrow-purpose police or guard activities providing protection to Federal property, or activities which are an integral part of a broader function (such as postal inspectors, tax collection agents, and Park Service Rangers). The costs of National Guard personnel who are called upon occasionally to provide general public safety protection and military police costs are included under the national defense function rather than in this function.

19.701 Global Counterterrorism Programs (B)

(751) Federal Law Enforcement Activities

Includes Customs, the Immigration and Naturalization Service, the Drug Enforcement Administration, and police and crime prevention activities in other programs. This subfunction also includes the readily identifiable enforcement costs of civil rights activities.

Appendix III: Sources of Additional Information

Additional information concerning Federal programs and services is available from the sources listed below. The information in this Appendix is in addition to that supplied in Appendix IV (Regional and Local Office Addresses) however; they are not the offices to which an applicant applies for an assistance program. If a potential applicant or information seeker is not certain which agency to contact, there are two types of organizations set up to help: The Federal Information Center Program and the Federal Executive Boards.

FEDERAL CITIZEN INFORMATION CENTER PROGRAM

The Federal Citizen Information Center Program (FCIC) is a focal point for information about the Federal government. The FCIC assists people who have questions about Federal agencies, services, and programs, but do not know where to turn for an answer. FCIC information specialists either answer an inquirer's question directly, or perform the necessary research to locate and refer the inquirer to the expert best able to help. Telephone users may call the FCIC toll-free on (800) 688-9889 workdays between 9 a.m. and 8 p.m., Eastern Time. TTY users may call toll-free to the FCIC from anywhere in the U.S. by dialing (800) 326-2996

FEDERAL EXECUTIVE BOARDS

Federal Executive Boards (FEBs) are composed of heads of Federal field offices in the metropolitan area. The FEBs were established to improve internal Federal management practices, provide a central focus for Federal participation in civic affairs in major metropolitan centers of Federal activity, serve as a means for disseminating information within the Federal government and for promoting discussion of Federal policies and activities of importance to all Federal executives in the field. The FEBs carry out their functions under the supervision of the Office of Personnel Management (OPM). Federal Executive Associations, and Councils, have been locally organized in over 80 other metropolitan areas to perform functions similar to the Federal Executive Boards but on a lesser scale of organization and activity. For further information, contact the Assistant for Field Operations, Office of Personnel Management, Room 5524, 1900 E Street, NW., Washington, DC 20415-0001. Telephone: (202) 6061001.

Appendix III: Sources of Additional Information

REFERENCE SOURCES

The Budget of the United States Government

The Budget of the United States Government sets forth the President's comprehensive financial plan and indicates the President's priorities for the Federal government

Information on programs by function, agency, and account, and detailed budget estimates is located in the Budget. Federal programs listed in the Catalog may be identified by the 11-digit budget account identification code listed in the Budget. These codes also appear in the Financial Information section of each Catalog program. A complete explanation of the identification code is provided in Appendix III of the Catalog (the Budget Functional Code Appendix). The Budget may be purchased from the Government Printing Office in the Washington, DC area and the U.S. Government bookstores listed in this Appendix.

The Code of Federal Regulations

The Code of Federal Regulations (CFR) is a codification of the general and permanent rules published in the Federal Register by executive departments and agencies of the Federal government. It includes all statutory regulations of Federal agencies, and is divided into 50 titles, which represent broad subject areas of Federal regulations (e.g., Housing and Urban Development, Public Health, Public Welfare, or Transportation). Each title is divided into chapters, which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas. The number preceding the CFR citation is the title or volume number. The CFR is kept up-to-date by the individual issues of the Federal Register; these two publications must be used together to determine the latest version of any given rule. Individual volumes of the CFR are revised at least once each calendar year and issued on a staggered quarterly basis. The CFR thus serves as a convenient reference for the citizen desiring a comprehensive source for general and permanent Federal regulations.

A General index to the entire Code of Federal Regulations, the CFR Index, is revised as of July 1 each year. The numerical Finding Aids, a cumulative list of CFR Sections affected is published monthly and is cumulated for 12 months, keyed to the revision dates of the various CFR volumes.

The Code of Federal Regulations is available in Federal depository libraries and most major libraries or Federal bookstores. Individual copies may be purchased from the Government Printing Office.

The Federal Register

The Federal Register, published daily, is the medium for making available to the public Federal agency regulations and other legal documents of the Executive Branch. These documents cover a wide range of government activities. Here, government requirements are published which involve environmental protection, consumer product safety, food and drug standards, occupational health and safety, and many more areas of concern to the public.

The Federal Register includes proposed changes in regulated areas. Each proposed change published carries an invitation for any citizen or group to participate in the consideration of the proposed regulation through the submission of written data, views, or arguments, and sometimes by oral presentations. Through the publication of proposed rules and notices of public meetings, citizens are given the opportunity to be informed about and participate in the workings of their government.

The Federal Register is also a vehicle for the announcement of newly authorized and/or funded programs, notifications of funding availability, (NOFAs), program application deadlines, and other important program information. The Federal Register Index is based on a consolidation of entries appearing in the issues of the Federal Register together with broad references. It is published monthly and is cumulative for 12 months. The Federal Register and the Federal Register Index

are available in Federal depository libraries and most major libraries or Federal bookstores. Additional Federal Register resources include, the Statistical Abstract of the United States; Weekly Compilation of Presidential Documents; The Federal Register: What It Is and How To Use It. All Federal Register publications may be purchased from: Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

Appendix V: Historical Profile of Catalog Programs

The following list shows all programs printed in the Catalog of Federal Domestic Assistance beginning with the 1965 edition and the subsequent action taken related to that program. For the years 1965, 1967, and 1969 the programs did not have numbers. They were identified only by their titles. Therefore, the first part of each agency listing shows programs by their title if they were in existence before 1970. The program numbering system was instituted in 1970. The first line shows the number and title of the program when it was added to the Catalog. The second and subsequent lines show the year the program was added and any additional transactions, e.g., title changes, transfers, deletes, consolidations, agency reorganizations, number changes, etc., that may have followed. The alphabet B or U that follows a given year, indicates the transaction was made either in the basic (B) or the update (U) publication of the Catalog. In some instances, there is also a U1 and U2 behind the year. The U1 and U2 are the first and second updates respectively, published that year.
