In general, it is the policy of the Office of the Administrator to require Progress Reports from recipients on a routine schedule - either quarterly, semiannually or on an annual basis. This requirement, or a different requirement when applicable, will be spelled out in solicitations issued under this CFDA, and confirmed in the Terms and Conditions section for funded assistance agreements. No content available. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-federal entities that expend \$750,000 or more in a year in Federal awards shall have a single or a program specific audit conducted for that year. Non-federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

The record retention requirements of 2 CFR 200 and 1500 are applicable depending upon the identity of the recipient. Recipients must keep financial records, including all documents supporting entries on accounting records and to substantiate changes in grants, available to personnel authorized to examine EPA recipients grants and cooperative agreements records. Recipients must maintain all records until 3 years from the date of submission of final expenditure reports. If questions, such as those raised as a result of audits remain following the 3-year period, recipients must retain records until the matter is completely resolved.

Obligations:

(Project Grants) FY 16 \$450,000; FY 17 est \$0; and FY 18 est \$0 - There were no new obligations of funds to support the environmental economics research program during FY 2015, FY 2016 and FY 2017. For community driven environmental protection strategies, obligations were as follows: FY 2016: \$450,000, FY 2017: \$0, and FY 2018: \$0.

For awards directed at economic analysis and research topics, including funding provided under the Economic and Decision Sciences program, the following distributions and projections are as follows: in FY 2015 there were no new

awards or incremental funding of existing assistance agreements. As a result of limited resources, there will also be no new awards or incremental funding anticipated for existing assistance agreements in FY2016, and there are insufficient funds to warrant issuing a competitive solicitation to accept proposals for new environmental economics research under this CFDA in FY2016. If the Pres Bud 2017 submission is accepted, there may be an opportunity to request proposals under a new competitive solicitation on environmental economics. If funds are approved, the total amount of funds available for these purposes will likely be in the range of \$200,000 - \$400,000. The amount of funding awarded to each selected recipient will depend on particular features and objectives identified in the solicitation.

Range and Average of Financial Assistance:

For most recent competitively awarded grants in the area of economics - related to Environmental Economic Workshops: range is \$35,000 - \$95,000, with an average award of ~\$70,000. Related to Environmental Economics Dissertations and Early Career Research: range is \$35,000 - \$75,000, with an average of ~\$60,000. Related to Environmental Economic Research: range is \$75,000-\$300,000, with an average of ~\$250,000. There were no earmarks included for the period FY 2010 through FY 2017. For recent awards related to community driven environmental protection strategies, the range is from \$25,000 to \$200,000, with an average around \$100,000.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: Most of the environmental economics research grants awarded under this CFDA have ended, and the few that remain are wrapping up in FY2016. One environmental economics research project funded under this CFDA that concluded this year sought to develop a series of complementary analyses for understanding the economic efficiency, environmental effectiveness, and distributional effects of overlapping policies, accounting for how different policy instruments interact with one another, and how they perform in the presence of induced technological change. The methods were applied to the two sectors of greatest import for GHG and conventional pollutant emissions: electricity generation and transportation. The first objective was to conduct a comprehensive review of existing policies and major proposals for reducing emissions and promoting clean technologies in these sectors. The second goal was to develop an analytical model of consumer, supplier, and overall market responses to these kinds of policy interventions, in order to develop intuition about interactions among policies. Importantly, in addition to an emissions externality, the model would incorporate two types of market imperfections that often motivate technology-specific policies: undervaluation of energy efficiency by consumers and spillovers from knowledge accumulated by producers. The third goal was to develop numerical models following the conceptual analysis, and carefully parameterize them for our two sectoral applications. The ultimate goal was to provide a comprehensive guide for policymakers on how the existing abundance of policies and policy options should be understood, coordinated, and possibly reformed. Their work was successful, producing the following types of information and materials: Development of a simple unifying model to analyze interactions among overlapping environmental policies, particularly those that involve tradable credit mechanisms. The model was extended to allow for both more and less mature renewable energy sources (e.g., wind versus solar), differentiating the innovation market failures among these different classes, and by incorporating demand-side market failures e.g., the undervaluation of energy efficiency improvements). It demonstrates that the value of a given policy change depends on the extent to which any and all of these market failures are internalized. The model was further adapted to allow for the peculiarities of the transportation fuels sector. This included modeling the nested targets in the Renewable Fuels Standard, a low-carbon fuel standard, and different forms of CAFE standards, including size-based incentives. It highlights how each of these policies can be modeled as combinations of implicit taxes and subsidies and reveals how they interact. The research led to parameterization of a new analytical model for the electricity sector. This permitted quantitative analysis about the optimal policy combinations. A significant focus was on the optimal deployment subsidies for wind and solar and their sensitivity to a variety of assumptions regarding the potential for learning-by-doing, the degree of spillovers, and the stringency of the emissions target. Central estimates for

these values were in the range of 1 cent for wind (mature renewable technologies) and 5 cents/kWh for solar. While they rise somewhat as emissions reduction targets get more stringent, the carbon price in the optimal carbon policy combination is what rises most significantly. The development and parameterization of this model proved more challenging than expected. The baseline involves a large pre-existing suite of policy incentives and mandates, for which implicit values must be calculated. Incorporating realistic fuel economy strategies required calibrating both technological and size-based opportunities for fuel economy improvements. Trying to maintain an overall calibration strategy of relying on EIA data (projections generated from the much more complex NEMS model), while being consistent with other empirical evidence on innovation and renewable fuels, required significant innovations in terms of the model and solution strategies. The results emphasize the inefficiency of current federal renewable fuel standards and size-based fuel economy standards relative to direct taxes on carbon or gasoline. We find that the current mix of state and federal fuel taxes, fuel economy standards, and renewable fuel blending mandates leads to a 13% reduction in domestic carbon emissions from this sector relative to a no-policy baseline at an average private welfare cost of \$18/tCO₂. These policies induce behavioral changes that are highly cost-ineffective, however, as evidenced by a marginal cost of carbon abatement that varies widely across competing abatement options: \$0/tCO₂ to \$736/tCO₂ for options based on fuel switching (e.g., from gasoline to ethanol) and negative \$45/tCO₂ to positive \$73/tCO₂ for options based on conservation (i.e., driving fewer miles or improving fuel economy). Negative abatement costs for conservation arise in this setting due to consumer undervaluation of fuel economy and due to existing policies that implicitly subsidize ethanol well beyond the point where its marginal cost exceeds its energy value. In contrast, the optimal carbon policy a carbon tax combined with corrective subsidies for cellulosic ethanol production and fuel economy improvements can achieve the same 13% reduction in carbon emissions, but at an average private welfare gain of \$15/tCO₂ relative to no policy. Due to limited funds, during Fiscal Year 2016, EPA's Office of Sustainable Communities did not fund any new cooperative agreements. For awards related to Sustainable Communities, program accomplishments involved supporting activities of current grant recipients: a Smart Growth Conference held in February 2016 and attended by 1,700 people from the public and private sector, a Smart Growth On-line Website and Policy Clearinghouse, technical assistance workshops in 14 communities addressing land use and code audits to promote more sustainable development, technical assistance workshops in 9 communities addressing complete streets and sustainable design workshops focused on opportunities to enhance community sustainability through state policy, and technical assistance workshops in 8 communities using the LEED for Neighborhood Development Standards as a tool for evaluating options to improve community environmental performance. Fiscal Year 2017: The environmental economics assistance agreements under this CFDA closed in FY2016, and there were no additional awards issued in FY2017. Therefore, there are no program accomplishments to report for this year. Due to limited funds, during Fiscal Year 2017, EPA's Office of Sustainable Communities did not fund any new cooperative agreements. Fiscal Year 2018: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

Environmental Policy and Innovation grants and cooperative agreements are subject to EPA's General Grant Regulations (2 CFR 200 and 1500). Costs will be determined according to 2 CFR 200 Subpart E.

Investigations, Demonstrations, and Training Grants and Cooperative Agreements - Section 104(b)(3) of the Clean Water Act; 66.813 Alternative or Innovative Treatment Technology Research, Demonstration, Training, and Hazardous Substance Research Grants

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2016: No new environmental economic research grants were funded in FY2016. This is due to reductions in appropriations that have limited amount of available funding to be used for these purposes. The Office of Sustainable Communities funded existing three cooperative agreements in FY 2016 that funded organizations with specific expertise to deliver technical assistance to communities. Two cooperative agreements provided assistance to 20 communities on complete streets policies, fiscal and economic aspects of sustainability and code and policy innovations to support sustainable neighborhood design. Fiscal Year 2017: No new environmental economic research grants were funded in FY2017. This is due to reductions in appropriations that resulted in having insufficient funding available to be used for these purposes. No new cooperative agreements were funded by the Office of Sustainable Communities in FY 2017, however, work with additional support from other federal agencies continued under agreements that had been funded in the prior year. For example, awards related to community driven environmental solutions carried out in FY 2017 include a Smart Growth Conference held in February 2016 and attended by 1,700 people from the public and private sector, a Smart Growth On-line Website and Policy Clearinghouse, technical assistance workshops in 14 communities addressing land use and code audits to promote more sustainable development, technical assistance workshops in 9 communities addressing complete streets and sustainable design, workshops focused on opportunities to enhance community sustainability through state policy, and technical assistance workshops using the LEED for Neighborhood Development Standards as a tool for evaluating options to improve community environmental performance. Fiscal Year 2018: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement. Non-competitive proposals are judged for: (a) technical merit in terms of: (1) strengths and weaknesses of the project; (2) adequacy of overall project design; (3) competency of proposed staff; (4) suitability of applicant's available resources; (5) appropriateness of the proposed project period and budget; and (6) probability that the project will accomplish stated objectives; and, for (b) program interest in terms of: (1) the need for the proposed project; and (2) relationship to program objectives.

66.612 SURVEYS, STUDIES, INVESTIGATIONS, TRAINING DEMONSTRATIONS AND EDUCATIONAL OUTREACH RELATED TO ENVIRONMENTAL INFORMATION AND THE RELEASE OF TOXIC CHEMICALS

Increasing community awareness and use of environmental information through TRI education and outreach.

FEDERAL AGENCY:

Office of Chemical Safety and Pollution Prevention, Environmental Protection Agency

AUTHORIZATION:

Federal Insecticide, Fungicide, and Rodenticide Act, Section 20; Clean Water Act, Section 104; Clean Air Act, Section 103; Solid Waste Disposal Act, Section 8001; Toxic Substances Control Act, Section 10; Safe Drinking Water Act, Section 1442.

OBJECTIVES:

The program objectives supported through this program are:

To provide funding in support of surveys, studies, investigations, training/demonstrations, educational outreach and special purpose assistance as they relate to environmental information and the release of toxic chemicals. The purpose is to educate the public on how to obtain access to and effectively use environmental information, including information about toxic chemical releases and other waste management activities. Through this grant program, EPA intends to enhance the public's understanding of environmental data, in general,

and the potential risks and hazards of releases of toxic chemicals to communities as they relate to facilities covered under the Toxic Release Inventory (TRI) Program; support efforts to assist state, tribal and local governments improve management of environmental information; identify priorities and opportunities for the public and state, tribal and local governments to work with industry to reduce toxic chemical disposal or other releases and potential risks associated with them; and establish reduction targets and measure progress toward reduction goals.

Other program objectives are to access TRI and other toxic chemical information to other organizations so they can help facilitate and manage activities that will further promote analysis, understanding, and use of TRI and other toxic chemical data to prevent pollution, improve environmental performance, and reduce the hazards/risks associated with toxic chemical releases within communities. Also through this grant program, EPA intends to enhance public understanding of environmental information generally and the potential risks and hazards of releases of toxic chemicals to their communities; support efforts to assist interested stakeholders (e.g., members of the public, industry, community organizations, academic institutions, state, tribal and local officials, non-governmental organizations, etc.), to improve the management, access, understanding and use of TRI and other toxic chemical information; and to utilize TRI and related information to prioritize community action and develop opportunities for interested stakeholders to work with industry to achieve beneficial outcomes such as improved data quality, environmental compliance, and reduced toxic chemical disposal or other releases and associated potential risks.

Funding Priority for 2017

- Expansion of TRI stakeholder education and outreach; - Use of various avenues to deliver TRI related training to interested stakeholders such as online seminars; - Engagement with new communities and organizations that could benefit from increased awareness, understanding and use of TRI; - Promotion of access and use of TRI and other related data among grass roots community organizations such as producing analyses or training community leaders.

Funding Priority for 2018

Expansion of TRI stakeholder education and outreach; - Use of various avenues to deliver TRI related training to interested stakeholders such as online seminars; - Engagement with new communities and organizations that could benefit from increased awareness, understanding and use of TRI; - Promotion of access and use of TRI and other related data among grass roots community organizations such as producing analyses or training community leaders.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Grants and cooperative agreements are available to support recipients' allowable direct costs incident to approved scopes of work plus allowable indirect costs, in accordance with established EPA policies and regulations. Funding awarded for research does not include research within the purview of EPA's Office of Research and Development. Costs will be determined in accordance with 2 CFR 200 Subpart E

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Grants and cooperative agreements awarded under this program may involve or relate to geospatial information may be obtained at www.epa.gov/geospatial.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009. Generally this program makes Federal awards on a discretionary basis. For further information, please contact the Headquarters or regional office.

Applicant Eligibility:

Assistance under this program is generally available to states, the District of Columbia, U.S. territories (for example, American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands), federally recognized Indian tribes, intertribal consortia of federally recognized tribes, public and private colleges and universities, and other public or private nonprofit organizations. Nonprofit organizations exempt from taxation under Section 501(c)(4) of the Internal Revenue Code that lobby are not eligible for financial assistance. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

State, territory, city, town, county, and regional governments; federally recognized Indian tribes and intertribal consortia of federally recognized tribes; public institutions and industries subject to EPA regulatory reporting requirements; and the public.

Credentials/Documentation:

Applicants must demonstrate that they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. EPA will ask applicants or principle investigators to provide curricula vitae and relevant publications. EPA may ask for documentation of nonprofit status. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

EPA awards grants and cooperative agreements supporting surveys, studies and investigations, demonstrations, educational outreach and special purpose projects that consider the relevance to EPA's mission and the likelihood of the success of proposed projects. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

None. Generally, EPA incrementally funds grants and cooperative agreements for surveys, studies, and investigations. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to EPA's priorities, and availability of funds, and the Agency policy on the competitive grant process.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements. EPA awarded one (five year) cooperative agreement in FY 13. Incremental funding is contingent upon satisfactory progress as certified by the EPA Project Officer, the availability of funds, and EPA priorities.

FY 16 - \$200,000

FY 17 - \$175,000.

Length and Time Phasing of Assistance:

EPA normally funds grants and cooperative agreements on a 12-month basis. However, EPA can negotiate the project period with each applicant based on project requirements. Method of awarding/releasing assistance: by letter of credit.

Reports:

No program reports are required. No cash reports are required. EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and financial, equipment, and invention reports. Reporting requirements are also identified in the Grant Regulations, 2 CFR Parts 200 and 1500. A summary of expenditures should be included in the quarterly progress reports. Annual performance monitoring is required in July of each year of the grant.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-federal entities that expend \$750,000 or more in a year in Federal awards shall have a single or a program specific audit conducted for that year. Non-federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

The record retention requirements of 2 CFR Parts 200 and 1500 are applicable depending upon the identity of the recipient. Recipients must keep financial records, including all documents supporting entries on accounting records and

to substantiate changes in grants available to personnel authorized to examine EPA recipients grants and cooperative agreements records. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions, such as those raised as a result of audits remain following the 3-year period, recipients must retain records until the matter is completely resolved.

66.700 CONSOLIDATED PESTICIDE ENFORCEMENT COOPERATIVE AGREEMENTS

FEDERAL AGENCY:

Office of Enforcement and Compliance Assurance, Environmental Protection Agency

AUTHORIZATION:

Federal Insecticide, Fungicide, and Rodenticide Act, Section 23, Public Law 92-516, 7 U.S.C 136; Federal Insecticide, Fungicide, and Rodenticide Act, Section 23, Public Law 94-140, 7 Stat. 136; Federal Insecticide, Fungicide, and Rodenticide Act, Section 23, Public Law 95-396, 7 U.S.C 136.

OBJECTIVES:

Used for Consolidated Pesticide Enforcement Agreements (only one with this one now) - State, territorial, and tribal agencies participating in this cooperative agreement program receive funds to support and strengthen their pesticide compliance programs, including pesticide compliance monitoring, inspection and enforcement activities.

Funding Priority 2016

Grantees must conduct activities related to: (1) basic pesticide program; (2) pesticide worker safety: Worker Protection Safety; (3) pesticide worker safety: pesticide applicator certification; (4) pesticide container and containment regulations; (5) soil fumigation and soil fumigants; and (6) pesticides in water. Grantees also must choose two additional programmatic areas from the following: (1) endangered species protection; (2) bed bugs; (3) pollinator protection; (4) spray drift; (5) state and tribal coordination and communication; (6) supplemental distributors; (7) contract manufacturers; and (8) imports. These activities include inspections and observations at pesticide application sites to ensure user compliance with label directions and acceptable use practices; inspections of pesticide products at producing facilities and in the retail marketplace to ensure industry compliance with registration, classification and labeling requirements; and initiation of appropriate enforcement action when violations are detected including civil and criminal prosecution, stop sale orders, seizures, recalls and warning notices.

USES AND USE RESTRICTIONS:

Available for costs specifically incurred in purchasing inspectional supplies and equipment; reimbursing State travel and per diem expenses associated with the performance of grant outputs; purchasing essential laboratory equipment and supplies; paying salaries for personnel performing inspectional, analytical and/or managerial functions related to grant activities, and for administrative costs associated with the performance of grant outputs. Funds also can be used for training. Each program must have at least one federally credentialed inspector pursuant to the September 2004 Guidance for Issuing Federal EPA Inspector Credentials to Authorize Employees of State/Tribal Governments to Conduct Inspections on Behalf of EPA. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <https://www.epa.gov/geospatial>. There are no specific restrictions on the use of this assistance.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

State agencies having pesticide compliance program responsibilities in each state, territory and possession of the United States, including the District of Columbia and Indian Tribes.

Beneficiary Eligibility:

States, Federally Recognized Indian Tribal Governments, U.S. Territories and the District of Columbia.

The application must supply evidence of legal authority to conduct pesticide compliance activities contemplated under the grant and a workable program officially adopted for the agency. Costs will be determined in accordance with the provisions of 2 CFR 200 Subpart E. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Discussions or informal meetings with Regional program offices concerning program preparation are advisable. The standard application forms as furnished by the Federal agency and required by 2 CFR 200 and 1500 must be used for this program. This program is excluded from coverage under E.O. 12372. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Requests for application form and completed applications should be submitted to the appropriate EPA Regional Office (see Appendix IV of the Catalog). The enforcement program is excluded from coverage under 2 CFR 200 and 1500. Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>.

Award Procedure:

Each application shall be subjected to administrative coordination to determine adequacy in relation to grant regulations, and to technical and program evaluation to determine merit and relevancy of the project. States will be notified of Federal Assistance Awards through the Federal Assistance Awards Data System (FAADS). Applicants may use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Reports:

As requested in the Annual Program Guidance for inclusion in the grant award; quarterly with mid-year and year-end evaluations. Program reports are required. No cash reports are required. Progress reports are required. Expenditure reports are required. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records including all documents to support entries on accounting records and to substantiate charges to each cooperative agreement must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for three years from the date of the submission of the annual financial status report or longer if questions still remain, such as those raised as a result of audit.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: The Consolidated Pesticide Enforcement Cooperative Agreements are continuing environmental program grants. It is anticipated that 72 applications for pesticide enforcement grants will be received and 72 grants awarded in fiscal year 2016. Agencies participating in the federal cooperative agreement program receive funds to support and strengthen pesticide compliance monitoring, inspection, and enforcement activities. Typical program activities include inspections and observations at pesticide application sites to ensure user compliance with label directions and acceptable use practices; inspections of pesticide products at production facilities and in the retail marketplace to ensure industry compliance with registration, classification, and labeling requirements; and initiation of appropriate enforcement action when violations are detected including civil and criminal prosecution, stop sale orders, seizures, recalls, and warning notices. The states will also develop implementation plans for special pesticide initiatives. States will be responsible for dissemination of information and materials related to these pesticide initiatives. States, territories, and tribes that are participating in the pesticide enforcement cooperative agreements program are expected to conduct approximately 82,000 compliance monitoring inspections in FY 2016. These inspections will be conducted at agricultural establishments, pesticide producers and retailers, ports of entry, at pesticide applicators, as well as at other site where pesticides were distributed, sold, or used. Fiscal Year 2017: The Consolidated Pesticide Enforcement Cooperative Agreements are continuing environmental program grants. It is anticipated that 70 applications for pesticide enforcement grants will be received and 70 grants awarded in fiscal year 2017. Agencies participating in the federal cooperative agreement program receive funds to support and strengthen pesticide compliance monitoring, inspection, and enforcement activities. Typical program activities include inspections and observations at pesticide application sites to ensure user compliance with label directions and acceptable use practices; inspections of pesticide products at production facilities and in the retail marketplace to ensure industry compliance with registration, classification, and labeling requirements; and initiation of appropriate enforcement action when violations are detected including civil and criminal prosecution, stop sale orders, seizures, recalls, and warning notices. The states will also develop implementation plans for special pesticide initiatives. States will be responsible for dissemination of information and materials related to these pesticide initiatives. States, territories, and tribes that are participating in the pesticide enforcement cooperative agreements program are expected to conduct approximately 78,000 compliance monitoring inspections in FY 2017. These inspections will be conducted at agricultural establishments, pesticide producers and retailers, ports of entry, at pesticide applicators, as well as at other site where pesticides were distributed, sold, or used. These grants fund state and tribal pesticide programs that are part of a consolidated agreement. As EPAs co-regulators, these pesticide programs work extensively with pesticide applicators, growers, commodity groups, as well as other government agencies to promote the proper use of pesticides and address pesticide issues. These programs conduct extensive technical assistance for all stakeholders as well as the general public, and provide outreach and education on EPAs national pesticide priorities such as worker protection, pollinator protection and emerging public health pesticide issues. If enforcement funds are included, these funds are used to enforce FIFRA. - <https://www.cfda.gov/index?s=program&mode=form&tab=step1&id=ab5da0b9a33c2522fae9f6c160d7670c>. Funds also supported training activities. Fiscal Year 2018: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

Each application will be reviewed by the Environmental Protection Agency according to the following criteria: (1) Need: The need for the development, improvement and/or maintenance of a comprehensive pesticides enforcement program within the State/Tribe that includes enforcement, new initiative programs, and programs that address existing environmental problems, potential problems, and/or existing exposed populations related to the use of pesticides; (2) State/Tribal Pesticide Activity: The relative amount of pesticide production, formulation and use in a State/Tribe, and the potential risk to human health and the environment from pesticide misuse or abuse; (3) Long-Term Impact: The potential of the cooperative agreement to have a long-term beneficial impact on human health and the environment resulting from the comprehensive pesticide program; (4) Effectiveness of program: The past level and effectiveness of the State/Tribal pesticide program; (5) Level of activity: As indicated by such factors as numbers of farms and numbers of applicators; (6) Magnitude of effort: Need to accomplish expected outputs and products; and (7) Ability to accomplish output goals.

66.701 TOXIC SUBSTANCES COMPLIANCE MONITORING COOPERATIVE AGREEMENTS

FEDERAL AGENCY:

Office of Enforcement and Compliance Assurance, Environmental Protection Agency

AUTHORIZATION:

Toxic Substances Control Act (TSCA), Section 28&404(g), Public Law 102-550, 15 U.S.C 2601.

OBJECTIVES:

1) To assist States, including the District of Columbia, the Commonwealth of Puerto Rico, Guam, America Samoa, the Northern Marianas, the Trust Territories of the Pacific Islands, the Virgin Islands and Indian Tribes in developing and maintaining compliance monitoring programs to prevent or eliminate unreasonable risks to health or the environment associated with chemical substances or mixtures within the States, specifically Asbestos, PCB, and Lead-based paint; 2) encourage regulatory activities within the States to establish their own programs for Lead-based paint and Asbestos (waiver programs); and 3) provide funds to support enforcement activities for Asbestos waiver state programs and Lead-based paint programs. EPA may provide funding for cooperative compliance monitoring grants to States and Tribes under TSCA to conduct inspections to ensure compliance with the PCB regulations, the Asbestos-in-Schools requirements (inspections at charter schools, public schools, private, non-profit schools and religious schools), the

Model Accreditation Plan (MAP), TSCA section 6 Ban and Phase Out Rule, and the TSCA Asbestos Worker Protection Standards and to conduct Lead-based paint activities. Authorized States also conduct enforcement responses for the Lead-based program. States that have obtained an EPA waiver from the Asbestos regulation (Subpart E of Part 763) also have enforcement responsibilities.

Funding priorities in FY 2016 for the TSCA PCB and Asbestos programs will be: 1) existing compliance monitoring programs to ensure they continue to meet established standards; 2) activities leading to waiver status for Asbestos programs; 3) activities as necessary for meeting training requirements necessary for obtaining and keeping EPA credentials in those programs which require the use of EPA credentials (the PCB compliance monitoring programs and Asbestos programs in non-waiver states); 4) new programs that provide inspection activity where there is an identified need including, but not limited to, Environmental Justice areas.

Funding priorities in FY 2016 for States with authorized Lead-based paint programs will focus on individuals and firms which conduct lead abatement and renovation and their continuance with the training and certification, and work practice standards requirements. States with authorized renovation notice rules will also monitor those requirements.

FY 2017 funding priorities for the TSCA PCB and Asbestos programs are: 1) ensure existing compliance monitoring programs continue to meet established standards; 2) promote activities that lead to waiver status for Asbestos programs; 3) ensure states meet EPA inspector training requirements necessary to obtain and keep EPA credentials in those programs which require the use of EPA credentials (the PCB compliance monitoring programs and Asbestos programs in non-waiver states); 4) provide inspection activity where there is an identified need including, but not limited to, Children's Health and Environmental Justice areas. FY 2017 funding priorities for States with authorized Lead-based paint programs will focus on individuals and firms which conduct lead abatement and renovation and their continuance with the training and certification, and work practice standards requirements. States with authorized renovation notice rules will also monitor those requirements.

FY 2018 funding priorities for the TSCA PCB and Asbestos programs are: 1) ensure existing compliance monitoring programs continue to meet established standards; 2) promote activities that lead to waiver status for Asbestos programs; 3) ensure states meet EPA inspector training requirements necessary to obtain and keep EPA credentials in those programs which require the use of EPA credentials (the PCB compliance monitoring programs and Asbestos programs in non-waiver states); 4) provide inspection activity where there is an identified need including, but not limited to, Children's Health and Environmental Justice areas. FY 2018 funding priorities for States with authorized Lead-based paint programs will focus on individuals and firms which conduct lead abatement and renovation and their continuance with the training and certification, and work practice standards requirements. States with authorized renovation notice rules will also monitor those requirements.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Grant funds are available for costs specifically incurred by States and Tribes to develop, enhance and maintain comprehensive compliance monitoring/enforcement programs under TSCA, specifically PCBs, Asbestos, and Lead-based paint. Funded activities may include inspector training, inspection supplies, and laboratory costs, including personnel and equipment; reimbursement for salaries, travel, training, and per diem expenses for inspectors, analysts, and program managers; and other functions related to grant activities. For those programs where inspections are conducted using EPA credentials, prior to conducting inspections under the Grant, the State/Tribe must have an authorization agreement and the inspectors must complete the minimum inspector training, including health and safety training, and conduct inspections pursuant to the September 2004 Guidance for Issuing Federal EPA Inspector Credentials to Authorize Employees of State/Tribal Governments to Conduct Inspections on Behalf of EPA. They must also have a signed authorization agreement with EPA.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website:
<https://www.epa.gov/geospatial>.

Assistance agreement awards under this program may involve generating or using environmental data, such as, environmental sampling, field measurements, and/or laboratory analyses. <http://www.epa.gov/fem/pdfs/competency-policy-aiaa-new.pdf>.

Applicant Eligibility:

For the PCB and Asbestos programs, States/Tribes should have toxic substance compliance responsibilities and be designated as the lead agency with the authority to enter into these cooperative agreements. For the Lead-based paint program, state agencies, Indian tribes, and tribal consortiums that have toxic substance compliance responsibilities, who have the authority to enter into these cooperative agreements, and who have their own lead laws in place are eligible to apply for assistance under the TSCA Compliance Monitoring Grant.

Beneficiary Eligibility:

For PCB, Asbestos and the Lead-based paint programs: States, including the District of Columbia, the Commonwealth of Puerto Rico, Guam, America Samoa, the Northern Marianas, the Trust Territories of the Pacific Islands, the Virgin Islands and Indian Tribes.

Credentials/Documentation:

The applicant must supply evidence of legal authority to conduct toxic substance compliance program activities contemplated under the grant and a workable program officially adopted for the agency. Costs will be determined in accordance with 2 CFR Part 200 Subpart E. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Discussions or informal meetings with Regional program offices concerning program preparation are advisable. The standard application forms as furnished by the federal agency and required by OMB Circular No. A-102 must be used for this program. This program is excluded from coverage under E.O. 12372. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. This program is subject to the provisions of 2 CFR 200 and 1500 as applicable.

Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>.

Award Procedure:

Each application shall be subjected to administrative coordination to determine adequacy in relation to grant regulations, and to technical and program evaluation to determine merit and relevancy of the project. States will be notified of Federal Assistance awards through the Federal Assistance Awards Data System (FAADS). Applicants may use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Applications are due 60 days prior to the beginning of the next budget period

Appeals:

Disputes will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

Applicant must reapply.

Formula and Matching Requirements:

This program has no statutory formula. Matching Requirements: Under TSCA Section 28, no grant may exceed 75 percent of the establishment and operation costs of such a program during the period for which the grant is made. Thus, recipients must contribute 25% of the total costs for activities conducted under Section 28 of TSCA (i.e., the PCB and Asbestos grants).

There are no cost-sharing or matching fund requirements for Lead-based Paint enforcement grants under Section 404(g).

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Cooperative Agreements are normally funded for a 12-month period. Payments will be on an advance letter of credit or reimbursement basis; recipients must request the initial advance payment on the form SF 270, Request for Advance or Reimbursement. See the following for information on how assistance is awarded/released: To be determined at the time of the award.

Reports:

As required in the annual National Program Guidance for inclusion in the grant award, grantees must submit mid-year and year-end evaluations. For inspections conducted using credentials issued by EPA to the state or tribal employee, the inspection report must be submitted to the regional office for review pursuant to the authorization agreements. Program reports are required. No cash reports are required. Progress reports are required. Expenditure reports are to be included with the End-of-Year reports. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate charges to each cooperative agreement, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for 3 years from the date of the submission of the annual financial status report or longer if questions still remain, such as those raised as a result of audit.

Account Identification:

Obligations:

(Cooperative Agreements) FY 16 \$4,874,000; FY 17 est \$4,834,000; and FY 18 est \$3,437,000 - FY 16: \$4,874,000; FY 17: \$4,834,000; FY 18: \$3,437,000 (proposed).

Range and Average of Financial Assistance:

For PCB and Asbestos: \$21,000 to \$299,000/year, \$96,000/year average. For Lead: \$46,000 per state/tribe.

TAFS Codes:

68-0103.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: Twenty-two Asbestos, nine PCB, and thirty-eight Lead grants were awarded to States in FY 2016. Agencies participating in the TSCA Compliance Monitoring grants program receive funds to support and enhance toxic substance compliance monitoring, assurance and enforcement activities. Typical program activities for the Asbestos grant program include compliance inspections at facilities regulated under the AHERA program plus preparation of inspection reports. For waiver states, work includes case preparation and taking enforcement action. Non-waiver states using EPA credentials submit their inspection reports to EPA for case review and appropriate enforcement action. In FY 2016, 1,093 compliance monitoring inspections were conducted. Typical program activities for the PCB grant program include compliance inspections at facilities regulated under the TSCA PCB program, and submission of inspection reports to EPA for review and enforcement action, if appropriate. In FY 2016, 346 inspections were conducted. Typical program activities for the Lead-based paint grant program include compliance inspections at facilities regulated under the TSCA Lead-based paint program plus initiation of appropriate enforcement action by authorized states or referral to EPA for case review and appropriate enforcement action when violations are detected. In FY 2016, 2,995 inspections were conducted. Fiscal Year 2017: It is anticipated the TSCA Compliance Monitoring grant program will receive a similar number of state grant requests in FY 2017 as were received in FY 2016. At the earliest, FY 2017 program information (end-of-year report) must be submitted 90 days after the close of the grant. Fiscal Year 2018: No Current Data Available

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2016: State agencies participating in the Toxic Substances Compliance Monitoring grant program receive funds to support and conduct compliance monitoring (inspection) and enforcement activities, as appropriate for the specific program. Examples of program activities that may be funded include, targeting activities, inspections/investigations to evaluate compliance, follow-up inspections, initiation of appropriate enforcement action when violations are detected, inspector training, equipment for inspections, development of compliance monitoring strategies/targeting approaches, development of software or e-forms capable of automating inspection data collection activities in the field. The majority of the funds are used by the states to conduct compliance monitoring inspections. Those states that are authorized to enforce the Lead-based paint program or are "waiver" states under the AHERA program can use these funds to enforce the regulation, as appropriate. CRITERIA FOR SELECTING PROPOSALS:

Each application will be reviewed by the Environmental Protection Agency according to criteria including the following: (1) Need: The need for the development, improvement, and/or maintenance of a comprehensive compliance monitoring/enforcement program within the State; (2) Level of Activity: The amount of regulated chemicals and facilities, and the potential risk to human health and the environment; (3) Long-Term Impact: The potential of the cooperative agreement to have a long-term beneficial impact on human health and the environment resulting from the compliance program; and (4) Effectiveness of program: The past level and effectiveness of the State regulatory program, number of inspections conducted by the state and number of trained inspectors that have completed the minimum training set forth in the September 30, 2004 "Guidance for Issuing Federal EPA Inspector Credentials to Authorize Employees of State/Tribal Governments to Conduct Inspections on Behalf of EPA."

66.707 TSCA TITLE IV STATE LEAD GRANTS CERTIFICATION OF LEAD-BASED PAINT PROFESSIONALS

(State Lead Certification Grants)

FEDERAL AGENCY:

Office of Chemical Safety and Pollution Prevention, Environmental Protection Agency

AUTHORIZATION:

Toxic Substances Control Act, Section 404(g).

OBJECTIVES:

The goal of EPA's lead-based paint program is to eliminate childhood lead poisoning. The program is comprised of four strategies designed to achieve the this goal 1) Establish standards to define where lead hazards are present in paint, dust and soil; 2) Give the public information about lead hazards and steps to protect themselves; 3) Ensure that information about known lead-based paint hazards is disclosed to individuals buying or renting pre-1978 housing, and that owners and occupants of pre-1978 housing are provided information on lead-based paint hazards before renovation activities take place; 4) Establish lead-safe work practice standards and require lead-based paint professionals

and renovators who work in pre-1978 housing to be trained and certified.

The objective of this grant program is to assist States, Tribes, and Territories in developing and carrying out authorized programs that: (a) certify contractors engaged in lead-based paint activities and accredit lead-based paint activities training programs; (b) certify contractors engaged in renovation, repair and painting activities that disturb painted surfaces in most target housing; and/or (c) require distribution of lead-hazard information prior to renovation (pre-renovation education program).

Funding Priority - Fiscal Year 2015: The priority for FY 2015 is to continue to provide assistance to authorized State, Tribal, and Territorial lead-based paint activities training and certification programs and pre-renovation education programs. As appropriate, the Agency will use grant funding to provide assistance to a State, Tribal, or Territorial program looking to develop or administer an authorized Renovation, Repair, and Painting Program.

Funding Priority - Fiscal Year 2016: The priority for FY 2016 is to continue to provide assistance to authorized State, Tribal, and Territorial lead-based paint activities training and certification programs and pre-renovation education programs. As appropriate, the Agency will use grant funding to provide assistance to a State, Tribal, or Territorial program looking to develop or administer an authorized Renovation, Repair, and Painting Program.

Funding Priority - Fiscal Year 2017: The priority for FY 2017 is to continue to provide assistance to authorized State, Tribal, and Territorial lead-based paint activities training and certification programs and pre-renovation education programs. As appropriate, the Agency will use grant funding to provide assistance to a State, Tribal, or Territorial program looking to develop or administer an authorized Renovation, Repair, and Painting Program.

TYPES OF ASSISTANCE:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Requests for application forms and completed applications should be submitted to the appropriate EPA Regional Office. The following forms and certifications must be included in all final grant applications: Standard Form 424 (Application for Federal Assistance); Standard Form 424A (Budget Information -- Non-Construction Programs); Standard Form 424B (Assurances -- Non-Construction Programs); Certification Regarding Lobbying and SF LLL, if applicable; Certification Regarding Debarment and Suspension; EPA Form 4700-4 (Compliance Review Report Form); and Quality Assurance Narrative Statement, if applicable. Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Contact the appropriate EPA Regional Office for guidance on award procedures. Regional contacts for the EPA lead program can be found at <http://www2.epa.gov/lead/where-you-live>.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 90 days after deadline for application submission.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

Applicants must reapply for grant funding each fiscal year.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Cooperative agreements are normally funded for a 12-month period. See the following for information on how assistance is awarded/released: Grantees usually receive either a lump sum payment or draw down funds as their Agency allows.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require interim and final progress reports, and expenditure/financial, equipment and invention reports. Progress reports are generally required at least semi-annually. Specific reporting requirements are also identified in the Grant Regulations at 2 CFR 200 and 1500, as applicable. Program reports are required under this program. No cash reports are required. Pursuant to 2 CFR 200.238, Monitoring and reporting program performance.

(a) Monitoring by the non-Federal entity. The non-Federal entity is responsible for oversight of the operations of the Federal award supported activities. The non-Federal entity must monitor its activities under Federal awards to assure compliance with applicable Federal requirements and performance expectations are being achieved. Monitoring by the non-Federal entity must cover each program, function or activity. See also 200.331 Requirements for pass-through entities.

(b) Non-construction performance reports. The Federal awarding agency must use standard, OMB-approved data elements for collection of performance information (including performance progress reports, Research Performance Progress Report, or such future collections as may be approved by OMB and listed on the OMB Web site).

(1) The non-Federal entity must submit performance reports at the interval required by the Federal awarding agency or pass-through entity to best inform improvements in program outcomes and productivity. Intervals must be no less frequent than annually nor more frequent than quarterly except in unusual circumstances, for example where more frequent reporting is necessary for the effective monitoring of the Federal award or could significantly affect program outcomes. Annual reports must be due 90 calendar days after the reporting period; quarterly or semiannual reports must be due 30 calendar days after the reporting period. Alternatively, the Federal awarding agency or pass-through entity may require annual reports before the anniversary dates of multiple year Federal awards. The final performance report will be due 90 calendar days after the period of performance end date. If a justified request is submitted by a non-Federal entity, the Federal agency may extend the due date for any performance report.

(2) The non-Federal entity must submit performance reports using OMB-approved government wide standard information collections when providing performance information. As appropriate in accordance with above mentioned information collections, these reports will contain, for each Federal award, brief information on the following unless other collections are approved by OMB. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-federal entities that expend \$750,000 or more in a year in Federal awards shall have a single or a program specific audit conducted for that year. Non-federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate charges to cooperative agreements, must be kept available to personnel authorized to examine EPA accounts. All records must be maintained for 3 years from the date of the submission of the annual financial status report, or longer if questions still remain, such as those raised as a result of audit.

66.708 POLLUTION PREVENTION GRANTS PROGRAM

(P2 Grant Program)

FEDERAL AGENCY:

Office of Chemical Safety and Pollution Prevention, Environmental Protection Agency

AUTHORIZATION:

Pollution Prevention Act of 1990, Section 6605, Public Law 101-508.

OBJECTIVES:

CFDA announcement 66.708 applies to the Pollution Prevention (P2) and Pollution Prevention Information Network (PPIN) grant programs.

Both programs were enacted under the Pollution Prevention Act of 1990 to support projects that use pollution prevention techniques to reduce and/or eliminate pollution from air, water and/or land prior to performing recycling, reuse or clean up.

The P2 grant program funds grants and cooperative agreements that provide pollution prevention technical assistance services and/or training to businesses. The PPIN grant program funds grants and cooperative agreements through a national network of Pollution Prevention Resource Exchange (P2Rx) Centers. The Centers work to deliver pollution prevention information, resources and tools to state technical assistance providers, businesses and industry.

Funding Priorities for FY 2015:

1. To help businesses adopt P2 techniques into day-to-day operations to reduce or eliminate harmful pollutants from entering the air, water or land;
2. To encourage education and training in P2/source reduction techniques and applications; and
3. Support P2 information sharing among State and local technical assistance programs, businesses, and industry.

Funding priorities in 2016:

1. To help businesses adopt P2 techniques into day-to-day operations to reduce or eliminate harmful pollutants from entering the air, water or land;

2. To encourage education and training in P2/source reduction techniques and applications through applying one or more of the P2 Program's National Emphasis Areas - 1) Climate Change Mitigation/Prevention of Greenhouse Gas Emissions; 2) Food Manufacturing and Processing; and 3) State or Community Approaches to Hazardous Materials Source Reduction; and

3. Support P2 information sharing among State and local technical assistance programs, businesses, and industry.

Funding Priority - Fiscal Year 2017:

1. To help businesses adopt P2 techniques into day-to-day operations to reduce or eliminate harmful pollutants from entering the air, water or land; 2. To encourage education and/or training in P2/source reduction techniques by adopting one or more of the P2 Program's National Emphasis Areas (NEAs). NEAs will be described in anticipated grant solicitation announcements. 3. To support P2 information sharing among States, federally-recognized tribes, local technical assistance programs, businesses, and industry.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funding under the P2 and PPIN grant programs is supported through Congressional appropriation. The programs support P2 projects that address the transfer of potentially harmful pollutants across all environmental media: air, water, and land. The programs also support the establishment and expansion of State and Tribal P2 programs under various topic areas, some which are: industrial toxics, agriculture, energy and water conservation, and transportation.

More specifically, the P2 grant program supports P2 approaches and methodologies that focus on: institutionalizing P2 as an environmental management method, helping businesses establish prevention goals, providing on-site technical assistance or training to businesses, supporting outreach and research endeavors, and supporting data collection and analysis to curb environmental inefficiencies while increasing awareness of P2.

Under the PPIN program, EPA supports projects that help to: coordinate work among State and local technical assistance providers, disseminate P2 information, offer training to State and local technical assistance providers, businesses, and industry, promote new and innovative P2 technologies, and take a broad reading of what P2 activities are occurring across the nation in order to minimize duplication of effort.

The P2 and PPIN grant programs do not support projects that focus on recycling, reuse, waste removal or any activity which alters the physical, chemical, or biological characteristics or the volume of a hazardous substance, pollutant, or contaminant through a process or activity which is not integral to and necessary for the production of a product or essential to providing a service. For more information, refer to PPA Section 6603 and 40 CFR Sections 35.343 and 35.662.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <https://www.epa.gov/geospatial>. Generally this program makes Federal awards on a discretionary basis. For further information, please contact the Headquarters or regional office.

Applicant Eligibility:

For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy. Eligible applicants include the 50 states, the District of Columbia, the U.S. Virgin Islands, the Commonwealth of Puerto Rico, any territory or possession of the United States, any agency or instrumentality of a state, including state colleges and universities, and federally-recognized Indian tribes that meet the requirements for treatment in a manner similar to a state as described in 40 CFR 35.663, and Intertribal Consortia that meet the requirements in 40 CFR 35.504.

Beneficiary Eligibility:

State agencies, State colleges and universities that are instrumentalities of the State and federally-recognized Tribes are encouraged to establish partnerships with businesses and environmental assistance providers to deliver seamless P2 assistance. The most successful applicants will be those that make the most efficient use of government funding. In many cases, this has been accomplished through partnerships. As a result, those who are eligible can provide P2 benefits to the following entities: states, interstate and local agencies or organizations/universities, federally-recognized Tribes, intertribal consortia, public or private nonprofit organizations/institutions, private businesses, quasi public nonprofit organizations, and the general public.

Credentials/Documentation:

In cases where the applicants credentials are not clear, the applicant must provide proof that the applicant is indeed a state agency/organization, federally-recognized tribe, or intertribal consortium. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. If the applicant does not know who their Single Point of Contact is, they may call the appropriate EPA regional coordinator listed in the Information Contacts section, or call the EPA Headquarters Grant Policy Information and Training Branch at 202-564-5325. Federally-recognized Tribal governments are not required to comply with this procedure. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Requests for general information may be made to EPA Headquarters or to the appropriate EPA regional pollution prevention program office listed in Appendix IV of this Catalog.

Under the P2 grant program, proposals and applications must be submitted to the appropriate EPA Regional Pollution Prevention Program office in order to be considered for an award.

Under the PPIN grant program, proposals and applications must be submitted to EPA Headquarters in order to be considered for an award.

Submitted materials must abide by EPA grant policy and programmatic requirements in order to be considered for funding.

Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Under the P2 grant program - FY 2016 and FY 2017 grant proposals were due to the applicable regional P2 program office on May 9, 2016.

Under the PPIN grant program - FY 2016 and FY 2017 grant proposals were due to EPA Headquarters on May 17, 2016.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title Pollution Prevention Act of 1990. The statutory formula for P2 and PPIN grants is authorized by the Pollution Prevention Act of 1990. Organizations receiving grant funds through the P2 and PPIN grant programs are required to match federal funds by at least 50 percent. The federal government will provide half of the total allowable cost of the project, and the state will provide the other half. Thus, a federal grant of \$100,000 would support a total allowable project cost of \$200,000, with the state providing the remaining half equal to \$100,000. State contributions may include: dollars, in kind goods and services, and/or third party contributions. In a detailed budget, the use of the matching funds must be documented. The match requirement may be applied at the time of award or at specified intervals during the project period. The grant applicant must document in the itemized budget plan the type of match to be applied and how it will be used. The grant project officer in the Region or Headquarters will monitor the grant recipient's compliance. If the match requirement is not met or is not applied at specified intervals during the project period, federal funding will cease and the recipient will be held liable for all incurred costs.

With concern to P2 grants only: If a tribe or intertribal consortium is selected for an award and their workplan will be included in a performance partnership grant (PPG), then the required tribal match will be reduced to 5% as it applies to the total allowable P2 project cost. This reduction in match will be applied to the first two years of the PPG. After two years, the EPA Regional Administrator is required to determine through objective assessment whether the tribe or intertribal consortium still meets the socioeconomic needs test to warrant keeping the cost share at 5 percent.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

From FY 2016 through FY 2017, grant programs under this CFDA will award grants or cooperative agreements covering a funding period of two years. Funds will be released by a letter of credit. See the following for information on how assistance is awarded/released: Financial assistance under the P2 and PPIN grant programs is provided in the form of a grant or a cooperative agreement issued as a letter of credit by the federal government to the eligible grantee.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require interim and final progress reports, and expenditure/financial, equipment and invention reports. Progress reports are generally required at least semi-annually. Specific reporting requirements are also identified in the Grant Regulations at 2 CFR 200 and 1500, as applicable. Program reports are required under this program. The P2 and PPIN grant programs require grantees to submit budget information to the grant project officer. The information should be included in the grantees' semi-annual progress report. Organizations that are awarded grants will be required to submit semi-annual progress reports during the life of the project to the grant project officer. The report should summarize funds expended, tasks accomplished, and results achieved to date. A final technical report is also required at the end of the grant/cooperative agreement. The final technical report should explain the prospect for continuation, further development of the pollution prevention effort, and offer a project evaluation. The P2 and PPIN grant programs require the grantee to submit semi-annual progress reports to the grant project officer. The report should explain the work executed under the project(s), whether or not the project's milestones were achieved, and the staff and budget plan for any remaining work. Expenditure reports are required at the end of the grant/cooperative agreement. The grantee should submit this information to the grant project officer when submitting their final technical report. If the grantee proposes work that involves gathering, measuring, or tracking environmental data, the grantee is required to report its environmental performance to EPA. The information should be provided in the grantees' semi-annual progress report and final technical report. The reports should be submitted to the grant project officer.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-federal entities that expend \$750,000 or more in a year in Federal awards shall have a single or a program specific audit conducted for that year. Non-federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal

audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Financial records, including all documents to support entries on accounting records to substantiate charges to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for three years from the date of submission of the annual financial status report. If questions still remain, such as those raised as a result of an audit, related records should be retained until the matter is completely resolved.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2016: The following are examples of P2 grants supporting activities in FY 2016 and FY 2017. P2 Grant: EPA funded amount: \$64,940 in FY 2016 and \$64,140 in FY 2017. The grant recipient will evaluate above-ground storage tanks (ASTs) for pollution prevention and risk preparedness within high risk, flood-prone coastal communities due to both anticipated sea level rise and flooding from various storm events. The scope of the study will cover coastal communities in Rhode Island. Facilities in these areas will be initially identified using information housed within the grant recipients AST database. All information gathering will be driven by direct observation and using environmentally-based tools provide accuracy for the project. All relevant information will be integrated into a geographic information system. It is anticipated the grant recipient will perform five to ten on-site assessments. P2 Grant: EPA funded amount: \$104,103 in FY 2016 and \$92,920 in FY 2017. The grant recipient will develop a capacity-building project to encourage local municipalities to serve as educators and supporters of small businesses, helping the businesses institute best management practices to reduce use and storage of toxic materials and improve worker safety, profitability, and the safety of surrounding properties and neighborhoods. The grant recipient will target three local jurisdictions containing large numbers of small businesses in high flood-risk areas and demonstrating diverse types of population density and economic and demographic profiles. P2 Grant: EPA funded amount: \$80,000 in FY 2016 and \$80,000 in FY 2017. The grant recipient will design, produce and conduct four half-day workshops geared to Kentucky EXCEL members, Kentucky Pollution Prevention Center program participants, organizations and industries. The events will be free for participants and will be held in multiple locations to facilitate participation across the state and to target specific sectors and regions. The workshops will address source reduction and money savings for small businesses, efficient steam generation to realize greenhouse gas reductions, strategies for reductions in peak demand energy use and energy efficiency opportunities for facilities. The recipient will also develop a series of tools and resources for the workshops to help train participants. The tools and resources are: 1) Spreadsheets: Energy Profile and Cost Summary, Energy Report Card, Utility Bill Analysis Tracker; 2) Calculators: Energy Use Intensity Comparison, Thermostat Savings, Lighting Retrofit Recommendations Savings; 3) Surveys for: lighting, HVAC Systems, motors; and, 4) tip sheets for: lighting, HVAC systems, motors, installing and assessing building envelopes, and achieving compressed air energy savings. Post-workshop evaluation and additional one-to-one technical assistance will be provided by the grant recipient to participants on-demand and through a series of scheduled webinars. P2 Grant: EPA funded amount: \$109,330 in FY 2016 and \$108,957 in FY 2017. The grant recipient will provide technical assistance to chemical and food industry manufacturers participating in Louisianas Economy, Energy and Environment (E3) program - Value Louisiana. The assistance to manufacturers will include: 1) on-site assessments for businesses that address ways and means for reducing chemical usage, energy and water use, 2) sponsoring and facilitating educational, environmental workshops and trainings in partnership with the Zero Waste Network, 3) increasing the amount of member participation in Value Louisiana and the Louisiana Chemical Manufacturing

Imitative, and 4) leveraging faculty research to support source reduction opportunities and innovation for manufacturers. P2 Grant: EPA funded amount: \$134,372 in FY 2016 and \$162,860 in FY 2017. The grant recipient will work to improve the environmental performance of industrial facilities and businesses by conducting 44 confidential site assessments focused on Iowas greenhouse gas emitters, food manufacturers, and hospitals and chemical manufacturers that use large quantities of water or energy. The P2 assessments aim to generate cost-saving and environmental improvement recommendations for facilities with assistance from pollution prevention engineers or a P2 intern. The grant recipient will report aggregated environmental outcomes and the sectors served by the project. In particular, the grant recipient anticipates P2 assistance will reduce energy demand by increasing the implementation of energy efficiency (e.g., lighting retrofits, boiler and compressor efficiency, etc.) and heat recovery P2 strategies throughout production processes; reduce the amount of water use for production and mechanical operation by increasing water conservation; reducing effluent pollutant loadings and wastewater flows to onsite treatment facilities and municipal POTWs resulting in lower operation and maintenance costs; and reduce or eliminate toxics use and waste generation through less toxic alternatives and more efficient usage. Fiscal Year 2017: The following are examples of P2 grants supporting activities in FY 2016 and FY 2017. P2 Grant: EPA funded amount: \$64,940 in FY 2016 and \$64,140 in FY 2017. , Section 10, Public Law 106-74.

OBJECTIVES:

The Objectives: For OPP: *To provide financial assistance to Pesticide Safety Education Programs (PSEPs) who will in turn use the funds on the education and training of certified pesticide applicators of restricted use pesticide for FY2016 and 2017. *To provide support to develop, revise or update Pesticide Safety Resources Projects (PSRP) to advance the protection of humans, communities, and ecosystems from risk of pesticide poisonings, illness and injury. *To provide support for technical assistance to the Tribal Pesticide Program Council (TPPC) For OPPT: To provide financial support to Organization for Economic Cooperation and Developments (OECDs) work on the environment, health, and safety programme that will support work on: test guidelines; the assessment of chemicals and nanomaterials; capacity building; facilitation of risk reduction; harmonization of regulatory oversight of the safety of products of modern biotechnology; the assessment and management of pesticides and biocides; chemical accidents and Pollutant Release and Transfer Registers. To provide support to improve tribal and EPA collaboration in improving environmental conditions and human health for tribal populations through chemical risk assessment, risk management, reduction and pollution prevention through the National Tribal Toxics Council

(NTTC) in order to: 1) Represent tribal interests in the development and implementation of chemical risk assessment, risk management and pollution prevention programs; and, 2) Facilitate tribal cooperation with EPA in resolving associated issues

Office of Pesticide Programs (OPP) FY 2016: Projects for safer use of pesticides, including worker protection, certification and training of pesticide applicators, protection of endangered species, tribal pesticide programs, integrated pest management, environmental stewardship, Pesticide Registration Renewal Act (PRIA 2) Partnership Grants; Pesticide Regulatory Education Program (PREP), and Integrated Pest Management in Schools Regional grants. Types of activities: develop and implement programs to reduce pesticide risks; analysis and development of pesticide safety programs and materials; National train-the-trainer program to educate farmworkers on how to reduce risks from pesticides; continue the National Farmworker Training(NFT); PREP education program for states and tribes; and implement verifiable integrated pest management in schools programs. Office of Pollution Prevention & Toxics (OPPT) FY 2016: Project for OECD's work on the environment, health, and safety program that will support work on: test guidelines, the assessment of chemicals and nanomaterials, capacity building, facilitation of risk reduction, chemical accidents and pollutant releases and transfer registers. Project to support and improve tribal and EPA coordination with the National Toxics Tribal Council, including representing tribal interests and facilitate tribal cooperation.

Office of Pollution Prevention & Toxics (OPPT) FY 2017 Project: Provide meeting support and coordination of tribes and tribal nations including scheduling consultation on rule and meetings. Also provide support for international work by the environment, health and safety program. Office of Pesticide Programs (OPP) FY 2017 Project: Provide support for meetings of EPA's partners and stakeholders for Field Implementation Meeting Support, planning, coordinating and managing activities.

Office of Pesticide Programs (OPP) FY 2018 National Strategies for Healthcare Providers Training Program will be an estimated amount up to \$2,500,000 for five years. The first year estimate \$500,000. The Office of Pollution Prevention and Toxics (OPPT) will continue to support the National Toxics Tribal Council (NTTC) in its second year, with an estimate of \$150,000. Will continue to support the OECD's Environment, Health and Safety program in its second year, with an estimate of \$130,000.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grants and cooperative agreements are available to support recipients' allowable direct costs incident to approved scopes of work plus allowable indirect costs, in accordance with established EPA policies and regulations. Funding awarded for research does not include research within the purview of EPA's Office of Research and Development.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. Generally this program makes Federal awards on a discretionary basis. For further information, please contact the Headquarters or regional office.

Applicant Eligibility:

For certain competitive funding opportunities under this CFDA description, the

Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy. Eligible applicants for purposes of funding under these grant programs include any state of the United States, the District of Columbia, Native American Organizations, the Commonwealth of Puerto Rico, U.S. Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and any agency or instrumentally thereof exclusive of local governments (includes public institutions of higher education and hospitals).

Beneficiary Eligibility:

State and local governments, U.S. territories and possessions, federally recognized Indian tribal governments and Native American Organizations, universities and colleges, hospitals, laboratories, other public and private nonprofit institutions, general public, and other Non-Governmental Organizations.

Credentials/Documentation:

Costs will be determined in accordance with 2 CFR Part 225 for State and local governments and Indian Tribes, 2 CFR Part 220 for educational institutions, and 2 CFR Part 230 for nonprofit institutions. Applicants may be requested to demonstrate that they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. EPA may ask applicants or principle investigators to provide curriculum vitae and relevant publications. Non-profits are required to demonstrate non-profit status. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog.

This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. EPA requires final applications to be made on Standard Form 424. Application kits should be requested from and submitted to the Environmental Protection Agency, Grants and Interagency Agreements Management Division, 3903R, 1200 Pennsylvania Avenue, N. W., Washington, DC 20460 or the appropriate EPA Regional Office identified in Appendix IV of the Catalog. Detailed information and assistance, including the application kit, required forms, and a check list may also be found at: <http://www.epa.gov/ogd/AppKit/>. For competitive awards, Requests for Initial Proposals or Requests for Applications will specify application procedures. Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>.

Award Procedure:

For non-competitive awards, EPA will conduct an administrative evaluation to determine the adequacy of the application in relation to grant regulations and to technical and program evaluation to determine the merit and relevance of the project. The Agency will then advise the applicant if funding is being considered. A final work plan will then be negotiated with the applicant. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated

in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. Procedures for awards are outlined in the 2 CFR parts 200 and 1500.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

None. Generally, EPA incrementally funds grants and cooperative agreements for research, development, monitoring, public education, training, demonstrations and studies. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to EPA's priorities, and availability of funds, and the Agency policy on the competitive grant process.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA normally funds grants and cooperative agreements on a 12-month basis. However, EPA can negotiate the project period with each applicant based on project requirements. Funds are released by a letter of credit. See the following for information on how assistance is awarded/released: EPA normally funds grants and cooperative agreements on a 12 month basis. However, EPA can negotiate the project period with each applicant based on project requirements. Funds are released by a letter of credit.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require interim and final progress reports, and expenditure/financial, equipment and invention reports. Progress reports are generally required at least semi-annually. Specific reporting requirement are also identified in the 2 CFR 200 and 1500, as applicable. Program reports are required under this program. Under OPP, grantees are required to submit financial reports. Under OPPT, grantees are required to submit financial reports in accordance with Agency policy and the Financial Reporting and Financial Management Systems requirements stated in 2 CFR Part 200. Uniform reporting requirements for institutions of higher education and other non-profit organizations. The recipient and the Grant Project Officer will develop a process for jointly evaluating and reporting progress and accomplishments under the work plan. The work plans and reporting must be consistent with the requirements of 2 CFR 200.328. A description of the evaluation process and a reporting schedule must be included in the work plan. The reporting schedule requires the recipient to submit, at a minimum, annual progress reports, during the life of the project, to the Grant Project Officer. Recipients should provide a discussion of accomplishments as measured against work plan commitments; a discussion of cumulative effectiveness of the work performed under all work plan components; a discussion of existing and potential problem areas; and suggestions for improvement, including where feasible, schedules for making improvements. If evaluation reveals the recipient has not made sufficient progress under the work plan, the Grant Project Officer and the recipient will negotiate a resolution. The recipient may request a review of the Grant Project Officer's decision under the dispute resolution process under (2 CFR 1500 Subpart E).

Uniform reporting requirement for state, local and tribal governments. The recipient and the Grant Project Officer will develop a process for jointly evaluating and reporting progress and accomplishments under the work plan.

If issues cannot be resolved through negotiation, the Grant Project Officer may take appropriate action. The recipient may request a review of the Grant Project Officer's decision under the dispute resolution process under 2 CFR 1500, Subpart E.

Semi-annual progress reports are required. Grantees should explain the work executed to date, provide environmental performance data, if available, describe the future direction of the project and describe staff and budget plans. Under OPP, grantees are required to submit expenditure reports. Under OPPT, grantees are required to submit financial reports in accordance with Agency policy and the Financial Reporting and Financial Management Systems requirements stated in Federal Grant Regulations 2 CFR 200.237. Under OPP, grantees are required to perform performance monitoring as part of their requirements. Under OPPT, grantees are required to perform performance monitoring in accordance with Agency policy and requirements stated in Federal Grant Regulations 2 CFR 200.328.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-federal entities that expend \$750,000 or more in a year in Federal awards shall have a single or a program specific audit conducted for that year. Non-federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

The record retention requirements of 2 CFR 200.333 are applicable depending upon the identity of the recipient. Recipients must keep financial records, including all documents supporting entries on accounting records and to substantiate changes in grants available to personnel authorized to examine EPA recipients grants and cooperative agreements records. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions, such as those raised as a result of audits remain following the 3-year period, recipients must retain records until the matter is completely resolved.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: Office of Pesticide Programs (OPP) FY2016 accomplishments for the Pesticide Regulatory Education Program (PREP) include: PREP developed and delivered four training courses in 2016, with a total of 108 state, tribe, and territory managers and staff who participated. Courses included: Compliance & Enforcement in Asheville, North Carolina (Co-located with WPS PIRT Course); Worker Protection Standard Implementation in Fort Myers, Florida; Comprehensive Combo in Santa Fe, New Mexico; and Pesticide Management & Emerging Issues in Indianapolis, Indiana. PREP organized and ran four planning groups to develop the agendas for each course. All classroom presentations, agendas, participant lists, handouts, and post-course reports were catalogued in the PREP Archive. PREP web site was kept up to date with course schedules, email nomination dates, and participant selection dates. The PREP email list was updated in January 2017, as on an as-needed basis. Pesticide Education Resources Collaborative Accomplishments:1) Established advisory boards (one each for calendar years 2016 and 2017), standard operating procedures and policies, and a new website; 2) Engaged with stakeholders for input on resources needs; 3) determined resource gaps; 4) established a clearinghouse of existing materials; 5) developed materials to assist the regulated community in complying with the 2015 revised agricultural Worker Protection Standard: The Quick Reference Guide (in two formats), the "How to Comply" manual, fact sheet on when WPS training is needed, and a WPS "Train the Trainer" PowerPoint; 6) held first annual meeting of the advisory board and developed plans for materials and resource development in calendar year 2017. National Farmworker Training Program (AFOP) Accomplishments:1) Recruited 29 participating sites; 2) Increased its network of trainers to 218; 3) Provided training to 52,443 farmworkers on pesticide safety and heat stress prevention; 4) AFOP held its annual National Long Sleeve Shirt Drive during the National Farmworker Awareness Week, from March 26th through April 2nd; 5) Trained 500 women on Pesticide Exposure and Pregnancy (PEP); 6) Conducted a webinar "Farmworker Safety" to network of trainers; 7) Trained 2,879 farmworkers on heat stress prevention. The National Pesticide Information Center (NPIC) Accomplishments: 1) During the last year NPIC received 11,337 inquiries; 2) NPIC continues to develop new materials based on the most popular topics discussed with callers; 3) NPIC collaborated with the Centers for Disease Control & Prevention (CDC) to create a map of vector control districts; 4) NPIC and AAPCC co-developed an infographic about reading pesticide labels; 5) Developed four new fact sheets relying on up-to-date scientific and regulatory resources; 6) Developed and updated web apps such as the Herbicide Properties Tool (HPT) which evaluates persistence and the potential for movement of herbicides in the environment; 7) NPIC created 25 new web pages, developed 318 original posts, averaging six posts per week, and hosted a social media series on permaculture; 8) NPIC continued to modernize common pesticide questions and answers by expanding the FAQ web pages (FAQs) were also developed in response to increased interest about Zika and mosquito control). Tribal Pesticide Program Council (TPPC) Technical Support Accomplishments: 1) UC Davis Extension assumed the duties of providing technical support to the TPPC, and began building a relationship with tribal members. UCDE administered TPPC's biennial election on January 2016, at the first of two semi-annual, in person meetings held at the Ak-Chin Reservation in Maricopa, Arizona. The second in person meeting was hosted by the Navajo Nation in Flagstaff, Arizona in June. UCDE helped the TPPC establish key priorities for the year, administered monthly TPPC executive meeting calls, developed a TPPC website, and began developing an administrative process for the TPPC to store key documents. OPPT Accomplishments: National Toxics Tribal Council (NTTC): 1) Participated in monthly executive meetings, 2) Scheduled and managed 2 in-person meetings; one in DC and one in Indian country, 3) Drafted agenda items, provided logistical support, identified and ensured speakers, and wrote up meeting notes. And provided assistance to schedule meetings for Tribal consultation on OPPT regulatory actions. (University of Arizona) The accomplishments of the grant were the following: o Created a national sustainable program offering IPM certification and certificates for each key role involved in pest management for schools, offered free to the public. o Through the course of the project, increased the

knowledge of over 1,200 individuals on school IPM across 8 states, thereby impacting nearly 1.8 million students and 60,000 school staff. (Texas A&M) The accomplishments of the grant were the following: o Compiled all school IPM resources available nationwide into an organized online central repository, available free to the public. o Provided education on school IPM to over 275 individuals. (National Environmental Health Association) Awarded a \$241,036 grant to the National Environmental Health Association to utilize existing networks to increase the adoption of IPM in schools (Health Resources in Action) Awarded a grant to Health Resources in Action to conduct an impartial study on the economic impact of IPM in schools. Fiscal Year 2017: FY17 accomplishments for the Pesticide Regulatory Education Program - include: PREP developed and delivered four training courses in 2017, with a total of 113 state, tribe, and territory managers and staff who participated. Courses included: Pesticide Applicator Certification in Baltimore, Maryland; Pesticides and Water Quality in St. Paul, Minnesota; Public Health Pests in Seattle, Washington and will host the Laboratory Issues course in Denver, Colorado. PREP organized and ran four planning groups to develop the agendas for each course. All classroom presentations, agendas, participant lists, handouts, and post-course reports were catalogued in the PREP Archive. PREP web site was kept up to date with course schedules, email nomination dates, and participant selection dates, and the PREP email list was updated as-needed. The Tribal Pesticide Program Council (TPPC) Technical Support Accomplishments: 1) UC Davis Extension organized and facilitated two semiannual, in-person meetings this year in addition to facilitating meetings and providing administrative support. The first in-person meeting was hosted by the Pauma Band of Luiseno Indians in Pauma Valley, California, in October 2016. The second meeting was hosted by OPP in Crystal City, Virginia in March. UCDE also assisted the TPPC in making progress on the Pesticides in Indian Country Report that has been several years in the making, which documents key pesticide issues for tribes across the country. UCDE successfully organized TPPC membership information which included securing letters of appointment, revamped an action item list that contained outdated information, and helped tribal members identify their key issues for the year which include pollinator protection, providing tribal -specific bed bug information to tribes, and completing the Pesticide in Indian Country Report. OPPT Accomplishments: National Toxics Tribal Council (NTTC): 1) Participated in monthly executive meetings, 2) Scheduled and managed 2 in-person meetings; one in DC and one in Indian country, 3) Drafted agenda items, provided logistical support, identified and ensured speakers, and wrote up meeting notes, and 4) Set up tribal three major consultations meetings with OPPT management to provide tribes with information regarding regulatory actions. (Michigan State University) The accomplishments of the grant were the following: o Coordinated a bi-state school IPM coalition for Michigan and Indiana o Developed an interactive training program that enhanced the self-study manual currently utilized by the Michigan Department of Agriculture and Rural Development as the certification of IPM in Schools training. o Focus on underserved communities in large urban school districts to be used as demonstration schools, implementing IPM and offering technician training in three schools. o Trained 24 Michigan technicians on school IPM, impacting nearly 18,500 students. CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.717 SOURCE REDUCTION ASSISTANCE

FEDERAL AGENCY:

Office of Chemical Safety and Pollution Prevention, Environmental Protection Agency

AUTHORIZATION:

Toxic Substances Control Act, Section 10; Clean Air Act, Section 103(b); Federal Insecticide, Fungicide, and Rodenticide Act, Section 20; Clean Water Act, Section 104(b)(3); Safe Drinking Water Act, Section 1442(a)(1)&(c); Solid Waste Disposal Act, Section 8001(a).

OBJECTIVES:

Under this CFDA announcement, EPA administers the Source Reduction Assistance (SRA) grant program. The goal of the SRA program is to provide grants to support pollution prevention (P2), source reduction and/or resource conservation activities. For purposes of this grant program, P2 is defined as any practice which reduces or eliminates the creation of pollutants through: increased efficiency in the use of raw materials, energy, water, or other resources, or protection of natural resources by conservation activities. EPA is interested in funding projects which assist in reducing hazardous substances, pollutants, or contaminants entering waste streams or otherwise released into the environment (including fugitive emissions) prior to recycling, treatment, or disposal. Grant activities may involve, but are not limited to the following:

equipment or technology modifications, process or procedure modifications, reformulation or redesign of products, substitution of raw materials, training, inventory control, etc. EPA is also interested in funding an organization to serve as a national coordinator of P2 technical services, information, resources, tools and training to meet the needs of businesses and state and tribal technical assistance providers (TAPs). Activities would also include strengthening collaboration among the state and tribal technical assistance providers, developing and evaluating P2 information and case studies, tools and products, amplifying P2 approaches and case studies, and marketing P2 information and services nationally.

Fiscal Year 2016: To support source reduction, pollution prevention and resource conservation activities that comply with the statutory authorities of the Clean Air Act, Section 103(b), as amended; Clean Water Act, Section 104(b)(3), as amended; Federal Insecticide, Fungicide, and Rodenticide Act, Section 20, as amended; Safe Drinking Water Act, Section 1442 (a)(1) and (c), as amended; Solid Waste Disposal Act, Section 8001 (a), as amended; and the Toxic Substances Control Act, Section 10, as amended.

Fiscal Year 2017: SRA assistance agreements must carry out activities within the terms of EPA's statutory authorities. The statutes authorize the agency to award grants or cooperative agreements using methods of: research, investigations, experiments, education, training, surveys, studies and/or demonstration of innovative techniques. SRA assistance agreement activities must relate to gathering or transferring information or advancing awareness. Proposals must emphasize this "learning" concept, as opposed to "fixing" an environmental problem using a well-established method.

For projects that will support demonstration activity, the project must involve new or experimental technologies, methods, or approaches, where the results of the project will be disseminated so that others can benefit from the knowledge gained in the demonstration project. A project that is accomplished through the performance of routine, traditional, or established practices, or a project that is simply intended to carry out a task rather than transfer information or advance the state of knowledge, however worthwhile the project might be, is not a demonstration. The applicant must clearly explain in the proposal how the pollution prevention technologies, methods, or approaches used are new or experimental and how the project otherwise meets the requirements of a demonstration as described in the applicable RFP. If your project uses technologies, methods or approaches that have been used previously in other geographic areas and/or business sectors, then your proposal must include an explanation as to how your demonstration project is different from such prior projects and is a true demonstration. The applicant must also explain what will be learned in the industry from the demonstration project. If your project is truly a demonstration and complies with other eligibility factors then it will be considered for funding.

Proposals that principally support recycling, clean-up, treatment, disposal and/or energy recovery efforts (e.g., incinerating solid waste to generate electricity) will not be considered for funding.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

EPA is interested in supporting P2, source reduction and resource conservation projects that will provide an overall benefit to the environment by preventing pollutants at the source. Source reduction projects can include but are not limited to: 1) improving facility and institutional operations that reduce pollutant use and exposure, 2) reformulating and procuring products to reduce toxic constituents, 3) providing direct technical assistance to businesses and other organizations, 4) encouraging green product design and manufacturing, 5) conducting outreach, 6) collecting and analyzing P2 data, and 7) integrating P2 concepts into state, regional and tribal environmental multimedia programs. Grant activities must be consistent with the grant guidelines of the statutory authorities listed for this program. The statutory authorities are listed in this CFDA announcement and in the applicable grant solicitations. The statutes authorize EPA to award assistance agreements to support the following activities: "research, investigations, experiments, education/training, demonstrations of new or innovative techniques, surveys and studies." These activities relate generally to the gathering or transferring of information or advancing knowledge. Grant proposals should emphasize this "learning" concept, as opposed to "fixing" an environmental problem using a well-established method. For example, a proposal to install a more energy efficient heating system in the applicant's facility in order to conserve energy, would not, in itself fall within research, studies, demonstrations and would be viewed as a well-established solution not eligible for grant funding. All activities in the applicant's proposal must be eligible under one or more of the statutory authorities listed.

Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009. Generally this program makes Federal awards on a discretionary basis. For further information, please contact the Headquarters or regional office.

Applicant Eligibility:

For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy. Eligible applicants for purposes of funding under these grant programs include any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, U.S. Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and any agency or instrumentally thereof exclusive of local governments (includes public institutions of higher education and hospitals), city or township governments, independent school district governments, state controlled institutions of higher education, non-profit organizations (other than institutions of higher education), private institutions of higher education, community-based grassroots organizations, and federally-recognized tribes and intertribal consortia.

Beneficiary Eligibility:

Any state, federally-recognized tribal government, intertribal consortia, college/university, non-profit organization, local government or independent school district.

Credentials/Documentation:

Costs will be determined in accordance with 2 CFR Part 225 for State and local governments and federally recognized tribal governments, 2 CFR Part 220 for educational institutions, 2 CFR Part 230 for nonprofit institutions. Applicants may be requested to demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. EPA may ask applicants or principal investigators to provide curriculum vitae and relevant publications. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Standard grant forms are required, as provided by the EPA and must be used for both grant programs. Forms may be obtained via the Internet by visiting: <http://www.epa.gov/ogd/AppKit/application.htm>.

Please consult the SRA and RPPINC program notices, posted to EPA's Pollution Prevention Grant web site at <http://www.epa.gov/p2/pubs/grants> for more information. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. If the applicant does not know who their Single Point of Contact is, they should contact the appropriate EPA Regional Pollution Prevention Program office listed in the Information Contacts section, or call the EPA Headquarters Grant Policy Information and Training Branch at 202-564-5325. Federally-recognized Tribal governments are not required to comply with this procedure. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. This CFDA program description is designed to benefit national and regional source reduction, pollution prevention, and resource conservation activities. Grant proposals must meet the requirements outlined in the national and regional Source Reduction Assistance solicitation notices. EPA will conduct the grant competition by posting a Request for Proposals (RFP) on-line. Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. Source Reduction Assistance grants and cooperative agreements are subject to the availability of funds. EPA will issue awards contingent upon the criteria specified in this CFDA program description and within the corresponding solicitations. EPA reserves the right to reject any or all proposals and issue no awards. Procedures for awards are outlined in the 2 CFR Parts 200 and 1500.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Proposals were due under the FY 2016 - FY 2017 Source Reduction Assistance on May 9, 2016.

The Regional Pollution Prevention Information Network Centers program did not run a competition.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula. Matching Requirements: This program does not have a statutory formula. However, EPA requires a minimum 5% match of the total allowable project cost. For example, the Federal government will provide 95% of the total allowable cost of the project and the recipient will provide the remaining 5%. The match may be issued in the form of cash and/or in-kind contributions, e.g., donated services, charges for real property and equipment or the value of goods and services directly benefiting the EPA funded project. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Assistance agreements are awarded for an initial project period of 2 years. See the following for information on how assistance is awarded/released: Grant and cooperative agreement funds issued under the SRA and RPPINC grant programs are released by letter of credit to the eligible grant recipient.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require interim and final progress reports, and expenditure/financial, equipment and inventory reports. Progress reports are generally required at least semi-annually. Specific reporting requirements are also identified in the Grant Regulations at 2 CFR 200 and 1500, as applicable. Program reports are required under this program. Budget information should be submitted to the grant project officer. This information should be included in the semi-annual progress report and the final technical report. Uniform reporting requirements for institutions of higher education and other non-profit organizations. The recipient and the Grant Project Officer will develop a process for jointly evaluating and reporting progress and accomplishments under the work plan. The work plans and reporting must be consistent with the requirements of 2 CFR 200.328. A description of the evaluation process and a reporting schedule must be included in the work plan. The reporting schedule requires the recipient to submit, at a minimum, annual progress reports, during the life of the project, to the Grant Project Officer. Recipients should provide a discussion of accomplishments as measured against work plan commitments; a discussion of cumulative effectiveness of the work performed under all work plan components; a discussion of existing and potential problem areas; and suggestions for improvement, including where feasible, schedules for making improvements. If evaluation reveals the recipient has not made sufficient progress under the work plan, the Grant Project Officer and the recipient will negotiate a resolution. The recipient may request a review of the Grant Project Officer's decision under the dispute resolution process under (2 CFR 1500 Subpart E).

If evaluation reveals the recipient has not made sufficient progress under the work plan, the Grant Project Officer and the recipient will negotiate a resolution that addresses the issues. If issues cannot be resolved through negotiation, the Grant Project Officer may take appropriate action. The recipient may request a review of the Grant Project Officer's decision under the dispute resolution process under 2 CFR 1500, Subpart E.

Semi-annual progress reports are required. Grantees should explain the work executed to date, provide environmental performance data, if available, describe the future direction of the project and describe staff and budget plans. Expenditure information should be included in the semi-annual progress report and the final technical report. Performance monitoring is required if the grantee produces environmental data. In the semi-annual progress report and in the final technical report the grantee should explain how environmental data was gathered, measured, tracked and documented.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-federal entities that expend \$750,000 or more in a year in Federal awards shall have a single or a program specific audit conducted for that year. Non-federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Financial records, including all documents to support entries on accounting records to substantiate charges to each assistance agreement, must be kept available to personnel authorized to examine EPA assistance agreement accounts. All records must be maintained for three years from the date of submission of the annual financial status report. If questions still remain, such as those raised as a result of an audit, related records should be retained until the matter is completely resolved.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2016: Examples of SRA grant awards issued in FY 2016: EPA funded amount: \$259,000 (over a two year funding period). The grant recipient will partner with the Western NY Sustainable Business Roundtable and others to provide technical assistance in P2 to western NY businesses. The grant recipient will focus its outreach on food manufacturing facilities. The grant recipient and its project partners will conduct assessments at two manufacturing facilities and will provide ten workshops to participating companies. Case studies and best management practices will be shared with businesses throughout western NY. EPA funded amount: \$60,000 (FY 2016). The grant recipient will provide tech assistance to small (10-20) and large (2-6) businesses to communities in Minneapolis to identify sources of air emissions (using Toxic Release Inventory data and permit reviews); develop strategies to reduce air releases into surrounding neighborhoods; and initiate efforts to implement reduction options. City of Minneapolis' resources will be used for analyzing public business records and air monitoring data as a source for financial assistance to encourage project implementation. EPA funded amount: \$129,000 (over a two year funding period). The grant recipient will provide educational and technical assistance in green engineering to Kentucky small and medium-sized manufacturers to minimize material and energy resource use, promote sustainability, prevent pollution, reduce waste and increase cost savings to manufacturers. EPA funded amount: \$84,000 (FY 2016). The grant recipient will identify six P2 internships for an Iowa Economy, Energy and Environment (E3) project; provide source reduction assistance to Toxic Release Inventory (TRI) reporters; and hold a TRI presentation as part of a P2 compliance-based workshop. Activities will be used to reduce environmental

impacts while producing significant cost savings. EPA funded amount \$54,000 (FY 2016). The grant recipient will conduct P2 pilots at Detroit metal plating facilities using research to identify new innovations; survey metal finishing facilities; conduct P2 audits for facilities based on survey results; develop a reference book containing a list of P2 options categorized by topic and a metal finishing process; and a guide for implementation and measurement. Fiscal Year 2017: Examples of SRA grant projects identified above for FY 2016 continued during the FY 2017 funding cycle. Fiscal Year 2018: No Current Data Available

66.801 HAZARDOUS WASTE MANAGEMENT STATE PROGRAM SUPPORT

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Solid Waste Disposal Act, Section 3011(a)&(c), Public Law 94-580, 42 U.S.C 6901.

OBJECTIVES:

To assist State governments in the development and implementation of an authorized hazardous waste management program for the purpose of controlling the generation, transportation, treatment, storage and disposal of hazardous wastes.

Funding Priority - Fiscal Year 2015: Assistance to State governments in the development and implementation of an authorized hazardous waste management program for the purpose of controlling the generation, transportation, treatment, storage and disposal of hazardous waste.

Funding Priority - Fiscal Year 2016: Assistance to State governments in the development and implementation of an authorized hazardous waste management program for the purpose of controlling the generation, transportation, treatment, storage and disposal of hazardous waste.

Funding Priority - Fiscal Year 2017: Assistance to State governments in the development and implementation of an authorized hazardous waste management program for the purpose of controlling the generation, transportation, treatment, storage and disposal of hazardous waste.

Funding Priority - Fiscal Year 2018: Assistance to State governments in the development and implementation of an authorized hazardous waste management program for the purpose of controlling the generation, transportation, treatment, storage and disposal of hazardous waste.

TYPES OF ASSISTANCE:

Formula Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Under Section 3011, funds may be used for development and implementation of authorized State hazardous waste programs.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

State agencies responsible for hazardous waste management within the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and interstate agencies established by the appropriate states and

approved by the EPA Administrator under Section 1005 of the Solid Waste Disposal Act are eligible. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to a particular subset of eligible applicants consistent with the Agency's competition policy.

Beneficiary Eligibility:

State agencies responsible for hazardous waste management within the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and interstate agencies established by the appropriate states and approved by the EPA Administrator under Section 1005 of the Solid Waste Disposal Act.

Credentials/Documentation:

Costs will be determined in accordance with 2 CFR 200, Subpart E for State and local governments. The State work plan is to be sent to the appropriate EPA Regional Office by the date 60 days before the beginning of the budget period (typically by August 1 of each year, if the budget period is the Federal fiscal year). 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-102 must be used for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>. The hazardous waste management staff of the appropriate EPA Regional Office (listed in the address appendix of the Catalog) is available to assist in preparation of the application. This program is excluded from coverage under 2 CFR 200 and 1500.

Award Procedure:

EPA reviews each application. They shall be subjected to administrative evaluation to determine adequacy of the application in relation to grant regulations and to technical and program evaluation to determine the merit and relevancy of the project or program. For competitive awards, EPA will review applications, proposals or submissions in accordance with the terms, conditions, and criteria in the solicitation/announcement of the competitive funding opportunity. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

For applicants under Section 3011, 60 days.

Appeals:

Disputes will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

For applicants under Section 3011, grants and cooperative agreements are renewed annually, provided all requirements are met.

Formula and Matching Requirements:

Statutory Formula: Title Solid Waste Disposal Act. This program operates under a formula. Statistical factors used for allocation include: 1) State population, as determined by the most recent Census; 2) number of hazardous waste management facilities in States, based on studies conducted by EPA, Office of Resource Conservation and Recovery; 3) number of Large Quantity Generators (LQGs), based on studies conducted by EPA, Office of Resource

Conservation and Recovery; and 4) the number of facilities requiring corrective action, based on studies conducted by EPA, Office of Solid Waste. By law, all States and trust territories are eligible for funding. The formula is based on each State's population (17 percent); (LQG) number of facilities producing amount of waste produced (16 percent); number of hazardous waste management facilities (52 percent); and the number of facilities requiring corrective action (15 percent).

Matching Requirements: By law, all States and trust territories are eligible for funding. This program operates under a formula. The formula is based on each State's population (17 percent); (LQGs) number of facilities producing waste over a defined amount (12 percent); number of hazardous waste management facilities that could require permitting or enforcement work (37 percent); and the number of facilities requiring corrective action (34 percent).

Matching Requirement: Maximum Federal share of approved costs is 75 percent; State must provide at least 25 percent of approved costs. Regional Administrators will determine each State allotment.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Grants are normally funded on a 12 month basis (Federal or State fiscal year). The total project period varies according to program requirements. Assistance is awarded by advance payment method. Method of awarding/releasing assistance: lump sum.

Reports:

Program reports are required on an annual basis. Cash reports are required. Interim and final progress reports are required. No expenditure reports are required. Performance monitoring is conducted.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-federal entities that expend \$750,000 or more in a year in Federal awards shall have a single or a program specific audit conducted for that year. Non-federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Financial reports, including all documents to support entries on the accounting records and to substantiate charges to each grant or cooperative agreement must be kept available to personnel authorized to examine EPA grant accounts in an institution. All records must be maintained for 3 years from the date of the submission of the annual financial status report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

66.802 SUPERFUND STATE, POLITICAL SUBDIVISION, AND INDIAN TRIBE SITE-SPECIFIC COOPERATIVE AGREEMENTS

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, Section 104(d), 42 U.S.C 9604(d).

OBJECTIVES:

To (1) conduct site characterization activities at potential or confirmed hazardous waste sites; (2) undertake response planning and implementation actions at sites on the National Priorities List (NPL) to clean up the hazardous waste sites that are found to pose hazards to human health; and (3) effectively implement the statutory requirements of CERCLA 121(f) which mandates substantial and meaningful State involvement.

Funding Priority - Fiscal Year 2015: Funding must be used at specific hazardous waste sites to: (1) conduct non time critical removal actions; (2) perform site characterization activities such as preliminary assessments, site inspections, remedial investigations, feasibility studies, and remedial design activities at potential or confirmed hazardous waste sites; (3) conduct remedial actions (i.e., clean up) at uncontrolled hazardous waste sites as listed on the National Priorities List (40 CFR 300); (4) support CERCLA implementation activities; (5) identify Potentially Responsible Parties (PRPs); (6) conduct

settlement negotiations; (7) take enforcement actions against PRPs; and (8) oversee PRP cleanups.

Applicant Eligibility:

States (and political subdivisions thereof), Commonwealths, U.S. Territories and Possessions, and Federally Recognized Indian Tribal Governments, including intertribal consortia.

Beneficiary Eligibility:

States (and political subdivisions thereof), Commonwealths, U.S. Territories and Possessions, and Federally Recognized Indian Tribal Governments, including intertribal consortia.

Credentials/Documentation:

Costs will be determined in accordance with 40 CFR 35, Subpart O and 2 CFR 200 Subpart E and other supporting documentation provided by the Agency. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

The standard application forms as furnished by the Federal agency and required by 2 CFR 200 and 1500 must be used for this program. Consultation and preapplication conference(s) are recommended. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>.

Award Procedure:

EPA regional Superfund program offices will conduct an administrative evaluation to determine the adequacy of the application in relation to grant regulations and technical and program evaluation to determine the merit and relevance of the project. The Agency will then advise the applicant if funding is being considered. A final work plan will then be negotiated with the applicant. Final approval of application and supporting documentation and offer of award is made by the EPA Regional Administrator unless redelegated to the Regional Division Director.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Approximately ninety (90) days.

Appeals:

Disputes will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

Extensions are available but not guaranteed. The original cooperative agreement is amended by using EPA Standard Form 424 and submitting it to the Regional Administrator.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: None required for pre NPL activities or for remedial planning at any site if the site was privately owned and operated at the time of disposal of hazardous wastes. **Matching Requirements:** 10 percent State, 90 percent Federal, for remedial action if the site was privately owned and operated at the time of disposal of hazardous wastes. Minimum 50 percent State, 50 percent Federal, of all response costs if the site was State/locally operated at time of any disposal of hazardous waste (Note: percentage may vary). CERCLA section 104(c)(3). Tribal governments are not required to share in the costs of Superfund actions. This program has no statutory formula. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Funds awarded for duration of project, subject to time constraints imposed by EPA. Money is released on a draw down or a letter of credit basis. See the following for information on how assistance is awarded/released: In order to receive payment by the letter of credit method, the recipient must comply with the requirements regarding letter of credit described in 2 CFR 200 and 1500. The recipient must identify and charge costs to specific sites, activities, and operable units, as applicable, for drawdown purposes as specified in the Cooperative Agreement. If the recipient is unable to meet letter of credit requirements, EPA will pay the recipient by reimbursement. The recipient must comply with the requirements regarding reimbursement described in 2 CFR 200 and 1500.

Reports:

Progress reports, notification of significant developments, property inventory reports, procurement reports, financial reports, and final reports are required

pursuant to 40 CFR 35, Subpart O. Grantees are required to submit financial reports in accordance with Agency policy and the Financial Reporting and Financial Management Systems requirements stated in Federal Grant Regulations 2 CFR Part 200 and 1500. Progress reports are required. Financial status reports are required. Performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-federal entities that expend \$750,000 or more in a year in Federal awards shall have a single or a program specific audit conducted for that year. Non-federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

The record retention requirements of 2 CFR Part 200 and Part 35, Subpart O are applicable. Recipients must keep financial records, including all documents supporting entries on accounting records and to substantiate changes in grants, available to personnel authorized to examine EPA recipients grants and cooperative agreements records. The recipient must maintain all records for 10 years following submission of the final Financial Status Report unless otherwise directed by the EPA award official, and must obtain written approval from the EPA award official before destroying any records. If any litigation, claim, negotiation, audit, cost recovery, or other action involving the records has been started before the expiration of the ten year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular ten year period, whichever is later.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: In Fiscal Year 2016, all EPA Regional Offices (except Region 2) awarded cooperative agreements to lead cleanup actions, or to support EPA-lead cleanup actions, at hazardous waste sites. Cooperative agreements were awarded to lead the evaluation of newly discovered sites, to assess and investigate sites that have been identified as needing further action, to select, in partnership with EPA, the appropriate technologies and cleanup actions for these sites, to design the selected technologies and cleanup actions, and to construct the designed remedy. Funding was used to start or continue long term remedial actions to treat ground water where remediation goals have not yet been reached. Finally, funding was provided to meaningfully and substantially participate in cleanup actions where EPA led the cleanup. To date, in Fiscal Year 2016, 38 site-specific cooperative agreements were awarded. Fiscal Year 2017: In Fiscal Year 2017, EPA Regional Offices awarded cooperative agreements to lead cleanup actions, or to support EPA-lead cleanup actions, at hazardous waste sites. Cooperative agreements were awarded to lead the evaluation of newly discovered sites, to assess and investigate sites that have been identified as needing further action, to select, in partnership with EPA, the appropriate technologies and cleanup actions for these sites, to design the selected technologies and cleanup actions, and to construct the designed remedy. Funding was used to start or continue long term remedial actions to

treat ground water where remediation goals have not yet been reached. Finally, funding was provided to meaningfully and substantially participate in cleanup actions where EPA led the cleanup, and to conduct statutorily required five-year reviews. Fiscal Year 2018: No Current Data Available

66.804 UNDERGROUND STORAGE TANK PREVENTION, DETECTION AND COMPLIANCE PROGRAM

UST Prevention, Detection and Compliance Program

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Energy Policy Act of 2005, 42 U.S.C 6916(f)(2); Superfund Reauthorization Amendments of 1986, Title I, Section 2007(f); Solid Waste Disposal Act (SWDA) of 1976, Section 9011; EPA's Annual Appropriations Act; Energy Policy Act of 2005, Title XV; Ethanol And Motor Fuels, Title B, Section 1521-1533, Public Law 109-58, U.S.C 15801; Ethanol And Motor Fuels, Title B, Section 1521-1533, Public Law 105-276, 42 Stat. 15801.

OBJECTIVES:

To assist States, Territories, Tribes and/or Intertribal Consortia (LUST Prevention only for Tribes and/or Intertribal Consortia) that meet the requirements at 40 CFR 35.504 in the development and implementation of underground storage tank (UST) programs and for leak prevention, compliance and other activities authorized by the Energy Policy Act (EPAAct) of 2005, Public Law 105-276, and EPA's annual appropriations acts.

Funding Priority - Fiscal Year 2015: Assistance agreements to states under Section 2007 of the Solid Waste and Disposal Act will support core program underground storage tank (UST) activities, implement their leak prevention and detection programs, as well as the 2005 Energy Policy Act (EPAAct) leak prevention activities. High priority tasks include providing financial assistance to states for: 1) approving specific technologies to detect leaks from tank systems; 2) ensuring that tank owners and operators are complying with notification and other requirements; 3) ensuring equipment compatibility; 4) conducting UST inspections; 5) implementing operator training; 6) prohibiting

delivery for non-complying facilities; 7) seeking state program approval to operate the UST program in lieu of the Federal program; and 8) requiring secondary containment or financial responsibility for tank manufacturers and installers.

LUST Prevention assistance agreements to states and tribes, and/or intertribal consortia for activities authorized by EPAAct will support states with inspections and other release prevention and compliance assurance activities for Federally-regulated UST systems, as well as for enforcement activities related to release prevention. A main cause of releases is the lack of proper operation and maintenance of UST systems, which is why the EPA proposed revisions to the UST regulations in FY 2012 that address these and other important issues. Any changes that result from a final rule will require subsequent state adoption, applicable updates to state regulations, and updates to state program approval.

For tribes, the LUST Prevention assistance agreements will assist with all aspects of the Tribal programs, e.g., inspection capacity. High priority tasks include providing financial assistance to states and tribes for: 1) inspecting UST facilities to complete the three-year inspection requirement; 2) developing inspection capacity for Tribes; 3) assisting states in adopting measures (e.g., delivery prohibition, secondary containment, operator training, etc.), as required by EPAAct and EPA's grant guidelines; 4) enforcement activities related to release prevention; 5) development of leak prevention regulations and other program infrastructure; 6) helping tribes develop the capacity to administer UST programs, such as providing funding to support training for Tribal staff and educating owners and operators in Indian Country about UST requirements. These activities are geared toward bringing all UST systems into compliance with release detection and release prevention requirements and minimizing future releases. Priority will be given to providing funds to enable the States to meet their responsibilities under Title XV, Subtitle B of the Energy Policy Act of 2005. States that have entered into assistance agreements with EPA must have the authority to inspect and take other compliance and related enforcement actions to prevent releases from USTs.

High priority tasks include providing financial assistance to states for: 1) adopting and implementing EPA's recently-released regulatory revisions 2) approving specific technologies to detect leaks from tank systems; 3) ensuring that tank owners and operators are complying with notification and other requirements; 4) ensuring equipment compatibility; 5) conducting UST inspections; 6) implementing operator training; 7) prohibiting delivery for non-complying facilities; 8) seeking state program approval to operate the UST program in lieu of the Federal program; and 9) requiring secondary containment.

LUST Prevention assistance agreements to states and tribes, and/or intertribal consortia for activities authorized by EPAAct will support states with inspections and other release prevention and compliance assurance activities for Federally-regulated UST systems, as well as for enforcement activities related to release prevention. Further information regarding geospatial information may be obtained by viewing the following website: <https://www.epa.gov/geospatial>. Leaking Underground Storage Tank (LUST) Prevention assistance agreements are Continuing Environmental Program Grants.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official Government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that

was signed on October 1, 2009.

States and Tribes may use financial assistance under this program for eligible and allowable costs incurred under assistance agreements for leak prevention, detection, and compliance, as described in the Section:50 Funding Priority. Assistance agreements are available to support recipients' eligible and allowable direct costs incurred under an approved work plan plus allowable indirect costs, in accordance with established EPA policies and regulations.

Unlike State and Tribal Assistance Grant (STAG) funding under Section 2007(f) of the Solid Waste Disposal Act (SWDA), the LUST prevention funding under Section 9011 and other applicable provisions of Subtitle I of the SWDA is not eligible for inclusion in Performance Partnership Grants under 40 CFR 35.133. EPA may award combined STAG funded UST prevention, detection, and compliance assistance agreements authorized by Section 2007(f) with LUST prevention assistance agreements authorized by Subtitle I if the combined agreement is not included in a PPG.

Applicant Eligibility:

Prevention, detection and compliance assistance agreements are only available to States and Territories and to Federally-recognized Tribes and Intertribal Consortia that must meet the requirements, as described in the Federal Register Notice, Vol. 67, No. 213, pp. 67181-67183, "Update to EPA Policy on Certain Grants to Intertribal Consortia." These assistance agreements may also be used for EPA to help States, who request it, to obtain SEE enrollees through a SEE assistance agreement to work on the State's underground storage tanks and to support direct UST implementation programs. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy. Additionally, EPA may limit competition under this CFDA to Tribes and Inter-Tribal Consortia.

Beneficiary Eligibility:

States, Territories, Tribes and Intertribal Consortia.

Credentials/Documentation:

States and Territories must either submit certification indicating the State or Territory meets the applicable Energy Policy Act provisions, or submit documentation describing the State or Territory's efforts to meet the requirements, in accordance with EPA's Energy Policy Act grant guidelines (http://www.epa.gov/swerust1/fedlaws/epact_05.htm). The EPA Regional Offices maintain the credentials/documentation for State and Territorial programs and federally-recognized Tribes and Intertribal Consortia. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Tribes and Intertribal Consortia are excluded from coverage under E.O. 12372. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>. States and Tribes apply for funds through EPA regional offices. EPA may award combined or separate assistance agreements for leak prevention. Additionally 2 CFR 1500 applies to this program.

Award Procedure:

These funds are awarded non-competitively. However, if EPA elects to hold

competitions for Tribal and/or Intertribal Consortia assistance agreements, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Applications will be subjected to administrative evaluation to determine the adequacy of the application in relation to assistance agreement regulations and to technical and program evaluation to determine the merit and relevance of the project. The Agency will advise the applicant if funding is being considered. A final work plan will be negotiated with the applicant. An assistance agreement must be signed between EPA and the State or Territory or EPA and the Tribe or Intertribal Consortia. EPA awards the assistance agreements to states through a previously established allocation process, issued under national guidance rather than through competition(see 40 CFR 35.332 and EPA Order 5700.5, Section 6(c)(1)).

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Generally, from 3 to 4 months.

Appeals:

Disputes will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

Contact the appropriate Regional Office. See <http://www.epa.gov/swerust1/regions/index.htm>.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: The UST prevention, detection, and compliance Solid Waste Disposal Act 2007(f) assistance agreement (STAG) program has no statutory formula or matching requirement. However, there is a 25 percent matching requirement (cost share) for States under 40 CFR 35.335. State matches (cost shares) may include in-kind contributions. Under 40 CFR 35.332, EPA regions allocate funds to states based on their programmatic needs and applicable EPA guidance. Factors include the number of active federally regulated petroleum underground storage tanks. LUST Prevention funding is awarded under Section 9011 and other applicable provisions of Subtitle I of the Solid Waste Disposal Act subject to an allocation process developed by the Agency. The Agency distributes funds based on the number of federally-regulated petroleum USTs in a State and other indicators of State needs. States will provide a 25 percent match (cost share) for assistance agreements awarded under Section 9011 and other applicable provisions of Subtitle I. If EPA awards a State a combined UST prevention, detection, and compliance (STAG) and LUST prevention assistance agreement, the 25 percent cost share will apply to total project costs for the combined assistance agreement. There is no matching requirement (cost share) for prevention, detection and compliance assistance agreements for Tribes or Intertribal Consortia awarded pursuant under Public Law 105-276 or the Agency's annual appropriation act.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The terms of the assistance agreement shall be determined at the time of award by the specific EPA Regional Office. Assistance agreements can be awarded on a single- or multiple-year basis up to seven years. Method of awarding/releasing assistance: lump sum.

Reports:

Reporting requirements are identified at 2 CFR 200.327. EPA Regional Offices may include additional information regarding the content and frequency of reporting requirements in the terms and conditions of the agreements. Recipients submit annual reports which include a description of the progress made towards meeting environmental goals as expressed by the environmental indicators and program measures. Recipients report program performance results semi-annually that provide updates for commitments and priorities. No cash reports are required. Progress reports are required and identified at 2 CFR 200.327. States must certify that they are meeting or are making progress in

meeting the Energy Policy Act requirements. States are required to provide expenditure reports for overall funding for UST prevention, detection and compliance (STAG) assistance agreements. For LUST Prevention assistance agreements, States are required to submit Federal Financial Reports (SF-425) to the Las Vegas Finance Center. Annual reviews are conducted to determine recipients' progress in meeting overall program goals.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-federal entities that expend \$750,000 or more in a year in Federal awards shall have a single or a program specific audit conducted for that year. Non-federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

The record retention requirements of 2 CFR 1500.6 are applicable depending upon the identity of the recipient. Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: In FY 2016, 19 states submitted applications and were awarded STAG assistance agreements. For the LUST Prevention assistance agreements, 54 states (including DC and Puerto Rico) and four (4) territories and tribes and/or tribal consortia submitted applications and were awarded LUST Prevention assistance agreements. Program accomplishments for FY 2016 resulted in achieving a significant operation compliance rate of 72.5 percent and decreasing the number of newly-confirmed releases to 5,582. Fiscal Year 2017: In FY 2017, 15 states are expected to submit applications and be awarded STAG assistance agreements. For the LUST Prevention assistance agreements, 52 states (including DC and Puerto Rico) and four (4) territories and tribes and/or tribal consortia are expected to submit applications and be

awarded LUST Prevention assistance agreements. There are no program accomplishments to report for FY 2017 at this time. Fiscal Year 2018: No Current Data Available

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2016: No Current Data Available Fiscal Year 2017: No content available. Fiscal Year 2018: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

This program allocates funding to States and Tribes non-competitively under the allocation system referenced in Section:101. Funding provided to states for release prevention must be expended in accordance with grant guidelines EPA issued to implement the Title XV, Subtitle B of the Energy Policy Act of 2005, http://www.epa.gov/swerust1/fedlaws/epact_05.htm.

66.805 LEAKING UNDERGROUND STORAGE TANK TRUST FUND CORRECTIVE ACTION PROGRAM

Leaking UST Corrective Action Program

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Solid Waste Disposal Act of 1976 (SWDA), as amended, Section 9003(h), Public Law 105-276; EPA's Annual Appropriation Act.

OBJECTIVES:

To support State (including Territories that are included in the definition of "State" in the Solid Waste Disposal Act) and Tribal corrective action programs that address releases from underground storage tanks.

Funding Priorities - Fiscal Year 2015: Assistance agreements to states and Tribes will support activities in making progress in cleaning up petroleum leaks by initiating and completing cleanups, and reducing the backlog of sites not yet cleaned up. In FY 2015, not less than 80 percent of LUST cleanup appropriated funds will be provided to states to carry out the LUST cleanup program. High priority tasks include better site characterization efforts, remedy selection review, other technical assistance and management, oversight and enforcement activities at unaddressed LUST sites.

Funding Priorities - Fiscal Year 2016: Assistance agreements to states and Tribes will support activities in making progress in cleaning up petroleum leaks by initiating and completing cleanups, and reducing the backlog of sites not yet cleaned up. In FY 2016, not less than 80 percent of LUST cleanup appropriated funds will be provided to states to carry out the LUST cleanup program. High priority tasks include better site characterization efforts, remedy selection review, other technical assistance and management, oversight and enforcement

activities at unaddressed LUST sites.

Funding Priorities - Fiscal Year 2017: Assistance agreements to states and Tribes will support activities in making progress in cleaning up petroleum leaks by initiating and completing cleanups, and reducing the backlog of sites not yet cleaned up. In FY 2017, not less than 80 percent of LUST cleanup appropriated funds will be provided to states to carry out the LUST cleanup program. High priority tasks include better site characterization efforts, remedy selection review, other technical assistance and management, oversight and enforcement activities at unaddressed LUST sites.

Funding Priorities - Fiscal Year 2018: Assistance agreements to states and Tribes will support activities in making progress in cleaning up petroleum leaks by initiating and completing cleanups, and reducing the backlog of sites not yet cleaned up. USES AND USE RESTRICTIONS:

Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website:
<https://www.epa.gov/geospatial>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official Government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

States and Tribes may use financial assistance under this program for eligible and allowable costs incurred under cooperative agreements for corrective action, as described in Section: 54 Funding Priority and Section: 180 Criteria for Selecting Proposals. This financial assistance program is not eligible for inclusion in Performance Partnership Grants under 40 CFR 35.133. EPA will award cooperative agreements for corrective action activities. The applicable provisions in OSWER Directive 9650.10A, "LUST Trust Fund Cooperative Agreement Guidelines" apply to states receiving funds under this program. See <http://www.epa.gov/sverust1/directiv/d965010a.htm>.

LUST Trust Funds for corrective action will not be used to implement any provision of the Energy Policy Act (EPA) of 2005, Title XV, Subtitle B, that is not also a leaking underground storage tank activity authorized by Section 205 of the Superfund Amendments and Reauthorization Act.

Leaking Underground Storage Tank (LUST) Trust Fund (LTF) corrective action cooperative agreements are Continuing Environmental Program Grants[1], administered by EPA, and provide money to states to address petroleum[2] releases from underground storage tanks (USTs). States must comply with the requirements in the LUST Trust Fund Corrective Action Cooperative Agreement Guidelines and the LUST Trust Fund Cost Recovery Policy as a condition of receiving LUST Trust Fund corrective action cooperative agreement funding.
<https://www.epa.gov/ust/state-grant-policy-and-guidance>.

Applicant Eligibility:

Cooperative agreements are only available to States and Territories that have UST programs. Additionally, these cooperative agreements are only available

to Federally-recognized Tribes and Intertribal Consortia that must meet the requirements, as described in the Federal Register Notice, Vol. 67, No. 213, pp. 67181-67183, "Update to EPA Policy on Certain Grants to Intertribal Consortia."

Beneficiary Eligibility:

States, Territories, Tribes and Intertribal Consortia and the communities and industries affected by leaks from underground storage tanks.

Credentials/Documentation:

Even though the LUST corrective action assistance agreements are only used for traditional cleanup activities under Section 9003(h), States and Territories must either submit certification indicating the State or Territory meets the applicable Energy Policy Act provisions, or submit documentation describing the State or Territory's efforts to meet the requirements, in accordance with EPA's Energy Policy Act grant guidelines (http://www.epa.gov/oust/fedlaws/epact_05.htm). The EPA Regional Offices maintain the credentials/documentation for State and Territorial programs and federally-recognized Tribes and Intertribal Consortia. Costs will be determined in accordance with 2 CFR 200 Subpart E. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Tribes and Intertribal Consortia are not required to follow intergovernmental review procedures. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>.

States and Tribes apply for funds through EPA regional offices under this CFDA.

Additionally 2 CFR 1500 applies to this program.

Award Procedure:

These funds are awarded non-competitively. Applications will be subjected to administrative evaluation to determine the adequacy of the application in relation to assistance agreement regulations and to technical and program evaluation to determine the merit and relevance of the project. The Agency will advise the applicant if funding is being considered. A final work plan will be negotiated with the applicant. A cooperative agreement must be signed between EPA and the State or Territory or EPA and the Tribe or Intertribal Consortia. EPA awards the cooperative agreement to states through a previously established allocation process, issued under national guidance rather than through competition. See EPA Order 5700.5, Section 6(c)(1).

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Generally from 3 to 4 months.

Appeals:

Disputes will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

Contact the appropriate Regional Office. See <http://www.epa.gov/swerust1/states/index.htm>.

Formula and Matching Requirements:

This program has no statutory formula.
Matching Requirements: LUST corrective action funding awarded under Section 9003(h)(7) of the Solid Waste Disposal Act is subject to an allocation process developed by the Agency. By guidance, the Agency has established a process for allocating funds to states under Section 9003(h)(7) based on the cumulative numbers of confirmed UST releases, total number of existing registered petroleum UST systems, cleanups initiated, cleanups completed, the percentage of the population using groundwater for drinking water, and the number of states with approved UST programs. This program allocates funding to Tribes and Intertribal Consortia non-competitively based on their programmatic needs and national guidance. States must provide a 10 percent cost share for cooperative agreements awarded under Section 9003(h)(7). There is no matching requirement for corrective action cooperative agreements for Tribes or Intertribal Consortia awarded pursuant to Public Law 105-276. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The terms of the grant shall be determined at the time of the grant award by the specific EPA Regional Office. Method of awarding/releasing assistance: lump sum.

Reports:

Reporting requirements are identified at 2 CFR 200.327. EPA Regional Offices may include additional information regarding the content and frequency of reporting requirements in the terms and conditions of the agreements. Recipients submit annual reports which include a description of the progress made towards meeting environmental goals as expressed by the environmental indicators and program measures. Recipients report program performance results semi-annually that provide updates for commitments and priorities. No cash reports are required. Progress reports are required and identified at 2 CFR 200.327. States are required to submit Federal Financial Reports (SF-425) to the Las Vegas Finance Center. Performance monitoring is conducted to determine states' progress towards meeting overall program goals.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-federal entities that expend \$750,000 or more in a year in Federal awards shall have a single or a program specific audit conducted for that year. Non-federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

The record retention requirements of 2 CFR 1500.6 are applicable depending upon the identity of the recipient. Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

66.804 State and Tribal Underground Storage Tanks Program

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2016: In FY 2016, states reviewed site characterization reports; reviewed corrective action plans; and conducted enforcement actions. Cooperative agreements provided assistance to Tribes to help develop and implement the LUST program; and conduct cleanups and provide oversight of responsible party cleanups. Fiscal Year 2017: In FY 2017, states will review site characterization reports; review corrective action plans; and conduct enforcement actions. Cooperative agreements provide assistance to Tribes to help develop and implement the LUST program; and conduct cleanups and provide oversight of responsible party cleanups. Fiscal Year 2018: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

This program allocates funding to States and Tribes non-competitively under the allocation system referenced in Section :101. Guidelines for LUST

66.806 SUPERFUND TECHNICAL ASSISTANCE GRANTS (TAG) FOR COMMUNITY GROUPS AT NATIONAL PRIORITY LIST (NPL) SITES

(TAG)

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Superfund Amendments and Reauthorization Act of 1986, Public Law 99-499, 42 U.S.C 9617; Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, Section 117(e), Public Law 96-510.

OBJECTIVES:

The statutory authority for this project is CERCLA 117(e) as amended by 42 USC 9617(e); it authorizes Technical Assistance Grants to be awarded to groups of individuals affected by or threatened by a release at a Superfund site so that they can obtain independent technical assistance to interpret site-related documents and share this information to the rest of the community. The objective of each TAG is to procure an independent technical advisor(s) to review and inform the community on EPA documents related to cleaning up the Superfund site that is affecting them. The goal of each TAG is that the technical advisor's information aids the community in the preparation of public comments and assists the community to more meaningfully participate in the cleanup decision-making process.

Funding Priority - Fiscal Year 2015: Only one grant is available per site, at any time. EPA does not prioritize among eligible sites. All TAG applications are given equal priority as long as the site and group are eligible. The applicant group must meet minimum administrative and management capability requirements by demonstrating they have or will have reliable procedures for record keeping and financial accountability related to TAG management. In addition, all applications must address: plans for using a technical advisor's services, plans and ability to inform other members of the community, and the group's membership (representative of the different individuals/groups affected by the site). Funding must be used to provide resources so that community groups can obtain technical assistance to better understand technical issues related to the cleanup of the Superfund site affecting them and to provide comments on technical, cleanup-related documents. Technical issues for which groups obtain technical assistance may include: the nature of the environmental and public health hazards at the site; the various stages of health and environmental investigations; cleanup and operation and maintenance activities for a site, including exposure investigation, health study, surveillance program, health promotion activities (for example, medical monitoring and pediatric health units), remedial investigation, and feasibility study, record of decision, remedial design, selection and construction of remedial action, operation and maintenance, and removal.

Funding Priority - Fiscal Year 2016: Only one grant is available per site, at any time. EPA does not prioritize among eligible sites. All TAG applications are given equal priority as long as the site and group are eligible. The applicant group must meet minimum administrative and management capability requirements by demonstrating they have or will have reliable procedures for record keeping and financial accountability related to TAG management. In addition, all applications must address: plans for using a technical advisor's services, plans and ability to inform other members of the community, and the group's membership (representative of the different individuals/groups affected by the site). Funding must be used to provide resources so that community groups can obtain technical assistance to better understand technical issues related to the cleanup of the Superfund site affecting them and to provide comments on technical, cleanup-related documents. Technical issues for which groups obtain technical assistance may include: the nature of the environmental and public health hazards at the site; the various stages of health and environmental investigations; cleanup and operation and maintenance activities for a site, including exposure investigation, health study, surveillance program,

health promotion activities (for example, medical monitoring and pediatric health units), remedial investigation, and feasibility study, record of decision, remedial design, selection and construction of remedial action, operation and maintenance, and removal.

Funding Priority - Fiscal Year 2017: Only one grant is available per site, at any time. EPA does not prioritize among eligible sites. All TAG applications are given equal priority as long as the site and group are eligible. The applicant group must meet minimum administrative and management capability requirements by demonstrating they have or will have reliable procedures for record keeping and financial accountability related to TAG management. TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

All or most of the Federal funds must be used at sites listed on the National Priorities List (NPL) or proposed for listing under the National Contingency Plan (NCP), where a response action has begun under CERCLA to procure a technical advisor(s) to help in understanding the nature of the environmental and public health hazards at the site, or the various stages of health and environmental investigations and activities, cleanup, and operation and maintenance of a site, including exposure investigation, health study, surveillance program, health promotion activities (for example, medical monitoring and pediatric health units), remedial investigation, and feasibility study, record of decision, remedial design, selection and construction of remedial action, operation and maintenance, and removal. Limitations: (a) Federal funds cannot be used to develop new primary data, such as conducting independent testing and monitoring activities at a site. (b) Under CERCLA, as amended, grant funds cannot be used for lawsuits or other legal actions, or attorney fees for services connected to any legal action or that could result in a relationship to which attorney/client privileges applies. (c) Grant funds cannot be applied towards a technical advisor's time spent assisting an attorney in

preparing a legal action or preparing and serving as an expert witness at any legal proceedings. (d) Grant funds cannot be used for any activities or expenditures for recipient group members' travel. (e) Grant funds cannot be used for political activity and lobbying. (f) Grant funds cannot be used for generation of new health data through biomedical testing (for example, blood or urine testing), clinical evaluations, health studies, surveillance, registries, and/or public health investigations. (g) Grant funds cannot be used for activities that are unallowable under the cost principles stated in 2 CFR 200 Subpart E (h) Grant funds cannot be used for tuition or other training expenses for recipient group's members. (i) Grant funds cannot be used to reopen or challenge final EPA decisions.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009. Generally, this program makes Federal awards on a discretionary basis. For further information, please contact the Headquarters or regional office.

Applicant Eligibility:

A technical assistance grant (TAG) is available to any qualified group of individuals which: may be "affected" by a release or threatened release at any facility listed on the NPL or proposed for listing under the NCP where a "response action" under CERCLA has begun; meets minimum administrative and management capability requirements found in 2 CFR 200 by demonstrating they have or will have reliable procedures for record keeping and financial accountability related to TAG management; and incorporates as a nonprofit for the specific purpose of representing "affected" individuals at the site. "Affected" means subject to an actual or potential health, economic or environmental threat. A group is ineligible if: (a) The group is a "potentially responsible party" (PRP), receives money or services from a PRP, or represents a PRP; (b) The group is affiliated with a national organization; (c) The group is an academic institution; (d) The group is a political subdivision; (e) The group was established or is presently sustained by any of the ineligible entities listed above; or (f) The group is not incorporated as a nonprofit organization for the specific purpose of representing affected people except as provided in 40 CFR 35.4045.

Beneficiary Eligibility:

This program benefits groups of individuals affected by Superfund hazardous waste sites. Groups should be representative of the community affected by the Superfund site, which may include homeowners, land/property owners, local businesses, as well as any other individuals in the general public who live near a site.

Credentials/Documentation:

At the time of the award, a recipient must either be incorporated or demonstrate that they have taken all necessary and appropriate actions to do so. Recipients must show proof of incorporation no later than the time of the group's first request for reimbursement for costs incurred. This program is covered under 2 CFR 200 Subpart E. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

1) Groups wishing to apply for a TAG must first submit to EPA a letter of intent (LOI). Groups interested in applying for a TAG are encouraged to contact their regional TAG coordinator(s), listed in Appendix IV of the Catalog. 2) If site work is already underway or scheduled to begin, EPA will publish a notice in the local newspaper to formally notify other interested parties that they may contact the first group that sent the LOI to form a coalition or they may submit a separate LOI. 3) Competing groups are encouraged to consolidate and submit a single application. 4) Prior to submitting their application to EPA (or concurrently), the applicant must submit the application package for their State's intergovernmental review process. This intergovernmental review may take up to 60 days.

This program is subject to the provisions of CFR Parts 1500.

This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

For more information regarding the procedures for submitting a LOI or for application assistance, contact the TAG coordinator(s) for your region (in Appendix IV of the Catalog) or the individuals listed under "Information Contacts." Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. An applicant for a TAG must submit the following materials in accordance with 40 CFR 35.4125 of the Final Rule: 1) An original EPA Form 424, Application for Federal Assistance. The application must have the original signature of the project manager. 2) A budget showing the proposed expenditure of funds, how the funds and other resources, including the required 20 percent match, will be used to complete the project, and how the budget figures were derived. 3) A scope of work which states how the group will organize, use procured personnel, and share and disseminate information to the larger affected community. In addition, the scope of work must explain project milestones and how the group's board of directors, technical advisors(s) and "project manager" will interact with each other. 4) Assurances, certifications and other preaward paperwork as required by 2 CFR 200 and 1500, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>.

Award Procedure:

1) A TAG review team in the EPA Regional Office to which the application is submitted reviews the application and sends a letter containing written comments telling the applicant what, if any, changes need to be made to the application to make it complete.

2) An applicant group has 90 days from the date of the EPA letter to make the changes to their application and resubmit it to EPA. If the changes are not submitted within the 90-day period, the application will be returned unprocessed.

3) EPA determines the applicant's eligibility under 40 CFR 35.4020 and considers whether and how successfully the group meets three equally weighted criteria in 40 CFR 35.4155 (see 180, "criteria for selecting proposals," below). When multiple groups apply, EPA will rank each applicant relative to other applicants using the three equally weighted criteria.

4) If an applicant is not going to be awarded a TAG, the EPA will send a letter of rejection to the applicant.

5) If an application is approved for an award, a grant agreement document (EPA Form 5700-20A) is signed by the EPA award official. This document becomes an offer from EPA to the applicant. Award offers are mailed to the

recipient five working days after the award official signs the agreement.

6) The applicant must sign and return the agreement to EPA within three weeks of the date the agreement is postmarked or request an extension. EPA will review applications in accordance to terms, conditions and criteria in the TAG regulations and EPA's policy for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Generally from 5 to 9 weeks.

Appeals:

Per TAG regulations, disputes will be resolved under 2 CFR 1500 Subpart E, as applicable. Before a group obtains judicial review of the dispute, they must have requested the Regional Administrator to review the dispute decision official's determination under, and if the group still has a dispute, they must request the Assistant Administrator for the Office of Solid Waste and Emergency Response to review the Regional Administrator's decision under.

Renewals:

Grant waiver requests are made at the end of the budget period and are based on the requirements of 40 CFR 35.4065, which lists criteria which must be met.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: As directed by statute (Section 117(e) of CERCLA, as amended by 42 USC 9617(e)) there may be only one grant per site, there is a \$50,000 award limit unless waived, and recipient must contribute a 20 percent match (including in-kind contributions).

This program does not have MOE requirements. Not applicable.

Length and Time Phasing of Assistance:

A grant may be available from the time a site is proposed for listing under the NCP (with a response action underway) until the site is delisted from the NPL - this time span varies based on the complexity of the site cleanup; a group may submit an LOI to apply for a TAG at any eligible site at any point in the site cleanup. For each award, the grant period is determined by the time needed to complete the scope of work stated in the grant application and through negotiations with EPA (this is generally a period of three years or greater). Grants under this CFDA are reimbursement-based; a grantee may draw down funds to cover grant-related expenses they have incurred (such as a technical advisor's invoice for services/expenses). See the following for information on how assistance is awarded/released: Assistance is awarded as a lump sum, however, the funds are released on a reimbursement basis (recipients draw down funds as costs are incurred).

Requests for Reimbursement or Federal Cash Transactions Reports: Depending on the method of payment, each recipient shall submit periodic requests for reimbursement as funds are needed, or shall submit to EPA a federal cash transaction report semiannually, within 15 working days following the end of the semiannual period which ends June 30 and December 31 of each year. These reports shall include the amount of funds advanced to the TAG recipient or electronically transferred to the TAG recipient's bank account, and a description of how the funds were spent.

Reports:

No program reports are required. Federal Cash Transaction Reports (OMB SF272) are required of TAG grant recipients. Progress reports: Each recipient shall submit quarterly progress reports to EPA for the technical assistance grant project 45 days after the end of each calendar quarter. Progress reports shall fully describe in chart or narrative format the progress achieved in relationship to the approved schedule, budget, and the technical assistance grant project milestones. Special problems encountered must be explained.

Final report. Each recipient shall submit to EPA the final report within 90 days after the end of the project. The report shall describe project goals and

objectives, activities undertaken to achieve goals and objectives, difficulties encountered, technical advisors' work products and funds spent.

Minority-Owned Business Enterprise/Women-Owned Enterprise (MBE/WBE) Utilization Report: Each recipient shall submit to EPA a MBE/WBE Utilization report annually, even if no contracts have been signed. Each recipient is required to disclose whether they have contracted with a MBE/WBE in the past Federal fiscal year, the value of the contract, if any, and the percentage of the total project dollars on MBE/WBEs. 6) Each recipient shall comply with any reporting requirements in the terms and conditions of the "grant agreement".

Each recipient shall comply with any reporting and record keeping requirements in CFR 200 and EPA's implementing regulations at 2 CFR 1500. A Financial Status Report is due annually, within 90 days after the start of the TAG project. A Final Financial Status Report is due within 90 days after the end of the TAG funding period. The reports should include a status of the TAG funds and identify project transactions. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

1) Each recipient shall keep complete financial records accurately showing how the Federal funds were used and the match, whether it is in the form of cash or in-kind assistance. 2) Each recipient shall comply with any reporting and record keeping requirements of 2 CFR 200 and EPA's implementing regulations at 2 CFR 1500. 3) Each recipient must keep TAG financial records for ten years from the date of the final Financial Status Report, or until any audit, litigation, cost recovery, and/or disputes initiated before the end of the ten-year retention period are settled, whichever is longer. At the ten-year mark, the TAG financial records may be disposed of after first getting written approval to do so from the EPA. Alternately, a recipient may choose to submit financial records to the EPA for safekeeping when the final Financial Status Report is submitted. 4) Each recipient must send to EPA a copy of each final written product prepared by their technical advisor as part of the TAG. EPA will send the final written products to the local Superfund site information repository(ies) where all site-related documents are available to the public.

Account Identification:

Obligations:

(Project Grants) FY 16 \$305,000; FY 17 est \$300,000; and FY 18 est \$200,000 - (Includes initial awards and additional funds) In FY 2016, \$305,000 was awarded. It is estimated that \$300,000 will be awarded in FY 2017 and \$200,000 in FY 2018.

Range and Average of Financial Assistance:

Initial awards for assistance agreements awarded under this CFDA number will not exceed \$50,000. After the initial award, additional funding may be awarded based on the criteria detailed under 40 CFR 35.4065, and subject to the availability of funds. The average additional award is \$40,000 (per agreement). Since 1988, 343 TAGs have been awarded. Of these, 195 grantees were awarded \$50,000 or less; 92 grantees have received awards with a cumulative value between \$51,000 and \$150,000; 41 grantees have received awards with a cumulative value ranging between \$151,000 and \$250,000; and 15 grantees have received awards whose cumulative value totals of more than \$250,000. The cumulative award value includes the initial award and any supplemental funding awards over the life of the agreement.

TAFS Codes:

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: Since the program began on March 24, 1988, through September 30, 2016, 343 TAG awards have been issued by EPA, totaling almost \$30,800,000 (including new awards, additional funds, waivers and deviations). In most cases, EPA receives only one application for a site and in most cases an award is made. EPA did not receive any Letters of Intent (LOIs) from eligible community groups in FY 2016. Therefore, no new TAG awards were made in FY 2016. However, ten supplemental funding awards were made to existing grantees, totaling \$305,000. The grant includes an outreach component wherein the grantee helps to educate the broader community on issues related to the site cleanup. Under this grant, grantees have developed community newsletters, developed web sites, conducted community meetings to help other community members better understand technical information related to the site cleanup and to better respond to site-related technical documents during public comment periods. Technical comments provided to EPA under this grant assist EPA in meeting Superfund strategic targets of identifying and controlling unacceptable human exposures from site contamination; monitoring and controlling migration of contaminated ground water; and identifying a final remedy suitable for stated reuse (under Goal 3.2.2 of EPA's Strategic Plan). Fiscal Year 2017: Since the program began on March 24, 1988, through September 30, 2016, 343 TAG awards have been issued by EPA, totaling more than \$31,000,000 (including new awards, additional funds, waivers and deviations). In most cases, EPA receives only one application for a site and in most cases an award is made. EPA did not award any new TAGs in FY 2016. However, seven supplemental funding awards were made to existing grantees, totaling \$287,000. The grant includes an outreach component wherein the grantee helps to educate the broader community on issues related to the site cleanup. Under this grant, grantees have developed community newsletters, developed web sites, conducted community meetings to help other community members better understand technical information related to the site cleanup and to better respond to site-related technical documents during public comment periods. Technical comments provided to EPA under this grant assist EPA in meeting Superfund strategic targets of identifying and controlling unacceptable human exposures from site contamination; monitoring and controlling migration of contaminated ground water; and identifying a final remedy suitable for stated reuse (under Goal 3.2.2 of EPA's Strategic Plan). CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description are described in the programmatic regulations (40 CFR Part 35) as follow. In selecting a proposal: 1) EPA will determine if a group meets the following eligibility criteria: (a) The community group is a group of people who may be "affected" by a release or a threatened release at any facility listed on the NPL or proposed for listing under the NCP where a response action is underway; and (b) The group meets the minimum administrative and management capability requirements found in 2 CFR 200 by demonstrating they have or will have reliable procedures for record keeping and financial accountability related to managing the TAG. 2) EPA will also determine if there are factors which make the group ineligible. A group is ineligible if: (a) The group is a "potentially responsible party" (PRP), receives money or services from a PRP, or represents a PRP; (b) The group is "affiliated" with a national organization; (c) The group is an academic institution; (d) The group is a political subdivision; (e) The group was established or is presently sustained by any of the ineligible entities listed above; or (f) The group is not incorporated as a nonprofit organization for the specific purpose of representing affected people except as provided in 40 CFR 35.4045. 3) Once EPA determines if eligibility requirements have been met, the Agency considers whether and how successfully a group meets the following, equally weighted, criteria: (a) Representation of groups and individuals affected by the site; (b) The group's plans to use the services of a technical advisor throughout the Superfund response action; and (c) The group's ability and plan to inform others in the community of the information provided by the technical advisor. 4) Additionally, a group must incorporate as a nonprofit for the purpose of participating in decision making at the Superfund site for which the TAG was granted (for exception see 40 CFR 35.4045). Applicant groups should consult the Superfund TAG Handbooks, "Applying for a Grant" and "The Application Forms with Instructions," for detailed instructions on applying for a TAG.

**66.808 SOLID WASTE MANAGEMENT ASSISTANCE GRANTS
FEDERAL AGENCY:**

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Resource Conservation and Recovery Act of 1976, Public Law 94-580, 42 U.S.C 6901; Solid Waste Disposal Act, Section 8001.

OBJECTIVES:

To promote use of integrated solid waste management systems to solve solid waste generation and management problems at the local, regional and national levels.

Funding Priority - Fiscal Year 2015: Partnerships - Establishing and developing partnerships with states, local governments and other non profit organizations to assist them in advancing their waste management programs, including recycling and reduction of wastes, appropriate management of wastes that are generated, and developing integrated waste management plans. Education and Outreach - Developing and providing education, training, and outreach materials to educate and inform Americans about waste's impact on resource and energy use and pollution. Fostering a better understanding of the environmental ramifications of collective actions including how individual purchasing and manufacturing decisions are connected to the environment and to enable Americans to make better choices resulting in increased recycling, less waste and greater energy savings.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Available for the allowable direct cost expenditures incident to program performance plus allocable portions of allowable indirect costs of the institution, in accordance with established EPA policies. Projects can include the following types of activities: training, surveys, education materials and programs, studies, and demonstrations; assistance to such projects shall not include any element of construction, or any acquisition of land or interest in land, or any subsidy for the price of recovered resources. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009. Generally this program makes Federal awards on a discretionary basis. For further information, please contact the Headquarters or regional office.

Applicant Eligibility:

State (including the District of Columbia, Puerto Rico, Virgin Islands, Guam, American Samoa, and Northern Mariana Islands), local, Tribal, interstate, and intrastate government agencies and instrumentalities, and non-profit organizations that are not 501(c)(4) organizations that lobby, including non-profit educational institutions and non-profit hospitals. Individuals and for-profit organizations are not eligible. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy. Additionally, EPA may limit competition under this CFDA to Tribes and Inter-Tribal Consortia.

Beneficiary Eligibility:

State and local governments, U.S. territories and possessions, the public, and interstate agencies.

Credentials/Documentation:

This program is subject to the provisions of 2 CFR 200 Subpart E. Nonprofits need to provide proof of their status. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Discussion with EPA Headquarters or the appropriate EPA Regional Office is advisable. (See Appendix IV of the Catalog for list of Regional Contacts). This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Regarding pre-application/pre-proposal assistance with respect to competitive funding

opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. 66.809 SUPERFUND STATE AND INDIAN TRIBE CORE PROGRAM COOPERATIVE AGREEMENTS

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), Section 104(d), 42 U.S.C 9604(d).

OBJECTIVES:

To effectively implement the statutory requirements of CERCLA Section 121(f) for State involvement. To provide funds to conduct CERCLA activities which are not assignable to specific sites, but support a recipient's site-specific response program.

Funding Priority - Fiscal Year 2015: No content available

Funding Priority - Fiscal Year 2016: No content available

Funding Priority - Fiscal Year 2017: To support states and tribes to effectively meet the statutory requirements of CERCLA Section 121(f) for meaningful and substantial involvement in the Superfund remedial program.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Core Program Cooperative Agreements are offered to ensure that each State, or Federally Recognized Indian Tribe or intertribal consortia can substantially participate in CERCLA response actions. Recipients negotiate with EPA Regions to receive funding for a variety of activities that include: (1) Procedures for emergency response actions and remediation of environmental and health risks; (2) provisions for satisfying all requirements and assurances; (3) development of legal authorities and enforcement support; (4) hiring and training staff; and (5) activities that support EPA/Recipient interaction. Recipients with Regional approval may receive awards for multi year budget and project periods at the Region's discretion. Funding for the entire project may be made as a lump sum or incrementally over time. Recipients must demonstrate progress towards the goals stated in the Core Program Cooperative Agreement in order to be eligible for continued funding. Only one Core Program Cooperative Agreement will be awarded to each eligible State or Tribe or intertribal consortia through the Single Point of Contact. Funds must be used for non-site-specific activities as described above.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

States (and political subdivisions thereof), Commonwealths, U.S. Territories and Possessions, and Federally Recognized Indian Tribal Governments, including intertribal consortia.

Beneficiary Eligibility:

States (and political subdivisions thereof), Commonwealths, U.S. Territories and Possessions, and Federally Recognized Indian Tribal Governments, including intertribal consortia.

Credentials/Documentation:

Costs will be determined in accordance 40 CFR Part 35 Subpart O and 2 CFR 200 Subpart E. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

The standard application forms as furnished by the Federal agency and required by 2 CFR 200 and 1500 must be used for this program. Consultation and pre-application conference are recommended. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State

requires to be followed in applying for assistance, if the State has selected the program for review. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

EPA regional Superfund program offices review the applications for cooperative agreements. Final approval of application and supporting documentation and offer of award is made by the EPA Regional Administrator unless re-delegated to the Regional Division Director.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately ninety (90) days.

Appeals:

Disputes will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

Applications for additional funding need to include only the revised pages from EPA Form 424.

Formula and Matching Requirements:

This program has no statutory formula. Matching Requirements: Percent: 10%. As required by 40 CFR Part 35 Subpart O, State recipients of Core Program Cooperative Agreements must provide a 10 percent cost share of the total project cost on all awards. This match may be made from either direct, non-federal funds, non-reimbursed fund, or with in kind contributions. CERCLA credits earned at other Superfund sites cannot be used to meet the 10 percent match. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Assistance is awarded as a lump sum, or may be incrementally funded. Recipients with Regional approval may receive cooperative agreement awards for multi year budget and project periods at the Region's discretion. Continued funding of tasks in subsequent years is based on an evaluation of demonstrated progress towards the goals in the Core Program Cooperative Agreement Statement of Work. See the following for information on how assistance is awarded/released: In order to receive payment by the letter of credit method, the recipient must comply with the requirements regarding letter of credit described in Part of 2CFR 200. The recipient must identify and charge costs to specific sites, activities, and operable units, as applicable, for drawdown purposes as specified in the Cooperative Agreement. If the recipient is unable to meet letter of credit requirements, EPA will pay the recipient by reimbursement. The recipient must comply with the requirements regarding reimbursement described in 2 CFR Part 200.

Reports:

No program reports are required. No cash reports are required. The recipients must submit progress reports no more frequently than quarterly, but at a minimum annually. The recipients must submit financial status reports annually, and a final report. Financial status reports are required. Performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are

subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 2 CFR 200 and 1500 and Part 35, Subpart O are applicable. Recipients must keep financial records, including all documents supporting entries on accounting records and to substantiate changes in grants, available to personnel authorized to examine EPA recipients grants and cooperative agreements records. The recipient must maintain all records for 10 years following submission of the final Financial Status Report unless otherwise directed by the EPA award official, and must obtain written approval from the EPA award official before destroying any records. If any litigation, claim, negotiation, audit, cost recovery, or other action involving the records has been started before the expiration of the ten year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular ten-year period, whichever is later.

Account Identification:

66.812 HAZARDOUS WASTE MANAGEMENT GRANT PROGRAM FOR TRIBES

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Department of Veterans Affairs and Housing and Urban Development and Independent Agencies Appropriation Act, Public Law 105-276, 112 Stat. 2461&2499.

OBJECTIVES:

The Hazardous Waste Management Grant Program for Tribes provides assistance for the development and implementation of hazardous waste management programs; for building capacity to improve and maintain regulatory compliance; and for developing solutions to address hazardous waste management issues in Indian country.

Funding Priority - Fiscal Year 2015: Develop and implement hazardous waste management programs that improve the applicant's ability to properly identify, manage, or dispose of hazardous waste. Build capacity to improve and maintain regulatory compliance and develop solutions to address hazardous waste mismanagement impacting Tribal lands. Development and institutionalization of hazardous waste program capacity for Tribal governments and the communities they serve.

Funding Priority - Fiscal Year 2016: Develop and implement hazardous waste management programs that improve the applicant's ability to properly identify, manage, or dispose of hazardous waste. Build capacity to improve and maintain regulatory compliance and develop solutions to address hazardous waste mismanagement impacting Tribal lands. Development and institutionalization of hazardous waste program capacity for Tribal governments and the communities they serve.

Funding Priority - Fiscal Year 2017: Develop and implement hazardous waste management programs that improve the applicant's ability to properly identify, manage, or dispose of hazardous waste. Build capacity to improve and maintain regulatory compliance and develop solutions to address hazardous waste mismanagement impacting Tribal lands. Development and institutionalization of hazardous waste program capacity for Tribal governments and the communities they serve.

Funding Priority - Fiscal Year 2018: Develop and implement hazardous waste management programs that improve the applicant's ability to properly identify, manage, or dispose of hazardous waste. Build capacity to improve and maintain regulatory compliance and develop solutions to address hazardous waste mismanagement impacting Tribal lands. Development and institutionalization of hazardous waste program capacity for Tribal governments and the communities they serve.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

This grant program will support projects designed to develop and implement hazardous waste management programs. These programs must improve the applicant's ability to properly identify, manage, or dispose of hazardous waste. All hazardous waste management activities that address the Resource Conservation and Recovery Act (RCRA) Subtitle C "cradle to grave" approach are eligible. Each of the following hazardous waste management program activities are considered central to a "cradle to grave" program: Hazardous Waste Identification; Hazardous Waste Generator Siting, Monitoring, & Compliance (Large Quantity, Small Quantity, and Conditionally Exempt Small Quantity Generators); Hazardous Waste Minimization, Recycling, Used Oil, and Universal Wastes; Hazardous Waste Transportation; Treatment, Storage,

and Disposal Facility Siting, Permitting, Monitoring, Corrective Action, & Enforcement; Land Disposal Restrictions; Combustion. Assistance will be provided under this program only for activities which EPA determines are appropriate to carry out the purposes of RCRA. Assistance under this program does not include any element of municipal solid waste management, chemical emergency planning and preparedness or superfund program cleanup.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009. Generally this program makes Federal awards on a discretionary basis. For further information, please contact the Headquarters or regional office.

Applicant Eligibility:

The following are eligible to receive financial assistance: (a) an Indian tribal government, and (b) an intertribal consortium or consortia. An Indian tribal government is any tribe, band, nation, or other organized group or community, including any Alaska Native village or regional or village corporation (as defined in or established pursuant to the Alaska Native Claims Settlement Act, 43 U.S.C. 1601, et seq.), which is recognized by the U.S. Department of the Interior as eligible for the special services provided by the United States to Indians because of their status as Indians. A consortium is a partnership between two or more Indian tribal governments authorized by the governing bodies of those tribes to apply for and receive assistance under this program. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

Federally Recognized Indian Tribal Governments.

Credentials/Documentation:

This program is subject to the provisions of 2 CFR 200. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Potential applicants should consult the designated Regional Tribal hazardous waste program coordinator. It is strongly suggested that potential applicants consult with the designated Regional point of contact. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The annual competitive announcement outlines specific procedures for submitting proposals. Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in

accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 30 to 60 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

Typically expenditure reports are not required. However, grantees are required to submit financial reports in accordance with Agency policy and the Financial Reporting and Financial Management Systems requirements stated in Federal Grant Regulations 2 CFR 200 and 1500. Grantees are required to perform performance monitoring in accordance with Agency policy and requirements stated in 2 CFR 200 and 1500.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Records and accounts must be maintained to reflect the operations of the project. Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is

completely resolved.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2016: na. Fiscal Year 2017: In FY 2017, the following activities are suggestive and do not limit the range of activities considered eligible under this grant program. These activities are eligible when they are performed in support of developing and implementing a tribal program to manage hazardous waste: Develop and implement codes, regulations, and ordinances, policies, and/or guidance to regulate hazardous waste management activities and facilities, such as generators, transporters, and treatment, storage and disposal facilities. Develop and implement hazardous waste program enforcement policies and procedures to ensure regulatory compliance, including monitoring and inspection schemes. Develop legal and administrative infrastructure adequate to implement and maintain regulatory and/or non-regulatory hazardous waste management programs. Includes support for Tribal Emergency Response Committees (TERC). Identify and assess hazardous waste generation and ongoing management of concern to the community, including: inventory active and inactive dump/disposal sites and assess contamination potential; characterize hazardous waste stream, including illegal dump-sites; and identify sensitive sites with potential or actual impacts on water bodies, soil, air, cultural/historic resources, threatened or endangered species, etc. Develop and implement tribal integrated hazardous waste management plans (including, but not limited to, source reduction/recycling, household hazardous waste collection programs, pesticide container collection). Implement used oil collection/re-use and other programs to reduce the mismanagement of hazardous waste in the community. Implement household hazardous waste collection events or programs that provide sustainable or long-term solutions for disposal of household hazardous waste for the community. Develop outreach/education documents and other resource materials to plan and conduct hazardous waste management seminars for tribal leaders, community members, business and civic organizations, etc. Establish qualifications for environmental management personnel relative to the tribes needs and plan for program implementation. Establish a communications plan for hazardous waste management program activities. Identify multi-jurisdictional opportunities for hazardous waste management, including feasibility for intergovernmental (Tribal, Federal, State, local) cooperative efforts. Fiscal Year 2018: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.813 ALTERNATIVE OR INNOVATIVE TREATMENT TECHNOLOGY RESEARCH, DEMONSTRATION, TRAINING, AND HAZARDOUS SUBSTANCE RESEARCH GRANTS

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), Section 311(b)&(c), Public Law 95-510, 42 U.S.C 9660; Comprehensive Environmental Response, Compensation, and Liability Act

(CERCLA), Section 311(b)&(c), Public Law 99-499, 42 U.S.C 9660.

OBJECTIVES:

To support grants and cooperative agreements for (1) a program of research, evaluation, testing, development, and demonstration of alternative or innovative treatment technologies which may be utilized in response actions to achieve more permanent protection of human health and welfare and the environment; (2) a technology transfer program including the development, collection, evaluation, coordination, and dissemination of information relating to the utilization of alternative or innovative treatment technologies for response actions; (3) a program of training and evaluation of training needs in the procedures for the handling and removal of hazardous substances for employees who handle hazardous substances and training in the management of facilities at which hazardous substances are located and in the evaluation of the hazards to human health presented by such facilities for State and local health and environmental agency personnel, and (4) a program of research with respect to the detection, assessment, and evaluation of the effects on and risks to human health of hazardous substances and detection of hazardous substances in the environment.

"Alternative Treatment" refers to (new) technologies and techniques for treating solid waste/sites that differ from the technologies techniques being used currently.

Funding Priority - Fiscal Year 2015: No content available.

Funding Priority - Fiscal Year 2016: The Association of State and Territorial Solid Waste Management Officials (ASTSWMO) held a CERCLA and Brownfield Research Center Subcommittee Symposium in August 2016, as well as Annual and Mid-Year meetings (October 2015 and April 2016). Focus group research covered issues related to EPA and state implementation of the federal Superfund program including site assessment, remedial action, post-construction management and contaminated sediments. FY17: On-going research from FY16 will be completed and shared at the ASTSWMO Annual Meeting (October 2016) and Mid-Year meeting (April 2017).

Funding Priority - Fiscal Year 2017: The Association of State and Territorial Solid Waste Management Officials' Focus Group research covered issues related to EPA and state implementation of the federal Superfund program including site assessment, remedial action, post-construction management and contaminated sediments. ASTSWMO presented research at its Annual and Mid-Year meetings (October 2016 and April 2017). EPA issued a Request for Proposals on December 9, 2016, entitled CERCLA Research Cooperative Agreement for competitive proposals to provide support for state participation in developing tools, procedures and guidance to promote efficient cleanup work by states under the Superfund program. EPA received one proposal in response to the announcement; the selection is under review by EPA.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grants and cooperative agreements are available to support recipients' eligible and allowable direct costs incurred under an approved work plan plus allowable indirect costs, in accordance with established EPA policies and regulations. Funds awarded under Section 311(b)(3) of CERCLA must be used for projects relating to innovative or alternative treatment technologies that may be utilized in response actions to achieve more permanent protection of human health and welfare and the environment. Types of discrete projects may include: land use controls research; health effects in construction workers; studies of above ground storage tank inspection practices; remediation technologies and strategies; and support for State forums to share information on research on hazardous substances waste remediation. Funding awarded for research under CERCLA 311(c) does not include research within the purview of EPA's Office of Research and Development. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <https://www.epa.gov/geospatial>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009. Generally this program makes Federal awards on a discretionary basis. For further information, please contact the Headquarters or regional office.

Applicant Eligibility:

Assistance under this program is generally available to States, territories, Indian Tribes, and possessions of the U.S., including the District of Columbia, public and private universities and colleges, hospitals, laboratories, other public or private nonprofit institutions, and individuals. In some instances, EPA will consider applications from profit makers, proposing projects with significant technical merit and relevance to EPA's Office of Solid Waste and Emergency Response. Nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

State and local governments, U.S. territories and possessions, Indian Tribes, universities and colleges, hospitals, laboratories, industry, and other public and private institutions and individuals.

Credentials/Documentation:

EPA may request that applicants document their nonprofit status. The Agency may also request that applicants demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. EPA may ask applicants or principle investigators to provide curriculum vitae and relevant publications. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Applicants considering submitting proposals are advised to discuss proposed projects with or submit pre-applications to staff in the appropriate EPA technical program offices. When making competitive awards, EPA will specify the nature of the pre-application assistance, if any, that will be available to applicants in the Requests for Initial Proposals or Requests for Applications. For information contacts, see Appendix IV of the Catalog. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The standard application forms as furnished by the Federal agency and required by 2 CFR 200 and must be used for this program. EPA requires final applications to be made on Standard Form 424. Requests for Initial Proposals or Requests for Applications will specify application procedures. Applicants, except in limited circumstances approved by the Agency, must submit all applications for funding through <http://www.grants.gov>.

Award Procedure:

For non-competitive awards, EPA will conduct an administrative evaluation to determine the adequacy of the application in relation to grant regulations and a technical and program evaluation to determine the merit and relevance of the project. The Agency will then advise the applicant if funding is being considered. A final work plan will then be negotiated with the applicant. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

For non-competitive awards: Disputes will be resolved under 2 CFR 1500 Subpart E, as applicable. For competitive awards: Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

None. EPA may incrementally fund grants and cooperative agreements under this program. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to EPA's priorities, and availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: EPA supports two types of projects under this Section:

1. Alternative or innovative treatment demonstration projects [311(b)(3)].

When making awards under Section 311(b)(3), "Alternative or innovative treatment technology research and demonstration program, Contracts and grants," the Administrator shall, to the maximum extent possible, enter into appropriate cost sharing arrangements. EPA may waive the 311(b)(3) cost sharing requirement in appropriate cases if a justification is provided and accepted.

This program has no statutory cost sharing formula, however, there are funding restrictions. For example, the Administrator shall not provide any Federal assistance for any part of a full-scale field demonstration project unless the applicant can demonstrate that it cannot obtain appropriate private financing on reasonable terms and conditions sufficient to carry out the demonstration project. The total Federal funds for any full-scale field demonstration project shall not exceed 50 percent of the total cost of such project estimated at the time of the award. Furthermore, the Administrator shall not expend more than \$10,000,000 for assistance under the program in any fiscal year and shall not expend more than \$3,000,000 for any single project.

2. Hazardous substance research [311(c)].

Assistance awarded under Section 311(c), "Hazardous substance research" has no cost sharing requirements or funding restrictions. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA generally funds grants and cooperative agreements in a lump sum on a

12-month basis. However, EPA can negotiate the project period with each applicant based on project requirements. Incremental funding may be available. EPA generally limits project periods to 5 years. The Office of Congressional Liaison is notified of the award. They in turn notify the appropriate House and Senate members that the assistance agreement has been awarded. This notification period lasts 5 days. After the 5 Day Congressional notification period, the original award document will be sent to the recipient. A copy of the award document will be sent to the Project Officer and the Las Vegas Financial Management Center or the Regions Financial Management Office. Method of awarding/releasing assistance: lump sum.

Reports:

Reporting requirements are identified at 2 CFR 200 and 1500 as applicable. EPA may include additional information regarding the content and frequency of reporting requirements in the terms and conditions of the agreements. Grantees are required to submit program reports in accordance with Agency policy and the Monitoring and Reporting Program Performance requirements. Grantees are required to submit financial reports in accordance with Agency policy and the Financial Reporting and Financial Management Systems requirements stated in Federal Grant Regulations 40 CFR Part 31 and OMB Circular No.A-102. Grantees are required to submit progress reports in accordance with Agency policy and the Monitoring and Reporting Program Performance requirements stated in Federal Grant Regulations 2 CFR 200 and 1500. Grantees are required to submit financial reports in accordance with Agency policy and the Financial Reporting and Financial Management Systems requirements stated in Federal Grant Regulations 2 CFR 200 and 1500. Grantees are required to perform performance monitoring in accordance with Agency policy and requirements stated in Federal Grant Regulations 2 CFR 200 and 1500.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-federal entities that expend \$750,000 or more in a year in Federal awards shall have a single or a program specific audit conducted for that year. Non-federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records must be retained until the matter is completely resolved.

CRITERIA FOR SELECTING PROPOSALS:

Competitive applications and proposals will be selected in accordance with announced criteria. Non-competitive proposals are judged for (a) technical merit in terms of: (1) strengths and weaknesses of the project; (2) adequacy of overall project design; (3) competency of proposed staff; (4) suitability of applicant's available resources; (5) appropriateness of the proposed project period and budget; and (6) probability that the project will accomplish stated objectives; and, for (b) program interest in terms of: (1) the need for the proposed project; and (2) relationship to program objectives. The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.814 BROWNFIELDS TRAINING, RESEARCH, AND TECHNICAL ASSISTANCE GRANTS AND COOPERATIVE AGREEMENTS

Brownfields 104(k)(6) Grants

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Comprehensive Environmental Response, Compensation, and Liability Act, Section 101(39)&104k(6), 42 U.S.C 9604(k)(6).

OBJECTIVES:

CERCLA 104(k)(6) provides EPA with authority for a program of training, research, and technical assistance to individuals and organizations to facilitate the inventory of brownfields properties, assessments, cleanup of brownfields properties, community involvement, or site preparation. Brownfield sites are real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant.

Funding Priority - Fiscal Year 2015: Using a competitive grants process, EPA intends to select proposals and award cooperative agreements for training, research, and technical assistance related to brownfields. EPA also intends to incrementally fund projects with satisfactory project progress selected in previous 104(k)(6) training, research, and technical assistance competitions.

The Agency gives preference to the ten statutory ranking criteria, as applicable, found at CERCLA 104(k)(5)(C) (see [180] CRITERIA FOR SELECTING PROPOSALS, below) when evaluating applications for research, training and technical assistance funding. In addition to the statutory criteria, EPA also evaluates applicants based on their ability to manage grants and other policy-based factors intended to promote effective stewardship of federal funds. Up to 25% of the funding for CERCLA 104(k) may be used for characterization, assessment, and remediation of brownfields sites contaminated by petroleum or petroleum products. No more than 15% of the funding appropriated for CERCLA 104(k) grants may be used to fund training, research, and technical assistance grants authorized by CERCLA 104(k)(6). For certain competitive funding opportunities, the Agency may limit eligibility to a particular subset of eligible applicants. The amount of financial assistance will vary.

EPA expects to select and award cooperative agreement awards for the Brownfields Area-Wide Planning (BF AWP) program. Under this funding opportunity, EPA anticipates awarding approximately 20 cooperative agreements to facilitate community involvement and conduct the necessary research, training and technical assistance activities that will help the cooperative agreement recipients develop area-wide plans and implementation strategies to facilitate brownfields assessment, cleanup and subsequent reuse. The total funding amount for the BF AWP program is anticipated to be approximately \$4 million, or up to \$200,000 per grant award.

Based on their satisfactory progress, EPA intends to incrementally fund cooperative agreements that the Agency had awarded in previous years under CFDA 66.814. In FY15, the total incremental funding to cooperative agreements awarded in previous years under CFDA 66.814 is expected to be approximately \$1 million.

Funding Priority - Fiscal Year 2016: Using a competitive grants process, EPA intends to select proposals and award cooperative agreements for training, research, and technical assistance related to brownfields. EPA also intends to incrementally fund projects with satisfactory project progress selected in previous 104(k)(6) training, research, and technical assistance competitions. The Agency gives preference to the ten statutory ranking criteria, as applicable, found at CERCLA 104(k)(5)(C) (see [180] CRITERIA FOR SELECTING PROPOSALS, below) when evaluating applications for research, training and technical assistance funding. In addition to the statutory criteria, EPA also evaluates applicants based on their ability to manage grants and other policy-based factors intended to promote effective stewardship of federal funds. Up to 25% of the funding for CERCLA 104(k) may be used for characterization, assessment, and remediation of brownfields sites contaminated by petroleum or petroleum products. No more than 15% of the funding appropriated for CERCLA 104(k) grants may be used to fund training, research, and technical assistance grants authorized by CERCLA 104(k)(6). For certain competitive funding opportunities, the Agency may limit eligibility to a particular subset of eligible applicants. The amount of financial assistance will vary. In FY16, EPA anticipates the following competitive funding opportunities: - solicit proposals and select cooperative agreement recipients for the Technical Assistance to Brownfields Communities (TAB) Program. Under this funding opportunity, cooperative agreement recipients provide technical assistance related to a variety of brownfield issues to communities within their regional service area. Total funding for this program is estimated to be approximately \$11 million. Each award will be incrementally funded over the project period (up to five years for each cooperative agreement). - solicit cooperative agreement proposals for the Brownfields Area-Wide Planning (BF AWP) program. The funds will help each grant recipient conduct community involvement and other research and technical assistance activities needed to develop area-wide plans and implementation strategies, which are used to facilitate brownfields assessment, cleanup and subsequent reuse. The total funding amount for the BF AWP program is anticipated to be approximately \$5 million. While the funding opportunity will be solicited in FY16, cooperative agreements will be awarded with FY17 funds; consequently, this funding opportunity is titled the "FY17 Brownfields Area-Wide Planning Grant." -

solicit cooperative agreement proposals for a tribal-focused technical assistance cooperative agreement. Under this funding opportunity, the recipient(s) will provide direct technical assistance to tribes to help them address local brownfield issues. Total funding is estimated to be up to \$2 million, funded incrementally over a project period up to five years. Based on their satisfactory progress, in FY16 EPA also intends to incrementally fund cooperative agreements that the Agency already awarded in previous years under CFDA 66.814. The total incremental funding to cooperative agreements awarded in previous years under CFDA 66.814 is expected to be approximately \$1.2 million.

Funding Priority - Fiscal Year 2017: Using a competitive grants process, EPA intends to select proposals and award cooperative agreements for training, research, and technical assistance related to brownfields. EPA also intends to incrementally fund projects with satisfactory project progress selected in previous 104(k)(6) training, research, and technical assistance competitions. The Agency gives preference to the ten statutory ranking criteria, as applicable, found at CERCLA 104(k)(5)(C) (see [180] CRITERIA FOR SELECTING PROPOSALS, below) when evaluating applications for research, training and technical assistance funding. In addition to the statutory criteria, EPA also evaluates applicants based on their ability to manage grants and other policy-based factors intended to promote effective stewardship of federal funds. By statute, 25% of the funding for CERCLA 104(k) must be used for characterization, assessment, and remediation of brownfields sites contaminated by petroleum or petroleum products. No more than 15% of the funding appropriated for CERCLA 104(k) grants may be used to fund training, research, and technical assistance grants authorized by CERCLA 104(k)(6). For certain competitive funding opportunities, the Agency may limit eligibility to a particular subset of eligible applicants. The amount of financial assistance will vary. In FY17, EPA anticipates the following competitive funding opportunities: - select recipients for the Brownfields Area-Wide Planning (BF AWP) Grant Program. Approximately 20 cooperative agreements will be selected from the proposals that were solicited by EPA in FY16. These funds will enable recipients to facilitate community involvement and conduct the necessary research and technical assistance activities that will help them develop area-wide plans and implementation strategies to facilitate brownfields assessment, cleanup and subsequent reuse. The total funding amount for the BF AWP program is anticipated to be up to \$4 million. Awards up to \$200,000 per grant expected. - solicit cooperative agreement proposals and select one or more recipient(s) for a tribal-focused technical assistance cooperative agreement. The recipient(s) will provide direct technical assistance to tribes to help them address local brownfield issues. Total funding is estimated to be up to \$2 million, funded incrementally over a project period up to five years. - solicit cooperative agreement proposals and select one or more recipient(s) for a FY17 State Support Grant program. Total funding for this program is anticipated to be approximately \$1 million, incrementally funded over a project period up to five years. - solicit cooperative agreement proposals and select one or more recipient(s) for a brownfields conference support community education grant. Total funding for this program is anticipated to be approximately \$1 million, incrementally funded over a project period up to five years. Based on their satisfactory progress, EPA intends to incrementally fund cooperative agreements that the Agency already awarded in previous years. The total incremental funding to cooperative agreements awarded in previous years under CFDA 66.814 is expected to be approximately \$4.7 million.

Funding Priority - Fiscal Year 2018: Using a competitive grants process, EPA intends to select proposals and award cooperative agreements for training, research, and technical assistance related to brownfields. EPA also intends to incrementally fund projects with satisfactory project progress selected in previous 104(k)(6) training, research, and technical assistance competitions. The Agency gives preference to the ten statutory ranking criteria, as applicable, found at CERCLA 104(k)(5)(C) (see [180] CRITERIA FOR SELECTING PROPOSALS, below) when evaluating applications for research, training and technical assistance funding. In addition to the statutory criteria, EPA also evaluates applicants based on their ability to manage grants and other policy-based factors intended to promote effective stewardship of federal funds. By statute, 25% of the funding for CERCLA 104(k) must be used for characterization, assessment, and remediation of brownfields sites contaminated by petroleum or petroleum products. No more than 15% of the funding

appropriated for CERCLA 104(k) grants may be used to fund training, research, and technical assistance grants authorized by CERCLA 104(k)(6). For certain competitive funding opportunities, the Agency may limit eligibility to a particular subset of eligible applicants. The amount of financial assistance will vary. In FY17, EPA anticipates the following competitive funding opportunities: - solicit cooperative agreement proposals and select recipients for a multipurpose cooperative agreement to provide site assessment and technical assistance. This funding will help states create a team that provides technical assistance to small, rural and distressed communities address local brownfield issues. The total funding amount for the technical assistance portion is anticipated to be approximately \$2 million over a three year project period. Based on their satisfactory progress, EPA intends to incrementally fund cooperative agreements that the Agency had awarded in previous years under CFDA 66.814. In FY15, the total incremental funding to cooperative agreements awarded in previous years under CFDA 66.814 is expected to be over \$2.5 million.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds awarded under Section 104(k)(6) of CERCLA must be used for training, research, and technical assistance to individuals and organizations, to facilitate the inventory of brownfields properties, site assessments, cleanup of brownfields properties, community involvement, or site preparation. Grants and cooperative agreements are available to support recipients' eligible and allowable direct costs incurred under an approved work plan plus allowable programmatic costs, in accordance with established EPA policies and regulations. Costs incurred under CERCLA 104(k)(6) grants or cooperative agreements may not be used for an administrative cost, penalty or fine, a Federal cost-share requirement, a response cost for which the recipient of the grant or cooperative agreement is potentially liable under CERCLA 107, or the cost of complying with a Federal law, with the exception of the costs of laws applicable to cleanup of Brownfields sites. Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009. Generally this program makes Federal awards on a discretionary basis. For further information, please contact the Headquarters or regional office.

Applicant Eligibility:

CERCLA 104(k)(6) cites eligible entities as: a general purpose unit of local government; a land clearance authority or other quasi-governmental entity that operates under the supervision and control of, or as an agent of, a general purpose unit of local government; a government entity created by a State legislature; a regional council or group of general purpose units of local government; a redevelopment agency that is chartered or otherwise sanctioned by a State; a State (note CERCLA 107(27) defines term "State" to include territories or possessions over which the United States has jurisdiction); an Indian Tribe other than in Alaska; an Alaska Native Regional Corporation, Alaska Native Village Corporation and the Metlakatla Indian Community. Nonprofit organizations are also eligible for training, research, and technical assistance grants. Nonprofit organizations must meet the definition of that term in Section 4(6) of the Federal Financial Assistance Management Improvement Act of 1999, Public Law 96-107, 31 U.S.C. 6101 Note: Under this definition, colleges, universities, and community colleges are eligible to apply. However, nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply. For profit organizations are not eligible to apply. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

Cooperative agreement-funded activities will benefit the community members and local stakeholders who are proximate to brownfield sites (whether in an

urban, suburban or rural setting) including local governments, non-profit organizations, quasi public nonprofits, residents, local business owners, community groups, universities and colleges, industry, other public and private institutions, individuals, states and tribes.

Credentials/Documentation:

EPA may request that applicants document their non-profit status. The Agency may also request that applicants demonstrate they have appropriate background, academic training, and experience in the field to carry out projects. EPA may ask applicants for research projects to provide curriculum vitae and relevant publications. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. See Appendix 1 for additional information regarding SPOCs. If there is no single point of contact for the state, or the state has not selected this program for review, applicants must contact directly affected state area-wide regional and local entities prior to award. (See 40 CFR 29.7(b)). Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The standard application forms as furnished by the Federal agency and required by 2 CFR 200 and 1500 must be used for this program. EPA requires final applications to be made on Standard Form 424. Requests for application kits must be submitted to the Environmental Protection Agency, Grants and Interagency Agreements Management Division, 3903R, Washington, DC 20460 or through the appropriate EPA Regional Office listed in Appendix IV of the Catalog. This is a competitive grant program. Requests for Initial Proposals or Requests for Applications will specify application procedures. Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>.

Award Procedure:

EPA is required by statute to conduct this assistance program competitively. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

EPA may incrementally fund grants and cooperative agreements under this program. Approval of subsequent funding increments is dependent on

satisfactory project progress, continued relevance of the project to EPA's priorities, and availability of funds. Incremental funding is subject to review and approval by the Office of Brownfields and Land Revitalization, Office of Land and Emergency Management. The funded grants and cooperative agreements are not eligible for renewal. The funded grants and cooperative agreements are not eligible for renewal.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: For training, research and technical assistance grants, EPA will not require that applicants include a match or cost share unless required by the terms of a competitive announcement. Even if EPA decides not to require matching funds, a statutory factor in ranking applications under Section 104(k)(6) is the extent to which EPA financial assistance will stimulate the availability of other funds for environmental assessment or remediation, and subsequent reuse of Brownfields sites. Applicants may be encouraged to provide information regarding resources (cash/in-kind services) that they, or a project partner, would commit to efforts receiving EPA financial assistance. This program has no statutory formula.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA generally funds grants and cooperative agreements incrementally on a 12 month basis. However, EPA may fully fund any cooperative agreement at the time of award. EPA will negotiate the project period with each applicant based on project requirements. The project period can range anywhere from two to five years. The anticipated period of performance for the Technical Assistance to Brownfields (TAB) cooperative agreements is five years. The anticipated period of performance for the Brownfields Area-Wide Planning (BF AWP) cooperative agreements is two years. The anticipated period of performance for other technical assistance, research or training grants is usually up to five years, but may be fewer than five years depending on the specific terms of the cooperative agreement. See the following for information on how assistance is awarded/released: EPA generally funds the research, training, and technical assistance grants and cooperative agreements incrementally on a 12-month basis. However, EPA can negotiate the assistance award with each applicant based on project requirements. For example, usually EPA fully funds the two-year Brownfields Area-Wide Planning grants at initial award.

Reports:

No program reports are required. No cash reports are required. Reporting requirements are identified at 2 CFR 200 and 1500. EPA may include additional information regarding the content and frequency of reporting requirements in the terms and conditions of the agreements. Quarterly progress reports are generally required as part of the terms and conditions of the grants and cooperative agreements. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-federal entities that expend \$750,000 or more in a year in Federal awards shall have a single or a program specific audit conducted for that year. Non-federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result

of audit, related records must be retained until the matter is completely resolved.

Obligations:

(Cooperative Agreements) FY 16 \$4,400,000; FY 17 est \$8,500,000; and FY 18 est \$5,000,000 - For FY 2016, the program obligated approximately \$4.4 million in new and incremental funding to cooperative agreements awarded under this CFDA. For FY 2017, EPA expects to award up to \$8.5 million in new and incremental funding for cooperative agreements awarded under this CFDA. This includes approximately \$3.8 million for new awards made under the FY 2017 Brownfields Area-Wide Planning (BF AWP) Grant Program, approximately \$2.9 million for new awards made under the the FY 2017 Technical Assistance to Brownfields (TAB) Program and approximately \$1.8 million in incremental funding for other Research, Training and Technical Assistance (k6) grants awarded in previous years. At this time the total funding estimated for FY 2018 is approximately \$5 million. This amount is based on the following anticipated funding opportunities: -Based on their satisfactory progress, EPA intends to incrementally fund cooperative agreements that the Agency already awarded in previous years under CFDA 66.814 with approximately \$3.5 million of those funds (\$2 million of these funds expected for incremental funding to TAB grantees; approximately \$600,000 for incremental funding to other research, training and technical assistance grantees) -EPA expects the remaining funds to support initial funding of a multi purpose grant anticipated to be approximately \$2 million over a three year project period.

For FY 2016, EPA expects to award approximately \$3.5 million in new and incremental funding for cooperative agreements awarded under this CFDA. This includes approximately \$2.2 million for new awards made under the the FY 2016 Technical Assistance to Brownfields (TAB) Program and approximately \$1.3 million in incremental funding for other Research, Training and Technical Assistance (k6) grants awarded in previous years.

At this time the total funding estimated for FY 2017 is approximately \$10.8 million. This amount is based on the following anticipated funding opportunities:

-Based on their satisfactory progress, EPA intends to incrementally fund cooperative agreements that the Agency already awarded in previous years under CFDA 66.814 with approximately \$3.2 million of those funds (\$2.2 million of these funds expected for incremental funding to TAB grantees; approximately \$1 million for incremental funding to other research, training and technical assistance grantees)

-Up to \$5 million is anticipated for a FY17 Brownfields Area-Wide Planning grant program.

-Approximately \$2 million is anticipated for a FY17 multipurpose grant technical assistance program.

-EPA expects the remaining funds to support initial funding of new state support grant recipient(s) (approximately \$200,000) and new tribal technical assistance grant recipient(s) (approximately \$400,000).

Range and Average of Financial Assistance:

Historically, the Brownfields Training, Research, and Technical Assistance cooperative agreements have ranged anywhere from \$200,000 to \$2,000,000 over the entire cooperative agreement, depending on the specific focus area of solicitation and the project period of the award (typical project period is between 2-5 years)

New awards made under the Brownfields Area-Wide Planning grant are up to \$200,000. New awards made to the TAB recipients are up to \$1 million, funded incrementally at approximately \$200,000 per year. New awards made for other research, training and technical assistance grants usually range between \$200,000 and \$1 million and usually incrementally funded over the project period if the award is above \$200,000.

TAFS Codes:

68-0103.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: In FY16, EPA awarded cooperative agreements and incrementally funded entities that will serve as regional TAB providers (one TAB provider designated for each region plus one national TAB), for a total of \$3.6 million. EPA also funded five cooperative agreements made in previous years to continue specific technical assistance support to brownfields communities on a range of topics. Total incremental funding support was anticipated at approximately \$775,000. Fiscal Year 2017: For FY 2017, EPA expects to award up to \$9.1 million in new and incremental funding for cooperative agreements awarded under this CFDA. This includes approximately \$3.8 million for new awards made under the FY 2017 Brownfields Area-Wide Planning (BF AWP) Grant Program, approximately \$2.9 million for incremental funding made under the the FY 2017 Technical Assistance to Brownfields (TAB) Program and approximately \$2.4 million in incremental funding for other Research, Training and Technical Assistance (k6) grants awarded in previous years. Fiscal Year 2018: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

Brownfields training, research, and technical assistance grants are subject to EPA's General Grant Regulations 2CFR 200 and 1500.

Costs will be determined in accordance with 2 CFR 200 Subpart E.

EPA will provide applicants with guidance on statutory prohibitions on the use of grant and cooperative agreement funds in Requests for Proposals, Requests for Applications, or by other means. EPA will provide assistance regarding clarification of the grant proposal guidelines. Potential applicants may submit written requests to OBLR for clarification. Significant clarifications to the guidelines will be posted on the brownfields website <http://www.epa.gov/brownfields>. This is the only form of pre-application assistance available. EPA will not meet with applicants to discuss draft proposals or provide informal comments on proposals.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2016: EPA expects to award cooperative agreements for regional Technical Assistance to Brownfields (TAB) providers. TAB providers will be available to brownfields communities to assist them with understanding how to address brownfield sites and advance local efforts around brownfields assessment, cleanup and reuse. EPA expects to provide incremental funding to previously awarded cooperative agreement recipients if they make satisfactory progress. These EPA funds will be used for research, training and technical assistance projects related to technical assistance to environmental workforce development and job training (EWDJT) grantees; technical assistance on the integration of environmental justice and equitable development for brownfields-impacted communities; research on the benefits of brownfields redevelopment; technical assistance on brownfields financing and economic development strategies to brownfields-impacted communities; organize a

national brownfields conference in 2017; state support on brownfields issues and tribal support on brownfields issues. Fiscal Year 2017: EPA continues to incrementally fund cooperative agreements for regional Technical Assistance to Brownfields (TAB) providers. TAB providers will be available to brownfields communities to assist them with understanding how to address brownfield sites and advance local efforts around brownfields assessment, cleanup and reuse. EPA incrementally funded six other previously awarded cooperative agreement recipients making satisfactory progress. These EPA funds are used for research, training and technical assistance projects related to technical assistance to environmental workforce development and job training (EWDJT) on the integration of environmental justice and equitable development for brownfields-impacted communities; research on the benefits of brownfields redevelopment; technical assistance on brownfields financing and economic development strategies to brownfields-impacted communities; organize a national brownfields conference in 2017; state support on brownfields issues and tribal support on brownfields issues. CRITERIA FOR SELECTING PROPOSALS:

This is a competitive grant program. The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.815 ENVIRONMENTAL WORKFORCE DEVELOPMENT AND JOB TRAINING COOPERATIVE AGREEMENTS

Environmental Workforce Development and Job Training Program

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

The Comprehensive Environmental Response, Compensation, and Liability Act, Section 311(b)(3)(9); The Comprehensive Environmental Response, Compensation, and Liability Act, Section 104(k)(6); Solid Waste Disposal Act, Section 8001; Clean Water Act, Section 104; Toxic Substances Control Act, Section 10.

OBJECTIVES:

The objective of the Environmental Workforce Development and Job Training Program is to recruit, train, and place unemployed and under-employed, including low-income, residents of solid and hazardous waste-impacted communities with the skills needed to obtain full-time, sustainable employment in solid and hazardous waste cleanup, wastewater treatment, chemical safety, and the environmental field at large. Furthermore, this program promotes the facilitation of activities related to assessment, cleanup, or preparation of contaminated sites, including brownfields and Superfund sites, for reuse, while simultaneously building a local workforce with the skills needed to perform remediation work that are supportive of environmental protection and environmental health and safety.

Funding Priority - Fiscal Year 2015: In FY15, under the Environmental Workforce Development and Job Training Grant Application Guidelines, applicants were provided the opportunity to deliver training outside the traditional scope of brownfields hazardous waste training. As a result of this, applicants were now provided the opportunity to deliver additional training in areas such as: solid waste management and recycling; emergency management and oil spill cleanup; Superfund cleanup related training, including innovative and alternative treatment technologies; integrated pest management; wastewater treatment and storm-water management; and, chemical safety and enhanced environmental health and safety training. Other types of supplemental environmental training were also eligible as this list is not exhaustive. Applicants in FY15 were also evaluated heavily on the extent to which they had partnered with employers willing to hire graduates and the extent to which they had conducted labor market assessments that linked proposed training with these employers' forecasted hiring needs.

Funding Priority - Fiscal Year 2016: In FY16, under the Environmental Workforce Development and Job Training Grant Application Guidelines, applicants were provided the opportunity to deliver training in areas such as: brownfields hazardous waste training; solid waste management and recycling;

emergency management and oil spill cleanup; Superfund cleanup related training, including innovative and alternative treatment technologies; integrated pest management; waste water treatment and stormwater management; and chemical safety and enhanced environmental health and safety training. Applicants in FY16 were also evaluated on the extent to which they had partnered with employers willing to hire graduates and conducted labor market assessments that linked proposed training with these employers' forecasted hiring needs.

Funding Priority - Fiscal Year 2017: In FY17, under the Environmental Workforce Development and Job training Grant Application Guidelines, applicants were provided the opportunity to deliver training in areas such as: brownfields hazardous waste training; solid waste management and recycling; emergency management and oil spill cleanup; Superfund cleanup related training, including innovative and alternative treatment technologies, wastewater treatment and stormwater management; integrated pest management; and chemical safety and enhanced environmental health and safety training. Applicants in FY17 were also evaluated on the extent to which they have partnered with employers willing to hire graduates and the extent to which they have conducted labor market assessments that link proposed training with employers; forecasted hiring needs.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds awarded under Section 104(k)(6) of CERCLA must be used for training, research, and technical assistance to individuals and organizations, to facilitate the inventory of brownfields properties, site assessments, cleanup of brownfields properties, community involvement, or site preparation. Funds under Section 311(b)(3)(9) of CERCLA must be used for training in innovative and alternative treatment technologies. For Environmental Workforce Development and Job Training grants however, individuals are not eligible to apply. (See eligibility requirements in Section 080) Grants and cooperative agreements are available to eligible entities throughout the United States. Eligible applicants are allowed to design their own curricula. In FY14, applicants were provided flexibility to include the following types of training in their curriculum: solid waste management or cleanup (i.e. recycling center operator training, landfill remediation and capping, demolition and debris collection and recycling, etc.); wastewater and stormwater related training; chemical safety or enhanced environmental health and safety training; and, innovative and alternative treatment technologies related training (i.e. preparation of contaminated sites for solar installation, green remediation techniques, phytoremediation, soil amendments, advanced sampling instrument operator training, or bioswale system site preparation, etc.) Note: this list is not exhaustive and other types of eligible training may be offered consistent with the statutory authorities. All applicants were required to include OSHA 29 CFR 1910.120 40-hour Hazardous Waste Operations and Emergency Response (HAZWOPER) in their curricula. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <https://www.epa.gov/geospatial>. Grants and cooperative agreements are available to support recipients' eligible and allowable direct costs incurred under an approved work plan plus allowable programmatic costs, in accordance with established EPA policies and regulations. Costs incurred under CERCLA 104(k)(6) grant or cooperative agreements may not be used for an administrative cost, penalty or fine, a Federal cost-share requirement, a response cost for which the recipient of the grant or cooperative agreement is potentially liable under CERCLA 107, or the cost of complying with a Federal law, with the exception of the costs of laws applicable to cleanup of sites.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009. Generally this program makes Federal awards

on a discretionary basis. For further information, please contact the Headquarters or regional office.

Applicant Eligibility:

Proposals will be accepted from either eligible governmental entities as defined in CERCLA Section 104(k)(1) or eligible nonprofit organizations as defined in Public Law 106-107, the Federal Financial Assistance Management Improvement Act. Eligible governmental entities include a general purpose local unit of government; a land clearance authority or other quasi-governmental entity that operates under the supervision and control of, or as an agent of, a general purpose unit of government; a governmental entity created by a state legislature; a regional council or group of general purpose units of local government; a redevelopment agency that is chartered or otherwise sanctioned by a state; a state; an Indian Tribe (other than in Alaska), or an Alaskan Native Regional Corporation and an Alaska Native Village Corporation as those terms are defined in the Alaska Native Claims Settlement Act (43 U.S.C. 1601 and following); and the Metlakatla Indian Community. Intertribal consortia, except consortia comprised of ineligible Alaskan tribes, are eligible to apply as well. Eligible nonprofit organizations include any corporation, trust, association, cooperative, or other organization that is operated mainly for scientific, educational, service, charitable, or similar purpose in the public interest; is not organized primarily for profit; and uses net proceeds to maintain, improve, or expand the operation of the organization. Workforce Investment Boards that meet these criteria may be eligible nonprofit organizations. Public and nonprofit private educational institutions are eligible to apply. However, nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply. For-profit or proprietary training organizations or trade schools are not eligible to apply. Evidence of nonprofit status under Federal, state or tribal law must be provided at the time the proposal is submitted. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy. Applicants that received an Environmental Workforce Development and Job Training grant from EPA in Fiscal Year 2016 were not eligible to apply in Fiscal Year 2017 for regular appropriation funds - unless proposing to serve a different geographic area. A list of environmental workforce development and job training grants awarded in Fiscal Year 2016 can be found here : <https://www.epa.gov/newreleases/epa-awards-18-grants-environmental-workforce-development-and-job-training>.

Applicants are also required to demonstrate that proposed environmental job training projects do not duplicate other federally funded environmental job training projects in the target community. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

Environmental Workforce Development and Job Training grants will provide environmental job training unemployed and underemployed residents of solid and hazardous waste-impacted neighborhoods and help them take advantage of job opportunities created as a result of the management, assessment, and cleanup of contaminated properties, as well as employment in wastewater, alternative energy, and chemical safety related positions.

Credentials/Documentation:

EPA requires that applicants document their nonprofit status at the time of application. The Agency may also request that applicants demonstrate that they have appropriate background, academic training, experience in fields, and necessary equipment to carry out training projects. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

This is a competitive grant program. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact

the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. This program is excluded from coverage under E.O. 12372. (See EPA's Federal Register Notice from November 26, 1986, to exempt hazardous waste training programs from intergovernmental review.). Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. By statute, EPA must award Environmental Workforce Development and Job Training grants competitively. EPA will specify application procedures in Requests for Initial Proposals or Request for Applications. As stipulated in the Requests for Applications, successful grant applicants must provide, in addition to the SF 424, a Dun and Bradstreet Data Universal Numbering System (DUNS) number, which is now required when applying for federal grants or cooperative agreements on or after October 1, 2003. For more information go to: <http://www.grants.gov>. Requests for application kits must be submitted to the Environmental Protection Agency, Grants and Interagency Agreements Management Division, 3903R, Washington, DC 20460 or through the appropriate EPA Regional Office listed in Section 7 of the application guidelines. Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. Final approval of applications for job training grants and supporting documentation is made by EPA. Award of grant funds are made by EPA Regional Award Officials.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

For job training grants, the range of approval/disapproval time will be approximately 90 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

EPA may incrementally fund grants and cooperative agreements under this program. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to EPA's priorities and availability of funds. Renewals and extensions of funding are not available.

Formula and Matching Requirements:

This program has no statutory formula. Matching Requirements: For Environmental Workforce Development and Job Training Grants, EPA does not require that applicants include a match or cost share. However, evidence of leveraged funds is encouraged. Furthermore, a statutory factor in ranking applications under Section 104(k)(6) is the extent to which EPA financial assistance will stimulate the availability of other funds for environmental assessment or remediation, and subsequent reuse of Brownfields sites. Applicants may be encouraged to provide information regarding resources (cash/in-kind services) that they, or a project partner, would commit to efforts receiving EPA financial assistance. EPA may take these commitments into account in ranking proposals. This program has no statutory formula. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The performance period for environmental workforce development and job

training grant funds is generally three years. Grants are generally announced nationally and awarded by EPA Regional Offices. The Regional Offices work with applicants to negotiate a workplan and award the cooperative agreement. Method of awarding/releasing assistance: lump sum.

Reports:

No program reports are required. No cash reports are required. Reporting requirements are identified under 2 CFR 200 and 1500. EPA may include additional information regarding the content and frequency of reporting requirements in the terms and conditions of the agreements. Quarterly progress and final technical reports are required as part of the terms and conditions of the cooperative agreements. Performance monitoring is in accordance with the terms and conditions of the cooperative agreement. Performance monitoring is in accordance with the terms and conditions of the cooperative agreement.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-federal entities that expend \$750,000 or more in a year in Federal awards shall have a single or a program specific audit conducted for that year. Non-federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

66.816 HEADQUARTERS AND REGIONAL UNDERGROUND STORAGE TANKS PROGRAM

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Resource Conservation and Recovery Act of 1976; Solid Waste Disposal Act of 1976, Section 8001(a)&(b), Public Law 98-616; Superfund Amendments and Reauthorization Act of 1986 , Public Law 99-499, 42 U.S.C 6991; EPA's Annual Appropriations Act.

OBJECTIVES:

To support activities that promote the prevention, compliance, and identification of underground storage tanks, and to support activities that promote corrective action, enforcement and management of releases from underground storage tank systems.

Funding Priority - Fiscal Year 2015: High priority tasks include: (1) Training Support: Provide State and tribal underground storage tanks (UST) and leaking underground storage tanks (LUST) programs and the regulated community mechanisms by which state and federal "co-regulator" communication, assistance (which may include research and studies) and training on UST/LUST program implementation can occur on both a regional and national scale; (2) Electronic Newsletter: Provide state and tribal regulators, the general public and the regulated community with technical information on underground storage tank (UST) systems; and (3) State/Federal Partnerships: Provide technical assistance and forums for information exchange to assist States in developing their program capabilities to manage their UST/LUST programs in the most efficient and effective manner possible.

Funding Priority - Fiscal Year 2016: High priority tasks include: (1) Training Support: Provide State and tribal underground storage tanks (UST) and leaking underground storage tanks (LUST) programs and the regulated community mechanisms by which state and federal "co-regulator" communication, assistance (which may include research and studies) and training on UST/LUST program implementation can occur on both a regional and national scale; (2) Electronic Newsletter: Provide state and tribal regulators, the general public and the regulated community with technical information on underground storage tank (UST) systems; and (3) State/Federal Partnerships: Provide technical assistance and forums for information exchange to assist States in developing their program capabilities to manage their UST/LUST programs in the most efficient and effective manner possible.

Funding Priority - Fiscal Year 2017: High priority tasks include: (1) Training Support: Provide State and tribal underground storage tanks (UST) and leaking underground storage tanks (LUST) programs and the regulated community mechanisms by which state and federal "co-regulator" communication, assistance (which may include research and studies) and training on UST/LUST program implementation can occur on both a regional and national scale; (2) Electronic Newsletter: Provide state and tribal regulators, the general public and the regulated community with technical information on underground storage

tank (UST) systems; and (3) State/Federal Partnerships: Provide technical assistance and forums for information exchange to assist States in developing their program capabilities to manage their UST/LUST programs in the most efficient and effective manner possible.

Funding Priority - Fiscal Year 2018: High priority tasks include: (1) Training Support: Provide State and tribal underground storage tanks (UST) and leaking underground storage tanks (LUST) programs and the regulated community mechanisms by which state and federal "co-regulator" communication, assistance (which may include research and studies) and training on UST/LUST program implementation can occur on both a regional and national scale; (2) Electronic Newsletter: Provide state and tribal regulators, the general public and the regulated community with technical information on underground storage tank (UST) systems; and (3) State/Federal Partnerships: Provide technical assistance and forums for information exchange to assist States in developing their program capabilities to manage their UST/LUST programs in the most efficient and effective manner possible.

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009. Grants and cooperative agreements are available to support recipients' eligible and allowable direct costs incurred under an approved work plan plus allowable indirect costs, in accordance with established EPA policies and regulations. Use Restrictions are that funds awarded under Section 8001(a) and (b) of RCRA must be used for projects that may include the following types of activities: research presentations, educational materials, surveys, training, studies, demonstrations, investigations, special projects and the development or use of methods to improve UST systems management and performance to reduce the actual and potential risks to human health and the environment. Generally this program makes Federal awards on a discretionary basis. For further information, please contact the Headquarters or regional office.

Applicant Eligibility:

For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

These assistance agreements are only available to public authorities (State, interstate, intrastate, agencies designated by States or Territorial Governors to receive UST notifications, federally-recognized Tribes and Intertribal Consortia, and local), public agencies and institutions; private non-profit organizations and agencies that meet the requirements of Section 8001(a) and (b) of the Solid Waste Disposal Act. Profit-making organizations and the general public are not eligible.

Beneficiary Eligibility:

State and local governments, territories and possessions, interstate agencies, Tribes, Intertribal Consortia, members of the regulated community and residents in areas impacted by federally regulated underground storage tanks.

Credentials/Documentation:

EPA may request that applicants document their nonprofit status. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that

will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA. Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>

Additionally, 2 CFR 1500 applies.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

None. EPA may incrementally fund grants and cooperative agreements under this program. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to EPA's priorities, and availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: The program has no statutory formula. Cost sharing is not required, unless noted in request for applications or initial proposals.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The length and time phasing of the assistance agreement shall be determined prior to the award. Assistance agreements are awarded either as non-competitive or competitive, subject to EPA Order 5700.5A1. The length of the assistance agreements may be from one year to seven years. See the following for information on how assistance is awarded/released: The funding is released to the recipient according to the recipient's accounting requests, e.g., quarterly, monthly, etc.

Reports:

Reporting requirements are identified at 2 CFR 200.327. EPA may include additional information regarding the content and frequency of reporting requirements in the terms and conditions of the agreements. No cash reports are required. The recipients submit quarterly reports that describe the progress and financial expenditures to date. No expenditure reports are required. EPA conducts baseline and advanced post-award monitoring of the recipient's

performance.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 2 CFR 1500.6 are applicable depending upon the identity of the recipient. Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

**66.817 STATE AND TRIBAL RESPONSE PROGRAM GRANTS
FEDERAL AGENCY:**

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Small Business Liability Relief and Brownfields Revitalization Act; Comprehensive Environmental Response, Compensation, and Liability Act, Section 128(a), Public Law 107-118.

OBJECTIVES:

EPA's CERCLA Section 128(a) grant program funds activities that establish or enhance state and tribal response program capacity, capitalize revolving loan funds (RLFs), and support insurance mechanisms. The goal of this funding is to provide financial support to establish and enhance the four elements of an effective state or tribal response program as specified in CERCLA Section 128 and to ensure that states and tribes maintain a public record of sites included in their programs.

Funding Priority - Fiscal Year 2015: In FY 2015, funding will be prioritized as follows: (1) Funding for program development activities to establish or enhance the four elements of a state or tribal response program and to enable states and tribes to comply with the public record requirement, including activities related to institutional controls. (States and tribes that have established one or more of the four elements will not be prejudiced in funding distributions if their work plan includes activities that enhance the four elements. States with Voluntary Cleanup Program Memorandum of Agreement will not be prejudiced in funding distributions if their work plan does not include tasks related to establishing or enhancing the four elements.) (2) Funding for program development activities to enhance the response program or the cleanup capacity of a state or tribal response program. (3) Funding for site-specific activities at eligible brownfields sites. (4) Funding for environmental insurance mechanisms. (5) Funding to capitalize brownfields cleanup RLFs.

Funding Priority - Fiscal Year 2016: In FY 2016, funding will be prioritized as follows: (1) Funding for program development activities to establish or enhance the four elements of a state or tribal response program and to enable states and tribes to comply with the public record requirement, including activities related to institutional controls. (States and tribes that have established one or more of the four elements will not be prejudiced in funding distributions if their work plan includes activities that enhance the four elements. States with Voluntary Cleanup Program Memorandum of Agreement will not be prejudiced in funding distributions if their work plan does not include tasks related to establishing or enhancing the four elements.) (2) Funding for program development activities to enhance the response program or the cleanup capacity of a state or tribal response program. (3) Funding for site-specific activities at eligible brownfields sites. (4) Funding for environmental insurance mechanisms. (5) Funding to

capitalize brownfields cleanup RLFs.

Funding Priority - Fiscal Year 2017: In FY 2017, funding will be prioritized as follows: (1) Funding for program development activities to establish or enhance the four elements of a state or tribal response program and to enable states and tribes to comply with the public record requirement, including activities related to institutional controls. (States and tribes that have established one or more of the four elements will not be prejudiced in funding distributions if their work plan includes activities that enhance the four elements. States with Voluntary Cleanup Program Memorandum of Agreement will not be prejudiced in funding distributions if their work plan does not include tasks related to establishing or enhancing the four elements.) (2) Funding for program development activities to enhance the response program or the cleanup capacity of a state or tribal response program. (3) Funding for site-specific activities at eligible brownfields sites. (4) Funding for environmental insurance mechanisms. (5) Funding to capitalize brownfields cleanup RLFs.

Funding Priority - Fiscal Year 2018: In FY 2018, funding will be prioritized as follows: (1) Funding for program development activities to establish or enhance the four elements of a state or tribal response program and to enable states and tribes to comply with the public record requirement, including activities related to institutional controls. (States and tribes that have established one or more of the four elements will not be prejudiced in funding distributions if their work plan includes activities that enhance the four elements. States with Voluntary Cleanup Program Memorandum of Agreement will not be prejudiced in funding distributions if their work plan does not include tasks related to establishing or enhancing the four elements.) (2) Funding for program development activities to enhance the response program or the cleanup capacity of a state or tribal response program. (3) Funding for site-specific activities at eligible brownfields sites. (4) Funding for environmental insurance mechanisms. (5) Funding to capitalize brownfields cleanup RLFs.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

States and tribes can use Section 128 funding to (1) establish or enhance four statutory elements of a response program, as per CERCLA 128(a)(2), (2) capitalize a Revolving Loan Fund program for brownfields cleanup, pursuant to CERCLA 104(k)(3), (3) purchase environmental insurance or develop a risk sharing pool, an indemnity pool, or insurance mechanism to provide financing for response actions under their programs, (4) maintain and update, at least annually, a public record of sites, pursuant to CERCLA 128(b), that includes the name and location of sites at which response actions have been completed during the previous year and the name and location of sites at which response actions are planned to be addressed in the next year, and (5) conduct limited site-specific activities. "Establish" includes activities necessary to build the foundation for the four elements of a state or tribal response program or may also include activities that keep their program at a level that meets the four elements. "Enhance" is related to activities that add to or improve a state or tribal response program or increase the number of sites at which response actions are conducted under a state or tribal response program. States and tribes may use Section 128(a) funds for activities that establish and enhance their response programs, even if their response programs address petroleum contamination. Restrictions apply to site-specific activities, such as assessment and cleanup. Assessments and cleanups must be conducted at eligible brownfields sites, as defined in CERCLA 101(39). Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

States (as defined in CERCLA Section 101(27)) and tribes (as defined in CERCLA Section 101(36)) are eligible for funding under Section 128(a). To be eligible to receive funding under CERCLA Section 128(a), a state or tribe must

demonstrate that its response program includes, or is taking reasonable steps to include, the four elements of a response program. States or tribes that are parties to voluntary response program memoranda of agreement (MOAs) are automatically eligible for Section 128(a) funding. Additionally, states and tribes, including those with MOAs, must maintain and make available to the public a record of sites at which response actions have been completed in the previous year and are planned to be addressed in the upcoming year in order to qualify for Section 128(a) funding.

Beneficiary Eligibility:

Beneficiaries include individuals living in recipient states', territories', and tribes' jurisdiction.

Credentials/Documentation:

States and tribes must provide documentation that they have met or are making reasonable progress towards meeting the four statutory elements, or have a Voluntary Cleanup Program Memorandum of Agreement with EPA, and have established and are maintaining the public record. States and tribes must define their "Section 128(a) response program", and may designate a component of the state or tribe that will be EPA's primary point of contact for negotiations on their proposed work plan. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Annually, states and tribes will work with the EPA regional offices to develop their work plans and funding requests for the upcoming year. Each cooperative agreement must have an annual budget period tied to an annual work plan. Annual funding guidance provides the requirements for submitting requests. No specific forms are required. Informal assistance is available through regional offices. States are subject to requirements under E.O. 12372, "Intergovernmental Review of Federal Programs" as implemented in 40 CFR Part 29. Tribes are exempt. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. States and tribes submit requests to EPA regional offices for funding on an annual basis by submitting a proposed work plan. Annual funding guidance provides the information that should be submitted to the regional office. Once initial requests are submitted, EPA headquarters consolidates requests and provides a final allocation based on factors provided in the funding guidance. No specific form is required for submission of request.

Award Procedure:

EPA regional offices will negotiate and enter into a single cooperative agreement with interested states or tribes. States and tribes may distribute these funds among the appropriate state and tribal agencies to meet their specific needs within their state or tribal agency structures. At least annually, the regional offices must verify that a public record as described above exists for each of the state or tribal response programs that are receiving funding.

Deadlines:

Jan 31, 2010 For the FY17 funding EPA will accept requests from November 1, 2016 through December 31, 2016.

Range of Approval/Disapproval Time:

Approximately 90 days are required for the application request to be approved or disapproved.

Appeals:

Disputes will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

Each state and tribal cooperative agreement will be evaluated on an annual basis to ensure that the requirements to receive funding are being met. If funding is not used, it may be carried over into the next budget period.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: States and tribes are not required to provide matching funds for grants awarded under Section 128(a). However, if the state or tribe uses Section 128(a) funds to capitalize a Brownfields RLF under CERCLA 104(k)(3), a 20% cost share is required on the amount of Section 128(a) funds used to capitalize an RLF. This program has no statutory formula, but does take into account use of prior years' funding in determining future awards.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA regions will evaluate cooperative agreements annually to ensure that requirements to receive funding are being met. EPA regional offices will determine the project period for each cooperative agreement. These may be for multiple years depending on the regional office's grants policies. Each cooperative agreement must have an annual budget period tied to an annual work plan. Funds are awarded on an annual basis and may be drawn down according to regional financial processes. See the following for information on how assistance is awarded/released: This assistance is generally awarded lump sum.

Reports:

No program reports are required. No cash reports are required. States and tribes will provide progress reports under 2 CFR 200 and 1500, in accordance with terms and conditions of the cooperative agreement negotiated with EPA regional offices. At a minimum, state or tribal progress reports must include both a narrative discussion and performance data relating to the state's or tribe's accomplishments with Section 128(a) funding. Depending upon the activities included in the state's or tribe's scope of work, an EPA regional office may request that a progress report include other elements as described in the Grant Funding Guidance for State and Tribal Response Programs. The regional offices may also request other information be added to the progress reports, as appropriate, to properly document activities described by the cooperative agreement work plan. Expenditure information should be provided in the progress reports. Performance monitoring is in accordance with the terms and conditions of the cooperative agreement.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-federal entities that expend \$750,000 or more in a year in Federal awards shall have a single or a program specific audit conducted for that year. Non-federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503

Records:

In addition to the statutory public record requirement, states and tribes must comply with record keeping requirements of 2 CFR 200 and 1500 and any applicable requirements under state and tribal laws. Recipients must keep financial records, including all documents supporting entries on accounting records and to substantiate changes in grants, available to personnel authorized to examine EPA recipients grants and cooperative agreements records. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions remain following the 3-year period, such as those raised as a result of an audit or an on-going enforcement action, recipients must retain records until the matter is completely resolved.

66.818 BROWNFIELDS ASSESSMENT AND CLEANUP

COOPERATIVE AGREEMENTS

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

The Small Business Liability Relief and Brownfields Revitalization Act of 2002, Public Law 107-118; Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, 42 U.S.C. 9601(39)&9604k; American Recovery and Reinvestment Act of 2009.

OBJECTIVES:

Brownfield sites are real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. The objectives of the brownfield assessment, revolving loan fund and cleanup cooperative agreements (project grants) are to provide funding: (1) to inventory, characterize, assess, and conduct planning and community involvement related to brownfield sites; (2) to capitalize a revolving loan fund (RLF) and provide subgrants to carry out cleanup activities at brownfield sites; and (3) to carry out cleanup activities at brownfield sites that are owned by the grant recipient.

Funding Priority - Fiscal Year 2015: Funding supported at 179 assessment cooperative agreements (estimated \$41.9 million) that recipients may use to inventory, assess, cleanup and plan reuse at Brownfields sites, as authorized under CERCLA 104(k)(2). Funding supported 64 direct cleanup cooperative agreements (estimated \$12.4 million) to enable eligible entities to clean up properties that the recipient owns.

Funding Priority - Fiscal Year 2016: Funding supported 145 assessment cooperative agreements (estimated \$33.1 million) that recipients may use to inventory, assess, cleanup and plan reuse at Brownfields sites, as authorized under CERCLA 104(k)(2). Funding supported 59 direct cleanup cooperative agreements (estimated \$11 million) to enable eligible entities to clean up properties that the recipient owns. Funding supported 14 competitive RLF cooperative agreements (estimated at \$11.1 million) and 33 RLF supplemental awards (estimated at \$10.7 million) to capitalize a revolving loan fund and provide subgrants to carry out cleanup activities at brownfield sites.

Funding Priority - Fiscal Year 2017: Funding supported 208 assessment cooperative agreements (estimated at \$43.1 million) that recipients may use to inventory, assess, cleanup and plan reuse at Brownfields sites, as authorized under CERCLA 104(k)(2). Funding will support approximately 71 direct cleanup cooperative agreements (estimated \$13.7 million) to enable eligible entities to clean up properties that the recipient owns. The agency awarded 11 RLF supplemental awards (estimated \$5.35 million).

Funding Priority - Fiscal Year 2018: Funding will support at least 145 assessment cooperative agreements (estimated \$33.5 million) that recipients may use to inventory, assess, cleanup and plan reuse at Brownfields sites, as authorized under CERCLA 104(k)(2). Funding will support at least 38 direct cleanup cooperative agreements (estimated \$7.5 million) to enable eligible entities to clean up properties that the recipient owns. Funding will support 15 competitive RLF cooperative agreements (estimated at \$9 million) and 12 RLF supplemental awards (estimated at \$5 million) to capitalize a revolving loan fund and provide subgrants to carry out cleanup activities at brownfield sites.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

For site specific projects, the site must meet the definition of a brownfields site found at CERCLA 101(39). As part of the application process, EPA provides guidance to assist grant applicants in determining whether sites meet this definition. (1) The brownfields grants may be used to address sites contaminated by petroleum and hazardous substances, pollutants, or contaminants (including hazardous substances co-mingled with petroleum). (2) Brownfields assessment grant funds may be used to inventory, characterize, assess, and conduct planning and community involvement related to brownfield sites. (3) An RLF project grant recipient must use at least 50 percent of the

awarded funds to capitalize and implement a revolving loan fund; an RLF project grant recipient may use no more than 50 percent of the awarded funds for cleanup subgrants and may not subgrant to itself. Revolving loan fund project grants generally are used to provide no-interest or low-interest loans for brownfields cleanups. (4) An RLF project grant recipient may use its funds to award subgrants to other eligible entities, including nonprofit organizations, for brownfields cleanups on sites owned by the subgrantee; (5) Brownfields cleanup grant funds must be used to carry out cleanup activities at brownfield sites that are owned by the grant recipient. (6) Costs incurred under CERCLA 104(k) grants or cooperative agreements may not be used for an administrative cost, penalty or fine, a Federal cost-share requirement, a response cost for which the recipient of the grant or cooperative agreement is potentially liable under CERCLA 107, or the cost of complying with a Federal law, with the exception of the costs of laws applicable to cleanup of Brownfields sites.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009. Generally this program makes Federal awards on a discretionary basis. For further information, please contact the Headquarters or regional office.

Applicant Eligibility:

Eligibility for Assessment, Revolving Loan Fund, and Cleanup Grants: a general purpose unit of local government; a land clearance authority or other quasi-governmental entity that operates under the supervision and control of, or as an agent of, a general purpose unit of local government; a government entity created by a State legislature; a regional council or group of general purpose units of local government; a redevelopment agency that is chartered or otherwise sanctioned by a State; a State; an Indian Tribe other than in Alaska; an Alaska Native Regional Corporation, Alaska Native Village Corporation and the Metlakatla Indian Community. Nonprofit organizations that own the property are also eligible for cleanup grants. Nonprofit organizations must meet the definition of that term in Section 4(6) of the Federal Financial Assistance Management Improvement Act of 1999, Public Law 96-107, 31 U.S.C. 6101 (Note: Under this definition, colleges, universities, and community colleges are eligible to apply.) However, nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply. For-profit organizations are not eligible to apply for direct funding from EPA. However, for profit organizations may apply for loans made by eligible entities with RLF capitalization grants. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

Generally, those eligible entities identified above will benefit from the brownfields grant actions. Specifically, individuals and commercial organizations in brownfields grant communities will benefit from brownfields assessment, cleanup, and revitalization funding. New strategies for promoting environmental cleanup lessons from these grants will provide a growing base of information and knowledge for other communities across the country seeking partnerships with stakeholders to coordinate issues related to brownfields and leverage additional opportunities for redevelopment.

Credentials/Documentation:

EPA may require that nonprofit organizations or eligible entities other than states, tribes, or general purpose units of local government provide documentation of eligibility. EPA may also require that applicants provide site specific information to determine whether a site qualifies as a Brownfields site under CERCLA 101(39). 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally

specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. This is a competitive grant program. EPA guidelines for Requests for Proposals or Requests for Applications will specify application procedures. For EPA Regional Office contacts, see Appendix IV of the Catalog. The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-102 and A-110 must be used for this program. EPA requires final applications to be made on Standard Form 424. Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>.

Award Procedure:

This is a competitive grant program. EPA guidelines for Requests for Proposals or Requests for Applications will specify award procedures. For EPA Regional Office contacts, see Appendix IV of the Catalog. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. For the Recovery Act funding, EPA will award separate cooperative agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

Recipients of RLF grants may apply for additional funding on a non-competitive basis during any year after the first year the recipient receives an RLF grant. To seek additional funding, RLF grant recipients should contact their EPA Regional Office. In awarding this additional funding the Agency will consider: (I) the number of sites and number of communities that are addressed by the revolving loan fund; (II) the demand for funding by eligible entities that have not previously received an RLF grant; (III) the demonstrated ability of the eligible entity to use the revolving loan fund to enhance remediation and provide funds on a continuing basis; and (IV) other similar factors, including the availability of funds and the recipient's performance history. Recipients of assessment and cleanup grants generally do not receive additional funding on a non-competitive basis.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Matching requirements are not applicable for brownfield assessment grants. Under CERCLA 104(k)(9)(B)(iii) revolving loan fund and cleanup grants require a 20 percent cost share, which may be in the form of a contribution of money, labor, material, or services, and must be for

eligible and allowable costs. An RLF or cleanup grant applicant may request a waiver of the 20 percent cost share requirement based on financial hardship. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The performance period for brownfields assessment and cleanup grant funds is three years. The performance period for brownfields revolving loan fund grants is generally five years. Grants are generally announced nationally and awarded by EPA Regional Offices. The Regional Offices work with the applicants to negotiate a workplan and award the cooperative agreement. See the following for information on how assistance is awarded/released: These grants are generally awarded as a lump sum.

Reports:

No program reports are required. No cash reports are required. Quarterly progress reports, property profiles, notification of significant development, property inventory reports, procurement reports, a final report and financial reports may be required if authorized by 2 CFR Parts 200 and 1500 (specifically, 200.328 monitoring and reporting program performance). Quarterly progress reports are generally required as part of the terms and conditions of the cooperative agreement. Expenditure information should be provided in the progress reports. Performance monitoring is in accordance with the terms and conditions of the cooperative agreement.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-federal entities that expend \$750,000 or more in a year in Federal awards shall have a single or a program specific audit conducted for that year. Non-federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Record Retention Requirements of 2 CFR 200 and 1500 are applicable, depending upon the identity of the recipient and the program funded.

Account Identification:

68-0103-0-1-304.

Obligations:

(Cooperative Agreements) FY 16 Not Available; FY 17 est \$0; and FY 18 est \$50,000 - An estimated \$50,000,000 will be available in FY 2018.

Range and Average of Financial Assistance:

Range and Average of Financial Assistance: (1) For assessment grants, an eligible entity may apply for up to \$200,000 to address sites contaminated by hazardous substances, pollutants, or contaminants (including hazardous substances co-mingled with petroleum) and up to \$200,000 to address sites contaminated by petroleum; most applicants receive this amount. Applicants may request a waiver of the \$200,000 limit up to \$350,000 for sites contaminated by hazardous substances, pollutants, or contaminants (including hazardous substances co-mingled with petroleum) and up to \$350,000 to address sites contaminated by petroleum. Waiver requests must be based on the anticipated level of contamination, size, or ownership status of the site. These limits are mandatory under CERCLA 104(k)(4)(A). A coalition of eligible entities may apply for up to \$1,000,000 to address sites contaminated by hazardous substances or petroleum on a community-wide basis. (2) For revolving loan fund grants, an eligible entity may apply for up to \$1,000,000 for an initial RLF grant. This limit is mandatory under CERCLA 104(k)(4)(A). In addition, coalitions of eligible entities may apply together under one recipient for up to \$1,000,000 per eligible entity. (3) For cleanup grants, an eligible entity

may apply for up to \$200,000 per site. The \$200,000 per site limit is mandatory under CERCLA 104(k)(3)(A). Approximate average financial assistance is \$200,000 for cleanup grants, \$200,000 for assessment grants and \$1 million per entity for revolving loan fund grants.

TAFS Codes:

68-0103.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: In FY16, 1,1384 sites had been assessed, 135 properties cleaned up, 10,351 jobs leveraged, \$1.77 billion leveraged and 7,312 acres ready for reuse. Fiscal Year 2017: To date in FY17, 1,296 sites have been assessed, 124 properties cleaned up, 5,564 jobs leveraged, \$1.1 billion leveraged and 4,827 acres ready for reuse. Fiscal Year 2018: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

For brownfields assessment, revolving loan fund, and cleanup grants, costs will be determined in accordance with 2 CFR 200 and 1500 as applicable.

The Agency will periodically publish guidance for brownfields grant proposals.

RELATED PROGRAMS:

66.814 Brownfields Training, Research, and Technical Assistance Grants and Cooperative Agreements ; 66.815 Brownfield Job Training Cooperative Agreements; 66.817 State and Tribal Response Program Grants

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2016: (1) 145 assessment grants were selected to complete brownfield site inventories, Phase I & II environmental site assessments and community engagement activities. (2) 59 cleanup grants were selected to cleanup contaminated properties. End uses include neighborhood development, commercial development, arts center, business park, wellness center/clinic, community health center, theater, and office space. These period of performance for these cooperative agreements are anticipated to be from

10/01/16 to 9/30/19. (3) 14 revolving loan fund grants were selected for recipients to establish a loan program that will capitalize and provide loans to eligible subrecipients to cleanup contaminated properties. These period of performance for these cooperative agreements are anticipated to be from 10/01/16 to 9/30/21. Fiscal Year 2017: No content available. Fiscal Year 2018: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

This is a competitive grant program. The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement. Selection criteria will be outlined in the proposal guidelines and will be based on a system that includes the following ten statutory ranking criteria:(i) The extent to which a grant will stimulate the availability of other funds for environmental assessment or remediation, and subsequent reuse, of an area in which one or more brownfield sites are located.(ii) The potential of the proposed project or the development plan for an area in which one or more brownfield sites are located to stimulate economic development of the area on completion of the cleanup.(iii) The extent to which a grant would address or facilitate the identification and reduction of threats to human health and the environment, including threats in areas in which there is a greater-than-normal incidence of diseases or conditions (including cancer, asthma, or birth defects) that may be associated with exposure to hazardous substances, pollutants, or contaminants.(iv) The extent to which a grant would facilitate the use or reuse of existing infrastructure.(v) The extent to which a grant would facilitate the creation of, preservation of, or addition to a park, a greenway, undeveloped property, recreational property, or other property used for nonprofit purposes.(vi) The extent to which a grant would meet the needs of a community that has an inability to draw on other sources of funding for environmental remediation and subsequent redevelopment of the area in which a brownfield site is located because of the small population or low income of the community.(vii) The extent to which the applicant is eligible for funding from other sources.(viii) The extent to which a grant will further the fair distribution of funding between urban and nonurban areas.(ix) The extent to which the grant provides for involvement of the local community in the process of making decisions relating to cleanup and future use of a brownfield site.(x) The extent to which a grant would address or facilitate the identification and reduction of threats to the health or welfare of children, pregnant women, minority or low-income communities, or other sensitive populations. In addition, applicants will be required to demonstrate that site specific activities are carried out at sites that meet the definition of a Brownfields site at CERCLA 101(39).

66.926 INDIAN ENVIRONMENTAL GENERAL ASSISTANCE PROGRAM (GAP)

(GAP for Tribes)

FEDERAL AGENCY:

Office of International and Tribal Affairs, Environmental Protection Agency

AUTHORIZATION:

Indian Environmental General Assistance Program Act of 1992, Section 11, Public Law 102-497, 42 U.S.C 4368b; Indian Environmental General Assistance Program Act of 1992, Public Law 103-155.

OBJECTIVES:

To provide General Assistance Program (GAP) grants to Indian tribal governments and intertribal consortia to build capacity to administer environmental regulatory programs on Indian lands, provide technical assistance from EPA to Indian tribal governments, and intertribal consortia in the development of multimedia programs to address environmental issues on Indian lands.

Funding Priority FY 2016: Funding was for the purposes of assisting federally-recognized tribal governments with the development of tribal environmental management capacity consistent with EPA standards and regulations. Funding can be used for planning, developing and establishing the administrative, technical, legal, enforcement, communications, and environmental education and outreach structure of a tribal environmental program. GAP funds were used for activities such as assessment of environmental condition of tribal lands; appropriate utilization of federal information; building an environmental program tailored to the tribes needs;

developing environmental education programs; developing Solid Waste management plans; and establishing the ability to alert EPA to serious conditions involving immediate public health and ecological health.

Funding Priority FY 2017: Funding was for the purposes of assisting federally-recognized tribal governments with the development of tribal environmental management capacity consistent with EPA standards and regulations. Funding can be used for planning, developing and establishing the administrative, technical, legal, enforcement, communications, and environmental education and outreach structure of a tribal environmental program. GAP funds were used for activities such as assessment of environmental condition of tribal lands; appropriate utilization of federal information; building an environmental program tailored to the tribes needs; developing environmental education programs; developing Solid Waste management plans; and establishing the ability to alert EPA to serious conditions involving immediate public health and ecological health.

Funding Priority FY 2018: Funding is for the purposes of assisting federally-recognized tribal governments with the development of tribal environmental management capacity consistent with EPA standards and regulations. Funding can be used for planning, developing and establishing the administrative, technical, legal, enforcement, communications, and environmental education and outreach structure of a tribal environmental program. GAP funds are to be used for activities such as assessment of environmental condition of tribal lands; appropriate utilization of federal information; building an environmental program tailored to the tribes needs; developing environmental education programs; developing Solid Waste management plans; and establishing the ability to alert EPA to serious conditions involving immediate public health and ecological health.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Activities eligible for funding under this program are those for planning, developing, and establishing capability to implement environmental protection programs including development of solid and hazardous waste programs. General assistance agreements offer the opportunity for a tribe to develop an integrated environmental program, develop the capability to manage specific programs and establish a core program for environmental protection. These assistance agreements provide the opportunity for the tribes to define and develop administrative and legal infrastructures; to conduct assessments, monitoring, planning, and other actions; and to undertake additional activities within a simplified administrative framework. The primary purpose of these assistance agreements is to support the development of elements of a core environmental program, such as: providing for tribal capacity-building to assure an environmental presence for identifying programs and projects, including developing proposals for environmental program grants and managing environmental work; fostering compliance with Federal environmental statutes by developing appropriate tribal environmental programs, ordinances, and services; and establishing a communications capability to work with Federal, State, local and other tribal environmental officials. Restrictions: The principal focus of this program is on the development of general tribal environmental capability. Assistance will be provided under this program only for activities which the agency determines are appropriate to carry out the purposes of the Act. No single grant awarded under this program may be for an amount exceeding ten percent of the total annual funds appropriated under Section (h) of the Act. As with many of EPA's grants to States and Tribes, GAP grants may be combined with one or more other EPA grants into a Performance Partnership Grant for administrative savings and, with EPA concurrence, programmatic flexibility. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website:
<https://www.epa.gov/geospatial>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf

of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009. Generally this program makes Federal awards on a discretionary basis. For further information, please contact the Headquarters or regional office.

Applicant Eligibility:

The following are eligible to receive financial assistance: (a) An Indian tribal government; and (b) an intertribal consortium or consortia. An Indian tribal government is any tribe, band, nation, or other organized group or community, including any Alaska Native village or regional or village corporation (as defined in or established pursuant to the Alaska Native Claims Settlement Act, 43 U.S.C. 1601, et seq.), which is recognized by the U.S. Department of the Interior as eligible for the special services provided by the United States to Indians because of their status as Indians. An intertribal consortium is a partnership between two or more Indian tribal governments authorized by the governing bodies of those tribes to apply for and receive assistance under this program. An intertribal consortium is eligible to receive a GAP grant if the consortium demonstrates that: (1) A majority of its members meet the eligibility requirements for GAP grants; (2) all members that meet the eligibility requirements authorize the consortium to apply for and receive the grant; and (3) only members that meet the eligibility requirements will benefit directly from the grant project and the consortium agrees to a grant condition to that effect. An intertribal consortium must have adequate documentation of the existence of the partnership and the authorization of the member Tribes to apply for and receive assistance. Documentation that demonstrates the existence of the partnership of Indian Tribal governments may consist of Tribal council resolutions, intertribal consortia resolutions in conjunction with a Tribal council resolution from each member Tribe, or other written certification from a duly authorized representative of each Tribal government that clearly demonstrates that a partnership of Indian Tribal governments exists. Documentation that demonstrates that member Tribes authorize the consortium to apply for and receive assistance may consist of a Tribal council resolution from each Tribe or other written certification from a duly authorized representative of each Tribal government that clearly demonstrates that the Tribe authorizes the consortium to apply for and receive the grant on behalf of the Tribe. An intertribal consortium resolution is not adequate documentation of the member Tribes authorization of the consortium unless it includes a written certification from a duly authorized representative of each Tribal government.

Beneficiary Eligibility:

Federally Recognized Indian Tribal Governments and eligible Intertribal Consortia.

Credentials/Documentation:

This program is subject to the provisions of 2 CFR 200 Subpart E. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applicants must use the "Application for Federal Assistance: State and Local Non-Construction Programs" (Standard Form 424). Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>.

Award Procedure:

Applications are reviewed by the appropriate Regional Office and, if approved, financial assistance is awarded by the Regional Administrator or his/her delegated official.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 90 days after deadline for application submission.

Appeals:

Disputes will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

In order to receive renewals, significant progress must be demonstrated. Renewals are subject to approval of EPA. Contact the EPA Regional contact identified in Appendix IV of the Catalog for additional information.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Award amount remains available until expended in accordance with the term of the award. The term of an award may exceed one year, but may not exceed four years. The term of the grant shall be determined at the time of the grant award. See the following for information on how assistance is awarded/released: Other. The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Specific reporting requirements are also identified in the Grant Regulations at 2 CFR Part 200 and 1500 and 40 CFR Part 35 (B), "Environmental Program Grants for Tribes." Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate charges to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for three years from the date of submission of the annual financial status report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

66.931 INTERNATIONAL FINANCIAL ASSISTANCE PROJECTS SPONSORED BY THE OFFICE OF INTERNATIONAL AND TRIBAL AFFAIRS

FEDERAL AGENCY:

Office of International and Tribal Affairs, Environmental Protection Agency

AUTHORIZATION:

Federal Insecticide, Fungicide, and Rodenticide Act, Section 20, Public Law 92-516, 7 U.S.C 136r; Safe Drinking Water Act, Section 1442(a)&(c), 42 Stat. 300j-1(a)(1); Clean Air Act, Section 103, 42 U.S.C 7403; Marine Protection, Research and Sanctuaries Act of 1972, Section 203, 33 Stat. 1443; National Environmental Policy Act, Section 102(2)(F), 42 Stat. 4332; Solid Waste Disposal Act, Section 8001, 42 Stat. 6981; Toxic Substances Control Act, Section 10, 15 U.S.C 2609; Clean Water Act, Section 104, 33 U.S.C 1254.

OBJECTIVES:

To protect human health and the environment while advancing U.S. national interests through international environmental collaboration. This mission is supported by these strategic objectives: 1) Reducing Exposure to Toxic Chemicals; 2) Improving Air Quality; 3) Cleaning Up Electronic Waste (E-Waste); 4) Combating Climate Change by Limiting Pollutants; 5) Expanding access to Clean Water; and 6) Building Strong Environmental Institutions and Legal Structures. Funding Priority - Fiscal Year 2014: EPA Safeguards air, water, and land for all Americans. International capacity-building plays a key role in protecting human health, communities and the environment by providing technical cooperation to help countries reduce air pollution, better manage air quality global climates, reduce the global use and emission of mercury, manage drinking & surface water quality, and provide technical assistance to restore the land and mitigate sources of land pollution. OITA will work to transfer appropriate air management tools and techniques to key countries and regions as we collaborate with partners to improve air quality. In addition, we will continue efforts to reduce global sources of persistent bioaccumulative toxins. Long-range and transboundary atmospheric transport and deposition of such toxics as Mercury, Persistent Organic Pollutants (POPs) such as polychlorinated biphenyls (PCBs), pesticides, dioxins, and furans continue to threaten human health and ecosystems. OITA will continue to promote the development of activities for managing drinking and surface water quality and provide technical cooperation, expertise, and assistance to help communities and countries preserve and restore the land and to mitigate sources of land pollution. OITA plays a key role in ensuring trade-related activities sustain environmental protection. Initiatives relating to environmental trade and investment are carried out bilaterally, multilaterally or in connection with multilateral institutions such as the World Trade Organization (WTO), World Bank, European Union (EU), or Asia-Pacific Economic Cooperation Forum (APEC). Also, OITA will support protection of human health and the ecosystem for North America through the United States' participation in the North American Agreement on Environmental Cooperation and through leadership in the Commission on Environmental Cooperation (CEC), the Organization for Economic Cooperation and Development (OECD), and other international entities. EPA will provide targeted capacity building support under the environmental cooperation agreements developed parallel to U.S. free trade agreements. The U.S.-Mexico Border (to sustain and restore community health and preserve the ecological systems that support them) program is implemented in partnership with the ten Border States and the government of Mexico with its corresponding states and tribes. It addresses the Agency's major themes of clean air, clean water, and clean land. The key areas of focus for the Border 2020 Program include improving water quality in the region; improving availability of low sulfur diesel fuel on the border; the stabilization of abandoned hazardous waste sites; removal of used tire piles along the U.S.-Mexico Border; defining baseline and alternative scenarios for air emissions reductions along the border region; and binational emergency preparedness drills and exercises at border sister cities.

Funding Priority - Fiscal Year 2015/16: In FY 2015/16, OITA will continue to engage both bilaterally and through multilateral institutions with the objective of improving international cooperation to address the transboundary movement of pollution. OITA will address air pollution and air quality with international partners that contribute significant pollution to the environment and who are committed to improving their environmental performance. OITA will continue its work in the Partnership for Clean Fuels and Vehicles (PCFV), a global partnership that has worked to reduce air pollution from the global fleet of on-road vehicles. OITA will also continue its efforts to reduce transboundary pollution from ships.

The EPA expects to continue a focus on ratification and full implementation of

the Minamata Convention by less developed countries, and on continued technical and policy support for global and regional efforts to address international sources of mercury use and emissions. OITA will continue to strengthen partnerships to address environmental problems and build capacity in areas such as green growth technologies and environmental laws and legal institutions. The EPA will lead United States Government efforts to advance the new Green Growth Strategy in the OECD and through U.S. interagency processes, promoting green jobs and sustainable development worldwide.

In FY 2015/16, the OITA will continue to strengthen our activities in the Arctic. Working with International Partners, Alaska, Tribes, federal agencies, and the private sector, the EPA is building international support for U.S. environmental policy objectives through the Arctic Council on a range of topics including mercury and short-lived climate forcers such as black carbon, tropospheric ozone, and methane. Beyond the Arctic region, OITA will continue to work with the State Department, UNEP, and other international partners as part of the international Climate and Clean Air Coalition (CCAC). The goal of these efforts is to realize immediate climate, health, and other benefits of reducing short-lived climate pollutants.

Collaboration with global partners is needed to build upon awareness of water pollution issues and to promote watershed and marine environmental protection. For FY 2015/16, OITA will continue to promote clean water and drinking water programs in Africa, Asia, and Latin America, focusing on improving the quality of water sources and managing other environmental risks.

In FY 2015/16, OITA will strengthen implementation of global, regional, and country programs to address electronic waste (e-waste) and promote sound reuse and recycling of discarded used electronics. By partnering with international organizations such as the UN University Solving the E-waste Problem Initiative, better information on the e-waste problem, demonstrations of sustainable recycling programs and stronger collaboration with countries, will help reduce risks from exposure to toxic substances contained in e-waste such as lead, mercury, cadmium, and hexavalent chromium.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Discretionary funds are available for the awards under this program. Grants and cooperative agreements are available to support recipients' allowable direct cost expenditures incident to the approved project plus allocable portions of allowable indirect costs of the institution, in accordance with established EPA policy, 2 CFR parts 200 and 1500. Funding awarded for international research under these projects does not include research within the purview of EPA's Office of Research and Development. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <https://www.epa.gov/geospatial>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009. Generally this program makes Federal awards on a discretionary basis. For further information, please contact the Headquarters or regional office.

Applicant Eligibility:

Office of International and Tribal Affairs (OITA) may require applicants to

submit documentation of non-profit status. OITA may request applicants to demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. OITA may also ask applicants or principal investigators to provide curriculum vitae and relevant publications.

Beneficiary Eligibility:

States and local governments, territories and possessions, foreign governments, international organizations, Indian Tribes, and possessions of the U.S., including the District of Columbia, public and private universities and colleges, hospitals, laboratories, other public or private nonprofit institutions.

Credentials/Documentation:

Office of International and Tribal Affairs (OITA) may require applicants to submit documentation of non-profit status. OITA may request applicants to demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. OITA may also ask applicants or principal investigators to provide curriculum vitae and relevant publications. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The standard application forms as furnished by the Federal agency and required by 2 CFR 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards" must be used for this program. Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>. EPA requires final applications to be made on Standard Form 424. Under EPA Order No. 5700.5A1, Policy for Competition in Assistance Agreements (9/12/02), Assistance awards to Foreign Governments and to United Nations agencies and similar International Organizations, such as the Organization of American States and Organization for Economic Cooperation and Development (OECD), may be exempted from competition at the discretion of OITA. For competitive awards, Requests for Initial Proposals or Requests for Applications will specify application procedures.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. For non-competitive awards, OITA will conduct an administrative evaluation to determine the adequacy of the application in relation to grant regulations and to technical and program evaluation to determine the merit and relevance of the

project. The Agency will then advise the applicant if funding is being considered. A final work plan will then be negotiated with the applicant.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

None. A standard grant application should be prepared and submitted as a new grant, which will be reviewed in the same manner as the original application and will compete for available funds. Generally, EPA incrementally funds grants and cooperative agreements. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to OITA's priorities, and availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA normally funds grants and cooperative agreements on a 12-month basis. However, EPA can negotiate the project period with each applicant based on project requirements. EPA limits project periods to 5 years. Payments will be on an advance letter of credit or reimbursement basis; recipient must request the initial advance payment on SF 270, Request for Advance or Reimbursement. See the following for information on how assistance is awarded/released: Assistance is awarded by project.

Reports:

No program reports are required. No cash reports are required. Reporting requirements are identified at 2 CFR Parts 200 and 1500. EPA may include additional information regarding the content and frequency of reporting requirements in the terms and conditions of the agreements. Progress reports are required under this program. Expenditure Reports are required under this program. Performance Monitoring is required under this program.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 2 CFR Parts 200 and 1500 are applicable depending upon the identity of the recipient. Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records must be retained until the matter is completely resolved.

Further information regarding geospatial information may be obtained by viewing the following website: <https://www.epa.gov/geospatial>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009. Generally this program makes Federal awards on a discretionary basis. For further information, please contact the Headquarters or regional office.

Applicant Eligibility:

Assistance under this program is available to universities, non-profit organizations, or a consortia of such institutions to deliver environmental education training and support for education professionals. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

Education (0-8), education (9-12), education (13+), nonprofit institutions.

Credentials/Documentation:

Documentation of nonprofit status may be required. Applicants may be requested to demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. The Office of Environmental Education may ask applicants or principal investigators to provide curriculum vitae and relevant publications. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

A solicitation notice is issued for this program once every five years. The notice identifies the application process. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The solicitation notice which described the application procedure for the training program that will operate from 01/01/2017 through 12/31/2021, subject to the availability of funds, was posted on <http://www.grants.gov> in late Spring 2016. The solicitation process for this program is conducted every five years. Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>.

Award Procedure:

This program is subject to the provisions of 2 CFR 200 and 1500. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

It can take up to a year from time of application submission to award of an assistance agreement. The last award was made in late summer 2016 (for the solicitation published in Spring 2016). The next date that a solicitation notice for this program will be published in the Spring of 2021.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

Generally, EPA incrementally funds grants and cooperative agreements for surveys, studies, and investigations. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to the Office of Environmental Education's program priorities, and the availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: In accordance with the National Environmental Education Act (Public Law 101-619), federal funds for any project under this section shall not exceed 75 percent of the total cost of such project. The project has a 25 percent non-federal match required by statutory formula. For the purposes of this section, the non-Federal share of project costs may be provided by cash or by in-kind contributions and other non-cash support. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The training program consists of an initial one year budget and project period. Subsequent incremental funding on an annual basis may be awarded for the next four years, for a total budget and project period of five years. See the following for information on how assistance is awarded/released: This program operates on a five year basis. Funds are initially awarded for a one year project period. Subsequent supplemental funding awards on an annual basis for the next four years.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and expenditure/financial, equipment, and invention reports. Specific reporting requirements are also identified in the grant regulations at 2 CFR 200 and 1500, as applicable. Program reports are required under this program. No cash reports are required. The grantee must submit semi-annual and final progress reports. Expenditure reports are required. Performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-federal entities that expend \$750,000 or more in a year in Federal awards shall have a single or a program specific audit conducted for that year. Non-federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each assistance agreement, must be kept available to personnel authorized to examine EPA assistance accounts. All records must be maintained until the expiration of 3 years from the date of submission of the final expenditure report. If questions still remain, such as those raised as the result of an audit, related records should be retained until the matter is completely resolved.

66.951 Environmental Education Grants

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2016: EE PRO was launched in January 2016. This is a resource that provides educators, and community leaders a one stop hub for finding and sharing EE resources, information and professional development opportunities. Fiscal Year 2017: ee360 continues the webinar series started under EECapacity. Topics for 2017 include: Social Movements in EE; People-Powered Impacts: Using Citizen Science to Change the World; and Introducing the NAAEE Guidelines for Excellence in Community Engagement. Fiscal Year 2018: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

Priorities for selecting proposals are listed in Section 5 of Public Law 101-619, National Environmental Education Act. The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.951 ENVIRONMENTAL EDUCATION GRANTS

FEDERAL AGENCY:

Office of the Administrator, Environmental Protection Agency

AUTHORIZATION:

National Environmental Education Act, Section 6, Public Law 101-619.

OBJECTIVES:

The Environmental Education Grants Program supports projects to design, demonstrate, and/or disseminate practices, methods, or techniques related to environmental education and teacher training. As required by Public Law 101-619, this grant program provides financial support for environmental education projects implemented by schools, universities, state and local government environmental and educational agencies, tribal education agencies, and nonprofit 501 (c)(3) organizations that increase public awareness and knowledge about environmental issues and provide the skills that participants in its funded projects need to make informed environmental decisions and take

responsible actions toward the environment. .

Funding Priority - Fiscal Year 2015: Funding priorities for fiscal years 2015 and 2016 are to award grants for both model, replicable projects and locally focused projects, and to award 25% of the appropriated grant funding to small grants of \$5000 or less through a sub-grant program.

Funding Priority - Fiscal Year 2016: Funding priorities for fiscal years 2016 and 2017 are to award grants for both model, replicable projects and locally focused projects, and to award 25% of the appropriated grant funding to small grants of \$5000 or less through a sub-grant program.

Funding Priority - Fiscal Year 2017: Funding priorities for fiscal year 2017 are to award grants for locally focused environmental education projects, and to award 25% of the appropriated grant funding to small grants of \$5000 or less through a sub-grant program.

Funding Priority - Fiscal Year 2018: Funding priorities for fiscal year 2018 are to award grants for locally focused environmental education projects, and to award 25% of the appropriated grant funding to small grants of \$5000 or less through a sub-grant program.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grant funds shall be used to establish an education program which shall include, at a minimum: (1) design, demonstration, or dissemination of environmental curricula and materials on specific topics for which there are no existing materials; (2) design and demonstration of field methods, practices, and techniques, including review of environmental and ecological conditions and analysis of environmental and pollution problems; (3) projects to understand and evaluate a specific environmental issue or a specific environmental problem; (4) provision of training or related education for teachers, faculty, or related personnel in a specific geographic area or region; and (5) design and demonstration of projects to foster international cooperation in addressing environmental issues and problems involving the United States and Canada or Mexico. Priority will be given to those projects which will develop: (a) a new or significantly improved environmental education practice, method, or technique; (b) an environmental education method which may have wide application; (c) an environmental education method which addresses skills or scientific fields identified as a priority in the report developed by the National Environmental Education Advisory Council; and (d) an environmental education project which addresses an environmental issue which, in the judgment of the Administrator, is of a high priority. More specific priorities are listed above under Objectives and are specified in the annual Solicitation Notice. Restrictions: No funds made available for this program shall be used for technical training of environmental management professionals; for advocacy or lobbying; for acquisition of real property (including buildings); or the construction or substantial modification of any building. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <https://www.epa.gov/geospatial>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009. Generally this program makes Federal awards on a discretionary basis. For further information, please contact the Headquarters or regional office.

Applicant Eligibility:

Assistance under this program is generally available to local education agencies, colleges and universities, state education and environmental agencies, nonprofit organizations described in Section 501(c)(3) of the Internal Revenue

Service, and noncommercial educational broadcasting entities as defined and licensed by the Federal Communications Commission. Applicant organizations must be located in the United States or territories and the majority of the educational activities must take place in the United States, Canada, or Mexico. "Tribal education agencies" that are eligible to apply include a school or community college which is controlled by an Indian tribe, band, or nation, which is recognized as eligible for special programs and services provided by the United States to Indians because of their status as Indians and which is not administered by the Bureau of Indian Education. Tribal organizations do not qualify unless they meet that criteria or the environmental agency or non-profit criteria listed above. The terms for eligibility are defined in Section 3 of the Act and 40 CFR 47.105.

For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

Education (0-8), education (9-12), education (13+), nonprofit institutions.

Credentials/Documentation:

Documentation of nonprofit status may be required. Applicants must demonstrate that they have appropriate background, academic training, and experience in the field, and may be asked to demonstrate the necessary equipment or facilities to carry out the project. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

The annual solicitation notice for proposals and grant tutorials are available on the Agency's website listed below. This program is excluded from coverage under E.O. 12372. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applications are accepted for one or two solicitations on an annual grant cycle and are due at the deadline(s) stated in each solicitation. Applicants submit an application package in the format required in the annual Solicitation Notice(s). Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>. After being submitted to [grants.gov](http://www.grants.gov), some applications will be reassigned by the EE Grants Manager to the appropriate EPA Regional Offices, depending on specifications in each Solicitation Notice and where the project activities will take place.

Award Procedure:

Applications for Environmental Education assistance agreements will be evaluated by the appropriate EPA Headquarters or Regional Offices based on where the proposed project will take place and the nature of the awards as described in the solicitation notice. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. The Agency will then advise the applicant if funding is being considered. A final work plan will then be negotiated with the applicant. All awards are competed through the annual announcement(s) and no proposals are awarded non-competitively.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

None. Grants proposals are solicited and evaluated annually on a competitive basis. Therefore, applicants should not plan for renewals.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: In accordance with the National Environmental Education Act (Public Law 101-619), federal funds for any project under this section shall not exceed 75 percent of the total cost of such project. The project has a 25 percent non-federal match required by statutory formula. For the purposes of this section, the non-federal share of project costs may be provided by cash or by in-kind contributions and other non-cash support.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

One or two year project periods are possible in this program, depending upon the nature and complexity of the project. Activities must be completed within the time frame of the budget period agreed upon at the time of the award. Two or more concurrent grants to the same organization for the same project are not allowed in this program. Grants are usually fully (rather than incrementally) funded. This determination is made by the EPA. See the following for information on how assistance is awarded/released: At a rate needed by the grantee, downloaded by them from an account established at the start of the project period.

Reports:

No program reports are required. No cash reports are required. Recipients of grants are expected to submit progress reports on at least a semi-annual basis. Final reports and two copies of all grants products are due within 90 days of the close of the budget period. Expenditure reports are required. Performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-federal entities that expend \$750,000 or more in a year in Federal awards shall have a single or a program specific audit conducted for that year. Non-federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each assistance agreement, must be kept available to personnel authorized to examine EPA assistance accounts. All records must be maintained until the expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as the result of an audit, related records should be retained until the matter is completely resolved.

77.008 U.S. NUCLEAR REGULATORY COMMISSION SCHOLARSHIP AND FELLOWSHIP PROGRAM

NRC Scholarship/Fellowship and Faculty Development Program

FEDERAL AGENCY:

Nuclear Regulatory Commission

AUTHORIZATION:

The Energy Policy Act of 2005, Section 651 (c)(1), Public Law 109-58, 119 Stat. 801, 42 U.S.C 2051 (b).

OBJECTIVES:

This Scholarship and Fellowship program provides funding for undergraduate scholarships, graduate fellowships, and trade school and community college scholarships. In addition, faculty development grants are funded under this authority as explained below. The program allows students to pursue an education in science, engineering, or another field of study that the Commission determines is in a critical skill area related to its regulatory mission. The trade school and community college scholarship program supports certificates or Associate degrees in crafts/disciplines necessary for developing and maintaining a nuclear workforce.

This activity is intended to benefit the nuclear industry broadly. NRC requires scholarship and fellowship students to comply with a service obligation agreement for a period of 6 months for every year or partial year of support received. However, the NRC may establish criteria for the partial or total waiver or suspension of any obligation of service or payment incurred by a student. The employment may be with the NRC, other Federal agencies, State agencies, nuclear-related industry, or academia in the students sponsored fields of study. Recipients of scholarship and fellowships must commit to the service obligation agreement.

The program also supports faculty development in the nuclear-related fields of Nuclear Engineering, Health Physics, Radiochemistry and related disciplines as determined by the NRC. The program specifically targets probationary, tenure-track faculty in these academic areas during the first 6 years of their career.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

This program provides funding to accredited post-secondary schools and institutions of higher education to provide scholarships, fellowships, and stipends to develop a cadre of professionals, and a workforce capable of supporting the design, construction, operation, and regulation of nuclear facilities and the safe handling of nuclear materials. Faculty development grants provide support for developing applications for research, small amounts for initiating or continuing research projects in their areas of expertise, and expenses associated with an institutions faculty development plan.

Funds are managed by the awardee institution. Primary responsibility for general supervision of all grant activities rests with the grantee institution. Funds may not be used for purposes other than those specified in the award. Fellowships, scholarship and stipends are paid to the students and fellows directly through his/her institution. Scholarship and fellowship recipients are required to comply with a service obligation agreement for a period of 6 months for every year or partial year of support received.

Applicant Eligibility:

Applicants must be a U.S. public or private institutions of higher education, accredited by the U.S. Department of Education.

Beneficiary Eligibility:

Individual Recipients must be undergraduate and graduate students of accredited U.S. public or private institutions of higher education. Candidates for the Faculty Development program are targeted for probationary, tenure-track faculty in nuclear related fields during the first 6 years of their career. All recipients must be U.S. citizens or noncitizen national of the U.S. or have been lawfully admitted to the U.S. for permanent residence (i.e., in possession of a currently valid Alien Registration Receipt Card I-551, or other legal verification of such status).

Credentials/Documentation:

Administration and cost will be determined in accordance with guidance in 2 CFR 200 for institutions of higher education. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

77.009 U.S. NUCLEAR REGULATORY COMMISSION OFFICE OF RESEARCH FINANCIAL ASSISTANCE PROGRAM

NRC Office of Research Grant and Cooperative Agreement Program

FEDERAL AGENCY:

Nuclear Regulatory Commission

AUTHORIZATION:

Energy Policy Act of 2005, Section 651(c), Public Law 109-58, 119 Stat. 801, 42 U.S.C. 2051(a)(b).

OBJECTIVES:

The Office of Nuclear Regulatory Research (RES) furthers the regulatory mission of the NRC by providing technical advice, technical tools and information for identifying and resolving safety issues, making regulatory decisions, and promulgating regulations and guidance. RES conducts independent experiments and analyses, develops technical bases for supporting realistic safety decisions by the agency, and prepares the agency for the future by evaluating safety issues involving current and new designs and technologies. RES develops its program with consideration of Commission direction and input from the program offices and other stakeholders.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:

This program provides funding to educational institutions, nonprofit organizations, State and local governments, and professional organizations. The award recipient bears primary responsibility for general supervision of all financial assistance activities. Funds may not be used for purposes other than those specified in the award.

CRITERIA FOR SELECTING PROPOSALS:

Selection for support by the Office of Research through financial assistance methods are made to basic, advanced, and developmental scientific programs where the purpose is to create new or further define existing paradigms within the nuclear industry.

Factors generally indicating support through financial assistance methods:

- the primary purpose of the proposal is to aid or support the development of knowledge or understanding of the subject or phenomena under study;
- the exact course of the work and its outcome are not defined precisely and specific points in time for achievement of significant results may not be specified;
- the nature of the proposed work is such that the recipient will bear prime

responsibility for the conduct of the research and will exercise judgment and original thought toward attaining the scientific goals within broad parameters of the research areas proposed and the related resources provided;

- meaningful technical reports can be prepared only as new findings are made; and
- simplicity and economy in execution and administration are mutually desirable.

DEPARTMENT OF ENERGY

81.003 GRANTING OF PATENT LICENSES

(DOE Patents Available for Licensing)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Department of Energy Organization Act of 1977, as amended, Public Law 95-91, 42 U.S.C. 7101 ; Public Law 96-517, 35 U.S.C. 207, 208, 209; Atomic Energy Act of 1954, Sections 156 and 161(g), as amended, Public Law 83- 703, 68 Stat. 919, 42 U.S.C. 2186 and 2201.

OBJECTIVES:

To encourage widespread utilization of inventions covered by DOE owned patents.

TYPES OF ASSISTANCE:

DISSEMINATION OF TECHNICAL INFORMATION

USES AND USE RESTRICTIONS:

Nonexclusive, revocable licenses are granted by Department of Energy (DOE) to responsible applicants with plans for development and/or marketing on approximately 1,500 DOE owned United State patents. Exclusive and partially exclusive licenses may also be granted. Similar licenses on approximately 200 DOE owned foreign patents may be accorded to United State citizens and corporations, and to others under terms and conditions which depend upon particular facts. Licenses for use or sale in the United States may normally be granted only to licensees that agree to substantial manufacture in the United States. Copies of U.S. patents may be obtained from the United States Patent and Trademark Office, Department of Commerce, Washington, DC 20231, for a modest fee.

Applicant Eligibility:

Individuals, firms, or corporations with satisfactory plans and intentions to commercialize the invention may apply.

Beneficiary Eligibility:

Individuals, firms, and corporations will benefit.

Credentials/Documentation:

Satisfactory plans for development and/or marketing of the invention. In the case of corporations, the State of incorporation. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. By letter to the Assistant General Counsel for Technology Transfer and Intellectual Property, DOE, Washington, DC 20585, identifying the patent by its number, together with information as to: (1) The nature and type of the applicant's business; (2) the purpose for which the license is desired together with documentation as to the applicant's plan for development and/or marketing of the invention to achieve that purpose; (3) the geographical areas in which the applicant will practice the invention; (4) the applicant's willingness to render periodic reports on the use of the licensed subject matter; (5) the applicant's status as a small business firm, minority business, or other; and (6) remittance of a \$25 processing fee for each license requested.

Award Procedure:

Patent licenses are issued by the Office of the Assistant General Counsel for

Technology Transfer and Intellectual Property, DOE.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Normally three months for nonexclusive licenses; somewhat longer for exclusive licenses.

Appeals:

Applicants denied a license and revoked licensees have the right to appeal in accordance with 10 CFR 781 by filing notice of appeal within 30 days. Appeals board is designated upon filing of notice of appeal.

Renewals:

Licenses may be renewed upon reapplication, contingent on satisfactory performance.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

There are no funds obligated under this program. See the following for information on how assistance is awarded/released: There are no funds obligated under this program.

Reports:

81.041 STATE ENERGY PROGRAM (SEP)**FEDERAL AGENCY:**

Department of Energy

AUTHORIZATION:

Public Law 111-5 American Recovery and Reinvestment Act of 2009; Public Law 110140 Energy Independence and Security Act of 2007; Public Law 10958 Energy Policy Act of 2005; Public Law 102-486 Energy Policy Act of 1992; Public Law 95-91 Department of Energy Organization Act of 1977; Energy Policy and Conservation Act, Public Law 94-163, 42 U.S.C. 6321-6326.; National Energy Conservation Policy Act of 1978, Public Law 95-619 and Public Law 101-440; Balanced Budget Down Payment Act II of 1996, Public Law 104-134. ; Energy Policy and Conservation Act, Public Law 94-163, 42 U.S.C. 6321-6326; Department of Energy Organization Act of 1977, Public Law 95-91, 42 U.S.C. 7101.

OBJECTIVES:

The purpose of this program is to increase market transformation of energy efficiency and renewable energy technologies through policies, strategies, and public-private partnerships that facilitate their adoption and implementation. It also facilitates state-based activities, such as: financing mechanisms for institutional retrofit programs; loan program and management; energy savings performance contracting; comprehensive residential programs for homeowners; transportation programs that accelerate use of alternative fuels; and renewable programs that remove barriers and support supply side and distributed renewable energy.

The program provides financial and technical assistance to State governments to create and implement a variety of energy efficiency and conservation projects in order to provide leadership to maximize the benefits of energy efficiency and renewable energy through communications and outreach activities, technology deployment, and accessing new partnerships and resources across the geographic panorama of the United States and its territories. The programs objectives are:

- * To reduce fossil fuel emissions created as a result of activities within the jurisdictions of eligible entities;
- * To reduce the total energy use of the eligible entities; and
- * To improve energy efficiency in the transportation, building, and other sectors.

TYPES OF ASSISTANCE:

Dissemination of Technical Information; Formula Grants

USES AND USE RESTRICTIONS:

Formula Grants are to be used by States for the development, implementation, or modification of State plans submitted to and approved by DOE. To be eligible for Federal assistance, each State plan must contain the five program activities required by the Energy Policy and Conservation Act, Public Law 94-163; and may also include a wide range of optional activities.

- A wide variety of activities are eligible for use of the grant funds including:
- * Developing / implementing an energy efficiency and conservation strategy and retaining technical consultant services to assist in the development of such a strategy.
 - * Conducting residential and commercial building energy audits.
 - * Establishing financial incentive programs for energy efficiency improvements (e.g., loan programs, rebate programs, waive permit fees.)
 - * Providing grants to nonprofit organizations to perform energy efficiency retrofits.
 - * Developing / implementing programs to conserve energy used in

transportation (e.g., flex time by employees, satellite work centers, promotion of zoning requirements that promote energy efficient development, transportation infrastructure: bike lanes / pathways, pedestrian walkways, and synchronized traffic signals).

- * Developing and implementing building codes and inspection services to promote building energy efficiency.
- * Implementing energy distribution technologies.
- * Developing public education programs to increase participation and efficiency rates for recycling programs.
- * Purchasing/implementing technologies to reduce and capture methane and other greenhouse gases generated by landfills or similar sources.
- * Installing light emitting diodes (LEDs).
- * Developing, implementing, and installing renewable energy technologies on or in any government building.
- * Any other activity as determined by the Secretary of Energy in consultation with the Secretaries of Transportation and Housing and Urban Development and the Administrator of the Environmental Protection Agency. Funds cannot be used for the purchase of land, buildings or any interest therein; construction of buildings or structures; research, development or demonstration of non-commercially available technology; or subsidies of public transportation, fares, utility rate demonstrations or State tax credits for energy conservation.

Applicant Eligibility:

All States plus the District of Columbia, the U.S. Virgin Islands, Puerto Rico, Guam, Samoa, and the Commonwealth of the Northern Mariana Islands.

Beneficiary Eligibility:

The ultimate potential beneficiaries will be the people affected by the plan that each State develops. This is anticipated to be the State's population.

Credentials/Documentation:

Compliance with Federal, State and local environmental statutes and regulations, as required under the Energy Independence and Security Act of 2007. Only one application from each State, in compliance with State and local environmental statutes and regulations. Costs will be determined in accordance with 2 CFR Part 200 subpart E for State and local governments. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

No preapplication form or conference is required by DOE. A copy of the final State plan must accompany the grant application from the State. Consultation and assistance will be available from the DOE in the preparation of the application. Applicants for sub-awards from the states should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. States submit applications and plans (or amendment to plans) in response to 10 CFR 420 through the PAGE system (<https://www.page.energy.gov/login.aspx>).

Award Procedure:

Grant applications will be reviewed by DOE Office of Energy Efficiency and Renewable Energy personnel. Grant procedures are in accordance with Federal government regulations. Notification of grant awards will be issued by a DOE Procurement Office.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

As required under the Energy Independence and Security Act of 2007.

Renewals:

Renewals are subject to review by the DOE program office and subject to the availability of funds. Assistance will be provided from sums appropriated for any fiscal year only upon annual application.

Formula and Matching Requirements:

Statutory Formula: Title 10 Vol 3, Chapter II, Part 420, Subpart B Section 420.11, Public Law Energy Policy and Conservation Act 42 USC 6321 et seq. Matching Requirements: Percent: 20%. There is a 20 percent cost match requirement for the SEP, however leveraging of funds on the part of the recipient is encouraged. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Authorized funding is established by ECPA, NECPA, and ESA. Funds awarded annually are subject to Congressional appropriation, with no restriction on spending period. Funds are released through the Electronic Transfer System. Annual budget periods are set by each grantee within parameters established by DOE. See the following for information on how assistance is awarded/released: See award procedures above.

Reports:

No program reports are required. No cash reports are required. Quarterly progress and financial status reports are required along with a final report at the end of the project. Quarterly financial status reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Audit procedures in accordance with 2 CFR 200.501. In addition, audit requirements need to comply with the Energy Independence and Security Act of 2007 and DOE procurement procedures.

Department of Energy

AUTHORIZATION:

Public Law 111-5 American Recovery and Reinvestment Act of 2009; Public Law 110140 Energy Independence and Security Act of 2007; Public Law 10958 Energy Policy Act of 2005; Public Law 102-486 Energy Policy Act of 1992; Public Law 95-91 Department of Energy Organization Act of 1977; Public Law 94-385 "Energy Conservation and Production Act of 1976"; Title IV, Energy Conservation and Production Act; Energy Independence and Security Act of 2007; Energy Policy Act of 2005.

OBJECTIVES:

To improve home energy efficiency for low-income families through the most cost-effective measures possible. The programs additional objectives are:

1. To reduce fossil fuel emissions created as a result of activities within the jurisdictions of eligible entities; and
2. To reduce the total energy use of the eligible units while ensuring their health and safety.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Improvement of the thermal efficiency and cooling of dwellings by the installation of weatherization materials such as attic insulation, caulking, weather-stripping, furnace efficiency modifications, certain mechanical measures to heating and cooling systems, and replacement furnaces, boilers, and air-conditioners. Grantees may average expenditures per dwelling unit for materials, program support and labor costs not to exceed an average per unit of \$6,500 adjusted annually for inflation. Up to 10 percent of each grant may be spent by a Grantee and its subgrantees for administrative expenses (in the Formula Grants a Grantee may not use more than 5 percent of the total State grant for such purposes).

Applicant Eligibility:

States and Territories, including the District of Columbia, Puerto Rico, U.S. Virgin Islands, American Samoa, Guam, Commonwealth of the Northern Marianas, and, Native American tribal organizations (Navajo Nation, Northern Cheyenne, Intertribal Council of Arizona). In the event a State does not apply, a unit of general purpose local government, or community action agencies and/or other nonprofit agencies within that State becomes eligible to apply.

Beneficiary Eligibility:

All low-income households are eligible to receive weatherization assistance. A low-income household is one whose combined income falls at or below 200 percent of the Federal poverty level determined by the Office of Management and Budget's poverty income guidelines or the basis on which Federal, State, or local cash assistance payments have been made. A State may also elect to make all homes eligible under the HHS Low-income Home Energy Assistance Program (LIHEAP) eligible for weatherization assistance and may use either 150 percent of poverty or 60 percent of State median income.

Credentials/Documentation:

Compliance with Federal, State and local environmental statutes and regulations, as required under the Energy Independence and Security Act of 2007. The Department of Energy (DOE) requires that grantees meet certain statutory and administrative requirements which can be found in the Weatherization Program Rules available at 10 CFR Section 440 et al and from DOE offices. For Formula Grants, Governors or their designated agencies must apply for grants to the appropriate DOE office and submit State Plans and applications pursuant to State applications at 10 CFR part 440.12. Any household at or below 200% of poverty, per the modified statute, is considered low-income. About 15 million of all eligible households are good candidates for Weatherization. Priority service is given to the elderly, people with disabilities, and families with children. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

No preapplication form or conference is required by DOE. A copy of the final State plan must accompany the grant application from the State. Consultation and assistance will be available from the DOE in the preparation of the application. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. State applications for the WAP Program must be submitted through the PAGE system (<https://www.page.energy.gov/login.aspx>) to be considered for award.

Award Procedure:

Formula Grants: States and tribes will submit applications for available allocation. Grant applications will be reviewed by DOE Office of Energy Efficiency and Renewable Energy (EERE) personnel. Grant procedures will be in accordance with Federal government regulations. Notification of grant awards will be issued by the DOE Procurement Office and/or EERE personnel serving the applicant State. Project Grants: Evaluations will be conducted by an independent merit review committee and Federal employees. Final decisions to approve are made by ASEE, Program Manager and/or Designee. DOE Field Offices are then instructed to negotiate and prepare the grant award documents.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Submission deadlines will be published in the funding opportunity announcements at: <https://www.page.energy.gov/login.aspx>.

Appeals:

As required under 42 U.S.C. 6861 et. seq. and 10 CFR Section 440.

Renewals:

Renewals are subject to review by the DOE program office and subject to the availability of funds. Financial assistance will be provided from sums appropriated for any fiscal year only upon annual application.

Formula and Matching Requirements:

This program has no statutory formula. This program has no matching requirements. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Awards last between 3-5 years. Authorized funding is established by ECPA, NECPA and ESA. See the following for information on how assistance is awarded/released: No information was provided.

Reports:

No program reports are required. Cash reports are not applicable. Quarterly progress and financial status reports are required along with a final report at the end of the project. Quarterly financial reports are required. No performance

monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

The administrative requirements for DOE grants and cooperative agreements are contained in 2 CFR 200 as amended by 2 CFR 910 and 10 CFR Part 440.

81.049 OFFICE OF SCIENCE FINANCIAL ASSISTANCE PROGRAM
(Advanced Scientific Computing Research, Basic Energy Sciences, Biological

and Environmental Research, Fusion Energy Sciences, High Energy Physics, Nuclear Physics, Workforce Development for Teachers and Scientists, Small Business Innovation Research Program and Small Business Technology Transfer Program))

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Federal Nonnuclear Energy Research and Development Act of 1974, as amended, Public Law 93-577, 42 U.S.C. 5903 ; Atomic Energy Act of 1954, as amended, Section 31, Public Law 83-703, 42 U.S.C. 2051; Energy Policy Act of 2005, as amended, Public Law 109-58, 42 U.S.C. 16311; Department of Energy Organization Act, as amended, Public Law 95-91, 42 U.S.C. 7256 ; Energy Reorganization Act of 1974, as amended, Title I, Section 107, Public Law 93-438, 42 U.S.C. 5817; Small Business Act, as amended, Public Law 85-536, 15 U.S.C. 638.

OBJECTIVES:

The mission of the DOE Office of Science is to deliver the scientific discoveries and major scientific tools to transform our understanding of nature and advance the energy, economic, and national security of the United States.

TYPES OF ASSISTANCE:

Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

See information at <http://science.energy.gov/>. Financial assistance, in whole and in part, may be provided for such purposes as salaries, materials and supplies, equipment, travel, publication costs, services, and other direct and indirect costs required for conducting research, research-related activities, and advanced technology projects or assessments described in the selected application. Restrictions on use of funds are specified in the governing federal and agency-specific financial assistance regulations and terms and conditions incorporated in individual financial assistance awards.

Applicant Eligibility:

Except where a program solicitation establishes more restrictive eligibility criteria, individuals and organizations in the following categories may submit proposals: Institutions of higher education; National Laboratories; Nonprofit and for-profit private entities; State and local governments; and consortia of entities described above.

Beneficiary Eligibility:

None.

Credentials/Documentation:

Applications must be signed electronically by an official authorized to commit the institution or organization in business and financial affairs and who can commit the organization to certain National Policy Assurances to be incorporated as award terms in effect on date of award at <https://www.nsf.gov/awards/managing/rtc.jsp>. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The Office of Science utilizes an automated system, the Portfolio Analysis and Management System (PAMS), to manage the grants applications and award process. An application will automatically transfer from Grants.gov into PAMS for processing. In order to manage the application in PAMS, applicants must register at <https://pamspublic.science.energy.gov>.

Award Procedure:

After selections, DOE may negotiate a financial assistance award with the selected applicant. Only a DOE Contracting Officer is authorized to approve financial assistance agreement.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Normally, 6 months from receipt of grant application. Every funding opportunity announcement published at <https://www.grants.gov> will detail its anticipated notification schedule.

Appeals:

None.

Renewals:

Renewal applications must be submitted no later than six months prior to the scheduled expiration of the project period and must include a separate section that describes the results of work accomplished through the date of the renewal application (see 10 CFR 605.9). Renewal applications shall be submitted electronically in response to a Funding Opportunity Announcement through Grants.gov at <https://www.grants.gov>.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements. Cost sharing requirements of Section 988 of the Energy Policy Act of 2005 are waived for financial assistance awards funding research of a basic and fundamental nature issued pursuant to 10 CFR 605. Financial assistance research awards that are not issued pursuant to 10 CFR 605 are subject to the cost sharing requirements of Section 988 of the Energy Policy Act of 2005 unless waived. The cost sharing requirements of Section 988 of the Energy Policy Act of 2005 do not apply to the Small Business Innovation Research/Small Business Technology Transfer research award.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Generally, financial assistance awards are awarded as a three-year project period composed of three one-year budget periods that are either fully funded at the time of award or funded on an annual basis. Generally, funding restrictions are placed on fully-funded awards with planned annual funding releases. In both cases, funding/funding releases are authorized based on criteria established in the individual award terms and conditions including adequate progress and availability of funds, if applicable. See the following for information on how assistance is awarded/released: The Office of Science Integrated Support Center - Chicago is responsible for negotiating and awarding the financial assistance awards. The awards will be issued utilizing DOE's electronic Strategic Integrated Procurement Enterprise System (STRIPES). The recipient will receive notification of availability of an approved financial assistance through STRIPES communication portal, Fedconnect.

Reports:

Typically, recipients are required to submit a final technical report as specified in the individual award terms and conditions. Quarterly and final SF 425, Federal Financial Reports, must be submitted as specified in the individual award terms and conditions. Typically, recipients are required to submit a Research Performance Progress Report (RPPR) on an annual basis through PAMS as specified in the individual award terms and conditions. Quarterly financial SF 425, Federal Financial Reports, must be submitted as specified in the individual award terms and conditions. Typically, recipients are required to submit a Research Performance Progress Report (RPPR) on an annual basis through PAMS as specified in the individual award terms and conditions.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. -as stated above.

81.079 REGIONAL BIOMASS ENERGY PROGRAMS

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Public Law 111-5 American Recovery and Reinvestment Act of 2009; Public Law 110140 Energy Independence and Security Act of 2007; Public Law 10958 Energy Policy Act of 2005; Public Law 102-486 Energy Policy Act of 1992; Public Law 95-91 Department of Energy Organization Act of 1977, Public Law 91-95; Water Development Appropriations Act, Public Law 500-99.

OBJECTIVES:

This program is designed to help meet the goal of significantly increasing America's use of fuels, chemicals, materials, and power made from domestic biomass on a sustainable basis. This is a Congressionally-directed project. Funding is not available to the general public.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Assistance may be used to develop and transfer any of several biomass energy technologies to the scientific and industrial communities. For regional programs, such technologies will be appropriate for the needs and resources of particular regions of the United States.

Applicant Eligibility:

Profit organizations; private nonprofit institutions/organizations; intrastate,

interstate, State and local government agencies, and universities may apply.

Beneficiary Eligibility:

Profit organizations; private nonprofit institutions/organizations; intrastate, interstate, State and local government agencies, universities will benefit.

Credentials/Documentation:

Costs will be determined in accordance with 2 CFR 200 subpart E. 2 CFR 200, Subpart E - Cost Principles applies to this program.

81.086 CONSERVATION RESEARCH AND DEVELOPMENT

Energy Efficiency (EE)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Public Law 111-5 American Recovery and Reinvestment Act of 2009; Public Law 110140 Energy Independence and Security Act of 2007; Public Law 10958 Energy Policy Act of 2005; Public Law 102-486 Energy Policy Act of 1992; Public Law 95-91 Department of Energy Organization Act of 1977; Federal Nonnuclear Energy Research and Development Act of 1974, Public Law 93-577; Public Law 95-911 and Public Law 97-377. ; American Recovery and Reinvestment Act of 2009; Department of Energy Organization Act of 1977, as amended; Federal Nonnuclear Energy Research and Development Act of 1974, Public Law 93-577.

OBJECTIVES:

The goal of this program is to conduct a balanced, long-term research effort in Buildings Technologies, Industrial Technologies, Vehicle Technologies, Solid State Lighting Technologies, and Advanced Manufacturing Technologies. Grants and cooperative agreements will be offered on a competitive basis to develop and transfer various energy conservation technologies to the non-federal sector.

Submission deadlines will be published in the funding opportunity announcements on EERE Exchange at <https://eere-exchange.energy.gov/> Funding Opportunity Announcements are also posted at the grants.gov website at <http://www.grants.gov>.

TYPES OF ASSISTANCE:

Project Grants; Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Assistance may be used in the form of cooperative agreements, or grants to nonprofit institutions and organizations to develop and transfer energy conservation technologies to the scientific and industrial communities, States, and local governments.

Applicant Eligibility:

For-profit organizations, private nonprofit institutions/organizations, State and local governments may apply.

Beneficiary Eligibility:

For-profit organizations, private nonprofit institutions/organizations, State and local governments benefit.

Credentials/Documentation:

The application forms must be downloaded from the specific funding opportunity announcement posted on the EERE Exchange (<https://eere-exchange.energy.gov/>) website or grants.gov website at <http://www.grants.gov/> and submitted per instructions in the funding opportunity announcement.

Award Procedure:

All applications which pass an initial review will receive an objective merit review. The objective merit review will be based on evaluation criteria set forth in the competitive solicitation or criteria set forth in 2 CFR Part 200 as amended by 2 CFR 910. Evaluations will be conducted by Energy Efficiency and Renewable Energy (EERE) program personnel at DOE Headquarters in Washington, DC. This responsibility may also be delegated to DOE Field Offices. Final decisions will be made by the EERE Assistant Secretary, Deputy Assistant Secretaries, and the Director of the Federal Energy Management Program.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Submission deadlines will be published on the EERE Exchange (<https://eere-exchange.energy.gov/>) website and in the funding opportunity announcements at <http://www.grants.gov> From 60 to 120 days.

Appeals:

Unsuccessful applicants are entitled to a debriefing by DOE program officials with a clear explanation of why the proposal was not accepted for funding.

Renewals:

Grants may be modified or extended.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: This program has statutorily required cost share percentages based on project type:

Education & Outreach 0%, Research & Development 20%, Demonstration and Commercialization 50%.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Award project periods range from 1 to 3 years. See the following for information on how assistance is awarded/released: No additional information is provided.

Reports:

No program reports are required. No cash reports are required. Quarterly progress reports, and a final report at the conclusion of the grant time period. Quarterly expenditure reports (SF-425), and a final report at the conclusion of the grant time period are required. No performance monitoring is required.

Audits:

Assistance may be used to develop and transfer renewable energy technologies to the scientific and industrial communities, State, and local governments.

Applicant Eligibility:

For-profit organizations, private nonprofit institutions/organizations, intrastate, interstate, and local agencies and universities may apply.

Beneficiary Eligibility:

For-profit organizations, private nonprofit institutions/organizations, intrastate, interstate, State and local agencies and universities will benefit.

Credentials/Documentation:

No Credentials or documentation are required. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Application due dates will be posted in the individual funding opportunity announcements posted at <https://eere-exchange.energy.gov/> and <http://www.grants.gov>. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The cost principles and award regulations that apply to this program are contained in 2 CFR 200 as amended by 2 CFR 910.

The application forms must be downloaded from the specific funding opportunity announcement posted on the grants.gov website at <https://eere-exchange.energy.gov/> and <http://www.grants.gov/> and submitted per instructions in the funding opportunity announcement.

Award Procedure:

All applications which pass an initial review will receive an objective merit review. The objective merit review will be based on evaluation criteria set forth in the competitive solicitation(s) or criteria set forth in 2 CFR Part 200 for Unsolicited Proposals. Evaluations will be conducted by Energy Efficiency and Renewable Energy (EERE) program personnel at DOE Headquarters in Washington, DC. This responsibility may also be delegated to DOE Field Offices. Final decisions will be made by the EERE Assistant Secretary, Deputy Assistant Secretaries, and the Director of the Federal Energy Management Program.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Submission deadlines will be published in the funding opportunity announcements at <https://eere-exchange.energy.gov/> and <http://www.grants.gov> From 60 to 180 days.

Appeals:

Unsuccessful applicants are entitled to a debriefing by DOE program officials with a clear explanation of why the proposal was not accepted for funding.

Renewals:

Renewals are subject to review by the headquarters program office and subject to the availability of funds.

Formula and Matching Requirements:

Statutory Formula: Title Energy Policy Act 2005, Chapter Section 998. This program has statutorily required cost share percentages based on project type: Education & Outreach 0%, Research & Development 20%, Demonstration and Commercialization 50%.

Matching Requirements: This program has statutorily required cost share percentages based on project type:

Education & Outreach 0%, Research & Development 20%, Demonstration and Commercialization 50%.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Award project periods range from 1 to 3 years. See the following for information on how assistance is awarded/released: No further information is available.

Reports:

No program reports are required. No cash reports are required. Quarterly progress reports, and a final report at the conclusion of the grant time period. Quarterly expenditure reports (SF-425), and a final report at the conclusion of the grant time period. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Audit procedures in accordance with 2 CFR 200 subpart F and the for-profit entity audit requirements in 2 CFR 910.501. In addition, audit requirements need to comply with the Energy Independence and Security Act of 2007 and DOE procurement procedures.

81.104 ENVIRONMENTAL REMEDIATION AND WASTE PROCESSING AND DISPOSAL

Environmental Management

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Hazardous Materials Transportation Uniform Safety Act of 1990, Public Law 101-615; Department of Energy Organization Act of 1977, as amended, Public Law 96-573; Low-Level Radioactive Waste Policy Act, Public Law 99-240; Energy Reorganization Act of 1974, Public Law 93-438; Atomic Energy Act of 1954, Section 31, as amended, Public Law 83-703.

OBJECTIVES:

The Environmental Management Research and Development Program provides for the development of technologies to safely expedite tank waste processing and tank closure, remediation of contaminated groundwater and soil, disposition of nuclear materials and spent (used) nuclear fuel, and deactivation and decommissioning of contaminated excess facilities. The Environmental Management Research and Development program transforms science and innovation into practical solutions for environmental cleanup. The new technologies will transform the Environmental Management cleanup effort by reducing risk (technological, environmental, safety, and health), schedule, and cost. The Environmental Management Research and Development program focuses on resolving technical challenges with an overall emphasis on transformational technical solutions in response to the highest priority needs of Environmental Management sites. Applied engineering and research demonstrating the technical feasibility of high-risk, high-payoff technologies are included. The Environmental Management Research and Development program matures technologies from concept/basic science through feasibility assessment and technology development (bench scale and scale-up testing and flow-sheet evaluation), then production-level demonstration, and finally to full deployment.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:

Financial assistance is provided in support of the program objectives. Restrictions on the use of funds depend on the provisions of the specific project agreement. Applicants must meet the guidelines established by DOE or contained in the specific Congressional authorization for a particular program being supported.

Applicant Eligibility:

Public, quasi-public, private industry, individuals, groups, educational institutions, organizations, and nonprofit organizations may apply including State or local level governments, federally recognized Indian tribal governments, and institutions in U.S. Territories and possessions may apply. Determinations are made by DOE EM Headquarters or EM Field Offices, or both.

Beneficiary Eligibility:

States, affected Indian tribes, regional organizations, (including U.S. Territories) local governments, and the public will benefit.

Credentials/Documentation:

Cost will also be determined in accordance with OMB Circular No. A-21 for institutions of higher education or as otherwise defined in the financial assistance instrument. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. A formal proposal by the organization interested in doing the work must be submitted through an appropriate official of the corporate entity, organization, or institution. Financial assistance requests will be reviewed pursuant to the Office of Environmental Management Merit Review System (May 5, 1991) and the DOE Financial Assistance Manual, as amended.

Award Procedure:

Award decisions may be made by DOE Headquarters throughout the fiscal year.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The approximate approval/disapproval time is from 2 months to 1 year.

Appeals:

Not Applicable.

Renewals:

From 120 to 180 days. Proposals for renewal are subject to review and acceptance by DOE Headquarters, the field, or both.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Match requirements will be determined depending upon the award.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Length and time phasing of assistance will vary with the program phase and activity. The maximum term of an award is 5 years. Method of awarding/releasing assistance: lump sum.

Reports:

Program reports are not applicable. Cash reports are not applicable. At a minimum annual progress reports are required. Frequency of progress reports will be determined at time of award. Expenditure reports will be required. The type and frequency will be determined at time of award. Performance monitoring will be determined at time of award.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit

Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Costs incurred are subject to audit throughout the contract or grant period and before final close-out. The extent and frequency of audits depend on the size of the contract/grant and the specific contract/grant provisions.

Records:

A grantee is expected to maintain auditable records to substantiate the total costs incurred under the grant or cooperative agreement. In addition, if cost sharing is required, the grantee is also expected to maintain auditable records for the cost sharing portion of the award.

Account Identification:

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: Tank Waste

Develop the technical basis to identify, evaluate, and recommend cost-effective and environmentally-acceptable strategies and technologies to characterize, mitigate, and manage Technetium-99 in tank waste, including removal of Technetium-99 processing recycle streams.

Develop predictive tools to predict and demonstrate the performance of alternate waste forms, support the Cementitious Barriers Partnership, continue long-term glass studies, and develop improved capabilities such as computational fluid dynamic tools to optimize slurry mixing and transport waste loading including investigation and development of novel mixing methods.

Pursue technical efforts to develop strategies and technologies to understand, evaluate, optimize scale, and accelerate tank waste characterization and continue development of targeted cleaning methods thus enabling waste processing and tank closure schedules to be accelerated and costs reduced. Identify, develop, evaluate, and demonstrate near-source tank separations, treatment and removal technologies for mercury and radionuclides of interest for possible development at the Hanford and/ or Savannah River Sites.

Begin efforts to demonstrate that a commercially available ion exchange technology for removing Cs-137 can be technically modified to treat the Savannah River Site highly radioactive waste tanks. Use of the technology will accelerate tank closure.

Nuclear Waste Management and Disposition

Build on previous aging management efforts to monitor safe storage of Spent Nuclear Fuel. New Technology will support requirements for NRC license. Conduct deep borehole field test.

Soil and Groundwater Remediation

Support the utilization of Advanced Simulation Capability for Environmental Management initially at the Los Alamos National Laboratory, the Savannah River Site, and the Nevada National Security Site.

Test and demonstrate the multi-agency exit strategy for pump and treat systems.

Complete pilot demonstration of a new paradigm for a long-term monitoring using master geochemical variables.

Complete the initial laboratory-scale evaluations of in-situ stabilization methods for elemental mercury in soil.

Complete the update of the conceptual model for mercury contamination at the Oak Ridge Reservation.

Deactivation and Decommissioning

Develop the prerequisite level of project plans to facilitate and initiate

development of next generation remote and robotic platforms and smart tooling systems to improve efficiency of decontamination and demolition operations.

Continue development/testing of the GrayQb 3-D Radiation Mapping Device to validate and provide real time intensity and location readouts. Develop and test automated digital non-destructive assay methods optimization resulting in near-real time defensible data.

Develop and test advanced coatings and materials to significantly reduce/eliminate radiolysis effects in radiological waste containment bags. Conduct final testing and seek commercialization of incombustible agents and fixatives with delivery systems for remote decontamination operations.

Develop, test and conduct a pilot project, installing reliable sensors and remote network systems for long-term monitoring of containment release and movement from permanently entombed D&D facilities.

Continue with further application of the ISD Sensor Network at entombed and/or facilities awaiting entombment to establish data to augment the existing compliance monitoring network. Fiscal Year 2017: Tank Waste

Develop the technical basis to identify, evaluate, and recommend cost-effective and environmentally-acceptable strategies and technologies to characterize, mitigate, and manage Technetium-99 in tank waste, including removal of Technetium-99 processing recycle streams.

Develop predictive tools to predict and demonstrate the performance of alternate waste forms, support the Cementitious Barriers Partnership, continue long-term glass studies, and develop improved capabilities such as computational fluid dynamic tools to optimize slurry mixing and transport waste loading including investigation and development of novel mixing methods.

Continue with further application of the ISD Sensor Network at entombed and/or facilities awaiting entombment to establish data to augment the existing compliance monitoring network. Fiscal Year 2018: Program activities include:

Continue to fund projects in that support innovations and enhancements in the areas of tank waste and nuclear waste management, soil and groundwater remediation, and deactivation and decommissioning activities.

Provide additional funding in the areas of Technetium-99, mercury, Cesium-137 and Strontium-90, the creation and operation of test beds, and integration of advanced tooling for enhanced worker safety and productivity, as outlined below:

Technetium-99

Validate Technetium-99 mass balance for integrated disposal facility acceptance

Complete development of non-perchnetate sensor

Develop Technetium-99 biogeochemical remediation approaches

Mercury

Complete pre-demolition and demolition assessment for efficacy of debris sorting to segregate mercury-bearing waste

Complete development of caps, reactive liners, and chemical amendments for mercury disposal cells

Cesium-137 and Strontium-90

Start and complete Savannah River Site tank closure cesium removal demonstration project

Test Bed: Low Activity Tank Waste Disposition

Complete test bed for low activity waste at Hanford

Enhanced Worker Safety (Science of Safety)

Complete test bed to demonstrate robotics at Portsmouth for pipe inspection and other critical decommissioning work activities

Start robotic test bed demonstration robotics at Savannah River Site

H-Canyon air exhaust tunnel inspection.

81.106 TRANSPORT OF TRANSURANIC WASTES TO THE WASTE ISOLATION PILOT PLANT: STATES AND TRIBAL CONCERNS, PROPOSED SOLUTIONS

Transport of Transuranic Wastes to the Waste Isolation Pilot Plant: States and Tribal Concerns, Proposed Solutions

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

National Security and Military Application of Nuclear Energy Authorization Act, Public Law 96-164, Public Law 96-164; Waste Isolation Pilot Plant Land Withdrawal Act, 102-579, as amended by Waste Isolation Pilot Plant Withdrawal Act, Public Law 104-201, Public Law 104-201.

OBJECTIVES:

To enlist cooperation among the Tribal and the Southern, Western, and Midwest state governments along the Waste Isolation Pilot Plant (WIPP) shipping corridors in developing plans and procedures for the safe and uneventful transportation of transuranic waste from current temporary storage facilities to the WIPP.

TYPES OF ASSISTANCE:

Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

The participating States, tribes, and the DOE will work to develop, coordinate, and implement activities in accident prevention, emergency preparedness, and public information programs to help ensure the safe transportation of transuranic waste to the WIPP site and safe disposal operations. Financial assistance is provided to support cooperation among the tribes, the Southern, Western, and Midwestern states along the WIPP shipping corridors, in developing plans and procedures for the safe uneventful transportation of transuranic waste from current temporary storage facilities to WIPP. Restrictions on the use of these funds depend on the specific collaborative agreement. Applicants must meet the guidelines established by DOE.

Applicant Eligibility:

Eligibility is restricted by action of the Western Governors' Association, Southern States Energy Board, the State of New Mexico, Council of State Governments (midwest region), and tribal governments along WIPP

transportation routes. DOE administers agreements with 10 southern State governments, and two Midwest state governments. The Western Governors' Association is the negotiating body for 12 western states on the WIPP transportation route. Each tribal government on the WIPP transportation route elected to represent themselves. Participation in this program is restricted to the above list of organizations and to the affected tribal governments.

Beneficiary Eligibility:

Benefits from this program will go to DOE and the State and tribal governments located on the WIPP disposal phase shipping corridor.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Environmental impact information may be required for the WIPP route road repairs only. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. After informal communication, a formal proposal by the applicant is submitted to the DOE Carlsbad Field Office. Note: All eligible parties are participating in the program and applications from others will not be accepted.

Award Procedure:

Decisions are made by DOE Carlsbad Field Office. Award documents are then prepared.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

Renewals:

Awards to state and tribal governments may be renewed as long as WIPP shipments are still being transported through those states or tribes.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Schedule for DOE payments will be established during negotiations. See the following for information on how assistance is awarded/released: After receipt and review of the recipient's proposal, the award document is prepared and issued to the recipient.

Reports:

Quarterly financial reports are submitted using SF-425. Quarterly/Annual progress reports containing accomplishments and information on cost status. No cash reports are required. Progress reports are required quarterly and annually. A reporting schedule will be established during negotiations. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Audit reports are to be provided to DOE.

Records:

The grantee is expected to maintain records to fulfill auditing needs in accordance 2 CFR 200.

81.108 EPIDEMIOLOGY AND OTHER HEALTH STUDIES FINANCIAL ASSISTANCE PROGRAM

Health Studies

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Atomic Energy Act of 1954, as amended, Section 31, Public Law 83-703, 68 Stat. 919, 42 U.S.C. 2051; Federal Nonnuclear Energy Research and Development Act of 1977, as amended, Public Law 95-91, 42 U.S.C. 7101; Energy Reorganization Act of 1974, Title I, Section 107, Public Law 93-438, 88 Stat. 1240, 42 U.S.C. 5817.

OBJECTIVES:

To provide financial support for research, education, conferences, communication, and other activities relating to the health of Department of Energy workers, as well as other populations potentially exposed to health hazards associated with energy production, transmission, and use.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Financial support, in whole or in part, may be provided for such purposes as the

salaries, materials and supplies, equipment, travel, publication costs, training costs, and services required for conducting research, training, related activities, and advanced technology projects or assessments. Restrictions on use of funds depend on award provisions. Support is provided for work in such areas as the health experience of DOE and DOE contractor workers; health experience of populations living near DOE facilities; health experience of workers exposed to toxic substances; use of biomarkers to recognize exposure to toxic substances; conduct of epidemiologic and other health studies relating to energy production, transmission, and use (including electromagnetic fields) in the United States and abroad; compilation, documentation, management, use, and analysis of data for the DOE Comprehensive Epidemiologic Data Resource; and other systems or activities enhancing these areas, as well as other program areas as may be described by notice published in the Federal Register.

Applicant Eligibility:

Colleges and universities, businesses, and nonprofit institutions may apply.

Beneficiary Eligibility:

Colleges and universities, businesses, and nonprofit institutions will benefit.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-21 for institutions of higher education. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. A formal application by the principal investigator interested in doing the work is required. If submitted on behalf of an institution, the application should be sent through the appropriate administrative official. In the case of any competitive solicitations issued under this program, the application forms must be downloaded from the specific funding opportunity announcement posted on the Grants.gov web-site at <http://www.grants.gov/>.

Award Procedure:

Decisions to approve are made by the Headquarters Program Director. DOE procurement offices are then instructed to negotiate and prepare an appropriate award document.

81.112 STEWARDSHIP SCIENCE GRANT PROGRAM

Stewardship Science Academic Alliances Programs (SSAP)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Atomic Energy Act of 1954, as amended, Section 31, Public Law 83-703, 68 Stat. 919, 42 U.S.C. 2051; Energy Reorganization Act of 1974, Title 1, Section 107, Public Law 93-438, 88 Stat. 1240, 42 U.S.C. 5817; Federal Nonnuclear Energy Research and Development Act of 1974, Public Law 93-577; Department of Energy Organization Act of 1977, as amended, Public Law 95-91, 42 U.S.C. 7101.

OBJECTIVES:

(1) To grow the U.S. scientific community through university involvement in areas of fundamental science and technology relevant to stockpile stewardship;

(2) to promote and sustain scientific interactions between the academic community and scientists at the NNSA laboratories; (3) to train scientists in specific areas of long-term research relevant to stockpile stewardship; (4) to increase the availability of unique experimental facilities sited at NNSA's laboratories to the academic community, particularly for collaborations in areas of relevance to stockpile stewardship; and (5) to develop and maintain a long-term recruiting pipeline to NNSA's laboratories by increasing the visibility of NNSA's Defense Program's scientific activities to the U.S. faculty and student communities.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:

Financial support in whole or in part may be provided for such purposes as the salaries, materials and supplies, equipment, travel, publication costs, training costs, and services required for conducting research, training, related activities, and advanced technology projects or assessments. Funding is provided for basic and applied research in the field of physical science in support of the DOE stockpile stewardship program. Restrictions on use of funds depend on grant provisions. Funding is provided for the purpose of exploring an idea that does not unnecessarily duplicate work already in progress or contemplated by DOE, is not already known to DOE, or has previously unrecognized merit. Some solicitations are open to institutions of higher education only.

Applicant Eligibility:

Some solicitations are open to institutions of higher education only and others include nonprofit organizations and for profit commercial organizations. See individual funding opportunity announcements for details on eligibility.

Beneficiary Eligibility:

Depending upon the eligibility requirements of the individual solicitation, U.S. public and private institutions of higher education and/or nonprofit organizations and for profit commercial organizations will benefit. The Federal government will also benefit from the research of these grants.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Proposals should be submitted as specified in the funding opportunity announcement posted at <http://www.grants.gov/>.

Award Procedure:

Applications will receive an administrative screening to determine if they are complete and in compliance with the terms of the solicitation. Proposals will be screened for stewardship relevance and then reviewed for scientific and technical merit by qualified individuals. The review and selection process for each funding opportunity are included in the solicitation. Decisions to approve are made by a Headquarters program official within the Program Office. Selected proposals will be forwarded to the NNSA Albuquerque Complex for grant development, negotiation, and award.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 90 to 120 days. Approximately 90 to 180 days.

Appeals:

Not Applicable.

Renewals:

Proposals for renewal are subject to review and acceptance by the Program Office.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Generally, grants are approved for two-year or three-year project periods and funded one year at a time. Depending upon specific circumstances, grant project periods may range from one year to five years, at the discretion of the program office. Cooperative Agreements typically have five-year project periods and are funded one year at a time. See the following for information on how assistance is awarded/released: The NNSA Albuquerque Complex will make determination of method of funding release at the time of award.

Reports:

No program reports are required. SF425 quarterly. Progress Reports annually. No expenditure reports are required. Performance monitoring is required for Cooperative Agreements.

Audits:

No audits are required for this program.

Records:

Recipient is expected to maintain auditable records to substantiate the total costs incurred under the grant.

Account Identification:

Range and Average of Financial Assistance:

grants \$50,000 - \$750,000 per year
Cooperative agreements \$1,000,000-\$68,000,000 per year.

TAFS Codes:

89-0240.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: The research supported helps to increase U.S. efforts in physical science relevant to stockpile stewardship and trains future scientific talent in these areas. Results and accomplishments of basic research performed under these programs are reported in open scientific literature. University research programs supported graduate students and postdoctoral researchers who assist principal investigators with research programs. Some students and postdoctoral researchers have gone on to work at the national laboratories.

Fiscal Year 2017: The research supported helps to increase U.S. efforts in physical science relevant to stockpile stewardship and trains future scientific talent in these areas. Results and accomplishments of basic research performed under these programs are reported in open scientific literature. University research programs often support graduate students who assist principal investigators with research programs, and upon graduation some go on to work at the national laboratories. CRITERIA FOR SELECTING PROPOSALS:

(1) Alignment with the areas of technical scope; (2) Scientific/technical merit of the project, including innovativeness and originality; (3) Expected impact on the area of technical scope addressed; (4) Consistency with the objective of this academic alliances program to focus on advanced experimental investigations; (5) Qualifications of the Applicant's personnel and adequacy of proposed resources; (6) Feasibility of plans for carrying out the proposed research, considering such factors as: appropriateness of the technical method and approach, facility compatibility, other commitments, competition and timing; (7) For projects currently receiving funding under this program, the scientific impact of recent results and accomplishments; (8) Level of interaction with NNSA/DP laboratory personnel and the potential to train students in scientific areas defined by the technical scope in order to build a long-term recruiting pool for the NNSA/DP laboratory complex. Generally, a higher degree of interaction both quantitatively and qualitatively is considered desirable; (9) Leverage provided by cost sharing with other funding sources.

81.113 DEFENSE NUCLEAR NONPROLIFERATION RESEARCH

Defense Nuclear Nonproliferation Research and Development

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Atomic Energy Act of 1954, as amended, Section 3157, Public Law 101-189, 103 Stat. 1684, 42 U.S.C. 2051, Section 3157, 1684 Stat. 42, 2051 U.S.C., Section 3157, 1684 Stat. 42, 2051 U.S.C 3157; Energy Reorganization Act of 1974, Title I, Section 107, Public Law 93-438; 88 Stat. 1240, 42 U.S.C. 5817, Title I, Section 107, 1240 Stat. 42, 5817 U.S.C.; Department of Energy (DOE) Organization Act of 1977, as amended, Public Law 95-91, 42 U.S.C. 7101; Federal Nonnuclear Energy Research and Development Act of 1974, Public Law 93-577.

OBJECTIVES:

To conduct basic and applied research and development that enhances U.S. national security and reduces the global danger from the proliferation of weapons of mass destruction and special nuclear materials through needs-driven research and development. The emphasis is on developing the requisite technologies to detect and deter nuclear proliferation and to meet U.S. nuclear detonation detection goals. Research focuses on advanced detection systems and concepts to support current and future USG policies. Support also-address the pressing shortfalls in trained professionals capable of supporting crucial nuclear nonproliferation missions such as nuclear forensics and international safeguards.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Financial support, in whole or in part, may be provided for salaries, materials, supplies, equipment, travel, publication costs, services required for conducting nonproliferation research and development to reduce the global danger from the proliferation of weapons of mass destruction. Construction or related costs are not allowed under these project grants. All work must comply with export control regulations.

Applicant Eligibility:

Universities (public and private), institutions of higher education, whose activities benefit the general public through results which are available to the National Nuclear Security Administration (NNSA), other U.S. government agencies, and universities and institutions of higher learning may apply.

Beneficiary Eligibility:

The NNSA, other U.S. government agencies, universities and institutions of higher learning will benefit.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-21 for institutions of higher learning. For Non-government organizations, Costs will be determined in accordance with OMB Circular No. A-122 . 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. The NNSA Albuquerque Complex in Albuquerque, New Mexico issues Funding Opportunity Announcements (FOAs) under which formal applications may be submitted by a scientist or principal investigator who will conduct or lead the research team. The FOAs will be posted to Grants.gov which can be accessed at: <http://www.grants.gov>.

Award Procedure:

Evaluations will be conducted by technical staff assigned to the Office of Defense Nuclear Nonproliferation Research and Development or at the DOE national laboratories. Final decisions for approval are made by the source selection authority. DOE/NNSA Procurement is then instructed to negotiate and prepare the grant award documents. Program management responsibilities may be delegated as a whole or in part to the NNSA Albuquerque Complex or NNSA Site Offices.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 60 to 90 days. Deadlines will be provided in the individual FOAs posted at Grants.gov.

Appeals:

Not Applicable.

Renewals:

Grants will be modified and extended as required. Renewals are subject to an annual review by the Headquarters and/or NNSA Albuquerque Complex.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

The grant period is for up to five years depending upon available appropriations. The schedule of payments is arranged at the time of award, but it is expected that proposals will be fully funded for their five year lifecycles in one lump sum. See the following for information on how assistance is awarded/released: Depending on the program some can be awarded lump sum or incrementally funded. See the following for information on how assistance is awarded/released: Depending on the program some can be awarded lump sum

or incrementally funded.

Reports:

No program reports are required. Cash reports are not applicable. Quarterly Progress reports, and final reports are required. Also progress is reported annually at the University Program Review for the life of the project. Expenditure reports are required monthly. Independent performance and merit reviews are required in the second year of the lifecycle.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. All projects are subject to this audit process.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2016: In Oct. 2015, DNN R&D awarded a grant to University of California Berkeley via FOA. This proposal for the Nuclear Science and Security Consortium (NSSC) enlists eight of the nations premier educational institutions and five DOE national laboratories to grow and strengthen the human capital available for the nations nuclear security mission. Our team pools some of the leading educational and research resources in physics, chemistry, nuclear engineering, materials science, and public policy to attract highly qualified students into these fields and advance them to be leaders in the future nuclear security workforce.

The consortia has University of California Berkeley as the lead institution, joined by Michigan State University, University of California Davis, University of California Irvine, and the University of Nevada Las Vegas; and newly added partners: the George Washington University, Texas A&M University, and the University of Tennessee Knoxville. These eight universities partner with five national laboratories: Los Alamos National Laboratory, Lawrence Berkeley National Laboratory, Lawrence Livermore National Laboratory, Oak Ridge National Laboratory, and Sandia National Laboratory.

This proposal for the NSSC maintains as its two primary objectives: (i) the

further

expansion of the talent pipeline we have established to provide new nonproliferation experts for careers in the DOE laboratories and related federal service, and (ii) to provide fresh concepts, technologies and paradigms to the national laboratories for the nonproliferation mission.

The NSSC represents an end-to-end approach, from recruitment of students at all levels to transition to early career phases. At the input end of the pipeline, promising and interested undergraduate and graduate students will be identified and exposed to all aspects of the field of nuclear security.

Undergraduate research assistants, graduate student fellows, and postdoctoral scholars will engage in basic science research and technology development relevant to the nuclear security mission. Through research internships at partnering national labs, scholarships and fellowships, and workshops and summer schools, a broad and diverse student population will be trained in a wide range of technical areas essential for the nuclear security professional. Fiscal Year 2017: No Current Data Available. Fiscal Year 2018: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The selection process will be determined on the following criteria: 1) technical merit; 2) team capabilities; 3) past experience.

81.117 ENERGY EFFICIENCY AND RENEWABLE ENERGY INFORMATION DISSEMINATION, OUTREACH, TRAINING AND TECHNICAL ANALYSIS/ASSISTANCE

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Public Law 111-5 American Recovery and Reinvestment Act of 2009; Public Law 110140 Energy Independence and Security Act of 2007; Public Law 10958 Energy Policy Act of 2005; Public Law 102-486 Energy Policy Act of 1992; Public Law 95-91 Department of Energy Organization Act of 1977; Energy Reorganization Act of 1974, 42 U.S.C. 5813(6)(7)(8), 42 U.S.C 13231; Department of Energy Organization Act of 1977, 42 U.S.C 712; Energy Reorganization Act of 1974, 42 U.S.C. 5813(6)(7)(8); ARRA 2009, 42 U.S.C 5813 (6-8).

OBJECTIVES:

The Department of Energy (DOE) seeks to provide financial assistance for information dissemination, outreach, training and related technical analysis/assistance which will: (1) stimulate increased energy efficiency in transportation, buildings, industry and the Federal sector and encourage increased use of renewable and alternative energy; and (2) accelerate the adoption of new technologies to increase energy efficiency and the use of renewable and alternative energy through the competitive solicitation of applications.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Financial assistance is provided in support of the program objectives as described in a single competitive solicitation or multiple competitive solicitations. The solicitation(s) will provide funding in various program areas within the Office of Energy Efficiency and Renewable Energy: Solar, Wind and Hydropower, Geothermal, Biomass, Buildings Technologies, Advanced Manufacturing, Vehicles, Solid State Lighting, Weatherization and Intergovernmental, Federal Energy Management Program, and the Office of the Assistant Secretary for Energy Efficiency and Renewable Energy. Restrictions on use of funds depend on the provisions of the specific project agreement.

Applicant Eligibility:

Profit organizations, individuals, private nonprofit institutions/organizations, public nonprofit institutions/organizations, State and local governments, Native American organizations, Alaskan Native corporations and universities may apply. DOE Laboratories are not eligible.

Beneficiary Eligibility:

Profit organizations, individuals, private nonprofit institutions/organizations, public nonprofit institutions/organizations, State and local governments, Native American organizations, Alaskan Native corporations and universities benefit.

Credentials/Documentation:

No Credentials or documentation are required. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The application forms must be downloaded from the specific funding opportunity announcement posted on the grants.gov website at <https://eere-exchange.energy.gov/> and <http://www.grants.gov/>. A separate application must be submitted for each DOE Energy Efficiency and Renewable Energy (EERE) Program Area of Interest.

Award Procedure:

All applications which pass an initial review will receive an objective merit review. Objective Merit Review Committees will evaluate applications based on the evaluation criteria set forth in the competitive solicitation. After the Merit Review Committee has completed its evaluations, an EERE Office Director or other Program Official will evaluate the applications against program policy factors set forth in the competitive solicitation. Final decisions will be made by the EERE Assistant Secretary, Deputy Assistant Secretaries, and the Director of the Federal Energy Management Program.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days. None.

Appeals:

Unsuccessful applicants are entitled to a debriefing by DOE program officials with a clear explanation of why the proposal was not accepted for funding.

Renewals:

Renewals are subject to review by the headquarters program office and subject to the availability of funds.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Length and time phasing of assistance will vary with the program phase and activity. The maximum term of awards varies among the Program Areas of Interest and ranges from 6 months to 5 years. See the following for information on how assistance is awarded/released: Funds are released through the Electronic Transfer System. Annual budget periods are set by each grantee within parameters established by DOE.

Reports:

No program reports are required. No cash reports are required. Quarterly progress reports, and a final report at the conclusion of the grant time period. Quarterly expenditure reports (SF-425), and a final report at the conclusion of the grant time period. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Costs incurred are subject to audit throughout the grant period and before final close-out per 2 CFR 200 subpart F (for other than for-profit entities). For-profit recipients are subject to the audit requirements in 2 CFR 910.501.

Records:

A grantee is expected to maintain auditable records to substantiate the total

costs incurred under the grant per 2 CFR 200.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: Education, Outreach, and Technology Transfer projects. Of particular note, this program funds the Solar Ready Vets. The Solar Ready Vets program connects our nations skilled veterans to the solar energy industry, preparing them for careers as solar photovoltaic (PV) system installers, sales representatives, system inspectors, and other solar-related occupations. Solar Ready Vets is enabled by the U.S. Department of Defense SkillBridge initiative, which allows exiting military personnel to pursue civilian job training, employment skills training, apprenticeships, and internships up to six months prior to their separation. Employment in the U.S. solar industry increased 123% since 2010, and veterans are strong candidates to fill solar positions because they are disciplined, motivated, and technically savvy. Solar Ready Vets trains active military personnel who are in transitioning military status within a few months of leaving military service and becoming a veteran and it prepares them to be strong candidates for positions in management, PV installation, sales, as well as technical positions. Public Law 111-5 American Recovery and Reinvestment Act of 2009; Public Law 110140 Energy Independence and Security Act of 2007; Public Law 10958 Energy Policy Act of 2005; Public Law 102-486 Energy Policy Act of 1992; Public Law 95-91 Department of Energy Organization Act of 1977; "Energy Policy and Conservation Act of 1975" Public Law 94-163: 42 U.S.C. 6321-6326, Public Law 91-95, 42 U.S.C 7101; National Energy Conservation Policy Act of 1978, Public Law 95-619; ARRA 2009, Public Law 619-95; Balanced Budget Down Payment Act II of 1996; ARRA 2009, Public Law 134-104; Energy Policy and Conservation Act; ARRA 2009, Title III, Part C, Section 361-366, Public Law 163-94, 42 U.S.C 6321-6326.

OBJECTIVES:

To allow States to submit proposals to implement specific Department of Energy (DOE) Office of Energy Efficiency and Renewable Energy deployment activities and initiatives as Special Projects under the State Energy Program. States will compete for funding to implement activities relating to a number of programmatic areas such as building codes and standards, alternative fuels, industrial efficiency, building efficiency, and solar and renewable technologies.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Financial support, in whole or in part, may be provided for salaries, materials, and supplies, equipment, travel, publication costs, and services required for implementing the activities described in the application at <https://eere-exchange.energy.gov/>.

Applicant Eligibility:

All States plus the District of Columbia, the U.S. Virgin Islands, Puerto Rico, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands may apply.

Beneficiary Eligibility:

States, territories, and their project partners will benefit.

Credentials/Documentation:

Costs will be determined in accordance with 2 CFR 200 subpart E for State and local Governments. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Audit procedures in accordance with 2 CFR 200 subpart F (for other than for-profit recipients). For-profit recipients are subject to the audit requirements in 2 CFR 910.501. In addition, audit requirements need to comply with the Energy Independence and Security Act of 2007. Environmental impact information is not required for this program. This program is excluded from

coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The application forms must be downloaded from the specific funding opportunity announcement posted at the EERE exchange web-site: at <https://eere-exchange.energy.gov/> or <http://www.grants.gov>. Applicants for sub-awards from the states should consult the office or official designated as the single point of contact within the State for more information on the process the State requires to be followed in applying for assistance.

Award Procedure:

Evaluations will be conducted by staff of the Office of Energy Efficiency and Renewable Energy end-use sectors participating in the annual solicitation. Final decisions to approve are made by Assistant Secretary Office of Energy Efficiency and Renewable Energy. DOE Field Offices are then instructed to negotiate and prepare the grant award documents.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days. Deadlines are set forth in the solicitation at <https://eere-exchange.energy.gov/>.

Appeals:

None.

Renewals:

Renewals are subject to review by the headquarters program office and subject to the availability of funds.

Formula and Matching Requirements:

This program has no statutory formula. Matching Requirements: Percent: 20%. Competitive SEP projects have a 20% cost matching requirement. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Vary. See the following for information on how assistance is awarded/released: Funds are released through the Electronic Transfer System.

Reports:

No reports are required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Costs will be verified and subject to audit according to 2 CFR 200 subpart F (for other than for-profit recipients. For-profit recipients are subject to the audit requirements at 2 CFR 910.501

81.121 NUCLEAR ENERGY RESEARCH, DEVELOPMENT AND DEMONSTRATION

(NE RD&D)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Department of Energy Organization Act of 1977, as amended, Public Law 95-91, 88 Stat. 1240, 42 U.S.C 7101; Energy Reorganization Act of 1974, Title I, Section 107, Public Law 93-438, 88 Stat. 1240, 42 U.S.C 5817; Atomic Energy Act of 1954, as amended, Section 32, Public Law 83-703, 68 Stat. 919, 42 U.S.C 2051; Atomic Energy Act, Section 31, Public Law 83- 703, 42 U.S.C 2051.

OBJECTIVES:

Provide financial assistance to address key issues affecting the worldwide use of nuclear energy through the research, development, and demonstration of science and technology fields related to nuclear energy and its underlying sciences.

TYPES OF ASSISTANCE:

Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Financial assistance, opportunities are defined in individual solicitations available on the DOE website or Grants.gov. Notices published on Grants.gov define research, development, and demonstration areas that the Department intends to support such as: advanced reactors, fuel and reactor concepts that minimize proliferation risks, nuclear fuel and fuel cycles, advanced instrumentation, controls, simulation, modeling and analyses, nuclear waste management, construction, manufacturing and fabrication technologies, and related fundamental nuclear science areas in materials, reactor physics, chemistry, radiochemistry, health physics, and thermal hydraulics and fluid dynamics. Notices published on Grants.gov define development or demonstration projects and study areas activities that the Department intends to support such as: advanced designs, technologies or techniques, new regulatory or licensing requirements, and economic analyses. For a given solicitation, financial assistance may be available in whole or in part, for the following in support of nuclear energy research and related fields in development and demonstration activities: salaries, materials and supplies, equipment, travel, publication costs, subcontractor and supporting costs required for technical activities, market analyses, financing plans and other activities necessary to achieve the objective. Restrictions on use of funds depend on solicitation and award provisions.

Applicant Eligibility:

Federal, State, local governments, universities, consortia, nonprofit institutions, commercial corporations, and individuals may apply.

Beneficiary Eligibility:

Any individual, partnership, corporation, association, joint venture, institution of higher education, or nonprofit organization will benefit.

Credentials/Documentation:

Costs will be determined in accordance with 2 CFR 200, and as amended by 910. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. An environmental impact assessment is required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. DOE solicitations set forth award procedures. Refer to <http://energy.gov/ne/office-nuclear-energy> for additional information.

Award Procedure:

DOE solicitations set forth award procedures. Applications will receive an objective merit review. The objective merit review will be based on evaluation criteria set forth in the competitive solicitation. Evaluations will be coordinated by a Merit Review Chair and conducted by a review board. This responsibility will be performed by the Office of Nuclear Energy or delegated to a DOE Operations Office. Final decisions will be made by the approved Program Officer or delegated Source Selection Official. For additional information, please refer to www.ne.doe.gov.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Deadlines for submissions will be posted in the individual funding opportunities posted at <http://www.grants.gov>

Per funding opportunity posted, a range of approval/disapproval time will be described.

Appeals:

Not Applicable.

Renewals:

Proposals for renewal are subject to review and acceptance by the Program Director and/or Selection Official.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

This program has no matching requirements. The no matching requirements apply to certain applicable areas. See funding opportunity "matching" guidance per individual funding opportunities to understand more about whether or not a matching requirement is applicable to your application. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

The period of performance and schedule of DOE payments is arranged at the time of award. Funds awarded are to be spent during the period of performance of each award, unless a different arrangement is approved at the time of award. See the following for information on how assistance is awarded/released: Payment method for most awards is ASAP. Awards not permitted to receive ASAP payments will be provided the necessary instruction on submitting Invoices for payment.

Awards are released pending information provided in the funding opportunity announcement.

Reports:

As stated in each solicitation. Cash reports are not applicable. As stated in each solicitation. Quarterly financial status reports are required, as well as a final financial report at the end of the award period of performance. Performance monitoring is tracked and reported according to set procedures dictated in each funding opportunity.

Audits:

OBJECTIVES:

Through research, development, demonstration, technology transfer, and education and outreach activities, lead national efforts to modernize the electric grid; enhance security and reliability of the energy infrastructure; and mitigate the impact of, and facilitate recovery from, disruptions to the energy supply. Develop cost-effective technology that enhances the reliability, efficiency, and resiliency of the electric grid, while enabling the effective utilization of emerging and renewable generation sources and promoting the rapid deployment and integration of advanced digital "Smart Grid" technology that is needed to modernize the nations electric delivery network for enhanced operational intelligence and connectivity. Also, leverage scientific research in mathematics for application to power system models and software tools to foster strategic, power systems research capabilities.

TYPES OF ASSISTANCE:

Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Assistance provided as cost-shared cooperative agreements or grants to nonprofit and profit institutions and organizations to develop, demonstrate and transfer technologies, tools, techniques or information developed to utilities, energy companies, energy regulators, state and local governments and other stakeholders.

Applicant Eligibility:

All types of domestic entities are eligible to apply, such as profit organizations, private nonprofit institutions/organizations, universities, research organizations, and state and local governments.

Beneficiary Eligibility:

Profit organizations, private nonprofit institutions/organizations, universities, research organizations, and state and local governments benefit.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The standard application forms as furnished by DOE and required by 2 CFR 200 as amended by 2 CFR 910 must be used to apply for financial assistance, as further specified in competitive solicitation(s). The application forms must be downloaded from the specific funding opportunity announcement posted on the EERE Exchange web site: <https://eere-exchange.energy.gov/> or the Grants.gov web site: <http://www.grants.gov/>

Award Procedure:

All applications which pass an initial review will receive an objective merit review. The objective merit review will be based on evaluation criteria set forth in the competitive solicitation(s) or criteria set forth in 2 CFR Part 200 for Unsolicited Proposals. Evaluations will be conducted by the Office of Electricity Delivery and Energy Reliability personnel at DOE Headquarters in Washington, DC. This responsibility may also be delegated to DOE Operations Offices and technical experts. Final decisions will be made by the Assistant Secretary, Office of Electricity Delivery and Energy Reliability.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 60 to 120 days.

Appeals:

Unsuccessful applicants are entitled to a debriefing by DOE program officials with a clear explanation of why the proposal was not accepted for funding.

Renewals:

Grants and cooperative agreements may be modified or extended.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching Requirements: As Specified under Section 988 of the Energy Policy Act of 2005 and EISA, with exceptions, a minimum of 20% cost share is required for research and development. A minimum of 50% is required for demonstration. Higher cost share may be requested. For education and outreach projects, the statutory cost share is 0%.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Assistance is available for up to five years, as specified in the solicitation. See the following for information on how assistance is awarded/released:
Electronic funds transfer.

Reports:

Program reports are not applicable. Cash reports are not applicable. Progress reports required as specified in the grant or cooperative agreement. Typically these reports consist of quarterly progress and a final report at the conclusion of the grant or cooperative agreement time period. Expenditure reports (SF-425) required as specified in the grant or cooperative agreement. Typically these reports consist of quarterly expenditure reports and a final report at the conclusion of the grant or cooperative agreement time period. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Other than for-profit recipients are subject to the audit requirements at 2 CFR 200 subpart F. For-profit recipients are subject to the audit requirements at 2 CFR 910.501

81.123 NATIONAL NUCLEAR SECURITY ADMINISTRATION (NNSA) MINORITY SERVING INSTITUTIONS (MSI) PROGRAM

National Nuclear Security Administration

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Atomic Energy Act of 1954, as amended, Section 3157, Public Law 101-189; 103 Stat. 1684, 42 U.S.C. 2051; Energy Reorganization Act of 1974, Title I, Section 107, Public Law 93-438; 88 Stat. 1240, 42 U.S.C. 5817; Federal Nonnuclear Energy Research and Development Act of 1974, Public Law 93-577; Department of Energy (DOE) Organization Act of 1977, as amended, Public Law 95-91, 42 U.S.C. 7101; National Nuclear Security Administration Act, Public Law 106-65, as amended; Consolidated Appropriations Act, 2005, Public Law 108-447; Energy and Water Development Appropriations Act, 2006, Public Law 109-103; Revised Continuing Appropriations Resolution, 2007, Public Law 110-5, as amended; Executive Order 13230, President's Advisory Commission on Educational Excellence for Hispanic Americans, October 12, 2001, as amended; Executive Order 13256, White House Initiative on Historically Black Colleges and Universities, February 12, 2002, as amended; Executive Order 13270, Tribal Colleges and Universities, July 3, 2002, as amended.

OBJECTIVES:

The program's primary focus is to build a sustainable pipeline between DOE/NNSAs sites/labs and MSIs in STEM disciplines, and bring a heightened awareness of NNSA plants and laboratories to MSIs with a common interest in STEM research fields.

TYPES OF ASSISTANCE:**PROJECT GRANTS****USES AND USE RESTRICTIONS:**

Financial support, in whole or in part, may be provided for salaries, stipends, materials and supplies, equipment, travel, publication and training, and services required for conducting research, training, and related activities. Funding is provided for the purpose of exploring an idea that does not duplicate work already in progress or contemplated by DOE, is not already known to DOE, or has previously unrecognized merit. Restrictions on the use of funds depend on grant provisions.

Applicant Eligibility:

Historically Black Colleges and Universities (HBCUs), Hispanic Serving Institutions (HSIs), Tribal Colleges and Universities (TCUs) and non-profit institutions servicing HBCUs, HSIs and TCUs.

Beneficiary Eligibility:

The general public, scientists, researchers, student/trainee, graduate students, institutions of higher learning, NNSA, and other US government agencies will

benefit. Elementary, Middle and high school students will also benefit due to the institutions of higher learning's programs supported by NNSA.

Credentials/Documentation:

Documentation for indirect cost rates and any other documentation required by 2 CFR Part 200, 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application forms and instructions are available upon request from the Office of Learning and Career Management, Leadership and Workforce Development Division (NA-MB-41); National Nuclear Administration (NNSA) U.S. Department of Energy, 1000 Independence Avenue, S.W., Washington, D.C. 20585; phone: (202) 586-6019.

Award Procedure:

NNSA's technical staff conduct technical evaluations in accordance with the 2 CFR Part 200. If the proposal meets the pre-established CFR criteria, then a grant and/or cooperative agreement is awarded.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 90 to 120 days. The range is from 60 to 90 days.

Appeals:

Not Applicable.

Renewals:

From 120 to 180 days. Grants will be modified or extended as required. Renewals are subject to an annual review by the NNSA's Headquarters and/or Operations' program offices.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching Requirements: Percent: 20%. Grantees may cost share up to 20% on research grants based on 2 CFR 200.36 (b) where applicable. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The grant period ranges from 1 to 5 years depending upon available appropriations. Expenditure of funds is allowed during the budget period specified in the grant document. The payment type and schedule are arranged at the time of award. Funding is provided to the grantee on a reimbursable basis unless the grant provisions specify otherwise. See the following for information on how assistance is awarded/released: reimbursement.

Reports:

The DOE Federal Assistance Reporting Checklist (DOE F 4600.2) is incorporated into the grant document at the time of award. This checklist specifies the programmatic and financial reports that are required as well as the timeframe for report submission. Standard Form 425 is completed and submitted on a quarterly basis. The grantee completes the SF-425 to specify the cumulative cash receipts, disbursements and on-hand balance. Quarterly Progress reports indicative of the progress made, planned activity and estimated expenditures for the subsequent quarters are required. A quarterly expenditure report specifying expenses for the quarter, cumulative expenditures and on-hand balance. Progress reports are monitored to measure grantee's progress and expenditures are monitored to ensure that there is a correlation between work performed and expenditures.

Audits:

Not Applicable.

Records:

The grantee is required to maintain records over the life of the grant for any inquiries or audits.

Account Identification:

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2016: In FY 2016 the following consortium grants were established:

American Indian Higher Education Consortium: The goal is establish a network of Tribal Colleges and Universities with the essential advanced manufacturing facilities, associated training and education programs, and private sector and federal agency partnerships to both prepare an American Indian advanced manufacturing workforce and create economic and employment opportunities within Tribal communities through design, manufacture and marketing of high quality products. The initial focus of the project is on additive manufacturing.

Consortium for Integrating Energy Systems in Engineering and Science Education: The goal is to effect change in the undergraduate and graduate curriculum of engineering programs to embed knowledge and practices related to various types of energy systems:

-Integrate research experiences for undergraduate and graduate students, as well as university professors, in the broad area of energy systems of interest to DOE/NNSA national laboratory partners, with STEM Education.

-Develop educational modules and practical experiences for K-12 education with energy contents that span from energy generation, storage, and distribution spanning across the energy spectrum (ecolic, fossil, fuel cells, hydro, nuclear, solar) that stimulate the continuation of studies in the field. 81.126 FEDERAL LOAN GUARANTEES FOR INNOVATIVE ENERGY TECHNOLOGIES

Loan Programs Office

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Energy Policy Act of 2005, PL 109-58, 119 Stat 1117-1122,

Title XVII, 42 USC 15801; August 8, 2005.

Energy Independence and Security Act of 2007, PL 110-140, Section 136.

OBJECTIVES:

For Title XVII Loan Guarantee program under Section 1703 of the Energy Policy Act of 2005 to promote, through the use of Federal loan guarantees, commercial use in the United States of America or new or significantly improved technologies in energy projects that;

- (1) Avoid, reduce, or sequester air pollutants or anthropogenic emissions of greenhouse gases; and
- (2) Employ new or significantly improved technologies as compared to commercial technologies in service in the United States at the time the guarantee is issued. (42 U.S.C. 16513(a)).

For the Advanced Technology Vehicles Manufacturing program under Sec 136 of EISA2007 issue loans to automobile and part manufacturers for cost of re-equipping, expanding, or establishing manufacturing facilities in the United States to produce advanced technology vehicles or qualified components, and for engineering integration costs.

TYPES OF ASSISTANCE:

Direct Loans; Guaranteed/Insured Loans

USES AND USE RESTRICTIONS:

Title XVII Loan Guarantee Program- The Secretary may make guarantees under Section 1703 of the Energy Policy Act of 2005 only for projects that avoid, reduce, or sequester air pollutants or anthropogenic emissions of greenhouse gases; and employ new or significantly improved technologies as compared to commercial technologies in service in the United States at the time the guarantee is issued and which provide a reasonable assurance of repayment.

Projects that may be eligible for a loan guarantee include:

- (1) Renewable energy systems.
- (2) Advanced fossil energy technology.
- (3) Hydrogen fuel cell technology.
- (4) Advanced nuclear energy facilities.
- (5) Carbon capture and sequestration practices and technologies.
- (6) Pollution control equipment.
- (7) Efficient end use technologies.
- (8) Efficient electrical generation, transmission, and distribution technologies.
- (9) Production facilities for fuel efficient vehicles.
- (10) Refineries, meaning facilities at which crude oil is refined into gasoline.
- (11) Distributed Energy Projects.

The terms of an obligation shall require full repayment of principle and interest on the Guaranteed Obligations and other project debt over a period of up to the lesser of 30 years or 90 percent of the projected useful life of the project's major physical assets as calculated in accordance with generally accepted accounting principles and practices.

Advanced Technology Vehicles Manufacturing Direct Loan Program - Direct loans may be issued to automobile and part manufacturers for cost of re-equipping, expanding, or establishing manufacturing facilities in the United States to produce advanced technology vehicles or qualified components, and for engineering integration costs. See above.

The tenor of ATVM loans varies from project to project.

Further Program information may be found at

<http://www.energy.gov/lpo/loan-programs-office>. The following projects may be eligible for a loan guarantee under the Title XVII Loan Guarantee Program:

- (1) Renewable energy systems.
- (2) Advanced fossil energy technology.
- (3) Hydrogen fuel cell technology.
- (4) Advanced nuclear energy facilities.
- (5) Carbon capture and sequestration practices and technologies.
- (6) Pollution control equipment.
- (7) Efficient end use technologies.
- (8) Efficient electrical generation, transmission, and distribution technologies.
- (9) Production facilities for fuel efficient vehicles.
- (10) Refineries, meaning facilities at which crude oil is refined into gasoline.
- (11) Distributed Energy Projects.

The terms of an obligation shall require full repayment of principle and interest on the Guaranteed Obligations and other project debt over a period of up to the lesser of 30 years or 90 percent of the projected useful life of the project's major physical assets as calculated in accordance with generally accepted accounting principles and practices.

Applicant Eligibility:

For innovative clean energy projects: including advanced fossil energy, nuclear energy, renewable energy, and energy efficiency. Eligible projects must utilize a new or significantly improved technology, avoid, reduce or sequester greenhouse gases, be located in the United States, and have a reasonable prospect of repayment.

Further information may be found at

<http://www.energy.gov/lpo/innovative-clean-energy-projects-title-xvii-loan-program>

For ATVM loans, automotive or component manufacturers for reequipping, expanding, or establishing manufacturing facilities in the United States that produce fuel efficient advanced technology vehicles or qualifying components, or for engineering integration performed in the U.S. for ATVMs or qualifying components.

The Ranges of approval/disapproval times are identified in individual solicitations.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching Requirements: Statutory formulas are not applicable to this program.

Matching Requirements: For the LGPO Section 1703 loan guarantees, this is a "self-pay" program. Applicants will pay the subsidy costs as determined by the credit subsidy calculation. Also, fees will be charged to recover DOE's administrative costs in managing the Loan Guarantee Program. A fee schedule has been determined and published in each solicitation.

No guarantee shall be made unless:

- (1) An appropriation for the cost has been made; or
- (2) The Secretary has received from the borrower a payment in full for the cost of the obligation and deposited the payment into the Treasury. (42 U.S.C. 16512.) Section 1705 guarantees have appropriated funds for the credit subsidy but applicant's and awardees are subject to additional fees during the application process and after award.

See the solicitations at: <http://www.energy.gov/lpo/open-solicitations>

For ATVM Section 136 direct loans, there is no self-pay for credit subsidy. DOE requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

The term of an obligation shall require full repayment of principle and interest on the Guaranteed Obligations and other project debt over a period of up to the lesser of 30 years or 90 percent of the projected useful life of the project's major physical assets as calculated in accordance with generally accepted accounting principles and practices.

Tenor may be less for the ATVM loans.

See the following for information on how assistance is awarded/released: Except for division C of Public Law 108-324, the Secretary shall make guarantees or loans under this or any other Act for projects on such terms and conditions as the Secretary determines, after consultation with the Secretary of the Treasury. 81.127 ENERGY EFFICIENT APPLIANCE REBATE PROGRAM (EEARP)

EEARP

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Public Law 111-5 American Recovery and Reinvestment Act of 2009; Public Law 110140 Energy Independence and Security Act of 2007; Public Law 10958 Energy Policy Act of 2005; Public Law 102-486 Energy Policy Act of 1992; Public Law 95-91 Department of Energy Organization Act of 1977, Title 1, Part B.

OBJECTIVES:

The program provides financial and technical assistance to States to establish residential energy star rated appliance rebate programs. The programs objectives are:

- * To reduce fossil fuel emissions created as a result of activities within the jurisdictions of eligible entities;
- * To improve energy efficiency in the residential sector.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Establish or continuation of State energy efficient appliance rebate program to provide rebates to residential consumers for the purchase of residential Energy Star products to replace used appliances of the same type.

Applicant Eligibility:

Assistance available to States and US Territories and possessions.

Beneficiary Eligibility:

Individuals and families are the ultimate beneficiaries.

Credentials/Documentation:

Compliance with State and local environmental statutes and regulations. Costs will be determined in accordance with 2 CFR Part 200 for State and local governments. This program is excluded from coverage under 2 CFR 200,

- * Establishing financial incentive programs for energy efficiency improvements (e.g., loan programs, rebate programs, waive permit fees.)
- * Providing grants to nonprofit organizations to perform energy efficiency retrofits.
- * Developing/implementing programs to conserve energy used in transportation (e.g., flex time by employees, satellite work centers, promotion of zoning requirements that promote energy efficient development, transportation infrastructure: bike lanes/pathways, pedestrian walkways, and synchronized traffic signals).
- * Developing and implementing building codes and inspection services to promote building energy efficiency.
- * Implementing energy distribution technologies.
- * Developing public education programs to increase participation and

efficiency rates for recycling programs.

* Purchasing/implementing technologies to reduce and capture methane and other greenhouse gases generated by landfills or similar sources.

* Installing light emitting diodes (LEDs).

* Developing, implementing, and installing renewable energy technologies on or in any government building.

* Any other activity as determined by the Secretary of Energy in consultation with the Secretaries of Transportation and Housing and Urban Development and the Administrator of the Environmental Protection Agency.

This program provides financial assistance for the technology deployment, demonstration, and commercialization of Energy Efficiency and Renewable Energy technologies. This includes Biomass, Building Technologies, Federal Energy Management, Geothermal Technologies, Projects involving Hydrogen, Fuel Cells and Infrastructure Technologies, Industrial Technologies, Solar Energy Technologies, Vehicle Technologies, Weatherization and Intergovernmental, and Wind and Hydropower technologies.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:

No information provided.

Applicant Eligibility:

Anyone who meets the requirements specified in the funding opportunity announcement at <http://www.grants.gov> may apply.

Beneficiary Eligibility:

Beneficiaries are states and local governments and other public and private institutions.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Application forms must be downloaded from the specific funding opportunity announcement posted on the grants.gov website at <http://www.grants.gov/> and submitted per instructions in the funding opportunity announcement.

Applicants must register with FedConnect to submit their application. FedConnect website: www.fedconnect.net

Submission deadlines will be published in the funding opportunity announcement at <http://www.grants.gov>

It is the responsibility of the applicant to verify successful transmission.

Award Procedure:

Applications which pass an initial review will receive an objective merit review. An objective Merit Review Committee will evaluate applications in accordance with the evaluation criteria set forth in the competitive solicitation.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

Unsuccessful applicants from the competitive solicitation are entitled to a debriefing by DOE program officials with a clear explanation of why the proposal was not accepted for funding.

Renewals:

Renewals are subject to review by the DOE Project Management Center and the headquarters program office and subject to the availability of funds.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching Requirements: Percent: 50%. Federal funds may be awarded to applicants that can match DOE Federal funds at 50 percent. Other matching requirements may be determined by specific legislation or as allowed by the Secretary of Energy.

MOE requirements are not applicable to this program.

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Department of Energy Organization Act of 1977, as amended Public Law 96-573; Resource Conservation and Recovery Act (RCRA), Public Law 95-480; Superfund Amendments and Reauthorization Act of 1986, Public Law 99-499; Uranium Mill Tailings Radiation Control Act of 1978, Public Law 95-604; Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) as amended; Atomic Energy Act of 1954, Section 31, as amended, Public Law 83-703; Executive Order 12898, Federal Actions To Address Environmental Justice in Minority Populations and Low-Income Populations.

OBJECTIVES:

The objectives of the Office of Legacy Management are to manage the Departments post-closure responsibilities and ensure the future protection of human health and the environment. This Office has control and custody for legacy lands, structures, and facilities and is responsible for maintaining them at levels suitable for their long-term use. This Office also provides environmental assistance to enable communities around DOE sites to address environmental issues.

TYPES OF ASSISTANCE:

Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Financial assistance is provided in support of the program objectives. Restrictions on the use of funds depend on the provisions of the specific project agreement. Applicants must meet the guidelines established by DOE or contained in the specific Congressional authorization for a particular program being supported.

Applicant Eligibility:

CRITERIA FOR SELECTING PROPOSALS:

Proposals are selected based on statutory eligibility and work that is beneficial to the overall accomplishment of the Office of Legacy Management goals and objectives.

Goal 1: Protect human health and the environment

Goal 2: Preserve, protect, and share records and information.

Goal 3: Meet commitments to the contractor work force

Goal 4: Optimize the use of land and assets

Goal 5: Sustain management excellence

In most cases, the criteria for award on the specific scope are associated with the site and the local entities. All grants/cooperative agreements are awarded to entities specifically associated with a respective site and regulatory agreements (i.e., State has oversight rights). Grants/cooperative agreements are almost always sole-source. Criteria may include cost of the project, applicants qualifications, and applicability to LMs mission. To manage the Department's post-closure responsibilities and ensure the future protection of human health and the environment. Legacy Management has control and custody for legacy lands, structures, and facilities and is responsible for maintaining them at levels consistent with Departmental long-term plans.

81.137 MINORITY ECONOMIC IMPACT

Minority Education Awards and Minority Business and Economic Development Programs

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

National Energy Conservation Act, Title NECPA, Section 641, 42 U.S.C 7141; Executive Order Executive Order 13515, Asian Americans and Pacific Islanders, October 14, 2009 as amended; Executive Order Executive Order 13592, Tribal Colleges and Universities, December 8, 2011 as amended; Executive Order Executive Order 13532, President's Advisory Commission on Educational Excellence for Hispanic Americans, October 19, 2010, as amended; Executive Order Executive Order 13532, White House Initiative on Historically Black Colleges and Universities, February 26, 2010, as amended, as amended by The Office of Minority Economic Impact (OMEI) was established in Fiscal Year 1979 pursuant to Section 641 Title VI, Part 3 of the National Energy Conservation Policy Act (Public Law 95-619) dated November 9, 1978.

OBJECTIVES:

The program's primary focus is to engage minority serving institutions (MSIs) in DOE mission activities, collaborative research projects throughout the DOE, and future workforce development. Additionally, the office has the duty and responsibility to advise the Secretary on the effect of energy policies, regulations and other actions of the Department and its components on minorities and minority business enterprises and on ways to insure minorities are afforded an opportunity to participate fully in the energy programs of the Department. The office also has the duty to develop and disseminate information on energy programs to minority business enterprises, minority educational institutions and other appropriate minority organizations and to develop technical assistance programs to assist minority businesses in establishing and expanding energy-related business opportunities.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Financial support, in whole or in part, may be provided for salaries, stipends, materials and supplies, equipment, travel, publication and training, and services required for conducting research, training, and related activities. Funding is provided for the purpose of exploring an idea that does not duplicate work already in progress or contemplated by DOE, is not already known to DOE, or has previously unrecognized merit. Restrictions on the use of funds depend on grant provisions.

Applicant Eligibility:

Historically Black Colleges and Universities (HBCUs), Hispanic Serving Institutions (HSIs), Tribal Colleges and Universities (TCUs), Asian American Pacific Islander (AAPI) Serving Institutions, and non-profit institutions servicing HBCUs, HSIs, TCUs, and AAPIs. Additionally, minority business enterprises, and organizations the primary purpose which is to assist in the development of those communities will be able to participate in the research, development, demonstration, and contract activities of the Department.

Beneficiary Eligibility:

The general public, scientists, researchers, student/trainee, graduate students, institutions of higher learning, DOE, minority business enterprises, and organizations the primary purpose which is to assist in the development of those communities and other US government agencies will benefit. Middle and high school will also benefit due to the institutions of higher learning's programs supported by DOE.

81.138 STATE HEATING OIL AND PROPANE PROGRAM (SHOPP)**FEDERAL AGENCY:**

Department of Energy

AUTHORIZATION:

97-258, 31 U.S.C 6304.

OBJECTIVES:

SHOPP is a joint data collection effort between heating oil and propane consuming States across the United States and the U.S. Department of Energy/U.S. Energy Information Administration (EIA).

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

SHOPP provides State and Federal governments, the press, policy makers, consumers, analysts and others with up-to-date information on retail heating fuels prices during the heating season. These funds are to be used only for activities relating to the State Heating Oil and Propane Program. Expenses which qualify as eligible toward the program cost include, but are not limited to, the cost of personnel, fringe benefits, travel, equipment, supplies, and indirect charges related to data collection or the analysis and understanding of market conditions which may impact heating oil and propane prices. This program is also based on a 50-50 cost sharing agreement between the States and EIA, which means that total program costs must be split equally between State and Federal funds.

Applicant Eligibility:

SHOPP is a joint data collection effort between States that consume heating oil and propane for residential heating purposes across the United States and the U.S. Department of Energy/Energy Information Administration (EIA).

Beneficiary Eligibility:

Beneficiaries are States and their agencies that have the resources to conduct the program, and consume heating oil and/or propane for residential purposes.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

An email expressing intent to apply should be sent to the survey manager prior to application for States which are not currently participating in SHOPP. The U.S. EIA may not be able to accommodate all requests for participation. No formal preapplication forms are necessary. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program.

Award Procedure:

This award is a five-year cooperative agreement between EIA and the State. Every five years, applicants are required to fill out forms per OMB Circular A-102 and other forms as stated on EIAs website at: http://www.eia.gov/petroleum/heatingoilpropane/faq_stateofficials.cfm.

81.139 ENVIRONMENTAL MANAGEMENT R&D AND VALIDATION TESTING ON HIGH EFFICIENCY PARTICULATE AIR (HEPA) FILTERS

Environmental Management R&D

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

The activity conducted under this award is authorized pursuant to: The Department of Energy Act, Public Law 95-91, 42 U.S.C. 7256, in conjunction with 42 U.S.C. 7112.

OBJECTIVES:

EM R&D and validation Testing provides necessary investments in mid to long range research projects to address radioactive waste treatment and storage safety. These R&DT projects are targeted at high priority technical issues, gaps, operations, or safety concerns to clean up the Nations legacy of defense-related radioactive wastes. The technologies developed in this R&DT program will identify or improve the current waste treatment baseline, develop new or augmented cost-effective technologies or methods, provide advanced technologies/ methods for insertion into new or existing waste treatment facilities/ infrastructures, address known technology gaps, and reduce project technical risk and uncertainty. This meets the Departmental goal to accelerate waste treatment, clean-up, and provide risk reduction to the public. For example, R&DT for High Efficiency Particulate Air (HEPA) filters are needed to improve the performance and validation of currently available HEPA filters in upset conditions (e.g. fires). In addition, R&DT into HEPA filters under various normal and upset test conditions will help determine valuable operational information (i.e., develop suggested controls and operational methods, and identify failure modes) that can be applied at various commercial and Government/military facilities that treat, store, or process nuclear material or waste streams (e.g. commercial nuclear power facilities), or filter out hazardous particulates or dust for commercial microelectronic clean rooms or hospital operations. This research and testing may increase the protective nature of the American Society of Mechanical Engineers (ASME) AG-1 Code (Code on Nuclear Air and Gas Treatment), enhance the ability of professionals to design filters and air filtration systems, and reduce uncertainty in the development of standard operating procedures for facilities involved in nuclear containment ventilation activities. Improving the durability of HEPA filters used in nuclear containment is a key component in protecting the worker and general population in the event of a fire at a nuclear facility, particularly segments of the population near nuclear facilities.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Financial assistance is provided in support of the program objectives. Applicants must meet the guidelines established by DOE.

Applicant Eligibility:

A publicly-owned agency or organization established to perform specialized functions or services for the benefit of all or part of the general public either without charge or at cost, making no profits and having no shareholders to receive dividends. Includes institutions of higher education and hospitals. Determinations are made by DOE EM Headquarters or EM Field Offices, or both.

Beneficiary Eligibility:

The following organizations will significantly benefit from improved, more reliable, and safer advanced HEPA filters: Federal/ State radioactive treatment and/or storage facilities, commercial nuclear power industry, workers in a radioactive environment, industrial, military or medical processes that require very stringent filtering and the general public, particularly landowners or homeowners in proximity to radioactive facilities. Indirect benefits include more accurate known and understood HEPA filter failure mechanisms and limits, margins, and operational constraints, especially in emergency situations such as fire or a seismic event. Indirect benefits include decreased operating costs, and potentially improvements to the American Society of Mechanical Engineering (ASME) AG-1 code, the US national consensus standard for nuclear air handling and treatment systems.

Credentials/Documentation:

Cost will also be determined in accordance with OMB Circular No. A-21 for institutions of higher education or as otherwise defined in the financial assistance instrument. This program is excluded from coverage under OMB Circular No. A-87. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. A formal proposal by the organization interested doing the work must be submitted through an appropriate official of the corporate entity, organization, or institution. Financial assistance requests will be reviewed pursuant to the Department of Energy Financial Assistance Regulations at 10 CFR 600 and the DOE Merit Review Guide, as amended.

Award Procedure:

Award decision will be made by DOE Headquarters.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The approximate approval/disapproval time is from two months to one year.

Appeals:

Renewals:

From 120 to 180 days. From 120 to 180 days. Proposal for renewal are subject to review and acceptance by DOE Headquarters, the field, or both.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Length and time phasing of assistance will vary with the program phase and activity. Method of awards/ releasing assistance: awards will be incrementally funded. See the following for information on how assistance is

awarded/released. See the following for information on how assistance is awarded/released: Awards will be incrementally funded.

Reports:

Yes, periodic program and progress reports are required per the Reporting Requirements Checklist attached to the award. No cash reports are required. No cash reports are required. At a minimum, annual progress reports are required. Frequency of progress reports will be determined at time of award or annually thereafter. Expenditure reports will be required. The type and frequency will be determined at time of award. Performance monitoring will be required. The type and frequency will be determined at time of award.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Audits will be conducted annually or as defined by the size of and the specific award provisions.

Records:

Retention of records will be required in accordance with 10 CFR 600. A grantee is expected to maintain auditable records to substantiate the total costs under the Cooperative Agreement. The grantee is also expected to keep and maintain applicable American Society of Mechanical Engineers (ASME) Nuclear Quality Assurance-1 (NQA-1) and other quality assurance testing and results records as needed.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: Conducted some tests for HEPA filter R&DT objectives and initiated comparison testing of filter type separator vs. separatorless R&DT. Also continued to collect data to understand the use of aged filter in process buildings. Fiscal Year 2017: Continue FY 17 HEPA filter R&DT objectives and begin filter type separator vs. separatorless R&DT. Collecting data to understand the use of aged filter in process buildings. Work on qualification, testing and research to advance the state of the art of containment ventilation systems. Fiscal Year 2018: Expect to continue qualification testing and research to advance the state of the art of containment ventilation systems. Expand testing to additional facilities in DOE complex. Will initiate acceptance testing for filters to be installed in facilities.

81.140 LOS ALAMOS NATIONAL LABORATORY - FIRE PROTECTION

Los Alamos Fire Department Cooperative Agreement

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

31 USC 6305, 31 U.S.C 6304.

OBJECTIVES:

The general objective of this Cooperative Agreement is to provide financial support for staff, response vehicles, specialized tours and training, and the use of two fire station facilities to the Incorporated County of Los Alamos to allow the County to provide an enhanced level of fire department services, including advanced nuclear facility capable, industrial fire suppression, advanced emergency medical, rescue, hazardous materials response, and other services through its municipal fire department.

TYPES OF ASSISTANCE:

Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Cost effective and efficient management of the delivery of fire department services to LANL, including recruitment, selection, training and promotion of fire department personnel.

Cost effective and efficient management of business aspects of fire department operations, including procurement of services and supplies necessary to perform the agreement, and generating specifications for equipment purchases such as fire department apparatus.

Providing manual fire fighting response and capability.

Providing emergency medical response and capability.

Providing rescue response and capability.

Providing hazardous materials response capability.

Providing fire and safety related non-emergency services as identified in the agreement such as hydrant testing.

Providing fire department standbys at LANL for designated recurring activities, and on an as-needed basis for special hazards.

Maintaining a minimum training capability for fire fighters.

Maintaining certifications for various fire fighter and fire officer levels.

Maintaining emergency and non-emergency procedures associated with the operation of a fire department.

Maintain a fire department response capability that meets NFPA 1500, NFPA 1710 and other applicable NFPA standards to the extent practical for fire department responses to LANL.

Maintain emergency response pre-incident plans for necessary LANL facilities.

Providing agreed upon mutual aid, automatic aid, and outside assistance to the surrounding communities and cities.

Providing other miscellaneous services as defined in the agreement. Fire fighters provided by the County are required to obtain and maintain a DOE security clearance. Fire Department is to follow all LANL security requirements.

Applicant Eligibility:

EMERGENCY PREPAREDNESS: The fire department has an authorized staffing level of 139 fire fighters and officers and 11 civilian support staff. The fire department staff, in addition to being trained as conventional fire fighters responding to fires in residence and businesses, is also trained to respond to fires and other emergencies at nuclear and high hazard facilities. **PLANNING:**

The fire department is responsible for the development of Pre-Incident Plans at necessary LANL buildings and facilities. **PUBLIC WORKS:** The fire department is responsible for hydrant testing at LANL. **TRAINING:** Fire

fighters receive special training prior to engaging in fire fighting or emergency operations at nuclear and high hazard facilities at LANL, not only to ensure their safety, but to ensure that their actions contribute to control of the incident, versus making the incident worse by possibly spreading contamination or taking actions which result in unnecessary damage to mission critical or costly

equipment.

Beneficiary Eligibility:

Los Alamos Fire Department is an agency within Los Alamos County. Los Alamos County is a political subdivision of the State of New Mexico.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program.

Award Procedure:

Funds awarded via the NNSA Contracts and Procurement Division, Albuquerque Complex, Albuquerque, New Mexico, coordinating with the NNSA Los Alamos Field Office as the Delegated Program Office. The procedural steps at the NNSA are as follows: Contract Specialist (NA-APM-12), Preparation; Contracting Officer (NA-APM-121), Coordination and Review; Patent Counsel, Coordination and Review; Legal Counsel, Coordination and Review; Independent Review (NA-APM-122.1); Head of Contracting Activity (NA-APM-12), Coordination and Review; Contracting Officer (NA-APM-121), and Final Signature.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 30 to 60 days. The Cooperative Agreement was approved and became effective on 10/01/2013.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Percent: 20%. Using a sliding scale implemented over the period of performance, October 1, 2013 through September 30, 2018, the County's cost for providing fire protection within Los Alamos County and LANL will be approximately 20 percent of the overall fire department budget. This program does not have MOE requirements. Federal contribution is under \$100M for the 5-year agreement.

Length and Time Phasing of Assistance:

This Cooperative Agreement is for a 5-year term. The period of performance is October 1, 2013 to September 30, 2018. Method of awarding/releasing assistance: lump sum.

Reports:

Special Status Report; Final Scientific/Technical Report; SF-425 Federal Financial Reports; Patent Certification; SF-428 & 428B Final Property Report; Patent Certification; SF-428 Tangible Personal Property Forms Family; Training Plan; LANL Fire Hydrant Flow Testing; LANL Emergency Response Time Report; and DOE Vehicle Mileage Report. No cash reports are required. Monthly Progress Reports Associated with meeting the expectations of the Cooperative Agreement. As required, to support cost-sharing of the Cooperative Agreement. Oversight of the performance attributes of this Cooperative Agreement is the responsibility of the Los Alamos Field Office.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a

year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Los Alamos County includes Cooperative Agreement related transactions in its annual Comprehensive Annual Financial Report, completed June 30th of each year.

Records:

Required by the Cooperative Agreement terms and conditions.

Account Identification:

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: NASEO: NASEO finalized the white paper deliverable, Technology Based Economic Development: Assessment of States Roles and Opportunities. NASEO launched a webpage dedicated to Energy Technology-based Economic Development and the Innovation Ecosystem: <http://www.naseo.org/technology-transitions>. Held NASEO-EPSA Joint Roundtable at Energy Policy Outlook Conference to discuss electricity policy. Launched Answers to State Questions (ASQ), an online forum for state officials to submit questions that arise as a result of the EPAs Clean Power Plan. 3N Meeting conducted to discuss barriers and options under the EPAs Clean Power Plan Rule. NASEO EPIC staff briefed NASEOs state energy planning lead on the outcomes of the EPIC roundtable, white paper, and continued engagement on the Quadrennial Energy Review. During this discussion, NASEO colleagues discussed potential updates to NASEOs statewide energy planning database to reflect policy items raised over the course of the EPIC project.

NGA: The NGA Center continued to conduct research and update its database on state actions (i.e., legislation, executive orders, and regulations). During this period, NGA Center staff continued to track actions across seven policy categories including energy efficiency, clean electricity and others. This included an update for 2015. NGA Center staff also developed ideas for expanding the categories included in the database.

NGA Completed the policy database with state actions from 2008 - 2015. They continue to work on the state actions for 2016. NGA has submitted their top trends briefing to DOE.

NGA hosted a webinar on State Energy Policy Trends and State Feedback.

NARUC: 3N Clean Power Plan Meeting Held

Conducted jurisdiction baseline meeting in Washington, DC.

Webcasts and conference calls held with NASEO, NCSL, NACAA, AAPCA, ECOS, and NGA.

Held a follow-up meeting in Washington, D.C. on the jurisdiction baseline.

Finalized and performed multistate outreach memo document NARUC had developed with input from seven states. Fiscal Year 2017: NASEO: Under task 3, NASEO hosted a webinar on Energy Workforce Development for NASEO members and key partners, including 18 State Energy Office registrants.

Under task 3, NASEO provided written briefing to EPSA on importance of energy workforce development to advancing State Energy Office energy policy goals and priorities. They also developed expanded workforce-focused workplan for EPSA consideration.

Under task 4, NASEO organized a small group conference call with seven states to discuss data, metrics, and impact tracking associated with comprehensive state energy planning.

NGA: NGA researched a wide array of sources and assessed the major policy and regulatory developments in all states in the target areas.

NCSL: Under task 1.1, NCSL has drafted outlines of the two Energy Water Nexus papers, one on thermoelectric cooling and one on lifecycle water responsibility in oil and gas production. NCSL has participated on a number of phone calls and researched source materials for both papers. NCSL has been working directly with EPSA to revise the draft outline and participated on multiple calls with NASEO to discuss the best approach and share resources. Under task 1.6, NCSL rewrote a comprehensive report examining the current state of nuclear power in the U.S. and what the state of recent nuclear plant closures means for the U.S. energy mix. The report highlights the role that state legislatures play and policy options for states that wish to retain their current nuclear fleet. This report was originally ready for publication in August 2016. At EPSAs request, NCSL held the report until the release of the QER. Given the topic and developing actions related to nuclear power, NCSL rewrote the report with updated information and state examples. Under task 1.7, NCSL answered a number of information requests from state legislators and legislative staff related to nuclear power. In particular, NCSL answered 3 requests asking for a summary of state legislation that had been proposed or enacted by state legislatures that would support the operation of nuclear power plants. Another request asked for information on new nuclear power projects, along with state legislation that supported new nuclear power developments. In addition, several requests asked for detailed information regarding Illinois; S.B. 2814, the Future Energy Jobs Bill, which among other things, provides support to struggling nuclear power plants. Under task 1.1, NCSL has received comments on and revised outlines of the two Energy-Water Nexus papers: Thermoelectric Cooling Water in Oil and Gas Production. NCSL is in the process of researching and drafting the papers. NCSL worked directly with EPSA during outline revisions and participated on calls with NASEO to discuss the best approach and share resources. Under task 1.6, NCSL published the report State Options to Keep Nuclear in the Energy Mix. This report provides extensive background and discussion on issues that have led to the premature closure of existing nuclear power generation and provides information on state policies which support existing nuclear power. The report was published as a PDF online and 1,000 copies were printed as well. In addition, NCSL published a blog to promote the report. Under task 1.7, NCSL answered a number of information requests from state legislators and legislative staff related to nuclear power and testified on the topic. NCSL staff testified on nuclear retention issues and state policy actions before the newly created Pennsylvania

Nuclear Energy Caucus. It is the first bipartisan, bicameral nuclear caucus in the country. Under task 1.8, NCSL continued to update the database on a biweekly basis and has entered and summarized all energy-water nexus related bills as well as nuclear generation bills in all 50 states, commonwealths and territories. They received nearly 650 web page visits per month on average.

NARUC: NARUC hosted a meeting to discuss Emerging Electricity Technologies and a Smart Grid Federal-State Jurisdictional Boundaries and Opportunities for State Action. The meeting addressed two major questions:

1. What are the flash points of federal-state jurisdiction on emerging electricity technologies?
2. How should the National Council on Electricity Policy (NCEP) representing the states address these flash points? What can and should the NCEP do?

NARUC staff initiated a research project under direction from the EPSA office regarding the aftermath of significant rate increases on state commissions. Starting from an assumption that commissioners who oversee large electric rate or bill increases may find themselves out of a job if a set of extenuating circumstances simultaneously occur, NARUC embarked on a series of interviews with current and former commissioners and a data gathering process to:

- (1) build more context around commissioner duration and turnover,
- (2) study the incidence of significant rate or bill increases, and
- (3) define extenuating circumstances such as media scrutiny, political gridlock, additional infrastructure issues, and other characteristics that may ameliorate or amplify the blowback of a rate or bill increase on commissioners. Fiscal Year 2018: Complete initiated projects.

DEPARTMENT OF EDUCATION

84.002 ADULT EDUCATION - BASIC GRANTS TO STATES

FEDERAL AGENCY:

Office of Career, Technical, and Adult Education, Department of Education

AUTHORIZATION:

Adult Education and Family Literacy Act, (AEFLA), (Title II of the Workforce Innovation and Opportunity Act (WIOA)), 20 U.S.C. 9201 et seq.

OBJECTIVES:

To fund local programs of adult education and literacy services, including workplace literacy services, family literacy services, and English literacy and integrated English literacy-civics education programs. Participation in these programs is limited to adults and out-of-school youths aged 16 and older who do not have a high school diploma or equivalent and who are not enrolled or required to be enrolled in a secondary school under State law. See 20 USC 9202(1).

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

WIOA lists specific performance measures on which States are assessed. These include: demonstrated improvements in literacy skill levels in reading, writing, and speaking the English language, numeracy, problem-solving, English language acquisition and other literacy skills; placement in, retention in, or completion of postsecondary education, training, unsubsidized employment, or career advancement; receipt of a high school diploma or its equivalent; other objective, quantifiable measures, as identified by the State agency. Not more than 12.5 percent of the State allotment may be used for State leadership activities, including professional development; 82.5 percent or more of the State allotment must be used to support local programs and corrections education and other institutionalized individuals. Not more than 16.5 percent of the State allotment may be used for correctional education and other institutionalized individuals; not more than 5 percent or \$85,000, whichever is greater, of the State allotment may be used for State administrative costs. AEFLA reserves a portion of the program's appropriations for English literacy and civics education services to immigrants and other limited English proficient populations. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on 202-708-7770.

Applicant Eligibility:

Formula grants are made to designated eligible State agencies that under State law are responsible for administering or supervising statewide policy for adult education and literacy, including such entities as State educational agencies (SEAs), postsecondary agencies, or workforce agencies. State agencies must provide direct and equitable access to: local educational agencies; public or private nonprofit agencies; community-based organizations of demonstrated effectiveness; institutions of higher education; volunteer literacy organizations of demonstrated effectiveness; libraries; public housing authorities; nonprofit institutions not described above that have the ability to provide literacy services to adults and families; and consortia of the entities described above.

Beneficiary Eligibility:

Adults and out-of-school youths who are 16 years of age and older, who are not enrolled or required to be enrolled in secondary school under State law, and who lack sufficient mastery of basic educational skills to enable them to function effectively in society or do not have a secondary school diploma or its recognized equivalent, and have not achieved an equivalent level of education, or are unable to speak, read, or write the English language.

Credentials/Documentation:

Certification required. The State plan must include a certification from a State official that all provisions and amendments thereto are consistent with WIOA.

OMB Circular No. A-87: Yes

Formula and Matching Requirements:

Statutory Formula: Formula Requirements: Yes. The formula is established in WIOA section 211. Initial Allotment: Eligible outlying areas receive an initial allotment of \$100,000 and eligible states, including the District of Columbia and Puerto Rico, receive an initial allotment of \$250,000. Matching Requirements: Generally, the remainder is allotted to all eligible agencies on the basis of the ratio of adults and youths age 16 and older who are not enrolled or required to be enrolled in secondary school under State law and who do not hold a high school diploma or equivalent. No agency may receive less than 90 percent of its allotment from the preceding fiscal year. The data source is a special tabulation of American Community Survey (ACS) data by the Bureau of the Census. Matching Requirements: To receive a grant, States, the District of Columbia, and Puerto Rico must provide a nonfederal contribution in an amount equal to 25 percent of the total amount of funds expended for adult education and literacy activities in the State. To receive a grant, eligible outlying agencies must provide a nonfederal contribution in an amount equal to 12 percent of the total amount of funds expended for adult education and literacy activities. The program has a nonsupplanting requirement, and therefore the applicant must use a restricted indirect cost rate, which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer / Indirect Cost Group on 202-708-7770. This program has MOE requirements, see funding agency for further details.

84.007 FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANTS

(FSEOG)

FEDERAL AGENCY:

Office of Federal Student Aid, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title IV, Part A, Subpart 3, 20 U.S.C. 1070b-1070b-3.

OBJECTIVES:

To provide need-based grant aid to eligible undergraduate postsecondary students to help meet educational expenses.

TYPES OF ASSISTANCE:

DIRECT PAYMENTS FOR A SPECIFIED USE

USES AND USE RESTRICTIONS:

Grants are for undergraduate study, and range from \$100 to \$4,000 per academic year. However, if reasonable study abroad costs exceed the cost of attendance at the home institution, the amount of the grant may exceed the \$4,000 maximum by as much as \$400. A student is eligible to receive a FSEOG for the period of time needed to complete the first undergraduate baccalaureate course of study being pursued by that student. If it awards grants to students in that year an institution is entitled to an administrative cost allowance for an award year of 5 percent of the first \$2,750,000, expended, plus 4 percent of expenditures greater than \$2,750,000 but less than \$5,500,000, plus 3 percent of expenditures in excess of \$5,500,000.

Applicant Eligibility:

Higher education institutions (public, private nonprofit, postsecondary vocational, and proprietary) meeting eligibility requirements may apply.

Beneficiary Eligibility:

Undergraduate students enrolled or accepted for enrollment as regular students;

are maintaining satisfactory academic progress in accordance with the standards and practices of the institution, have financial need, do not owe a refund on a Title IV grant, are not in default on a Title IV loan, file a statement of educational purpose, file a statement of registration compliance (Selective Service) and meet citizen/resident requirements may benefit.

Credentials/Documentation:

Institutions must document their eligibility and students must demonstrate financial need. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Representatives of the appropriate ED Regional Office are available for consultation (see listing of ED Regional Offices in Appendix IV). Students should contact the institution(s) they attend or wish to attend. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Participating institutions submit the Fiscal Operations Report/Application to Participate in Federal Student Financial Aid Programs (ED Form 646-1) which is mailed to institutions of postsecondary education each summer by the Federal Student Aid office. New institutions submit only the application form.

Award Procedure:

The Federal Student Aid office determines final awards and notifies participating institutions. Postsecondary institutions determine individual student awards.

Deadlines:

Oct 01, 2017 Deadlines are specified on the application (usually October 1).

Range of Approval/Disapproval Time:

Notices of tentative awards sent by February 1, and final award notifications sent by April 1.

Appeals:

Not Applicable.

Renewals:

There are annual renewals.

Formula and Matching Requirements:

Statutory Formula: Title IV, Part A, Subpart 3.

Matching Requirements: Funds are allocated to institutions on the basis of the institution's base guarantee and pro rata share and then on demonstrated need for funding. Institutions award funds to students on the basis of financial need as determined by the Federal Need Analysis Methodology specified in statute. This program requires institutional matching funds. The Federal share may not exceed 75 percent unless waived based on objective criteria established in regulations.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Funds are awarded for use by participating institutions for one award year at a time following the year of application. See the following for information on how assistance is awarded/released: Specified in the award document.

Reports:

A single combined Fiscal Operations Report/Application form for Federal Perkins Loans, FSEOG, and FWS (ED 646-1) is submitted by each institution at the close of each award year (June 30). Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Institutions must have a nonfederal

audit done on at least an annual basis at its own expense. Audits are performed at Government expense by the Department of Education's Office of the Inspector General as often as its time schedule will allow or when deemed necessary by the Secretary.

Records:

All records pertaining to the activities of a given fiscal year must be retained for a period of three years following the institution's submission of its Fiscal Operations Report for an award year or until resolution of an applicable audit, whichever is later.

84.010 TITLE I GRANTS TO LOCAL EDUCATIONAL AGENCIES

(Title I Basic, Concentration, Targeted and Education Finance Incentive Grants)

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965 (ESEA), as amended, Title I, Part A, 20 U.S.C 6301 et seq.

OBJECTIVES:

To help local educational agencies (LEAs) improve teaching and learning in

high-poverty schools in particular for children failing, or most at-risk of failing, to meet challenging State academic standards.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Use of funds varies, depending on whether a school is operating a schoolwide program under Section 1114 of the ESEA or a targeted assistance program under Section 1115 of the ESEA. A school with at least a 40 percent poverty rate may choose to operate a schoolwide program under Section 1114, which allows Title I funds to be combined with other Federal, State, and local funds to upgrade the school's overall instructional program in order to raise the achievement of the lowest-achieving students; a school that does not meet the 40 percent poverty threshold may also operate a schoolwide program if it receives a waiver to do so from the State educational agency (SEA). All other participating schools must operate a targeted assistance program, which provides extra instruction to those children failing, or most at risk of failing, to meet challenging State academic standards. Title I funds must be used only to supplement the State and local funds that would, in the absence of Title I funds, be made available for the education of participating students, and not to supplant such funds. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on (202) 708-7770.

Applicant Eligibility:

SEAs including for the Outlying Areas and the Secretary of the Interior. Local educational agencies (LEAs) and Indian tribal schools are subgrantees.

Beneficiary Eligibility:

In a targeted assistance program, children who are failing, or most at risk of failing, to meet challenging State academic standards. In a schoolwide program, all children in the school.

Credentials/Documentation:

2 C.F.R. Part 225 formerly. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. SEAs apply for funds as part of Title I, Part A, State plans submitted to the Department of Education in accordance with Section 1111 of the ESEA or as part of a consolidated State plan submitted under Section 8302 of the ESEA. The plan remains in effect for the duration of the SEA's participation in Title I, Part A, but must be updated to reflect substantive changes. Participating LEAs must file an approved plan with their SEAs.

Award Procedure:

The Department of Education (ED) makes grants through SEAs to LEAs using four statutory formulas based primarily on Census Bureau estimates of the number of children from low-income families in each LEA and State per pupil expenditures.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

If an LEA's plan is disapproved by the SEA, the LEA may appeal to the SEA and then to the Department of Education under Section 432 of the General Education Provisions Act (GEPA).

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title I, Part A. The statute includes four separate formulas for allocating Title I Grants to LEAs. Under the statute, Basic and Concentration Grants are funded approximately at the 2001 appropriation level. Basic Grants are allocated to almost all LEAs based on each State's per-pupil expenditure for education and the number of school-aged children from low-income families. Concentration Grants are allocated to LEAs having more than 6,500 children from low-income families or a poverty rate of more than 15 percent. In addition, funds appropriated in excess of the fiscal year 2001 level are to be allocated as Targeted Grants, which make higher payments to LEAs with higher numbers or percentages of poor children. The law also includes a separately authorized Education Finance Incentive Grants formula, which incorporates factors designed to measure a State's commitment to provide sufficient education funding, as well as how equitably that funding is distributed across districts. Allocations from all four formulas are combined into a single award to eligible LEAs. Within LEAs, funds are targeted to schools with the greatest percentages of poor children.

Matching requirements are not applicable to this program.

This program has MOE requirements, see funding agency for further details. The maintenance-of-effort requirements for SEAs in section 1125A(e) and for LEAs in section 8521 of the ESEA apply to Title I, Part A.

Length and Time Phasing of Assistance:

Generally, awards to SEAs are made on July 1 and October 1 of the following fiscal year. In addition, funds remain available to SEAs and LEAs for an additional fiscal year for obligation and expenditure under section 421(b) of GEPA, subject to the carryover limitation of section 1127 of the ESEA. See the following for information on how assistance is awarded/released: Contact program office.

Reports:

SEAs submit annual performance reports. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

In accordance with section 443(a) of the General Education Provisions Act, SEAs and LEAs must maintain certain program records for 3 years.

84.011 MIGRANT EDUCATION STATE GRANT PROGRAM**FEDERAL AGENCY:**

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965, as amended, Title I, Part C, 20 U.S.C 6391.

OBJECTIVES:

To assist States in ensuring that migratory children have the opportunity to meet the same challenging State content and performance standards that all children are expected to meet.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Program funds are used to support high-quality and comprehensive educational programs that address the needs of migratory children. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced in 34 CFR Sec. 76.563-76.569.

Applicant Eligibility:

State educational agencies or consortia of State educational agencies.

Beneficiary Eligibility:

Children, ages 0 through 21, of migratory agricultural workers or migratory fishers, including children (i.e. persons age 21 or under) who are migratory agricultural workers or migratory fishers or who are the spouses of migratory agricultural workers or migratory fishers, who have moved across school district lines within the past 36 months to obtain temporary or seasonal employment in agriculture or fishing work.

Credentials/Documentation:

States are responsible for ensuring that information documenting a child's eligibility is recorded on a Certificate of Eligibility. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

The State educational agency works closely with local educational agencies, institutions of higher education (IHEs), and public and nonprofit private agencies that serve migratory children. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. An SEA is eligible for funding if it submits either a consolidated State application that includes information the Department of Education requires, or a program application that contains descriptions of (1) how, in planning, implementing, and evaluating programs and projects, the State and its local operating agencies will ensure that the

unique educational needs of migratory children, including preschool migratory children and migratory children who have dropped out of school, are identified and addressed through (a) the full range of services that are available for migratory children from appropriate local, State, and Federal educational programs; (b) joint planning among local, State, and Federal educational programs serving migratory children, including language instruction educational programs under part A of title III; (c) the integration of services available under this part with services provided by those other programs; and (d) measurable program objectives and outcomes; (2) a description of how the State will use funds received under this part to promote interstate and intrastate coordination of services for migratory children, including how the State will provide for educational continuity through the timely transfer of pertinent school records, including information on health, when children move from one school to another, whether or not such move occurs during the regular school year, and (3) a description of the States priorities for the use of funds received under this part, and how such priorities relate to the States assessment of needs for services in the State consistent with the State application requirements in ESEA section 1304(b) and the consolidated State plan application template. The program description also must contain assurances that the MEP program statute requires. Contact the program office for more information.

Award Procedure:

The Department awards funds to any SEA whose application the Secretary has approved under Section 1304 of the ESEA (in the MEP program statute) or under section 8302 (consolidated State applications). The Department of Education notifies an approved State educational agency of its award through a Grant Award Notification (GAN).

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The range of approval/disapproval time is approximately 90 to 120 days.

Appeals:

SEAs have 45 days to revise and resubmit a disapproved plan and are entitled to a hearing within 30 days of the plans re-submission (ESEA Title VI, Part E, Section 845).

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title I, Part C. Sec 1303, ESEA. Starting in fiscal year 2017, funds will be allocated through a statutory formula based on each States per-pupil expenditure for education, its average number of eligible migratory children aged 3 through 21 residing within the State in the preceding 3 years, and the number of eligible migrant children aged 3 through 21 who received services in summer or intersession programs provided by the State during the previous year. Under a hold-harmless provision, States are assured at least 90 percent of their previous fiscal years allocations for fiscal years 2017 through 2019.

Matching requirements are not applicable to this program.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Awards are for a period of twelve months. Unspent funds may be carried over into the next fiscal year. See the following for information on how assistance is awarded/released: Electronic funds transfer.

Reports:

Each SEA receiving funds is required to submit an annual report that provides information on the number of children identified as eligible for the program, characteristics of children served the services provided, staff, and student performance. These reporting requirements are now contained in the Consolidated State Performance Report required by Title VIII of the ESEA, Section 8303 (b). Cash reports are not applicable. Specific progress reports will be included in the grant documents. Specific expenditure reports will be included in the grant documents. Specific performance monitoring requirements will be included in the grant documents.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

In accordance with Part 75 of the Education Department General Administrative Regulations (34 CFR part 75), and the Uniform Administrative Requirements in 2 CFR 200.333, program records must be maintained for 3 years, or longer depending on whether an exception to this rule applies.

84.013 TITLE I STATE AGENCY PROGRAM FOR NEGLECTED AND DELINQUENT CHILDREN AND YOUTH

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965 (ESEA), Title I, Part D.

OBJECTIVES:

To help provide educational continuity for neglected and delinquent children and youth in State-run institutions for juveniles and in adult correctional

institutions, so that these youth can make successful transitions to school or employment once they are released.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

The Title I, Part D, Subpart 1, State Agency Neglected and Delinquent program provides formula grants to State educational agencies (SEAs) that then make subgrants to State agencies. State agencies use funds for supplementary education services to help provide educational continuity for children and youth in State-operated institutions for neglected or delinquent children and youth, in community day programs for neglected or delinquent children and youths, and in adult correctional institutions so that these children and youth can make successful transitions to school or employment once they are released. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on (202) 708-7770.

Applicant Eligibility:

SEAs. State agencies responsible for providing free public education for children and youth (1) in institutions for neglected or delinquent children and youth; (2) attending community day programs for neglected or delinquent children and youth; or (3) in adult correctional institutions may apply to their SEA for subgrants.

Beneficiary Eligibility:

Children and youth in institutions for neglected or delinquent children and youth, in community day programs for neglected or delinquent children and youth, and adult correctional institutions.

Credentials/Documentation:

2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. An SEA may apply for State Agency Neglected and Delinquent funds as (1) part of its Title I, Part D, State plan submitted to the Department under Section 1414 of the ESEA or (2) as part of a consolidated State plan under Section 8302 of the ESEA. To receive funds, State agencies must apply to the SEA and provide the information and assurances required in Section 1414 of the ESEA.

Award Procedure:

The Department of Education's Office of Elementary and Secondary Education awards grants to State educational agencies on a formula basis, which award subgrants to the State agencies that have submitted applications. Local educational agencies with high numbers or percentages of children and youth residing in locally operated correctional facilities for children and youth may receive subgrants.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Varies with each State.

Appeals:

Not Applicable.

Renewals:

Although State plans are effective for the duration of the current authorization, SEAs are required to update plans to reflect changes. State agencies must update their applications annually to receive funds.

Formula and Matching Requirements:

Statutory Formula: Title I, Part D, Subpart 1. Funds are allocated to States

through a formula based on the number of children in State-operated institutions and per-pupil education expenditures for the State. Each States N and D allocation is generated by child counts in State institutions that provide at least 20 hours of instruction a week from non-Federal funds; adult correctional institutions must provide 15 hours a week.

Matching requirements are not applicable to this program.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Generally, awards to States are made from July 1 to September 30 of the following year. Funds remain available to the State for an additional fiscal year for obligation and expenditure. See the following for information on how assistance is awarded/released: Contact the program office for information on how funding is awarded.

Reports:

Each State agency conducting a Title 1, Part D, Subpart 1 program is required to evaluate the program's impact on students served at least once every 3 years. Generally, States report annually on the number of neglected or delinquent students obtaining a secondary school diploma or its recognized equivalent while in the N and D program, the number of neglected or delinquent students earning high school course credits, and the number of long-term neglected or delinquent students who improve mathematics and reading skills as measured through State-approved assessments. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Specific performance monitoring requirements will be included in the grant documents.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

84.015 NATIONAL RESOURCE CENTERS PROGRAM FOR FOREIGN LANGUAGE AND AREA STUDIES OR FOREIGN LANGUAGE AND INTERNATIONAL STUDIES PROGRAM AND FOREIGN LANGUAGE AND AREA STUDIES FELLOWSHIP PROGRAM

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title VI, Part A, Section 602.

OBJECTIVES:

Centers: To promote instruction in modern foreign languages and area and international studies that are critical to national needs by supporting the establishment, strengthening and operation of such programs at colleges and universities. Centers may focus on undergraduate training only or may be comprehensive, including undergraduate, graduate, and professional training components. Fellowships: To meet the needs of the United States for experts in modern foreign languages combined with area studies and world affairs by supporting fellowships for undergraduate and graduate study at institutions of higher education.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Centers: Funds may be used for instructional costs of language and area and international studies programs, administration, lectures, conferences, library resources and staff, outreach, and travel. Fellowships: Funds may be used for academic year and summer fellowships to institutions of higher education (IHEs) in order to assist undergraduate and graduate students in acquiring foreign language and either area or international studies competencies. A fellowship awarded to an undergraduate student may include an allowance for educational programs in the United States or education programs abroad that meet certain criteria.

Applicant Eligibility:

Centers: U.S. institutions of higher education or consortia of institutions of higher education are eligible to apply. Applying institutions provide evidence of existing resources and institutional commitment to language and area and international studies through a curriculum that provides instruction dealing with a particular country or world area and its languages, or with international studies and modern foreign languages, including the international aspects of professional or other fields of study. Fellowships: Accredited U.S. institutions of higher education or consortia of institutions of higher education offering area or international studies programs combined with language study are eligible to apply for allocations of fellowships.

Beneficiary Eligibility:

Centers: U.S. institutions of higher education or consortia of institutions of higher education will benefit. Fellowships: Undergraduate and graduate students enrolled in funded centers and programs will benefit. Student candidates must be U.S. citizens or nationals or permanent residents training in area or international studies and in modern foreign languages programs that have or are developing performance-based language instruction. Undergraduate students must be engaged in intermediate level study or advanced study of a less commonly taught language. Training must be undertaken through an institution that has an allocation of Foreign Language and Area Studies (FLAS) Fellowships.

Credentials/Documentation:

Contact program office. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Eligible institutions may submit proposals for the funding of centers only, fellowships only, or both when the announcement of a new competition is issued in the Federal Register. Application forms and guidelines for the submission of proposals are available from the Office of the International and Foreign Language Education at the Department of Education.

Award Procedure:

Centers: Final recommendations are made to the Secretary following evaluations from panels of experts that evaluate applications according to published selection criteria. Fellowships: The student should contact his/her sponsoring institution for information concerning application forms, deadlines, and related matters. Institutional proposals are approved or disapproved by the Secretary, following the same procedures as for Center applications.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 120 to 180 days. About 120 days.

Appeals:

Not Applicable.

Renewals:

Higher education institutions receiving funds for four year phased program support must submit annual performance reports for the second, third and fourth year for continuation of such support. Students seeking fellowships apply to their institutions for each summer or academic year award period. Renewals are subject to the availability of funds.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Centers: Grants are awarded for project periods of up to 48 months. Payments are made as stipulated in the grant. Renewals are subject to the availability of funds. Fellowships: Academic year and summer fellowship awards to student recipients are made by the institutions on a competitive basis. If summer fellowships are issued, they will be for a summer session in which the equivalent of an academic year's foreign language study is completed. Payments are made by the grantee institution. See the following for information on how assistance is awarded/released: This information is included in the award document.

Reports:

Centers: Centers submit interim and annual performance reports through the International Resource Information System (IRIS). Centers submit a final performance report 90 days after the project end date. Fellowships: FLAS granting institutions report on fellowship award recipients at the beginning and end of each award period. Institutional final reports (awards lists) and budget reports are required annually. Staff monitor grants drawdown using agency financial reports. Cash reports are not applicable. Contact program office. Expenditure reports are not applicable. Reporting on performance measures is required as part of the submittal of the required annual performance report.

Audits:

This program is excluded from coverage under 2 CFR 200, Subpart F - Audit

Requirements. Grantees are subject to audit requirements as described in 34 CFR 74.26.

Records:

All records supporting claims under grant or relating to the accountability for awarded funds must be available upon request: (1) for 3 years after close of the fiscal year in which the grant expired or (2) until the grantee is notified of completion of Federal financial audit, whichever is later. Fellowships: All records bearing on the receipt and expenditure of funds under the program must be available for inspection by the Department: (1) for 3 years after the fiscal year in which grant funds are spent, (2) until audited or for 5 years after grant, or (3) until resolution of any audit questions.

84.016 UNDERGRADUATE INTERNATIONAL STUDIES AND FOREIGN LANGUAGE PROGRAMS

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title VI, Part A, Section 604.

OBJECTIVES:

The Undergraduate International Studies and Foreign Language Program supports awards to institutions of higher education and public and nonprofit private agencies and organizations. The awards assist: (1) institutions of higher education to plan, develop, and carry out a program to strengthen and improve undergraduate instruction in international studies and foreign languages; and (2) associations and organizations to develop projects that will make an especially significant contribution to strengthening and improving undergraduate instruction in international studies and foreign languages.

TYPES OF ASSISTANCE:**PROJECT GRANTS****USES AND USE RESTRICTIONS:**

Each program assisted with Federal funds must primarily enhance the international academic program of the institution. Eligible activities may include but are not limited to: development of a global or international studies program that is interdisciplinary in design; development of a program that focuses on issues or topics, such as international business or international health; development of an area studies program and its corresponding foreign languages; creation of innovative curricula that combine the teaching of international studies with professional and pre-professional studies, such as engineering; research for and development of specialized teaching materials, including language instruction, i.e., business French; establishment of internship opportunities for faculty and students in domestic and overseas settings; and development of study abroad programs. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate, which is referenced under 34 CFR 75.563. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on (202) 377-3838.

Applicant Eligibility:

Accredited colleges and universities, and public and nonprofit private agencies and organizations.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. When funds are available for the support of new programs, announcements are issued in the Federal Register. Application forms and guidelines for submission of proposals are available from the Office of International and Foreign Language Education at the Department of Education.

Award Procedure:

Final recommendations are made to the Secretary of Education following advice from a panel of consultants in accordance with the published criteria.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 120 days.

Appeals:

Not Applicable.

Renewals:

Institutions of higher education and associations and organizations currently receiving funds for two- or three-year phased program support must submit

performance reports for continuation funding according to instructions established by the Department. Renewals are subject to the availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: The non-Federal share of the cost of the programs assisted may be provided in cash from the private sector corporations or foundations in an amount equal to one-third of the total cost of the programs or may be provided as an in-cash or in-kind contribution from institutional and noninstitutional funds, including State and private sector corporation or foundation contributions, equal to one-half of the total cost of the programs assisted herein. The Secretary may waive or reduce the matching requirement for institutions that are eligible to receive assistance under part A or B of Title III or under Title V of the Higher Education Act of 1965, as amended. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants are awarded for 12-month periods, subject to renewals of one or two years. Payments are made as stipulated in the grant. Renewals are subject to the availability of funds. See the following for information on how assistance is awarded/released: The information is included in the grant award documents.

Reports:

All programs must provide final reports upon completion of the program. Staff monitor grants drawdown using agency financial reports. Cash reports are not applicable. Reporting on performance measures is required as part of the submittal of the required annual performance report. Expenditure reports are not applicable. Contact program office.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. 84.021 OVERSEAS PROGRAMS - GROUP PROJECTS ABROAD

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Mutual Educational and Cultural Exchange Act of 1961, as amended, Section 102(b)(6), Public Law 87-256.

OBJECTIVES:

To contribute to the development and improvement of the study of modern foreign languages and area studies in the United States by providing grants to support overseas projects in training, research, and curriculum development in modern foreign languages and area studies for teachers, students, and faculty engaged in a common endeavor.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The grant does not provide funds for project-related expenses within the United States. The grant funds may be used in the country of study for the following: maintenance stipend; round-trip international travel; project-related local travel;

artifacts; books and other teaching materials; rent for instructional facilities; and clerical and professional services. Projects must focus on the humanities, social sciences and languages, and must focus on one or more of the following areas: Africa, East Asia, South Asia, Southeast Asia and the Pacific, the Western Hemisphere (Central and South America, Mexico, and the Caribbean), East Central Europe and Eurasia, and the Near East. Applications that propose projects focused on Canada or Western Europe will not be funded.

Applicant Eligibility:

Institutions of higher education, State departments of education, private nonprofit educational organizations, and a consortium of institutions, departments, and organizations.

Beneficiary Eligibility:

A participant must be: a citizen, or permanent resident of the United States, currently employed full-time in a United States school system, institution of higher education, local education agency or state education agency (not applicable to students), and at least one of the following:

- A teacher in an elementary or secondary school (please see note below);
- A faculty member who teaches modern foreign languages or area studies;
- An experienced education administrator responsible for planning, conducting, or supervising programs in modern foreign languages or area studies at the elementary, secondary, or postsecondary levels;
- A graduate student or junior or senior in an institution of higher education, who is a prospective teacher in the areas of social sciences, humanities and foreign languages. The student should meet the provisions set by his or her local and state education agencies; or
- For the Advanced Overseas Intensive Language Training project, the participating student, other than those planning a teaching career, should be planning to apply their language skills and knowledge of countries vital to the United States national security in fields outside teaching, including government, the professions, or international development.

Credentials/Documentation:

Cost will be determined in accordance with OMB Circular No. A-87 for State and local governments. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Qualifications of the applicant (40 points): In determining the qualifications of the applicant, the Secretary considers (1) the overall strength of the applicant's graduate academic record (10 points); (2) the extent to which the applicant's academic record demonstrates strength in area studies relevant to the proposed project (10 points); (3) the applicant's proficiency in one or more of the languages (other than English and the applicant's native language) of the country or countries of research, and the specific measures to be taken to overcome any anticipated language barriers (15 points); and (4) the applicant's ability to conduct research

in a foreign cultural context, as evidenced by the applicant's references or previous overseas experience, or both (5 points). Subject to change. Contact program officer for further information.

84.027 SPECIAL EDUCATION GRANTS TO STATES

FEDERAL AGENCY:

Office of Special Education and Rehabilitative Services, Department of Education

AUTHORIZATION:

Individuals with Disabilities Education Act (IDEA), as amended, Part B, Sections 611-618, 20 U.S.C 1411-1418.

OBJECTIVES:

To provide grants to States to assist them in providing special education and related services to all children with disabilities.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

States must distribute all grant funds that the State does not reserve for administration of the program or other State-level activities to eligible local educational agencies. Funds are used by State and local educational agencies, in accordance with the IDEA, to help provide the special education and related services needed to make a free appropriate public education available to all eligible children and, in some cases, to provide early intervening services.

Applicant Eligibility:

State educational agencies in the 50 States, District of Columbia, Puerto Rico, American Samoa, Commonwealth of the Northern Mariana Islands, Guam and Virgin Islands, the Department of the Interior, and freely associated States. Local educational agencies apply to their State educational agency for subgrants.

Beneficiary Eligibility:

Children with disabilities will benefit.

Credentials/Documentation:

No State or jurisdiction may receive a grant unless the Secretary has approved the annual application and statement of assurances. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. States are eligible to receive funds under this program if the State establishes eligibility for funds under Section 612 of Part B of the IDEA. Local education agencies establish eligibility by meeting local application eligibility requirements of Section 613 of Part B of the IDEA.

Award Procedure:

Once the State application has been approved, a grant award is forwarded to the State department of education. Notification of the award is made to Chief State School Officer. States make subgrants to eligible local educational agencies from their initial grant award after setting aside funds for administration and state-level activities.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The time for reviewing the States application is determined by EDGAR (in 34 CFR 76.703) and ranges from 45 to 90 days.

Appeals:

The Department must not take final action to disapprove an application until the State is provided reasonable notice and an opportunity for a hearing. The State must request a hearing no later than 30 days after it receives notice of the proposed final determination that the State is not eligible to receive its award.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Statutory citation: IDEA Part B Sec. 611. Funds are allocated among States, including the District of Columbia and Puerto Rico, in accordance with a variety of factors. First, each State is allocated an amount equal to the amount that it received for fiscal year 1999. If the total program appropriation increases over the prior year, 85 percent of the remaining funds are allocated based on the number of children in the general population, between the ages of 3 through 21, in the age range for which the States guarantee a free appropriate public education (FAPE) to children with disabilities. Fifteen percent of the remaining funds are allocated based on the number of children living in poverty, between the ages of 3 through 21, that are in the age range for which the States guarantee FAPE to children with disabilities. The statute also includes several maximum and minimum allocation requirements when the amount available for distribution to States increases. If the amount available for allocation to States remains the same from one year to the next, States receive the same level of funding as in the prior year. If the amount available for allocation to States decreases from the prior year, any amount available for allocation to States above the 1999 level is allocated based on the relative increases in funding that the States received between 1999 and the prior year. If there is a decrease below the amount allocated for 1999, each States allocation is reduced from the 1999 level.

This program has no matching requirements. However, there are non-supplanting and excess cost requirements. MOE requirements for this program apply to both State Educational Agencies and local educational agencies. Contact the program office for further details.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Grants are issued each fiscal year. The Federal obligation period is a 15-month period from July 1 through September 30. States and local education agencies have an additional 12-month period to obligate funds they receive. See the following for information on how assistance is awarded/released: Contact the program office for this information.

Reports:

State Performance Plans (SPPs) and Annual Performance Reports (APR) are submitted to the Department of Education from the State departments of education. No cash reports are required. No progress reports are required. 34 CFR 80.40. 34 CFR 80.41.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

As required by EDGAR for State administered programs (34 CFR 76.730-731). Generally, the State and its subgrantees must retain records related to grant funds and compliance for a period of 3 years from the date the grantee or subgrantee submits its final expenditure report for that funding period. 34 CFR 80.42. Also, all records supporting claims for Federal funds or relating to the accountability of the grantee for the expenditure of such funds must be accessible for administrative review.

84.031 HIGHER EDUCATION INSTITUTIONAL AID

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended (HEA). Title III, Part A and Part F, HEA, Title V.

OBJECTIVES:

To help eligible colleges and universities to strengthen their management and fiscal operations and to assist such institutions to plan, develop, or implement activities including endowment building to strengthen the academic quality of their institutions.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Eligible institutions may apply under Part A, Part B or Part F of Title III of the HEA or Title V of the HEA. Title III Part A includes Strengthening Institutions Program (SIP), American Indian Tribally Controlled Colleges and Universities (TCCUs), Alaska Native and Native Hawaiian serving (ANNH) institutions, Asian American and Native American Pacific Islander-serving Institutions (AANAPISD), Native American-Serving Nontribal Institutions (NASNTI) and Predominantly Black Institutions (PBIs). Title III Part B includes the Historically Black Colleges and Universities (HBCUs) program and the Historically Black Graduate Institutions (HBGIs) program. Title III Part A provides funds to eligible institutions to plan, develop, and implement activities for development of faculty, fund, and administrative management, and improvement of academic programs, acquisition of equipment for use in

strengthening academic programs and institutional management, and joint use of facilities such as libraries, laboratories, and student services. Title III Part B provides funds to undergraduate HBCUs and graduate HBGIs. Funds may be used for purchase, rental, or lease of scientific equipment; construction, maintenance, renovation, improvement in classroom, library and other instructional facilities; support of faculty exchanges and fellowships; academic instruction in disciplines in which African Americans are underrepresented, purchase of library books, periodicals, and other educational materials; tutoring, counseling, and student services; funds and administrative management; acquisition of equipment for use in funds management; endowment funds; and joint use of facilities. Title V Part A, Developing Hispanic Serving Institutions (HSIs) program provides funds to eligible HSIs for activities such as: faculty development; funds and administrative management; development and improvement of academic programs; endowment funds; curriculum development; scientific or laboratory equipment for teaching; construction or renovation of instructional facilities; joint use of facilities; academic tutoring; counseling programs; student support services, purchase of educational materials; articulation agreements; creating facilities for distance learning technologies; teacher education programs; K-12 community outreach programs; and the expansion of graduate and professional programs. Title V Part B, Promoting Postbaccalaureate Opportunities for Hispanic Americans program provides funds to eligible HSIs for activities such as: purchase or rental of scientific or laboratory equipment; construction or renovation of instructional facilities; purchase of educational materials; support for low-income postbaccalaureate students; support of academic instruction and faculty and curricular development; creating facilities for distance learning technologies; and collaboration with other institutions of higher education to expand postbaccalaureate offerings. Title III, Part F, Section 371 authorizes funds for Hispanic-serving Institutions STEM and Articulation Programs to support the kinds of activities being supported under the existing Title V program, except that priority is given for applications that propose to increase the number of Hispanic and other low-income students attaining degrees in fields of science, technology, engineering, and mathematics (STEM) and to applications that propose to develop model transfer and articulation agreements between the 2-year and 4-year HSIs in such fields. Funds provided for Title III and Title V may not be used for activities other than those in an approved application, activities that are inconsistent with any applicable State plan of higher education or State plan for desegregation, a school or department of divinity or any religious worship or sectarian activity; general operating and maintenance expenses; indirect costs; or supplanting of other funds available to the institution. These programs are subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.563. For assistance call the Office of Chief Financial Officer/Indirect Cost Group on (202) 377-3838.

Applicant Eligibility:

An institution of higher education (IHE) that qualifies as eligible using criteria as specified in the regulations. Under Part A, specific and basic requirements as stated in the program regulations must be met. Eligible applicants include institutions that have: (1) A low average per full-time equivalent (FTE) educational and general expenditures; (2) a substantial percentage of students having Pell Grants or other Federal need-based financial aid. However, a waiver of the low educational and general expenditure requirement and the needy student enrollment requirement may be granted to institutions meeting the criteria specified in the existing regulations. Under Part B HBCUs, historically Black institutions that were established prior to 1964, whose principal mission was, and is, the education of African Americans are eligible. A listing of those institutions is published in program regulations; these HBCUs are also eligible under the Endowment Challenge Grant Program. Institutions eligible for PBI program grants are defined in Title III Section 318(b) of the HEA. Institutions eligible for HBGIs program grants are specified in Title III Section 326(e)(1) of the HEA. Under the Title V programs, an HSI is defined as an institution that has an enrollment of undergraduate full-time equivalent students that is at least 25 percent Hispanic as specified in Section 502 of the HEA.

Beneficiary Eligibility:

Applicant institutions of higher education, including those in the territories and possessions that meet statutory eligibility requirements will benefit.

Credentials/Documentation:

Institutions must document that they are accredited by a nationally recognized accrediting agency or that they are making satisfactory progress toward such accreditation. A 4-year institution must have authority to award a bachelor's degree. A 2-year institution must offer a program acceptable for full credit towards a bachelor's degree, or a 2-year program in engineering, mathematics, or the physical or biological sciences designed to prepare the student to work as a technician at a semiprofessional level. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Applications for funding are available from the Institutional Services office at the Department of Education. Application deadlines are published in the Federal Register.

Award Procedure:

Title III Part A applicants in the SIP, ANNH, AANAPISI, and NASNTI programs and Title V applications are evaluated by external reviewers who are experts in postsecondary education. The Department makes final awards based primarily on the scores assigned to the applications by the external reviewers and the recommendations submitted by the staff of the Institutional Service, Office of Postsecondary Education at the Department of Education.

Title III applicants in the TCCUs, PBIs, HBCUs, and HBGIs programs makes final awards based on a statutory formula.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately six months.

Appeals:

Not Applicable.

Renewals:

Under the SIP, priority is given to applicants who are not already receiving a grant. Institutions that received a 5-year individual development grant are not eligible to receive an additional grant until 2 years after the date on which the 5-year terminates. After fulfilling the wait-out requirement, institutions applying for another grant under the SIP must reapply for eligibility.

Formula and Matching Requirements:

Statutory Formula: Funds are allocated to TCCUs, PBIs, HBCUs, and HBGIs based on a statutory formula. Title III, Part A, Section 316(d); Title III Part A, Section 320; Title III, Part B, Sections 324 and 326(f) of the HEA.

Matching Requirements: Under the SIP, TCCUs, HBCUs, and HSIs, institutions of higher education may use no more than 20 percent of grant funds to establish or increase an institution's endowment fund. The endowment funds must be matched at a rate of one non-Federal dollar for each Federal dollar.

Under the HBGIs program, eligible institutions that have project grants over \$1,000,000 must match the entire Federal share on a dollar-for-dollar basis. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Under the SIP, TCCUs, ANNH, AANAPISI and HSIs, planning grants are for a period of up to 1 year, individual development grants are for a period of 5 years. See the following for information on how assistance is awarded/released: This information is included in the award document.

Reports:

As required by the Special Grant Terms and Conditions. Staff monitor grants drawdown using agency financial reports. No cash reports are required. Progress reports are required. Expenditure reports are not applicable. Reporting

on performance measures is required as part of the submittal of the required annual performance report.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Subject to a Federal audit any time during the term of the grant and within a period of 3 years after the termination of Federal support.

Records:

Must be retained for 5 years after the end of the fiscal year during which the expenditures were made or until the grantee is notified that the records are no longer needed.

Account Identification:

91-0201-0-1-502.

Fiscal Year 2016: No Current Data Available Fiscal Year 2017: No Current Data Available Fiscal Year 2018: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

(a) Under Title III and Title V, the Department appoints review panels to provide comments and recommend ratings for the applications. The reviewers

numerically rate each application assigned and provide the Secretary with comments on each. Criteria are published in the Federal Register along with the point value for each criterion. (b) Under TCCUs, HBCUs, HBGIs, and PBIs, funds are allocated based on a statute-driven formula. For Strengthening TCCUs, applicants are limited to tribal colleges and universities, including institutions qualifying for funding under the Tribally Controlled College or University Assistance Act of 1978 or the Navajo Community College Assistance Act of 1978, or cited in section 532 of the Equity in Educational Land Grant Status Act of 1994. To be eligible to receive a grant under the Strengthening HBCUs program, an institution must be designated by the Secretary of Education as a Historically Black College or University. HBGIs receiving discretionary grants are specified in the program statute. To be eligible to receive a grant under the Strengthening PBIs program, an institution must have an enrollment of undergraduate students that is at least 40 percent Black American students; that is at least 1,000 undergraduate students of which not less than 50 percent of the undergraduate students enrolled at the institution are low-income individuals or first-generation college students (as that term is defined in Section 402A(g)); and of which not less than 50 percent of the undergraduate students are enrolled in an educational program leading to a bachelors or associates degree that the institution is licensed to award by the State in which the institution is located.

84.033 FEDERAL WORK-STUDY PROGRAM

FEDERAL AGENCY:

Office of Federal Student Aid, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title IV, Part C; 42 U.S.C. 2751-2756a.

OBJECTIVES:

To provide part-time employment to eligible postsecondary students to help meet educational expenses and encourage students receiving program assistance to participate in community service activities.

TYPES OF ASSISTANCE:

DIRECT PAYMENTS FOR A SPECIFIED USE

USES AND USE RESTRICTIONS:

The Federal share of compensation paid to students does not exceed 75 percent for work on campus, or work in a public agency or private nonprofit organization, unless waived by the Secretary. The Federal share of compensation paid to students does not exceed 50 percent for jobs with a private-for-profit organization. No more than 25 percent of an institution's work-study allocation may be used for private-for-profit organizations. If it provides FWS employment to its students in that year, an institution is entitled to an administrative cost allowance for an award year of 5 percent of the first \$2,750,000 of its program expenditures, plus up to 4 percent for expenditures greater than \$2,750,000 but less than \$5,500,000, plus up to 3 percent of expenditures in excess of \$5,500,000. An institution is required to use at least 7 percent of its total FWS allocation to pay the Federal share of wages to students employed in community service jobs unless it receives a waiver.

Applicant Eligibility:

Higher education institutions (public, private nonprofit, postsecondary vocational, and proprietary) meeting eligibility requirements may apply.

Beneficiary Eligibility:

Undergraduate, graduate, or professional students enrolled or accepted for enrollment as regular students; are maintaining satisfactory academic progress in accordance with the standards and practices of the institution; have financial need; do not owe a refund on a Title IV grant; are not in default on a Title IV loan; file a statement of educational purpose; file a statement of registration compliance (Selective Service); and meet citizen/resident requirements may benefit.

Credentials/Documentation:

Institutions must document their eligibility and students must demonstrate financial need. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Representatives of the appropriate ED Regional Office are available for consultation. See listing of ED Regional Offices in Appendix IV of the Catalog. Students should contact the institution(s) they attend or plan to attend. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Participating institutions submit a Fiscal Operations Report/Application to Participate in Federal Student Financial Aid programs (ED Form 646-1) which is mailed to institutions of postsecondary education each summer by the Office of Federal Student Aid. New institutions submit only the application form.

Award Procedure:

The Office of Student Financial Aid determines final awards and notifies participating institutions. Postsecondary institutions determine individual student awards.

Deadlines:

Oct 01, 2017: Deadlines are specified on the application (usually October 1).

Range of Approval/Disapproval Time:

Notices of tentative awards sent by February 1 and final award notifications sent by April 1.

Appeals:

Not Applicable.

Renewals:

Annual.

Formula and Matching Requirements:

Statutory Formula: Title IV, Part C.

Matching Requirements: Under the funding formula, funds are distributed to institutions, first, on the basis of the institution's base guarantee plus the pro rata share received during the 1999-2000 award year under the FWS Program and, then, on the basis of the aggregate need of the eligible students in attendance. Employers of FWS recipients must contribute 25 percent of the funding, (except in the case of private, for-profit organizations, which must match 50 percent) and in the case of established criteria for which the matching requirement is waived.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Funds are awarded for use by participating institutions for one award year at a time following the year of application. See the following for information on how assistance is awarded/released: electronic transfer.

Reports:

Cash reports are not applicable. Progress reports are not applicable. A single combined Fiscal Operations Report/Application form for Federal Perkins Loans, FSEOG, and FWS (DE 646-1) is submitted by each institution at the close of each award year (June 30). Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Institutions must have a nonfederal audit done on at least an annual basis at its own expense. Audits may also be performed at Government expense by the Department of Education's Office of the Inspector General as often as its time schedule will allow or when deemed necessary by the Secretary.

Records:

All records pertaining to activities of a given fiscal year must be retained for a period of 3 years following the institution's submission of its Fiscal Operations

Report for an award year or until final resolution of an applicable audit, whichever is later.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2016: No Current Data Available Fiscal Year 2017: No Current Data Available Fiscal Year 2018: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

Emergency repairs are funded as needed. Priority for more extensive projects is given to LEAs that agree to accept transfer of the school facility.

84.041 IMPACT AID**FEDERAL AGENCY:**

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act (ESEA), as amended, Title VII.

OBJECTIVES:

To provide financial assistance to local educational agencies (LEAs) where affected by Federal activities, i.e., where the tax base of a district is reduced through the Federal acquisition of real property (Section 7002, ESEA), and where the presence of certain children living on Federal property places a financial burden on the LEAs that educate them (Sections 7003 and 7007, ESEA).

TYPES OF ASSISTANCE:

FORMULA GRANTS; Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

Under formula awards, most assistance becomes part of the general operating fund of the LEAs. Districts usually deposit the Federal payment in the general operating funds account in accordance with State laws, together with all State and local funds available for current operating expenses and use this combined account to finance the school program in the district. Special additional payments made to LEAs related to enrollments of federally connected children with disabilities must be used for programs and projects designed to meet the special educational and related needs of these children. Payments for construction may be used for construction and renovation, debt service, or other capital fund activities. Under discretionary construction awards, funds must be used for the project grant described in the application and grant award notification. The discretionary construction grant program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on 202-708-7770.

Applicant Eligibility:

Local educational agencies that provide free public elementary or secondary

education may apply. Under Section 7002, generally, assistance is provided to districts where an aggregate of 10 percent or more of the assessed valuation of all real property in the school district as of the time(s) of acquisition has been acquired by the Federal Government since 1938 and the district is not being substantially compensated by revenue from activities on the eligible Federal property. Under Section 7003, assistance is provided to districts where at least three percent or 400 of the total number of eligible federally connected children in average daily attendance (ADA) live on Federal property including Indian lands and/or have a parent who works on Federal property or is on active duty in the uniformed services. Under Section 7007(b), "heavily impacted" LEAs that enroll a high proportion (at least 40 percent) of federally connected children, or have little or no funding capacity, may be eligible for a competitive construction award.

Beneficiary Eligibility:

Public elementary and secondary school children benefit.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Applications are submitted to the Secretary of Education and a copy is sent to the State educational agency (SEA). Applications become available on the Department's e-Grants web site annually, typically in mid November. Applications must show the membership of federally connected children on the survey date chosen by the school district within the period prescribed by the Secretary.

Award Procedure:

Funds are generally made available when an appropriation is made.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Contact the Program Office for this information.

Appeals:

An administrative law hearing is available for any LEA or State adversely affected by any action of the Secretary. The hearing must be requested under the time frame included under the program regulations.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title VII, Sections 7002, 7003, and 7007(a).
Matching Requirements: Under Section 7002, payments are determined under a statutory formula that considers the assessed valuation of the property acquired by the Federal government and the LEA's local tax rate for current expenditures. Under Section 7003, payments are determined under a statutory formula that considers the average daily attendance of federally connected students for the previous year, the per-pupil expenditure average from the third preceding year, the weight in the statute attached to certain categories of federally connected students, the total current expenditures of the LEA, and the total membership of the LEA. Under Section 7007(a), payments are determined under a statutory formula that considers the average daily attendance of children living on Indian lands and dependents of the military living on and off base. Under Section 7007(b), payments are awarded on a competitive basis to certain eligible LEAs that receive Impact Aid.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Payments are made annually to eligible LEAs. See the following for

information on how assistance is awarded/released: This information is included in award documents.

Reports:

No reports are required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. The program staff conducts mail-in or on-site reviews to verify application data and collect additional required information.

Records:

In accordance with the General Education Provision Act and program regulations, an LEA generally must retain records supporting its payment amount for 3 years after the last payment for a fiscal year.

84.042 TRIO STUDENT SUPPORT SERVICES

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title IV, Part A, Subpart 2, Chapter 1, Section 402D.

OBJECTIVES:

To provide supportive services to disadvantaged college students to enhance their potential for successfully completing the postsecondary education programs in which they are enrolled and increase their transfer rates from 2-year to 4-year institutions. To foster an institutional climate supportive of the success of disadvantaged college students.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

All projects must provide academic tutoring, advice on postsecondary course selection, financial aid counseling, services to improve financial and economic literacy, assistance in applying for graduate and professional programs, and activities to help students in 2-year institutions enroll in 4-year programs. Projects may also provide personal and career counseling; exposure to cultural events; mentoring; services to secure temporary housing during academic breaks for students who are homeless; activities for students with disabilities or limited English proficiency, homeless students, and students in foster care; and grant aid (not to exceed 20 percent of a project's funds).

Applicant Eligibility:

Institutions of higher education and combinations of institutions of higher education may apply.

Beneficiary Eligibility:

Low-income, first generation college students or disabled students who are enrolled or accepted for enrollment at the institution that is the recipient of the grant and who are in need of academic support in order to successfully pursue a program of postsecondary education. At least two-thirds of the project participants must be disabled or must be low-income individuals who are first generation college students. The remaining participants must be disabled, low-income individuals, or first generation college students. One-third of the disabled participants must be low-income. Required low-income criteria for participants are stated in application materials.

Credentials/Documentation:

2 CFR 200, Subpart E - Cost Principles. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Develop a proposal in accordance with regulations, applications, and timetables issued by the Secretary of Education; no State Plan is required. Requests for program applications should be made to the Student Service division at the Office of Postsecondary Education. This program is subject to the provisions of EDGAR.

Award Procedure:

Selected nonfederal field readers evaluate new proposals on the basis of the selection criteria specified in 34 CFR 646.21 and 646.22. Grants are awarded through the Federal TRIO Programs office.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 90 to 180 days.

Appeals:

Yes. The program statute authorizes a second review of unsuccessful applications. The Department implements the second review process in accordance with the process specified in 34 CFR 646.24. An unsuccessful

applicant requesting a second review must provide evidence that the Department, an agent of the Department, or a peer reviewer made a technical, administrative, or scoring error in the processing or review of its application.

Renewals:

The grant period is 5 years. Continuation awards are approved on an annual basis; subject to the availability of funds and evidence that the grantee is meeting the conditions of the grant and making substantial progress towards meeting the project objectives.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Any grantee that uses funds for student grant aid must match the funds, in cash, from non-Federal funds, in an amount that is not less than 33 percent of the total amount of student grant aid funds, unless the grantee is eligible for a waiver to the match.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Five year projects, with annual continuation awards. Continuation awards are subject to the availability of funds and satisfactory progress by the grantee. See the following for information on how assistance is awarded/released: Contact the program office.

Reports:

Performance reports are required on an annual basis. No cash reports are required. Progress reports are required for a project in its first year of funding. Staff monitor grant drawdown using agency financial reports. Reporting on performance measures is required as part of the submittal of the required annual performance report.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. USES AND USE RESTRICTIONS:

Funds are used by eligible agencies and their eligible recipients (local subgrantees), in accordance with Perkins IV, to provide career and technical education. Each State must distribute at least 85 percent of its award to local agencies to fund secondary and postsecondary institutions that provide career and technical education services, from which the State may choose to award an amount equivalent to 10 percent of its award to make awards to local agencies in rural areas, areas with high percentages of career and technical education students, and areas with high numbers of career and technical education students. Each State may keep up to 5 percent (or \$250,000, whichever is greater) of its award for State administration and up to 10 percent of its award to fund leadership activities (and from that amount, it must reserve an amount equivalent to 1 percent of its award to assist individuals in State institutions and between \$60,000 and \$150,000 to fund services to prepare individuals for non-traditional fields). This program is subject to non-supplanting requirements and must use a restricted indirect cost rate, pursuant to 34 CFR 76-564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on (202) 708-7770.

Applicant Eligibility:

The Department of Education makes formula grants to State boards for career and technical education or the agency responsible for overseeing career and technical education in States. Eligible recipients for subgrants include local educational agencies and postsecondary institutions.

Beneficiary Eligibility:

A wide range of individuals pursuing career and technical education will benefit.

Credentials/Documentation:

The establishment of a State Board for Career and Technical Education is required. Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Eligible agencies submit 5-year State plans for career and technical education, and annual revisions, to the Department pursuant to section 122 of Perkins IV. However, the outlying areas, except for Palau, are eligible to submit an application for Perkins IV funding under the Consolidated Grants to Insular Areas Program. See CFDA 84.403. Eligible recipients submit local plans to the eligible agency in their States pursuant to section 134 of Perkins IV.

Award Procedure:

Once the Secretary approves an eligible agency's 5-year State plan or annual

revisions, the Department forwards the grant award to the State official designated by the eligible agency and notifies the State director for CTE. States make subgrants to eligible recipients from their grant awards after setting aside funds for State administration and State leadership activities.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The submission date for the State plan or annual revisions is generally late March or early April is set in guidance issued annually by the Department.

Within 90 days.

Appeals:

The Secretary shall not finally disapprove a State plan, except after giving the eligible agency notice and opportunity for a hearing.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Sec. 111 of the Carl D. Perkins Career and Technical Education Act of 2006. The funding formula is based on State per-capita income and population in three age cohorts (15-19, 20-24, and 25-65). The formula provides for a minimum State allocation, and a "hold-harmless" provision in the formula ensures that no State's share of the appropriation is less than its share of the fiscal year 1998 appropriation. A special provision limits the increase a State with an initial allocation of the 0.5 percent minimum may receive, resulting in a number of States that receive an allocation of less than 0.5 percent of the total. If appropriations result in the amount of funds for allocation to States exceeding the amount of funds allocated to States from the FY 2006 appropriation, up to one-third of the additional funds are allotted to States with FY 2006 grants that are less than the minimum 0.5 percent grant amount and the remainder flows to the other States. In addition, the outlying areas (except the Virgin Islands) receive 0.13 percent of the total appropriated for State Grants to operate the same kinds of career and technical education programs as the States. Also, 1.25 percent of the total appropriation for State Grants is set aside for grants to federally recognized Indian tribes and tribal organizations, and 0.25 percent is set aside for competitive grants to organizations that primarily serve and represent Native Hawaiians. The Bureau of the Census supplies the population data; the Department of Labor supplies the per-capita income data.

Matching Requirements: Section 112(b) of the Perkins Acts requires 50/50 matching for State administration, which is also subject to the hold-harmless requirement imposed by section 323. An outlying area that submits an application for its Perkins IV funds under the Consolidated Grants to Insular Areas Program is not required to match. See CFDA 84.403.

Section 311(b) of the Perkins Act describes maintenance-of-effort requirements.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Generally, annual grants to eligible agencies are made from July 1 to September 30 of the following year. In addition, funds remain available to the eligible agencies for an additional fiscal year for obligation and expenditure under section 421(b) of the General Education Provisions Act, as amended (GEPA). See the following for information on how assistance is awarded/released: States draw funds as needed under the Electronic Funds Transfer System.

Reports:

OCTAE'S Consolidated Annual Report (CAR) for Perkins IV requires annual financial status reports, performance data reports, and program narrative reports. Eligible agencies must also submit Office for Civil Rights Compliance Reports. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit

conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

As required by 2CFR 200.333. Generally, the eligible agency and its subgrantees must retain records related to grant funds and compliance for a period of 3 years from the date the grantee or subgrantee submits its final expenditure report for that funding period. 2 CFR 200.333. Also, all records supporting claims for Federal funds or relating to the accountability of the grantee for the expenditure of such funds must be accessible for administrative review. 84.060 INDIAN EDUCATION GRANTS TO LOCAL EDUCATIONAL AGENCIES

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965 (ESEA), as amended, Title VI, Part A, Subpart 1.

OBJECTIVES:

To address (1) the unique educational and culturally related academic needs of Indian students, so that these students can meet the challenging state performance standards expected of all students, (2) to ensure that Indian students gain knowledge and understanding of Native communities, languages, tribal histories, traditions, and cultures; and (3) to ensure that teachers, principals, other school leaders and other staff who serve Indian students have that ability to provide culturally appropriate and effective instruction. This program is the Department's principal vehicle for addressing the particular needs of Indian children.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Grants supplement the regular school program, helping Indian children sharpen their academic skills, assisting students in becoming proficient in the core content areas, and providing students an opportunity to participate in enrichment programs that would otherwise be unavailable. Funds support such activities as Native American language programs, after-school programs, tutoring, and dropout prevention. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on (202) 708-7770.

Applicant Eligibility:

Local educational agencies (LEAs) that enroll at least 10 Indian children or in which Indians constitute at least 25 percent of the total enrollment. These requirements do not apply to LEAs serving Indian children in Alaska, California, and Oklahoma or located on, or in proximity to, an Indian reservation. Schools that receive funding from the Department of the Interior (DOI) Bureau of Indian Education (BIE) under Section 1130 of the Education Amendments of 1978, 25 U.S.C. 2001, are eligible to participate in this program. If an eligible LEA does not apply, an Indian tribe or an Indian organization that makes up at least half of the LEAs' Indian students may apply in lieu of the LEA. If no eligible LEA or Indian tribe or Indian organization applies for a grant, an Indian community-based organization may apply.

Beneficiary Eligibility:

Eligible Indian children enrolled in eligible local educational agencies, BIE-funded schools, Indian organizations, and Indian Community Based Organizations.

Credentials/Documentation:

The applicant must certify the number of eligible Indian children enrolled. The grant award is computed based on this information. An applicant must also assure that it has carried out a number of other required activities, including: holding a public hearing, establishing an Indian parent committee, if the applicant is an LEA, and making arrangements for an evaluation of the effectiveness of the project. No grant will be made unless the applicant has the written approval of the applicant's Indian parent committee. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

The standard application forms as furnished by the Federal agency must be used for this program. An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed

in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The LEA annually submits to the Department of Education an application describing its proposed project. Application forms are available from the headquarters office.

Award Procedure:

Awards are issued annually directly to the applicant. Awards are made to all applicants that meet the applicable requirements of the Act and that have designed a project that meets the statutory requirements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 160 days.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title ESEA, Title VI, Part A, Subpart 1, Section 6113. This program has no matching requirements. The Department calculates the amount of a grant that an LEA receives by multiplying the number of Indian children enrolled in the LEA's schools by the average per-pupil expenditure for the State in which the applicant is located, or 80 percent of the national average per pupil expenditure, whichever is greater. In setting the actual amount of a grant, an applicant's formula amount is adjusted on the basis of available appropriations. Grantees must receive a minimum grant of \$3,000.

Maintenance-of-Effort Requirements:

In order for an LEA to receive a grant, the appropriate State educational agency (SEA) must certify that the combined fiscal effort of that LEA and the State with respect to the provision of free public education by that LEA for the preceding fiscal year was not less than 90 percent of the combined fiscal effort for that purpose for the second preceding fiscal year. If an LEA does not meet this requirement and the Secretary does not grant a waiver for unusual circumstances, the LEA's grant award is reduced in the proportion by which the LEA failed to meet the combined fiscal effort requirement. DOI/Bureau of Indian Education grantees are exempt from the combined fiscal effort requirement.

This program does not have MOE requirements. This program has supplement-not-supplant requirements.

Length and Time Phasing of Assistance:

Grants are awarded for up to 120 months and funds must be spent or obligated within the project period. Payments are made by direct deposit upon request by LEAs. See the following for information on how assistance is awarded/released: Contact the program office for this information.

Reports:

Financial and performance reports are due within 90 days of the termination of the project period. No cash reports are required. No progress reports are required. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Records must be maintained 3 years after the completion of the activity for which grant funds were used.

84.063 FEDERAL PELL GRANT PROGRAM

FEDERAL AGENCY:

Office of Federal Student Aid, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, Title IV, Part A, Subpart 1, as amended.

OBJECTIVES:

To provide eligible undergraduate postsecondary students who have demonstrated financial need with grant assistance to help meet educational expenses.

TYPES OF ASSISTANCE:

DIRECT PAYMENTS FOR A SPECIFIED USE

USES AND USE RESTRICTIONS:

The student must be a U.S. citizen or eligible noncitizen who has been accepted for enrollment in, and is making satisfactory academic progress at an eligible institution of higher education. Eligible schools may be public or private nonprofit institutions of higher education, (such as colleges, universities, vocational-technical schools, hospital schools of nursing), and for-profit institutions (proprietary). Eligible males who are at least 18 years or older and born after December 31, 1959, can receive aid only if they have registered with the Selective Service. Graduate students and students who have already earned a bachelor's degree are not eligible for assistance, except those enrolled in an eligible program leading to a professional certification in teaching. Applicants must demonstrate need according to Part F of the Higher Education Act of 1965, as amended.

Applicant Eligibility:

Undergraduate students and students pursuing a teaching certificate enrolled as regular students in an eligible program at an eligible institution of higher education and making satisfactory academic progress. The applicants must be U.S. citizens or eligible noncitizens and have a high school diploma (or its equivalent); or, for students enrolled prior to July 1, 2012, a demonstrated

ability to benefit from the program offered; or, have successfully completed six credits.

Beneficiary Eligibility:

Undergraduate students and students pursuing a teaching certificate that are U.S. citizens or eligible noncitizens and meet financial need criteria. Students must be: regular students in an eligible program and enrolled in institutions of higher education, making satisfactory academic progress. Incarcerated students, except those incarcerated in local penal facilities, are ineligible. Students must sign a statement of educational purpose, not owe a refund on a Title IV grant, and not be in default on a Title IV loan. Eligible males that are at least 18 years old and born after December 31, 1959, can receive aid only if they have registered with the Selective Service.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Student completes a "Free Application for Federal Student Aid" and submits it to the agency specified on the form. Students may apply using a paper application, an electronic application, or via the Internet. The Department of Education calculates the student's financial eligibility for assistance and the agency to which the student sent the application returns a notification to the student of his or her eligibility for assistance. The student submits this notification to the institution of his or her choice in order to have his or her award calculated.

Award Procedure:

Institutions act as disbursing agents for the Department of Education. The institution that the student attends calculates and disburses the Federal Pell Grant, using a payment schedule developed by the Department of Education that determines the amount of the award based on the student's expected family contribution, cost of attendance, and enrollment status.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 15 to 30 days.

Appeals:

An institution, on the basis of supplemental documentation, may rule that an applicant is self-supporting, even though under the standard criteria, the applicant would normally be considered financially dependent on his or her parents. An institution may adjust on a case-by-case basis a student's data elements used to calculate his or her EFC and cost of attendance due to unusual circumstances documented by the institution.

Renewals:

Students who have applied in the previous award year may be eligible to complete a paper or electronic renewal application which contains preprinted student data and requires students only to update certain information. However, eligibility is still annually determined.

Formula and Matching Requirements:

Statutory Formula: Title IV, Part F.
Matching Requirements: Federal Pell Grant eligibility determinations are based on Part F of the HEA, as amended. This national need analysis formula determines financial eligibility for Federal Pell grants and other Federal student aid and is applied uniformly to all applicants. This formula determines a student's "expected family contribution" (EFC). The fundamental elements of this need analysis formula are the parents' and/or the student's income and assets (excluding home), the family's household size, and the number of family members attending postsecondary institutions. The EFC is determined as the sum of: (1) A percentage assessment of net income (remaining income after

subtracting allowances for basic living expenses) and (2) a percentage assessment of net assets other than a home (remaining assets after subtracting an asset protection allowance).

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Students are able to receive one Federal Pell Grant during any award year (July 1 through June 30). Funds for the Federal Pell Grant are usually disbursed at least twice during an award year. Beginning with the 20172018 award year, students can receive Federal Pell Grant funds for up to 150 percent of the students Federal Pell Grant scheduled award for an award year. To be eligible for the additional Federal Pell Grant funds, the student must be otherwise eligible to receive Federal Pell Grant funds for the payment period and must be enrolled at least half-time in the payment period(s) for which the student receives the additional Federal Pell Grant funds in excess of 100 percent of the students Federal Pell Grant scheduled award. Students may only receive a Federal Pell Grant until they have received a bachelor's degree. See the following for information on how assistance is awarded/released: Electronic transfer. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Institutions will be required to furnish reports periodically on the disbursement of funds, as well as to furnish any other reports the Secretary requires. No reports are required of students. Cash reports are not applicable. Progress reports are not applicable. Institutions will be required to furnish reports periodically on the disbursement of funds, as well as to furnish any other reports the Secretary requires. No reports are required of students. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

All records pertaining to the eligibility of each Federal Pell Grant recipient and all fiscal management records must be maintained by the institutions for a period of 3 years or until an acceptable audit has been completed, whichever is later. Selected students will have the information on their applications verified.

Account Identification:

84.066 TRIO EDUCATIONAL OPPORTUNITY CENTERS**FEDERAL AGENCY:**

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title IV, Part A, Subpart 2, Chapter
1, Section 402F.

OBJECTIVES:

To provide information on financial and academic assistance available for
qualified adults desiring to pursue a program of postsecondary education and to
assist them in applying for admission to institutions of postsecondary education.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds are awarded to institutions of higher education, public and private
agencies and organizations, and combinations of such entities for the
establishment and operation of centers to collect and disseminate information
concerning financial aid and academic programs available to participants
seeking to pursue postsecondary education and to assist participants in
preparing admission and financial aid applications. Centers may also provide,
to secondary school dropouts, guidance on secondary school reentry or entry to
an alternative education program. Centers may also provide tutoring,
mentoring, and counseling services. A grantee may not use the center as a part
of its recruitment program.

Applicant Eligibility:

Institutions of Higher Education, public and private agencies and organizations
including community-based organizations with experience in serving
disadvantaged youth, combinations of such institutions, agencies and
organizations, and as appropriate to the purposes of the program; secondary
schools.

Beneficiary Eligibility:

Persons residing in the target area who need one or more of the services
provided by the project in order to pursue a program of postsecondary
education and who desire to pursue or who are pursuing a program of
postsecondary education. Two-thirds of the participants must be low-income
individuals who are also potential first-generation college students. Project
participants must be at least nineteen years old (exceptions allowed). Required
low-income criteria for participants are stated in application materials.

Credentials/Documentation:

Costs will be determined in accordance with the Education Department General
Administrative Regulations (EDGAR). OMB Circular A-21 applies. OMB

Circular A-122 applies. 2 CFR 200, Subpart E - Cost Principles applies to this
program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is
not required for this program. This program is eligible for coverage under E.O.
12372, "Intergovernmental Review of Federal Programs." An applicant should
consult the office or official designated as the single point of contact in his or
her State for more information on the process the State requires to be followed
in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit
Requirements for Federal Awards applies to this program. Develop a proposal
in accordance with regulations, applications, and timetables issued by the
Secretary of Education. No State plan is required. Requests for program
applications should be made to the Federal TRIO Programs, College and
University Preparation and Support Team. This program is subject to the
Education Department General Administrative Regulations (EDGAR).

Award Procedure:

Selected non-Federal field readers evaluate new proposals based on the
selection criteria established in program regulations 34 CFR 644.21 and 34
CFR 644.22. Grantees will be selected on the basis of satisfactory proposals
and availability of funds. Grants are awarded through Federal TRIO Programs
office.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 90 to 180 days.

Appeals:

The program statute requires a second review of unsuccessful applications. The
Department implements the second review process in accordance with the
process specified in 34 CFR 644.24. An unsuccessful applicant requesting a
second review must provide evidence that the Department, an agent of the
Department, or a peer reviewer made a technical, administrative, or scoring
error in the processing or review of its application.

Renewals:

Awards are for five years. Continuation awards are approved on an annual
basis, subject to the availability of funds and evidence that the grantee is
meeting the conditions of the grant and making substantial progress towards
meeting the project objectives.

84.120 MINORITY SCIENCE AND ENGINEERING IMPROVEMENT (MSEIP)

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title III, Part E, Subpart 1.

OBJECTIVES:

To (1) effect long-range improvement in science and engineering education at predominantly minority institutions and (2) increase the participation of underrepresented ethnic minorities, particularly minority women, in scientific and technological careers.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Program funds are generally used to implement institutional projects, special projects and cooperative grants. Institutional grants support the implementation

of a comprehensive science improvement plan, which may include any combination of activities for improving the preparation of minority students for careers in science. Special project grants to minority institutions support activities that improve the quality of training in science and engineering at minority institutions. Special project grants to non-minority eligible applicants support activities that provide a needed service to a group of eligible minority institutions. Cooperative grants assist groups of non-profit accredited colleges and universities in working together to conduct a science improvement program. Grant funds may be used for a broad range of activities that address specific barriers that eliminate or reduce the entry of minorities into science and engineering fields. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on (202) 377-3838.

Applications may also be submitted by nonprofit science-oriented organizations, professional scientific societies, and institutions of higher education that award baccalaureate degrees, that provide a needed service to a group of minority institutions; or provide in-service training for project directors, scientists, and engineers from minority institutions; or consortia of organizations, that provide needed services to one or more minority institutions, the membership of which may include: institutions of higher education which have a curriculum in science or engineering; institutions of higher education that have graduate or professional programs in science or engineering; research laboratories of, or under contract with the Department of Energy; private organizations that have science or engineering facilities; or quasi-governmental entities that have a significant scientific or engineering mission.

Beneficiary Eligibility:

Private or public accredited (or successfully working toward accreditation) 2- and 4-year institutions of higher education whose enrollments of a single minority or a combination of minorities exceed 50 percent of the total enrollment. Minorities means American Indian; Alaskan Native; Black (not of Hispanic origin); Hispanic (including persons of Mexican, Puerto Rican, Cuban, and Central or South American origin); Pacific Islander; or other ethnic group who are underrepresented in science and engineering.

Credentials/Documentation:

Institutions must provide the information necessary to establish their eligibility for participation in MSEIP. The data on enrollment furnished to the Office for Civil Rights to satisfy requirements for the "Fall Enrollment and Compliance Report of Institutions of Higher Education" are acceptable. Applications must be signed by an authorized organizational official. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. An eligible institution may submit a proposal for funding of a planned project and proposed amount of the grant when announcement of a new competition appears in the Federal Register. See 34 CFR 637 and the specific program guidelines.

Application forms are available from the MSEIP.

Award Procedure:

Panels of outside experts with knowledge of the fields covered by the application review all eligible applications. Grant awards are recommended to the Secretary by the program office, in the order of merit.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 3 to 6 months.

Appeals:

Not Applicable.

Renewals:

Awards may be renewed for up to 2 years, renewals subject to the availability of appropriations.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

One to three years. Funds are awarded annually and disbursed as required. Renewals are subject to the availability of appropriations. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

The program requires interim and annual performance reports. A final performance report is required within 90 days upon completion of the project for all funded projects. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Reporting on performance measures is required as part of the submittal of the required annual performance report.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Compliance with standard Department of Education requirements.

Records:

84.126 REHABILITATION SERVICES VOCATIONAL REHABILITATION GRANTS TO STATES

FEDERAL AGENCY:

Office of Special Education and Rehabilitative Services, Department of Education

AUTHORIZATION:

Rehabilitation Act of 1973, as amended., Title I, Part A and B, Section 100-111.

OBJECTIVES:

To assist States in operating comprehensive, coordinated, effective, efficient and accountable programs of vocational rehabilitation (VR); to assess, plan, develop, and provide VR services for individuals with disabilities, consistent with their strengths, resources, priorities, concerns, abilities, capabilities, and informed choice so they may prepare for and engage in competitive integrated employment.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Federal and State funds are used to cover the costs of providing VR services, which include: assessment, counseling, vocational and other training, job placement, reader services for the blind, interpreter services for the deaf, medical and related services and prosthetic and orthotic devices, rehabilitation technology, transportation to secure VR services, maintenance during rehabilitation, and other goods and services necessary for an individual with a disability to achieve an employment outcome. Services are provided to families of disabled individuals when such services contribute substantially to the rehabilitation of such individuals who are receiving VR services. Funds can also be used to provide VR services for the benefit of groups of individuals with disabilities including the construction and establishment of community rehabilitation programs.

Applicant Eligibility:

State agencies in all States (including territories/possessions) designated as the State agency to administer the VR program may receive funds with the submission and approval a VR services portion of the Unified or Combined State plan in accordance with section 101(a) of the Rehabilitation Act of 1973, as amended.

Beneficiary Eligibility:

In order to be eligible for VR services, an individual must have a physical and/or mental impairment, which, for such an individual, constitutes or results in a substantial impediment to employment, and requires VR services to achieve an employment outcome.

Credentials/Documentation:

No Credentials or documentation are required. 2 CFR 200, Subpart E - Cost

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. State VR agencies are required to submit a VR services portion of the Unified or Combined State Plan describing the manner in which they will administer the VR and Supported Employment programs in their States. The State is not required to submit any policies, procedures or descriptions related to its State Plan that have been previously approved and demonstrate that the State currently meets applicable requirements of Title I of the Workforce Innovation and Opportunity Act (WIOA) and the requirements of the Rehabilitation Act, as amended by Title IV of WIOA. However, State agencies are required to update certain attachments to the VR services portion of the Unified or Combined State Plan.

Award Procedure:

Grant awards are made to State VR agencies with an approved VR services portion of the Unified or Combined State plan. States are notified of their annual allotment under the funding formula. Grant funds are withdrawn under the Electronic Transfer System.

Deadlines:

Jul 01, 2016 Jul 01, 2016 States were required to submit four-year Unified or Combined State Plans, including the VR services portion of the Unified or Combined State Plan, to the Department of Labor by March of 2016 for an effective date of July 1, 2016. States must submit a State Plan modification to their plan in March 2018 for an effective date of July 1, 2018. The next four-year plan is due in March of 2020.

Range of Approval/Disapproval Title:

Approval of the Unified or Combined State Plan, including approval of the VR services portion of that plan, is governed by sections 102 or 103 of Title I of WIOA.

Appeals:

Appeal procedures are governed by sections 102 or 103 of Title I of WIOA, as appropriate.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title I, Part B, section 110. (29 USC 730). Funds are distributed based on population weighted by per capita income. The statistical factors for fund allocation are: per capita income 3-year average by State (Bureau of Economic Analysis estimates) and U.S. total and State population (Annual Population Estimates, Bureau of the Census).

Matching Requirements: The matching requirement is 78.7 percent Federal and 21.3 percent Non-Federal funds for the total of all expenditures incurred under the VR program. . This program has a maintenance of effort (MOE) requirement. The MOE level is based on the amount of the State's non-Federal expenditures under the VR program for the Federal fiscal year two years earlier; see funding agency for further details. Each State is also required to reserve and use at least 15 percent of their Federal VR State Grant award to provide or arrange for the provision of pre-employment transition services for students with disabilities provided in accordance with section 113 of the Rehabilitation Act.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Funds become available for obligations for the fiscal year for which they are appropriated and may remain available for an additional year if the matching requirement is met in the year of the appropriation. Grant awards are issued biannually (1st and 4th quarter). See the following for information on how

assistance is awarded/released: Electronic Transfer.

Reports:

Program report: Annual and quarterly reports. No cash reports are required. Progress report: Annual and quarterly reports. Expenditure reports: semi-annual financial reports (Federal Financial Report (SF-425). Performance monitoring: The Rehabilitation Act requires the conduct of annual reviews and periodic on-site monitoring of whether a State VR agency is WIOA for core programs.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Conducted by ED Office of Inspector General and by site visits of regional staff. Both are periodic but no set schedule.

Records:

Case service records for individual consumers. Financial and programmatic records must be kept for a prescribed period of three years (2 CFR part 200, Subpart D Post Federal Award Requirements).

84.144 MIGRANT EDUCATION COORDINATION PROGRAM**FEDERAL AGENCY:**

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965, Title I, Part C, Section 1308(d), 20 U.S.C 6398.

OBJECTIVES:

To provide financial incentives to State Educational Agencies (SEAs) to participate in consortia that provide high-quality project designs and services to improve the interstate or intrastate coordination of migrant education programs by addressing key needs of migratory children who have their education interrupted.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds are used to implement the consortium activities to improve interstate and intrastate coordination of migrant education programs by addressing key needs of migratory children whose education is interrupted or to carry out any other activities authorized under the Migrant Education State Grant Program (MEP). This program is subject to non-supplanting requirements and SEAs must use a restricted indirect cost rate, which is referenced in 34 CFR 75.563. For assistance call the Office of Chief Financial Officer/Indirect Cost Group on (202) 708-7770.

Applicant Eligibility:

SEAs receiving MEP State Formula grants, in a consortium with another State or other appropriate entities.

Beneficiary Eligibility:

Migratory children of migratory agricultural workers or migratory fishers, or individuals under 21 years old who are migratory agricultural workers or migratory fishers, or spouses of such workers or fishers whose education is interrupted benefit.

Credentials/Documentation:

No Credentials or documentation are required. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applications must be prepared and submitted in accordance with the regulations, instructions, and forms included in the grant application package. The applications are reviewed and evaluated by a panel of peer reviewers. Awards are made on a competitive basis.

Award Procedure:

The Department reviews each application using selection criteria and priorities published in a notice inviting applications published in the Federal Register and the application package. The U.S. Department of Education sends a Grant Award Notification (GAN) to successful applicants.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately three months.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: An SEA may receive only one incentive grant award regardless of the number of consortia in which it participates. Consortium incentive grant awards are calculated on the basis of a two-tiered formula: SEAs whose MEP allocations are \$1 million or less will, in general, receive a grant award that is twice the amount of the award provided to SEAs whose

MEP allocations are greater than \$1 million. Within each tier, awards will be of equal size. However, no SEA will receive an incentive grant award that exceeds the amount of its Title I, Part C, MEP formula grant or \$250,000, whichever is less.

Matching requirements are not applicable to this program.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Consortium Incentive Grants for interstate and intrastate coordination activities will be awarded for up to three years, subject to the availability of funds and performance reviews demonstrating substantial progress. See the following for information on how assistance is awarded/released: electronic transfer.

Reports:

Annual performance reports are required from SEAs participating in consortium incentive grants and from other grant recipients; interim performance reports may be requested if annual reports do not show substantial progress. Cash reports are not applicable. Specific progress report and requirements will be included in the grant award documents. Expenditure reports are not applicable. Performance monitoring is conducted through quarter phone calls with the assigned Program Officer.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

CRITERIA FOR SELECTING PROPOSALS:

All applications must establish eligibility of the institution and its program needs. A public benefit allowance formula, uniformly applied, determines the respective benefits of each program. Basic allowance of 50 percent is allowed to institutions meeting the following: (1) Proof of current need; (2) ability to operate and maintain; (3) suitability of facilities or adaptability for conversion; (4) requirement for utilization through period of restrictions; and (5)

nondiscrimination because of race, color, sex, handicap, or national origin. Additional allowances are made for tax support, accreditation, hardship, not met needs, integrated research, public services, and training programs. For competing programs, the one showing the greatest public benefit is selected. Where property can be divided, as many compatible programs as possible are accommodated.

84.149 MIGRANT EDUCATION COLLEGE ASSISTANCE MIGRANT PROGRAM

(CAMP)

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title IV, Part A, Section 418A, 20 U.S.C 1070d-2.

OBJECTIVES:

To assist students who are engaged, or whose immediate family is engaged, in migrant and other seasonal farmwork, are enrolled or are admitted for enrollment on a full-time basis, at institutions of higher education and are in the first academic year at such an institution.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Project funds may be used to provide supportive and instructional services, including tutoring and counseling services and assistance in obtaining student financial aid (including stipends, tuition, and room and board) to first-year college students, assist those students in obtaining financial aid for their remaining undergraduate years, and provide follow-up services, such as monitoring and reporting students' first-year and subsequent year academic progress, and referrals to counseling services, academic assistance, or financial aid.

Applicant Eligibility:

Institutions of higher education or private nonprofit agencies in cooperation with institutions of higher education may apply.

Beneficiary Eligibility:

First-year college students who are engaged, or whose immediate family member is engaged, in migrant and other seasonal farmwork or who have participated or been eligible to participate in the Title I, Migrant Education Program, or the Department of Labor's National Farmworker Jobs Program.

Credentials/Documentation:

To be eligible to participate in a CAMP project, the applicant must: (1) be enrolled or admitted for enrollment as a full-time student at a participating institution of higher education; (2) not be beyond the first academic year of a program of study at the institution of higher education, as determined under the standards of the institution; and (3) be determined by the grantee to need the academic and supporting services and financial assistance provided by the project in order to complete an academic program of study at the institution of higher education. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application forms are available from the Department of Education (the Department), as announced in a Notice Inviting Applications (NIA). An eligible applicant submits its application to the Department no later than the date announced by the Department in the Federal Register. An application must be prepared and submitted in accordance with the regulations, instructions, and forms included

in the grant application package. Applications are reviewed and evaluated by a panel of peer reviewers.

Award Procedure:

The Department reviews each application using selection criteria published in the Federal Register. Afterwards, the Department conducts a budget analysis of allowable activities and costs and recommendations for new grants, and sends a Grant Award Notification (GAN) to a successful applicant of its award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately four months.

Appeals:

Not Applicable.

Renewals:

Grants are awarded up to 60 months. Continuation awards are subject to the availability of funds and recipient performance.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The project period is up to 60 months; funds are awarded for 12-month budget period. Continuances are subject to the availability of funds and recipient performance. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

In the first project year, a grantee must submit to the Department an Interim Performance Report showing satisfactory performance in order to be eligible to receive a continuation award for the second budget period. For the following years, a grantee must submit an Annual Performance Report (APR) showing satisfactory performance in order to receive a continuation award, and must submit a final performance report 90 days after completion of the project. Special financial reports are required. No cash reports are required. Progress reports are may be required for projects that do not make substantial progress toward program and project goals. Summaries of expenditures are required as part of the APR and its instructions include the need to provide annual summaries of expenditures, but no special financial cash reports are required. Specific performance monitoring requirements will be included in the grant documents.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

In accordance with the General Education Provisions Act, the Education Department General Administrative Regulations (34 CFR part 75), and Uniform Administrative Requirements in 2 CFR part 200, grantees must maintain certain project records for three years unless they are needed under one of the exceptions in 2 CFR 200.333 for a longer period.

84.165 MAGNET SCHOOLS ASSISTANCE

FEDERAL AGENCY:

Office of Innovation and Improvement, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965, as amended, Title IV, Part D.

OBJECTIVES:

To provide grants to eligible local educational agencies (LEAs) to establish and operate magnet schools that are operated under court-ordered, agency-ordered, or federally approved voluntary desegregation plans. Magnet programs aim to eliminate, reduce, or prevent minority-group isolation in elementary and secondary schools while strengthening students' academic achievement.

TYPES OF ASSISTANCE:

Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

Funds may be used, among other things, for planning and promotional activities directly related to the development, expansion, continuation, or enhancement of academic programs offered at magnet schools; for purchasing books, materials, equipment; and for paying or subsidizing the salaries of teachers and instructional staff in magnet schools. Funds may also be used for transportation of students to and from a magnet school assuming transportation is sustainable beyond the grant period and transportation costs do not represent a significant portion of the grant funds received by the eligible LEA. Funds may not be used on activities that are not directly related to improving student academic achievement. A grantee may use not more than 50 percent of funds in the first year of the grant, and not more than 15 percent in the second and third years, for planning.

Applicant Eligibility:

LEAs that are implementing court-ordered, agency-ordered or federally approved voluntary desegregation plans that include magnet schools are eligible to apply.

Beneficiary Eligibility:

LEAs and participating students will benefit.

Credentials/Documentation:

Applicants must submit a copy of the desegregation plan they are implementing, or will implement, if assistance is made available. Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application notices are published in the Federal Register and applications must be sent to the Education Department on or before the closing date.

Award Procedure:

Recommendations for the approval of applications are made by the program staff on the basis of published criteria, statutory priorities, State comments received under the E.O. 12372 process, and with the advice and assistance of a panel of independent reviewers. In addition, no application may be approved unless the Assistant Secretary for Civil Rights determines that all required assurances will be met.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The range is anticipated to be 90 to 120 days from the closing date.

Appeals:

Not Applicable.

Renewals:

The project period for a Magnet School award may not exceed 60 months. To receive continuation funding, grantees must demonstrate substantial progress toward meeting their goals and objectives. Renewals are subject to the availability of appropriations.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The length of grants will be up to 60 months, subject to the availability of

funds. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

As part of the continuation award funding process, grantees must submit performance reports annually. Final performance reports must be submitted within 90 days of the end of the grant award period. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Under section 443 of the General Education Provisions Act as well as 75.730-732; and 2 CFR 200.333, grantees must maintain records for 3 years.

CRITERIA FOR SELECTING PROPOSALS:

Criteria are used to evaluate the applicant's project design, project services, personnel, budget and resources, evaluation plan, and commitment and capacity. Competitive priority is given to applicants that demonstrate the greatest need for assistance; carry out new, evidence-based magnet schools significantly revised magnet schools using evidence-based methods, or replicate and existing magnet school program with a demonstrated record of success; select students to attend magnet schools through methods such as lottery, rather than academic examination, and propose to increase racial integration by taking into account socioeconomic diversity. For funds appropriated for the program in excess of \$75 million, competitive priority is given to those applicants that did not receive funds under the program in the previous fiscal year.

84.173 SPECIAL EDUCATION PRESCHOOL GRANTS

FEDERAL AGENCY:

Office of Special Education and Rehabilitative Services, Department of

Education

AUTHORIZATION:

Individuals with Disabilities Education Act (IDEA), as amended, Part B, Section 619, 20 U.S.C. 1419.

OBJECTIVES:

To provide grants to States to assist them in providing special education and related services to children with disabilities ages 3 through 5 years, and at a State's discretion, to 2- year- old children with disabilities who will reach age three during the school year.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

States must distribute all grant funds that the State does not reserve for administration of the program or other State-level activities to eligible local educational agencies. Funds are used by State and local educational agencies, in accordance with the IDEA, to provide special education and related services to children with disabilities ages 3 through 5, and at the State's discretion, to 2-year-old children with disabilities who will reach age 3 during the next school year; and in some cases, early intervening services.

Applicant Eligibility:

State educational agencies in the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico. Local educational agencies apply to their State educational agency for sub-grants.

Beneficiary Eligibility:

Children aged 3 through 5 with disabilities, and (at the State's option) 2-year-old children with disabilities that will reach age 3 during the school year, that require special education and related services will benefit.

Credentials/Documentation:

No State or jurisdiction may receive a grant unless the Secretary has approved the annual application and statement of assurances. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. States are eligible to receive funds under this program if the State establishes eligibility under Section 612 of Part B of the IDEA and if the State makes a free appropriate public education available to all children ages 3 through 5 years with disabilities residing in the State. Local educational agencies establish eligibility for Preschool Grant funds by meeting local application eligibility requirements in section 613 of Part B of the IDEA.

Award Procedure:

Once the State application has been approved, a grant award representing the total preschool grant amount for that fiscal year is forwarded to the State's department of education. Notification of the award is made to the Chief State School Officer. States make subgrants to eligible local educational agencies from their initial grant award after setting aside funds for administration and state-level activities.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The time for reviewing the States application is determined by EDGAR (in 34 CFR 76.703) and ranges from 45 to 90 days.

Appeals:

The Department must not take final action to disapprove an application until the

State is provided reasonable notice and an opportunity for a hearing. The State must request a hearing no later than 30 days after it receives notice of the proposed final determination that the State is not eligible to receive its award.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Statutory citation: IDEA Part B Sec. 619(c)

In general, funds are distributed to eligible entities through a formula based on general population and poverty. Under the formula, each State is first allocated an amount equal to its fiscal year 1997 allocation. For any year in which the appropriation is greater than the prior year level, 85 percent of the funds above the fiscal year 1997 level are distributed based on each States relative percentage of the total number of children aged 3 through 5 in the general population. The other 15 percent is distributed based on the relative percentage of children aged 3 through 5 in each State who are living in poverty.

The statute also includes several maximum and minimum allocation requirements when the amount available for distribution to States increases. If the amount available for allocation to States remains the same from one year to the next, States receive the same level of funding as in the prior year. If the amount available for allocation to States decreases from the prior year, any amount available for allocation to States above the 1997 level is allocated based on the relative increases in funding that the States received between 1997 and the prior year. If there is a decrease below the amount allocated for 1997, each States allocation is ratably reduced from the 1997 level.

This program has no matching requirements. However, there are non-supplanting and excess cost requirements.

This program has MOE requirements, see funding agency for further details. MOE requirements for this program apply to both State Educational Agencies and local educational agencies.

Length and Time Phasing of Assistance:

Grants are issued each fiscal year. The Federal obligation period is a 15-month period from July 1 through September 30 of the following fiscal year. State and local educational agencies have an additional 12-month period to obligate funds they receive. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

State Performance Plans (SPPs) and Annual Performance Reports (APRs) are submitted to the Department of Education from the State Departments of Education. No cash reports are required. No progress reports are required. No expenditure reports are required. Performance monitoring is applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

As required by EDGAR for State administered programs (34 CFR 76.730-731), generally, the State and its subgrantees must retain records related to grant funds and compliance for a period of 3 years from the date the grantee or subgrantee submits its final expenditure report for that funding period. CFR 200.333. Also, all records supporting claims for Federal funds or relating to the accountability of the grantee for the expenditure of such funds must be accessible for administrative review.

84.177 REHABILITATION SERVICES INDEPENDENT LIVING SERVICES FOR OLDER INDIVIDUALS WHO ARE BLIND

FEDERAL AGENCY:

Office of Special Education and Rehabilitative Services, Department of Education

AUTHORIZATION:

Rehabilitation Act of 1973, as amended, Title VII, Chapter 2.

OBJECTIVES:

To provide any independent living services that are described in 34 CFR Section 367.3(b) of the program regulations to older individuals who are blind that improve or expand services for these individuals; and conduct activities to help improve public understanding of the problems of these individuals.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The Secretary must first set aside not less than 1.8 percent and not more than 2 percent of the funds appropriated to the ILOIB program be used to provide training and technical assistance to Designated State Agencies or other providers of ILOIB services that receive ILOIB program funds. The designated State unit may use funds awarded under the Independent Living Services for Older Individuals Who are Blind (ILOIB) program to carry out the activities described in the program objectives section of this document. Among the independent living (IL) services that can be provided to older individuals who are blind are those services to help correct blindness, provision of eyeglasses and other visual aids, services and equipment to enhance mobility and self-sufficiency, mobility training, Braille instruction, and other services and equipment to help older persons who are blind adjust to blindness, guide services, reader services and transportation, and any other appropriate services to help an older person who is blind in coping with daily living activities, IL core services including IL skills training, information and referral, peer counseling and individual and systems advocacy; and other IL services as defined in the Rehabilitation Act and the IL program regulations.

Applicant Eligibility:

Any State agency in the 50 States and the District of Columbia and territories (Commonwealth of Puerto Rico and Virgin Islands) and outlying areas (Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands) designated by the State as the State agency and authorized to provide rehabilitation services to blind individuals may apply. In order to receive assistance under this program, a designated state agency (DSA) must submit in a timely manner and obtain approval from the Department of an application containing the agreements, assurances, and information that the Department determines to be necessary to carry out this program.

Beneficiary Eligibility:

Older individuals who are blind, as defined in 34 C.F.R. 367.5 of the ILOIB program regulations are the primary beneficiaries of assistance under this program. This term means An individual aged 55 or older whose severe visual impairment makes competitive employment extremely difficult to obtain but for whom independent living goals are feasible."

Credentials/Documentation:

No Credentials or documentation are required. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The Education Department General Administrative Regulations at 34 CFR Parts 76 and 80 apply to this program. In order to be eligible for an allotment under this program, States must submit an application for a grant under the ILOIB program in the form and manner prescribed by the Department and the application must contain the assurances listed in 367.11 of the ILOIB program regulations and section 752(i) of the Rehabilitation Act, including an assurance that the DSA will seek to incorporate any new methods and approaches relating to services for older individuals who are blind into the State Plan for Independent Living.

Award Procedure:

A notice of annual allotment to the State is issued. Initial distributions are subject to reallocation at the end of the fiscal year if the Commissioner determines that the State will not expend its allotment. States receive annual grant award notices and funds may be withdrawn under the Electronic Transfer System.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

34 CFR 76.703 governs the approval/disapproval time of State plans in relation to when a State may begin to obligate funds.

Appeals:

After reasonable effort has been made to resolve the questions involved, and the State has pursued a hearing before the Office of the Administrative Law Judge, the State may appeal to the United States Court of Appeals for the circuit in which the State is located pursuant to the 34 CFR 76.202 and 76.902.

Renewals:

Awards are made on an annual basis and may be renewed for up to two additional years, for a total of three years under an approved ILOIB application and the availability of funds.

Formula and Matching Requirements:

Statutory Formula: Section 752(i) of the Rehabilitation Act contains the formula the Department uses for the allocation of funds to each State. Formula grant funds are distributed based on the population of individuals who are 55 years of age or older and the source is the Bureau of the Census. No State shall

receive less than \$225,000 or one-third of one percent of the amount made available for formula grants for the fiscal year, whichever is greater. The minimum allotment for Territories is \$40,000. In addition, section 751A of the Rehabilitation Act requires the Commissioner to reserve not less than 1.8 percent and not more than 2 percent of the funds appropriated for the Independent Living Services for Older Individuals Who are Blind program to provide training and technical assistance to the designated State agency providing independent living services for individuals who are blind. Matching Requirements: Under section 752(f) of the Rehabilitation Act (34 CFR 367.31(b) and 367.61), the States must contribute \$1 for each \$9 of Federal grant funding received, in cash or in kind. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Awards are made on an annual basis under an approved 3-year ILOIB application. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

As required by 34 C.F.R. 80.40 and 80.41 of the Education Department General Administrative Regulations (EDGAR), performance reports and financial reports are required annually. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

84.181 SPECIAL EDUCATION-GRANTS FOR INFANTS AND FAMILIES

FEDERAL AGENCY:

Office of Special Education and Rehabilitative Services, Department of Education

AUTHORIZATION:

Individuals with Disabilities Education Act (IDEA), as amended, Part C, 20 U.S.C. 1431-1444.

OBJECTIVES:

To provide grants to States to assist them to implement and maintain a Statewide, comprehensive, coordinated, multidisciplinary, interagency system to make available early intervention services to infants and toddlers with disabilities and their families.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Funds are used to assist States in implementing and maintaining their Statewide systems of early intervention services. Funding may also be used to provide direct services for eligible infants and toddlers with disabilities aged birth through 2 and their families that are not otherwise provided by other public or private sources, to expand and improve services for infants and toddlers with disabilities that are otherwise available and to provide a free appropriate public education, in accordance with Part B of IDEA, to children with disabilities from their third birthday to the beginning of the following school year. States also have the discretion to provide services to infants and toddlers who are at risk of having substantial developmental delays if they do not receive appropriate early intervention services. The Individuals with Disabilities Education Improvement Act of 2004 amended IDEA to allow states, at their discretion, to continue to serve children with disabilities under this program beyond age three until the children enter or are eligible to enter kindergarten or elementary school, if such children are otherwise eligible for services under the Preschool Grants Program (84.173), and previously received services under the Part C program.

Applicant Eligibility:

Eligible applicants are the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, the Secretary of the Interior and the following four outlying area jurisdictions: Guam, American Samoa, the Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

Beneficiary Eligibility:

Infants and toddlers with disabilities aged birth through 2 and their families will benefit.

Credentials/Documentation:

In general, each State or jurisdiction must submit an application, including certifications, policies and procedures, and statement of assurances to receive IDEA Part C funds. Each State lead agency is designated by the Governor of that State or jurisdiction. 2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is

not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Specific application procedures are provided in the application form for the program. The State lead agencies, the applicants for this program, are designated by the Governor.

Award Procedure:

Once the State application is approved, a grant award representing the total State allocation is forwarded to the State lead agency.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The time for reviewing the State's application is determined by EDGAR (in 34 CFR 76.703) and ranges from 45 to 90 days.

Appeals:

The Department must not take final action to disapprove an application until the State is provided reasonable notice and an opportunity for a hearing. The State must request a hearing no later than 30 days after it receives notice of the proposed final determination that the State is not eligible to receive its award.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Statutory citation: IDEA Part C Sec.643.

Awards are based on each State applicant's proportionate share of children, aged birth through two years, in the general population, based on the most recent satisfactory data available from the United States Bureau of the Census. No State may receive less than 0.5 percent of the total funds available for all States. The Department of Interior receives 1.25 percent of the amount available to States. The Outlying Areas combined receive up to 1 percent of the funds appropriated. 20 U.S.C. 1443. This program has nonsupplanting requirements. 20 USC 1437(b)(5).

84.187 SUPPORTED EMPLOYMENT SERVICES FOR INDIVIDUALS WITH THE MOST SIGNIFICANT DISABILITIES

(Supported Employment State Grants)

FEDERAL AGENCY:

Office of Special Education and Rehabilitative Services, Department of Education

AUTHORIZATION:

Rehabilitation Act of 1973, as amended (Rehabilitation Act), Title VI.

OBJECTIVES:

To provide grants for time limited services leading to supported employment for individuals with the most significant disabilities.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Federal grant funds are awarded to State Vocational Rehabilitation (VR) agencies to supplement services provided under Title I of the Rehabilitation Act to assist individuals with the most significant disabilities in achieving the employment outcome of supported employment. Supported employment enables individuals with the most significant disabilities who, because of the nature and severity of their disability, need ongoing support, including intensive supported employment services followed by extended services after the individuals ability to perform the job with support has stabilized, in order to

maintain competitive integrated employment. State VR agencies use funds to provide services and supports such as: (1) skilled job trainers who accompany the worker for intensive on-the-job training; (2) systematic training; (3) job development; (4) follow-up services; (5) regular observation or supervision at training sites; and (6) other services needed to support an individual in employment. The Workforce Innovation and Opportunity Act (WIOA) (Public Law 113-128), enacted on July 22, 2014, requires States to reserve and expend half of their allotment for the Supported Employment Services program to provide supported employment services for youth with the most significant disabilities. States must provide a 10% match for that half of the allotment reserved for such youth. States are also permitted to provide extended services for up to four years to eligible youth with the most significant disabilities.

Applicant Eligibility:

The State VR agency designated in the VR services portion of the Unified or Combined State plan to administer the VR program is eligible to receive Federal funds under this program..

Beneficiary Eligibility:

Individuals with the most significant disabilities who have been determined eligible for VR services under Title I of the Rehabilitation Act and who have identified supported employment as an employment outcome.

Credentials/Documentation:

OMB's Uniform Guidance for Grantees at 2 CFR part 200 applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Each State must submit a supplement to the VR services portion of the Unified or Combined State plan under WIOA.

Award Procedure:

Grant awards are made to States with an approved supported employment supplement to the VR services portion of the Unified or Combined State plan. States are notified of their annual allotment under the funding formula. Grant funds are withdrawn under the Electronic Transfer System.

Deadlines:

Jul 01, 2016 A State must submit the VR services portion of the 4-year Unified or Combined State Plan, which includes a Supported Employment supplement, to the Department of Labor by March of 2016 for an effective date of July 1, 2016.

Range of Approval/Disapproval Time:

Approval of the Unified or Combined State Plan, including the VR services portion of that plan, is governed by sections 102 or 103 of Title I of WIOA.

Appeals:

Appeal procedures are governed by sections 102 or 103 of Title I of WIOA, as appropriate.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title Rehabilitation Act of 1973, as amended, Title VI, Part B. Title VI of the Rehabilitation Act. Supported Employment funds are distributed based on the U.S. total populations and State population and the source is the Population Estimates Annual, Bureau of the Census. No State shall receive less than \$300,000 or one-third of one percent of the sums made available for the fiscal year, whichever is greater. The minimum allotment for Territories is 1/8 of 1 percent of the amount appropriated.

**84.217 TRIO MCNAIR POST-BACCALAUREATE ACHIEVEMENT
FEDERAL AGENCY:**

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title IV, Part A, Subpart 2, Chapter 1 Section 402E.

OBJECTIVES:

To provide grants for institutions of higher education to prepare participants for doctoral studies through involvement in research and other scholarly activities. Participants are from disadvantaged backgrounds and have demonstrated strong academic potential. Institutions work closely with participants as they complete their undergraduate requirements. Institutions encourage participants to enroll in graduate programs and then track their progress through to the successful completion of advanced degrees. The goal is to increase the attainment of Ph.D. degrees by students from underrepresented segments of society.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds must be used by the participating institution to provide eligible participants with opportunities for research and other scholarly activities; summer internships; seminars; tutoring; academic counseling; and activities designed to help students secure admission and financial assistance for graduate study. Funds may be used for: services to improve students' financial and economic literacy, mentoring and exposure to cultural events. At least two-thirds of the project participants must be low-income individuals who are first-generation college students. The remaining participants may be from a group that is underrepresented in graduate education.

Applicant Eligibility:

Institutions of higher education or combinations of institutions of higher education may apply.

Beneficiary Eligibility:

2/3 of participants must be low-income first generation college students. The remaining participants must be students from groups underrepresented in graduate education. All participants must be enrolled in a degree program at an eligible institution of higher education.

Credentials/Documentation:

Costs will be determined in accordance with Education Department General Administrative Regulations and the program regulations, Section 647 of the Code of Federal Regulations. OMB Circular A-21 applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Develop a proposal in accordance with legislation, regulations, applications, and timetables issued by the Secretary of Education. No State plan is required. Requests for applications should be made to the Federal TRIO Program. This program is

subject to the provisions of the Education Department General Administrative Regulations.

Award Procedure:

Nonfederal field readers evaluate new proposals on the basis of the selection criteria specified in 34 CFR 647.21. Grants are awarded by the Federal TRIO Programs office.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Approximately 90 to 180 days.

Appeals:

The program statute requires a second review of unsuccessful applications. The Department implements the second review process in accordance with 34 CFR 647.24. An unsuccessful applicant requesting a second review must provide evidence for the Department, an agent of the Department, or a peer reviewer made a technical, administrative, or scoring error in the processing or review of its application.

Renewals:

Awards are for 5-year project periods. Continuation awards are made annually. Generally, continuation awards are made if sufficient funds have been appropriated and the grantee is meeting the conditions of the grant and making substantial progress toward meeting the project objectives.

Formula and Matching Requirements:

This program has no statutory formula.

84.268 FEDERAL DIRECT STUDENT LOANS

FEDERAL AGENCY:

Office of Federal Student Aid, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title IV, Part D.

OBJECTIVES:

To provide loan capital directly from the Federal government to vocational, undergraduate, and graduate postsecondary school students and their parents.

TYPES OF ASSISTANCE:

Direct Loans

USES AND USE RESTRICTIONS:

To help defray costs of education at participating institutions. Repayment on Federal Stafford loans begins six months after the student ceases to carry at least one-half the normal full-time academic workload. Repayment of principal and interest on PLUS loans generally begins within 60 days of disbursement of the last installment; repayment of a Consolidation loan begins within 60 days after the proceeds of the loan have been used to discharge the liability of the borrower on the loans selected for consolidation. Deferments and forbearance of payment may be granted for certain authorized periods.

Applicant Eligibility:

The applicant must be a U.S. citizen, national, or person in the United States for other than a temporary purpose. A student borrower must be enrolled or accepted for enrollment in a degree or certificate program on at least a half-time basis as an undergraduate, graduate, or professional student at a participating postsecondary institution. An otherwise eligible student is eligible for loans during a single twelve-month period in which the student is enrolled in a non-degree/non-certificate course of study that the institution has determined is necessary in order for the student to enroll in a program leading to a degree or certificate. Under the Direct PLUS program, parents may borrow for dependent undergraduate students. Also, graduate and professional students are eligible to borrow PLUS Loans. Direct Unsubsidized and PLUS loans are available to eligible borrowers regardless of need. However, a financial needs test based on family income is required for an undergraduate student to receive a Direct Subsidized loan. A student that is presently enrolled at a participating institution must be maintaining satisfactory academic progress in the course of study that they are pursuing. The borrower may not owe a refund on any Title IV grant or be in default on any Title IV loan received for attendance at any institution. The borrower must also file a Statement of Registration compliance (Selective Service).

Beneficiary Eligibility:

Vocational, undergraduate, and graduate postsecondary school students and

their parents.

Credentials/Documentation:

The borrower will need certification of eligibility from the institution and may be required to supply documentation to verify the accuracy of data used in the Direct Subsidized loan need analysis. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Applications for the Direct Subsidized and Unsubsidized loans are obtained from the institution. Direct consolidation loan applications are obtained from the Department of Education. To obtain a Direct Subsidized or Unsubsidized loan, a student shall complete and submit a Free Application for Federal Student Aid (FAFSA). All applications (with the exception of PLUS) for Direct Loans are processed by the Central Processor System (CPS) in the initial step to determine a student's Title IV eligibility. Institutions will receive official output from the CPS, and then will be able to assemble a financial aid award package. An institution participating in the Direct Loan program may award Direct Loans as part of the financial aid package. If a Direct Loan is not included in the aid package, a student may contact the institution to request loan information.

Award Procedure:

Institutions participate in the Direct Loan program either by originating loans or by using an alternative originator to originate loans. The institution must certify the borrower's eligibility to receive the funds. To obtain a Direct PLUS Loan, the parent completes an application and authorizes a credit check. If the parent does not have an adverse credit history, the loan may be disbursed. Institutions may disburse funds by crediting them directly to the student's account at the institution, issuing a check or cash, or by initiating an electronic funds transfer.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Applicants may apply for a loan for any year of attendance at a postsecondary institution. Starting July 1, 2013, the interest rate on new Stafford Loans is fixed at a rate equal to the 10-year Treasury note plus 2.05 percent (capped at 8.25 percent); new Unsubsidized Stafford loans have a fixed interest rate equal to the 10-year Treasury note plus 3.6 percent (capped at 9.5 percent); and Direct PLUS loans have a fixed interest rate equal to the 10-year Treasury note plus 4.6 percent (capped at 10.5 percent). Generally, there are four types of repayment plans that are available to Direct Loan borrowers: (1) A standard repayment plan with a fixed monthly payment amount over a period of up to 10 years; (2) an extended repayment plan with a fixed monthly payment amount paid over a period of 12 to 30 years, depending on the amount owed; (3) a graduated repayment plan with a monthly payment that will increase generally every 2 years. The repayment period varies from 12 to 30 years, depending on the amount owed; and (4) except for Direct PLUS Loan borrowers, income-driven repayment plans such as the income contingent repayment (ICR) plan with a monthly payment that is adjusted annually based on the income of

the borrower and paid over an extended period of time not to exceed 25 years. Any unpaid balance remaining after 25 years in the ICR plan is forgiven by the Secretary of Education. However, under current IRS rules, the amount written off is considered taxable income to the borrower in the year it is written off. In 2007, a new income-based repayment plan was created for those borrowers meeting a standard of "partial financial hardship" based on their annual repayment amount in relation to their adjusted gross income. Generally a borrower would not have to repay on a monthly basis more than 15 percent of their discretionary income, and any outstanding balance would be forgiven after 25 years of repayment. For new borrowers on or after July 1, 2014, these limits have been lowered to 10 percent of discretionary income and forgiveness after 20 years of repayment. Additionally, two new income-driven repayment plans extended those benefits to all qualified student borrowers. First, as of December 21, 2012, the Pay As You Earn (PAYE) plan, is an option for those who meet the partial financial hardship standard, were a new borrower as of October 1, 2007, and who received a Direct Loan disbursement on or after October 1, 2011. Second, as of December 17, 2015, the Revised Pay As You Earn (REPAYE) plan became available to all qualified student borrowers regardless of when they borrowed and did not require a partial financial hardship for reduced payments. Direct Loan borrowers who work in public service are eligible for forgiveness during a 10-year period while they are repaying their loans. If these borrowers, during repayment, have an outstanding loan balance after 10 years of working in public service, the Federal Government will forgive the remaining balance on behalf of the borrower. Public service may include a variety of public disciplines such as education, health, law, military service and public safety. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

The Department will produce a variety of management information system accounting, and financial management reports. Institutions must submit all reports required by 34 CFR 685 and 34 CFR 668. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Institutions are subject to examination and program review by the Department of Education. Program reviews are performed on a fiscal year basis.

Records:

Institutions must maintain proper administrative and fiscal procedures and all necessary records as set forth in the regulations in 34 CFR 685 and 34 CFR 668. Institutions must keep all records involved in any loan, claim, or expenditure questioned by a Federal audit until resolution of any audit questions. In addition to records required by 34 CFR 668, for each Direct Loan received under 34 CFR 685 by or on behalf of this student, an institution shall maintain a copy of the loan application and data electronically submitted to the Secretary.

84.282 CHARTER SCHOOLS**FEDERAL AGENCY:**

Office of Innovation and Improvement, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965, as amended, Title V Part C.

OBJECTIVES:

The program supports startup of new charter schools and the replication and expansion of high-quality charter schools. Charter schools increase educational options for parents and students and, in exchange for stricter academic accountability, are exempt from many statutory and regulatory requirements. Funds also support State efforts to improve charter schools' access to facilities.

TYPES OF ASSISTANCE:

Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

State entities receiving grants make subgrants to charter school developers to open new charter schools or replicate or expand high-quality charter schools; if an eligible State entity does not receive a grant, charter school developers in the State may apply directly to the Secretary for funding. Charter management organizations receiving grants use funds for replication and expansion of high-quality charter schools. Charter school developers and charter management organizations receive up to 5 years of assistance, of which they may use not more than 18 months for planning and program design, and may use funds for such activities as preparing educators, acquiring supplies and equipment, carrying out necessary facility renovations excluding construction, establishing student transportation systems, and carrying out community engagement activities.

States may also receive grants to establish and administer per-pupil facilities aid

programs for charter schools. Due to non-supplanting requirements, applicants for per-pupil facilities aid program grants must use a restricted indirect cost rate which is referenced under 34 CFR 75.563. For assistance call the Office of Chief Financial Officer/Indirect Cost Group on (202)708-7770.

Competitions are announced in the Federal Register. Specific limitations and restrictions for each competition are provided in the Federal Register notice.

Applicant Eligibility:

State entities, including State educational agencies, State charter school boards, Governors, and statewide charter school organizations, in States in which State law authorizes charter schools are eligible. If no State entity in a State receives a grant, charter school developers in the State that have applied to an authorized public chartering authority to operate a charter school, and provided adequate and timely notice to that authority, may apply directly to the Secretary. Charter management organizations with experience operating or managing high-quality quality schools are also separately eligible for grants. Lastly, States are eligible for grants for charter school per-pupil facilities aid programs.

Beneficiary Eligibility:

School administrators, teachers, and students and their parents are beneficiaries.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

84.283 COMPREHENSIVE CENTERS

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Educational Technical Assistance Act of 2002, Section 203.

OBJECTIVES:

This program supports no fewer than 20 comprehensive centers that provide training, professional development, and technical assistance primarily to State educational agencies. By statute, the Department is required to establish at least 1 center in each of the 10 geographic regions served by the Department's regional educational laboratories (RELs). Information on the REL regions is available at <http://ies.ed.gov/ncee/edlabs/>.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The comprehensive centers consist of 22 centers, including 15 regional centers and 7 content centers, funded in FY 2012 plus one additional content center funded in response to 2016 appropriations language and a new authority in the Elementary and Secondary Education Act that focuses on students at risk of not attaining full literacy skills due to a disability. Grantees are required to develop five-year plans for carrying out authorized activities that address State and

regional needs. The 15 regional centers provide services primarily to State educational agencies to enable them to assist school districts, regional education agencies, and schools, especially low-performing schools. Each regional center provides training, professional development, and technical assistance regarding the administration and implementation of programs under the Elementary and Secondary Education Act (ESEA) and the use of scientifically valid teaching methods and assessment tools in mathematics, science, reading or language arts, English language acquisition, and education technology. The eight content centers focus on specific areas, with one center in each of eight areas: standards and assessment implementation; great teachers and leaders; school turnaround; enhancing early learning outcomes; college- and career-readiness and success; building State capacity and productivity; innovations in learning, and students at risk of not attaining full literacy skills due to a disability. These centers supply much of the research-based information including products and tools in the specific area that regional centers use when working with States.

Applicant Eligibility:

Research organizations, institutions, agencies, institutions of higher education (IHEs), or partnerships among such entities, or individuals with the ability or capacity to carry out the required activities, including providing training to States, school districts, and schools, may apply.

Beneficiary Eligibility:

Agencies supporting or providing elementary and secondary education will benefit, including State and local educational agencies, the Bureau of Indian Education, Indian tribes, community-based organizations, and other recipients of funds under the ESEA.

Credentials/Documentation:

2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. 2 CFR 200, Subpart F - Audit Requirements applies to this program.

34 CFR 75 applies to this program.

OMB Circular No. A-102 does not apply to this program.

Applications or proposals must be prepared and submitted in accordance with applicable program announcements.

Award Procedure:

After completion of competitive peer review of applications, the Department makes the final decision on the approval and funding of applications. If an applicant is successful, the Department of Education will notify the applicant's U.S. Representative and U.S. Senators and will send the successful applicant a Grant Award Notification (GAN). The Department of Education may also notify successful applicants informally.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 60 to 120 days.

Appeals:

Not Applicable.

Renewals:

Yes: Awards are made for up to five years, subject to the availability of appropriations.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants may be awarded for up to five years subject to the availability of funds

and performance by the grantee. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Specified reporting requirements are included in the grant or cooperative agreement document. Cash reports are not applicable. As required by the Education Department General Administrative Regulations (EDGAR) for direct grant programs (34 CFR 75), annual performance reports (ED 524B) are required of all grantees; additional report requirements will be included in grant award documents. Expenditure reports are not applicable. Performance measures are established for the program and grantee.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. As required by EDGAR, 34 CFR 74.

Records:

Records must be retained for a period of 3 years from the date of submission of the final expenditure report.

Obligations:

(Project Grants) FY 16 \$51,445,000; FY 17 est \$50,000,000; and FY 18 est \$51,347,000

Range and Average of Financial Assistance:

The Department made 22 new awards in FY 2012, 15 for regional centers and 7 for content centers. The range of awards over the entire 5 year grant period was \$4.0 to \$23.5 million for the regional centers (median award of \$14.2 million) and \$6.3 to \$12.1 million for the content centers (median award of \$6.9 million). One additional award was made in FY 2016, for \$7.5 million over the entire 5 year grant period. In FY 2017, the Department made the decision to extend the FY 2012 awards for an additional 2 years, in order to provide time to better align the next competition with the implementation of the reauthorized ESEA. The Department anticipates making new awards in FY 2019; the estimated award sizes will be listed in the notice inviting applications.

84.287 TWENTY-FIRST CENTURY COMMUNITY LEARNING CENTERS

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965 (ESEA), as amended, Title IV, Part B.

OBJECTIVES:

To provide opportunities for communities to establish or expand activities in community learning centers that provide opportunities for academic enrichment for children, particularly students who attend high-poverty and low-performing schools. The program is intended to help students meet state and local student academic achievement standards in core academic subjects, such as reading and math; to offer students a broad array of enrichment activities that reinforce and complement their regular academic programs; and to offer literacy and other educational services to the families of participating children.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Program funds may be used to provide activities that complement and reinforce the regular school-day program of participating students and may also fund local activities that are included as part of an expanded learning time (ELT) program that provides students at least 300 additional program hours before, during, or after the traditional school day. Funds may be used for a broad range of activities, such as those that support a well-rounded education; financial literacy and environmental literacy programs; programs that support a healthy and active lifestyle; services for individuals with disabilities; activities for students who are English learners; cultural programs; telecommunications and technology education programs; expanded library service hours; family engagement and literacy programs; programs for students who have been truant, suspended, or expelled; drug and violence prevention activities; programs that partner with in-demand fields of the local workforce; and programs that build skills in science, technology, engineering, and mathematics (STEM). 84.305 EDUCATION RESEARCH, DEVELOPMENT AND DISSEMINATION

FEDERAL AGENCY:

Institute of Education Sciences, Department of Education

AUTHORIZATION:

Education Sciences Reform Act of 2002, Title I, Parts A, B and D, Sections 133 and 172.

OBJECTIVES:

To support the development and distribution of scientifically valid research, evaluation, and data collection that support learning and improve academic achievement. Funding provides support for building a high-quality evidence base on what works in education, as well as dissemination to ensure that the evidence base informs practice. The central purpose of the Institute's research grant programs is to provide interested individuals and the general public with reliable and valid information about education practices that support learning and improve academic achievement and access to education opportunities for all students. These interested individuals include parents, educators, students, researchers, and policymakers. In carrying out its grant programs, the Institute provides support for programs of research in areas of demonstrated national need.

TYPES OF ASSISTANCE:

Project Grants (Contracts)

USES AND USE RESTRICTIONS:

Grants support basic and applied research, development, dissemination, evaluations, and research training in education. Small Business Innovation Research (SBIR) contracts are awarded to qualified small businesses to conduct innovative research and development projects focused on education technology. Funds also support the What Works Clearinghouse, the Education Resources Information Center, the National Library of Education, and a variety of other dissemination and support activities that are supported by contracts.

Applicant Eligibility:

Applicants that have the ability and capacity to conduct scientifically valid research are eligible to apply. Eligible applicants include, but are not limited to, non-profit and for-profit organizations and public and private agencies and institutions, such as colleges and universities. SBIR contract awards are limited to eligible small businesses.

Beneficiary Eligibility:

Institutions and individuals involved with education will benefit.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program.

Grant competitions are announced in the Federal Register and on the agency website (<http://ies.ed.gov/funding/>). Standard Form 424 ("Application for Federal Assistance"), an application narrative, and required certifications must be submitted by the deadline specified in the Federal Register.

The Requests for Application grant notices (available on <http://ies.ed.gov/funding/>) describe the substantive requirements for applications

and provide information on how to prepare and submit applications electronically through Grants.gov. The Application Packages provide all of the required forms and are available on <http://www.grants.gov>. Letters of Intent are encouraged but not required.

Grant applications to Institute of Education Sciences (IES) competitions must be submitted via the Grants.gov government-wide portal that allows potential applicants to find grant opportunities and apply for grants. The Grants.gov registration process can take several weeks. Interested applicants should begin the registration process well in advance of application deadlines.

Individuals planning to submit an application on behalf of their organization must ensure that (1) their institution/organization is registered with Grants.gov and (2) they register themselves as Authorized Organizational Representatives (AORs) well before the competition deadline. Grants.gov registration information can be found at <http://www.grants.gov/web/grants/applicants/apply-for-grants.html>.

The Department provides a forecast of contract opportunities on its website at <http://www2.ed.gov/fund/contract/find/forecast.html> and posts solicitations on the Federal Business Opportunity website (www.fbo.gov). Vendors may view a synopsis, download a solicitation, and register to receive notification of modifications to existing notices.

Award Procedure:

Grant applications that are responsive and compliant to the Requests for Applications are evaluated by expert reviewers for scientific and technical merit. Scientific reviews are conducted in accordance with the review criteria stated in the Request for Applications and the review procedures posted on the IES website, http://ies.ed.gov/director/sro/peer_review/application_review.asp, by a panel of scientists who have substantive and methodological expertise appropriate to the program of research and Request for Applications. Awards are competitive, with the following criteria considered in making award decisions for responsive and compliant applications: Scientific merit as determined by peer review, performance and use of funds under a previous federal award, contribution to the overall program of research described in the Request for Applications, and availability of funds.

For contracts, the Department reviews offers and makes awards to those companies that are determined to provide the value to the government.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 210 to 240 days.

Appeals:

Not Applicable.

Renewals:

Renewals are based on the review of annual performance reports and the recommendation of the project officer. All renewals are subject to the availability of funds.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Projects generally may be supported for 1 to 5 years. Funds are granted on a 12 month basis. All grantee obligations shall be liquidated within 90 days following the end of the award period. Payments may be made according to a predetermined schedule or by way of reimbursement. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

As required by the Education Department General Administrative Regulations (EDGAR) for direct grant programs (34 CFR 75). Generally, financial reports and program reports must be submitted as required by grant award terms and conditions. Cash reports are not applicable. Annual progress and performance

reports are required as part of the submittal of form ED 524B. Annual expenditure reports are required as part of the submittal of form ED 524B. Staff also monitor drawdowns using agency financial reports. Reporting on performance measures is required as part of the submittal of form ED 624B. The Department has established performance measures for the program. The measures are: (1) the minimum percentage of projects that result in peer-reviewed publications and (2) the minimum number of IES-supported interventions with evidence of efficacy in improving student outcomes.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Each grantee will keep intact, and accessible, records relating to the receipt and expenditure of Federal funds and the expenditures of the grantee's contribution to the cost of the project, if any. Records will normally be retained for 3 years after the date of the submission of the final expenditure report, or for grants that are reviewed annually, 3 years after the date of the award.

Account Identification:

91-1100-0-1-503.

Obligations:

(Project Grants) FY 16 \$154,292,737; FY 17 est \$157,981,861; and FY 18 est \$140,215,993. (Project Grants (Contracts)) FY 16 \$27,745,518; FY 17 est \$22,057,069; and FY 18 est \$27,868,018

Range and Average of Financial Assistance:

The 2016 grant awards ranged in size from \$200,000 to \$9,000,000 over the life of the grant for awards of up to 5 years. The 2016 SBIR awards ranged from \$55,481 to \$149,911 for Phase I awards and \$412,585 to \$900,000 for Phase II awards.

The 2017 grant awards ranged in size from \$200,000 to \$10 million. The 2017 SBIR awards ranged from \$148,573 to \$150,000 for Phase I awards and \$897,953 to \$900,000 for Phase II awards.

It is anticipated that the 2018 grant awards will range in size from \$100,000 to \$5,000,000 over the life of the grant for awards of up to 5 years. The 2018 SBIR Phase I contract awards will be in amounts up to \$150,000 for awards up to 6-months in length; the SBIR Phase II contract awards will be in amounts up to \$900,000 for up to 2 years.

TAFS Codes:

91-1100.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: In fiscal year 2016, 82 research grants were funded and 18 SBIR projects were funded. Fiscal Year 2017: In fiscal year 2017, 119 grants were funded. In addition, the Department held a competition for Phase I SBIR contract awards; applications were due on December 7, 2016. After completion of the Phase I stage, most recipients of Phase I awards can compete for Phase II awards. There were 175 SBIR applications received and 18 were funded. Fiscal Year 2018: The National Center for Education Research (NCER) will hold five competitions: one competition for education research, one competition for education research and development centers, one competition for partnerships and collaborations focused on problems of practice or policy, and two competition for low-cost, short-duration evaluation of education interventions. The competitions were announced in the Federal Register on May 30, 2017. It is anticipated that approximately 900 applications will be received and 115 funded.

84.323 SPECIAL EDUCATION - STATE PERSONNEL DEVELOPMENT

FEDERAL AGENCY:

Office of Special Education and Rehabilitative Services, Department of Education

AUTHORIZATION:

Individuals with Disabilities Education Act (IDEA), as amended, Part D, Subpart 1, Section 651-655, 20 U.S.C 1451-1455.

OBJECTIVES:

To assist State educational agencies in reforming and improving their systems for personnel preparation and professional development in early intervention, educational and transition services, to improve results for children with disabilities. As used in this program, personnel means special education teachers, regular education teachers, principals, administrators, related services personnel, paraprofessionals, and early intervention personnel serving infants, toddlers, preschoolers, or children with disabilities, except where a particular category of personnel, such as related services personnel, is identified.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The uses of funds under the State Personnel Development Grants program are described in section 654 of the IDEA (20 U.S.C. 1454). Not less than 90 percent of the grant funds for any fiscal year must be used for spent on professional development activities described in section 654(a) of IDEA (20 U.S.C. 1454(a)), including improving results for children with disabilities through the delivery of high-quality instruction and the recruitment, hiring and retention of highly qualified special education teachers. Not more than 10 percent of grant funds for any fiscal year must be spent on the other activities described in section 654(b) of IDEA (20 U.S.C. 1454(b)), such as reforming special education and regular education teacher certification (including recertification) or licensing requirements and carrying out programs that establish, expand, or improve alternative routes for State certification of special education teachers.

Applicant Eligibility:

State Educational Agencies.

A State educational agency of one of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, and the outlying areas (U.S. Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands) may apply.

Beneficiary Eligibility:

Infants and toddlers with disabilities as defined in the IDEA and their families, and children with disabilities as defined in the IDEA and their parents benefit from this program.

Credentials/Documentation:

Contact program office. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The regulations in 34 C.F.R. Part 80 (Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments) implement OMB Circular A-102. The standard application forms as furnished by the Office of Special Education and Rehabilitative Services must be used for this program. Information about submitting applications for this program can be found in the Notice Inviting Applications for this program for a particular fiscal year and in the approved application package. A notice inviting applications is generally published in the Federal Register annually, depending on the availability of appropriations for a particular fiscal year. Awards are made on a competitive basis based on the availability of funds. The regulations in 34 C.F.R. Part 74 (Administration of Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations) implement OMB Circular A-110. OMB Circular A-110 is not applicable to SEAs; however, it is applicable to SEA partners, such as institutions of higher education or other non-profit organizations.

Award Procedure:

Applications are peer reviewed and grants are made on a competitive basis subject to the approval of the Assistant Secretary, OSERS.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days.

Appeals:

Not Applicable.

Renewals:

A continuation awards may be made annually for up to 5 years throughout the project period of an approved multi-year grant, depending upon the availability of appropriations and the OSERS Assistant Secretary's determination that the grantee has made substantial progress in meeting the objectives of the approved application.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Typically from one to five years, subject to the availability of appropriations and the grantee's compliance with the requirements of the grant. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Grantees must submit an annual performance report (APR) as required under EDGAR (34 CFR Part 80.80.41 and 34 C.F.R. Part 75, 75.720 74.50). Final reports are made at the end of the project period. Cash reports are not applicable. Progress is monitored through the grantee's APR. Expenditure reports are not applicable. Program performance is monitored through APR.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

The grantee shall maintain accounts, records, and other evidence pertaining to all costs incurred, revenues or other applicable credits acquired under its grant, as stated in award terms and conditions.

84.325 SPECIAL EDUCATION - PERSONNEL DEVELOPMENT TO IMPROVE SERVICES AND RESULTS FOR CHILDREN WITH DISABILITIES

FEDERAL AGENCY:

Office of Special Education and Rehabilitative Services, Department of Education

AUTHORIZATION:

Individuals with Disabilities Education Act, Part D, Subpart 2, Section 662, 20 U.S.C 1462.

OBJECTIVES:

The purposes of this program are to (1) help address State-identified needs for

highly qualified personnel--in special education, related services, early intervention, and regular education--to work with infants, toddlers, and children with disabilities; and (2) ensure that those personnel have the necessary skills and knowledge, derived from practices that have been determined through scientifically based research and experience, to be successful in serving those children.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds must be used to prepare personnel to serve children with both low and high-incidence disabilities, leadership personnel, and for special projects. Awards are made only to eligible applicants that meet State and professionally recognized standards for the preparation of special education and related services personnel, if the purpose of the project is to assist personnel in obtaining degrees.

Applicant Eligibility:

State educational agencies, local education agencies, public charter schools that are LEAs under State law, institutions of higher education, other public agencies, private nonprofit organizations, outlying areas, Indian tribes or tribal organizations, and, if approved by the Secretary, for-profit organizations.

Beneficiary Eligibility:

Infants, toddlers, and children with disabilities are the primary beneficiaries under this program.

Credentials/Documentation:

OMB Circulars A-21, A-122, and A-87 may apply to grantees under this program depending on the grantee. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program.

Award Procedure:

Applications are reviewed and evaluated by outside experts and program staff, in accordance with the Education Department General Administrative Regulations (EDGAR) (34 CFR 75, Subpart D).

84.330 ADVANCED PLACEMENT PROGRAM (ADVANCED PLACEMENT TEST FEE; ADVANCED PLACEMENT INCENTIVE PROGRAM GRANTS)

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Authorization of this program was eliminated by the Every Student Succeeds Act of 2015., Title I, Part G.

OBJECTIVES:

To award grants to State educational agencies, local educational agencies, and national nonprofit educational organizations with expertise in advanced placement services to support State and local efforts to increase access to advanced placement classes and tests for low-income students and to award grants to State educational agencies to cover part or all of the cost of test fees for students from low-income families enrolled in advanced placement courses.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The Advanced Placement (AP) Incentive program provides grants to eligible entities for activities that increase the participation of students from low-income families in both pre-advanced placement and advanced placement courses and tests, including teacher training and course development, coordination, and articulation. The AP Test Fee program provides awards to enable States to cover all or part of the cost of test fees for students from low-income families who are enrolled in advanced placement classes. The Elementary and Secondary Education Act requires the Secretary to give priority to funding the Advanced Placement Test Fee program, with remaining funds allocated to Advanced Placement Incentive Grants.

Applicant Eligibility:

State educational agencies, local educational agencies, and national nonprofit educational organizations with expertise in advanced placement services may apply for AP Incentive grants. State educational agencies may apply for grants under the AP Test Fee program.

Beneficiary Eligibility:

Students from low-income families who are enrolled in an advanced placement class and plan to take an advanced placement test and their teachers benefit.

Credentials/Documentation:

84.334 GAINING EARLY AWARENESS AND READINESS FOR UNDERGRADUATE PROGRAMS

(GEAR-UP)

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title IV, Part A, Subpart 2, Chapter 2.

OBJECTIVES:

Provides 6-or 7-year grants to States and Partnerships to provide support, and maintain a commitment, to eligible low-income students, including students with disabilities, to help the students obtain a secondary school diploma (or its recognized equivalent) and to prepare for, and succeed in, postsecondary education. GEAR UP has two major service components. All projects provide a comprehensive set of early intervention services including mentoring, tutoring, academic and career counseling, services to increase parental involvement, and other college preparation activities like exposure to college campuses and financial aid information and assistance. Some projects provide college scholarships to participating students.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

(1) State Grants. States receiving funds are required (unless they receive a waiver) to provide both the early intervention services and a scholarship component, targeted to low-income students in grades K-12. At least 50 percent, but not more than 75 percent, of the grant funds must be used to provide scholarships to participating students. Conversely, at least 25 percent, but not more than 50 percent, of the funds must be used for required and permissible activities. To meet the matching requirement, States must cover at least 50 percent of the project costs with cash or in-kind contributions from non-Federal sources. (2) Partnership Grants. Eligible partnerships consist of one or more local educational agencies and one or more degree granting institutions of higher education and not less than two other community organizations or entities such as businesses, professional organizations, State agencies, institutions, or other public or private agencies or organizations. Partnerships receiving funds are not required to provide a scholarship component. However, they are required to provide services to at least one cohort or grade level of students beginning no later than the 7th grade, in a school that has a 7th grade, and in which at least 50 percent of the students enrolled are eligible for free or reduced-price lunch, or to an entire grade level of students, not later than the 7th grade, who reside in public housing. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate, which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group at (202) 708-7770.

Applicant Eligibility:

A State, or a partnership consisting of one or more local educational agencies one or more degree granting institutions of higher education; and at least two community organizations or entities, such as businesses, professional associations, community-based organizations, philanthropic organizations, State agencies, parent groups, and/or nonprofit organizations.

Beneficiary Eligibility:

Low-income students and students in high-poverty schools.

Credentials/Documentation:

84.354 CREDIT ENHANCEMENT FOR CHARTER SCHOOL FACILITIES

FEDERAL AGENCY:

Office of Innovation and Improvement, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965 (ESEA), as amended, Section 4304.

OBJECTIVES:

To provide grants to eligible entities to leverage funds through credit enhancement initiatives in order to assist charter schools in using private-sector capital to acquire, construct, renovate, or lease academic facilities.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grant recipients must deposit the funds received under this program (other than funds used for administrative costs) in a reserve account established and maintained by the entity for this purpose. Amounts deposited in such an account must be used by the entity to help charter schools access private-sector capital for acquiring, renovating, or constructing facilities. Reserve accounts must be used for one or more of the following purposes: (1) Guaranteeing, insuring, and reinsuring bonds, notes, evidences of debt, loans, and interests therein; (2) Guaranteeing and insuring leases of personal and real property; (3) Facilitating financing by identifying potential lending sources and encouraging private lending and other similar activities that directly promote lending to, or are conducted for the benefit of, charter schools; and (4) Facilitating the issuance of bonds by charter schools or by public entities for the benefit of charter schools, which may be accomplished by providing technical, administrative, and other appropriate assistance, including the recruitment of bond counsel, underwriters, and potential investors and the consolidation of multiple charter school projects within a single bond issue.

Applicant Eligibility:

A public entity, such as a State or local government entity, a private nonprofit entity, or a consortium of such entities may apply.

Beneficiary Eligibility:

Public charter schools as defined in Section 5210, ESEA.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Applications must be prepared and submitted in accordance with a notice published in the Federal Register. By the due date, eligible applicants must submit to the Department of Education a complete application that addresses the purposes of the program, the selection criteria, any priorities included in the application notice, and all required assurances and signatures.

Award Procedure:

The Department of Education awards these grants on a competitive basis. The program office notifies successful applicants of awards and negotiates and awards grants. Contact the program office for more information.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The range of approval/disapproval time is approximately 60 to 120 days following the application deadline.

Appeals:

The General Education Provisions Act hearing procedures regarding recovery of funds are applicable to this program.

Renewals:

The Department has historically only made one-time awards under this program.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.
Matching requirements are not applicable to this program.
MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Funds under this program are available for the Department of Education to obligate by September 30 of the fiscal year in which they are appropriated. Once these funds are obligated, they must be expended from the Federal account in five years. In addition, two years after the grantee's receipt of grant funds, the Secretary may collect any or all funds in a reserve account if the grantee has not made substantial progress or is no longer using the funds for their specified purpose. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Each grantee under this program annually must submit to the Secretary a report of its operations and activities. Each such annual report must include-- (1) a copy of the most recent financial statements, and any accompanying opinion on such statements, prepared by the independent public accountant reviewing the financial records of the grantee; (2) a copy of any report made on an audit of the financial records of the grantee that was conducted during the reporting period; (3) an evaluation by the grantee of the effectiveness of its use of the Federal funds in leveraging private funds; (4) a listing and description of the charter schools served during the reporting period; (5) a description of the activities carried out by the grantee to assist charter schools; and (6) a description of the characteristics of lenders and other financial institutions participating in the activities undertaken by the grantee during the reporting period. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. The financial records of each eligible entity receiving a grant under this subpart shall be maintained in accordance with generally accepted accounting principles and shall be subject to an annual audit by an independent public accountant.

Records:

In accordance with the General Education Provisions Act and the Education Department General Administrative Regulations (EDGAR), certain records must be retained for 3 years after the end of the grant.

84.358 RURAL EDUCATION**FEDERAL AGENCY:**

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act (ESEA), as amended, Title VI, Part B.

OBJECTIVES:

To provide financial assistance to rural districts to carry out activities to help improve the quality of teaching and learning in their schools.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

The Rural Education Achievement Program (REAP) consists of the Small, Rural School Achievement program (SRSA) and the Rural and Low-Income School program (RLIS). Under SRSA, LEAs may use program funds to carry out activities authorized under: (1) Part A of Title I (Improving Basic Programs Operated by Local Educational Agencies); (2) Part A of Title II (Supporting Effective Instruction State Grants); (3) Title III (English Language Acquisition State Grants); (4) Part A of Title IV (Student Support and Academic Enrichment State Grants); and (5) Part B of Title IV (21st Century Community Learning Centers). Eligible LEAs also may (under the REAP-Flex authority) consolidate funds they receive from these sources (except for Title I, Part A) to carry out effective activities under any of the authorized programs, including Title I, Part A.

Under RLIS, LEAs may use program funds for: (1) Part A of Title I (Improving Basic Programs Operated by Local Educational Agencies); (2) Part A of Title II (Supporting Effective Instruction State Grants); (3) Title III (English Language Acquisition State Grants); (4) Part A of Title IV (Student Support and Academic Enrichment Grants); and (5) parental involvement activities.

Applicant Eligibility:

For SRSA, eligible recipients are local educational agencies (LEAs) in which (1) the total number of students in average daily attendance at all of the schools served by the LEA is less than 600 or where each school in the LEA is located in a county with a total population density of less than 10 persons per square mile; and (2) all of the schools served by the LEA are designated as rural by the U.S. Department of Education's National Center for Education Statistics (NCES) using the NCES school locale methodology in place at the time of

enactment of the Every Student Succeeds Act (ESSA) or the LEA is located in an area of the State defined as rural by a State governmental agency. For RLIS, eligible recipients are State educational agencies (SEAs). SEAs then must distribute funds to local educational agencies (LEAs) on a formula or competitive basis. An LEA is eligible to receive a grant under RLIS only if (1) at least 20 percent of the school children ages 5-17 in the LEA come from families with incomes below the poverty line; and (2) all of the schools served by the LEA are designated with a school locale code of 32, 33, 41, 42, or 43 under the NCES school locale methodology in place at the time of ESSA's enactment. If an SEA chooses not to participate in the program, the Secretary uses the State's allocation to make direct grants to eligible LEAs in the State. If an LEA is eligible for both SRSA and RLIS, the LEA may choose in which program to participate.

Beneficiary Eligibility:

Elementary and secondary schools, students, and teachers in rural schools.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. For SRSA, the Department has, for several years, considered the application requirement to be met if the LEA submitted an application in any prior year. The Department plans to require a new application from each eligible LEA in FY 2017. Application forms and instructions are available from the headquarters office. For RLIS, an SEA must submit an application that includes specific, measurable goals and objectives for the activities to be carried out through the grant. If an SEA does not participate in the program, eligible LEAs in the State may submit an application directly to the Department.

Award Procedure:

For SRSA, awards are issued annually directly to eligible LEAs on a formula basis. Awards are made to all that apply and meet the applicable requirements of the Act. Contact the program office for more information. For RLIS, awards are issued annually to SEAs, which make subgrants to LEAs. Awards are made to all SEAs that have RLIS-eligible LEAs and apply and meet the applicable requirements of the Act. SEAs then award subgrants to eligible LEAs in the State either competitively or by formula.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 120 days.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: ESEA Title V, Part B, Sections 5212(b) and Section 5221. Funds appropriated for the program are divided equally between SRSA and RLIS.

Matching requirements are not applicable to this program.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants are awarded for 1 year. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Annual financial and performance reports are due within 90 days of the termination of the project period. Cash reports are not applicable. No progress reports are required. Expenditure reports are not applicable. No performance

monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Records must be maintained 3 years after the completion of the activity for which grant funds were used.

Account Identification:

91-1000-0-1-501.

Obligations:

(Formula Grants) FY 16 \$175,840,000; FY 17 est \$175,840,000; and FY 18 est \$175,506,000

Range and Average of Financial Assistance:

For Fiscal Year 2017: Range of new awards for SRSA: \$99 - \$52,044; Average new award for SRSA: \$22,671.

Range of new subgrants for RLIS: \$90 - \$251,366; Average new subgrants for RLIS: \$31,254.

84.363 SCHOOL LEADER RECRUITMENT AND SUPPORT (FORMERLY SCHOOL LEADERSHIP)

FEDERAL AGENCY:

Office of Innovation and Improvement, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act, as amended, Title II, Part B, Subpart 4, Section 2243.

OBJECTIVES:

To improve the recruitment, preparation, placement, support, and retention of

effective principals and other school leaders in high-need schools.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grantees may use program funds to assist local educational agencies in recruiting, preparing, supporting, and retaining principals and other school leaders in high-need schools through such activities as: (1) developing or implementing leadership training programs, including through new or alternative pathways or school leader residency programs; (2) developing or implementing programs or activities for recruiting, selecting, and developing principals or other school leaders; (3) developing or implementing programs for recruiting, developing, and placing school leaders in schools implementing comprehensive support and improvement activities and targeted support and improvement activities required by section 1111(d) of Title I of the Elementary and Secondary Education Act (ESEA); (4) providing continuous professional development; (5) developing and disseminating information on best practices and strategies for effective school leadership in high-need schools; and (6) developing other evidence-based programs or activities focused on principals and other school leaders permitted by the Title II, Part A formula grants to States program .

Grantees must use these funds to carry out the activities described in their approved project applications.

Applicant Eligibility:

Eligible entities include: (1) local educational agencies (LEAs) that serve high-need schools; (2) State educational agencies (SEAs); SEAs in partnership with LEAs that serve high-need schools; (3) the Bureau of Indian Education; or (4) any of those entities in partnership with nonprofit organizations or institutions of higher education.

Beneficiary Eligibility:

Local educational agencies and school leaders in high-need schools.

Credentials/Documentation:

2 CFR 200, Subpart E - Cost Principles applies to this program.

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR part 200) apply to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applications must be prepared and submitted in accordance with any rules for the program and deadlines that the Department of Education publishes in an announcement published in the Federal Register.

Award Procedure:

If an applicant is successful, the Department of Education will notify the applicant's U.S. Representative and U.S. Senators, and will send the successful applicant a Grant Award Notification (GAN). Negotiation and awarding of grants will be completed by the Department of Education's Office of Innovation and Improvement staff. Eligible entities may receive only one grant during a grant competition.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 120 days following the application deadline.

Appeals:

Not Applicable.

Renewals:

Grants are awarded for up to 5 years, with the option of one additional 2-year extension. Renewals are subject to the availability of appropriations and a grantee's demonstration of substantial progress.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching Requirements: Percent: 25%. Matching is required: grantees must use non-Federal sources, in cash or in kind, to cover at least 25 percent of the total project costs each year. The Secretary may waive or modify the cost-sharing requirements in cases of demonstrated financial hardship. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Funds are awarded for up to 5 years, with the possibility of one 2-year extension. Renewals are subject to the availability of appropriations and a grantee's demonstration of substantial progress. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Program reports are applicable. As required by the Education Department General Administrative Regulations (EDGAR) for direct grant programs (34 CFR part 75), annual performance reports (ED Form 524B) are required of all grantees; requirements for any additional reporting will be included in grant award documents. Cash reports are not applicable. Progress reports are applicable. Annual performance reports must be submitted for each budget period in order for grantees to be eligible to receive continuation awards. Final performance reports are due 90 days after expiration or termination of the award. Expenditure reports are applicable. Grantees submit updated budget information in their annual performance reports; in addition, Department staff monitor grant drawdowns. Performance monitoring is required. Performance measures are established for the program and grantee. Grantees provide performance measurement data in their annual performance reports.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Each grantee must maintain records that fully disclose the total cost of the activity for which the funds are used, and the share of the cost provided from other sources, and other such records as will facilitate an effective financial or programmatic audit.

Under 2 CFR 200.333, a grantee must maintain program records for 3 years from the date it submits to the Department of Education its single or last expenditure report for the period for which it received the funds. A longer retention period is required under specified conditions. (If BIE is awarded a grant, the Department will establish this same condition in its grant award.)

**84.365 ENGLISH LANGUAGE ACQUISITION STATE GRANTS
FEDERAL AGENCY:**

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965 (ESEA), as amended, Title III, Part A, Sections 3101-3131.

OBJECTIVES:

To help ensure that English learners (ELs), including immigrant children and youth, attain English proficiency and meet the same challenging State academic standards that all children are expected to meet.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

The Department makes awards to States and outlying areas using a formula based on their share of ELs and immigrant children and youth. State educational agencies (SEAs) must use at least 95 percent of their allocations to award subgrants to local educational agencies (LEAs) to assist ELs in learning English and meeting challenging State academic standards, and for subgrants to LEAs that have experienced a significant increase in the number of immigrant children and youth. The immigrant subgrants cannot exceed 15 percent of the SEA's total allocation. SEAs may reserve up to 5 percent of their allocations for the establishment and implementation of statewide entrance and exit procedures for ELs, planning, evaluation, professional development activities, technical assistance and recognition. From the amount it reserves for those State activities, SEAs may reserve 50 percent of that amount or \$175,000, whichever is greater, for direct administrative costs. Subgrantees must use funds to increase the English proficiency of ELs by providing effective

language instruction educational programs that will increase ELs, English proficiency and achievement in the core academic subjects. Subgrantees must also provide effective professional development to teachers and other educational personnel that is designed to improve instruction and assessment of ELs designed to enhance teachers' ability to understand and use curricula, assessment measures, and instructional strategies for ELs, designed to increase ELs English proficiency or substantially increase teachers' subject matter content knowledge and skills; and is of sufficient intensity and duration to have a positive and lasting impact on teachers' performance in the classroom. Funds may also be used for a variety of allowable activities aimed at increasing the English proficiency of ELs and helping ELs meet the challenging State academic standards, including identifying, acquiring, and upgrading curricula, instructional materials, educational software, and assessment procedures, providing tutorials and academic or career and technical education and intensified instruction providing community participation programs, family literacy services and parent outreach and training activities improving instruction for ELs with disabilities; and offering early college high school or dual or concurrent enrollment programs. Subgrantees awarded funds based on a significant increase in the number of immigrant children and youth must use the funds to provide activities that provide enhanced instructional opportunities, which may include providing family literacy and outreach activities; recruiting staff with expertise in serving immigrant children and youth; providing tutorials, mentoring, and career counseling; and identifying, developing, and acquiring curricular materials, educational software, and technologies for the purpose of supporting immigrant children and youth. This program is subject to non-supplanting requirements (with respect to State, local, and other Federal funds) and grantees must use a restricted indirect cost rate, which is referenced under 34 CFR 76.564-76.569. For assistance, call the Office of Chief Financial Officer/Indirect Cost Group on (202) 708-7770.

Applicant Eligibility:

States with approved State plans and outlying areas are eligible to receive funds.

Beneficiary Eligibility:

English learners and immigrant children and youth benefit.

Credentials/Documentation:

2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. SEAs apply for grants by submitting a plan to the Department that describes, among other things, the process they will use in establishing standards and objectives for raising the level of English proficiency for ELs, making sub-grants to eligible entities, and holding sub-grantees accountable for meeting the objectives described in their funded applications. Outlying area applicants may apply under the Consolidated Application Process for outlying areas through which they may combine various program funds. An application submitted under the Consolidated Application Process for outlying areas must address the purpose of the grant, priorities, goals and objectives, activities, evaluation, needs, and include a budget indicating how the funds will be used.

Award Procedure:

The Department allocates funds to any SEA with an approved plan. SEAs must expend at least 95 percent of their Title III allotments to award subgrants to LEAs and other eligible entities to meet the educational needs of ELs and immigrant children and youth.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 120 days.

Appeals:

Section 432 of the General Education Provisions Act provides local educational agencies with a right of appeal in disagreements between State and local educational agencies, including disagreements over funding decisions. Where a local educational agency alleges that a denial of funding is "a violation of State or Federal law, rules, regulations, or guidelines governing the applicable program," it may, within 30 days, request a hearing from the State educational agency. Once the hearing is held and the State educational agency issues its written ruling, the local educational agency may appeal a negative ruling to the Secretary.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: The Secretary makes grants to SEAs with an approved plan based on 80 percent of each State/outlying areas share of EL children and 20 percent of each State/outlying areas share of immigrant children and youth. No SEA receives less than \$500,000. The total amount allotted to Puerto Rico shall not exceed 0.5 percent of the total amount allotted to all States in any given fiscal year.

Matching requirements are not applicable to this program.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Generally, awards to SEAs are made on July 1. In addition, funds remain available to SEAs and LEAs for an additional fiscal year for obligation and expenditure under section 421(b) of GEPA. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Grantees are subject to the reporting requirements contained in Parts 76 and 80 of the Education Department General Administrative Regulations (EDGAR) and 2CFR 200. In addition, there are program-specific requirements for these formula grants: States prepare and submit reports every year on the programs and activities carried out by the SEA and the effectiveness of such programs and activities in improving the education of ELs. LEAs that receive sub-grants from SEAs must provide States with a report every second year. The report must include: a description of the programs and activities conducted; the number and percentage of ELs who are making progress toward English proficiency, disaggregated, at a minimum, by ELs with disabilities; the number and percentage of ELs attaining English proficiency; the number and percentage of ELs who exit language instruction educational programs based on attaining English proficiency; the number and percentage of ELs meeting challenging State academic standards for each of the 4 years after such children are no longer receiving services disaggregated, at a minimum, by ELs with disabilities and the number and percentage of ELs who have not attained English proficiency within 5 years of initial classification as an EL... Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Contact program office.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. All grantees are subject to the provisions of the Single Audit Act.

84.366 MATHEMATICS AND SCIENCE PARTNERSHIPS

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965, as amended, Title II, Part B. (Struck by P.L. 114-95). Note: This program is no longer authorized and has not been funded since fiscal year 2016.

OBJECTIVES:

To improve the academic achievement of students in mathematics and science by encouraging States, institutions of higher education (IHEs), local educational agencies (LEAs), and elementary and secondary schools to participate in programs that: improve and upgrade the status and stature of mathematics and science teaching by encouraging IHEs to improve mathematics and science teacher education; focus on the education of mathematics and science teachers as a career-long process; bring mathematics and science teachers together with scientists, mathematicians, and engineers to improve those teachers' teaching skills; develop more rigorous mathematics and science curricula that are aligned with challenging state and local academic achievement standards and with the standards expected for postsecondary study in engineering, mathematics, and science; and improve and expand training of mathematics and science teachers, including by training such teachers in the effective integration of technology into curricula and instruction.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Funds could be used for authorized teacher education and professional development activities, including summer workshops or institutes that train teachers to use curricula based on scientific research and aligned with challenging State academic content standards; innovative distance-learning programs; and programs that bring teachers together with working scientists, mathematicians, and engineers to expand teachers subject-matter knowledge and research. Grantees could also use program funds to develop more rigorous mathematics and science curricula that were aligned with challenging State and local academic content standards and recruit individuals with mathematics, science, and engineering majors into the teaching profession through the use of signing and performance incentives, stipends, and scholarships. Funds received under this program had to be used to supplement, and not supplant, funds that would otherwise be used for authorized activities.

Applicant Eligibility:

If the program appropriation reaches or exceeds \$100 million, as was the case

starting fiscal year 2003, the Department provided grants to States by formula; States then awarded subgrants competitively to eligible partnerships. Eligible partnerships had to include an engineering, mathematics, or science department of an IHE; and a high-need LEA. Partnerships could also include another engineering, mathematics, science, or teacher training department of an IHE; additional LEAs, public charter schools, public or private elementary or secondary schools; a business; or a nonprofit or for-profit organization of demonstrated effectiveness in improving the quality of mathematics and science teachers.

Beneficiary Eligibility:

University staff, school administrators, teachers, students, and parents benefited.

Credentials/Documentation:

No Credentials or documentation are required. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Partnerships submit a subgrant application to the State if the appropriation is \$100 million or greater, was the case starting in 2003.

Award Procedure:

The Department awarded grants to States by formula. States then awarded subgrants competitively to eligible partnerships.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

Not Applicable.

Renewals:

Formula and Matching Requirements:

Statutory Formula: Elementary and Secondary Education Act of 1965, section 2202(a). (Struck by P.L. 114-95).

Matching requirements are not applicable to this program.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

States received formula grants annually. States award subgrants to eligible partnerships for a period of not more than three years. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Program reports are not applicable. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. The Department established performance measures for the program.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Records must be maintained for three years. In all cases of audit questions, records must be maintained until resolution has occurred.

84.367 SUPPORTING EFFECTIVE INSTRUCTION STATE GRANTS (FORMERLY IMPROVING TEACHER QUALITY STATE GRANTS)

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act, as amended, Title II, Part A.

OBJECTIVES:

To provide grants to State educational agencies (SEAs), and, through the SEAs, to local educational agencies (LEAs) in order to increase student academic achievement consistent with challenging State academic standards; improve the quality and effectiveness of teachers, principals, and other school leaders; increase the number of teachers, principals, and other school leaders who are effective in improving student academic achievement in schools; and provide low-income and minority students greater access to effective teachers, principals, and other school leaders. (Under the antecedent program, State agencies for higher education also were eligible grantees. State agencies for higher education are no longer eligible grantees.)

NOTE: The program was reauthorized by P.L. 114-95. The provisions listed here reflect changes made to the program and are applicable for awards made with FY 2017 and subsequent year funds.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

SEAs and LEAs have flexibility to carry out a wide variety of activities, consistent with their specific needs. The activities listed below are examples of SEA and LEA allowable uses of funds under sections 2101(c) and 2103(b). For a complete list of allowable activities under the ESEA, please see sections 2101(c) and 2103(b) of the statute (<https://www2.ed.gov/programs/teacherqual/legislation.html>). SEAs must use at least 95 percent of awards for subgrants to LEAs; LEAs may use the funds to develop, implement, and evaluate comprehensive programs and activities to

improve teacher and school leader quality, including rigorous and fair evaluation and support systems; implement initiatives to assist in recruiting, hiring, and retaining effective teachers, especially in low-income schools that particularly need assistance; promote teacher leadership; recruit qualified individuals from other fields; reduce class size; provide high-quality, personalized professional development; and develop feedback mechanisms to improve school working conditions. Beginning with use of the FY 2017 funds, States may reserve up to 5 percent of the total SEA award for allowable State activities, which include, among others, the reform of certification and licensing, helping LEAs design and implement teacher and school leader evaluation and support systems, improving equitable access to effective teachers, and technical assistance to LEAs. (SEAs may reserve up to 2% of total State funding for teacher, principal, or other school leader preparation academies) States may use no more than 1 percent of the total SEA award for administration. In addition, SEAs are permitted to reserve up to 3 percent of the funds available for LEA subgrants for State activities for principals and other school leaders.

This program is subject to non-supplanting requirements and grantees must use a restricted indirect cost rate which is described in 34 CFR 76.563-76.569. For assistance on indirect costs call the Office of the Chief Financial Officer/Indirect Cost Group on (202) 708-7770.

Applicant Eligibility:

SEAs.

Beneficiary Eligibility:

Elementary and secondary schools, teachers, paraprofessionals, principals and other school leaders; and students with benefit.

Credentials/Documentation:

2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. An SEA is eligible for funding if it submits either a consolidated State application that includes information the Department of Education requires, or a program application that contains descriptions of how funds will be used, the States certification and licensing of teachers and school leaders, and how activities will be aligned with challenging State academic standards. The program application also must contain assurances that the SEA will (1) assure compliance by LEAs; (2) work in consultation with the entity responsible for teacher and leader professional standards, certification, and licensing; and (3) comply with requirements for equitable participation of private school children and teachers. The SEA makes subgrants to LEAs on a formula basis. Contact the program office for additional information.

Award Procedure:

The Department awards funds to any SEA whose application the Secretary has approved under Section 2101(d) of the ESEA (in the Title II, Part A program statute) or under section 8302 (consolidated State applications).

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

SEAs have 45 days to revise and resubmit a disapproved plan and are entitled to a hearing within 30 days of the plans re-submission (ESEA Title II, Part D, Section 8452).

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: In FY 2017, each SEA receives 85.71% of the amount of funds that it received under the antecedent Eisenhower Professional Development State Grants and Class Size Reduction programs in fiscal year 2001, totaling around \$2.1 billion. Remaining funds are then allocated to SEAs by formula, with 35 percent of remaining allocations based on States relative shares of the population age 5 to 17, and 65 percent based on States relative shares of children from low-income families age 5 to 17. Each SEA must receive at least one-half of 1 percent of these remaining funds. The Bureau of Indian Education in the Department of the Interior and the Outlying Areas each receive one-half of 1 percent of the appropriation. . In subsequent years, the percentage of funding distributed based on the antecedent programs is reduced; in addition, the proportion distributed on the States relative share of children ages 5 through 17 below the poverty line increases, and the proportion allocated on the basis of the States relative number of children ages 5 through 17 decreases.

Matching requirements are not applicable to this program.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Generally, awards to SEAs are available for obligation at the Federal level from July 1 to September 30 of the following year. In addition, funds remain available to SEAs for an additional fiscal year for obligation and expenditure. See the following for information on how assistance is awarded/released: See the following for how funds are transferred: Other. Funds are transferred through the Department of Education grant system, with notification of the transfer sent to the grantees.

Reports:

As required by the Education Department General Administrative Regulations (EDGAR) for State-administered programs (34 CFR part 76). Generally, SEAs are subject to the reporting requirements contained in the Consolidated State Performance Report required by Title VIII of the ESEA, Section 8303 (b). Cash reports are not applicable. Progress reports are required: Title II, Part A, Section 2104 requires SEAs to submit annual reports that include information on the uses of grant funds. Expenditure reports are not applicable. The Department has performance measures for the program; contact the program office for more information.

Audits:

84.369 GRANTS FOR STATE ASSESSMENTS AND RELATED ACTIVITIES**FEDERAL AGENCY:**

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965, as amended, Title I, Part B, Section 1201.

OBJECTIVES:

The purpose of this program is: to pay the costs of developing the standards and high-quality assessments required by Title I of the ESEA. Once a State has put in place those standards and assessments, it may use program funds to pay for the administration of the assessments and for other activities related to ensuring that the States schools and LEAs are held accountable for results and helping students attain challenging academic standards linked to college- and career-readiness. Such activities may include, among other things, developing standards and assessments in subjects other than those required by Title I, refining State assessments to ensure continued alignment with standards, expanding the range of testing accommodations for students with disabilities and for English Learner students, developing multiple measures to ensure the validity and reliability of State assessments, and using academic assessment instruments such as performance and technology-based assessments or computer adaptive assessments to better reflect the kind of complex work students do in an effective classroom and the real world.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

State educational agencies must use these funds to carry out the responsibilities described in Section 1201 of the ESEA. Funds may be used to support the development of the State assessments and standards required by Section 1111(b) of the ESEA or, if a State has developed the assessments and standards required by Section 1111(b), then to support the administration of those assessments or to carry out other activities related to improving the quality of

those assessments.

Applicant Eligibility:

FEDERAL AGENCY:

Institute of Education Sciences, Department of Education

AUTHORIZATION:

Educational Technical Assistance Act of 2002, Title II, Section 208, Public Law 107-279.

OBJECTIVES:

These grants are intended to enable State educational agencies to design, develop, and implement statewide, longitudinal data systems to efficiently and accurately manage, analyze, disaggregate, and use individual student data, consistent with the Elementary and Secondary Education Act of 1965 and to facilitate analyses and research to improve student academic achievement and close achievement gaps. In 2015, grants were awarded to carry out projects to address up to two of the following data use priorities: 1) Financial Equity and Return on Investment; 2) Educator Talent Management; 3) Early Learning; 4) College and Career; 5) Evaluation and Research; 6) Instructional Support. In addition, funds are used to support contracts to improve data quality, coordination, and use. The eligible entities for contract awards are public or private organizations or entities.

TYPES OF ASSISTANCE:

Project Grants (Contracts)

USES AND USE RESTRICTIONS:

Grants may support salaries, travel, equipment, and supplies as required to carry out design and implementation efforts. Grant funds shall be used to supplement and not supplant other State or local funds used for developing State data systems.

Applicant Eligibility:

State educational agencies.

Beneficiary Eligibility:

State educational agencies, local educational agencies, non-profit and for-profit organizations, and individuals involved with education will benefit.

Credentials/Documentation:

Applicants for these data systems projects must present a plan and furnish evidence that the scientific competence, facilities, equipment, and supplies are appropriate to carry out the project. Applicants must ensure technical quality; provide for the generation of accurate data, and provide for the timely use of such data needed by State and local educational agencies both to comply with the Elementary and Secondary Education Act of 1965 and to facilitate research to improve student academic achievement and close achievement gaps; and, meet voluntary standards and guidelines for linking individual student data. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application notices (available on <http://ies.ed.gov/funding>) describe the substantive requirements for applications and provide information on how to prepare and submit

applications electronically through Grants.gov. The Application Packages provide of the required forms and are available on <http://www.grants.gov>.

Grant applications to Institute of Education Sciences (IES) competitions must be submitted via the Grants.gov government-wide portal that allows potential applicants to find grant opportunities and apply for grants. The Grants.gov registration process can take several weeks. Interested applicants should begin the registration process well in advance of application deadlines.

Award Procedure:

Grant applications that are responsive and compliant to the Requests for Applications are evaluated by expert reviewers for scientific and technical merit. Scientific reviews are conducted in accordance with the review criteria stated in the Request for Applications and the review procedures posted on the IES website, http://ies.ed.gov/director/sro/peer_review/application_review.asp, by a panel of scientists who have substantive and methodological expertise appropriate to the program of research and Request for Applications. Awards are competitive, with the following criteria considered in making award decisions for responsive and compliant applications: Scientific merit as determined by peer review, performance and use of funds under a previous federal award, contribution to the overall program of research described in the Request for Applications, and availability of funds. Official notice of an approved application is made through issuance of a Notice of Grant Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The range of approval/disapproval time is approximately 120 to 180 days following the application deadline.

Appeals:

Not Applicable.

Renewals:

Recipients of multi-year grants must submit an annual performance report for each year funding has been approved. A review of the annual performance report is used to determine whether substantial progress has been made toward meeting the project objectives. Renewals are subject to the availability of appropriations.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Projects usually are supported for four years. All grantee obligations shall be liquidated within 90 days following the end of the project period. Payments may be made according to a predetermined schedule or by way of reimbursement. Renewals are subject to the availability of appropriations. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

As required by the Education Department General Administrative Regulations (EDGAR) for direct grant programs (34 CFR 75). Generally, financial reports and program reports must be submitted as required by grant terms and conditions. Cash reports are not applicable. Progress reports are required. Annual performance reports are required as part of the submittal of form ED 524B. Expenditure reports are required. Annual expenditure reports are required as part of the submittal of form ED 524B. Staff also monitor drawdowns using agency financial reports. Performance monitoring is required. Reporting on performance measures is required as part of the submittal of form ED 524B. The Department has established performance measures for the program that include: 1) the number of States linking K-12 with early childhood data; 2) the number of States linking K-12 with postsecondary data, and 3) the number of States linking K-12 and postsecondary data with workforce data.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000

or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. All expenditures by state governments will be audited by the grantee or at the grantee's direction with reasonable frequency, usually once a year but not less than once every two years. The Secretary of Education, the Director of the Institute, and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access, for the purpose of audit and examinations, to all applicable records and to any other pertinent books, documents, papers, and records of the grantee.

Records:

Each grantee will keep intact, and accessible, records relating to the receipt and expenditure of Federal funds and the expenditures of the grantee's contribution to the cost of the project, if any. Records will normally be retained for 3 years after the date of the submission of the final expenditure report, or for grants that are reviewed annually, 3 years after the date of the award.

84.374 TEACHER AND SCHOOL LEADER INCENTIVE GRANTS (FORMERLY THE TEACHER INCENTIVE FUND)

(TSL)

FEDERAL AGENCY:

Office of Innovation and Improvement, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act, as amended (ESEA), Title II, Part B, Subpart 1, Section 2212.

OBJECTIVES:

To help eligible entities develop, implement, improve, or expand human capital management systems or performance-based compensation systems for teachers, principal, or other school leaders in schools (and especially those in high-need schools) served by the grantees.

NOTE: The program was authorized by P.L. 114-95, the ESEA, as reauthorized by the Every Student Succeeds Act. The provisions listed here reflect the requirements in that legislation, and are applicable to awards made with FY 2017 and subsequent year funds. The prior program, the Teacher Incentive Fund, was authorized through annual appropriations language.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grantees may use funds for a wide variety of activities designed to develop, implement, improve, or expand human capital management systems or performance-based compensation systems, including (1) developing or improving evaluation and support systems that are based in part on demonstrated improvement in student achievement; (2) conducting outreach to gain information on how to construct evaluation and support systems; (3) providing principals or other school leaders with the tools needed to make effective school-level decisions, including budgetary, scheduling, and staffing decisions; (4) implementing, as part of a performance-based compensation system, a differentiated salary structure for teachers or leaders in high need schools or high-need subjects who raise student academic achievement or take on additional leadership responsibilities; (5) improving LEA processes for recruiting, selecting, placing, supporting, and retaining effective teachers, principals, and other school leaders in high-need schools; and (6) instituting career advancement opportunities that reward effective teachers, principals, or other school leaders in high-need schools and enable them to expand their leadership results.

Grantees must use these funds to carry out the activities described in their approved project applications.

Applicant Eligibility:

Eligible applicants are local educational agencies (LEAs), including charter schools that are LEAs in their State; State educational agencies (SEAs) or other State agencies; the Bureau of Indian Education (BIE); and partnerships of (1) one or more LEAs, State agencies, or the BIE and, (2) and at least one nonprofit or for-profit entity.

An LEA may receive a grant, whether individually or as part of a partnership, only twice.

Beneficiary Eligibility:

SEAs, LEAs, the BIE, non-profit and for profit organizations, and students, teachers, principals, and other school leaders in an LEA's high-need schools.

Credentials/Documentation:

2 CFR part 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O.

12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applicants must prepare and submit applications in accordance with the notice inviting applications published in the Federal Register.

By the due date, eligible applicants must submit to the U.S. Department of Education a complete application that (1) addresses statutorily required information, absolute and competitive priorities (as applicable), and the selection criteria, and that and (2) includes all required assurances and signatures. Contact the program office for additional information.

Award Procedure:

If an applicant is successful, the Department of Education will notify the applicant's U.S. Representative and U.S. Senators and will send the successful applicant a Grant Award Notification (GAN).

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The range of approval/disapproval time is approximately 60 to 120 days following the application deadline.

Appeals:

Not Applicable.

Renewals:

Applicants may apply for a project period of up to 3 years; the grant may be renewed for up to an additional 2 years if the grantee demonstrates that it is using funds effectively. Renewals are subject to the availability of funds and a grantee's satisfactory progress.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching Requirements: Percent: 50%. Beginning with FY 2017 awards, each grantee must provide, from non-Federal sources, an amount equal to 50 percent of the amount of the grant (in cash or kind).

Federal grant funds must be used to supplement, and not supplant, other Federal or State funds that would otherwise be used for authorized program activities. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Applicants may apply for a project period of up to 3 years; the grant may be renewed for up to an additional 2 years if the grantee demonstrates that it is using funds effectively. Renewals are subject to the availability of funds and a grantee's satisfactory progress. See the following for information on how assistance is awarded/released: See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

As required by the Education Department General Administrative Regulations (EDGAR) for direct grant programs (34 CFR part 75), annual performance reports (ED Form 524B) are required of all grantees; requirements for any additional reporting will be included in grant award documents.

Final performance reports and the final evaluation report must be submitted within 90 days after expiration or termination of the award. Cash reports are not applicable. Grantees are required to submit Annual Performance Reports. Expenditure reports are not applicable. Grantees report progress on established performance measures.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a

year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Each grantee must maintain records that fully disclose the total cost of the activity for which the funds are used, and the share of the cost provided from other sources, and other such records as will facilitate an effective financial or programmatic audit. Under 2 CFR 200.333, a grantee must maintain program records for 3 years from the date it submits to the Department of Education its last expenditure report for the period for which it received the funds. A longer retention period is required under specified conditions.

84.377 SCHOOL IMPROVEMENT GRANTS

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Authorization of this program was eliminated by the Every Student Succeeds Act of 2015.

OBJECTIVES:

To support competitive subgrants to local educational agencies (LEAs) that demonstrate the greatest need for the funds and the strongest commitment to use the funds to provide adequate resources to raise substantially the achievement of students in their lowest-performing schools. In general, State educational agencies (SEAs) must give priority for subgrants to LEAs with Title I-eligible schools ranked in the bottom five percent of such schools, based on student achievement and lack of progress in improving student achievement, as well as secondary schools with a graduation rate below 60 percent over a number of years. LEAs seeking funding to serve such schools must implement one of several school intervention models.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

An SEA must allocate at least 95 percent of the amount of the funds it receives directly to LEAs, primarily to implement specified school intervention models in Title I-eligible schools ranked in the bottom five percent of such schools, based on student achievement and lack of progress in improving student achievement, as well as secondary schools with a graduation rate below 60 percent over a number of years. An SEA may retain up to 5 percent of the grant amount received for administration, evaluation, and technical assistance expenses. At the LEA level, these funds may be used for any reasonable costs associated with implementing required school intervention models, or with carrying out school improvement, corrective action, or restructuring activities described in Section 1116(b) of the ESEA.

Applicant Eligibility:

SEAs with approved State plan amendments are eligible to receive funds.

Beneficiary Eligibility:

To be eligible to receive Title I School Improvement Grant funds, an LEA must have one or more schools identified for school improvement, corrective action, or restructuring under Section 1116(b) of Title I of the ESEA.

Credentials/Documentation:

OMB Circular A-87. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. ED has issued guidance and an electronic application for this program, which may be found at <http://www2.ed.gov/programs/sif/index.html>.

Award Procedure:

The Department will allocate funds to any State that submits an application meeting the Department's application requirements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Varies with each State.

Appeals:

In programs administered by ED, Section 432 of the General Education Provisions Act provides LEAs with a right of appeal when there are disagreements between State and local educational agencies, including disagreements over funding decisions. Where an LEA alleges that the denial of funding is a violation of State or Federal law, rules, regulations, or guidelines governing the applicable program, it may, within 30 days, request a hearing from the SEA. Once the hearing is held and the SEA issues its written ruling, the LEA may appeal a negative ruling to the Secretary.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Under ESEA, ED allocates section 1003(g) School Improvement funds to States through a formula that is based on each State's proportionate share of funds received under ESEA Title I, Part A (Grants to LEAs), Part C (Migrant Education program), and Part D, Subpart 1 (State Agency Neglected and Delinquent program). The Secretary is authorized through appropriations acts to reserve up to 5 percent of available funds for national activities.

Matching requirements are not applicable to this program.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Title I School Improvement funds are available for obligation by State and local educational agencies for 27 months after funds become available on July 1. Funds become available to the Department on July 1, and will be allocated to States on or after that date. They remain available for obligation by LEAs under the initial period of availability for 15 months. Under section 421(b) of the General Education Provisions Act, any funds that remain unobligated may be carried over for obligation for an additional 12 months. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Grantees are subject to the reporting requirements contained in Parts 76 and 80 of the Education Department General Administrative Regulations (EDGAR). Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Grantees must submit program performance information through their annual Consolidated State Performance Reports.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In accordance with EDGAR in the Appendix to 34 CFR 80, State and local governments that receive financial assistance of \$500,000 or more within the State's fiscal year shall have an audit made for that year. State and local governments that receive between \$25,000 and \$500,000 within the State's fiscal year shall have an audit made in accordance with the Appendix to Part 80, or in accordance with Federal laws and regulations governing the programs in which they participate.

84.379 TEACHER EDUCATION ASSISTANCE FOR COLLEGE AND HIGHER EDUCATION GRANTS (TEACH GRANTS)

FEDERAL AGENCY:

Office of Federal Student Aid, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Subpart 9, Title IV, Part A.

OBJECTIVES:

To provide annual grants of up to \$4,000 to eligible undergraduate and graduate students who agree to teach specified high-need subjects at schools serving primarily disadvantaged populations for four years within eight years of graduation. For students who do not fulfill their service requirements, grants convert to Direct Unsubsidized Stafford Loans with interest accrued from the date of award.

TYPES OF ASSISTANCE:

DIRECT PAYMENTS FOR A SPECIFIED USE

USES AND USE RESTRICTIONS:

Undergraduate and graduate students completing coursework or other requirements necessary to begin a career in teaching. Students must attend an institution of higher education that provides high-quality teacher preparation and professional development services; is financially sound; provides, or assists in the provision, of pedagogical coursework; and provides, or assists in the provision, of supervision and support services to teachers.

Applicant Eligibility:

Undergraduate and graduate students completing coursework or other requirements necessary to begin a career in teaching. Students must attend an institution of higher education that provides high-quality teacher preparation and professional development services; is financially sound; provides, or assists in the provision, of pedagogical coursework; and provides, or assists in the provision, of supervision and support services to teachers.

Beneficiary Eligibility:

Students must have a grade-point-average (GPA) comparable to a 3.25 on a scale of zero to 4.0, except that, if the student is in the first year of undergraduate education, the grade point average is determined based on the student's cumulative secondary school grade point average. A student applying for a grant to obtain a graduate degree must be a teacher or a retiree from another occupation with expertise in a field in which there is a shortage of teachers; grants for graduate education may also be obtained by a student who is or was a teacher who is pursuing high-quality alternative certification. In addition, students must sign an agreement to serve as a full-time teacher for not less than four years within eight years of completing the course of study for which they received a TEACH Grant. Service must be performed at a school serving a primarily disadvantaged population and must be in one of the following fields: mathematics, science, a foreign language, bilingual education, special education, as a reading specialist, or in another field documented as high-need. Students must also agree to provide evidence of qualifying

employment upon completion of each year of service. Failure to complete the service requirements results in the student's TEACH Grants being treated as Federal Direct Unsubsidized Stafford Loans, with interest accrued from the date of award. Students must also sign a statement of educational purpose, not owe a refund on a Title IV grant, and not be in default on a Title IV loan. Eligible males that are at least 18 years old and born after December 31, 1959, can receive aid only if they have registered with the Selective Service.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Students must complete a FAFSA, and complete an agreement to serve and submit it to the Department of Education.

Award Procedure:

Institutions act as disbursing agents for the Department of Education. The institution that the student attends disburses the TEACH Grants based on the enrollment status of the student.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 2 to 4 weeks.

Appeals:

Not Applicable.

Renewals:

Students who have applied in the previous award year must continue to meet all eligibility requirements and reaffirm their intention to fulfill the service requirements before obtaining subsequent grants.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Students are limited to one TEACH Grant during an academic year. Funds for these grants will likely be disbursed at least twice during an academic year. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Institutions will be required to furnish reports periodically on the disbursement of funds, as well as furnish any other reports the Secretary requires. Students must affirm each year that they intend to fulfill their service requirements and submit a certification for each year of required service. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

This program is excluded from coverage under 2 CFR 200, Subpart F - Audit Requirements. Annual audits will be made.

Records:

All records pertaining to the eligibility of each TEACH Grant recipient and all fiscal management records must be maintained by the institution for a period of three years or until an acceptable audit has been completed, whichever is later. Selected students will have the information on their applications verified.

84.382 STRENGTHENING MINORITY-SERVING INSTITUTIONS

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended; Title III, Part F, Section 371(b)(2)(c)(ii), 371(b)(2)(D)(iii), and 371(b)(2)(D)(iv); Title VIII, Part AA, Section 897.

OBJECTIVES:

To strengthen Predominantly Black Institutions (PBI); Asian American and Native American Pacific Islander-Serving Institutions (AANAPISI); and Native American-Serving Nontribal Institutions (NASNTI) that propose to carry out activities to improve and expand such institution's capacity to serve low-income and minority students. For Masters Degree Programs at Historically Black Colleges and Universities (Section 723) and Masters Degree Programs at Predominantly Black Institutions (Section 724) to specified eligible institutions to further advance educational opportunities for African-Americans.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Section 371: Applicants under the PBI program (Section 371(b)(2)(C)) may use funds to carry out programs in science, technology, engineering, or mathematics (STEM); health education; internationalization or globalization; teacher preparation; or improving educational outcomes of African American males. Applicants under the AANAPISI (Section 371(b)(2)(D)(iii)) and NASNTI (Section 371(b)(2)(D)(iv)) programs may use funds to assist such institutions with planning, developing, undertaking and carrying out activities to improve and expand the institution's capacity to serve Asian American and Native American Pacific Islanders and Native Americans and low-income individuals. More specifically, AANAPISI grantees may use funds to carry out activities described in section 311(c). Grantees may use their funds for the purchase, rental, or lease of scientific or laboratory equipment for educational purposes; renovation and improvement in classrooms, libraries, laboratories, and other instructional facilities; support of faculty exchanges, faculty development, and faculty fellowships to assist in attaining advanced degrees in the field of instruction of the faculty; curriculum development and academic instruction; purchase of library books, periodicals, and other educational materials; funds and administrative management, and acquisition of equipment for use in strengthening funds management; joint use of facilities, such as laboratories and libraries; academic tutoring and counseling programs and student support services. Uses of funds are restricted to the allowable activities described in Section 311(c) of the HEA. NASNTI grantees may use funds for the purchase, rental, or lease of scientific laboratory equipment for educational purposes, including instructional and research purposes; renovation and improvement in classroom, library, laboratory, and other instructional facilities; support of faculty exchanges, faculty development, and faculty fellowships to assist faculty in attaining advanced degrees in the faculty's field of instruction; curriculum development and academic instruction; the purchase of library books, periodicals, microfilm, and other educational materials, funds and administrative management, and acquisition of equipment for use in strengthening funds management; the joint use of facilities such as laboratories

and libraries; and academic tutoring and counseling programs and student support services. Uses of funds under each program are restricted to the allowable activities described in Section 371 of the HEA. Section 897: Institutions in each program may use their funds to plan, develop, and implement activities that support: purchase, rental, or lease of scientific or laboratory equipment for educational purposes; construction, maintenance, renovation, and improvement in classroom, library, laboratory, and other instructional facilities; purchase of library books, periodicals, technical and other scientific journals, microfilm, microfiche, and other educational materials; scholarships, fellowships, and other financial assistance for needy graduate students to permit the enrollment of the students in, and completion of, a masters degree in mathematics, engineering, the physical or natural sciences, computer science, information technology, nursing, allied health, or other scientific disciplines in which African Americans are underrepresented; establishment or maintenance of an institutional endowment; funds and administrative management; acquisition of real property that is adjacent to the campus in connection with the construction, renovation, or improvement of, or an addition to, campus facilities; education or financial information designed to improve the financial literacy and economic literacy of students or the students' families; tutoring, counseling, and student service programs; and faculty professional development, faculty exchanges, and faculty participation in professional conferences and meetings.

Applicant Eligibility:

At the time of application, PBIs must have an enrollment of undergraduate students that is at least 40 percent African American students. AANAPISI and NASNTI applicants must have, at the time of application, an enrollment of undergraduate students not less than 10 percent Asian American and Native American Pacific Islanders and Native Americans, respectively. Institutions eligible for Masters Degree Programs at HBCUs and PBIs are specified in Title VII Sections 723 and 724 of the HEA. An institution that is eligible for and receives an award under HEAs Title III Historically Black Graduate Institutions (HBGIs) or Title V Promoting Postbaccalaureate Opportunities for Hispanic Americans (Section 512) for a fiscal year is not eligible to apply for a grant or receive grant funding under Section 897 Masters Degree Programs for HBCUs and PBIs for the same fiscal year.

Beneficiary Eligibility:

The authorized beneficiaries are underrepresented; low-income; first-generation; minority; undergraduate students.

Credentials/Documentation:

Institutions of Higher Education (IHEs) must submit an application responding to the established selection criteria. Applicants must describe in detail, the need for the project and how the proposed activities will address the goals and objectives of the program. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

This program is subject to the requirements of the regulations in 34 CFR Part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this program. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Each applicant must submit an application covering a period not to exceed 24-months to the Department of Education.

Award Procedure:

Applications are reviewed for quality and compliance with statutory and regulatory requirements. A discretionary grant is awarded to institutions of higher education if they score within funding range and contingent upon funds being available.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

An applicant is notified of award status within 30 days of the end of the competition.

Appeals:

Not Applicable.

Renewals:

Mandatory appropriations for PBIs, AANAPISIs, and NASNTIs are available for each fiscal year until 2019. Mandatory appropriations for Masters Degree Programs at HBCUs and PBIs are available every fiscal year until 2014. Awards are generally made around June 30 of each year.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants under Section 371 are made for up to 60 months. Grants under Section 897 are made for 72 months. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Institutions of higher education administering these grants must submit an annual performance report at the completion of each 12-month performance period. IHEs are also required to submit final reports ninety (90) days after the end of the grant. Staff monitor grants drawdown using agency financial reports. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Reporting on performance measures is required as part of the submittal of the required annual performance report.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Grantees must maintain appropriate records pertaining to grant funds, compliance and project performance, for 3 years after the completion of activities for which the grant or subgrant funds were used. This documentation should be sufficient to establish fiscal accountability and facilitate an effective audit.

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. An Insular Area applies annually for a grant consolidating two or more of the programs eligible to be consolidated in accordance with the application requirements of EDGAR 76.131-76.132.

Award Procedure:

The Department awards a single consolidated grant annually to each Insular

Area that meets the requirements of EDGAR 76.125 through 76.137 and each program under which the grant funds are to be used and administered. The Department may decide that one or more programs cannot be included in the consolidated grant if it is determined that the Insular Area failed to meet the program objectives stated in its plan for the previous fiscal year in which it carried out the programs. The eligibility of a particular Insular Area to receive grant funds under a Federal education program is determined under the statute and regulations for that program (EDGAR 76.130 (a), (b), (d)).

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 30 to 60 days. Approval will be granted upon determination that the application meets the requirements of EDGAR 76.131 (1) and (2).

Appeals:

The Department shall not disapprove a consolidated grant, before offering the Insular Area an opportunity to revise the application and a hearing. (See 34 CFR 76.202.).

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

Matching requirements are not applicable to this program.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Awards generally run for one fiscal year. See the following for information on how assistance is awarded/released: Contact the program office for the information.

Reports:

As required by EDGAR 76.132(5), an annual report is required to be submitted to the Secretary containing information covering the program or programs for which the grant is used and administered, including the financial and program performance information as required under 34 CFR 74.51-74.52 and 34 CFR 80.40-80.41. No cash reports are required. No progress reports are required. No expenditure reports are required. No performance monitoring is required.

Audits:

84.407 TRANSITION PROGRAMS FOR STUDENTS WITH INTELLECTUAL DISABILITIES INTO HIGHER EDUCATION FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended., Title VII, Part D, Subpart 2.

OBJECTIVES:

Funding under this program supports competitive grants to institutions of higher education (IHEs) (as defined under section 101(a) of the Higher Education Act of 1965, as amended (HEA)), or consortia of IHEs, to create or expand high-quality, inclusive model comprehensive transition and postsecondary programs for students with intellectual disabilities. Under section 767(d)(6) of the HEA all grant recipients must partner with one or more local educational agencies (LEAs) to support students with intellectual disabilities who are still eligible for special education and related services under the Individuals with Disabilities Education Act (IDEA).

Funds from this program also support a national Coordinating Center (Coordinating Center), which develops evaluation standards for TPSID grantees and provides technical assistance, information, and opportunities for communication among institutions with postsecondary programs for students with intellectual disabilities. The Center assists in supporting continuous improvement activities for the model transition programs. The Coordinating Center will:

- (A) provide a research and evaluation protocol for TPSID programs;
- (B) administer a mentoring program matching current and new TPSID grantees based on areas of expertise;
- (C) coordinate longitudinal follow-up data collection and technical assistance to TPSID grantees on programmatic components and evidence-based practices;
- (D) make recommendations related to the development of standards for such programs;
- (E) provide technical assistance and evaluations for such programs.

TYPES OF ASSISTANCE:

Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

An institution of higher education (IHE) shall use grant funds to establish a model comprehensive transition and postsecondary program for students with intellectual disabilities that 1) serves students with intellectual disabilities, 2) provides individual supports and services for the academic and social inclusion of students with intellectual disabilities in academic courses, extracurricular activities, and other aspects of the IHEs regular postsecondary program, 3) provides a focus on academic enrichment, socialization, independent living skills, including self-advocacy, and integrated work experiences and career skills that lead to gainful employment, 4) integrates person-centered planning in the development of the course of study for each student with an intellectual disability participating in the model program, 5) participates with the coordinating center established under section 777(b) of the Higher Education Act, as amended, in the evaluation of the model program, 6) partners with one or more local education agencies to support students with intellectual

disabilities participating in the model program who are still eligible for special education and related services under the Individuals with Disabilities Education Act, 7) plans for the sustainability of the model program after the end of the grant period, and 8) creates and offers a meaningful credential for student with intellectual disabilities upon the completion of the model program. Grantees under this program must provide, from non-Federal funds, a matching contribution equal to at least 25 percent of the cost of the project.

The Coordinating Center will provide recommendations related to the development of standards, provide technical assistance and evaluations for model demonstration programs. The center will assist in the development, evaluation, funding, outreach, and continuous improvement of model transition programs. There is no matching requirement for the Coordinating Center.

Applicant Eligibility:

Institutions of higher education (IHEs) (as defined under section 101(a) of the Higher Education Act of 1965, as amended) and consortia of IHEs are eligible to receive grants under the TPSID program. All grant recipients must partner with one or more local educational agencies to support students with intellectual disabilities who are still eligible for special education and related services under the Individuals with Disabilities Education Act (IDEA).

Proprietary schools (for-profit entities) are not eligible to apply for a grant under this program.

Beneficiary Eligibility:

Grant funds establish model comprehensive transition and postsecondary programs for students with intellectual disabilities at institutions of higher education. Funds also support a Coordinating Center that: provides technical assistance for all comprehensive transition and postsecondary programs for students with intellectual disabilities; conducts and disseminates research to the public on strategies to promote academic, social, employment, and independent living outcomes for students with intellectual disabilities; and builds capacity of Kindergarten through Grade 12 transition services and supports of local and State education agencies.

Credentials/Documentation:

Each IHE or consortia of IHEs desiring a grant under this program shall submit an application to the Department at such time, in such manner, and containing or accompanied by such information as the Department may reasonably require. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Applications must be prepared and submitted according to requirements outlined in the notice inviting applications, as published in the Federal Register. Each IHE or consortia of IHEs must submit an application covering a 5-year period to the Department of Education.

Award Procedure:

Applications are reviewed for quality and compliance with statutory and regulatory requirements, and are scored by peer reviewers based on criteria included in the application package. The Department determines which applications will be funded based on the quality of the applications as determined through peer review and consider the following factors: 1) providing for an equitable geographic distribution of grants, 2) providing grant funds for model comprehensive transition and postsecondary programs for students with intellectual disabilities that will serve areas that are underserved by programs of this type, and 3) giving preference to applicants that form a partnership with any relevant agency serving students with intellectual disabilities such as a vocational rehabilitation agency, integrate students with intellectual disabilities into housing offered to nondisabled students, or involve

students attending the IHE who are studying special education, general education, vocational rehabilitation, assistive technology, or related fields in the model program. The Department also considers the past performance of an applicant in carrying out a previous award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days. Application deadlines are identified in the notice inviting applications, published in the Federal Register.

The estimated range of time need to approve/disapprove an application is usually within 3 months of the submission deadline.

Appeals:

Not Applicable.

Renewals:

Grants and cooperative agreements are awarded for a period of 5 years, subject to the availability of appropriations.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching Requirements: Percent: 25%. Grantees must provide matching funds for model transition programs, in cash or in kind, of at least 25 percent of the cost of the grant. The Coordinating Center is not required to provide matching funds.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants are made for up to 5 years, subject to the availability of funds. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Grantees must submit an annual performance report at such time, in such manner, and containing or accompanied by such information as the Department may reasonably require. Cash reports are not applicable. Progress report: Report requirements will be included in grant award documents. Expenditure reports: Report requirements will be included in grant award documents. Performance monitoring: Report requirements will be included in grant award documents.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Grantees must maintain appropriate records pertaining to grant funds, compliance and project performance, for 3 years after the completion of activities for which the grant or subgrant funds were used. This documentation should be sufficient to establish fiscal accountability and facilitate an effective audit.

The administration of the discretionary grant program is governed by the statute and (34 CFR 75, 77, 79, 82, 84, 86, 97, 98, and 99).

84.408 POSTSECONDARY EDUCATION SCHOLARSHIPS FOR VETERAN'S DEPENDENTS

Iraq and Afghanistan Service Grant (IASG)

FEDERAL AGENCY:

Office of Federal Student Aid, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, Executive Order Subpart 10, Title IV, Part A, Subpart 1.

OBJECTIVES:

To provide eligible veteran's dependent undergraduate postsecondary students with non-need based grant assistance to help meet educational expenses.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use

USES AND USE RESTRICTIONS:

The student must be an eligible veterans dependent whose parent or guardian was a member of the Armed Forces of the United States and died as a result of performing military service in Iraq or Afghanistan after September 11, 2001. At the time of the parent or guardians death, the student was less than 24 years of age or enrolled at an institution of higher education. The student must also be a U.S. citizen or eligible noncitizen who has been accepted for enrollment in, and is making satisfactory academic progress at an eligible institution of higher education. Eligible schools may be public or private nonprofit institutions of higher education, (such as colleges, universities, vocational-technical schools, hospital schools of nursing), and for-profit institutions (proprietary). Eligible males who are at least 18 years or older and born after December 31, 1959, can receive aid only if they have registered with the Selective Service. Graduate students and students who have already earned a bachelor's degree are not eligible for assistance, except those enrolled in an eligible program leading to a

professional certification in teaching.

Applicant Eligibility:

The student must be an eligible veterans dependent whose parent or guardian was a member of the Armed Forces of the United States and died as a result of performing military service in Iraq or Afghanistan after September 11, 2001. At the time of the parent or guardians death, the student was less than 24 years of age or enrolled at an institution of higher education. The applicants must be U.S. citizens or eligible noncitizens and have a high school diploma, or a GED. Applicants must apply annually using the Free Application for Federal Student Aid (FAFSA). To be eligible, the applicant must meet all IAS Grant eligibility requirements, and must not have a Federal Pell Grant eligible Expected Family Contribution (EFC).

Beneficiary Eligibility:

Eligible veterans dependent undergraduate students, and students pursuing a teaching certificate that are U.S. citizens or eligible noncitizens. Students must be: regular students in an eligible program and enrolled in institutions of higher education, making satisfactory academic progress. Incarcerated students, except those incarcerated in local penal facilities, are ineligible. Students must sign a statement of educational purpose, not owe a refund on a Title IV grant, and not be in default on a Title IV loan. Eligible males that are at least 18 years old and born after December 31, 1959, can receive aid only if they have registered with the Selective Service. The eligible veterans dependent student cannot receive both an Iraq and Afghanistan Service Grant and Federal Pell Grant during the same award year.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Student completes a "Free Application for Federal Student Aid" and submits it to the processing agency specified on the form. Students may apply using a paper application, an electronic application, or via the Internet. The Department of Education calculates the student's financial eligibility for assistance and returns a notification to the student of his or her eligibility for assistance. The student submits this notification to the institution of his or her choice in order to have his or her award calculated.

Award Procedure:

Institutions act as disbursing agents for the Department of Education. The institution that the student attends calculates and disburses the IASG. The Secretary shall award grants under this section in the same manner, and with the same terms and conditions, including the length of the period of eligibility, as the Secretary awards Federal Pell Grants, except that the award rules and determination of need applicable to Federal Pell Grants shall not apply to grants under IASG. The amount of the IASG award is the same as the maximum Pell Grant for the award year, adjusted for the students enrollment status and cost of attendance.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

An institution may adjust on a case-by-case basis a student's FAFSA data elements used to calculate his or her EFC and cost of attendance due to unusual circumstances documented by the institution.

Renewals:

Eligibility is determined annually.

Formula and Matching Requirements:

Statutory Formula: Higher Education Opportunity Act (HEOA), Public Law 110-315; Higher Education Act of 1965, Title IV, Part A, Subpart 1, as amended. The Department shall award grants under this formula section in the same manner, and with the same terms and conditions, including the length of the period of eligibility, as the Department awards Federal Pell Grants, except that the award rules and determination of need applicable to Federal Pell Grants shall not apply to grants under IASG. The amount of the IASG award is the same as the maximum Pell Grant for the award year, adjusted for the students enrollment status and cost of attendance.

Matching requirements are not applicable to this program.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Students are able to receive one IASG award during any award year (July 1 through June 30). Funds for the IASG award are usually disbursed at least twice during an award year. Beginning with the 20172018 award year, students can receive IASG award funds for up to 150 percent of the students IASG scheduled award for an award year. To be eligible for the additional IASG funds, the student must be otherwise eligible to receive IASG funds for the payment period and must be enrolled at least half-time in the payment period(s) for which the student receives the additional IASG funds in excess of 100 percent of the students IASG scheduled award. Students may only receive a IASG award until they have received a bachelor's degree. See the following for information on how assistance is awarded/released: Electronic transfer. Method of awarding/releasing assistance: lump sum.

Reports:

Not Applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. IAS Grant recipient and all fiscal management records must be maintained by the institutions for a period of 3 years or until an acceptable audit has been completed, whichever is later.

84.411 EDUCATION INNOVATION AND RESEARCH (FORMERLY INVESTING IN INNOVATION (I3) FUND)**FEDERAL AGENCY:**

Office of Innovation and Improvement, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act, as amended, Title IV, Part F, Subpart 1.

OBJECTIVES:

To support the creation, development, implementation, replication, and scaling up of evidence-based, field-initiated innovations designed to improve student achievement and attainment for high-need students through a tiered-evidence framework that supports larger awards for projects with the strongest evidence base and supports promising earlier-stage projects that are willing to undergo rigorous evaluation.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

The Department will award 3 types of grants: (1) early-phase grants for the development, implementation, and feasibility testing of a program which prior research suggests has promise, in order to determine whether the program can improve student achievement (similar to Development grants under i3); (2) mid-phase grants for implementation and rigorous evaluation of programs that have been successfully implemented under early-phase grants or have met similar criteria for documenting program effectiveness (similar to Validation grants under i3); and (3) expansion and replication of programs that have been found to produce a sizable, important impact under a mid-phase grant or have met similar criteria for documenting program effectiveness (similar to Scale-up grants under i3). All grantees must carry out a rigorous independent evaluation of the effectiveness of their project.

Applicant Eligibility:

(1) Local educational agencies (LEAs); (2) State educational agencies (SEAs); (3) the Bureau of Indian Education (BIE); (4) consortia of LEAs or SEAs; (5) nonprofit organizations; or (6) SEAs, LEAs, or the BIE in consortia with a nonprofit organization, a business, an educational service agency, or an institution of higher education.

Beneficiary Eligibility:

High-need students in LEAs will benefit.

Credentials/Documentation:

OMB Circulars No. A-110 and A-122 apply to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. The Department of Education implements application procedures and criteria to award grants on a competitive basis. Applicants must apply for one of three types of grants: early phase, mid-phase, or expansion grants. Applications are reviewed by panels of peer reviewers.

Award Procedure:

Applications are reviewed by panels of peer reviewers. Points are awarded on the basis of the published selection criteria, are ranked on the basis of the points awarded, and are selected for funding based on the rank order.

Applicants must meet the evidence requirement applicable to the type of grant for which the applicant applied. Grantees must provide matching funds equal to 10 percent of their grant award (in cash or in-kind) from Federal, State, local, or private sources, and the Secretary may waive this requirement under certain circumstances. At least 25 percent of the funds appropriated for the program must be used for awards to serve rural areas, contingent on receipt of enough applications of sufficient quality.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 4 months from receipt of applications.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Matching requirements are applicable to this program. Applicants must secure matching funds as specified in the Notice Inviting Applications published in the Federal Register. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The Notice Inviting Applications will specify the length of assistance. In previous years grants were awarded for 3-5 year project periods. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Specific program report requirements will be included in the grant award documents; grantees must submit annual performance reports (Form ED 524B). Specific cash report requirements will be included in the grant award documents. Specific progress report requirements will be included in the grant award documents. Specific expenditure report requirements will be included in the grant award documents. Specific performance monitoring requirements will be included in the grant award documents.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. All grantees are subject to the provisions of the Single Audit Act, 31 U.S.C. 75, and OMB circular A-133.

Records:

Each recipient must maintain records that fully disclose the total cost of the activity for which the funds are used, and the share of the cost provided from other sources, and other such records as will facilitate an effective financial or programmatic audit. The recipient must maintain such records for three years after the completion of the activity for which funds are used.

84.419 PRESCHOOL DEVELOPMENT GRANTS

FEDERAL AGENCY:

Department of Education

AUTHORIZATION:

Every Student Succeeds Act of 2015, Section 9212.

OBJECTIVES:

To support efforts to build, develop, and expand voluntary, high-quality preschool programs.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Under the Planning and Transition provisions (section 9212(j)), grant recipients of either development or expansion preschool development grants under the program as it existed prior to the passage of ESSA may continue to receive funds in accordance with the terms of their existing awards. As a result, funds for that group of existing grantees will be used for improving preschool education. Awards may be limited to activities that develop or enhance State infrastructure and deliver high-quality preschool programs, including quality improvement activities for 4-year-olds from families at or below 200 percent of the Federal poverty line. States may subgrant a portion of the grant funds to local educational agencies and other early learning providers (including but not limited to Head Start programs and licensed child care providers) for implementation of high-quality preschool programs.

Applicant Eligibility:

Eligible applicants are States.

Beneficiary Eligibility:

Children age 4 from families at or below 200 percent of the Federal poverty line.

Credentials/Documentation:

Contact the program office for more information. 2 CFR 200, Subpart E - Cost Principles applies to this program.

84.420 PERFORMANCE PARTNERSHIP PILOTS FOR DISCONNECTED YOUTH

Performance Partnership Pilots (P3)

FEDERAL AGENCY:

Department of Education

AUTHORIZATION:

Consolidated Appropriations Act, 2014, Division H, Section 526, Public Law 113-76, as amended by Consolidated Appropriations Act 2016, Division H, Section 525, Public Law 114-113, as amended by Consolidated Appropriations Act, 2017, Division H, Section 525, Public Law 115-31, as amended by Consolidated and Further Continuing Appropriations Act, 2015, Division G, Section 524, Public Law 113-235.

OBJECTIVES:

To test innovative, cost-effective, and outcome-focused strategies to achieve significant improvements in educational, employment, and other key outcomes for disconnected youth. The Departments of Education, Labor, and Health and Human Services, as well as the Corporation for National and Community Service and the Institute of Museum and Library Services enter into Performance Partnership agreements with States, localities, or tribal governments. These agreements enable these entities to blend funding they already receive from Federal discretionary programs focused on serving disconnected youth or are designed to prevent youth from disconnecting from school or work, and that provide education, training, employment, and other related services.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Funds may be used to build capacity to implement Performance Partnerships, including such activities as planning, governance, data collection and analysis, coordination and evaluation. Federal participants may waive statutory, regulatory, or administrative requirements associated with the individual programs contributing funds to the pilots as long as the waivers are in keeping with important safeguards. Specifically, waivers must be consistent with the statutory purposes of the respective Federal programs and necessary to achieve the pilot's outcomes. Federal participants may not waive requirements related to nondiscrimination, wage and labor standards, and allocation of funds to State and sub-State levels.

Applicant Eligibility:

Applicants are States, DC, PR, and the Virgin Islands as well as the trust territories, Indian tribes and local governments.

Beneficiary Eligibility:

Individuals between the ages of 14-24 who are low-income and are homeless, in foster care, involved in the juvenile justice system, unemployed, or not enrolled in or are at risk of dropping out of an educational institution.

Credentials/Documentation:

Contact the program office for this information. 2 CFR 200, Subpart E - Cost Principles applies to this program.

84.422 AMERICAN HISTORY AND CIVICS EDUCATION

American History and Civics Academies: National Activities Grants

FEDERAL AGENCY:

Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965, as amended, Title II, Part B, Subpart 3, 20 U.S.C 6713.

OBJECTIVES:

The program supports two types of grants: American History and Civics Academies grants and National Activities grants. American History and Civics Academies grants support the establishment of: (1) Presidential Academies for the Teaching of American History and Civics that offer workshops for both veteran and new teachers to strengthen their knowledge of American history and civics (Presidential Academies); and (2) Congressional Academies for Students of American History and Civics that provide high school students with opportunities to develop a broader and deeper understanding of these subjects (Congressional Academies). National Activities grants promote new and existing evidence-based strategies to encourage innovative American history, civics and government, and geography instruction, learning strategies, and professional development activities and programs for teachers, principals, and other school leaders, particularly for low-income students and underserved populations.

TYPES OF ASSISTANCE:

Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

American History and Civics Academies funds are to be used to provide intensive workshops for teachers and students. Funds must be used to provide stipends to participants and may be used for a range of other activities including providing salaries for project staff including project directors, evaluators, core teachers and support staff, as well as rental expenses at the academy sites. Funds may not be used for construction. Competitions are announced in the Federal Register. Specific limitations and restrictions for each competition are

provided in the Federal Register notice.

National Activities funds must be used to develop, implement, expand, evaluate, and disseminate for voluntary use, innovative, evidence-based approaches or professional development programs in American history, civics and government, and geography that: (i) show potential to improve the quality of student achievement in, and teaching of, American history, civics and government, or geography, in elementary schools and secondary schools; and (ii) demonstrate innovation, scalability, accountability, and a focus on underserved populations. Funds may be used for: (i) hands-on civic engagement activities for teachers and students; and (ii) programs that educate students about the history and principles of the Constitution of the United States, including the Bill of Rights.

Funds may not be used for construction. Funds are subject to supplement, not supplant provisions. Competitions are announced in the Federal Register. Specific limitations and restrictions for each competition are provided in the Federal Register notice.

Awards are competitively selected following review by nonfederal experts in accordance with Subpart D of Part 75 of the Education Department General Administrative Regulations (EDGAR).

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 120 days.

Appeals:

Not Applicable.

Renewals:

As required by the Education Department General Administrative Regulations (EDGAR) for direct grant program (see 34 CFR 75.253). Projects may be awarded for up to 5 years. Generally, for multiple-year awards, continuation awards after the first budget period are made if: sufficient funds have been appropriated; the recipient has either made substantial progress in the meeting of the goals of the project or obtained approval for changes in the project; the recipient has submitted all required reports; and continuation is in the best interest of the government.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Percent: 100%. A grantee must provide for project activities an amount from non-Federal sources equal to 100 percent of the grant amount.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Awards are made annually. Following an initial, competitively selected award,

additional non-competing continuation awards may be made. The possible length of the project is announced in the application notice in the Federal Register. Renewals are subject to the availability of appropriations. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Program reports are not applicable. Cash reports are not applicable. Progress reports are not applicable. Annual expenditure reports are required as part of the submittal of form ED524B. Annual performance reports are required as part of the submittal of form ED 524B. Staff also monitors grants drawdowns using agency financial reports. Reporting on performance measures is required as part of the submittal of form ED524B.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

As required by EDGAR for direct grant programs (34 CFR part 75). Generally, records related to grant funds, compliance, and performance must be maintained for a period of 5 years after completion.

84.424 STUDENT SUPPORT AND ACADEMIC ENRICHMENT PROGRAM

SSAE

FEDERAL AGENCY:

Department of Education

AUTHORIZATION:

Elementary and Secondary Education, et seq.): Department of Education Appropriations Act, 2017. , Title IV, Part A, Subpart I, Section (20.U.S. C. 710.

OBJECTIVES:

To improve students academic achievement by increasing the capacity of States, local educational agencies (LEAs), schools and local communities to: (1) provide all students with access to a well-rounded education; (2) improve school conditions for student learning; and (3) improve the use of technology in order to improve the academic achievement and digital literacy for all students.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

A State educational agency (SEA) must reserve at least 95 percent of its SSAE program allocation for subgrants to LEAs and not more than 1 percent of its SSAE program allocation for administrative costs. Under the Department of Education Appropriations Act, 2017, an SEA may make subgrants to LEAs on a formula or competitive basis.

An SEA may use any remaining funds to support State-level activities and programs designed to meet the purposes of the program, which may include monitoring and providing technical assistance to LEAs.

LEAs receiving formula allocations of \$30,000 or more must conduct a comprehensive needs assessment and, based on the results of that assessment, use not less than 20 percent of their allocations for activities to support well-rounded educational opportunities, not less than 20 percent for activities to support safe and healthy students, and a portion to support the effective use of technology. LEAs receiving formula allocations less than \$30,000 must use funds to carry out activities in at least one of these three areas. LEAs may reserve up to 2 percent of their allocations for administrative costs. Each subgrant awarded must be for a term of 1 year and in an amount of not less than \$10,000. LEAs may form consortia and combine subgrant allocations

to carry out activities jointly.

SEAs and LEAs must use funds to supplement, and not supplant, non-Federal funds that would otherwise be used for authorized activities.

Applicant Eligibility:

SEAs must submit a program or consolidated state plan to the Secretary for review and approval.

Beneficiary Eligibility:

LEAs, schools, and their community stakeholders will benefit directly by improving students academic achievement by increasing the capacity to: (1) provide all students with access to a well-rounded education; (2) improve school conditions for student learning; and (3) improve the use of technology in order to improve the academic achievement and digital literacy for all students.

Credentials/Documentation:

OMB Circular No. A-133, 2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program.

Award Procedure:

The Department of Education makes formula grants through state plan review process.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: The Department allocates program funds to SEAs by formula based on each States share of funds under Title I, Part A of the Elementary and Secondary Education Act (ESEA) for the preceding fiscal year. No State may receive less than 0.5 percent of the total program appropriation except for Puerto Rico, which may not receive more than this amount. SEAs making formula SSAE subgrants to LEAs must do so on the same basis, except that no LEA may receive less than \$10,000. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Assistance available for a period up to 1 year. Method of awarding/releasing assistance: lump sum.

Reports:

Not Applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In accordance with the provisions of OMB Circular no. a-133 (revised, June 27, 2003; OMB A-133 compliance supplement 2015), "audits of states, local governments, and non-profit organizations," nonfederal entities that expend financial assistance of \$750,000 or more in federal awards will have a single or a program-specific audit conducted for that year. Non-federal entities that expend less than \$750,000 a

year in federal awards are exempt from federal audit requirements for that year, except as noted in circular no. a-133. In accordance with the Education Department General Administrative Regulations (EDGAR) in the appendix to 34 CFR, Part 80, requires state and local governments that receive financial assistance of \$750,000 or more within the state's fiscal year have an audit made for that year. State and local governments that receive between \$25,000 and \$750,000 within the state's fiscal year shall have an audit made in accordance with the appendix to Part 80, or in accordance with federal laws and regulations governing the programs in which they participate.

Records:

In accordance with section 443(a) of the General Education Provisions Act, States and LEAs must maintain certain program records for 3 years.

The Uniform Guidance (2 CFR 200.333) requires financial records, supporting documents, statistical records, and all other non-Federal entity records pertinent to a Federal award must be retained for a period of three years from the date of submission of the final expenditure report or, for Federal awards that are renewed quarterly or annually, from the date of the submission of the quarterly or annual financial report, respectively, as reported to the Federal awarding agency or pass-through entity in the case of a subrecipient.

BARRY GOLDWATER SCHOLARSHIP AND EXCELLENCE IN EDUCATION FOUNDATION

85.200 BARRY M. GOLDWATER SCHOLARSHIP PROGRAM

Barry Goldwater Scholarship Foundation

FEDERAL AGENCY:

Barry Goldwater Scholarship and Excellence In Education Foundation

AUTHORIZATION:

NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 1987, PL 99-661, Title XIV, U.S.C 4701-4711.

OBJECTIVES:

To honor former Senator Barry Goldwater through the operation of an

education scholarship program, financed by a permanent trust fund endowment, designed to encourage outstanding students to pursue research careers in mathematics, the natural sciences, and engineering.

TYPES OF ASSISTANCE:

DIRECT PAYMENTS FOR A SPECIFIED USE

USES AND USE RESTRICTIONS:

Assistance is intended solely for the use of scholars.

Applicant Eligibility:

Undergraduate sophomore and junior level students, at two and four year colleges and universities accredited by the Department of Education, must be nominated by the institution's Goldwater Campus Representative.

Beneficiary Eligibility:

U.S. citizens or nationals, resident aliens (must provide additional documentation), college sophomores and juniors will benefit.

Credentials/Documentation:

Applicants must be enrolled in a degree program at an accredited U.S. college, pursuing a Bachelor's degree as a full-time student during the forthcoming academic year, maintaining a "B" average, be a U.S. citizen, national or resident alien (resident aliens must include a letter of the nominee's intent to become a U.S. citizen and a photocopy of the Alien Registration Card) and have selected a field of study that will permit admission to a graduate or professional program in preparation for a research career in mathematics, the natural sciences, or engineering. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. The campus representative of an institution is the key person in the Goldwater selection process and serves as liaison between his or her institution and the Foundation. The campus representative is responsible for publicizing the Goldwater Scholarship on campus, soliciting recommendations on outstanding students with proven capability and research potential in the fields of mathematics, science and engineering from members of the faculty, and conducting a competition on campus in order to determine the best qualified nominees from the institution. The campus representative assists the nominees in the preparation of the nomination package and ensures that they are accurate, complete, and forwarded to the Goldwater Scholarship Review Panel by the stated deadline for the competition. The following information must be included on the official nomination materials with each scholarship nomination: 1. An institution nomination form signed by the campus representative stating that the nominee meets the qualifications for the scholarship. 2. Biographical data and educational background information regarding past and future academic plans and career goals must be submitted. 3. An essay by the nominee discussing a significant issue or problem in his or her field of study of interest must be submitted. 4. Three independent letters of evaluation from faculty members or others qualified to assess the nominee's performance and potential for a career in the nominee's chosen field of study must be submitted. 5. All transcripts from colleges attended must be submitted.

Award Procedure:

Each nominee will be evaluated by an independent review panel of academicians and college administrators from colleges and universities throughout the United States. In awarding scholarships, the Foundation Board of Trustees will consider the nominee's field of study and career objectives and the extent to which that individual has the commitment and potential to make a significant contribution to his or her chosen field of study. It is expected that students selected as scholars will pursue advanced degrees. Final selection of candidates is recommended by the independent review panel. The Board of Trustees will name up to 300 Goldwater Scholars.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

In February of each year scholarship nominees are evaluated by Independent Review Panel and ranked by relative merit. In March of each year the Review Panel's results are presented to Board of Trustees. On last Friday of March of each year, Goldwater Board of Trustees announces the winners of the Goldwater Scholarships for the forthcoming academic year.

Appeals:

Not Applicable.

Renewals:

It is the intent of the Foundation to support junior- level scholarships for a maximum of 2 academic years (4 semesters) and senior-level scholarships for a maximum of 1 academic year (2 semesters). Renewal for junior- level awards will be in accordance with the regulations established by the Foundation Board of Trustees and will be subject to an annual review by an authorized official of the institution. The scholar must be a full- time student and taking a course of study, training, or other educational activities to prepare for a research career in mathematics, the natural sciences, or engineering. The scholar must not be engaged in gainful employment that interferes with the scholar's studies. The scholar must be in good academic standing. The scholar may seek postponement of his or her award because of ill health or other mitigating circumstances, upon application to the President.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

To be eligible to receive payments, a Goldwater Scholar must submit in writing: (1) An acceptance of the scholarship award, (2) an EFT form for payment by direct deposit and (3) at the beginning of each academic year one payment request form outlining the costs of tuition, fees, books, room and board, additional expenses and any other scholarships the student is receiving for that academic year. This form must be certified by a financial aid official and an academic official certifying that the student is in good academic standing. Payments via treasury EFT will be made to the scholar's account in the amount for which the scholar qualifies on the payment request, not to exceed \$7,500 per academic year. Method of awarding/releasing assistance: lump sum.

Reports:

No program reports are required. No cash reports are required. Each Goldwater Scholar is required to send a report each June for four years following graduation outlining his or her progress toward his or her career goals. They must also provide a current address when changes occur. No expenditure reports are required. No performance monitoring is required.

Audits:

No audits are required for this program.

Records:

Not required.

Account Identification:

INTER-AMERICAN FOUNDATION**85.750 IAF ASSISTANCE FOR OVERSEAS PROGRAMS****FEDERAL AGENCY:**

Inter-American Foundation

AUTHORIZATION:

Foreign Assistance Act of 1961, Public Law 87-195, 75 Stat. 424, 22 U.S.C
2151-2431.

OBJECTIVES:

The primary objectives of the IAF Assistance for Programs Overseas in Latin America and the Caribbean program is to:

- (1) Strengthen the bonds of friendship and understanding among the peoples in the Western Hemisphere.
- (2) Support self-help efforts designed to enlarge the opportunities for individual development.
- (3) Stimulate and assist effective and ever wider participation of the people in the development process.
- (4) Encourage the establishment and growth of democratic institutions, private and governmental, appropriate to the requirements of the individual sovereign nations of the Western Hemisphere.

TYPES OF ASSISTANCE:

Project Grants; Project Grants (Cooperative Agreements or Contracts)

USES AND USE RESTRICTIONS:

Assistance can be used to fund the self-help efforts of grassroots groups in Latin America and the Caribbean to improve living conditions of the disadvantaged and the excluded, enhance their capacity for decision-making and self-governance, and develop partnerships with the public sector, business and civil society. Specific restrictions include the following:

- (1) The assistance targets grassroots projects in Latin America and the Caribbean.
- (2) The grants must not be presented or directed by government entities or by entities outside the country in which the project is located.

Applicant Eligibility:

See "Uses and Use Restrictions" above.

Beneficiary Eligibility:

See "Uses and Use Restrictions" above.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. IAF accepts applications on a rolling basis throughout the year. All applications must

include a cover sheet, narrative, and budget explaining the proposal in detail. IAF's complete application procedure, including application, can be found at: <http://www.iaf.gov/apply-for-grants/call-for-proposals>

Award Procedure:

The basic procedural steps for awarding assistance includes an initial review of all grant application -- which generally takes up to 5 months -- yielding a small number of projects to be analyzed further through site visits. After the initial review, all grantees still under consideration receive a site visit, after which the IAF makes a determination on whether to award funding.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

> 180 Days.

Appeals:

Not Applicable.

Renewals:

Additional funds may be awarded, as a renewal, upon successful completion of grant objectives.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching Requirements: The IAF requires each grantee to contribute in-kind resources and financials. There is no fixed rate of matching required for application or award and each grantee is evaluated on a case-by-case basis. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

One to five years. See the following for information on how assistance is awarded/released: The assistance is generally released bi-annually based on the demonstrated needs of the grantee.

Reports:

Grantees are required to report out the following every six months:

- (1) Activities carried out during the reporting period compared to activities scheduled in accordance with the agreement.
- (2) Any problems in meeting the project objectives described in the grant agreement and how project activities, planned or actual, were modified as a result of these problems.
- (3) Any other relevant information related to the administration and implementation of the project (e.g. changes in the external work environment, changes internal to the organization). No cash reports are required. See program reports above. Grantees are required to report out on a semi-annual basis the amount expended and matching funds raised or applied during the time period reported. The IAF's Grassroots Development Framework (GDF) for performance monitoring requires grantees to indicate changes in cumulative project results which have occurred at the time of the report, in addition to any other information specific to results that cannot be described using existing GDF categories and indicators.

The complete GDF is described on the IAF's website:

<http://www.iaf.gov/our-work/results/grassroots-development-framework>.

Audits:

This program is excluded from coverage under 2 CFR 200, Subpart F - Audit Requirements. Federal laws and regulations do not mandate financial audits on foreign nonprofit organizations expending less than \$750,000 of federal funding per the organizations fiscal year. The IAF is, however, responsible for ensuring financial accountability of its grant expenditures. It is therefore the policy of the IAF to require compliance audits on all grant agreements with an approved funding amount greater than \$50,000.

Accordingly, for all grants \$50,000 and above, the IAF conducts at least one mandatory Orientation/Assessment Meeting, one Mandatory Compliance Audit and it exercises its discretion to determine whether to conduct additional audits based on the relevant facts and circumstances of each individual Grant.

Records:

IAF follows OMB Circular A-110 requirements regarding retention and access

to records.

Account Identification:

11-3100-0-1-151.

 - (c) The design of the project
 - (d) Management and evaluation of activities;
- (5) Partnerships with local government, the business community and other civil society organizations.
- (6) Potential for strengthening all participating organizations and their partnerships
- (7) Feasibility.
- (8) Evidence of sustainability.
- (9) Counterpart contributions from the proponent, the beneficiaries and other sources.
- (10) The potential to generate learning.
- (11) Measurable results.
- (12) Evidence of beneficiaries' enhanced capacity for self-governance.

GULF COAST ECOSYSTEM RESTORATION COUNCIL

**87.051 GULF COAST ECOSYSTEM RESTORATION COUNCIL
COMPREHENSIVE PLAN COMPONENT PROGRAM**

RESTORE Council-Selected Restoration Component

FEDERAL AGENCY:

Gulf Coast Ecosystem Restoration Council

AUTHORIZATION:

Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast States (RESTORE) Act of 2012, Sec. 1603(2); 33

U.S.C. 1321(t)(2), Section 1603, Public Law 112-112-141, 126 Stat. 588, 33 U.S.C 1321(t)(2).

OBJECTIVES:

The primary objective of this program is to disburse funds to eligible entities for the purpose of restoring and protecting the natural resources, ecosystems, fisheries, marine and wildlife habitats, beaches, coastal wetlands, and economy of the Gulf Coast region using the best available science. Projects and programs must achieve one or more of the seven objectives listed in the Gulf Coast Ecosystem Restoration Council Initial Comprehensive Plan and Update 2016: (1) Restore, Enhance and Protect Habitats, (2) Restore, Improve, and Protect Water Resources, (3) Protect and Restore Living Coastal and Marine Resources, (4) Restore and Enhance Natural Processes and Shorelines, (5) Promote Community Resilience, (6) Promote Natural Resource Stewardship and Environmental Education, and (7) Improve Science-Based Decision-Making Processes.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

The primary objective of this program is to disburse funds to eligible entities for the purpose of restoring and protecting the natural resources, ecosystems, fisheries, marine and wildlife habitats, beaches, coastal wetlands, and economy of the Gulf Coast region using the best available science. All projects, programs, and activities must be eligible activities pursuant to clauses (i) and (ii) of 33 U.S.C. 1321(t)(1)(B) and must be listed on the Council's approved Funded Priorities List. Proposals must identify which Comprehensive Plan goals the proposal will address. A proposal sponsor must select a single primary goal. Multiple secondary goals are encouraged to be identified. The Comprehensive Plan goals are as follows. 1. Restore and Conserve Habitat Restore and conserve the health, diversity and resilience of key coastal, estuarine and marine habitats. 2. Restore Water Quality and Quantity Restore and protect the water quality and quantity of the Gulf Coast regions fresh, estuarine and marine waters. 3. Replenish and Protect Living Coastal and Marine Resources Restore and protect healthy, diverse and sustainable living coastal and marine resources. 4. Enhance Community Resilience Build upon and sustain communities with capacity to adapt to short- and long-term changes. 5. Restore and Revitalize the Gulf Economy Enhance the sustainability and resiliency of the Gulf economy. Proposals also must clearly identify which Comprehensive Plan objectives the proposal will address. A proposal sponsor must select a single primary objective. Multiple secondary objectives are encouraged to be identified. The Comprehensive Plan objectives are as follows: 1. Restore, Enhance, and Protect Habitats; 2. Restore, Improve, and Protect Water Resources, 3. Protect and Restore Living Coastal and Marine Resources, 4. Restore and Enhance Natural Processes and Shorelines, 5. Promote Community Resilience, 6. Promote Natural Resource Stewardship and Environmental Education, and 7. Improve Science-Based Decision-Making Processes. Additional information may be found in the Initial Comprehensive Plan and Update 2016. Projects must be listed in the Funded Priorities List Addendum to the Comprehensive Plan in order to be eligible for funding. Not more than 3 percent of the amounts received by a Gulf Coast State may be used for administrative costs, as defined in the Department of the Treasury Regulations for the Gulf Coast Restoration Trust Fund, 31 CFR Part 34, publication of Final Rule December 14, 2015 (80 FR 77239).

Applicant Eligibility:

The Council will periodically request proposals from its eleven state and federal members. The Council members are the only entities eligible to submit proposals. The RESTORE Council does not award Council-Selected Restoration Component grants directly to other entities or individuals. Under the RESTORE Act, Council members are the Governors of Alabama, Florida, Louisiana, Mississippi, and Texas, the Administrator of the U.S. Environmental Protection Agency, and the Secretaries of the U.S. Departments of the Interior, Commerce, Agriculture, Homeland Security, and Army. When selecting projects and programs to be prioritized for funding under the Comprehensive Plan, the Council assigns primary authority and responsibility for overseeing and implementing projects and programs to a Gulf Coast state or federal agency represented on the Council. Council members may select subrecipients to carryout approved projects or programs. Interested third parties may contact the Council members listed above to learn more about how the eligible entities

select proposed activities.

Beneficiary Eligibility:

Beneficiaries are the people, wildlife, and natural resources of the Gulf Coast region.

Credentials/Documentation:

The Gulf Coast Ecosystem Restoration Council Initial Comprehensive Plan, August 2013, and Comprehensive Plan Update 2016, December 2016, apply to this program. Department of the Treasury Regulations for the Gulf Coast Restoration Trust Fund, 31 CFR Part 34, publication of Final Rule December 14, 2015 (80 FR 77239), applies to this program.

All proposals must demonstrate that best available science has been taken into consideration and must clearly articulate how it meets each part of the definition of best available science provided by the RESTORE Act. Best available science is defined in the RESTORE Act as science that (A) maximizes the quality, objectivity, and integrity of information, including statistical information; (B) uses peer-reviewed and publicly available data; and (C) clearly documents and communicates risks and uncertainties in the scientific basis for such projects. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

To receive funding under the Council-Selected Restoration Component, Council members must take part in a two-phase submission and application process. Both phases of the submission and application process must be completed before a member will receive an official award from the Council and be able to receive funding. This process was outlined in the Notice of Application Process, published May 4, 2015 (80 FR 25294), and further explained in the Request for Applications for Funding for the 12/09/2015 Funded Priorities List, published December 31, 2015 (80 FR 81819). An environmental impact assessment is required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The Councils automated grants management system, the Restoration Assistance and Award Management System (RAAMS), will be utilized for submission of all proposals, applications and supporting information. Eligible entities submitted project and program proposals to the Council, and selected projects and programs were included on the Funded Priorities List (FPL) Addendum to the Comprehensive Plan. Following the publication of the first FPL Addendum on December 12, 2015, eligible entities must submit a complete application package in RAAMS to request funding for individual approved projects. Required application materials are specified in the Request for Applications (RFA) for Funding, published December 31, 2015 (80 FR 81819). The full text of the RFA is available at www.restorethegulf.gov.

Award Procedure:

Applications are approved by the Gulf Coast Ecosystem Restoration Council.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

No formal procedure. If an application is unacceptable, the applicant is fully informed and the applicant may submit a revised application.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Project periods are specified in the grant award and interagency agreement documents. Funds are disbursed on a reimbursement basis, although advances

may be authorized as specified in 2 CFR Part 200. Method of awarding/releasing assistance: lump sum.

Reports:

Individual awards and agreements will specify if and when program reports are required. Individual awards and agreements will specify if and when cash reports are required. Performance reports are required annually, unless the risk assessment of the recipient and/or subrecipient indicates that more frequent reports are required. Financial status reports, including expenditures, are required semiannually, unless the risk assessment of the recipient and/or subrecipient indicates that more frequent reports are required. Individual awards and agreements will specify performance monitoring requirements. Recipients are responsible for oversight of the operations of award supported activities, including monitoring of subrecipients, to assure that compliance with applicable Federal requirements and performance expectations are being achieved.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

All financial and programmatic records, supporting documents, statistical reports, and other records of recipients or subrecipients are required to be maintained by the terms of the award. The recipient must retain records for three years from the date when the final expenditure report is submitted.

87.052 GULF COAST ECOSYSTEM RESTORATION COUNCIL OIL SPILL IMPACT PROGRAM

RESTORE Council Oil Spill Impact Program

FEDERAL AGENCY:

Gulf Coast Ecosystem Restoration Council

AUTHORIZATION:

Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast States (RESTORE) Act of 2012, Title 33, Part 1321(t)(3), Section 1603(3), Public Law 112-141, 126 Stat. 588, 33 U.S.C. 1321(t)(2).

OBJECTIVES:

The primary objective of this program is to disburse funds to eligible entities for the purpose of restoring and protecting the natural resources, ecosystems, fisheries, marine and wildlife habitats, beaches, coastal wetlands, and economy of the Gulf Coast region using the best available science in accordance with an approved State Expenditure Plan.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

The intent of this program is to disburse funds to eligible entities for the purpose of restoring and protecting the natural resources, ecosystems, fisheries, marine and wildlife habitats, beaches, coastal wetlands, and economy of the Gulf Coast region using the best available science in accordance with an approved State Expenditure Plan. All projects, programs, and activities must be eligible activities pursuant to clauses (i) and (ii) of 33 U.S.C. 1321(t)(1)(B) and must be included in an approved State Expenditure Plan (SEP). The projects, programs and activities must contribute to the overall economic and ecological recovery of the Gulf Coast; the State Expenditure Plan must take into consideration the Gulf Coast Ecosystem Restoration Council Comprehensive Plan (Comprehensive Plan), August 2013 with update December 2016, and be consistent with the goals and objectives of the Comprehensive Plan. States may select subrecipients to carryout approved projects in the State Expenditure Plan. No more than 25 percent of the funding made available may be used for infrastructure projects eligible under subclauses (VI) and (VII) of 33 U.S.C. 1321(t)(1)(B)(i) unless the exception in 33 U.S.C. 1321(t)(3)(B)(ii)(II) applies. Not more than 3 percent of the amounts received by a Gulf Coast State may be used for administrative costs, as defined in the Department of the Treasury Regulations for the Gulf Coast Restoration Trust Fund, 31 CFR Part 34, publication of Final Rule December 14, 2015 (80 FR 77239).

Applicant Eligibility:

Eligible applicants are specified by the RESTORE Act and regulations at 31 C.F.R. Part 34 as the five Gulf Coast States or their administrative agents, as defined in 33 U.S.C. 1321(a)(34), Alabama, Florida, Louisiana, Mississippi, and Texas. For the development of the State Expenditure Plan, the eligible entities for each Gulf Coast State are as follows: in Alabama, the Alabama Gulf Coast Recovery Council; in Florida, a consortia of local political

subdivisions that includes at a minimum 1 representative of each affected county; in Louisiana, the Coastal Protection and Restoration Authority of Louisiana; in Mississippi, the Office of the Governor or an appointee of the Office of the Governor; and in Texas, the Office of the Governor or an appointee of the Office of the Governor [33 U.S.C. 1321(t)(3)(B)(iii)]. Only the above-named entities are eligible applicants who may apply for funding. The RESTORE Council does not make Spill Impact Program grants directly to other entities or individuals. States may select subrecipients to carryout approved projects in the State Expenditure Plan. Interested third parties may contact their jurisdiction listed above to learn more about how the eligible entities select proposed activities.

Beneficiary Eligibility:

The principal beneficiaries are the people, wildlife, economy/businesses, and natural resources of the Gulf Coast region.

Credentials/Documentation:

The Gulf Coast Ecosystem Restoration Council Comprehensive Plan, August 2013, and Comprehensive Plan Update 2016, December 2016, apply to this program. Department of the Treasury Regulations for the Gulf Coast Restoration Trust Fund, 31 CFR Part 34, publication of the Final Rule December 14, 2015 (80 FR 77239), applies to this program. RESTORE Act Spill Impact Component Planning Allocation, 40 CFR Part 1800, publication date of the Final Rule January 13, 2015 (80 FR 1584), and RESTORE Act Spill Impact Component Allocation, 40 CFR 1800, publication date of Final Rule December 15, 2015 (80 FR 77580) and effective date of April 12, 2016 (81 FR 21478), also apply to this program.

All State Expenditure Plans must (1) describe the best available science, as applicable, that informed the State's selection of each project or program, and (2) include a certification that projects and programs are based on the best available science as defined in the RESTORE Act. Best available science is defined in the RESTORE Act as science that (A) maximizes the quality, objectivity, and integrity of information, including statistical information; (B) uses peer-reviewed and publicly available data; and (C) clearly documents and communicates risks and uncertainties in the scientific basis for such projects. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Eligible entities may apply to the Council through a two-phase application process. The first part of the application process is the submission of a State Expenditure Plan (SEP), which must be approved by the RESTORE Council Chairperson. The second part of the application process is the submission of grant application materials by the eligible entities for individual projects or programs contained within the approved SEP. State Expenditure Plan Guidelines have been published by the Council and are available at www.restorethegulf.gov. A Request for Applications (RFA) for Planning Assistance was published December 31, 2014 (79 FR 78779); and Grants.gov grant opportunity number GCC-GRANT-SEP-15-001). A subsequent Notice of Funding Availability (NOFA) for the Spill Impact Component was published June 3, 2016 (81 FR 35769) and Grants.gov grant opportunity number GCC-SEP-16-001). Eligible applicants must develop and submit a State Expenditure Plan in accordance with the requirements of 33 U.S.C. 1321(t)(3) for approval by the Gulf Coast Ecosystem Restoration Council Chairperson. Projects and programs implemented under an SEP will be required to comply with all environmental and permitting requirements, as applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The Councils automated grants management system, the Restoration Assistance and Award Management System (RAAMS), will be utilized for submission of all State Expenditure Plans, grant applications and supporting information. Following the submission and approval of an optional Planning State Expenditure Plan (PSEP), eligible entities may request planning assistance to develop a full State Expenditure Plan (SEP) by submitting documentation in RAAMS as specified in the RFA for Planning Assistance, publication December 31, 2014 (79 FR 78779). After submission and approval of an SEP, eligible entities must submit complete application packages in RAAMS to request funding for individual

approved projects and programs. Required application materials are specified in the NOFA published June 3, 2016 (81 FR 35769). The full text of the NOFA and the Councils Guidelines for Development of State Expenditure Plans are available at www.restorethegulf.gov.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

No formal procedure. If an application is unacceptable, the applicant is fully informed and the applicant may revise the application.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title 40, Chapter VIII, Part 1800. The statutory formula for this program applies to the allocation of the funds available under the Spill Impact Component (40 CFR Part 1800), set forth in the RESTORE Act Spill Impact Component Allocation Final Rule, publication date December 15, 2015 (80 FR 77580) and effective date April 12, 2016 (81 FR 21478), and articulated in the Notice of Funding Availability (NOFA) published June 3, 2016 (81 FR 35769).

This program has no matching requirements.
This program does not have MOE requirements.

FEDERAL AGENCY:

National Archives and Records Administration

AUTHORIZATION:

National Archives and Records Administration Act of 1984, Public Law 98-497, 98 Stat. 2280.

OBJECTIVES:

Objectives: To provide professional reference service to members of the general public and employees of the Federal government who are conducting research in Federal records or in historical materials in Presidential Libraries; provide advice and information to the public through conferences, workshops and other outreach activities on the availability and use of Federal records and publications in NARA's custody.

TYPES OF ASSISTANCE:

ADVISORY SERVICES AND COUNSELING; DISSEMINATION OF TECHNICAL INFORMATION; USE OF PROPERTY, FACILITIES, OR EQUIPMENT

USES AND USE RESTRICTIONS:

The assistance provided by NARA is designed to assist the public in obtaining access to information contained in records which are in the custody of the National Archives. Restrictions on the use of accessioned records in the National Archives of the United States are divided into two categories: general restrictions and specific restrictions. General restrictions apply to all records regardless of origin and apply to types of information or classes of records exempt from disclosure under the Freedom of Information Act, for example, national security information. Specific restrictions are specified by the transferring agency or donor and apply only to records in a particular record group or a portion of that record group. Access to records in the records center operations within NARA's regional records services facilities; in the National Personnel Records Center; and in the Washington National Records Center is controlled by the agency which created the records. General restrictions apply to all records regardless of origin, and apply to types of information or classes of records exempt from disclosure under the Freedom of Information Act. Specific restrictions are specified by the transferring agency or donor, and apply only to records in a particular record group or a portion of that group. Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. To see records in person, NARA Form 14003, Researcher Application, is required. To obtain information or copies by mail, contact the depository; if a form is required, applicant will be notified. The use of publications, such as microfilm publications of the U.S. Census, does not require the completion of a Researcher Application. Microfilm publications are available in regional facilities in self-service reference rooms. Request for civilian and military personnel records should be addressed to the National Personnel Records Center. Requests for court records should be addressed to the appropriate regional records services facility. Requests for records held in records center operations of the NARA regional records services facility and in the Washington National Records Center should be addressed directly to the agency having legal custody.

Funds may be used for projects to strengthen the nation's archival infrastructure through collaboration with the States; to provide leadership in preserving and making accessible important documentary sources in electronic form; to improve the knowledge, performance, and professional skills of those who work with historical records; for the preservation, arrangement and description

of records of historical interest; and for the publication in book, or electronic editions of papers and documents of national historical significance, especially in completing editions of papers on America's founding era.

Applicant Eligibility:

State and local governments, U.S. territorial agencies, federally and State recognized Indian tribes (see 44 U.S.C. 2504), and educational and other nonprofit institutions (e.g., universities, colleges, libraries, historical societies, museums, university presses, archives, etc.).

Beneficiary Eligibility:

State and local governments, U.S. territorial agencies, federally and State recognized Indian tribes, and educational and other nonprofit institutions.

Credentials/Documentation:

A Data Universal Number System (DUNS) must be obtained. It has been adopted by the Federal Government to help track how Federal grant money is distributed. To obtain this number, call Dun & Bradstreet hotline at 1-866-705-5711. Registration with the System for Award Management (SAM) is required. Visit the SAM website at <http://www.sam.gov>. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applications to the NHPRC must be submitted via www.grants.gov. Guidelines and application instructions are available online at www.archives.gov/nhprc.

Award Procedure:

As indicated in each grant opportunity announcement, applications are reviewed by state historical records advisory boards, subject area specialists and other appropriate individuals. Grant awards are recommended by the National Historical Publications and Records Commission at biannual meetings. Grants are formally made by the Archivist of the United States to the applicant institution.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

> 180 Days. From 6 to 8 months.

Appeals:

Applications may be revised and resubmitted in accordance with established procedures.

Renewals:

Procedures for the renewal of applications are the same as the original application procedure process.

DELTA REGIONAL AUTHORITY

90.203 DELTA CREATIVE PLACE-MAKING PILOT INITIATIVE

Delta Creative Place-making Pilot Initiative

FEDERAL AGENCY:

Delta Regional Authority

AUTHORIZATION:

Executive Order 12372.

OBJECTIVES:

The Delta Regional Authority is an independent federal agency created by

Congress in the "Delta Regional Authority Act of 2000" that serves 252 counties and parishes in an eight-state region: Alabama, Arkansas, Illinois, Kentucky, Louisiana, Mississippi, Missouri, and Tennessee. DRA operates as a federal-state partnership and works with its local development districts by utilizing market-proven processes to improve economic outcomes and enhance the quality of life for the people in the region. DRA makes strategic investments of federal appropriations into projects supporting basic public infrastructure, transportation improvements, business development with an emphasis on entrepreneurship, and workforce development.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

The National Endowment of the Arts suggests that, "Creative place-making is when artists, arts organizations, and community development practitioners deliberately integrate arts and culture into community revitalization work - placing arts at the table with land use, transportation, economic development, education, housing, infrastructure, and public safety strategies." The DRA is poised to support the region's cultural and creative economies by providing a platform for the arts and cultural sectors to align their efforts with the public sector to assure the rural way of life will continue, as we build more creative, entrepreneurial and inclusive communities.

Applicant Eligibility:

The Delta Creative Place-making Initiative is designed to help communities enhance the quality of place and quality of life by investing in the distinctive local character of Delta places, for positive economic and community outcomes.

Beneficiary Eligibility:

For more information, please visit the Delta Regional Authority website at www.dra.gov.

90.204 STATES' ECONOMIC DEVELOPMENT ASSISTANCE PROGRAM

SEDAP

FEDERAL AGENCY:

Delta Regional Authority

AUTHORIZATION:

12372.

OBJECTIVES:

The Delta Regional Authority works to improve regional economic opportunity by helping to create jobs, build communities, and improve the lives of the 10 million people who reside in the 252 counties and parishes of the eight state Delta region. Led by the Delta Regional Authority Board- comprised of the Federal Co-Chairman, appointed by the President and confirmed by the U.S. Senate, and the governors of the eight states- the Delta Regional Authority fosters local and regional partnerships that address economic and social challenges to ultimately strengthen the Delta economy and the quality of life for Delta residents.

Established in 2000 by Congress, the DRA makes strategic investments of federal appropriations into the physical and human infrastructure of Delta communities. Through the States' Economic Development Assistance Program, referred to as SEDAP, these investments help to improve transportation and basic public infrastructure and to strengthen our workforce development system and local business environments. The DRA supports job creation and economic development through innovative approaches to growing local and regional leadership, increasing access to quality healthcare, and boosting opportunities for entrepreneurs to obtain affordable capital.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Under federal law, at least 75 percent of DRA funds must be invested in economically distressed counties and parishes. Half of these funds are targeted to transportation and basic infrastructure improvements. The remaining funds are directed to DRAs other funding priorities of workforce development and business development with a focus on entrepreneurship.

The DRA works closely with the 44 Local Development Districts in the DRA footprint that serve as front-line project managers to ensure community-relevant project development and investment. SEDAP investments emphasize job creation, regional collaboration, and health and safety for communities.

Through 14 SEDAP funding cycles, the DRA has leveraged its \$138.4 million of federal-state investments into nearly \$3 billion in public and private investment into community-based and regional projects--investments that have helped to create and retain 26,000 jobs, train more than 7,200 Delta workers for 21st century jobs, and connect nearly 65,000 families to clean water and/or sewer service.

Applicant Eligibility:

The 252 counties and parishes served by the Delta Regional Authority make up the most distressed area of the country. According to the USDA, the most severe rates of poverty are historically found in the South, especially in the Mississippi River delta region. In fact, 4 of the 10 most impoverished counties and parishes in the country are located within the DRA footprint.

Beneficiary Eligibility:

For more information, please visit the DRA website at www.dra.gov.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program.

Award Procedure:

1. Innovation and Small Business Projects that include business and industry prospects committed to creating, retaining or maintaining jobs, through the execution of a DRA Participation Agreement. The Participation Agreement is a common claw-back instrument used in economic development to guarantee outcomes. As stewards of public resources, it is advantageous to provide outcome metrics which are validated through the protection this document provides.
2. Regional Impact Projects that provide benefit to constituents in multiple counties or parishes, or multiple municipalities within a single county or parish. Applications for regional water and/or wastewater systems will be considered more competitive than stand-alone municipal systems.
3. Multiple Funding Partners Applications for projects which include multiple funding sources (both public and/or private) and significantly leverage DRA dollars to other federal or non-federal dollars will be considered more competitive than applications which only include DRA funding or minimal investment leverage.
4. Emergency Funding Need Projects that can clearly demonstrate, but for DRA funding, the negative implications of inaction would result in immediate and detrimental health and/or safety issues for the constituents served. Projects posing an immediate health or safety risk which have already met at least one of the four funding categories (listed above) will be considered for funding ahead of all other applications. Sufficient documentation must be provided from the appropriate state or federal agency (DEQ, EPA, etc.), specifically stating the cause or reason for the issue and the agency concurrence that an immediate health or safety concern exists.
5. Funding Partner Initiatives As DRA establishes federal partnerships, through program initiatives, designed to provide supplemental funding support, DRA will give additional consideration to applicants, such as communities receiving the Investing in Manufacturers Community Partnership (IMCP) designation, a Promise Zone designation, or other awards and program designations as identified by the Federal Co-Chairman.
6. Small Business Framework Must clearly demonstrate how the project aligns with the policies set forth in DRAs Small Business Framework document, found on dra.gov.

7. Incorporated Resiliency Planning Projects located in communities or service areas which have incorporated disaster and resiliency planning into the local planning efforts.

Security Act, 42 U.S.C. 1320d-d-8, as amended by Section 105 of the Genetic Information Nondiscrimination Act of 2008 (GINA), Public Law 110233; Subtitle D of the Health Information Technology for Economic and Clinical Health (HITECH) Act, Public Law 111-5, 123 Stat. 115 (2009), and 45 CFR Subpart D of Part 164 - Breach Notification for Unsecured Protected Health Information (the "Breach Notification Rule"); Title IV of the 21st Century Cures Act, Public Law 114-255, 130 Stat. 1033 (2016).

OBJECTIVES:

As the Department's civil rights, conscience and religious freedom, and health privacy rights law enforcement agency, OCR investigates complaints, enforces rights, and promulgates regulations, develops policy and provides technical assistance and public education to ensure understanding of and compliance with non-discrimination and health information privacy laws.

TYPES OF ASSISTANCE:

ADVISORY SERVICES AND COUNSELING; INVESTIGATION OF COMPLAINTS

USES AND USE RESTRICTIONS:

The Office for Civil Rights (OCR) in the Department of Health and Human Services (HHS) is responsible for promoting and ensuring that people have equal access to and the opportunity to participate in and receive services from all HHS-funded programs without facing unlawful discrimination, that the privacy of their health information is protected, and that electronic protected health information is safeguarded against unauthorized use or disclosure. These HHS funded programs are provided through state agencies, nursing homes, skilled nursing facilities, medical laboratories, hospitals, day care centers, social service agencies and other providers. Any person who believes that an individual has been discriminated against in the provision of these services because of race, color, national origin, disability, age, sex or religion, may file a complaint with OCR. An individual who believes that discrimination on the basis of disability has occurred in a health or social services program of a state or local government entity may file a complaint with OCR under Title II of the Americans with Disabilities Act of 1990, regardless of whether the entity receives Federal funds. Individuals may also file complaints of denials of health care for reasons other than the need and availability of services, by recipients of Hill-Burton grants and loans. In addition, a person may file a complaint under the Multiethnic Placement Act of 1994, as amended by Section 1808 of the Small Business Job Protection Act of 1996, alleging that an adoption or foster care agency or entity funded by HHS discriminatorily relied on a parent's or child's race, color, or national origin in making a placement decision. OCR will investigate complaints and take steps to ensure compliance with applicable civil rights laws.

OCR also enforces the Health Insurance Portability and Accountability Act (HIPAA) Privacy Rule and Security Rule as well as the HITECH Breach Notification Rule and the confidentiality provisions of the Patient Safety and Quality Improvement Act (PSQIA) of 2005. OCR's activities under the Privacy, Security and Breach Notification Rules include enforcement actions, including conducting investigations, taking compliance actions, and making penalty determinations, and conducting public education, technical assistance and other outreach activities: to health care providers, health care clearinghouses, health plans, and business associates of covered entities to ensure that they understand their responsibilities under the Rules; to other entities that may be impacted by the Rules, including Federal, State and local government agencies, and researchers; and to consumers, to inform them of their rights under the Privacy Rule. Anyone who believes that a person, agency or organization covered under the HIPAA Privacy and Security Rules ("a covered entity") has violated the Privacy and/or Security Rules may file a complaint with OCR. In addition, the Breach Notification Rule requires HIPAA covered entities to promptly notify affected individuals of a breach, as well as the HHS Secretary and the media in cases where a breach affects more than 500 individuals; OCR is required to publish a list of entities that incur large breaches. Where a breach of unsecured protected health information occurs at or by a business associate, the business associate must notify the covered entity following the discovery of the breach. Additionally, the HITECH Act now makes business associates accountable for protecting the privacy and security of protected health information and directly liable for criminal and civil penalties for violations of HIPAA and Security Rules.

OCR's activities under PSQIA include administering an enforcement program regarding the confidentiality protections, including conducting investigations, taking compliance actions, making penalty determinations, and interpreting standards for confidentiality protections and the enforcement program for guidance and technical assistance to Patient Safety Organizations (PSOs), providers and public information.

Applicant Eligibility:

Anyone who believes he or she has been discriminated against in the manner outlined, seeks information concerning civil rights, and recipients of Federal financial assistance who desire technical assistance and information for the purpose of assuring their compliance with nondiscrimination laws. Regarding the HIPAA Privacy and Security Rules, anyone who believes that the Privacy and/or Security Rules have been violated in the manner outlined or who seeks information about these Rules; consumers that need to know their rights under the Privacy Rule; and entities that need technical assistance and information for the purpose of assuring compliance with the Privacy and Security Rules.

Beneficiary Eligibility:

Individuals subject to discrimination and recipients who require technical assistance and information. Regarding the HIPAA Privacy Rule, individuals subject to violation of their health information privacy, covered entities, and others needing or seeking technical assistance and information concerning the Rule.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Complaints of discrimination and alleged violations of the HIPAA Privacy and Security Rules may be filed, and technical assistance information and public education may be requested, at the Headquarters and Regional Office locations of the Office for Civil Rights.

Award Procedure:

None.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

A complaint must be filed not later than 180 days of the alleged discrimination, unless the time for filing is waived for good cause. Complaints under the Privacy and/or Security Rules must be filed within 180 days of the date when the complainant knew, or should have known, that the act or omission complained of occurred, unless the time limit is waived for good cause. Complaint processing time varies considerably based on the type of complaint, the complexity of the issues, and current OCR caseload.

Appeals:

Individuals can appeal a civil rights discrimination complaint determination in some instances by submitting, in writing, a request for reconsideration to the Director, Office for Civil Rights. OCR imposes civil money penalties (CMPs) on covered entities and their business associates found to be in violation of the HIPAA Privacy, Security and/or Breach Notification Rules. If CMPs are imposed, the covered entity, or any applicable business associates, may request a hearing in which an HHS administrative law judge (ALJ) decides if the CMPs are supported by the evidence in the case. OCR is required to present the evidence to support the imposition of CMPs to the ALJ. The covered entity and/or business associate(s) may also then appeal the ALJ's decision to the HHS Departmental Appeals Board (DAB) and ultimately to the U.S. Courts of Appeal.

93.004 COOPERATIVE AGREEMENTS TO IMPROVE THE HEALTH STATUS OF MINORITY POPULATIONS

FEDERAL AGENCY:

Office of Minority Health, Department of Health and Human Services

AUTHORIZATION:

OMH is authorized to conduct this program under 42 U.S.C. Section 300 u-6, Section 1707 of the Public Health Service Act, as amended.

OBJECTIVES:

To provide support for activities which have the potential to improve the health status and/or quality of life of racial/ethnic minorities, with the objective of reducing the excessive burden and death borne by minority and disadvantaged populations in the United States.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds are to be used for support of projects or activities consistent with the mission of the Office of Minority Health. Funds are not to be used for the provision of health care services, construction, augmentation of on-going Office of Minority Health (OMH) supported demonstrations, or supplementation of on-going project activities.

Applicant Eligibility:

Public and private nonprofit entities may apply. Faith based organizations are eligible to apply.

Beneficiary Eligibility:

Members of the minority and disadvantaged groups: Blacks; Hispanics; American Indians; Alaska Natives; Asian/American Pacific Islanders; or subgroups of these.

Credentials/Documentation:

Proof of nonprofit status is required as part of the application submission. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. All open grant opportunities are posted on www.grants.gov. Additional information may be requested by calling 240-453-8822 or writing to: Office of Assistant Secretary of Health (OASH) Office of Grants Management, 1101 Wootton Parkway, Suite 550, Rockville, MD 20852.

Award Procedure:

Accepted applications will be reviewed by a review panel that will make recommendations on the technical merit based on the published criteria. After considering the recommendations of the panel, the Deputy Assistant Secretary for Minority Health, will make a final decision on funding projects and a notice of grant award will be issued.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days.

Appeals:

Not Applicable.

Renewals:

> 180 Days. Varies, but a project period is generally limited to 5 years or less. Within a project period, continuation applications must be submitted annually on a noncompeting basis for each year of support.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

The cooperative agreements will have a project period not to exceed 5 years, with 12-month budget periods. Following the initial budget period, continued funding is subject to the availability of funds and satisfactory program performance. Necessary instructions regarding payment procedure will be provided at the time the award is issued. Method of awarding/releasing assistance: by letter of credit.

Reports:

Annual Program reports are required. Quarterly SF425 Federal Financial Reports must be submitted to Payment Management Services 30 days after the end of each calendar quarter. Progress reports are required quarterly for each budget period. Quarterly SF425 Federal Financial Reports must be submitted to the Office of Grants Management 30 days after the end of each calendar quarter and an annual FFR 90 days after the end of the budget period/project period end date. Reports are to be submitted electronically through GrantSolutions.. A final performance report is due 90 days following the end of the project period.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

HHS and the Comptroller General of the United States or any of their authorized representatives shall have the right of access to any books, documents, papers, or other records of a grantee, subgrantee, contractor, or subcontractor, which are pertinent to the HHS grant, in order to make audits, examinations, excerpts and transcripts. In accordance with 45 CFR Part 75.361 grantees are required to maintain grant accounting records 3 years after the end of a budget period. If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

93.007 PUBLIC AWARENESS CAMPAIGNS ON EMBRYO ADOPTION

Embryo Donation/Adoption

FEDERAL AGENCY:

Office of the Secretary, Department of Health and Human Services

AUTHORIZATION:

This program is authorized by Section 1704 of the Public Health Service Act, 42 U.S.C. Section 300u-3. , 42 U.S.C 300u-3.

OBJECTIVES:

To increase public awareness of embryo adoption as a method of family building and to provide services to infertile individuals so as to facilitate their use of embryo donation/adoption as a method of family building.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

This assistance can be used in two ways: 1) to create programs which increase the public awareness of, and knowledge about, embryo donation/adoption as a method of family building and, 2) to provide services, such as counseling, which facilitate the use of embryo donation/adoption as a method of attaining the desired number and spacing of children. This assistance is available to organizations only.

Applicant Eligibility:

Eligible applicants include public agencies, nonprofit organizations, and for-profit organizations. Eligibility to compete for this announcement is limited to particular applicant organizations. Only agencies and organizations, not individuals, are eligible to apply. One agency must be identified as the applicant organization and will have legal responsibility for the project. Additional agencies and organizations can be included as co-participants, subgrantees, subcontractors, or collaborators if they will assist in providing expertise and in helping to meet the needs of the recipients. Faith-based and community-based organizations meeting the eligibility requirements may apply, or they may be included as co-participants, subgrantees, subcontractors, or collaborators if they will assist in providing expertise and in helping to meet the needs of recipients. Eligibility is limited to organizations that can

demonstration previous experience with embryo adoption and are knowledgeable in all elements of the process of embryo adoption.

CRITERIA FOR SELECTING PROPOSALS:

Criterion 1: Project Summary (5 Points). Applicants are expected to summarize the proposed project in a narrative not to exceed one page. The summary must include the projects objectives, its approach and the results or benefits that are expected from the project.

Criterion 2: Need for Assistance (25 Points) Specific considerations for this section include: (1) The extent to which the application reflects an understanding of: (a) the goals of the embryo donation / adoption program, and how implementation will contribute to achieving these goals; or (b) The extent to which the application reflects a knowledge and understanding of the challenges involved with offering services to facilitate embryo donation and/or

adoption; (2) The extent to which the application clearly describes and documents the need for assistance to enhance efforts to: (a) increase public awareness of embryo donation and/or adoption; or, (b) make services, including counseling, available to people that are currently involved (or may soon be involved in) the process of embryo donation or adoption; (3) The extent to which the application reflects an understanding of the medical and legal framework of embryo donation and/or adoption, and the services and resources in the geographic area in which the proposed project will be conducted; (4) The extent to which the application explains how the proposed project will contribute to increased knowledge of the problems, issues, and effective strategies and best practices in the field of embryo donation and/or adoption; and (5) The extent to which the application presents a vision of how the project will advance: (a) public awareness of embryo donation and/or adoption, or, (b) the ability of couples to use embryo donation/adoption services; and, (6) The extent to which the applicant discusses the broad contextual factors that will facilitate or impede the project. Applicants must demonstrate a clear understanding of the legislative goals and demonstrate how their approach to the design of a public awareness campaign will contribute to achieve the legislative goals.

Criterion 3: Approach and Objectives (30 Points) (A) Design of the Project:

(1) The extent to which the application reflects an understanding of professionally recognized standards and/or other relevant Federal or State requirements pertaining to embryo donation and/or adoption.

(2) The extent to which the proposed project goals, objectives, and outcomes are clearly specified and measurable, and reflect an understanding of the context of embryo donation/adoption, and

(3) The extent to which the application presents an approach that: (a) is competency based; and (b) can be evaluated.

(B) Implementation of the Project:

(1) The extent to which the application clearly describes and provides a justification for the selection of the geographic region that will be served by the project;

(2) The extent to which the application presents an appropriate, feasible, and realistic plan for conducting the project;

(3) The extent to which the application presents an appropriate, feasible and realistic plan for recruiting, selecting, and training individuals to conduct the project;

(4) The extent to which the application provides an appropriate, feasible and realistic plan for documenting project activities and results, that can be used to describe and evaluate the project, and participant satisfaction; and,

(5) The extent to which the proposed project will establish and coordinate linkages with other appropriate agencies and organizations.

(C) Dissemination of the Project:

(1) The extent to which the application provides an appropriate, feasible and realistic plan for dissemination of information and related educational materials;

(2) The extent to which the intended audience is clearly identified and defined and is appropriate to the goals of the proposed program;

(3) The extent to which the program's products will be useful to the target audiences;

(4) The extent to which the applicant presents a realistic schedule for developing these products, and provides a dissemination plan that is appropriate in scope and budget to each of the audiences; and,

(5) The extent to which the products being developed during the program are described clearly and will address the goal of dissemination of information and are designed to support evidence-based improvements of practices in the field.

Criterion 4: Evaluation (20 Points). (1) The extent to which the methods of evaluation are feasible, comprehensive, and appropriate to the goals, objectives, and context of the project;

(2) The extent to which the applicant offers an appropriate, feasible, and realistic plan for evaluating the project, including performance feedback and assessment of program progress that can be used as a basis for program adjustments;

(3) The extent to which the methods of evaluation include process and outcome analyses, as appropriate, for assessing the effectiveness of the program strategies and implementation process; and,

(4) The extent to which the methods of evaluation include the use of objective performance measures that are clearly related to the intended outcomes of the

program and which will produce quantitative and qualitative results.

Criterion 5: Organizational Profile (10 Points) Applicants need to demonstrate that they have the capacity to implement the proposed program. This criterion consists of three broad topics: (A) Management plan, (B) staff qualifications, and (C) organizational capacity and resources. Criterion 6: Budget and Budget Justification (10 Points) Applicants are expected to present a budget with reasonable project costs, appropriately allocated across component areas and sufficient to accomplish the objectives.

93.011 NATIONAL ORGANIZATIONS OF STATE AND LOCAL OFFICIALS**NOSLO****FEDERAL AGENCY:**

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Sections 311(a) of the Public Health Service (PHS) Act, as amended.

OBJECTIVES:

The purpose of the HRSA NOSLO cooperative is to support technical assistance, promotion of best practices and innovative solutions to emerging and ongoing national health priorities such as communicable disease prevention and suppression, childhood obesity, substance use disorders and/or mental health. Award recipients preserve and improve public health by:

- (1) strengthening the organizational capacities of state and local health departments, state Primary Care Offices (PCOs), state Offices of Rural Health (SORHs), small rural hospitals and clinics, state and local Ryan White HIV/AIDS Program (RWHAP) entities, state Medicaid agencies, and state legislatures through information exchanges and learning communities that support quality improvement and innovative public and private sector initiatives;
- (2) developing technical assistance materials and training activities that can be used by states, local governments, and their political subdivisions to benefit HRSA award recipients such as health centers, state maternal and child health programs, health professions training programs, state and local RWHAP entities, and state and local public health agencies/entities providing services to underserved communities; and
- (3) engaging national organizations representing state and local officials to provide education, training and technical assistance to promote integration of primary care, behavioral health, and public health initiatives for their constituencies.

By promoting collaboration and partnership among major stakeholder organizations representing state and local public health officials and other HRSA award recipients, this cooperative agreement helps develop and promote public and private sector strategies to improve access to quality services and help to build a skilled health workforce, key tenets of HRSA's mission and in

support of the Secretary's key principles of service and sustainability.

Program Expectations: The NOSLO award recipients will carry out initiatives which:

advise states and their political subdivisions in the prevention and suppression of communicable diseases to carry out public health activities, including establishing and maintaining adequate public health services to protect and improve population health;

focus on health promotion and prevention of disease, illness, and psychosocial problems through quality improvement activities at the state, local, and practice levels using mechanisms such as resource sharing, data collection and analysis of outcome measures and documentation of benefits across sites;

support the organizational capacity for state primary care offices/associations, health centers, and other HRSA award recipients to address the education and training needs of the core safety net provider workforce, including coordination efforts associated with emergency preparedness and response;

help states and local government entities to address the needs of uninsured, underserved and special needs populations in states and local areas, including improving access to quality care;

create useful, effective forms of collaboration with partners, within and beyond the health sector, to facilitate opportunities for program development and implementation of initiatives that support vulnerable and underserved populations;

promote workforce development in state and local public health agencies; and increase collaborative efforts with federal/state supported resources with a shared goal to improve the capacity and efficiency of the public health and health care systems by leveraging resources to avoid duplication of efforts.

Core Functions: The NOSLO program will address three core functions related to the program purpose and expectations: (1) training and technical assistance (TTA) in program management and operational support; (2) policy, program development/analysis and information exchange; and (3) collaboration, coordination and promoting partnerships. Applicants must outline specific activities under each required core function targeted to strengthening the organizational capacities of state and local health departments, their political subdivisions, and HRSA award recipients. The projects will also address program priorities for the U.S. Department of Health and Human Services, such as the implementation of the Healthy People 2030, and the evolving health care landscape at the national, state and local levels. This includes projects that can assist states and local governments to achieve improved health outcomes for underserved populations and better services and value for state programs.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

This program will support national organizations that represent the following groups: State/Territorial Health Department Officials, Local County and City Health Department Officials, State Medicaid Directors, and State Legislatures to address cross-cutting, publicly-funded health program integration and health access issues identified by the states and local governments and entities.

Specifically, under the NOSLO program, each award recipient will be responsible for carrying out activities tailored to its own constituency's needs (i.e., its target audience). The NOSLO cooperative agreements are multi-faceted and include opportunities for policy information exchange and collaboration, as well as for providing training and technical assistance to state and local governments and their political subdivisions, health centers, other HRSA grantees, and other health care entities to address the needs of the underserved and targeted populations.

Applicant Eligibility:

Eligible applicants include nonprofit service and/or membership organizations that can provide training and technical assistance on a national level to strengthen the infrastructure capacities of states and local government entities.

Beneficiary Eligibility:

Eligible beneficiaries include the following entities: Federal; Interstate; Intrastate; State; Local; Public nonprofit institution/organization; Other public institution/organization; Non-Governmental General; Minority group; Specialized group (e.g., health professionals, students, veterans); Small

business (less than 500 employees); Private nonprofit institution/organization; Quasi-public nonprofit institution/organization; Anyone/general public; Native American Organizations; Health professional; Black; American Indian; Spanish origin; Asian; Other non-white; Migrant; U.S. citizen; Refugee/Alien; Veteran/Service; Person/Reservist (including dependents); Women; Disabled (i.e., Deaf, Blind, Physically Disabled).

The awardee will be required to submit performance and progress reports as well as status-federal financial reports (see the program announcement and notice of award for details for each required report). The award recipient must submit a quarterly electronic Federal Financial Report (FFR) Cash Transaction Report via the Payment Management System within 30 days of the end of each calendar quarter. A Federal Financial Report (SF-425) according to the following schedule:

<http://www.hrsa.gov/grants/manage/technicalassistance/federalfinancialreport/ffr-schedule.pdf>. A final report is due within 90 days after the project period ends.

If applicable, the award recipient submit a Tangible Personal Property Report (SF-428) and any related forms within 90 days after the project period ends.

New awards (Type 1) issued under this funding opportunity announcement are subject to the reporting requirements of the Federal Funding Accountability and Transparency Act (FFATA) of 2006 (Pub. L. 109282), as amended by

section 6202 of Public Law 110252, and implemented by 2 CFR Part 170. Grant and cooperative agreement recipients must report information for each first-tier subaward of \$25,000 or more in federal funds and executive total compensation for the recipients and subrecipients five most highly compensated executives as outlined in Appendix A to 2 CFR Part 170 (FFATA details are available online at <http://www.hrsa.gov/grants/ffata.html>). Competing continuation award recipient, etc. may be subject to this requirement and will be so notified in the Notice of Award. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Refer to the Notice of Funding Opportunity for information.

Records:

Grantees are required to maintain accounting records 3 years after the date they submit the FFR. If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

93.018 STRENGTHENING PUBLIC HEALTH SERVICES AT THE OUTREACH OFFICES OF THE U.S.-MEXICO BORDER HEALTH COMMISSION**FEDERAL AGENCY:**

Office of the Secretary, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act As Amended, Executive Order 22 U.S.C 290n,
Title XVII, Section 1701(c) (1), 22 U.S.C 290n.

OBJECTIVES:

This funding is intended to support projects aligned with the goals of the United States-Mexico Border Health Commission (BHC), and its mission to provide leadership to optimize health and quality of life for residents in the border region. Funding priorities include programs or initiatives related to the BHC Healthy Border 2020 Strategy (Chronic and Degenerative diseases; Infectious diseases; Maternal and Child Health; Mental Health and Addiction; and Injury prevention) and BHC transversal issues (access to care, research, strategic planning); other border health needs identified during relevant bi-national Commission meetings.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Grant funds may only be used to support activities outlined in the approved project plan. The successful applicant will be responsible for the overall management of activities within the scope of the approved project plan. Please consult the HHS GPS Section II and 45 CFR 75.308 for aspects of your grant award that will require prior approval for any changes from the Grants Management Officer. The allowability, allocability, reasonableness, and necessity of direct and indirect costs that may be charged to HHS/OASH grants must be in accordance with Department regulations and policy effective at the time of the award. Current requirements are outlined at 45 CFR part 75 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards. Indirect costs may be included per 45 CFR

75.414. Applicants should indicate which method and/or rate is used for this application. Pre-award costs are not allowed. The Consolidated Appropriations Act, 2016 (P.L. 114-113) limits the salary amount that you may be awarded and charge to HHS grants and cooperative agreements. Grant funds may only be used to support activities outlined in the approved project plan. The successful applicant will be responsible for the overall management of activities within the scope of the approved project plan. Please consult the HHS GPS Section II and 45 CFR 75.308 for aspects of your grant award that will require prior approval for any changes from the Grants Management Officer. This award may also be subject to the HHS Policy on Promoting Efficient Spending: Use of Appropriated Funds for Conferences and Meetings, Food, Promotional Items, and Printing and Publications available at <http://www.hhs.gov/grants/contracts/contract-policies-regulations/efficient-spending/>.

Applicant Eligibility:

This is a limited eligibility cooperative agreement offered to the Arizona Department of Health Services/Office of Border Health; the California Department of Public Health/California Office of Bi-national Border Health; the New Mexico Department of Health/Office of Border Health; and the Texas Department of State Health Services/Office of Border Health. The BHCs establishing legislation (22 U.S.C. 290n) calls for close coordination and integration with each of the four state offices of border health, and enabled the Commission to locate its border health operations within those existing state offices to avoid duplicative efforts. The four U.S. offices of border health have extensive experience supporting the BHCs bi-national goals, objectives, and initiatives, and maintain important working relationships and shared ongoing initiatives with Mexico through the appropriate BHC outreach office(s) on the Mexican side of the border. Continuity and consistency in this bi-national effort in the border region is essential to the productivity and success of the BHC.

Beneficiary Eligibility:

This funding is intended to support projects aligned with the goals of the United States-Mexico Border Health Commission, and its mission to provide leadership to optimize health and quality of life for residents in the border region. Special target populations and organizations can include specific sub-groups of interest, such as disadvantaged or medically underserved areas, limited-English speaking groups, migrant populations, native communities, and community-based organizations. The cooperative agreement mechanism encourages the formation and development of collaborative partnerships to facilitate sustainability of efforts and to maximize impact in the border region.

Credentials/Documentation:

Applicants should provide documentation of the availability and qualifications (including expertise, relevant experience, education, and competence) of its proposed programmatic and administrative staff, as well as other personnel (including partner institutions, subcontractors, and consultants) who would perform required work activities. Acceptable documentation could include resumes/CVs, letters of endorsement, and narrative descriptions of previous work.

Applicants should also provide documentation that demonstrates relevant depth of previous experiences communicating, coordinating, and collaborating with key stakeholders on multi-year border health initiatives involving relevant multi-sectoral partners (including those focusing on clinical medicine, public health, community outreach, academic research, government programs, policy making, etc.). 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program.

Award Procedure:

Applications will be screened upon receipt. Those that are judged to be

incomplete or arrive after the deadline will be returned without comment. Each HHS/OGA Program's office is responsible for facilitating the process of evaluating applications and setting funding levels according to the criteria set forth in the Funding Opportunity Announcement. An independent review panel will evaluate applications that pass the screening and meet the responsiveness criteria if applicable. These reviewers are experts in their fields, and are drawn from academic institutions, non-profit organizations, state and local government, and Federal government agencies. Based on the Application Review Criteria (as outlined under Section E.1 of the Funding Opportunity Announcement), the reviewers will comment on and score the applications, focusing their comments and scoring decisions on the identified criteria. In addition to the independent review panel, Federal staff will review each application for programmatic, budgetary, and grants management compliance. Final award decisions will be made by the HHS Assistant Secretary for Global Affairs.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 30 to 60 days. HHS/OASH seeks to award funds as much in advance of the anticipated project start date shown in Section B Federal Award Information, as practicable, with a goal of 10-15 days.

If you are unsuccessful, you will be notified by the program office by email and/or letter and will receive summary comments pertaining to the application resulting from the review process. On occasion, some applicants may receive a letter indicating that an application was approved but unfunded. These applications are kept active for one year and may be considered for award without re-competing should funds become available during the hold period.

Appeals:

Not Applicable.

Renewals:

Project period is for 3 years. Each year of the approved project period, you will be required to submit a noncompeting application which includes a progress report for the current budget year, and work plan, budget and budget justification for the upcoming year. Specific guidance will be provided via Grant Solutions well in advance of the application due date. HHS/OASH will award continuation funding based on availability of funds, satisfactory progress of the project, and grants management compliance, including timely reporting. Additionally, failure to provide final progress or financial reports on other grants with HHS may affect continuation funding.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The Office of Global Affairs intends to make available approximately \$1,100,000 for cooperative agreements during the second year of this cooperative agreement (July 1, 2017-June 30, 2018), and anticipates making four awards. OGA will fund grants in annual increments (budget periods) and for an anticipated project period of up to five years. Cost-sharing is not required, but development of sustainable partnerships and collaborative initiatives is highly encouraged. Method of awarding/releasing assistance: by letter of credit.

Reports:

No program reports are required. Quarterly cash reporting to the HHS Payment Management System on the Federal Financial Reports (FFR) (SF-425) is required. Please note, at this time, these FFR reports are separate submissions via the Payment Management System. You must submit performance reports on a semi-annual basis. Your performance reports must address content required by 45 CFR 75.342(b)(2). You must submit your performance reports by upload to our grants management system (GrantSolutions.gov), in the Grant Notes module. You will also be required to submit a final progress report covering the entire project period 90 days after the end of the project period. You must submit the final report by upload to our grants management system

(GrantSolutions.gov), in the Grant Notes module. You will be required to submit quarterly and annual Federal Financial Reports (FFR) (SF-425). Your specific reporting schedule will be issued as a condition of grant award. You will also be required to submit a final FFR covering the entire project period 90 days after the end of the project period. You must submit FFRs via our grants management system (GrantSolutions.gov) FFR module. In accordance with 45 CFR 75.301, reporting requirements must be clearly articulated such that, where appropriate, performance during the execution of the Federal award can be measured.

Over the five-year cooperative agreement period, the grantee should remain in close communication with the BHC U.S. Section Office and HHS/OGA to collaboratively develop a detailed evaluation plan for each annual budget period (i.e. Program Years 1 through 5).

At the end of each funding year of this initiative, the grantee should be able to:

- * Describe the process for partnership development with key organizations, and share feedback on the progress of more complex binational, cross-border, or border-wide partnerships.
- * Describe collaborations to address priority border health issues, and progress towards sustainability of border health initiatives and activities.
- * Describe outcomes achieved as a result of the influence of the grantee, the BHC, or other implementing partners.
- * Describe border community involvement for relevant border health activities.
- * Describe accomplishments and progress toward achieving BHC goals and addressing Healthy Border 2020 priority issues.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal government officials.

Records:

Financial records, supporting documents, statistical records, and all other records pertinent to a grant shall be retained for a minimum of 3 years, or longer pending completion and resolution of any audit findings. HHS and the Comptroller General of the United States or any of their designated authorized officials shall have the right of access to any books, documents, papers, or other records of a grantee, sub-grantee, contractor, or subcontractor, which are pertinent to the HHS grant, in order to make audits, examinations, excerpts and transcripts. Grantees are required to maintain grant accounting records 3 years after the end of a budget period. If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

OBJECTIVES:

To provide grants to States and U.S. Territories to support nutrition services including nutritious meals, nutrition education and other appropriate nutrition services for older adults in order to maintain health, independence and quality of life. Meals and nutrition services are to be served in a congregate setting or delivered to the home, if the older adult is homebound.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Funds are made available to State Units on Aging and U.S. Territories for use by local nutrition projects. Local projects must provide an appropriate meal, which complies with the current Dietary Guidelines for Americans and provides

one-third of the Dietary Reference Intakes (DRI). Meals must be provided at least once per day, 5 or more days per week, except in rural areas where such frequency is not feasible, to eligible people aged 60 and over and their spouses. Local projects may also use funds to provide nutrition education, nutrition counseling and other nutrition services, as appropriate, based on the needs of meal participants.

Applicant Eligibility:

Only States and U.S. Territories which have State Units on Aging designated by the governors are eligible to receive these grants.

Beneficiary Eligibility:

For Title III congregate meals, persons who are older adults (age 60 years and above) or a spouse of an older adult, regardless of age; disabled adults who live in housing facilities primarily occupied by older adults where a congregate site is located; disabled adults under age 60, who reside at home with older adults; and volunteers, regardless of age, who assist in meal service during meal hours. For Title III home-delivered meals, an older individual must be assessed to be homebound. The spouse of a homebound individual regardless of age or condition may receive a meal if receipt of the meal is assessed to be in the best interest of the homebound older adult.

Credentials/Documentation:

93.047 SPECIAL PROGRAMS FOR THE AGING, TITLE VI, PART A, GRANTS TO INDIAN TRIBES, PART B, GRANTS TO NATIVE HAWAIIANS

FEDERAL AGENCY:

Administration for Community Living, Department of Health and Human Services

AUTHORIZATION:

Older Americans Act of 1965, Title VI, Public Law 89-73, 92 Stat. 1513.

OBJECTIVES:

To promote the delivery of supportive services, including nutrition services, to American Indians, Alaskan natives, and Native Hawaiians that are comparable to services provided under Title III.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Funds are available through grants to eligible Indian Tribal Organizations for services comparable to those provided under Title III. Services must include nutrition services and information and referral, and may include transportation and other services authorized under Title III. Funds may be used for staffing senior centers. Indian Tribes receive funds based on a formula that considers the number of eligible elder Indians sixty years of age or older represented by the tribal organizations with population ranges from 50-100, 101-200, 201-300, 301-400, 401-500, 501 to 1,500, and 1,501+. Grants also are available to private or nonprofit organizations having the capacity to provide services to older Native Hawaiians.

Applicant Eligibility:

Tribal organizations of Indian tribes eligible for assistance under Section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b), and public or nonprofit private organizations which serve Native Hawaiian Elders, which represent at least 50 Indians or Hawaiians 60 years of age or older. Applicants must demonstrate that they have the ability to deliver supportive and nutrition services.

Beneficiary Eligibility:

Indians who are 60 years of age and older, and in the case of nutrition services, their spouses. Tribes also have the authority to define Indians under 60 years of age as "older Indian" making them eligible for services.

93.051 ALZHEIMER'S DISEASE DEMONSTRATION GRANTS TO STATES

Alzheimer's Disease Supportive Services Program

FEDERAL AGENCY:

Administration for Community Living, Department of Health and Human Services

AUTHORIZATION:

Sec 398 of the Public Health Service Act (P.L. 78-410; 42 U.S.C. 280c-3.

OBJECTIVES:

To expand the availability of diagnostic and support services for persons with Alzheimer's Disease and Related Dementias (ADRD), their families, and their caregivers, as well as to improve the responsiveness of the home and community-based care system to persons with dementia.

ADSSPS grantees continue to implement two types of ADSSP projects, dementia capability and translation projects. Dementia capability grants require states to help ensure that people with dementia and their family caregivers have access to a home and community-based services system. Such a system identifies those with dementia, ensures that program staff have appropriate dementia care training, and assures delivery of quality home and community-based services. Evidence-based grants require states to demonstrate how existing evidence-based interventions designed to help people with ADRD and their family caregivers can be translated into effective supportive service programs at the community level.

TYPES OF ASSISTANCE:

Cooperative Agreements (Discretionary Grants)

USES AND USE RESTRICTIONS:

(1) Not less than 50 percent of the federal grant must be spent on direct services (home health care, personal care, day care, companion services, short-term care in health facilities, and other respite care to individuals with Alzheimer's disease and related disorders). (2) Grant funds may not be used to replace existing resources: State compensation program, Federal or state health benefits program, or private insurance funds. (3) Matching funds are required. (4) Not more than 10 percent of the grant will be expended for administrative expenses.

Applicant Eligibility:

State government agencies are eligible for grant awards; the applicant agency is encouraged to have the support and active involvement of the Single State Agency on Aging. Only one application per State will be funded, however, multiple state and local agencies are encouraged to collaborate in planning and carrying out the project.

Beneficiary Eligibility:

(1) Individuals with Alzheimer's disease and related disorders; (2) families of those individuals; and (3) care providers of those individuals.

Credentials/Documentation:

Applicants must submit: (1) A description of intended use of the grant; (2) information describing programs and activities to be supported; (3) the number of individuals receiving services and the cost of services; and (4) a plan describing coordination of such services. Applicable costs and administrative procedures will be determined in accordance with Part 92 of Title 45 of the Code of Federal Regulations. 2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Older Americans Act of 1965, Parts A and C, Public law 89-73, as amended; Public law 90-42, 81 Stat. 106; Public Law 91-69, 85 Stat. 108; Public Law 92-258, 86 Stat. 88; Public Law 93-87 Stat. 301; Public law 93-351, 88 Stat. 357; Public law 94-135, 89; Stat. 713; Public Law 95-65, 91 Stat. 269; Public law 95-478, 92 Stat. 513; Public law 97-115, 95 Stat. 1595; Public Law 98-459, 98 Stat. 1767; Title III, Part C, Public Law 100-175; public Law 100-628; 42 U.S.C. 3030e-3030g; Public Law 102-375; Public 106-501. Public Law 114-144.

OBJECTIVES:

To reward effective performance by States and Tribes in the efficient delivery of nutritious meals to older adults through the use of cash or USDA Foods.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Funds are made available to State Units on Aging (SUA) and Indian Tribal Organizations (ITO) to purchase domestically produced foods or to access USDA Foods from the United States Department of Agriculture (USDA) Food and Nutrition Service (FNS). The funds or USDA Foods are to be used in the preparation of congregate and home-delivered meals by nutrition services programs. USDA Foods may not be sold, exchanged, or otherwise disposed of (authorized distribution excepted) without prior, specific approval of USDA. Each SUA and ITO shall promptly and equitably disburse funds received to recipients.

Applicant Eligibility:

State Units on Aging (SUA) and Indian Tribal Organizations (ITO) that receive funding through Titles III and VI of the OAA may receive grants of cash from the Administration for Community Living, and/or USDA Foods.

Beneficiary Eligibility:

For Title III congregate meals, persons who are older adults (age 60 years and above) or a spouse of an older adult, regardless of age; disabled adults who live in housing facilities primarily occupied by older adults where a congregate site is located; disabled adults under age 60, who reside at home with older adults; and volunteers, regardless of age, who assist in meal service during meal hours. For Title III home-delivered meals, an older individual (age 60 years and above) must be assessed to be homebound. The spouse of a homebound individual regardless of age or condition may receive a meal if receipt of the meal is assessed to be in the best interest of the homebound older adult. For Title VI, all of these criteria apply. In addition, an ITO may select the age that defines who is an older adult.

Credentials/Documentation:

State Units on Aging (SUA) and Indian Tribal Organizations (ITO) must complete agreements with the Administration for Community Living. 2 CFR 200, Subpart E - Cost Principles applies to this program.

93.059 TRAINING IN GENERAL, PEDIATRIC, AND PUBLIC HEALTH DENTISTRY

General, Pediatric, and Public Health Dentistry and Dental Hygiene

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Section 748, 42 U.S.C. 293k-2.

OBJECTIVES:

The purpose of the Training in General, Pediatric, and Public Health Dentistry and Dental Hygiene programs are to improve access to and the delivery of oral

health care services for all individuals, particularly low income, underserved, uninsured, minority, health disparity, and rural populations by increasing the supply of a qualified dental workforce and enhancing dental workforce education and training.

This is addressed through the implementation of the following programs:

1) Predoctoral Training in General, Pediatric or Public Health Dentistry and Dental Hygiene; 2) Post-doctoral Training in General, Pediatric and Public Health Dentistry; 3) Faculty Development Training in General, Pediatric and Public Health Dentistry and Dental Hygiene; the 4) Dental Faculty Development and Loan Repayment Program; and the 5) Dental Faculty Loan Repayment Program.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

1) Predoctoral Training in General, Pediatric or Public Health Dentistry and Dental Hygiene:

Grant funds may be used to support professional training programs: 1) to plan, develop, and operate or participate in approved professional training programs in the fields of general dentistry, pediatric dentistry, or public health dentistry for dental students, dental hygienists, and/or dental hygiene trainees that emphasize training for general, pediatric, or public health dentistry; 2) to meet the costs of projects to establish, maintain, or improve predoctoral training in primary care programs; and 3) to provide technical assistance to primary care training programs in developing and implementing instruction regarding the oral health status, dental care needs, and risk-based clinical disease management of all primary care populations with an emphasis on underserved children.

2) Postdoctoral Training in General, Pediatric and Public Health Dentistry:

Grant funds may be used to support professional training programs: 1) to plan, develop, and operate, or participate in, an approved professional training program in the fields of general, pediatric, or public health dentistry for dental residents, or practicing dentists or other approved primary care dental trainees that emphasizes training for general, pediatric and public health dentistry; 2) to provide financial assistance to dental residents or practicing dentists who are in need thereof, and who are participants in any such training program, and who plan to work in the practice of general, pediatric or public health dentistry; 3) to support an accredited masters degree in public health program for dental residents in need of such support, support is limited to residents only.

3) Faculty Development Training in General, Pediatric and Public Health Dentistry and Dental Hygiene:

Grant funds may be used to support professional training programs: 1) to plan, develop, and operate a program for the training of oral health care providers who plan to teach in general, pediatric, public health dentistry or dental hygiene; 2) to provide financial assistance in the form of traineeships and fellowships to dentists who plan to teach, or are teaching, in general, pediatric, or public health dentistry; and 3) to meet the costs of projects to establish, maintain, or improve dental faculty development programs.

4) Dental Faculty Development and Loan Repayment Program:

Grant funds may be used to support professional training programs: 1) to plan, develop, and operate a dental faculty loan repayment program for faculty engaged in primary care dentistry to include general, pediatric, and public health dentistry and dental hygiene; 2) individual participants must agree to serve as full-time faculty members and perform at least 50 percent of their full-time faculty duties in a community-based primary care setting; 3) upon completion by an individual of each of the first, second, third, fourth, and fifth years of service, the program will pay an amount equal to 10, 15, 20, 25, and 30 percent, respectively, of the individuals student loan balance owed at the initiation of the agreement. Grant funds may also be used to support professional training program: to establish, maintain or improve a dental faculty development program in primary care: 1) to prepare and support faculty for successful academic careers focused on enhancing training for students and/or residents in general dentistry, pediatric dentistry, dental public health, or dental hygiene within community-based, interprofessional primary care settings; 2)

faculty participating in the loan repayment program must be included as participants in the programs faculty development program; and no more than \$100,000 per year may be used for these Faculty Development activities.

5. Dental Faculty Loan Repayment Program:

Grant funds may be used to support professional training programs: 1) to plan, develop, and operate a dental faculty loan repayment program for faculty engaged in primary care dentistry to include general, pediatric, and public health dentistry and dental hygiene with preference given to pediatric dentistry faculty supervising residents at dental training program providing clinical services in dental clinics located in dental schools, hospitals, or community-based affiliated sites; 2) individual participants must agree to serve as full-time faculty members; and 3) upon completion by an individual of each of the first, second, third, fourth, and fifth years of service, the program will pay an amount equal to 10, 15, 20, 25, and 30 percent, respectively, of the individuals student loan balance owed at the initiation of the agreement. Restricted Uses: Indirect costs under training awards to organizations other than State, local or American Indian tribal governments will be budgeted and reimbursed at 8 percent of modified total direct costs rather than on the basis of a negotiated rate agreement, and are not subject to upward or downward adjustment.

Applicant Eligibility:

Eligible applicants are accredited dental or dental hygiene schools, public or private not-for-profit hospitals, or other public or not for profit entities, which the Secretary has determined is capable of carrying out such a grant. Eligible entities include entities that have programs in dental or dental hygiene schools, or approved residency or advanced education programs in the practice of general, pediatric, or public health dentistry. Federally Recognized Indian Tribal Government and Native American Organizations may apply if otherwise eligible.

Eligible entities may partner with schools of public health for the education of dental students, residents or dental hygiene students for a masters in public health in an accredited program.

Training activities must be conducted by an accredited entity; therefore, either the applicant or a partner organization responsible for the dental or dental hygiene training must be accredited.

Beneficiary Eligibility:

Beneficiaries include a full range of trainees: dental or dental hygiene students, dental hygienists, dental residents, practicing dentists, other approved primary care dental trainees and dental faculty.

Credentials/Documentation:

Applicants should review the individual HRSA Notice of Funding Opportunities (NOFO) issued under this CFDA program for any required proof or certifications which must be submitted with an application package. 2 CFR 200, Subpart E - Cost Principles applies to this program.

All eligible, qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions. Notification is made in writing (electronic) by a Notice of Award.

Award Procedure:

Notification is made in writing (electronic) by a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application

deadlines.

Range of Approval/Disapproval Time:

Approximately 120 to 180 days after receipt of applications.

Appeals:

Not Applicable.

Renewals:

Depending on Agency priorities and availability of funding, during the final budget year of the approved project period competing continuation applications may be solicited from interested applicants.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program.

This program has MOE requirements, see funding agency for further details. The recipient must agree to maintain non-federal funding for grant activities at a level which is not less than expenditures for such activities during the fiscal year prior to receiving the award.

Length and Time Phasing of Assistance:

This funding opportunity provides support for a 5-year project period. See the following for information on how assistance is awarded/released: Recipients drawdown funds, as necessary, from the Payment Management System (PMS), the centralized web based payment system for HHS awards.

Reports:

Both program and financial reports are required. The recipient will be required to submit annual performance and progress reports. Cash reports are not applicable. A Federal Financial Report (SF-425) is required according to the schedule in HRSA's Application Guide. A final report is due within 90 days after the project period ends. If applicable, the recipient must submit a Tangible Personal Property Report (SF-428) and any related forms within 90 days after the project period ends. PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: Fiscal Year 2016:

1) Predoctoral Training in General, Pediatric or Public Health Dentistry and Dental Hygiene:

Grantees trained 3,835 dental and dental hygiene students, 28 percent were either from a disadvantaged background or from underrepresented minorities.

Nearly 24 percent of individuals intended to practice in a primary care setting upon completion of training, while nearly 20 percent intended to practice in a medically underserved area.

During the academic year, grantees partnered with 139 clinical training sites, of which 63 percent were located in medically underserved communities, 55 percent in a primary care setting, and 17 percent in a rural setting.

2) Postdoctoral Training in General, Pediatric and Public Health Dentistry:

This program produced 279 newly specialized dentists who completed their dental residencies and entered the health care workforce. Of these new dentists, over 50 percent reported Pediatric Dentistry as their primary discipline, while 46 percent and 4 percent (respectively) reported General Dentistry and Public Health Dentistry as their primary discipline.

Nearly 2,232 health care students and trainees participated in interprofessional team-based care alongside PDD residents.

During the academic year, grantees partnered with 149 clinical training sites, 60 percent were located in a medically underserved community, 50 percent in a primary care setting, and seven percent in a rural setting.

3) Faculty Development Training in General, Pediatric and Public Health Dentistry and Dental Hygiene:

Grantee supported 80 distinct faculty development activities, which trained 946 faculty members.

Faculty who received direct grant support as instructors trained 929 dental students, general dentistry residents, and pediatric dentistry residents.

4) Dental Faculty Development and Loan Repayment Program: as this was a new program for FY2016, there is currently no data available.

5) Dental Faculty Loan Repayment Program: as this is a new program for FY2017, there are no accomplishments to note. Fiscal Year 2017: Currently no data available. Fiscal Year 2018: No data available.

CRITERIA FOR SELECTING PROPOSALS:

Procedures for assessing the technical merit of grant applications have been instituted to provide an objective review of applications and to assist the applicant in understanding the standards against which each application will be judged. Critical indicators have been developed for each review criterion to assist the applicant in presenting pertinent information related to that criterion and to provide the reviewer with a standard for evaluation. Competing applications are reviewed by non-Federal expert consultant(s) for technical merit recommendations. Applications will be reviewed and evaluated against the following criteria: (1) Purpose and Need; (2) Response to Program Purpose; (3) Impact; (4) Organizational Information, Resources and Capabilities; and (5) Support Requested. See the most recent Notice of Funding Opportunity for detailed selection criteria.

93.060 SEXUAL RISK AVOIDANCE EDUCATION

SRAE

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human

Services

AUTHORIZATION:

Social Security Act, Section 1110, 42 U.S.C 1310; General Departmental Management for the Office of the Secretary under Division H, Title II of The Consolidated Appropriations Act, 2017, Public Law 115-31. , Section 1110, Public Law 115-31, 42 U.S.C 1310; General Departmental Management for the Office of the Secretary under Division H, Title II of The Consolidated Appropriations Act, 2016, Public Law 114-113.

OBJECTIVES:

To promote sexual risk avoidance education, as defined by section 1110 of the Social Security Act, for adolescents. The focus of the program is to teach participants how to voluntarily refrain from non-marital sexual activity, empower participants to make healthy decisions, provide tools and resources to prevent pregnancy and STI, and prevent youth engagement in other risky behaviors.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Funds are for making competitive grants which exclusively implement education in sexual risk avoidance (defined as voluntarily refraining from non-marital sexual activity) and for Federal costs of administering the grant. Provided further, under the authority of section 1110 of the Social Security Act, 42 U.S.C. 1310 grants shall be made only to public and private entities that agree to use medically accurate information referenced to peer-reviewed publications by educational, scientific, governmental, or health organizations; implement an evidence-based approach integrating research findings with practical implementation that aligns with the needs and desired outcomes for the intended audience; and teach the benefits associated with self-regulation, success sequencing for poverty prevention, healthy relationships, goal setting, and resisting sexual coercion, dating violence, and other youth risk behaviors such as underage drinking or illicit drug use without normalizing teen sexual activity. The funds are restricted for the purpose of implementing sexual risk avoidance education to prevent teen pregnancy.

Applicant Eligibility:

Grants made under the authority of section 1110 of the Social Security Act, 42 U.S.C. 1310 grants shall be made only to public and private entities that agree to use medically accurate information referenced to peer-reviewed publications by educational, scientific, governmental, or health organizations; implement an evidence-based approach integrating research findings with practical implementation that aligns with the needs and desired outcomes for the intended audience; and teach the benefits associated with self-regulation, success sequencing for poverty prevention, healthy relationships, goal setting, and resisting sexual coercion, dating violence, and other youth risk behaviors such as underage drinking or illicit drug use without normalizing teen sexual activity.

Beneficiary Eligibility:

Vulnerable populations of youth with a focus on those that are most likely to bear children out-of-wedlock or who live in areas with high teen birth rates.

Credentials/Documentation:

Nonprofit organizations must submit proof of nonprofit status. 2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Specific instructions are published in a

program announcement made available through www.grants.gov.

Award Procedure:

All applications are reviewed by a panel of nonfederal expert peer reviewers that assigns scores according to the published criteria in the funding opportunity announcement. The panel's scores are factored into the recommendations for funding. Scores and recommendations are reviewed by the Associate Commissioner of the Family and Youth Services Bureau. Recommendations are made to the ACYF Commissioner, who makes the final funding decisions after approval is granted by the Office of Grants Management.
