This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Students should apply at financial aid office of school of their choice for assistance in applying for a loan. The school then tabulates requests for financial aid and awards loans based on needs of students and available funds.

Schools can obtain new applications for this program from the Division of Health Careers and Financial Support by calling (301) 443-1173. Annual operating reports serve as the renewal application for current loan recipient institutions

Award Procedure:

Notification is made in writing (electronic) by a Notice of Award. When Federal Capital Contribution funds are available for re-distribution, a Notice of Award is sent to the School's Contact Person notifying the school of the amount of federal funds allocated for loans within program and discipline prior to the beginning of the academic year in which the award is to be utilized. Students are notified by the schools financial aid office of approval or disapproval of loans at times determined by schools.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 120 - 180 days after receipt of applications.

Appeals:

Not Applicable.

Renewals:

Applications are only required for new schools. Annual Operating Reports are required for renewals.

Formula and Matching Requirements:

Statutory Formula: Allotment of funds is based on statutory formula which takes into account the ratio each school's enrollment bears to the enrollments of all schools making application for funds, but never exceeds the schools request.

Matching Requirements: 11% Matching Requirement. Under the Federal Capital Contribution method, a school must match the Federal Capital Contribution with an amount equal to one-ninth of the funds drawn down. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

The time required by a student to complete the necessary course of study leading to a degree and subject to the availability of funds. See the following for information on how assistance is awarded/released: Recipient institutions drawdown funds, as necessary, from the Payment Management System (PMS), the centralized web based payment system for HHS awards.

Reports:

Both program and financial reports are required. An Annual Operating Report (AOR) through electronic submission at <http://grants.hrsa.gov> must be submitted 45 days after the end of each budget period. Cash reports are not applicable. No progress reports are required. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. .

Records:

Financial records must be kept until such time as agreed upon with the Secretary as specified in 42 CFR 57.215.

Recipients are required to maintain grant accounting records 3 years after the date they submit Annual Operating Report (AOR). If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the 3 year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3 year period, whichever is later.

93.343 PUBLIC HEALTH SERVICE EVALUATION FUNDS

PHS Evaluation Funds

FEDERAL AGENCY:

Office of the Secretary, Department of Health and Human Services

AUTHORIZATION:

Section 241 of the Public Health Service Act.

OBJECTIVES:

To carry out evaluations (including longitudinal evaluations) of teen pregnancy prevention approaches.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

OAH is interested in research, evaluation and statistics projects that would make significant contributions to the mission of the organization and the teen pregnancy prevention field. Under this announcement, OAH could consider research and evaluation projects that further the understanding of what works, for whom and how in the field of teen pregnancy prevention and expectant and parenting youth. OAH would also consider grant applications that include research that can be carried out in a short period of time with limited resources, such as secondary data analyses using program and evaluation data OAH is in possession of or TPP related data that the grantee could obtain quickly. OAH will not provide funds under this announcement for projects that consist solely of program delivery or the provision of services. There is approximately \$500,000 available for up to 2 cooperative agreements.

Applicant Eligibility:

Nonprofit, for profit, small businesses, community based organizations, faith based organizations, universities, hospitals, state and local governments, US territories and possessions, tribal entities, native American organizations are eligible to apply.

Beneficiary Eligibility:

Researchers, Policymakers, Teens, Parents.

Credentials/Documentation:

A non-profit organization must provide evidence of its non-profit status. OMB Circular No. A-87 applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from

coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. This application may be found on www.grants.gov by CFDA search and must be submitted electronically through grants.gov.

Award Procedure:

All applications and proposals are read by a panel of independent experts who make recommendations for action to the Office of Adolescent Health. After considering the recommendation of this panel, the Director of the Office of Adolescent Health makes the final decision on the funding of applications. All applicants are notified in writing of actions taken on their applications. A Notice of Award is issued for those applications that are approved and funded.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

Not Applicable.

Renewals:

From 30 to 60 days. Support may be requested for a total project period of 2 years. Extensions to the project period may be made if deemed appropriate by the Office of Adolescent Health and approved by the Office of Grants Management.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

93.344 RESEARCH, MONITORING AND OUTCOMES DEFINITIONS FOR VACCINE SAFETY

Vaccine Safety Research

FEDERAL AGENCY:

Office of the Secretary, Department of Health and Human Services

AUTHORIZATION:

Section 1702(a) [42 U.S.C. 300u-1(a)] and Section 1703(a) and (c) [42 U.S.C. 300u-2(a) and (c)] of the Public Health Service Act, as amended.

OBJECTIVES:

The National Vaccine Program Office (NVPO) collaborates with federal partners to provide strategic direction for the coordination of the vaccine and immunization enterprise for the National Vaccine Plan (NVP) implementation http://www.hhs.gov/nvpo/vacc_plan/2010%20Plan/nationalvaccineplan.pdf NVPO is looking to partner with an institution or organization to conduct research or surveillance improvements related to vaccine safety. The areas of research are specifically, but not limited to, predicting the safety profile of new vaccines during the early development stage, developing or modifying existing vaccines to improve their safety, conducting applied research that will have a direct impact on the current vaccine safety monitoring system, conducting research that will improve the safety profile of currently marketed vaccines, conducting research that will improve the understanding of the safety profile of immunizations that are or will be recommended for adults over 65 years old.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

The assistance can be applied to improving vaccine safety knowledge, improving the monitoring of adverse events following immunization, including vaccines used by adults over 65 years old. Examples of applicability are predicting the safety profile of new vaccines during the early development stage, developing or modifying existing vaccines to improve their safety, conducting applied research that will have a direct impact on the current vaccine safety monitoring system, conducting research that will improve the safety profile of currently marketed vaccines, conducting research that will improve the understanding of the safety profile of immunizations that are or will be recommended for adults over 65 years old. There is approximately \$500,000 available. Funds are restricted from being used for the following: alterations or renovations; construction; fund-raising activities; job training; political education and lobbying; vocational rehabilitation. There is approximately \$500,000 available for up to 2 cooperative agreements.

Applicant Eligibility:

Public (including city, county, regional, and State government) organizations and private nonprofit entities.

Beneficiary Eligibility:

Improving vaccine safety for adults.

Credentials/Documentation:

A nonprofit private entity must provide evidence of its nonprofit status. Allowability of costs charged to the cooperative agreement will be determined in accordance with the following Cost Principles: OMB Circular No. A-21 for educational institutions, OMB Circular No. A-122 for nonprofit organizations. Faith based organizations are eligible to apply. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. To apply, access the announcement through www.grants.gov. Enter the CFDA# and follow the website instructions. Applications submitted after the deadline will not be accepted for review. The submission deadline will not be extended. Applications which do not conform to the requirements of the grant announcement will not be accepted for review. Applications may only be submitted electronically via www.grants.gov. Any applications submitted via any other means of electronic communication, including facsimile or electronic mail, will not be accepted for review.

Award Procedure:

Applications will be screened upon receipt. Those that are judged to be ineligible will not be reviewed. Accepted applications will be reviewed for

technical merit in accordance with PHS policies. Applications will be evaluated by a technical review panel composed of experts. Final funding decisions will be determined by the NVPO Office Director; taken into consideration are the recommendations of the review panel; program needs, stated preferences; geographic location. All applicants are notified in writing of actions taken on their applications. A Notice of Award is issued for those applications that are approved and funded.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

93.350 NATIONAL CENTER FOR ADVANCING TRANSLATIONAL SCIENCES

NCATS

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title IV, Section 479-481 487F, Public Law 99-158;

Small Business Reauthorization Act of 2000, Public Law 106-554; Public

Health Service Act, Title III, Section 301, Public Law 78-410, 341 U.S.C

287-288; The 21st Century Cures Act, Title II, Part A, Section 2037, Public

Law 114-114-255.

OBJECTIVES:

The mission of the National Center for Advancing Translational Sciences (NCATS) is to catalyze the generation of innovative methods and technologies that will enhance the development, testing, and implementation of diagnostics and therapeutics across a wide range of human diseases and conditions.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

NCATS is all about getting more treatments to more patients more quickly.

Several thousand genetic diseases affect humans, of which only about 500 have any treatment. A novel drug, device or intervention can take 14 years and \$2 billion to develop, with a failure rate exceeding 95%. NCATS is directly addressing this problem by discovering new technologies and other approaches that could greatly accelerate the process of developing and deploying solutions that can be used by all translational researchers. The Clinical and Translational Science Awards Program includes several activities to support and foster innovation in clinical and translational centers, methods, and training (UL1, KL2, TL1). The Trial Innovation Centers awards (U24) are intended to be lead centers of excellence in clinical trials and will facilitate the implementation of multi-site clinical studies by the CTSA Network. The Recruitment Innovation Centers (U24) aim to improve participant recruitment into clinical trials by using innovative means to assess the availability of potential participants and to enroll them in a timely manner. The Collaborative Innovation Awards aim to stimulate innovative collaborative research in the NCATS Clinical and Translational Science Award (CTSA) Program. Pre-application is required. The Office of Rare Disease Research (ORDR) supports a network of research consortia, each targeted to several related rare diseases (U54). ORDR also supports an extensive resource of information for the public on rare diseases. The Discovering New Therapeutic Uses for Existing Molecules (UH2/UH3) program focuses on finding new uses for existing therapies. Small Business Innovation Research (SBIR) grants (R43, R44) and Small Business Technology Transfer (STTR) grants (R41, R42) support domestic small businesses engaging in research and development that has the potential for commercialization. The Tissue Chip program funds bioengineered devices to improve the process of predicting whether drugs will be safe or toxic in humans. Through Translator, NCATS will integrate existing biomedical data to help reveal new relationships within those data and also identify novel opportunities for research. The bioprinting program will generate high throughput screenable assay models of human tissues for drug discovery.

Applicant Eligibility:

None.

Beneficiary Eligibility:

Biomedical investigators at any nonprofit or for-profit organization, company, or institution engaged in biomedical research.

Credentials/Documentation:

The required credentials of the applicant are described in the relevant Funding Opportunity Announcement. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Cooperative agreement applications must be submitted using the electronic SF424 form per the instructions in the NIH Guide for Grants and Contracts. Forms can be found at

<http://grants.nih.gov/grants/ElectronicReceipt/index.htm> and submitted to <http://www.grants.gov/web/grants/home.html;jsessionid=9H2ITpJpw1VLC1TBJzYsdhwG2Kt6fHGG2v2vC2S8nvjDBvqsMqmn>.

Small business grant applicants must use the SF424 for Small Business grants at:

http://grants.nih.gov/grants/funding/424/SF424_RR_Guide_SBIR_STTR_Adobe_VerB.pdf

Award Procedure:

The initial review of applications from eligible institutions is conducted by committees comprised of authorities in various fields of biomedical research and science education, as appropriate. Each application is given a peer evaluation for merit. Recommendations for award are forwarded to the NCATS Advisory Council for the second level of review and recommendation for award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application

deadlines.

Range of Approval/Disapproval Time:

> 180 Days.

Appeals:

From 15 to 30 days. Principal investigators (P.I.) may question the substantive or procedural aspects of the review of their applications by communicating with the NCATS staff. A description of the NIH Peer Review Appeal procedures is available on the NIH home page <http://grants.nih.gov/grants/guide/notice-files/NOT-OD-11-064.html>.

Renewals:

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

1 to 5 years. An Electronic Transfer System is used to transfer funds. Method of awarding/releasing assistance: by letter of credit.

Reports:

No program reports are required. No cash reports are required. Annual progress and financial status reports are required for all grants and cooperative agreements. Final performance and financial reports are required 90 days following the end of the project period. Annual progress and financial status reports are required for all grants and cooperative agreements. Annual performance review is required. Final performance and financial reports are required 90 days following the end of the project period.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Grantees generally must retain financial and programmatic records, supporting documents, statistical records, and all other records that are required by the terms of a grant, or may reasonably be considered pertinent to a grant, for a period of 3 years from the date the annual FSR is submitted. For awards under SNAP (other than those to foreign organizations and Federal institutions), the 3-year retention period will be calculated from the date the FSR for the entire competitive segment is submitted. Those grantees must retain the records pertinent to the entire competitive segment for 3 years from the date the FSR is submitted to NIH. Foreign organizations and Federal institutions must retain records for 3 years from the date of submission of the annual FSR to NIH. See 45 CFR 75 for exceptions and qualifications to the 3-year retention requirement (e.g., if any litigation, claim, financial management review, or audit is started before the expiration of the 3-year period, the records must be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken). Those sections also specify the retention period for other types of grant-related records, including F&A cost proposals and property records. See 45 CFR 75 for record retention and access requirements for contracts under grants. In accordance with 45 Code of Federal Regulations, Part 74.53(e), the HHS Inspector General, the U.S. Comptroller General, or any of their duly authorized representatives have the right of timely and unrestricted access to any books, documents, papers, or other records of recipients that are pertinent to awards in order to make audits, examinations, excerpts, transcripts, and copies of such documents. This right also includes timely and reasonable access to a recipients personnel for the purpose of interview and discussion related to such documents. The rights of access are not limited to the required retention period, but shall last as long as records are retained.

CRITERIA FOR SELECTING PROPOSALS:

The major elements in evaluating proposals include assessments of: (1) The scientific merit and general significance of the proposed study and its objectives; (2) the technical adequacy of the experimental design and approach; (3) the competency of the proposed investigator or group to successfully pursue the project; (4) the adequacy of the available and proposed facilities and resources; (5) the necessity of the budget components requested in relation to the proposed project; and (6) the relevance and importance to announced program objectives.

93.351 RESEARCH INFRASTRUCTURE PROGRAMS

Comparative Medicine, Instrumentation, Research Infrastructure

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Small Business Research and Development Enhancement Act of 1992, Public Law 102-564; Public Health Service Act, Title IV, Section 487, Public Law 99-158; Public Health Service Act, Title III, Section 301, Public Law 78-410, 341 U.S.C 287-288.

OBJECTIVES:

The Office of Research Infrastructure Programs (ORIP) is a program office in the Division of Program Coordination, Planning, and Strategic Initiatives (DPCPSI) dedicated to supporting research infrastructure and related research programs. ORIP consists of the Division of Comparative Medicine (DCM); and Division of Construction and Instruments (DCI).

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

The Division of Comparative Medicine (DCM) helps meet the needs of biomedical researchers for high-quality, disease-free animals and specialized animal research facilities. Additionally, DCM seeks to increase small business participation in federally supported research and development as well as the private-sector commercialization of technology developed with federal support and the biomedical workforce of scientist with a background in veterinary medicine. It does this through the federal government's Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) programs.

Division of Construction and Instruments: This Division supports programs to expand the

Nations capacity for the conduct of biomedical research by offering grants for the acquisition of state-of-the-art biomedical research instrumentation and integrated instrument systems, and grants to renovate, improve, or modernize existing research facilities.

Applicant Eligibility:

Comparative Medicine: Institutions of higher education, hospitals, and other institutions and organizations, both nonprofit and for-profit, seeking to establish, continue, or enlarge programs consistent with the objectives of the program. Applicants for NRSA must be citizens of the United States or be admitted to the United States for permanent residency. Applicants must be nominated and sponsored by a public or private nonprofit institution with staff and facilities suitable for the proposed research training. Nonprofit domestic organizations may apply for the institutional NRSA. Research Career Development: Applications may be submitted on behalf of candidates by domestic, nonfederal organizations, public or private institutions of higher education.

Beneficiary Eligibility:

Biomedical investigators at any nonprofit or for-profit organization, company, or institution engaged in biomedical research.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Application forms may be obtained from the Division of Extramural Outreach and Information, 6701 Rockledge Drive, MSC 7910, Bethesda, MD 20892-7910. Telephone (301) 435-0714, e-mail: ASKNIH@odrockml.od.nih.gov. Completed applications should be submitted to the Center for Scientific Review, 6701 Rockledge Drive, MSC 7710, Bethesda, MD 20892-7710. The standard application forms PHS 398, (Rev. November 1998), as furnished by PHS and required by 45 CFR, Part 92 must be used for all programs. For filing NRSA individual fellowship award applications, Form 416-1 (Rev. October 1991) is needed.

Award Procedure:

The initial review of applications from eligible investigators and institutions is reviewed by committees comprised of authorities in various fields of biomedical research and science education, as appropriate. Each application is given a peer evaluation for merit, and recommendations are forwarded to the Council of Councils for final review and recommendation.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

> 180 Days.

Appeals:

From 60 to 90 days. A principal investigator (P.I.) may question the substantive or procedural aspects of the review of their application by communicating with the NIH staff. A description of the NIH Peer Review Appeal procedures is available on the NIH home page www.nih.gov/grants/guide/1997/97.11.21/n2.html.

Renewals:

> 180 Days. Renewal applications are reviewed in the same manner as new applications. Modernization and Instrumentation: None.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

All programs: 1 to 5 years. An Electronic Transfer System is used for transferring funds. Research Grants, Cooperative Agreements, Center Grants, and NRSA Institutional grants may be awarded for up to 5 years, generally in 12-month budget periods and may be extended through a competitive renewal. SBIR: Normally, Phase I awards are for 6 months; normally, Phase II awards are for 2 years. STTR: Normally, Phase I awards are for 1 year; normally, Phase II awards are for 2 years. The Council of Councils may recommend funding for periods ranging from 1 to 5 years. Funding commitments are made annually. Award length may vary depending on the recommendation of the scientific review group, the national advisory council, successful annual performance, and availability of funds. A formal notification in the form of a Notice of Award (NoA) will be provided to the applicant organization. See the following for information on how assistance is awarded/released: An Electronic Transfer System is used for transferring funds.

Reports:

No program reports are required. No cash reports are required. Annual progress and financial status reports are required for all grants. Final performance and financial reports are required 90 days following the end of the project period. Annual progress and financial status reports are required for all grants. Final performance and financial reports are required 90 days following the end of the project period. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In accordance with the provisions of 45 CFR 75, nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year. The regulation provides for profit organizations with the option for the type of audit that will satisfy the audit requirement that a financial related audit of the HHS awards in accordance with Government Auditing Standards In accordance with NIH grants policy, Foreign grantees are subject to the same audit requirements as for-profit (commercial) organizations.

Records:

Grantees generally must retain financial and programmatic records, supporting

documents, statistical records, and all other records that are required by the terms of a grant, or may reasonably be considered pertinent to a grant, for a period of 3 years from the date the annual FSR is submitted. For awards under SNAP (other than those to foreign organizations and Federal institutions), the 3-year retention period will be calculated from the date the FSR for the entire competitive segment is submitted. Those grantees must retain the records pertinent to the entire competitive segment for 3 years from the date the FSR is submitted to NIH. Foreign organizations and Federal institutions must retain records for 3 years from the date of submission of the annual FSR to NIH. See 45 CFR 74.53 and 92.42 for exceptions and qualifications to the 3-year retention requirement (e.g., if any litigation, claim, financial management review, or audit is started before the expiration of the 3-year period, the records must be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken). Those sections also specify the retention period for other types of grant-related records, including F&A cost proposals and property records. See 45 CFR 74.48 and 92.36 for record retention and access requirements for contracts under grants. In accordance with 45 Code of Federal Regulations, Part 74.53(e), the HHS Inspector General, the U.S. Comptroller General, or any of their duly authorized representatives have the right of timely and unrestricted access to any books, documents, papers, or other records of recipients that are pertinent to awards in order to make audits, examinations, excerpts, transcripts, and copies of such documents. This right also includes timely and reasonable access to a recipients personnel for the purpose of interview and discussion related to such documents. The rights of access are not limited to the required retention period, but shall last as long as records are retained.

93.352 CONSTRUCTION SUPPORT

Extramural Construction

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Section 404I 404J, 42 U.S.C 288J.

OBJECTIVES:

To renovate existing research facilities and build new research facilities to meet basic and clinical space requirements, laboratory safety, biohazard containment, and animal care standards in order to support the facility demands of NIH research programs.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

New physical resources for research include basic research laboratories, clinical and support facilities, and those related to biohazard control that are integral parts of an overall effort. Proposed facilities must be part of an existing research effort or a developing research program. Facilities shall be used for research pertinent to the NIH mission for as long as needed. The usual period of Federal interest is 20 years. Funds must be used for purposes stated in the approved grant application.

Applicant Eligibility:

Construction.

Beneficiary Eligibility:

Public nonprofit institution/organization.

Credentials/Documentation:

Application should include a complete research program description (with staff curricula vitae), space requirements for projected program, an environmental summary of the impact of the proposed facility as detailed in Public Law 90-190, the National Environmental Policy Act, and listing of all relevant licenses, permits, or other approvals required by State and local authorities. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication assistance is available from the address noted below under Information Contacts. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. An environmental impact statement is required for this program. An environmental impact assessment is required for this program. of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Prepare and submit applications according to instructions provided in the Funding Opportunities announcement. This program is subject to the provisions of the NIH Grants Policy Statement, and the provisions in the funding announcement. NIH is transitioning to an electronic application by grant mechanism. Details, including the appropriate application form, can be found at <http://era.nih.gov/ElectronicReceipt/>. Construction applications are to be submitted on a Standard Form 424, Application for Federal Assistance.

Award Procedure:

Applications are reviewed for scientific and technical merit by a scientific review group and for program relevance by a national advisory council/board.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

A principal investigator may question the substantive or procedural aspects of the review of his/her application by communicating with the NIH Scientific/Research contact, as provided on an initiative. A description of the NIH Peer Review Appeal procedures is available on the NIH Web site at <http://grants.nih.gov/grants/guide/notice-files/not97-232.html>.

93.353 21ST CENTURY CURES ACT - BEAU BIDEN CANCER MOONSHOT

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Act:
Public Health Service Act, Sections 301, 410 and 412, Public Law 78-410, as amended, Public Law 99-500, Public Law 100-607, 42 U.S.C. 241, 42 U.S.C. 285 - 285a-1; Small Business Research and Development Enhancement Act of 1992, Public Law 102-564.

OBJECTIVES:

To provide support for initiatives funded under the 21st Century Cures Act to support cancer research, such as the development of cancer vaccines, the development of more sensitive diagnostic tests for cancer, immunotherapy and the development of combination therapies, and research that has the potential to transform the scientific field, that has inherently higher risk, and that seeks to address major challenges related to cancer.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Grants and cooperative agreements may be made to eligible institutions for the support of cancer research projects. The grants and cooperative agreements may be used for personnel, consultant costs, equipment, supplies, travel, patient costs, animals, alterations and renovations, miscellaneous items, and Facilities and Administrative Costs (formerly known as indirect costs).

Applicant Eligibility:

The awardee will be a university, college, hospital, public agency, nonprofit research institution or for-profit organization that applies and receives a grant for support of research by a named principal investigator. To be eligible for funding, a grant application must be approved for scientific merit and program relevance by a scientific review group and a national advisory council.

Beneficiary Eligibility:

Any nonprofit or for-profit organization, company, or institution engaged in biomedical research.

Credentials/Documentation:

Applications must be submitted in compliance with instructions provided with each initiative. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program.

Award Procedure:

Grants and cooperative agreements are funded based on scientific merit, program relevance, and program balance and are made annually. The initial grant award provides funds for the first budget period (usually 12 months) and letter Notice of Award indicates support recommended for the remainder of the project period, allocation of Federal funds by budget categories and special conditions, if any.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Regular Grants: Approximately 10 months.

Appeals:

From 15 to 30 days. A principal investigator may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeal procedures is available on the NIH home page www.nih.gov/grants/guide/notice-files/not97-232.html.

Renewals:

From 30 to 60 days. Applications submitted for renewal are reviewed and selected for funding on a competitive basis.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants and Cooperative Agreements: Average 3 to 5 years, and a maximum of 5 years. Renewals may be awarded for additional periods of up to 5 years based on competitive peer review. Method of awarding/releasing assistance: by letter of credit.

Reports:

No program reports are required. No cash reports are required. Annual progress reports and selected financial reports are required for continuing projects. Final progress reports, invention statements, and expenditure reports are required at the end of the projects. Special reports may be requested by DHHS. Final progress reports, invention statements, and expenditure reports are required at the end of the projects. Special reports may be requested by DHHS. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Expenditures and other financial records, and also administrative records, must be retained for 3 years from the day on which the grantee submits the last expenditure report for the grant period.

CRITERIA FOR SELECTING PROPOSALS:

Funding decisions are based on scientific merit (42 CFR 52h) and program relevance. Scientific merit review encompasses: the peer review criteria detailed in the specific funding announcement, as well as the significance, approach, and innovation of the proposed research; the competency of the principal investigator; the adequacy of the resources and environment; the proposed budget and requested period of support; and, where applicable, the adequacy of the measures for protecting against adverse effects upon humans, animals, or the environment.

93.354 PUBLIC HEALTH EMERGENCY RESPONSE: COOPERATIVE AGREEMENT FOR EMERGENCY RESPONSE: PUBLIC HEALTH CRISIS RESPONSE

Public Health Crisis Response Awards

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

This cooperative agreement is authorized under the following statutory authorities: Sections 317(k)(2) and 307 of the Public Health Service Act; [42 U.S.C Sections 247b and 247b-2and 247b-3] as amended; Title IV Section 4002 of the Affordable Care Act, Prevention and Public Health Fund; Sections 307 and 317(k)(2) of the Public Health Service Act [42 USC 242(l) and

247(b)(k)(2), as amended]. In addition, this program is authorized under sections 311 and 1703 of Public Health Service Act [42 USC 243 and 300 u-2, as amended] and Section 4002 of the Patient Protection and Affordable Care Act, Public Law 111-148; 317(a) and 317(d) of the PHS Act, subject to available funding and other requirements and limitations; 317(a) of the Public Health Service Act, subject to available funding and other requirements and limitations.

OBJECTIVES:

The intent of this program is to fund state, local, and territorial public health departments for HHS Secretarial declared and non-declared public health emergencies having an overwhelming impact on jurisdictional resources. These emergencies require federal support to effectively respond to, manage, and address a significant public health threat. CDC seeks to enhance the Nations ability to rapidly mobilize and respond to specific public health crises or emergencies. In addition to immediate response activities, this program provides a mechanism to accelerate readiness for an impending infectious disease threat or other public health crises identified on the event horizon.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

This program is not intended to establish new public health emergency management programs, rather it is designed to support the surge needs of existing programs. In response to this FOA, applicants having an existing public health department which provides for their jurisdictions 10 essential public health services and having a pre-established and functioning public health emergency management program will describe the needs/gaps they may encounter during the initial phase of a public health emergency, and request funding for various categories of response activities. Upon occurrence of a particular public health emergency, CDC can then rapidly fund specific applicants to accelerate crisis response activities and specific categories/activities based on the particular situation. Applicants will need to be capable of activating new or surging current emergency response activities within a 2 day period. Funds may only be used for non-research activities.

Applicant Eligibility:

State government public health departments or their bona fide agents (N=50)
Local health departments or their bona fide agents (N=6) (city or county) consistent with PHEP and ELC awardees, which include: Chicago Department of Public Health, District of Columbia Department of Health, Houston Department of Health and Human Services, Los Angeles County Department of Health Services - Public Health, New York City Department of Health and Mental Hygiene, and Philadelphia Department of Public Health
Territorial governments or their bona fide agents (N=8) in the Commonwealth of Puerto Rico, the US Virgin Islands, the Commonwealth of the Northern Mariana Islands, American Samoa, Guam, the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau
Tribal Public Health Departments (N=5) Federally recognized tribal governments meeting the core criteria outlined for all eligible applicants and that serve, through their own PH infrastructure, at least 50,000 people and have demonstrable PH capacity.

Beneficiary Eligibility:

93.355 CERTIFIED HEALTH IT SURVEILLANCE CAPACITY AND INFRASTRUCTURE IMPROVEMENT COOPERATIVE AGREEMENT PROGRAM

Surveillance Capacity Cooperative Agreement

FEDERAL AGENCY:

Office of the Secretary, Department of Health and Human Services

AUTHORIZATION:

Consolidated Appropriations Act, 2017, Pub. L. No. 115-31, Division H, Title II.

OBJECTIVES:

The Office of the National Coordinator for Health Information Technology (ONC) is the principal federal entity charged with coordination of nationwide efforts to implement and use the most advanced health information technology (health IT) and the electronic exchange of health information. Created in 2004 through Executive Order and legislatively mandated in the Health Information Technology for Economic and Clinical Health Act (HITECH Act) of 2009, ONC is at the forefront of the federal governments health IT efforts. The ONC Health IT Certification Program, administered under section 3001(c)(5) of the Public Health Service Act, is a voluntary program that provides for the certification of health IT to standards, implementation specifications, and certification criteria adopted by the Secretary of Health and Human Services (HHS). In October 2015, ONC issued the 2015 Edition Health Information Technology (Health IT) Certification Criteria (2015 Edition), 2015 Edition Base Electronic Health Record (EHR) Definition, and ONC Health IT Certification Program Modifications Final Rule, 80 FR 62601 (October 16, 2015) (2015 Edition Final Rule), which included expanded the surveillance requirements for ONC-Authorized Certification Bodies (ONC-ACBs). The 2015 Edition Final Rule also established specific performance expectations for the surveillance of certified health IT in-the-field. Additionally, the 21st Century Cures Act (enacted in 2016) specified additional conditions of certification, including one focused on real world testing.

This Funding Opportunity Announcement (FOA) is aimed at improving the surveillance capacity and infrastructure that exists for health IT certified under the ONC Health IT Certification Program. Through this FOA, awardees are expected improve the surveillance capacity and infrastructure that exists for health IT certified under the ONC Health IT Certification Program, with a particular focus on capabilities that are directly related to interoperability.

A detailed list of merit review criteria in these areas are detailed in the funding opportunity announcement.

93.358 ADVANCED EDUCATION NURSING TRAINEESHIPS

AENT

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Section 811(a)(2) of the Public Health Service Act, (42 U.S.C. 296j).

OBJECTIVES:

Grants are awarded to eligible institutions to increase the number of advanced practice nurses serving as primary care nurse practitioners or nurse midwives, with an emphasis on funding applicants who are prepared to meet the primary care needs of rural and underserved communities. This goal is accomplished by providing traineeship funds to schools of nursing that prepare graduates to practice in these communities; recipient institutions in turn disburse funds to students in the form of traineeship support.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Funds can be used to pay all or part of the costs of tuition, books/ebooks, and fees of the program of advanced nurse education, and reasonable living expenses in the form of stipends for the student during the period for which the traineeship is provided.

Restricted Uses: Books for library or personal use and trainee travel are not allowed. Student support through stipends, tuition, and fees is not eligible for support.

Indirect costs under training awards to organizations other than State, local or American Indian tribal governments will be budgeted and reimbursed at 8 percent of modified total direct costs rather than on the basis of a negotiated rate agreement, and are not subject to upward or downward adjustment.

Applicant Eligibility:

Eligible applicants are education programs that provide registered nurses with nurse practitioner and nurse-midwife education. Such programs may include schools of nursing, nursing centers, academic health centers, State or local governments, and other public or private nonprofit entities authorized by the Secretary to confer degrees to registered nurses for nurse practitioner nurse-midwife education.

Federally Recognized Indian Tribal Government and Native American Organizations may apply if otherwise eligible.

Beneficiary Eligibility:

The participating institutions select traineeship recipients. A recipient (student) must be enrolled in an advanced education nursing program in the recipient institution for preparation as a primary care nurse practitioner or nurse-midwife. The student/enrollee must be pursuing a master's or doctoral degree, a combined RN to master's degree, nurse-midwifery certificate in existence on

November 12, 1998, or a post-graduate master's certificate. The student/enrollee must be a citizen of the United States, non-citizen national, or foreign national who possesses a visa permitting permanent residence in the United States. Individuals on temporary or student visas are not eligible to receive AENT support. The student/enrollee must maintain the predetermined academic standards of the institution and be prepared to sit for national nursing certification in the nursing specialty or field of study following graduation.

Credentials/Documentation:

Applicants should review the individual HRSA Notice of Funding Opportunity issued under this CFDA program for any required proof or certifications which must be submitted with an application package. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. HRSA requires all applicants to apply electronically through Grants.gov.

All eligible, qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions. Notification is made in writing by a Notice of Award.

Award Procedure:

Notification of award is made in writing (electronic) through a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 120 -180 days after receipt of applications.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching requirements are not applicable to this program.

This program has MOE requirements, see funding agency for further details. The recipient must agree to maintain non-federal funding for grant activities at a level which is not less than expenditures for such activities during the fiscal year prior to receiving the award.

Length and Time Phasing of Assistance:

This funding opportunity provides support for a one year project period. See the following for information on how assistance is awarded/released: Recipients draw down funds, as necessary, from the Payment Management System (PMS), the centralized web based payment system for HHS awards.

Reports:

Both program and financial reports are required. The recipient will be required to submit annual performance reports. A Federal Financial Report (SF-425) is required according to the schedule in HRSA's Application Guide. A Federal Financial Report (SF-425) is required according to the schedule in HRSA's Application Guide. A final report is due within 90 days after the project period ends. If applicable, the recipient must submit a Tangible Personal Property Report (SF-428) and any related forms within 90 days after the project period ends. New awards (Type 1) issued under this Notice of Funding Opportunity are subject to the reporting requirements of the Federal Funding Accountability and Transparency Act (FFATA) of 2006 (Pub. L. 109282), as amended by section 6202 of Public Law 110252, and implemented by 2 CFR Part 170. NEPQR

NEPQR - Interprofessional Collaborative Practice (IPCP)

NEPQR - Veterans Bachelor of Science in Nursing (VBSN)

NEPQR-IPCP: Behavioral Health Integration (BHI)

NEPQR BSN Practicum in Community Settings (BPCS)

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Section 831 and 831A of the Public Health Service Act (42 U.S.C. 296p and 42 U.S.C. 296p-1).

OBJECTIVES:

NEPQR:

The NEPQR program provides grant support for academic, service, and continuing education projects designed to enhance nursing education, improve the quality of patient care, increase nurse retention, and strengthen the nursing workforce. The NEPQR program has broad statutory authority to address the development and enhancement of the nursing workforce. The three priority areas defined in statute are (1) Education, (2) Practice, and (3) Retention.

NEPQR - Veterans Baccalaureate of Science in Nursing program (VBSN):

The Veterans Bachelor of Science in Nursing (VBSN) programs aim to strengthen the quality of care and expand the nursing workforce through increased enrollment of veterans in baccalaureate nursing programs. The VBSN program supports the development and implementation of innovative practice models that enable veterans to earn baccalaureate nursing degrees. The program expands employment opportunities for veterans and prepares them to make the transition from their former military role to that of a civilian nurse.

NEPQR-IPCP: Behavioral Health Integration (BHI) program:

The NEPQR-IPCP:BHI program aims to expand the evidence-based practice of integrating behavioral health providers into nurse-led primary care teams in order to increase access to care, enhance care coordination and improve patient outcomes in vulnerable and/or underserved community-based settings.

NEPQR-BSN Practicum in Community Settings (BPCS) program:

The NEPQR-BPCS program aims to increase experiential training opportunities for senior-level BSN students in primary care community-based settings by (1) establishing and expanding upon academic-practice partnerships between schools of nursing and community-based clinical sites; and (2) providing senior-level BSN students with meaningful clinical experiences and training in medically underserved and rural communities. This experiential training will lead to increased competencies in primary care and ultimately improved distribution of the nursing workforce.

TYPES OF ASSISTANCE:

CRITERIA FOR SELECTING PROPOSALS:

Procedures for assessing the technical merit of grant applications have been instituted to provide an objective review of applications and to assist the applicant in understanding the standards against which each application will be judged. Critical indicators have been developed for each review criterion to assist the applicant in presenting pertinent information related to that criterion and to provide the reviewer with a standard for evaluation. Competing applications are reviewed by non-Federal expert consultant(s) for technical merit recommendations. Applications will be reviewed and evaluated against the following criteria: (1) Purpose and Need; (2) Response to Program Purpose; (3) Impact; (4) Organizational Information, Resources and Capabilities; and (5) Support Requested. See the most recent Notice of Funding Opportunity for detailed selection criteria.

93.360 BIOMEDICAL ADVANCED RESEARCH AND DEVELOPMENT AUTHORITY (BARDA), BIODEFENSE MEDICAL COUNTERMEASURE DEVELOPMENT

FEDERAL AGENCY:

Office of the Secretary, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title III, Section 319L; Consolidated Appropriations Act, 2010, Division D, Department of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2010.

OBJECTIVES:

The purpose of this program is to coordinate the acceleration of countermeasure and product advanced research and development by (A) facilitating collaboration between the Department of Health and Human Services and other Federal agencies, relevant industries, academia, and other persons, with respect to such advanced research and development; (B) promoting countermeasure and product advanced research and development; (C) facilitating contacts between interested persons and the offices or employees authorized by the Secretary to advise such persons regarding requirements under the Federal Food, Drug, and Cosmetic Act and under section 351 of the Public Health Service Act; and (D) promoting innovation to reduce the time and cost of countermeasure and product advanced research and development. The Public Health Service Act at 42 U.S.C. 247d-6a defines a qualified countermeasure as a drug (as that term is defined by section 321(g)(1) of title 21), biological product (as that term is defined by section 262(i) of this title), or device (as that term is defined by section 321(h) of title 21), that the Secretary determines to be a priority (consistent with sections 182(2) and 184(a) of title 6) to - (i) diagnose, mitigate, prevent, or treat harm from any biological agent (including organisms that cause an infectious disease) or toxin, chemical, radiological, or nuclear agent that may cause a public health emergency affecting national security; or (ii) diagnose, mitigate, prevent, or treat harm from a condition that may result in adverse health consequences or death and may be caused by administering a drug, biological product, or device that is used as described in this subparagraph.

TYPES OF ASSISTANCE:

Cooperative Agreements (Discretionary Grants); Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

Support international in-country and domestic advanced development and industrialization of human pandemic influenza vaccine. Support activities related to the mitigation of the global shortage of influenza vaccines through awards and sub-awards to developing countries with the potential and capacity to manufacture various influenza vaccines. Basic research (e.g. scientific or medical experiments) is not allowable. 100% of funds are for discretionary activities.

Applicant Eligibility:

All types of entities are eligible, including highly qualified foreign nationals outside the United States either alone or in collaboration with American participants when such transactions may inure to the benefit of the American people. Applicants should review the individual funding opportunity announcements issued under this CFDA program.

Beneficiary Eligibility:

All individuals including at-risk individuals such as children, pregnant women, elderly, and others at-risk who may be given special priority.

Credentials/Documentation:

Applicants should review the individual funding opportunity announcements issued under this CFDA program for any credentials or certifications that must be submitted prior to or simultaneous with submission of an application package. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Grant applications

and required forms for this program can be obtained through Grants.gov FIND, <http://www.grants.gov/>. Applicants should visit Grants.gov - FIND for the funding opportunity announcement and Grants.gov - APPLY to download application materials to complete and submit their applications in accordance with the funding opportunity announcement (FOA).

Award Procedure:

Applications that successfully proceed through initial screening (as outlined in the funding opportunity announcement) will be objectively reviewed based upon the review criteria specified in the FOA. Applications selected for funding will be processed and the applicant notified in writing through the issuance of a Notice of Award from the Office of the Assistant Secretary for Preparedness and Response.

Deadlines:

Sep 30, 2010: Applicable deadlines and due dates are specified in each funding opportunity announcement.

Range of Approval/Disapproval Time:

From 90 to 120 days.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Project periods are limited up to 60 months. Budget periods are limited up to 12 months. See the following for information on how assistance is awarded/released: Awardee is issued a Notice of Award, a legal document that informs the awardee that a grant award has been made. Awardee may draw down funds in advance of the incurrence of an expenditure (up to three days) from the Payment Management System.

Reports:

Program reports are not applicable. Recipients must report cash transaction data via the Payment Management System (PMS) using the cash transaction data elements captured on the Federal Financial Report (FFR), Standard Form (SF) 425. Recipients will utilize the Transactions section of SF425 in lieu of the SF272. The FFR SF425 cash Transaction Report is due 30 days after the end of each calendar quarter. Grantees are required to submit semi-annual Program Progress Reports as well as final Program Progress Reports. Report formats and submission requirements are outlined in the funding opportunity announcement. ASPR requires cumulative financial reporting through consecutive funding periods on the SF269 FSR long form. The FFR SF425 was designed to replace the Financial Status Report SF269 and the Federal Cash Transactions Report SF272 with one comprehensive financial reporting form. Until HHS fully migrates to the SF425 FFR, recipients are still required to submit the SF269 Financial Status Report (FSR) semi-annually within 30 days after the first 6 month period and within 90 days of the budget period end date. Grantees are required to submit final Financial Status Reports (SF-269). Performance monitoring of awardees is completed by BARDA program staff.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Records must be kept available for 3 years after submission of the final expenditure report.

93.361 NURSING RESEARCH

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Section 301, 464, 487, 42 U.S.C 285q; Public Health Service Act, Public Law 99-158; Public Health Service Act, Public Law 102-564.

OBJECTIVES:

The mission of the National Institute of Nursing Research (NINR) is to promote and improve the health of individuals, families, and communities. To achieve this mission, NINR supports and conducts clinical and basic research and research training on health and illness, research that spans and integrates the behavioral and biological sciences, and that develops the scientific basis for clinical practice. From premature infants in neonatal intensive care units, to adolescents living with diabetes, to elderly cancer survivors coping with pain, nursing research develops the science to help people strengthen the quality of their lives. Nursing science transcends the boundaries of disease and research disciplines to better understand the experiences of individuals and families living with illness and to develop personalized approaches that maximize health and well-being for individuals at all stages of life, across diverse populations and settings. NINR's scientific programs are organized around four major focus areas: symptom science, wellness, self-management of chronic conditions, and the science of end-of-life and palliative care. The Institute also explores ways in which new innovations and technologies can contribute to advancing nursing science across these four areas. In addition, NINR has a longstanding and continuing commitment to developing the next generation of nurse scientists: those individuals and team members who will carry the field of nursing science into the future. NINR's research program in symptom science seeks a better understanding of the biological and behavioral aspects of symptoms, with the goal of developing and testing new interventions to reduce

the disabling effects of symptoms and improving patient health outcomes and quality of life. Research efforts in wellness investigate the key biological, behavioral, and social factors that promote long-term health and healthy behaviors and prevent the development of illness across health conditions, settings, and the lifespan. Research in wellness is also focused on developing and testing culturally appropriate interventions to promote health and prevent illness in minority and underserved groups. NINR research in self-management seeks to engage individuals and families as active participants in maintaining and improving quality of life while living with a chronic condition or multiple chronic conditions. Self-management research encompasses health strategies that allow an individual and their health care provider to adapt treatments to individual circumstances. As the lead NIH Institute for end-of-life research, NINR supports science to assist individuals, families, and health care professionals in managing the symptoms of advanced, serious illness, and planning for end-of-life decisions. NINR also recognizes that high-quality, evidence-based palliative care is a critical component of maintaining quality of life at any stage of illness, not limited to the end of life. In focusing on innovation and technology, NINR promotes technological advancements that address a range of health care challenges and facilitate the delivery of real-time personalized information to individuals and families, health care providers, and communities. In order to prepare an innovative, diverse, and talented next generation of nurse scientists, NINR supports a variety of training opportunities for scientists and trainees at all career levels, particularly those at an early career stage who are so critical to sustaining the future of innovative research and high quality health care. NINR supports individual and institutional pre- and postdoctoral research fellowships, as well as career development awards, and sponsors numerous research intensives for nurse scientists at all career levels. NINR's Division of Intramural Research conducts basic and clinical research on the interactions among molecular mechanisms underlying symptoms and environmental influences on individual health outcomes. The program focuses on the biological and behavioral underpinnings of symptoms of chronic conditions, including digestive disorders, cancer-related fatigue, neuromuscular disorders, traumatic brain injury, and post-traumatic stress disorders, as well as clinical interventions to alleviate symptoms.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Research Grants: Funds may be used for salaries, consultation, equipment, travel and other usual costs, subject to Federal regulations applicable to the grant. National Research Service Awards (NRSA) (Individual): Individual awards are made to institutions on behalf of the individual for research training in specified areas related to the mission of NINR. NRSA (Institutional): Grants may be made to institutions to enable them to accept individuals for research training. Each individual who receives a NRSA postdoctoral fellowship on an NRSA award must comply with all applicable service and payback provisions. SBIR Phase I grants: (of approximately 6-months' duration) are to establish the technical merit and feasibility of a proposed research effort that may lead to a commercial product or process. STTR Phase I grants (normally of 1-year duration) are to determine the scientific, technical, and commercial merit and feasibility of the proposed cooperative effort that has potential for commercial application. Phase II funding is based on results of research initiated in Phase I and scientific and technical merit and commercial potential of Phase II application.

Applicant Eligibility:

Research Grants: Any corporation, public or private institution or agency, or other legal entity, either nonprofit or for-profit, may apply. NRSA (Individual): An applicant must be a registered professional nurse with either a baccalaureate and/or a master's degree in nursing and must be a citizen of the United States or lawfully admitted for permanent residence. Those on temporary or student visas are not eligible. NRSA (Institutional): An eligible institution must be capable of providing predoctoral and/or postdoctoral research training opportunities for nurses. SBIR grants: can be awarded only to domestic small businesses (entities that are independently owned and operated for profit; are not dominant in the field in which research is being proposed; and have no more than 500 employees). Primary employment (more than one-half time) of the principal investigator must be with the small business at the time of award and during the conduct of the proposed project. In both Phase I and

Phase II, the research must be performed in the United States or its possessions. To be eligible for funding, a grant application must be reviewed for scientific merit and program relevance by a scientific review group and a national advisory council. STTR grants can be awarded only to domestic small business concerns (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed and have no more than 500 employees) which "partner" with a research institution in cooperative research and development. At least 40 percent of the project is to be performed by the small business concern and at least 30 percent by the research institution. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. To be eligible for funding, a grant application must be approved for scientific merit and program relevance by a scientific review group and a national advisory council.

Beneficiary Eligibility:

Individuals and public or private institutions.

Credentials/Documentation:

Each applicant for research projects must present a research plan and furnish evidence that scientific competence, facilities, equipment, and supplies are appropriate to carry out the plan. NRSA (Individual): The applicant's academic record, research experience, citizenship, or permanent resident status, licensure as a registered nurse, and institutional sponsorship should be documented in the application. NRSA (Institutional): The applicant organization must show the objectives, methodology and resources for the research training program, the qualifications and experience of directing staff, the criteria to be used in selecting individuals for awards, and detailed budget justification for the amount of grant funds requested. Costs will be determined in accordance with 2 CFR, Part 220, Cost Principles for Educational Institutions. For-profit organizations' costs are determined in accordance with 48 CFR Subpart 31.2 of the Federal Acquisition Regulations. For other grantees, costs will be determined by HHS Regulations 45 CFR, Part 75. For SBIR and STTR grants, applicant organization (small business concern) must present in a research plan an idea that has potential for commercialization and furnish evidence that scientific competence, experimental methods, facilities, equipment, and funds requested are appropriate to carry out the plan. The SF 424 (Research and Research-Related) application forms and the SF 424 SBIR/STTR Application Guide are used to apply for both SBIR and STTR, Phase I and Phase II. Application is made electronically through Grants.gov (<http://www.grants.gov>). 2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Research Grants: Applications must be prepared electronically through Grants.gov (<http://www.grants.gov>) using the SF 424 (Research and Research-Related) application form. The electronic application format is interactive. For assistance submitting an electronic application, contact GrantsInfo: Telephone (301) 435-0714, Email: GrantsInfo@nih.gov. NRSA (Individual): Individuals must submit the SF 424 (Research and Research-Related) application form, and include at least three, but no more than five, letters of reference. Letters of reference must be submitted electronically through the NIH eRA Commons Submit Reference Letter website and not through Grants.gov (<http://www.grants.gov>). Applicants who have lawfully been admitted to the United States for permanent residence must complete the appropriate section on the Face Page of the SF 424 (Research and Research-Related) application form. Applicants who have applied for and have not yet been granted admission as a permanent resident should check the Permanent resident block on the Face Page of this application form, and also write in the word "pending." A notarized statement documenting legal admission for permanent residence must be submitted prior to the issuance of an award. SBIR and STTR: The SF 424 (Research and Research-Related) application form and the SF 424 SBIR/STTR Application Guide are used to apply for both SBIR and STTR grants, Phase I and Phase II. Application forms must be submitted electronically through Grants.gov (<http://www.grants.gov>). For further assistance contact GrantsInfo:

Telephone: (301) 435-0714, E-mail: GrantsInfo@nih.gov.

Award Procedure:

Research Grants and National Research Service Awards (NRSAs) (Institutional): All accepted applications are reviewed for scientific merit by an appropriate initial review group and then by a national advisory council. (Individual NRSA applications are not reviewed by council.) All applications favorably recommended compete for available funds on the basis of scientific merit and mission/program relevance. SBIR/STTR Applications: All accepted SBIR/STTR applications are evaluated for scientific and technical merit by an appropriate scientific peer review panel and by a national advisory council. All applications receiving a priority score compete for available SBIR/STTR set-aside funds on the basis of scientific and technical merit and commercial potential of the proposed research, mission/program relevance, and program balance among the areas of research.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Research Grants: From 6 to 9 months. NRSAs: From 6 to 9 months. SBIR/STTR: About 7-1/2 months. AIDS Grants: About 6 months.

Appeals:

Research Grants: A Program Director/Principal Investigator (PD/PI) and/or applicant institution may question the substantive or procedural aspects of the initial peer review of his/her application by communicating with the appropriate NINR Program Official. NINR follows the NIH Appeals policy, NOT-OD-11-064: <http://grants.nih.gov/grants/guide/notice-files/NOT-OD-11-064.html>. NINR works with application PD/PI within the NIH appeals policy.

Renewals:

Research Grants: Renewal applications are accepted. NRSAs: Awards may be made for 1 to 5 years. No individual may receive more than 5 years of aggregate NRSA support beyond the predoctoral level, and no individual may receive NRSA support for more than 3 years of support beyond the postdoctoral level. Institutional awards may be renewed.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Research Grants: Awards are usually made annually with no project periods to exceed 5 years in length. NRSAs: Institutional awards may be made for up to 5 years; and Individual awards may be made for up to 5 years at the predoctoral level, 3 years at postdoctoral level, and 2 years at senior level. SBIR: Normally, Phase I awards are for 6 months and normally Phase II awards are for 2 years. STTR: Normally, Phase I awards are for 1 year and normally Phase II awards are for 2 years. See the following for information on how assistance is awarded/released: Grant awards are made annually.

Reports:

Research Performance Progress Reports (RPPR) are required for all annual non-competing awards. Final Progress Reports, Final Federal Financial Reports, and Final Invention Statement and Certification (except for Training grants, Fellowships, and certain other programs [e.g., C06, R13, R25, S10]) for all projects are required within 120 after the end of the research performance period. Termination Notices are required for Fellowships and trainees appointed on institutional training grants. No cash reports are required. Progress reports where applicable are required annually for continuing projects. Financial status reports where applicable are required annually for continuing projects. Progress reports where applicable are required annually for continuing projects.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a

year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Grantees generally must retain financial and programmatic records, supporting documents, statistical records, and all other records that are required by the terms of a grant, or may reasonably be considered pertinent to a grant, for a period of 3 years from the date the annual Federal Financial Report (FFR) is submitted. For awards under SNAP (other than those to foreign organizations and Federal institutions), the 3-year retention period will be calculated from the date the Final Status Report (FSR) for the entire competitive segment is submitted. Those grantees must retain the records pertinent to the entire competitive segment for 3 years from the date the FSR is submitted to NIH. Foreign organizations and Federal institutions must retain records for 3 years from the date of submission of the annual FSR to NIH. See 45 CFR Part 75.361 for exceptions and qualifications to the 3-year retention requirement (e.g., if any litigation, claim, financial management review, or audit is started before the expiration of the 3-year period, the records must be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken). Those sections also specify the retention period for other types of grant-related records, including F&A cost proposals and property records. See 45 CFR Part 75.361 and Part 75.364 for record retention and access requirements for contracts under grants.

In accordance with 45 CFR 75.364, the HHS Inspector General, the U.S. Comptroller General, or any of their duly authorized representatives have the right of timely and unrestricted access to any books, documents, papers, or other records of recipients that are pertinent to awards in order to make audits, examinations, excerpts, transcripts, and copies of such documents. This right also includes timely and reasonable access to a recipients personnel for the purpose of interview and discussion related to such documents. The rights of access are not limited to the required retention period, but shall last as long as records are retained.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2016: See NIH Research Portfolio Online Reporting Tools (RePORT) to examine funding information for projects:
https://projectreporter.nih.gov/reporter_summary.cfm and
https://report.nih.gov/categorical_spending.aspx. Fiscal Year 2017: No current data available. Fiscal Year 2018: No current data available.

CRITERIA FOR SELECTING PROPOSALS:

Reviewers provide an overall impact/priority score to reflect their assessment of the likelihood for the project to exert a sustained, powerful influence on the research field(s) involved, in consideration of the following review criteria and additional review criteria (as applicable for the project proposed): (1) Significance: Does the project address an important problem or a critical barrier to progress in the field? Is there a strong scientific premise for the proposed project, including consideration of the strengths and weaknesses of published research or preliminary data crucial to the support of the application? If the aims of the project are achieved, how will scientific knowledge, technical capability, and/or clinical practice be improved? How will successful completion of the aims change the concepts, methods, technologies, treatments, services, or preventative interventions that drive this field? (2) Investigators: Are the PD/PIs, collaborators, and other researchers well suited to the project? If Early Stage Investigators or New Investigators, or in the early stages of independent careers, do they have appropriate experience and training? If established, have they demonstrated an ongoing record of accomplishments that have advanced their field(s)? If the project is collaborative or multi-PD/PI, do the investigators have complementary and integrated expertise; are their leadership approach, governance and organizational structure appropriate for the project? (3) Innovation: Does the application challenge and seek to shift current research or clinical practice paradigms by utilizing novel theoretical concepts, approaches or methodologies, instrumentation, or interventions? Are the concepts, approaches or methodologies, instrumentation, or interventions novel to one field of research or novel in a broad sense? Is a refinement, improvement, or new application of theoretical concepts, approaches or methodologies, instrumentation, or interventions proposed? (4) Approach: Are the overall strategy, methodology, and analyses well-reasoned and appropriate to accomplish the specific aims of the project? Have the investigators presented strategies to ensure a robust and unbiased approach, as appropriate for the work proposed? Are potential problems, alternative strategies, and benchmarks for success presented? If the project is in the early stages of development, will the strategy establish feasibility and will particularly risky aspects be managed? Have the investigators presented adequate plans to address relevant biological variables, such as sex, for studies in vertebrate animals or human subjects? If the project involves human subjects and/or NIH-defined clinical research, are the plans to address 1) the protection of human subjects from research risks, and 2) inclusion (or exclusion) of individuals on the basis of sex/gender, race, and ethnicity, as well as the inclusion or exclusion of children, justified in terms of the scientific goals and research strategy proposed? (5) Environment: Will the scientific environment in which the work will be done contribute to the probability of success? Are the institutional support, equipment and other physical resources available to the investigators adequate for the project proposed? Will the project benefit from unique features of the scientific environment, subject populations, or collaborative arrangements? In addition to the above criteria, the following items will continue to be considered in the determination of scientific merit and the impact/priority score. Protections for Human Subjects: For research that involves human subjects but does not involve one of the six categories of research that are exempt under 45 CFR Part 46, the committee will evaluate the justification for involvement of human subjects and the proposed protections from research risk relating to their participation according to the following five review criteria: 1) risk to subjects, 2) adequacy of protection against risks, 3) potential benefits to the subjects and others, 4) importance of the knowledge to be gained, and 5) data and safety monitoring for clinical trials. For research that involves human subjects and

meets the criteria for one or more of the six categories of research that are exempt under 45 CFR Part 46, the committee will evaluate: 1) the justification for the exemption, 2) human subjects involvement and characteristics, and 3) sources of materials. Inclusion of Women, Minorities, and Children: When the proposed project involves human subjects and/or NIH-defined clinical research, the committee will evaluate the proposed plans for the inclusion (or exclusion) of individuals on the basis of sex/gender, race, and ethnicity, as well as the inclusion (or exclusion) of children to determine if it is justified in terms of the scientific goals and research strategy proposed. Vertebrate Animals: The committee will evaluate the involvement of live vertebrate animals as part of the scientific assessment according to the following criteria: (1) description of proposed procedures involving animals, including species, strains, ages, sex, and total number to be used; (2) justifications for the use of animals versus alternative models and for the appropriateness of the species proposed; (3) interventions to minimize discomfort, distress, pain and injury; and (4) justification for euthanasia method if not consistent with the AVMA Guidelines for the Euthanasia of Animals. Reviewers will assess the use of chimpanzees as they would any other application proposing the use of vertebrate animals. For additional information on review of the Vertebrate Animals section, please refer to the Worksheet for Review of the Vertebrate Animal Section. Biohazards: Reviewers will assess whether materials or procedures proposed are potentially hazardous to research personnel and/or the environment, and if needed, determine whether adequate protection is proposed. Resubmission: The committee will evaluate the application as now presented, taking into consideration the responses to comments from the previous scientific review group and changes made to the project. Renewal: The committee will consider the progress made in the last funding period. Revision: The committee will consider the appropriateness of the proposed expansion of the scope of the project. If the Revision application relates to a specific line of investigation presented in the original application that was not recommended for approval by the committee, then the committee will consider whether the responses to comments from the previous scientific review group are adequate and whether substantial changes are clearly evident. Applications compete for available funds with all other recommended applications. The following will be considered in making funding decisions: Scientific merit of the proposed project as determined by peer review; Availability of funds; Relevance of program priorities.

93.363 FLEXIBLE ALTERNATIVES FOR STATE TRANSFORMATION MODEL

FAST

FEDERAL AGENCY:

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, section 1115A.

OBJECTIVES:

The Flexible Alternatives for State Transformation (FAST) Model will provide states with an opportunity to develop and implement payment reforms that are driven by state needs and enable local innovation to improve healthcare value and the health of populations. Through FAST, the Innovation Center will empower states to create transformative multi-payer models in which participating payers are aligned in how they incentivize healthcare value, quality, and outcomes. Together in partnership, states and CMS will support providers in their ongoing transformation to a value-based payment system. Awardee states will have the flexibility to determine, based on state and community needs, the specific parameters of the proposed model, including the incentive structure and population and/or geographic region included in the model.

FAST provides states with the flexibility to pursue comprehensive and sustainable payment reform through one of two tracks that best meets their needs:

A. Transformation Track Support states to launch a new multi-payer model with Medicare, Medicaid, and commercial payer participation. These models will meet the criteria outlined in the Innovation Center's 2017 Guidance for Medicare Participation in a state-based multi-payer model, as well as criteria to become an Advanced Alternative Payment Model. States may request that

CMS waive certain Medicare rules (e.g., the state sets ACO benchmarks for Medicare, the state has authority to set global budgets for hospitals) using 1115A Waiver Authority as part of the model. Full implementation of models proposed under the Transformation Track would occur after the initial 2-year SLIM award, contingent upon successful negotiation of a signed agreement between CMS and the state, and OMB approval. Receipt of a FAST award in no way guarantees approval of the proposed state-designed multi-payer model.

B. Alignment Track A: Support states that are interested in either modifying existing Medicaid and/or commercial payment and delivery innovations to qualify as Other Payer Advanced APMs ; or increasing Medicare provider participation in existing Advanced APMs, particularly to build on local innovations at the practice level, and to increase small and rural and specialty provider opportunities to participate in Advanced APMs. Implementation of the proposed state-designed multi-payer model would occur after the initial 2-year FAST award, and may require CMS approval (e.g., for a Medicaid State Plan Amendment or waiver). Alignment Track states may not propose an 1115A Medicare Waiver as part of the application to the Alignment Track A.

C. Alignment Track B: Support states to expand existing, or launch new, commercial and/or Medicaid alternative payment models, with an ultimate goal of building state and provider capacity to eventually participate in Advanced APMs. Implementation of the proposed state-designed model would occur after the initial 2-year FAST award, and may require CMS approval (e.g., for a Medicaid State Plan Amendment or waiver). Alignment Track B states may not propose an 1115A Medicare Waiver as part of the application to the Alignment Track B.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds will be used to refine the details of a state-based model and build state capacity to execute on that model, including investments in Data and Health IT, Metrics and Measurement, Stakeholder Engagement, Human Capital Development, Model Operations, and support negotiations with CMS for any needed new authorities (e.g., Medicaid state plan amendment, Medicaid waiver, Medicare FFS waiver, Medicaid Implementation Advance Planning Document Update).

- Data and Health IT Awards may be used to fund technology, systems, and activities at the state, payer, and/or provider level to support SLIM health IT priorities: outcomes-focused service delivery, population health, and multi-payer models ready for Advanced APMs. Specific examples of systems and activities include:
 - Development of shared governance, financing, and policy agreements, including convening activities and other activities associated with development of signed agreements associated with such agreements.
 - Development and maintenance of multi-payer claims, clinical and non-clinical measurement reporting and analytics infrastructure, capability, and capacity. This could include a statewide multi-payer database or related data center costs.
 - Development and maintenance of multi-payer claims, clinical and non-clinical data extraction, transformation, aggregation, quality, use and dissemination capabilities, including health information exchange services and support for certified EHR technology use.
 - Development, implementation and operations of an alert notification system.
 - Identity management services, including Master Patient and/or Master Provider databases.
 - Consent management, including the building of a consent registry.
 - Analytics capabilities, including simulation and modeling of patient risk scores, predictive cost modeling, identification or prediction of gaps in care, and other functions that enhance clinical decision support.
 - Infrastructure to support patient attribution and provider directories.
 - Infrastructure to build or expand tele-health systems.
 - Security mechanisms.
 - Connections between behavioral health, public health, social services, and clinical data systems through shared health IT infrastructure.
 - Metrics and Measurement: Award funds may be used to support measure alignment, including to develop and implement multi-payer core measure set with benchmarks, data collection and reporting framework and processes, including convening and other activities associated with getting payers buy-in and commitment to measure alignment.

Stakeholder Engagement: Awards may fund stakeholder engagement activities such as:

- Funding to facilitate consumer participation in state level stakeholder efforts.
- Develop and implement governance structures for multi-payer and multi-stakeholder work, including explicit data and health IT governance structures.
- Increase provider readiness to participate in Advanced APMs (e.g., CEHR adoption and use; prepare providers to participate in a model that includes more than nominal financial risk.
- Resources and activities to facilitate alignment on payment mechanisms, quality measures, data-sharing, and health IT infrastructure across payers
- Human Capital: In our experience working with states to launch multi-payer models, we have found that standing up state entities necessary for robust unique payment strategies, such as Maryland's Health Services Cost Review Commission or Vermont's Green Mountain Care Board, is essential to the success of the multi-payer model, but takes significant time and resources. Award funds may support the following:
 - Build leadership skills, administrative capacity, and subject matter expertise, including health IT, related to the multi-payer model.
 - Develop state employee analytic and health IT capacity and capability.
 - Staff resources associated with obtaining any needed Medicaid waivers or State Plan Amendments to support state-designed multi-payer model.
 - Staff resources associated with finalizing financial, quality, access, and population health targets.
 - Build public health capacity to assume financial accountability for population health outcomes.
 - Prepare providers, payers, and Medicaid Managed care organizations to participate in Advanced APMs, including downside risk (e.g., analytics support for providers, quality improvement program development, health IT infrastructure).
 - Staff resources associated with project management, including travel to SLIM trainings and conferences.
 - Contract support for state personnel in operationalizing multi-payer model, including health IT.
 - State agency personnel committed to developing and negotiating the terms of their state-designed multi-payer model with CMS.
 - 100% FTE trained Federal grants management and administration staff to support SLIM, hired within first 3 months of award start.
 - Staff that can represent the Governors Office.
 - Staff and/or contractor support for developing and implementing alternative payment models (e.g., actuarial estimates, total cost of care benchmarking).
 - Not to pay for any community services (e.g., housing, food, violence intervention programs, and transportation)
 - To provide individuals with services that are already funded through any other source, including but not limited to Medicare, Medicaid, and CHIP.
 - To match any federal funds
 - To provide services, equipment, or supports that are the legal responsibility of another party under Federal, State, or Tribal law (e.g., vocational rehabilitation or education services) or under any civil rights laws. Such legal responsibilities include, but are not limited to, modifications of a workplace or other reasonable accommodations that are a specific obligation of the employer or other party.
 - To cover the costs to provide direct health care services to individuals.
 - To supplant existing State, local, or private funding of infrastructure or services, such as staff salaries, etc.
 - To be used by local entities to satisfy State matching requirements.
 - For specific components, devices, equipment, or personnel that are not integrated into the entire service delivery model proposal.
 - To provide goods or services not allocable to the approved project.
 - To pay for construction.
 - To pay for capital expenditures for improvements to land, buildings, or equipment which materially increase their value or useful life as a direct cost, except with the prior written approval of the Federal awarding agency.
 - To pay for the cost of independent research and development, including their proportionate share of indirect costs (which is unallowable in accordance with 45 CFR 75.476).
 - To use as profit to any award recipient even if the award recipient is a commercial organization, (unallowable in accordance with 45 CFR 75.216(b)), except for grants awarded under the Small Business Innovative Research (SBIR) and Small Business Technology Transfer Research (STTR) programs

(15 U.S.C. 638). Profit is considered to be any amount in excess of allowable direct and indirect costs.

To expend funds related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or Executive order proposed or pending before the Congress or any state government, state legislature or local legislature or legislative body.

To lobby or advocate for changes in Federal and/or state law.

Applicant Eligibility:

State Governors Offices, United States Territories Governors Offices (American Samoa, Guam, Northern Mariana Islands, Puerto Rico, and the Virgin Islands), and the Mayors Office of the District of Columbia are eligible to apply, with the exception of states that have a current SIM award, current multi-payer agreement in place with CMS, and/or states that have a current Delivery System Reform Incentive Payment (DSRIP) waiver in place. Only one application from a Governor per state will be permitted. A state cannot receive multiple awards.

A state may propose that an outside organization focused on quality and state delivery system transformation, such as a non-profit affiliated with the states Department of Health/Medicaid single state agency or a public-private partnership supported by the Governors Office, receive and administer funds through a SLIM award. Under such an approach, the Governors Office must provide a justification for the request and an attestation that the state will actively participate in all activities described in its proposal.

Beneficiary Eligibility:

The Centers for Medicare & Medicaid Services (CMS) has worked to promote efficiency and quality of health care, particularly under value-based payment models in the Medicare program. CMS has invested in a number of initiatives to achieve these goals, including the Medicare Shared Savings Program, Comprehensive Primary Care (CPC) Initiative, Comprehensive Primary Care Plus (CPC+), Next Generation ACO Model, and Bundled Payments for Care Improvement (BPCI) Initiative. These efforts were bolstered by the 2015 Medicare Access and CHIP Reauthorization Act (MACRA). MACRA directed the Secretary to create the QPP, which creates new provider incentives to promote adoption of Advanced Alternative Payment Models (APMs), not just in Medicare but also among Medicaid and private payers as well.

CMS has also recognized the importance of state flexibility, because states can accelerate healthcare transformation. The Innovation Center has invested in partnerships with states under several models, including the State Innovation Model (SIM). The SIM initiative tests the ability of state governments to use their policy and regulatory levers to accelerate health care transformation that results in better care, smarter spending, and healthier people..

This Funding Announcement for the Flexibility and Accountability in State Transformation Model FAST builds upon important lessons from the SIM Initiative, but is substantively different, providing direct federal investment in states to support innovative payment reforms that are driven by state needs, but is structured to give states more accountability to achieve milestones than has been present in SIM. States will be held accountable in two ways. First, grant funds will be released incrementally, contingent upon the state's progress in achieving annual and quarterly milestones that demonstrate tangible progress in building the infrastructure and capacity needed to implement its proposed state-designed model at the conclusion of the FAST award period. Second, progression to Year 2 will be contingent upon a fundamental demonstration of the states commitment to the model beyond the FAST award period (e.g., evidence of future budget allocations to support the model, proposed legislation to ensure the state has necessary authorities to execute the model, submission of Medicaid SPA, etc.). We believe such investments will empower our state partners to design new approaches and to execute these strategies well, and will eventually lead to long term, sustainable improvements in quality and reductions in cost trends.

Credentials/Documentation:

Employer Identification Number: All applicants must have a valid Employer Identification Number (EIN) assigned by the Internal Revenue Service.

Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS

number): All applicants must have a Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS) number in order to apply. The DUNS number is a nine-digit identification number that uniquely identifies business entities. Obtaining a DUNS number is free. To obtain a DUNS number, access the following website: www.dunandbradstreet.com or call 1-866-705-5711. See Section IV, Application and Submission Information, for more information on obtaining a DUNS number.

System for Award Management (SAM)

All applicants must register in the System for Award Management (SAM)* database (<https://www.sam.gov/portal/public/SAM/>) in order to be able to submit an application at <http://www.grants.gov>. In order to register, applicants must provide their DUNS and EIN numbers. Each year, organizations and entities, registered to apply for Federal grants through Grants.gov must renew their registration with SAM. Each year organizations and entities must renew their registration with SAM. Failure to renew SAM registration prior to application submission will prevent an applicant from successfully applying via Grants.gov. Similarly, failure to maintain an active SAM registration during the application review process can prevent CMS from issuing your agency an award under this program. Applicants should begin the SAM registration process as soon as possible after the announcement is posted to ensure that it does not impair your ability to meet required submission deadlines. Applicants must successfully register with SAM prior to submitting an application or registering in the Federal Funding Accountability and Transparency Act Sub-award Reporting System (FSRS) as a prime awardee user; awardees may make sub-awards only to entities that have DUNS numbers. Organizations must report executive compensation as part of the registration profile at <https://www.sam.gov/portal/public/SAM/> by the end of the month following the month in which this award is made, and annually thereafter (based on the reporting requirements of the Federal Funding Accountability and Transparency Act (FFATA) of 2006 (Pub. L. 109-282), as amended by Section 6202 of Public Law 110-252 and implemented by 2 CFR Part 170). 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applications will be submitted electronically through GrantSolutions in response to the Funding Opportunity Announcement (FOA).

Application Materials:

Application materials will be available for download at <http://www.grants.gov>. Please note that HHS requires applications for all announcements to be submitted electronically through <http://www.grants.gov>. For assistance with <http://www.grants.gov>, contact support@grants.gov or 1-800-518-4726. At Grants.gov, applicants will be able to download a copy of the application packet, complete it off-line, and then upload and submit the application via the Grants.gov website.

Specific instructions for applications submitted via <http://www.grants.gov>:

You may access the electronic application for this project at <http://www.grants.gov>. You must search the downloadable application page by the CFDA number.

At the <http://www.grants.gov> website, you will find information about submitting an application electronically through the site, including the hours of operation. HHS strongly recommends that you do not wait until the application due date to begin the application process through <http://www.grants.gov> because of the time needed to complete the required registration steps.

The applicant must be registered in the System for Award Management (SAM) database in order to be able to submit the application. Applicants are encouraged to register early, and must have their DUNS and EIN/TIN numbers in order to do so.

Authorized Organizational Representative: The Authorized Organizational Representative (AOR) who will officially submit an application on behalf of the organization must register with grants.gov for a username and password. AORs must complete a profile with Grants.gov using their organizations DUNS Number to obtain their username and password at http://grants.gov/applicants/get_registered.jsp. AORs must wait one business day after successful registration in SAM before entering their profiles in Grants.gov. Applicants should complete this process as soon as possible after successful registration in SAM to ensure this step is completed in time to apply before application deadlines.

When an AOR registers with Grants.gov to submit applications on behalf of an organization, that organizations E-Biz POC will receive an email notification. The email address provided in the profile will be the email used to send the notification from Grants.gov to the E-Biz POC with the AOR copied on the correspondence.

The E-Biz POC must then login to Grants.gov (using the organizations DUNS number for the username and the special password called M-PIN) and approve the AOR, thereby providing permission to submit applications.

Any files uploaded or attached to the Grants.gov application must be PDF file format and must contain a valid file format extension in the filename. Even though Grants.gov allows applicants to attach any file formats as part of their application, CMS restricts this practice and only accepts PDF file formats. Any file submitted as part of the Grants.gov application that is not in a PDF file format, or contains password protection, will not be accepted for processing and will be excluded from the application during the review process. In addition, the use of compressed file formats such as ZIP, RAR, or Adobe Portfolio will not be accepted. The application must be submitted in a file format that can easily be copied and read by reviewers. It is recommended that scanned copies not be submitted through Grants.gov unless the applicant confirms the clarity of the documents. Pages cannot be reduced in size, resulting in multiple pages on a single sheet, to avoid exceeding the page limitation. All documents that do not conform to the above specifications will be excluded from the application materials during the review process.

After you electronically submit your application, you will receive an acknowledgement from Grants.gov that contains a Grants.gov tracking number. CMS will retrieve your application package from Grants.gov. Please note that applicants may incur a time delay before they receive acknowledgement that the application has been accepted by the Grants.gov system. Applicants should not wait until the application deadline to apply because notification by Grants.gov that the application is incomplete may not be received until close to or after the application deadline, eliminating the opportunity to correct errors and resubmit the application. Applications submitted after the deadline, as a result of errors on the part of the applicant, will not be accepted.

After CMS retrieves your application package from Grants.gov, a return receipt will be emailed to the applicant contact. This will be in addition to the validation number provided by Grants.gov.

Applications cannot be accepted through any email address. Full applications can only be accepted through <http://www.grants.gov>. Full applications cannot be received via paper mail, courier, or delivery service.

All grant applications must be submitted electronically and be received through <http://www.grants.gov> by 3:00 pm Eastern Daylight Time on the applicable due date. Applications not successfully submitted to Grants.gov by the due date and time will not be eligible for review. All applications will receive an automatic time stamp upon submission and applicants will receive an email reply acknowledging the applications receipt.

Please be aware of the following:

- 1) Search for the application package in Grants.gov by entering the CFDA number. This number is shown on the cover page of this announcement.
- 2) If you experience technical challenges while submitting your application

electronically, please contact Grants.gov Support directly at: www.grants.gov/customersupport or (800) 518-4726. Customer Support is available to address questions 24 hours a day, 7 days a week (except on Federal holidays).

3) Upon contacting Grants.gov, obtain a tracking number as proof of contact. The tracking number is helpful if there are technical issues that cannot be resolved.

To be considered timely, applications must be received by the published deadline date. However, a general extension of a published application deadline that affects all State applicants or only those in a defined geographical area may be authorized by circumstances that affect the public at large, such as natural disasters (e.g., floods or hurricanes) or disruptions of electronic (e.g., application receipt services) or other services, such as a prolonged blackout. This statement does not apply to an individual entity having internet service problems. In order for there to be any consideration there must be an effect on the public at large.

Grants.gov complies with Section 508 of the Rehabilitation Act of 1973. If an individual uses assistive technology and is unable to access any material on the site including forms contained within an application package, they can email the Grants.gov contact center at support@grants.gov or call 1-800-518-4726.

Form of Application Submission

The application must include all contents described below, in the order indicated, and conform to the following specifications:

- o Use 8.5 x 11 letter-size pages (one side only) with 1 margins (top, bottom, and sides). Other paper sizes will not be accepted. This is particularly important because it is often not possible to reproduce copies in a size other than 8.5 x 11.
- o All pages of the project and budget narratives must be paginated in a single sequence.
- o Font size must be at least 12-point with an average of 14 characters per inch (CPI).
- o The Project Narrative must be double-spaced.
- o The Budget Narrative may be single-spaced and should follow the justifications and table formats provided in Appendix A, Guidance for Preparing a Budget Request and Narrative in Response to SF 424A.
- o Tables included within any portion of the application should have a font size of at least 12-point with a 14 CPI and may be single spaced.
- o The project abstract is restricted to a one-page summary which may be single-spaced.
- o The application may not exceed 55 pages. Although tables are counted towards the page limitation, the additional required documentation, including Standard Forms and Project Abstract is excluded from the page limitation

The following standard forms are found in the Grants Application Package at www.grantsolutions.gov and must be completed with an electronic signature and submitted as part of the proposal:

- o Project abstract summary
- o SF-424: Official Application for Federal Assistance (see note below)
- o SF-424A: Budget Information Non-Construction
- o SF-424B: Assurances-Non-Construction Programs
- o SF-LLL: Disclosure of Lobbying Activities
- o Project Site Location Form(s)

Award Procedure:

Applications will be screened for completeness and adherence to eligibility requirements for the track states have applied for: Transformation or Alignment. Applications received late or that fail to meet the eligibility requirements detailed in this solicitation or do not include the required forms will not be reviewed.

An objective review panel will determine the merits of the proposal and the extent to which the proposed model furthers the purpose of SLIM, in accordance with the information outlined in the FOA. The objective review

panel may include federal employees and/or non-federal employees.

Applicants will be required to present their proposals to HHS leadership as part of the selection process. The purpose(s) of the presentation is(are) to:

- o Determine the extent to which the proposed model furthers the purpose of SLIM, in accordance with the information outlined in the FOA.
- o Determine the commitment of the state in implementing the proposal.
- o Determine the level of commitment and investment by stakeholders.
- o Assist CMS in its assessment of factors such as proposal feasibility, stakeholder engagement and state leadership.
- o Assist CMS in understanding the number of individuals impacted by the proposal.

The states presentation must be led by a cabinet-level health official, such as a state Secretary of Health, and include providers and commercial payers who have committed to participate in the model. In the case of public-private partnership entities applying for a State-led Innovation Model award, senior leaders from the private and public sector, including senior leaders of the applicant entity, shall be present. Specifically, CMS expects applicants to address the criteria set forth in this FOA. CMS will also consider the number and nature of participation by stakeholders, including providers and payers, in the presentation. CMS may require further discussions with states regarding their proposals.

The result of the review processes described above will be used in conjunction with the other factors noted in the FOA to determine the technical merit of the application and advise the approving HHS official. Final award decision will be made by a HHS program official. In making this decision, the HHS program official will take into consideration: reviews for programmatic and grants management compliance; pre-award business and risk assessment review (see below for information); the reasonableness of the estimated cost to the federal government and anticipated results; and the likelihood the proposed cost will result in the benefits expected.

As noted in 45 CFR Part 75, CMS will do a review of risks posed by Applicant prior to award. In evaluating risks posed by Applicant, CMS will consider the below factors as part of the risk assessment (Applicant should review the factors in their entirety at

http://www.ecfr.gov/cgi-bin/retrieveECFR?gp=1&SID=30572eb720fd047981e26dcf89370678&ty=HTML&h=L&r=PART&n=p45.1.75#se45.1.75_1205, which includes:

Financial stability;

Quality of management systems and ability to meet the management standards prescribed in 45 CFR Part 75;

- o History of performance (including, for prior recipients of Federal awards: timeliness of compliance with applicable reporting requirements, conformance to the terms and conditions of previous federal awards, extent to which previously awarded amounts will be expended prior to future awards);
- o Reports and findings from audits performed under Subpart F of 45 CFR Part 75 and findings of any other available audits; and
- o Applicants ability to effectively implement statutory, regulatory, and other requirements imposed on non-federal entities.

If successful, the Applicant will receive one cooperative agreement award. If unsuccessful, the Applicant will be advised by letter or electronic mail (sent to the AOR) that the application will not be held for further consideration or be funded. If an applicant is not selected for a SLIM Cohort 1 award, the applicant may apply for a later SLIM Cohort award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Anticipated Notice of Award date is 90 days after application submission.

Appeals:

CMS reserves the right to approve or deny any or all proposals for funding. Note that section 1115A of the Social Security Act, which creates the Center for Medicare and Medicaid Innovation (CMMI). Section 1115A(d)(2) states that there is no administrative or judicial review of the selection of organizations, sites, or participants to test models.

Renewals:

N/A.

Formula and Matching Requirements:

This program has no statutory formula.

Matching requirements are not applicable to this program.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

The period of performance will be 24 months from the date of award with two 12 month budget periods. See the following for information on how assistance is awarded/released: The period of performance will be 24 months from the date of award with two 12 month budget periods.

Reports:

Awardees must agree to cooperate with any federal evaluation of the model and performance results and provide required quarterly, annual, and final (at the end of the cooperative agreement period) reports in a form prescribed by CMS.

Reports will be submitted electronically. These reports will include how cooperative agreement funds were used, describe project or model progress, and describe any barriers, delays, and measurable outcomes. CMS will provide the format for project and model reporting and technical assistance necessary to complete required report forms.

Quarterly progress reports are due within 30 days of the end of each calendar quarter. The annual (or final as applicable) progress reports are due 90 days following the end of each performance year.

Awardees must also agree to respond to requests that are necessary for the evaluation of the Model effort and provide data on key elements of Model performance and on results from the cooperative agreement activities. CMS will continue to make requests for data related to its evaluation beyond the end of the states performance period. The period for which CMS may continue to make such requests will be further clarified in the terms and conditions of award. The Federal Financial Report (FFR or Standard Form 425) has replaced the SF-269, SF- 269A, SF-272, and SF-272A financial reporting forms. All grantees must utilize the FFR to report cash transaction data, expenditures, and any program income generated. Recipients must report on a quarterly basis cash transaction data via two separate systems: the Payment Management System (PMS) and GrantSolutions. As detailed above, award recipient must agree to cooperate with any federal evaluation of the model and performance results and provide required quarterly, annual, and final reports in a form prescribed by CMS. Reports will be submitted electronically. These reports will include how cooperative agreement funds were used, describe project or model progress, and describe any barriers, delays, and measurable outcomes. CMS will provide the format for project or model reporting and technical assistance necessary to complete required report forms. Successful applicant must also agree to respond to requests that are necessary for the evaluation of the Model efforts and provide data on key elements of model performance and on results from the cooperative agreement activities. As detailed above. Successful applicants must submit reports to Federal Funding Report and meet Payment Management System reporting requirements. HHS will have substantial involvement in this cooperative agreement award, as outlined below:

- o Program Evaluation HHS will work with recipients to implement lessons learned.

- o Project Officer and Monitoring A Project Officer(s) will be assigned to this cooperative agreement award to support and monitor Recipients throughout the period of performance. HHS Grants Management Officer(s), Grants Management Specialists, and Project Officer(s) will monitor, on a regular basis, progress of Recipients. This monitoring may be by phone, document review, on-site visit, meeting, and by other appropriate means, such as reviewing program progress reports and Federal Financial Reports (FFR or SF-425). This monitoring will help determine compliance with programmatic and financial requirements.

- o Communication Project Officer will conduct progress report calls to collect updates on how the Model is being implemented, including the formation of the RHRC, Model operations, global budget administration, data analytics, technical assistance, and quality assurance, and other updates as needed.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000

or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Award recipient is required to maintain proper records including financial records, supporting documents, statistical records, and all other records pertinent to the program for the duration of the award, and retain these for a minimum of three years. If any litigation, claim, negotiation, audit, or other action involving the award has been started before the expiration of the three years, the records should be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular three year period, whichever is later.

Account Identification:

75-0522-0-1-551.

Obligations:

(Cooperative Agreements) FY 16 \$0; FY 17 est \$47,000,000; and FY 18 est \$88,000,000

Range and Average of Financial Assistance:

The anticipated total funding is up to \$240 million for up to 12 states, with an anticipated average award size of \$20 million per state over a 24-month budget period.

TAFS Codes:

75-0522.

PROGRAM ACCOMPLISHMENTS:

Not Applicable.

REGULATIONS, GUIDELINES, AND LITERATURE:

This solicitation is subject to the Health and Human Services Grants Policy Statement (HHS GPS) at <http://www.hhs.gov/asfr/ogapa/aboutog/hhsgps107.pdf>. The general terms and conditions in the HHS GPS will apply as indicated unless there are statutory, regulatory, or award-specific requirements to the contrary. Standard and program specific terms of award will accompany the NoA. Applicant should be aware that special requirements could apply to cooperative agreement awards based on the particular circumstances of the effort to be supported and/or deficiencies identified in the application by the HHS review panel. The recently released HHS regulation (45 CFR Part 75) supersedes information on administrative requirements, cost principles, and audit requirements for grants and cooperative agreements included in the current HHS Grants Policy Statement where differences are identified.

93.364 NURSING STUDENT LOANS

NSL

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Section 835-842, 42 U.S.C. 297a-i, as amended; Health Professions Education Partnership Act of 1998, Public Law 105-392.

OBJECTIVES:

To increase educational opportunities by providing long-term, low-interest loans to students in need of financial assistance and in pursuit of a course of study in an approved nursing program.

TYPES OF ASSISTANCE:

DIRECT LOANS

USES AND USE RESTRICTIONS:

The maximum amount a student may borrow is \$3,300 for an academic year for each of the first two years, \$5,200 for each of the final two years of a baccalaureate or graduate degree program, or the amount of the student's financial need, whichever is less. The total of all Nursing Student Loans to any student is limited to \$17,000. Loans will be made to full and half-time nursing students enrolled after June 30, 2000 who are citizens, nationals, lawful permanent residents of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Northern Mariana Islands, the U.S. Virgin Islands, Guam, American Samoa, the Republic of Palau, the Republic of the Marshall Islands, and the Federated States of Micronesia. Funds are made to schools of nursing to capitalize loans.

Applicant Eligibility:

All accredited public and nonprofit private schools of nursing that prepare students for practice as registered or graduate nurses, and that do not discriminate against students because of race, color, origin, sex, or handicapping conditions, are eligible to apply for funds to be disbursed to qualified nursing students. Federally Recognized Indian Tribal Government and Native American Organizations may apply if they are otherwise eligible.

Beneficiary Eligibility:

The Nursing Student Loan Program provides financial assistance to nursing students who are citizens, nationals or lawful permanent residents of the United States or the District of Columbia, the Commonwealth of Puerto Rico, the Northern Mariana Islands, the U.S. Virgin Islands, Guam, American Samoa, the Republic of Palau, the Republic of the Marshall Islands, and the Federated States of Micronesia.

Credentials/Documentation:

New applications for this program can be acquired from the Division of Health Careers and Financial Support by calling (301) 443-1173. Annual operating reports serve as the new year application for current NSL recipient institutions. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Students should apply at financial aid office of school of their choice for assistance in applying for a loan. The school then tabulates requests for financial aid and awards loans based on needs of students and available funds.

Schools can obtain new applications for this program can be acquired from the Division of Health Careers and Financial Support by calling (301) 443-1173.

Annual operating reports serve as the new year application for current NSL recipient institutions.

Award Procedure:

Notification of award is made in writing (electronic) through a Notice of Award. The Notice of Award is sent to the School's Contact Person notifying the school of the amount of federal funds allocated for loans prior to the beginning of the academic year in which the award is to be utilized. Student is notified by student aid office of approval or disapproval at times determined by schools.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 120 - 180 days after receipt of applications.

Appeals:

Not Applicable.

Renewals:

Applications are only required for new schools. Annual Operating Reports are required for renewals.

Formula and Matching Requirements:

Statutory Formula: Allotment of funds is based on statutory formula which takes into account the ratio each school's enrollment bears to the enrollments of all schools making application for funds, but never exceeds the schools request.

Matching Requirements: 11%. Under the Federal Capital Contribution method, schools participating in loan programs must match the federal contribution with an amount not less than one-ninth of the funds drawn down. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Length and time of assistance depends upon the time required by the student to complete the necessary course of study leading to a degree and is subject to availability of funds. Recipient schools draw down funds, as necessary, from the Payment Management System (PMS), the centralized web based payment system for HHS awards. See the following for information on how assistance is awarded/released: recipients draw down funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

Reports:

An Annual Operating Report (AOR) through electronic submission at <http://grants.hrsa.gov> must be submitted 45 days after the end of each budget period. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Recipients are required to maintain grant accounting records 3 years after the date they submit the Annual Operating Report (AOR). If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the 3 year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3 year period, whichever is later.

93.369 ACL INDEPENDENT LIVING STATE GRANTS**FEDERAL AGENCY:**

Administration for Community Living, Department of Health and Human Services

AUTHORIZATION:

Rehabilitation Act of 1973, as amended, Title VII, Chapter 1, Part B., Title VII, Part B.

OBJECTIVES:

To provide financial assistance to States for expanding and improving the provision of independent living (IL) services to individuals with significant disabilities by promoting and maximizing their full integration and inclusion into the mainstream of American society.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Funds received under this program may be used to carry out the purposes of the Independent Living State Grants Program described in section 713 of the Rehabilitation Act as amended. These purposes include: (1) to provide independent living services to individuals with significant disabilities, particularly those in unserved areas of the State; (2) to demonstrate ways to expand and improve independent living services; (3) to support the operation of centers for independent living that are in compliance with the standards and assurances set forth in subsections (b) and (c) of section 725; (4) to support activities to increase the capacities of public or nonprofit agencies and organizations and other entities to develop comprehensive approaches or systems for providing independent living services; (5) to conduct studies and analyses, gather information, develop model policies and procedures, and present information, approaches, strategies, findings, conclusions, and recommendations to Federal, State, and local policymakers in order to enhance independent living services for individuals with disabilities; (6) to train individuals with disabilities and individuals providing services to individuals with disabilities and other persons regarding the independent living philosophy; and (7) to provide outreach to populations that are unserved or underserved by programs under this title, including minority groups and urban and rural populations.

Applicant Eligibility:

Any designated State Entity (DSE) in a State with an approved State Plan for Independent Living (SPIL) may apply for assistance under this program. The DSE is the State entity of such State as the agency that, on behalf of the State, receives, accounts for and disburses funds received under this chapter based on the SPIL. DSEs in the 50 States and the District of Columbia and the territories

(Commonwealth of Puerto Rico and Virgin Islands) and the outlying areas (Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands) are eligible to apply.

Beneficiary Eligibility:

Individuals with significant disabilities as defined in section 7(21)(B) of the Rehabilitation Act, as amended. This refers to an individual with a severe physical or mental impairment whose ability to function independently in the family or community or whose ability to obtain, maintain, or advance in employment is substantially limited and for whom the delivery of independent living services will improve the ability to function, continue functioning, or move toward functioning independently in the family or community or to continue in employment, respectively.

Credentials/Documentation:

The State agency must certify the availability of State funds for matching purposes. The match for this program may be cash or in-kind. OMB Circular No. A-87 applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. In order to be eligible for an allotment under this program, States must submit a State Plan for Independent Living (SPIL) that meets requirements in section 704 of the Rehabilitation Act, as amended. The State shall submit the plan 90 days before the completion date of the preceding plan.

Award Procedure:

A notice of annual allotment to the State is issued. States receive annual grant award notices and funds are withdrawn under the Payment Management System.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Other - Not Specified.

Appeals:

After reasonable effort has been made to resolve the questions involved, and the State has pursued a hearing before the Office of the Administrative Law Judge, the State may appeal to the United States Court of Appeals for the circuit in which the State is located pursuant to the IL program regulations at 34 CFR 364.12.

Renewals:

Awards are made on an annual basis and may be renewed for up to 2 additional years, for a total of 3 years under an approved State Plan for Independent Living.

Formula and Matching Requirements:

Statutory Formula: Section 711 of the Rehabilitation Act contains the formula used for the allocation of funds to each State. Federal funds are distributed to each State whose State plan has been approved under section 706 of an amount bearing the same ratio to such sums as the population of the State bears to the population of all States. The source is the Annual Population Estimates, Bureau

of the Census.

Matching Requirements: Matching Requirements: Under Section 712(b) of the Rehabilitation Act, as amended, provides the Federal share shall be 90 percent of the expenditures incurred by the State during such year under its State plan approved under section 706. The non-Federal share may be provided in cash or in kind, fairly evaluated, including plant, equipment, or services.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Awards are made on an annual basis. Refer to the Funding Opportunity for further details. See the following for information on how assistance is awarded/released: Refer to the Funding Opportunity for further details.

Reports:

Performance reports and financial reports are required annually. No cash reports are required. No progress reports are required. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Generally, States and subgrantees must retain records related to grant funds and compliance for a period of 3 years.

93.370 21ST CENTURY CURES ACT: REGENERATIVE MEDICINE INITIATIVE

Regenerative Medicine Initiative

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

21st Century Cures Act , Appropriation 75X5628, as amended by Small Business Research and Development Enhancement Act of 1992, Public Law 102-564.

OBJECTIVES:

To provide support for initiatives funded under the 21st Century Cures Act to support the BRAIN Initiative's aim of revolutionizing our understanding of the human brain. By accelerating the development and application of innovative technologies, researchers will be able to produce a revolutionary new dynamic picture of the brain that, for the first time, shows how individual cells and complex neural circuits interact in both time and space. Long desired by researchers seeking new ways to treat, cure, and even prevent brain disorders, this picture will fill major gaps in our current knowledge and provide unprecedented opportunities for exploring exactly how the brain enables the human body to record, process, utilize..

TYPES OF ASSISTANCE:

Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Grants and cooperative agreements may be made to eligible institutions for the support of the BRAIN Initiative. The grants and cooperative agreements may be used for personnel, consultant costs, equipment, supplies, travel, patient costs, animals, alterations and renovations, miscellaneous items, and Facilities and Administrative Costs (formerly known as indirect costs).

Applicant Eligibility:

The awardee will be a university, college, hospital, public agency, nonprofit research institution or for-profit organization that applies and receives a grant for support of research by a named principal investigator. To be eligible for funding, a grant application must be approved for scientific merit and program relevance by a scientific review group and a national advisory council.

Beneficiary Eligibility:

Any nonprofit or for-profit organization, company, or institution engaged in biomedical research.

Credentials/Documentation:

Applications must be submitted in compliance with instructions provided with each initiative. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program.

Award Procedure:

Grants and cooperative agreements are funded based on scientific merit, program relevance, and program balance and are made annually. The initial grant award provides funds for the first budget period (usually 12 months) and letter Notice of Award indicates support recommended for the remainder of the project period, allocation of Federal funds by budget categories and special conditions, if any.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Regular Grants: Approximately 10 months.

Appeals:

A principal investigator may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. animals, or the environment.

93.389 NATIONAL CENTER FOR RESEARCH RESOURCES
(DBT, DCCR, DCM, DRI)

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title III, Section 301, Public Law 78-410, U.S.C. 341, 287-288; Small Business Research and Development Enhancement Act of 1992, Public Law 102-564; Public Health Service Act, Title IV, Section 479-480 487, Public Law 99-158.

OBJECTIVES:

The National Center for Research Resources (NCRR) provides laboratory scientists and clinical researchers with the environments and tools they need to understand, detect, treat, and prevent a wide range of diseases. This support enables discoveries that begin at a molecular and cellular level, move to animal-based studies, and then are translated to patient-oriented clinical research, resulting in cures and treatments for both common and rare diseases. NCRR connects researchers with one another and with patients and communities across the nation to harness the power of shared resources and research.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The Division of Biomedical Technology supports research, development and access to sophisticated technologies at resource centers nationwide which assist academic, nonprofit organizations in the development, use, and dissemination of innovative technologies useful for the advancement of biomedical science. Awards are provided under a variety of funding mechanisms composed of Biomedical Technology Resource(BTR) grants, Research Project Grants, Shared Instrumentation Grants (SIG), High End Instrumentation (HEI) Program and other mechanisms, such as Exploratory Grants to develop new technologies for biomedical research, Small Business Innovation Research (SBIR) grants, and Small Business Technology Transfer (STTR) grants. The Division for Clinical Research Resources makes it possible to apply knowledge gained through basic research to the development of lifesaving drugs, devices, and therapies that protect the health of our nation's citizens by providing research infrastructure for clinical investigators. These specialized institutional resources are equipped to be flexible and responsive to changing scientific and economic environments and to unforeseen research challenges. The Division for Clinical Research Resources helps translate scientific knowledge into effective patient care through General Clinical Research Centers (GCRC), Research Career Development (K23, K24), Clinical Research Curriculum Award (CRA, K30), Clinical Research-related activities, Small Business Innovation Research (SBIR) grants and Small Business Technology Transfer (STTR) grants; and improves pre-college science education and the public's understanding of science through the Science Education Partnership Award (SEPA) Program. Additionally, a new consortium, funded through Clinical and Translational Science Awards (CTSAs), will transform how clinical and translational research is conducted, ultimately enabling researchers to provide new treatments more efficiently and quickly to patients. The Division of Comparative Medicine supports research and resource projects, as well as centers that enable biomedical scientists to use high quality, disease-free animals effectively in research on human health problems. Support is also available for the development of a wide range of other research models, particularly marine invertebrates and lower vertebrates, and access to an array of important biological materials. These objectives are accomplished through activities of National Primate Research Centers (NPRC), Laboratory Animal Science (LAS), and Biological Models and Materials Research (BMMR). The Division of Research Infrastructure addresses the under representation of minority investigators; enhances the research environment at minority colleges and universities in the health sciences; broadens the geographic distribution of research grant funding to states with historically low NIH success rates; and improves biomedical research facilities through matching grants for construction and renovation. These objectives are accomplished through activities of the Research Centers in Minority Institutions (RCMI) program, the RCMI Clinical Research Infrastructure Initiative (RCRII),

and the Institutional Developmental Award (IDeA). The Office of Construction supports the Research Facilities Improvement Program (RFIP) and the Animal Facilities Improvement Program.

Applicant Eligibility:

BTR Grants: Nonprofit health professional schools; other academic institutions; hospitals; State and local health agencies; and research organizations with programs in biomedical technology research located in the United States and its territories. SIG and HEI awards will be made to institutions only, not to individuals. GCRC and CTSA grants: schools, research hospitals, and other institutions capable of carrying out well-designed studies in any preclinical or clinical science involving human beings as research subjects in conjunction with investigators funded through the National Institutes of Health (NIH) and other Federal agencies. Research Career Development: Applications may be submitted on behalf of candidates by domestic, nonfederal organizations, public or private institutions of higher education. Clinical Research Scholar Program Award: Applications will be accepted from domestic, nonprofit organizations, public and private institutions of higher education that have strong, well-established clinical research and training program. SEPA: Public and private for-profit and nonprofit institutions and museums. DCM: Institutions of higher education, hospitals, and other institutions and organizations, both nonprofit and for-profit, seeking to establish, continue, or enlarge programs consistent with the objectives of the program. Applicants for NRSA must be citizens of the United States or be admitted to the United States for permanent residency. Applicants must be nominated and sponsored by a public or private nonprofit institution with staff and facilities suitable for the proposed research training. Nonprofit domestic organizations may apply for the institutional NRSA. RCMI: Institutions with more than 50 percent minority enrollment that award an M.D., D.D.S., D.V.M., or other doctoral degree in the health professions and/or a Ph.D. in the health-related sciences. This program is open only to institutions within the United States and its territories. RCRII: RCMI eligible institutions affiliated with medical schools. IDeA: Domestic public and private for profit and nonprofit institutions in States in which the success rate for applications to the NIH has been historically low. RFIP and Animal Facilities Improvement: Except where otherwise prohibited by law, any nonprofit organization competent to carry out biomedical research.

Beneficiary Eligibility:

Biomedical investigators at any nonprofit or for-profit organization, company, or institution engaged in biomedical research.

Credentials/Documentation:

SIG, HEI: A major user group of three or more investigators should be identified. Each major user must have NIH peer-reviewed research support at the time of the award. The application must show a clear need for the instrumentation by projects supported by multiple NIH research awards and demonstrate that these projects will require at least 75 percent of the total usage of the instrument. Applications for NRSA must be citizens of the United States or be admitted to the United States for permanent residency. Applicants must be nominated and sponsored by a public or private nonprofit institution with staff and facilities suitable for the proposed research training. Nonprofit domestic organizations may apply for the institution NRSA. RCMI, RCRII, and CCRE: Applicants must certify eligibility (see Applicant Eligibility requirements). IDeA, and Animal Facilities Improvement: None. RFIP: Application should include a complete research program description (with staff curricula vitae), space requirements for projected program, an environmental summary of the impact of the proposed facility as detailed in Public Law 90-190, The National Environmental Policy Act, and listing of all relevant licenses, permits or other approvals required by State and local authorities. Costs will be determined in accordance with OMB Circular Nos. A-122, "Cost Principles for Nonprofit Organizations," and in the case of SIG & HEI No. A-87 for State and local governments or A-21 for Educational Institutions, and HHS Regulations 45 CFR, Part 74, Subpart Q. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed

in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Application forms may be obtained from the Division of Extramural Outreach and Information, 6701 Rockledge Drive, MSC 7910, Bethesda, MD 20892-7910. Telephone (301) 435-0714, e-mail: ASKNIH@odrockml.od.nih.gov. Completed applications should be submitted to the Center for Scientific Review, 6701 Rockledge Drive, MSC 7710, Bethesda, MD 20892-7710. The standard application forms PHS 398, (Rev. November 1998), as furnished by PHS and required by 45 CFR, Part 92, and OMB Circular No. A-110 must be used for all programs. For filing NRSA individual fellowship award applications, Form 416-1 (Rev. October 1991) is needed. CTSA: Special instructions for preparing applications should be requested from the Division for Clinical Research Resources, One Democracy Plaza, 6701 Democracy Blvd., National Center for Research Resources, National Institutes of Health, Bethesda, MD 20892-4874. RFIP: Construction applications are to be submitted on a Standard Form 424, Application for Federal Assistance.

Award Procedure:

The initial review of applications from eligible investigators and institutions is reviewed by committees comprised of authorities in various fields of biomedical research and science education, as appropriate. Each application is given a peer evaluation for merit, and recommendations are forwarded to the National Advisory Research Resources Council for final review and recommendation.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

> 180 Days.

Appeals:

A principal investigator (P.I.) may question the substantive or procedural aspects of the review of their application by communicating with the NCCR staff. A description of the NIH Peer Review Appeal procedures is available on the NIH home page www.nih.gov/grants/guide/1997/97.11.21/n2.html.

Renewals:

K23, K24, SIG, HEI, Animal Facilities Improvement, and RFIP: None. All others may be renewed upon successful reapplication.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

All programs except for RFIP: 1 to 5 years. An Electronic Transfer System is used for transferring funds. RFIP: Construction must be completed within the time specified in grant award. The initial budget period is usually 2 years in length, although extensions may be requested. All funds must be obligated within 5 years from the date of award. See the following for information on how assistance is awarded/released: All programs except for RFIP: 1 to 5 years. An Electronic Transfer System is used for transferring funds. RFIP: Construction must be completed within the time specified in grant award. The initial budget period is usually 2 years in length, although extensions may be requested. All funds must be obligated within 5 years from the date of award.

Reports:

No program reports are required. No cash reports are required. Annual progress and financial status reports are required for all grants. Final performance and financial reports are required 90 days following the end of the project period. Reports are required after termination of NRSA to ascertain compliance with the service and payback provisions. RFIP: The grantee is responsible for performance of the contractor. The contractor must be covered by performance and payment bonds. Annual progress and financial status reports are required for all grants. Final performance and financial reports are required 90 days following the end of the project period. Reports are required after termination

of NRSA to ascertain compliance with the service and payback provisions. RFI: The grantee is responsible for performance of the contractor. The contractor must be covered by performance and payment bonds. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Grantees generally must retain financial and programmatic records, supporting documents, statistical records, and all other records that are required by the terms of a grant, or may reasonably be considered pertinent to a grant, for a period of 3 years from the date the annual FSR is submitted. For awards under SNAP (other than those to foreign organizations and Federal institutions), the 3-year retention period will be calculated from the date the FSR for the entire competitive segment is submitted. Those grantees must retain the records pertinent to the entire competitive segment for 3 years from the date the FSR is submitted to NIH. Foreign organizations and Federal institutions must retain records for 3 years from the date of submission of the annual FSR to NIH. See 45 CFR 74.53 and 92.42 for exceptions and qualifications to the 3-year retention requirement (e.g., if any litigation, claim, financial management review, or audit is started before the expiration of the 3-year period, the records must be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken). Those sections also specify the retention period for other types of grant-related records, including F&A cost proposals and property records. See 45 CFR 74.48 and 92.36 for record retention and access requirements for contracts under grants. In accordance with 45 Code of Federal Regulations, Part 74.53(e), the HHS Inspector General, the U.S. Comptroller General, or any of their duly authorized representatives have the right of timely and unrestricted access to any books, documents, papers, or other records of recipients that are pertinent to awards in order to make audits, examinations, excerpts, transcripts, and copies of such documents.

This right also includes timely and reasonable access to a recipients personnel for the purpose of interview and discussion related to such documents. The rights of access are not limited to the required retention period, but shall last as long as records are retained.

CRITERIA FOR SELECTING PROPOSALS:

The major elements in evaluating proposals include assessments of: (1) The scientific merit and general significance of the proposed study and its objectives; (2) the technical adequacy of the experimental design and approach; (3) the competency of the proposed investigator or group to successfully pursue the project; (4) the adequacy of the available and proposed facilities and resources; (5) the necessity of the budget components requested in relation to the proposed project; and (6) the relevance and importance to announced program objectives. RFI: Factors considered in making awards include the merit of the proposal, the needs of the institution, with special consideration for institutions designated as centers of excellence, the commitment of the institution, the availability of funds, and the overall program priorities.

93.391 ACTIVITIES TO SUPPORT STATE, TRIBAL, LOCAL AND TERRITORIAL (STLT) HEALTH DEPARTMENT RESPONSE TO PUBLIC HEALTH OR HEALTHCARE CRISES

CDC Partner Crisis Response NOFO

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title 42, Part 247b, Section 317, 42 U.S.C 317; Public Health Service Act, Title 42, Part 247d, Section 319, 42 U.S.C 319; Public Health Service Act, Title 42, Part 242l, Section 307, 42 U.S.C 307; Patient Protection and Affordable Care Act, Public Law 111-148; Public Health Service Act, Title 42, Part 243, Section 311, 42 U.S.C 311; Public Health Service Act, Title 42, Part 300u, Section 1703, 42 U.S.C 1703.

OBJECTIVES:

CDC will strengthen the U.S. public health systems response to public health or healthcare crises by providing specialized support to State, Tribal, Local and Territorial health departments (STLTs) when engaged in a response. Because STLTs vary widely in capacity and expertise - as well as in the demographics and disease burdens of the populations they serve - an emergency in any location is likely to reveal areas in which they need assistance to launch and sustain effective response activities.

The purpose of this NOFO is (1) to establish a pool of organizations capable of rapidly providing essential expertise to governmental public health entities involved in a response, and (2) to fund select awardees to provide that support, when required, based on CDC's determination of need. The role of the awardee will be to function as a rapid provider of information and/or resources, as well as a coordinator of the project management components involved. Awardees will primarily support public health departments, but may be engaged to support CDC programs also involved in the response.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Project funds will be used by non-governmental organizations (501c3s, 501c6s, public and private institutions of higher learning, and Native American tribal organizations) to provide emergency response assistance to State, Tribal, Local, and Territorial public health agencies and other components of the public health system. For the purposes of this program, other components of the public health system refers to specific professional constituencies (i.e., epidemiologists, community health nurses, health education and promotion specialists tribal health leaders, chronic disease directors, health information specialists, Medicaid/Medicare Directors, state/local public health financial officials, etc.) or key components of the public health system (i.e., community and neighborhood health centers, public health and primary care delivery systems, community and faith-based organizations, public health and accreditation boards, public health institutes, primary care residency programs, health insurance consortia, family/social services programs, maternal/child health associations, etc.). Recipients may only expend funds for reasonable program purposes, including personnel, travel, supplies (including training materials), and services, such as contractual. Applicants will be required to participate, comply, and cooperate with CDC for any reporting requirements stipulated by, or mandated for, the receipt of funding.

Applicant Eligibility:

Eligible applicants are limited to the following:

1. Nonprofits having a 501(c)(3) or 501(c)(6) status with the IRS, other than institutions of higher education.
2. Public and private institutions of higher education.
3. Native American tribal organizations (other than Federally-recognized tribal governments).

Beneficiary Eligibility:

Direct awards will be made to the non-governmental organizations described in the eligible applicant section. Beneficiaries of the support provided by those non-governmental organizations will include state health departments; tribal health organizations; local health departments; the District of Columbia; U.S. Territories; and other components of the public health system. The general public will also serve as beneficiaries.

Credentials/Documentation:

Applicants should review the individual Centers for Disease Control and Prevention (CDC) funding opportunity announcement issued under this CFDA program for any documentation, credentials or proof of certifications which must be submitted prior to or simultaneous with submission of an application package. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. tbd

Award Procedure:

Notification is made in writing through a Notice of Grant Award issued from the programs Office of Grants Services (OGS).

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days. tbd.

Appeals:

Not Applicable.

Renewals:

Project periods are for 5 years with 12-month budget periods. Applications must be submitted in the same manner as a new application.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

This NOFO is designed to collect responsive proposals from eligible applicants and retain them as approved but unfunded (ABU) until a crisis occurs. The NOFO will only be funded upon occurrence of a particular public health or healthcare crisis. At that time, depending on the nature of the scenario, specific applicants and specific components of their applications will be selected for funding. These funding decisions will take into account various relevant factors such as geographic location, expectations of spread (e.g., with infectious disease-related emergencies), applicants capabilities, national priorities, impact of the emergency on an eligible jurisdiction, and target populations, etc. Method of awarding/releasing assistance: lump sum.

Reports:

Awardee Evaluation and Performance Measurement Plan, including Data Management Plan (DMP). Periodic and Final Federal Financial Reports; Federal Cash Transaction Reports (in PMS). Annual Progress Reports are required. Periodic and Final Federal Financial Reports; Federal Cash Transaction Reports (in PMS). Performance Measure Reports are required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Grantees are required to maintain grant accounting records for a minimum of three years after the end of a grant period. If any litigation, claim, negotiation, audit or other action involving the record has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later. More detailed information regarding retention requirements is provided in 45 CFR Part 75.

93.393 CANCER CAUSE AND PREVENTION RESEARCH Cancer Cause and Prevention Research

FEDERAL AGENCY:
National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:
Public Health Service Act, Sections 301, 410 and 411, Public Law 78-410, as amended, Public Law 100-607, as amended, 42 U.S.C. 241, 42 U.S.C. 285 - 285a-1; Small Business Research and Development Enhancement Act of 1992, Public Law 102-564.

OBJECTIVES:
To identify cancer risks and risk reduction strategies, to identify factors that cause cancer in man, and to discover and develop mechanisms for cancer prevention in man. Research programs include: (1) epidemiology; (2) chemical, physical and molecular carcinogenesis; (3) early detection biomarkers; (4) nutrition and bioactive food components; (5) immunology and vaccines; (6) field studies and statistics; (7) chemoprevention; (8) agent development; and (9) organ site studies. Small Business Innovation Research (SBIR) program: To expand and improve the SBIR program; to increase private sector commercialization of innovations derived from Federal research and development; to increase small business participation in Federal research and development; and to foster and encourage participation in socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation. Small Business Technology Transfer (STTR) program: To stimulate and foster scientific and technological innovation through cooperative research and development carried out between small business concerns and research institutions; to foster technology transfer between small business concerns and research institutions; to increase private sector commercialization of innovations derived from Federal research and development and economically disadvantage small business concerns and women-owned small business concerns in technological innovation.

TYPES OF ASSISTANCE:
Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:
Grants and cooperative agreements may be made to eligible institutions for the support of cancer research projects. The grants and cooperative agreements may be used for personnel, consultant costs, equipment, supplies, travel, patient costs, animals, alterations and renovations, miscellaneous items, and indirect costs. Restrictions are imposed against the use of funds for entertainment, foreign travel (unless specifically authorized), office equipment, and other

items not normally necessary for the effective prosecution of such research. SBIR Phase I grants (of approximately 6-months' duration) are to establish the technical merit and feasibility of a proposed research effort that may lead to a commercial product or process. Phase II grants are for the continuation of the research initiated in Phase I, and that are likely to result in commercial products or processes. Only Phase I awardees are eligible to receive Phase II support. STTR Phase I grants (normally of 1-year duration) are to determine the scientific, technical, and commercial merit and feasibility of the proposed cooperative effort that has potential for commercial application. Phase II funding is based on results of research initiated in Phase I and scientific and technical merit and commercial potential of Phase II application. The SBIR Fast-Track Initiative provides additional assistance to applicants by expediting the decision and award of SBIR Phase II funding for scientifically meritorious applications for projects that have a high potential for commercialization. Fast-Track is a parallel review option whereby Phase I and Phase II projects are reviewed concurrently with the aim of reducing or eliminating the funding gap between Phase I and Phase II.

Applicant Eligibility:
The awardee will be a university, college, hospital, public agency, nonprofit research institution or for-profit organization that submits an application and receives a grant or cooperative agreement for support of research by a named principal investigator. SBIR grants can be awarded only to domestic small businesses (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed, and have no more than 500 employees). Primary employment (more than one-half time) of the principal investigator must be with the small business at the time of award and during the conduct of the proposed project. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. To be eligible for funding, a grant application must be approved for scientific merit and program relevance by a scientific review group and a national advisory council. STTR grants can be awarded only to domestic small business concern (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed and have no more than 500 employees) which "partner" with a research institution in cooperative research and development. At least 40 percent of the project is to be performed by the small business concern and at least 30 percent by the research institution. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. To be eligible for funding, a grant application must be approved for scientific merit and program relevance by a scientific review group and a national advisory council.

Beneficiary Eligibility:
Any nonprofit or for-profit organization, company, or institution engaged in biomedical research on cancer.

Credentials/Documentation:
For-profit organizations' costs are determined in accordance with 48 CFR, Subpart 31.2 of the Federal Acquisition Regulations. For other grantees, costs will be determined in accordance with HHS Regulations 45 CFR, Part 75. For SBIR and STTR grants, the applicant organization (small business concern) must present in a research plan an idea that has potential for commercialization and furnish evidence that scientific competence, experimental methods, facilities, equipment, and funds requested are appropriate to carry out the plan. Grant form SF424(R&R) (version as specified in the FOA) is used to apply for SBIR Phase I and Phase II, and STTR Phase I and Phase II. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:
Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:
2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Depending on the grant mechanism, form PHS-398 (Rev. March 2016) or form SF424 (R&R) (version as specified in the FOA) is the standard application form. Both forms can be obtained online at <http://grants.nih.gov/grants/forms.htm>. SBIR and STTR Grant Solicitations and SBIR Contract Solicitations may be obtained electronically through the NIH's Small Business Funding Opportunities home

page at <http://www.nih.gov/grants/funding/sbir.htm>. The Solicitations include submission procedures, review considerations, and grant application or contract proposal forms. All competing SBIR and STTR grant applications must be submitted electronically to the NIH via Grants.gov (<http://www.grants.gov/>).

Award Procedure:

Grants and cooperative agreements are funded based on scientific merit, program relevance and program balance and are made annually. Initial award provides funds for the first budget period (usually 12 months) and Notice of Grant Award (Form PHS 1533-2) indicates support recommended for the remainder of the project period, allocation of Federal funds by budget categories, and special conditions, if any. All accepted SBIR/STTR applications are evaluated for scientific and technical merit by an appropriate scientific peer review panel and by a national advisory council or board. All applications receiving a priority score compete for available SBIR/STTR set-aside funds on the basis of scientific and technical merit and commercial potential of the proposed research, program relevance, and program balance among the areas of research.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

(Grants) Approximately 10 months. SBIR/STTR: About 7-1/2 months.

Appeals:

A principal investigator (P.I.) may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeal procedures is available online through the NIH home page at <http://www.grants.nih.gov/grants/guide/notice-files/not97-232.html>.

Renewals:

Applications submitted for renewal must be reviewed and selected for funding on a competitive basis.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants and Cooperative Agreements: Average 3 to 4 years, maximum of 5 years. Renewals may be awarded for additional periods of up to 5 years based on competitive peer review. Funding is provided through Monthly Demand Payment System or Letter of Credit. SBIR: Normally, Phase I awards are for 6 months; normally, Phase II awards are for 2 years. STTR: Normally, Phase I awards are for 1 year; normally, Phase II awards are for 2 years. Method of awarding/releasing assistance: by letter of credit.

Reports:

No program reports are required. No cash reports are required. Progress reports are required each year. Annual financial status report is required 90 days after end of budget period. Special reports may be requested by DHHS. Terminal reports are required 6 months after the end of a project. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal officials.

Records:

Expenditures and other financial records must be retained for 3 years from the day on which the grantee submits the last financial status report for the report period.

The following criteria will be used in considering the scientific and technical merit of SBIR/STTR Phase I grant applications: (1) The soundness and technical merit of the proposed approach; (2) the qualifications of the proposed principal investigator, supporting staff, and consultants; (3) the technological innovation of the proposed research; (4) the potential of the proposed research for commercial application; (5) the appropriateness of the budget requested; (6) the adequacy and suitability of the facilities and research environment; and (7) where applicable, the adequacy of assurances detailing the proposed means for (a) safeguarding human or animal subjects, and/or (b) protecting against or minimizing any adverse effect on the environment. Phase II grant applications will be reviewed based upon the following criteria: (1) The degree to which the Phase I objectives were met and feasibility demonstrated; (2) the scientific and technical merit of the proposed approach for achieving the Phase II objectives; (3) the qualifications of the proposed principal investigator,

supporting staff, and consultants; (4) the technological innovation, originality, or societal importance of the proposed research; (5) the potential of the proposed research for commercial application; (6) the reasonableness of the budget requested for the work proposed; (7) the adequacy and suitability of the facilities and research environment; and (8) where applicable, the adequacy of assurances detailing the proposed means for a) safeguarding human or animal subjects, and/or (b) protecting against or minimizing any adverse effect on the environment.

**93.394 CANCER DETECTION AND DIAGNOSIS RESEARCH
FEDERAL AGENCY:**

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Sections 301, 410, and 411, Public Law 78-410, as amended, 42 U.S.C. 241; Public Law 100-607, 42 U.S.C. 285 and 285a; Small Business Research and Development Enhancement Act of 1992, Public Law 102-564.

OBJECTIVES:

To improve screening and early detection strategies and to develop accurate diagnostic techniques and methods for predicting the course of disease in cancer patients. Screening and Early Detection research includes development of strategies to decrease cancer mortality by finding tumors early when they are more amenable to treatment. Diagnosis research focuses on methods to determine the presence of a specific type of cancer; to predict its course and response to therapy, both a particular therapy or a class of agents; and to monitor the effect of the therapy and the appearance of disease recurrence. These methods include diagnostic imaging and direct analyses of specimens from tumor or other tissues. Support is also provided for establishing and maintaining resources of human tissue to facilitate research. Small Business Innovation Research (SBIR) program: To expand and improve the SBIR program; to increase private sector commercialization of innovations derived from Federal research and development; to increase small business participation in Federal research and development; and to foster and encourage participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation. categories, and special conditions, if any. All accepted SBIR/STTR applications are evaluated for scientific and technical merit by an appropriate scientific peer review panel and by a national advisory council or board. All applications receiving a priority score compete for available SBIR/STTR set-aside funds on the basis of scientific and technical merit and commercial potential of the proposed research, program relevance, and program balance among the areas of research.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

(Regular Grants) Approximately 10 months. SBIR/STTR: About 7-1/2 months. See website: <http://grants1.nih.gov/grants/funding/submissionschedule.htm>.

Appeals:

A principal investigator (P.I.) may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeal procedures is available on the NIH home page <http://grants.nih.gov/grants/guide/notice-files/not97-232.html>.

Renewals:

Applications submitted for renewal are reviewed and selected for funding on a competitive basis.

Formula and Matching Requirements:

This program has no statutory formula. This program has no matching requirements. This program has no statutory formula or matching requirements. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants and cooperative agreements: Average 3 to 4 years and a maximum of 5 years. Renewals may be awarded for additional periods of up to 5 years based on competitive peer review. Funding is provided through Monthly Demand Payment System or an Electronic Transfer System. SBIR: Normally, Phase I awards are for 6 months; normally, Phase II awards are for 2 years. STTR: Normally, Phase I awards are for 1 year; normally, Phase II awards are for 2 years. Method of awarding/releasing assistance: by letter of credit.

Reports:

No program reports are required. No cash reports are required. Progress reports are required each year. Annual financial status report is required 90 days after the end of the budget period. Special reports may be requested by DHHS. Terminal reports are required 6 months after the end of the project. No expenditure reports are required. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal government officials.

Records:

Expenditures and other financial records must be retained for 3 years from the day on which the grantee submits the last financial status report for the report period.

93.395 CANCER TREATMENT RESEARCH

Cancer Treatment Research

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Sections 301, 410, and 411, Public Law 78-410, 42 U.S.C. 241, as amended, Public Law 100-607, 42 U.S.C 285(a); Small Business Research and Development Enhancement Act of 1992, Public Law 102-564.

OBJECTIVES:

To develop the means to cure as many cancer patients as possible and to control the disease in those patients who are not cured. Cancer Treatment Research includes the development and evaluation of improved methods of cancer treatment through the support and performance of both fundamental and applied laboratory and clinical research. Research is supported in the discovery, development, and clinical testing of all modes of therapy including: surgery, radiotherapy, chemotherapy, and biological therapy including molecularly targeted therapies, both individually and in combination. In addition, research is carried out in areas of nutritional support, stem cell and bone marrow transplantation, image guided therapies and studies to reduce toxicity of cytotoxic therapies, and other methods of supportive care that may supplement and enhance primary treatment. Small Business Innovation Research (SBIR) program: To expand and improve the SBIR program; to increase private sector commercialization of innovations derived from Federal research and development; to increase small business participation in Federal research and development; and to foster and encourage participation of socially and

economically disadvantaged small business concerns and women-owned small business concerns in technological innovation. Small Business Technology Transfer (STTR) program: To stimulate and foster scientific and technological innovation through cooperative research and development carried out between small business concerns and research institutions; to foster technology transfer between small business concerns and research institutions; to increase private sector commercialization of innovations derived from Federal research and development; and to foster and encourage participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:

Grants and cooperative agreements may be made to eligible institutions for the support of cancer research projects. The grants may be used for personnel, consultant costs, equipment, supplies, travel, patient costs, animals, alterations and renovations, miscellaneous items, and indirect costs. SBIR Phase I grants (of approximately 6-months duration) are to establish the technical merit and feasibility of a proposed research effort that may lead to a commercial product or process. Phase II grants are for the continuation of the research initiated in Phase I, and that are likely to result in commercial products or processes. Only Phase I awardees are eligible to receive Phase II support. STTR Phase I grants (normally of 1-year duration) are to determine the scientific, technical, and commercial merit and feasibility of the proposed cooperative effort that has potential for commercial application. Phase II funding is based on results of research initiated in Phase I and scientific and technical merit and commercial potential of Phase II application. The SBIR Fast-Track Initiative provides additional assistance to applicants by expediting the decision and award of SBIR Phase II funding for scientifically meritorious applications for projects that have a high potential for commercialization. Fast-Track is a parallel option whereby Phase I and Phase II projects are reviewed concurrently with the aim of reducing or eliminating the funding gap between Phase I and Phase II.

Applicant Eligibility:

The awardee will be a university, college, hospital, public agency, nonprofit research institution, or for-profit organization that submits an application and receives a grant or cooperative agreement for support of research by a named principal investigator. SBIR grants can be awarded only to domestic small businesses (entities that are independently owned, and operated for profit, are not dominant in the field in which research is proposed and have no more than 500 employees). Primary employment (more than one-half time) of the principal investigator must be with the small business at the time of award and during the conduct of the proposed project. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. To be eligible for funding, a grant application must be approved for scientific merit and program relevance by a scientific review group and a national advisory council. STTR grants can be awarded only to domestic small business concerns (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed and have no more than 500 employees) which "partner" with a research institution in cooperative research and development. At least 40 percent of the project is to be performed by the small business concern and at least 30 percent by the research institution. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. To be eligible for funding, a grant application must be approved for scientific merit and program relevance by a scientific review group and a national advisory council.

Beneficiary Eligibility:

Any nonprofit or for-profit organization, company, or institution engaged in biomedical research.

Credentials/Documentation:

For-profit organizations' cost are determined in accordance with 48 CFR, Subpart 31.2 of the Federal Acquisition Regulations. For other grantees, costs will be determined in accordance with HHS Regulations 45 CFR, Part 75. For SBIR and STTR grants, applicant organization (small business concern) must present in a research plan an idea that has potential for commercialization and furnish evidence that scientific competence, experimental methods, facilities, equipment, and funds requested are appropriate to carry out the plan. Grant

form SF424 is used to apply for SBIR Phase I and Phase II, respectively. Grant form SF424 is also used to apply for STTR Phase I and Phase II, respectively. See the website for more information on electronic submission of grants. <http://grants.nih.gov/grants/funding/424/index.htm>. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application form PHS-398 is the standard form which may be obtained electronically from: <http://grants.nih.gov/grants/funding/phs398/phs398.html> in an interactive format. SBIR and STTR Grant Solicitations and SBIR Contract Solicitation may be obtained electronically through the NIH's "Small Business Funding Opportunities" home page at <http://www.nih.gov/grants/funding/sbir.htm> on the Web. Solicitations include submission procedures, review considerations, and grant application or contract proposal forms. SBIR and STTR grant applications should be submitted to the Center for Scientific Review, 6701 Rockledge Drive, Room 1040-MSC 7710, Bethesda, MD 20892-7710.

Award Procedure:

Approved grants and cooperative agreements are funded based on scientific merit, program relevance, and program balance and are made annually. Initial award provides funds for the first budget period (usually 12 months) and Notice of Grant Award (Form PHS 1533) indicates support recommended for remainder of project period, allocation of Federal funds by budget categories, and special conditions, if any. All accepted SBIR/STTR applications are evaluated for scientific and technical merit by an appropriate scientific peer review panel and if they are recommended for further consideration, by a national advisory council or board. All applications receiving a priority score compete for available SBIR/STTR set-aside funds on the basis of scientific and technical merit and commercial potential of the proposed research, program relevance, and program balance among the areas of research.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 10 months. SBIR Applications: About 7-1/2 months.

Appeals:

A principal investigator (P.I.) may question the substantive or procedural aspects of the review of his/her application with the staff of the Institute. A description of the NIH Peer Review Appeal procedures is available on the NIH home page <http://grants.nih.gov/grants/guide/notice-files/not97-232.html>.

CRITERIA FOR SELECTING PROPOSALS:

The major elements in evaluating applications include assessments of: (1) The scientific merit and general significance of the proposed study and its objectives; (2) the technical adequacy of the experimental design and approach;

(3) the competency of the proposed investigator or group to successfully pursue the project; (4) the adequacy of the available and proposed facilities and resources; (5) the necessity of the budget components requested in relation to the proposed project; and (6) the relevance and importance to announced program objectives. The following criteria will be used in considering the scientific and technical merit of SBIR/STTR Phase I grant applications: (1) The soundness and technical merit of the proposed approach; (2) the qualifications of the proposed principal investigator, supporting staff, and consultants; (3) the technological innovation of the proposed research; (4) the potential of the proposed research for commercial application; (5) the appropriateness of the budget requested; (6) the adequacy and suitability of the facilities and research environment; and (7) where applicable, the adequacy of assurances detailing the proposed means for (a) safeguarding human or animal subjects, and/or (b) protecting against or minimizing any adverse effect on the environment. Phase II grant applications will be reviewed based upon the following criteria: (1) The degree to which the Phase I objectives were met and feasibility demonstrated; (2) the scientific and technical merit of the proposed approach for achieving the Phase II objectives; (3) the qualifications of the proposed principal investigator, supporting staff, and consultants; (4) the technological innovation, originality, or societal importance of the proposed research; (5) the potential of the proposed research for commercial application; (6) the reasonableness of the budget requested for the work proposed; (7) the adequacy and suitability of the facilities and research environment; and (8) where applicable, the adequacy of assurances detailing the proposed means for (a) safeguarding human or animal subjects, and/or (b) protecting against or minimizing any adverse effect on the environment.

93.396 CANCER BIOLOGY RESEARCH

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Section 301, 410, and 411, Public Law 78-410, 42 U.S.C. 241, as amended; Public Law 100-607, 42 U.S.C. 285 and 285a; Small Business Research and Development Enhancement, Act of 1992, as amended, Public Law 102-564.

OBJECTIVES:

To provide fundamental information on the cause and nature of cancer in people, with the expectation that this will result in better methods of prevention, detection and diagnosis, and treatment of neoplastic diseases. Cancer Biology Research includes the following research programs: cancer cell biology; cancer immunology, hematology and etiology; DNA and chromosomal aberrations; tumor biology and metastasis; and structural biology and molecular applications.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:

Grants and cooperative agreements may be made to eligible institutions for the support of cancer research projects. The grants and cooperative agreements may be used for personnel, consultant costs, equipment, supplies, travel, patient costs, animals, alterations and renovations, miscellaneous items, and Facilities and Administrative Costs (formerly known as indirect costs).

Applicant Eligibility:

The awardee will be a university, college, hospital, public agency, nonprofit research institution or for-profit organization that submits an application and receives a grant for support of research by a named principal investigator. To be eligible for funding, a grant application must be approved for scientific merit and program relevance by a scientific review group and a national advisory council.

Beneficiary Eligibility:

93.397 CANCER CENTERS SUPPORT GRANTS

Cancer Centers

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Section 305(a), 410, 411, and 414, Public Law 78-410, 42 U.S.C. 241, as amended; Public Law 100-607, 42 U.S.C. 285, 285a

and 285a-3; Public Law 99-500.

OBJECTIVES:

To provide an organizational focus and stimulus for the highest quality cancer research that effectively promotes interdisciplinary cancer research aimed toward the ultimate goal of reducing cancer incidence, mortality and morbidity. The Cancer Center Support Grant (CCSG) provides the resources and infrastructure to facilitate the coordination of interdisciplinary programs across a broad spectrum of research from basic laboratory research to clinical investigation to population science. The CCSG supports salaries for scientific leadership of the Center, shared resources for funded center investigators, certain administrative costs, planning and evaluation, and developmental funds for new recruitments and feasibility studies.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:

In general, CCSGs do not support research projects directly but are used to enhance the ongoing cancer research and to strengthen the existing research base according to the "Policies and Guidelines Relating to the Cancer Center Support Grant."

Applicant Eligibility:

Any nonprofit institution within the United States with a peer-reviewed cancer research base of 4.0 million dollars in direct costs may apply for a Cancer Center Support Grant.

Beneficiary Eligibility:

University, college, public agency or research institution in the U.S.

Credentials/Documentation:

The application requests documentation concerning the qualifications of the principal investigators and associates, pertinent budget information and justification for the support of this proposed grant. Methods to be utilized are outlined in the application materials. Costs will be determined in accordance with HHS Regulations 45 CFR, Part 75. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Method of Application: Form PHS-398 (Rev. June 2009) can be obtained from the grant.nih.gov/grants/forms.htm website (click on PHS-398). In addition, supplemental instructions for applications are contained in the Cancer Center Support Grant Guidelines, http://cancercenters.cancer.gov/grants_funding/index.html. Generally, the potential applicant should send a letter of intent to the National Cancer Institute, Office of Cancer Centers, submitting a CCSG application to the same address for review (see Guidelines for CCSGs). Completed applications should be submitted to the Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Bethesda, MD 20892.

Award Procedure:

Grants are funded based on scientific merit, program relevance, and program balance and are made annually. Initial award provides funds for the first budget period (usually 12 months) and Notice of Grant Award (Form PHS 1533) indicates support recommended for the remainder of the project period, allocation of Federal funds by budget categories and special conditions, if any.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Core Grants: Approximately 10 months.

Appeals:

A principal investigator may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the

Institute. A description of the NIH Peer Review Appeal procedures is available on <http://grants.nih.gov/grants/guide/notice-files/NOT-OD-11-064.html> and NIH Policy Manual Release date: February 7, 2012 <http://oma.od.nih.gov/manualchapters/grants/54513/index.html>.

Renewals:

Same procedure as new applications.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Up to 5 years of support may be requested. Grants may be awarded up to 5 years based on competitive peer review. Method of awarding/releasing assistance: by letter of credit.

Reports:

No program reports are required. No cash reports are required. Progress reports are required each year. An annual financial status report is requested 90 days after the end of the budget period. Special reports may be requested by DHHS. Terminal reports are required 90 days after the end of a project. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal officials.

Records:

Expenditures and other financial records must be retained for 3 years from the day on which the grantee submits the last financial status report for the report period.

CRITERIA FOR SELECTING PROPOSALS:

The major elements in evaluating applications include the following: (1) An adequate base of established programs of high quality in laboratory and clinical cancer research; (2) research activity in a variety of disciplines, and evidence of high degree of interdisciplinary coordination, interaction and cooperation among center members; (3) appropriate and adequate organization and facilities for the conduct and evaluation of center activities; (4) a qualified director with adequate authority; and (5) an adequate commitment of the parent institution or institutions to the cancer center. The center should be recognized as a major element within the organizational structure.

93.398 CANCER RESEARCH MANPOWER

Cancer Manpower Grants

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Sections 413 and 487, as amended, Public Law 100-607, 42 U.S.C. 285a, 42 U.S.C. 288.

OBJECTIVES:

To make available support to nonprofit and for-profit institutions interested in providing biomedical training opportunities for individuals interested in careers in basic, clinical, and prevention research important to the National Cancer Program.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

The Research Manpower program provides support for research training in all scientific fields related to cancer. The Ruth L. Kirschstein National Research Service Awards (NRSA) for Individual Fellows, are made directly to individuals for research training in biomedical sciences areas. In addition, the National Institutes of Health (NIH) will award the Ruth L. Kirschstein NRSA Institutional Research Training grants to institutions, to enable them to make NRSA awards to individuals selected by them. Each individual who receives a postdoctoral NRSA is obligated, upon termination of the award, to comply with certain service and payback provisions. Cancer Education Grants are designed to promote education programs carried out by organizations engaged in health-related education, research, or training, located in the United States, its possessions, or territories. Various Career awards are designed to sponsor the development of independent scientists. Individual short-term support for students is available under the Cancer Education Program.

Applicant Eligibility:

University, college, hospital, public agency, or nonprofit research institution for institutional grants and individuals for fellowships. The applicant institution must be able to provide the staff and facilities and be responsible for the selection of trainees and overall direction of the training. Selected awardees must be citizens of the United States or be admitted to the United States for permanent residency. Career and Cancer Education awards may be given to for-profit institutions.

Beneficiary Eligibility:

University, college, hospital, public agency, nonprofit research institution or for-profit institution.

Credentials/Documentation:

(1) Individual Ruth L. Kirschstein NRSA: The applicant's academic record, research experience, citizenship, institutional sponsorship, and the proposed area and plan of training must be included in the application. (2) Institutional Ruth L. Kirschstein NRSA: Applicants must show the objectives, methodology, and resources for the training program, the qualifications and

experience of directing staff, the criteria to be used in selecting individuals for award and a detailed budget and justification for the amount of grant funds requested. (3) Institutional Cancer Education Grants: Applicants must describe the organization and administration of the proposed program, list and define institutional objectives, methodology, resources and techniques of evaluation, as well as a justification of proposed expenditures. (4) For Career awards, the applicant must provide documentation on the candidate, sponsor, career development plan, research proposed, and institutional commitment. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applications for the Individual Ruth L. Kirschstein NRSA must be prepared using the PHS 416-1 application form and instructions for Individual National Research Service Award Fellowships (rev. 10/05). The PHS 416-1 is available at <http://grants.nih.gov/grants/funding/416/p416.htm>. For further assistance, direct inquiries may be made to GrantsInfo@nih.gov or (301) 435-0714.

Applications for the Institutional Ruth L. Kirschstein NRSA must be prepared using the PHS 398 Form (Revised 9/2004). Refer to Section IV of the instructions titled Instructions For Preparing An NRSA Application. The PHS 398 Form (Revised June 2009) is available at <http://grants.nih.gov/grants/forms.html>. Applications for Cancer Education and Career grants must be prepared using the PHS 398 Form. Refer to Section III of the instructions, Preparing An Individual CDA Application. Applicants are advised to consult the "Submitting an Application" section of the Program Announcement, since each award has distinct application criteria. Completed applications should be submitted to the Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 1040, Bethesda, Maryland 20892-7710 (Bethesda, MD 20817 for express/courier service).

Award Procedure:

Applications are reviewed for scientific merit by an appropriate study section, committee, or advisory council. If recommended for approval and a decision to make award is made, a formal award notice will be sent to the applicant.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 10 months.

Appeals:

A principal investigator (P.I.) may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeal procedures is available under the Review Criteria section of the NIH Office of Extramural Research website at http://grants2.nih.gov/grants/policy/nihgps_2003/NIHGPs_Part3.htm.

Renewals:

Cancer Education Grants may be made for periods of up to 5 years and renewals may be submitted when appropriate. Research training grants may be renewed for additional project periods of 5 years. Only the following Career awards are renewable: K05 and K24 only a one-time renewal after a 5-year project period, and the K12 up to 5 years (Trainees 2-7 years).

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Up to 5 years. Method of awarding/releasing assistance: by letter of credit.

Reports:

93.399 CANCER CONTROL

Cancer Control Grants

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Sections 301, 410 and 412, Public Law 78-410, as amended, Public Law 99-500, Public Law 100-607, 42 U.S.C. 241, 42 U.S.C. 285 - 285a-1; Small Business Research and Development Enhancement Act of 1992, Public Law 102-564.

OBJECTIVES:

To reduce cancer risk, incidence, morbidity, and mortality and enhance quality of life in cancer survivors through an orderly sequence from research on interventions and their impact in defined populations to the broad, systematic application of the research results through dissemination and diffusion strategies. Primary emphasis is on the inclusion of cancer prevention and control intervention(s) in any proposed study. Cancer Prevention and Cancer Control research studies are classified into one of five phases: (1) Hypothesis development; (2) methods development and testing; (3) controlled intervention trials to establish cause-and-effect relationships; (4) research in defined populations; and (5) demonstration and implementation studies. Primary interests are in research on cancer control interventions in Phases 2 through 5, and on cancer prevention research in all phases. Cancer Prevention and Control programs include those in the following areas: (1) chemoprevention; (2) cancer communications; (3) nutrition, diet, and physical activity; (4) screening and early detection, including biomarker discovery, development and validation; (5) biobehavioral mechanisms; (6) tobacco control; (7) health disparities research; (8) supportive care and survivorship; (9) health services and outcomes research; and (10) surveillance research. Cancer Control uses Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) Programs to engage domestic small business concerns in federal research and development that has potential for commercialization. The goals of the SBIR & STTR Programs are to stimulate technological innovation, increase private-sector commercialization of federal research and development, increase small business participation in federally funded research and development, and foster participation by socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation. The STTR Program requires the small business concern to formally collaborate with a research institution in Phase I and Phase II of the program.

TYPES OF ASSISTANCE:

Project Grants; Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Grants and cooperative agreements may be made to eligible institutions for the support of cancer research projects. The grants and cooperative agreements may be used for personnel, consultant costs, equipment, supplies, travel, patient costs, animals, alterations and renovations, miscellaneous items, and indirect costs. Restrictions are imposed against the use of funds for entertainment, foreign travel (unless specifically authorized), office equipment, and other items not normally necessary for the effective prosecution of such research. SBIR Phase I grants (of approximately 6-months' duration) are to establish the technical merit, feasibility and commercial potential of a proposed research effort and to determine the quality of performance of the awardee. Phase II grants are for the continuation of the research initiated in Phase I, and are likely to result in commercial products or processes. Only SBIR Phase I awardees are eligible to receive Phase II support. STTR Phase I grants (normally of 1-year duration) are to determine the scientific, technical, and commercial merit and feasibility of the proposed cooperative effort that has potential for commercial application. Phase II funding is based on results of research initiated in Phase I, and the scientific and technical merit and commercial potential of the proposed Phase II project. Only STTR Phase I awardees are eligible to receive Phase II support. The NIH Fast-Track mechanism provides additional assistance to applicants by expediting the decision and award of funding for scientifically meritorious applications for projects that have a high potential for

commercialization. The mechanism allows small businesses to submit applications for both Phase I and Phase II together for review as one application, with the aim of reducing or eliminating the funding gap between Phase I and Phase II.

Applicant Eligibility:

The awardee will be a university, college, hospital, public agency, nonprofit research institution or for-profit organization that submits an application and receives a grant or cooperative agreement for support of research by a named principal investigator. SBIR grants can be awarded only to domestic small businesses (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed, and have no more than 500 employees). Primary employment (more than one-half time) of the principal investigator must be with the small business at the time of award and for the duration of the project period. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. To be eligible for funding, a grant application must be approved for scientific merit, technical merit, and program relevance by a scientific review group and a national advisory council. STTR grants can be awarded only to domestic small business concern (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed and have no more than 500 employees) which "partner" with a research institution in cooperative research and development. At least 40 percent of the project is to be performed by the small business concern and at least 30 percent by the research institution. The Principal Investigator may be primarily employed by either the small business concern or the collaborating research institution at the time of award and for the duration of the project period. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. To be eligible for funding, a grant application must be approved for scientific merit, technical merit and program relevance by a scientific review group and a national advisory council.

Beneficiary Eligibility:

University, college, hospital, public agency, nonprofit research institutions or for-profit organizations will benefit.

Credentials/Documentation:

For-profit organizations' costs are determined in accordance with 48 CFR, Subpart 31.2 of the Federal Acquisition Regulations. For other grantees, costs will be determined in accordance with HHS Regulations 45 CFR, Part 75. For SBIR and STTR grants, the applicant organization (small business concern) must present in a research plan an idea that has potential for commercialization and furnish evidence that scientific competence, experimental methods, facilities, equipment, and funds requested are appropriate to carry out the plan. Grant form SF424(R&R) (version as specified in the FOA) is used to apply for SBIR Phase I and Phase II, and STTR Phase I and Phase II. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Depending on the grant mechanism, either form PHS-398 (Rev. March 2016) or form SF424(R&R) (Version as specified in the FOA) is the standard application form. Both forms can be obtained online at <http://grants.nih.gov/grants/forms.htm>. The standard application forms, as furnished by DHHS. SBIR and STTR Grant Solicitations and SBIR Contract Solicitations may be obtained electronically through the NIH Small Business Funding Opportunities home page at <https://sbir.nih.gov/funding>. The Solicitations include submission procedures, review considerations, and grant application or contract proposal forms. All competing SBIR and STTR grant applications should be submitted electronically to the NIH via Grants.gov (<http://www.grants.gov>).

Award Procedure:

Grants and cooperative agreements are funded based on scientific merit, program relevance, and program balance and are made annually. Initial award provides funds for first budget period (usually 12 months) and Notice of Grant Award (Form PHS 1533) indicates support recommended for remainder of

project period, allocation of Federal funds by budget categories, and special conditions, if any. All accepted SBIR/STTR applications are evaluated for scientific and technical merit by an appropriate scientific peer review panel and by a national advisory council or board. All applications receiving a priority score compete for available SBIR/STTR set-aside funds on the basis of scientific and technical merit and commercial potential of the proposed research, program relevance, and program balance among the areas of research.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Regular Grants: Approximately 10 months. SBIR/STTR: About 7-1/2 months.

Appeals:

A principal investigator (P.I.) may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeal procedures is available online through the NIH home page at <https://grants.nih.gov/grants/peer-review.htm>.

Renewals:

Applications submitted for renewal are reviewed and selected for funding on a competitive basis.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants and cooperative agreements average from 3 to 4 years, up to a maximum of 5 years. Renewals may be awarded for additional periods of up to 5 years based on competitive peer review. Funding is provided through Monthly Demand Payment System or an Electronic Transfer System. SBIR: Normally, Phase I awards are for 6 months; normally, Phase II awards are for 2 years. STTR: Normally, Phase I awards are for 1 year; normally, Phase II awards are for 2 years. Method of awarding/releasing assistance: by letter of credit.

Reports:

No program reports are required. No cash reports are required. Progress reports are required each year. Annual financial status report is required 90 days after the end of a budget period. Special reports may be requested by DHHS. Terminal reports are required 6 months after the end of a project. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. 93.413 THE STATE FLEXIBILITY TO STABILIZE THE MARKET GRANT PROGRAM**FEDERAL AGENCY:**

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

Patient Protection and Affordable Care Act (PPACA), Section 1003
For all authorizations/amendments, you must supply the Act or the Executive Order in order to continue.

OBJECTIVES:

The State Flexibility to Stabilize the Market Grant Program will provide a funding source to enhance the role of states in the implementation and planning for several of the Federal market reforms and consumer protections under Part A of Title XXVII of the Public Health Service Act (PHS Act). The State Flexibility to Stabilize the Market Grants will provide states with the opportunity to ensure their laws, regulations, and procedures are in line with Federal requirements, and enhance the states ability to effectively regulate their respective health insurance markets through innovative measures that support the pre-selected market reforms and consumer protections under Part A of Title XXVII of the PHS Act.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Applicants may use grant funds for a variety of planning and implementation objectives related to the pre-selected market reforms and consumer protections under Part A of title XXVII of the PHS Act, including but not limited to implementing or enhancing policy form review, hiring or contracting with a clinician to review formularies, developing actuarial and economic analyses, and performing market scans of the respective states health insurance market to assess the current healthcare and coverage landscape. The Department of Health and Human Services funds for The State Flexibility to Stabilize the Market Grant Program may not be used for any of the following: cover the

costs to provide direct services to individuals; to match any other Federal funds; provide services, equipment, or supports that are the legal responsibility of another party under Federal or State law (e.g.: vocational rehabilitation or education services) or under any civil rights laws; supplant existing State, local, Tribal, or private funding of infrastructure or services such as staff salaries, etc.; provide goods or services not allocable to the approved budget; be used by local entities to satisfy state matching requirements; pay for construction; pay for capital expenditures for improvements to land, buildings, or equipment which materially increase their value or useful life as a direct cost, except with the prior written approval of the Federal awarding agency; pay for the cost of independent research and development, including their proportionate share of indirect costs (unallowable in accordance with 45 CFR 75.476); or to use as profit to any award recipient even if the award recipient is a commercial organization, (unallowable in accordance with 45 CFR 75.215(b)), except for grants awarded under the Small Business Innovative Research (SBIR) and Small Business Technology Transfer (STTR) programs (15 U.S.C. 638). Profit is any amount in excess of allowable direct and indirect costs.

Applicant Eligibility:

This Funding Opportunity Announcement is open to all fifty States and the District of Columbia for planning and/or implementing one or more of the three pre-selected market reforms and consumer protections in Part A of title XXVII of the PHS Act. Only one application per state is permitted, except in a state in which there is more than one regulating entity, each with a primary responsibility over the regulation of a portion of the private health insurance market.

Beneficiary Eligibility:

Grants to States' (including the District of Columbia) for planning and/or implementing the market reforms and consumer protections in Part A of title XXVII of the PHS Act.

Credentials/Documentation:

Applicants should review the CMS funding opportunity announcement documents issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

Semi-Annual and Final programmatic reports are required in the Funding Opportunity Announcement. Federal Financial Reports (FFR) must be filed within 30 days of the end of each quarter. Failure to submit the report may result in the inability to access grant funds. Go to https://pms.psc.gov/grant_recipients/ffrinformation.html for additional information. Submit a quarterly electronic Federal Financial Report (FFR) Cash Transaction Report via the Payment Management System. The report identifies cash expenditures against the authorized funds for the grant. Required Semi-Annual and Final Progress Reports. Grantees must provide HHS with information such as, but not limited to, project status, implementation activities initiated, accomplishments, barriers, and lessons learned in order to ensure that funds are used for authorized purposes. Such performance includes submission of the states progress toward the milestones identified in its Work Plan. HHS reserves the right to restrict funds for activities related to unmet milestones. Recipients must submit annual expenditures information through submission of a Federal Financial Report (FFR). All recipients are required to report on expenditures at least annually. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Grantees are required to maintain grant accounting records for 3 years after the date they submit the final Federal Financial Report (FFR). If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

93.423 1332 STATE INNOVATION WAIVERS

1332 Waiver Program

FEDERAL AGENCY:

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

The Affordable Care Act, Section 1332.

OBJECTIVES:

Under Section 1332 of the PPACA, states can apply for State Innovation Waivers and pursue innovative strategies to adapt many of the law's requirements to suit the state's specific needs. To receive approval, the state must demonstrate that a proposed waiver will provide access to quality health care that is at least as comprehensive and affordable as would be provided without the waiver, will provide coverage to at least a comparable number of residents of the state as would be provided coverage without a waiver, and will not increase the federal deficit. Before submitting its Section 1332 waiver application the state must also provide a public notice and comment period, including public hearings, sufficient to ensure a meaningful level of public input, and enact a law providing for implementation of the waiver. Under a Section 1332 waiver, a state may receive pass-through funding associated with the resulting reductions in federal spending on Marketplace financial assistance consistent with the statute.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Federal passthrough funding made available through Section 1332 must be used only to implement the waiver program. Passthrough funding is equivalent to the amount of premium tax credits (PTC) that would have been provided to individuals in a state under Section 36B of the Internal Revenue Code but will not be provided under the waiver program, while considering all federal revenue. Federal passthrough funding made available through Section 1332 must be used only to implement the waiver program. The passthrough funds cannot be obligated by the state prior to the waiver effective date. The state agrees to use the full amount of passthrough funding for purposes of implementing the states plan as approved by the Departments. To the extent any passthrough funding exceeds the amount necessary to implement the waiver program, the remaining funds must be rolled over and used for purposes of implement the states plan under the waiver. If the waiver is not extended or is suspended/terminated, unused passthrough funds will be returned to the Treasury promptly, and the state will comply with all the necessary steps to do so.

Applicant Eligibility:

This funding opportunity is only open to US States, Territories and Possessions.

Beneficiary Eligibility:

N/A.

Credentials/Documentation:

Written notification from HHS/CMS that a complete 1332 Waiver Application package has been submitted for review. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. N/A

Award Procedure:

OMB Circular N. A-102 applies. Applicants must complete a 1332 Waiver Program application package available at <http://XXXXXXXXXXXX>. This package must be submitted via Grants.gov. HHS/CMS will review the request and coordinate accordingly with the applicant. A review team will review the package and make recommendations. The final approval authority rests with the Secretary of Health and Human Services.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program has MOE requirements, see funding agency for further details. Maintenance of Effort requirements, as applicable, will be detailed in a grantees Special Terms and Conditions document. States will only receive federal passthrough funding assistance to which it has been calculated they are entitled in accordance with statutory and regulatory requirements, and are expected to supplement any remaining costs of the waiver program with state and/or other funding sources.

Length and Time Phasing of Assistance:

The passthrough funds cannot be obligated by the state prior to the waiver effective date. The state agrees to use the full amount of passthrough funding for purposes of implementing the states plan as approved by the Departments. To the extent any passthrough funding exceeds the amount necessary to implement the waiver program, the remaining funds must be rolled over and used for purposes of implementing the states plan under the waiver. The default waiver period is five years, but waivers can be extended beyond that timeframe. If the waiver is not extended or if it is suspended/terminated, unused passthrough funds will be returned to the Treasury promptly, and the state will comply with all the necessary steps to do so.

Assistance is in the form of a grant, and will be released using the Payment Management System on a quarterly basis. Method of awarding/releasing assistance: quarterly.

Reports:

Progress Reports, SF 424 and 424A SF425 quarterly and final. The state must submit annual and periodic reports pursuant to 31 CFR 33.120 and 33.124, as well as 45 CFR 155.1320 and 155.1324.

Annual reports must indicate:

- Progress of the waiver;
- Data sufficient to show compliance with Sections 1332(b)(1)(A)-(D) of the PPACA;
- A summary of the annual post-award public forum; and

- Other information consistent with the states approved terms and conditions.

Periodic reports must indicate progress as determined through periodic state-led reviews related to the implementation of the waiver. Expenditure Reports. Yes states must conduct periodic reviews and report on progress, including relevant data metrics, as laid out in the specific terms and conditions of the states waiver. Additionally, pursuant to 31 CFR 33.120(f) and 45 CFR 155.1320(f), at the request of the Departments of Health and Human Services and Treasury (the Departments), states must fully cooperate with the Departments or an independent evaluator selected by the Departments to undertake an independent evaluation of any component of the waiver. Finally, the state must participate in all monitoring calls with the Departments that the Departments deem necessary.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

The draft and final annual reports are to be published on a States public Web site within 30 days of submission to and approval by the Secretary of Health and Human Services, respectively.

REGULATIONS, GUIDELINES, AND LITERATURE:

Regulations governing the application process for State Innovation Waivers can be found at the Federal Register at 77 Fed. Reg. 11700 (Feb. 27, 2012). Among other things, these regulations provide guidance on how to apply for a waiver and what an application from a state must contain, including actuarial and economic analyses. The regulations detail public notice and comment requirements that a state must comply with before an application is submitted, including holding public hearings, in order to facilitate a meaningful level of public involvement, input, and transparency in the state application process. They also describe the Federal public notice and comment process that will occur after a completed application has been received. The regulations also describe the requirements for post-award reporting and the standards under which post-award monitoring will take place.

In December of 2015, the Departments of Health and Human Services and Treasury (Departments) released Federal Register guidance at 80 Fed. Reg. 11700 (December 16, 2015) that provided additional information on PPACA Section 1332s statutory requirements.

On May 11, 2017, Departments posted a 1332 waiver application checklist to help states as they develop and complete the required elements of their applications. This checklist follows a March 2017 letter from U.S. Health and Human Services Secretary Price to all states encouraging the use of innovative strategies to strengthen their health insurance markets.

93.424 NON-ACA/PPHFBUILDING CAPACITY OF THE PUBLIC HEALTH SYSTEM TO IMPROVE POPULATION HEALTH THROUGH NATIONAL NONPROFIT ORGANIZATIONS

CBA to Strengthen the Public Health Infrastructure and Performance

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

This program is authorized under sections 301 and 317 of the Public Health Service Act (PHS Act), 42 U.S.C. 241 and 247b as amended. In addition, this program is authorized under sections 311, 317 (K) (2), and 1703, of Public Health Service Act [42 USC, 243, 247 (K) (2), and 300 (U)-(2)] as amended, and the Patient Protection and Affordable Care Act (PL 111-148), Title IV, Section 4002 (Prevention and Public Health Fund) for expanded and sustained national investment in prevention and public health programs., Title IV, Section 4002, 42 U.S.C 242, 247.

OBJECTIVES:

This program will cover NON-ACA/PPHF-funded capacity building assistance projects under CDC-RFA-OT13-1302: Building Capacity of the Public Health System to Improve Population Health through National, Nonprofit Organizations. Applicant organizations will have the opportunity to compete for ACA/PPHF supported projects as well as high priority CDC projects. This program will assist state, tribal, local and U.S. territorial health departments, and other components of the public health system by making available to them capacity building assistance (including technical consultation, skills building/training, information, and technology transfer assistance) that will result in: systems and organizational efficiencies; a capable and qualified workforce; state-of-the-art information technology systems and integrated and standardized community and population data; improved planning, implementation and evaluation of evidence-based public health policies, laws, programs and services; results driven local and national public and private partnerships; and increased availability and accessibility of public health resources, such as publications, educational materials, syndicated website material, training curricula, assessments and evaluation tools, and other products for improvement of public health agencies and other agencies in the public health system.

The overall goal of capacity building assistance is to ensure improvements in the public health infrastructure so that it is prepared for responding to both acute and chronic threats relating to the Nations health such as emerging infections, disparities in health status, and increases in chronic disease and injury rates.

Capacity building assistance will focus on the provision of technical consultation, skills building/training, and information and technology transfer assistance to ensure successful planning, implementation, coordination and evaluation of the key areas for public health infrastructure investments. CBA may also be provided for CDC-funded projects which may include limited CBA to international public health agencies where there is a benefit to US public health efforts or to the US public health system. Investing in CBA is expected to help public health agencies and other public

health components fulfill their mission of protecting and promoting health in their communities and effectively performing essential public health services. Some of the capacity building needs are in the following areas:

Improving the public health workforce (e.g., e-learning, other training, and fellowship programs); vital statistics systems (electronic birth and death registration); food and water borne disease identification and prevention, prevention of hospital acquired infections, electronic health record/IT systems, communications systems and processes (e.g. information syndication and social media capacity), and laboratory and epidemiologic capacity.

Developing information systems to support adoption, implementation, enforcement, and/or evaluation of public health legislation, codes, rules, regulations, ordinances, and other policies.

Improving public health system development/redevelopment by building or re-engineering infrastructure to improve networking, coordination, standardization, and centralization of public health services to effectively and efficiently address priority health indicators.

Implementing best health care practices and conducting impact evaluation
Improving information and data system capacity through policy/communication for standardized data collection and analysis systems, information management technology, information dissemination, and meaningful data use and translation

Improving organizational capacity to effectively and efficiently use resources such as fiscal agents, and intermediaries, and

Improving technical and program guidance and evaluation of preventive services to expand coverage for community and clinical preventive services. This includes technical consultation and promotion on the adoption and utilization of the recommendations from the Guide for Community Preventive Services.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Project funds will be used for costs associated with providing capacity building assistance to strengthen the infrastructure of State, Tribal, Local, and Territorial public health agencies and other components of the public health system. For the purposes of this program, other components of the public health system refers to specific professional constituencies (i.e., epidemiologists, community health nurses, health education and promotion specialists tribal health leaders, chronic disease directors, health information specialists, Medicaid/Medicare Directors, state/local public health financial officials, etc.) or key components of the public health system (i.e., community and neighborhood health centers, public health and primary care delivery systems, community and faith-based organizations, public health and accreditation boards, public health institutes, primary care residency programs, health insurance consortia, family/social services programs, maternal/child health associations, etc.). Recipients may only expend funds for reasonable program purposes, including personnel, travel, supplies (including training materials), and services, such as contractual.

Applicants will be required to participate, comply, and cooperate with CDC for any reporting requirements stipulated by, or mandated for, the receipt of funding. PPHF funding is intended to be used only in support of PPHF programs and projects.

Applicant Eligibility:

1. Eligible Applicants: Organizations with nonprofit 501(c)(3) or nonprofit 501(c)(6) IRS status (other than institutions of higher education).
2. Special Eligibility Requirements: The applicant organization must provide evidence of national scope of work and of public health charge or mission.
3. Justification for Less than Maximum Competition:

The program leadership in the Office of State, Tribal, Local and Territorial Support (OSTLTS) determined that in order to achieve its strategic priorities for strengthening the public health infrastructure and advancing the quality of public health decision making, OSTLTS will need to expand its capacity building assistance (CBA) efforts through national, non-profit organizations with experience and expertise providing capacity building assistance to governmental and non-governmental components of the public health system. Eligible applicants are limited to national, non-profit professional public health mission organizations with experience and expertise providing capacity building assistance (CBA) to governmental and non-governmental components

of the public health system.

The CDC is requesting the provision of capacity building assistance (CBA) to public health agencies and other public health entities across the United States and its territories in order to strengthen public health practice to improve health for all populations. These national public health mission organizations are the only entities positioned to effectively and efficiently execute on the expected capacity building outcomes, outputs, and activities outlined in the FOA. The characteristics that position these organizations are: 1) designated mission and experience working nationally, 2) demonstrated infrastructure, experience and expertise providing CBA, and 3) relationship to the public health system workforce across the United States and Territories.

Therefore, eligibility is limited to the above specified types of applicants/organizations that are expected to demonstrate significant experience and expertise providing capacity building assistance (CBA) to the target populations described in the attached OT13-1302 FOA.

This expertise is necessary for the grantee to effectively and efficiently complete the related activities and achieve the program outcomes described in the funding opportunity announcement.

Additionally the following capacities will facilitate the completion of projects in the specified timeframe: infrastructure to organize, conduct work and disseminate key outcomes; communicate key information to organization members, stakeholders and the public health community on a regular basis; leverage a wide array of resources among organization members and the public health community to expeditiously achieve results in a cost-effective manner; interact with other public health organizations; and act as a networking hub to build the capacity of governmental and non-governmental components of the public health system.

Beneficiary Eligibility:

Beneficiaries include state health departments; tribal health organizations; local health departments; the District of Columbia; U.S. Territories; and other components of the public health system. The general public will also serve as beneficiaries.

Credentials/Documentation:

The applicant organization must include evidence of national scope of work and of public health role or mission. Articles of incorporation, board resolution or by-laws are acceptable forms of evidence. The applicant must also provide evidence of federally assigned 501(c)(3) or 501(c)(6) status designation by submitting a copy of the current, valid Internal Revenue Service (IRS) determination letter. This program is excluded from coverage under OMB Circular No. A-87. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. Allowable costs will be determined in accordance with OMB Circular No. A-87 for non-profit non-governmental organizations.

Applicants must download application forms from www.grants.gov, and completed applications must be submitted electronically at www.Grants.gov.

If an applicant does not have access to the Internet, or if they have difficulty accessing the forms on-line, contact the CDC Procurement and Grants Office Technical Information Management Section (PGO-TIMS) staff. For this, or further assistance, contact PGO-TIMS: Telephone (770) 488-2700, Email: PGOTIM@cdc.gov

Award Procedure:

1. Phase I Review: All eligible applications will be initially reviewed for completeness by CDC's Procurement and Grants Office (PGO) staff. In addition, eligible applications will be jointly reviewed for responsiveness by CDC/OSTLTS and PGO. Incomplete applications and applications that are

non-responsive to the eligibility criteria will not advance to Phase II review. Applicants will be notified if the application did not meet eligibility and/or published submission requirements.

2. Phase II (Initial Base-Funding) Review: An objective review panel will evaluate complete and responsive applications according to the criteria listed in the Criteria section of the FOA. The applications will be compiled and reviewed according to the category for which applicants submitted their applications. Applicants will be notified electronically if the application did not meet eligibility and/or published submission requirements thirty (30) days after the completion of Phase II review.

3. Phase III Review: In addition, the following factors may affect the funding decision during Phase II (Initial Base-Funding Competition) Review:

- a. Preference to avoid duplication of CBA services to the same target populations.
- b. Preference may be given to the funding of applicants that propose to provide CBA services to target populations not served by higher ranking applicants.
- c. Preference will be given to ensure funding of organizations that provide CBA services to target populations not duplicated in other CDC funding mechanisms.

CDC will provide justification for any decision to fund outside of ranked order of scores.

Final funding determinations will be based on application scores from the objective review panels and consideration for CDC's funding preferences.

4. Phase IV (Secondary CIO-Funding) Review: Applicants that are successful in Phase II (Initial Base-Funding) Review and are awarded funds will be eligible to participate in the Phase IV (Secondary CIO-Funding) Review for CDC-wide public health projects. Eligible awardees will receive an application packet detailing the Phase IV (Secondary CIO-Funding) application submission process upon receipt of the Phase II (Initial-Base Funding) Notice of Award. The awardees must submit stand-alone applications in response to a range of CBA projects that represent public health disciplinary areas and cross-cutting disciplines and/or topics. CIO-funded projects may also include limited CBA to international public health constituents where there is a benefit to U.S. public health efforts or to the U.S. public health system. The applications will be compiled and reviewed according to the Category and CIO project for which applicants submitted proposals. In the event a technical review is more efficient (i.e., there is one proposal submitted for a particular CIO project), the technical review will be held in place of an objective review.

Final funding determinations will be based on application scores from the objective review (and technical review) panels.

Deadlines:

Jan 07, 2013 to Mar 08, 2013

Range of Approval/Disapproval Time:

From 30 to 60 days.

Appeals:

Not Applicable.

Renewals:

Renewals will be based upon the conditions in the funding opportunity announcement and are subject to the availability funding under the Patient Protection and Affordable Care Act.

Formula and Matching Requirements:

This program has no statutory formula.

Matching requirements are not applicable to this program.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Financial assistance is available for a 12-month budget period within project periods ranging from one to five years. Method of awarding/releasing assistance: lump sum. Method of awarding/releasing assistance: lump sum.

Reports:

a. Reporting: Reporting allows for continuous program monitoring and identifies successes and challenges that awardees encounter throughout the award. Reporting is also necessary for awardees to apply for yearly continuation of funding. In addition, reporting is helpful to CDC and awardees because it:

- Helps target support to awardees, particularly for cooperative agreements.
- Provides CDC with periodic data to monitor awardee progress towards meeting the FOA outcomes and overall performance.
- Allows CDC to track performance measures and evaluation findings for continuous program improvement throughout the project period and to determine applicability of evidence-based approaches to different populations, settings, and contexts.
- Enables the assessment of the overall effectiveness and impact of the FOA.

As described below, awardees must submit one report per year; ongoing performance measures data, administrative reports, and a final performance and financial report. Below are the specific reporting requirements:

b. Annual Performance Report (due 120 days before the end of the budget period; serves as a continuation application). This report must not exceed 35 pages, excluding work plan and administrative reporting. Attachments are not permitted when submitting this report.

This report must include the following:

- Performance Measures (including outcomes): Awardees must report on performance measures for each budget period and update measures, if needed.
- Evaluation Results: Awardees must report evaluation results for the work completed to date (including any impact data).
- Work Plan (maximum of 25 pages): Awardees should update the work plan each budget period.

Successes

b. -Awardees must report progress on completing activities outlined in the work plan.

- Awardees must describe any additional successes (e.g., identified through evaluation results or lessons learned) achieved in the past year.

- Awardees must describe success stories.

Challenges

- Awardees should describe any challenges that hinder achievement of both annual and project period outcomes, performance measures, or their ability to complete the activities in the work plan.

- Awardees must describe any additional challenges (e.g., identified through evaluation results or lessons learned) encountered in the past year.

CDC Program Support to Awardees

- Awardees should describe how CDC could assist them in overcoming any challenges to achieve both annual and project period outcomes and performance measures, and complete activities outlined in the work plan.

Administrative Reporting (not subject to page limits)

- SF-424A Budget Information-Non-construction Programs

- Budget Narrative Must use the format outlined in Section IV. Content and Form of Application Submission, Budget Narrative Section

- Indirect Cost Rate Agreement

During years 25, awardees may request up to 75% of their estimated unobligated funds to be carried forward into the next budget period.

The carryover request must:

Express a bona fide need for permission to use an unobligated balance.

Include a signed, dated, and accurate Federal Financial Report (FFR) for the budget period from which the fund will be transferred (can request up to 75% unobligated balances).

Include a list of proposed activities, an itemized budget, and a narrative justification of those activities.

The applicant must submit the Annual Performance Report via www.grants.gov 120 days before the end of the budget period.

c. Performance Measure Reporting: CDC programs must require awardees to submit performance measures at least annually. CDC may require more frequent reporting of performance measures. Performance measure reporting should be limited to the collection and reporting of data. CDC programs should

specify reporting frequency, required data fields, and format for awardees at the beginning of the award.

As indicated in the previous section, awardees will submit annual performance reports based on their selected program strategies and activities. These performance measures and the frequency of reporting will vary by project.

d. Federal Financial Reporting: The Annual Federal Financial Report (FFR) SF 425 is required and must be submitted through eRA Commons within 90 days after the end of each budget period. The FFR should only include those funds authorized and disbursed during the timeframe covered by the report. The final FFR must indicate the exact balance of unobligated funds and may not reflect any un-liquidated obligations. There must be no discrepancies between the final FFR expenditure data and the Payment Management Systems (PMS) cash transaction data. Failure to submit the required information in a timely manner may adversely affect the future funding of this project. If the information cannot be provided by the due date, you are required to submit a letter explaining the reason and date by which the Grants Management Officer will receive the information.

e. Final Performance and Financial Report: At the end of the five-year project period, awardees should submit a final report to include a final financial and performance report. This report is due 90 days after the end of the project period and should not exceed 40 pages.

At a minimum, this report must include the following:

Performance Measures (including outcomes): Awardees should report final performance data for all performance measures for the project period.

Evaluation results: Awardees should report final evaluation results for the project period.

Impact/Results: Awardees should describe the impact/results of the work completed over the project period, including success stories.

The completed FFR (SF-425).

The report should be emailed to the CDC Project Officer and the GMS listed in Agency Contacts section of the FOA. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Records must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and General Accounting Office (GAO). The grantee is to also ensure that the sub-recipients receiving CDC funds also meet these requirements (if total Federal grant or grants funds received exceed \$500,000). The grantee should include this requirement in all sub-recipient contracts.

Records:

Financial records, supporting documents, statistical records, and all other records pertinent to the program shall be retained for a minimum of 3 years, or until completion and resolution of any audit in process or pending resolution. In all cases, records must be retained until resolution of any audit questions. Property records must be retained in accordance with 45 CFR 92.42.

93.432 ACL CENTERS FOR INDEPENDENT LIVING

CILs

FEDERAL AGENCY:

Administration for Community Living, Department of Health and Human Services

AUTHORIZATION:

Rehabilitation Act of 1973, as amended, Title VII, Chapter 1, Part C., Title VII., Part C, Section 725.

OBJECTIVES:

To support a Statewide network of centers for independent living (centers or CILs) and provide financial assistance to centers that comply with the standards and assurances in section 725(b) and (c) of the Rehabilitation Act of 1973, as amended (Rehabilitation Act) consistent with the design included in the State Plan for Independent Living for establishing a statewide network of centers. Centers are consumer-controlled, community-based, cross-disability, nonresidential, private nonprofit agencies that are operated in local communities by individuals with disabilities and provide an array of IL services that are designed to enhance independence and productivity of individuals with significant disabilities and to promote their full inclusion and integration into the mainstream of American society.

TYPES OF ASSISTANCE:

Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

Federal funds awarded under this program, the CIL program, are used for the establishment and operation of centers for independent living which offer a wide range of independent living (IL) services. Services must include independent living core services which are (1) information and referral services, (2) independent living skills training, (3) peer counseling, including cross-disability peer counseling, (4) individual and systems advocacy and (5) services that (i) facilitate the transition of individuals with significant disabilities from nursing homes and other institutions to home and community-based residences, with the requisite supports and services; (ii) provide assistance to individuals with significant disabilities who are at risk of entering institutions so that the individuals may remain in the community; and (iii) facilitate the transition of youth who are individuals with significant disabilities, who were eligible for individualized education programs under section 614(d) of the Individuals with Disabilities Education Act (20 U.S.C. 1414(d)), and who have completed their secondary education or otherwise left school, to post-secondary life. As appropriate, IL services may include a combination of any other independent living services specified in Section 7(18) of the Rehabilitation Act. Section 721(b) of the Rehabilitation Act specifies that not less than 1.8 percent and not more than two percent of Federal funds appropriated for the CIL program must be reserved each fiscal year to provide training and technical assistance to centers for independent living and eligible agencies under grants, contract or cooperative agreements with entities who have experience in the operation of centers for independent living.

Applicant Eligibility:

Private non-profit organizations. An eligible agency under the CIL program is a consumer-controlled, community-based, cross-disability, nonresidential, private nonprofit agency or a state agency in states in which no eligible private non-profit organization applies for a grant. A States allotment for IL Part C funds is determined according to a population-based formula. To the extent funds are available, the Rehabilitation Act requires the Administrator to make awards based on a statutory order of priorities to the extent funds are available: (1) The Administrator shall support existing centers for independent living, as described in subsection (c), that comply with the standards and assurances set forth in section 725, at the level of funding for the previous year. (2) The Administrator shall provide for a cost-of-living increase for such existing centers for independent living. (3) The Administrator shall fund new centers for independent living, as described in subsection (d), that comply with the standards and assurances set forth in section 725.

Beneficiary Eligibility:

Individuals with significant disabilities as defined in section 7(21)(B) of the Rehabilitation Act. This refers to an individual with a severe physical or mental impairment whose ability to function independently in the family or community or whose ability to obtain, maintain, or advance in employment is substantially limited and for whom the delivery of independent living services will improve the ability to function, continue functioning, or move toward functioning independently in the family or community or to continue in employment, respectively.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. 93.433 ACL NATIONAL INSTITUTE ON DISABILITY, INDEPENDENT LIVING, AND REHABILITATION RESEARCH

(NIDILRR)

FEDERAL AGENCY:

Administration for Community Living, Department of Health and Human Services

AUTHORIZATION:

The Rehabilitation Act of 1973, Title II, as amended, Title II.

OBJECTIVES:

To support and coordinate research and its utilization in order to improve the lives of people of all ages with physical and mental disabilities, especially persons with severe disabilities, through: (1) identifying and eliminating causes and consequences of disability; (2) maximizing the health, physical, and emotional status of persons with disabilities and their functional ability, self-sufficiency, self-development and personal autonomy; (3) preventing or minimizing personal and family, physical, mental, social, educational, vocational, and economic effects of disability; and (4) reducing and eliminating physical, social, educational, vocational, and environmental barriers to permit access to services and assistance and to use their abilities in daily life.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Grants, cooperative agreements, and contracts are awarded for research, demonstration, dissemination/utilization projects of national significance, and career training projects. All applications must meet standards of excellence in research and evaluation design. Fellowships support individual investigators in pursuing research in rehabilitation.

Applicant Eligibility:

States, public, private, or nonprofit agencies and organizations, institutions of higher education, and Indian tribes and tribal organizations are eligible for research projects and specialized research activities related to the rehabilitation of individuals with disabilities; fellowships may be awarded to individuals.

Beneficiary Eligibility:

Individuals with disabilities may benefit directly or indirectly from research and other activities conducted by grantees, such as technical assistance and dissemination.

Credentials/Documentation:

Applicants should present written evidence of other agencies' willingness to

cooperate when the project involves their acceptance or the utilization of their facilities or services. Costs will be determined in accordance with OMB Circular No. A-21 for educational institutions, OMB Circular No. A-87 for state and local governments, and OMB Circular A-122 for non-profit organizations. OMB Circular No. A-87 applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. OMB Circular No. A-110 applies to this program. NIDRR long- range plan serves as the basis for program announcements that are published in Grants.gov or posted on the ACL website. Proposed priorities may also be published in the Federal Register and Requests for Proposals published in the Commerce Business Daily.

Award Procedure:

New awards are made based upon the results of a peer review process and subsequent review and approval of applications by staff within the Department. Official notice of approved applications is made through issuance of a Notice of Grant Award or an official letter of fellowship award. Grants and fellowships are awarded by the Secretary, Health and Human Services.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days. Ranges from 30 to 120 days. Generally, solicited grants, fellowships, and contracts will be acted upon within 120 days.

Appeals:

Not Applicable.

Renewals:

Grantees must submit annual progress reports in order to receive continuation funding. Awards may be renewed annual for up to five years or to a lesser project period contingent upon the award specifications. Renewals are subject to the availability of appropriations.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Funds are awarded in 12 month budget periods. Support beyond the first 12 month budget period is contingent upon evidence that the grantee has made substantial progress toward achieving the objectives and outcomes for a project, and availability of appropriations. Awards may be made for a maximum of five years. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Annual reports of progress and annual expenditures are required on all projects. Comprehensive final reports are due 90 days after the end of the project. No performance monitoring is required; however, NIDRR has established an extensive system of performance monitoring involving is program officers in oversight of progress toward goals proposed in grant applications. These activities are designed to monitor for performance and research outcomes. No cash reports are required. No progress reports are required. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In accordance with the provisions of

Subpart F-Audit Requirements, under 45 CFR Part 75.500, nonfederal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year. Except as noted in 45 CFR Part 75.500.

Records:

Proper accounting records, identifiable by grant or contract number including all receipts and expenditures, must be maintained for three years. Subsequent to audit, they must be maintained until all questions are resolved.

CRITERIA FOR SELECTING PROPOSALS:

Objectives of projects and programs must be in consonance with and should contribute to achievement of the goals and objectives of the Institute. Proposed research and development activities must be rigorous and of high quality. Adequate facilities must be available or planned to carry out the specific project or program. Personnel must be trained and qualified to carry out the proposed programs, and staffing patterns must be appropriate. Demonstrations of adequate plans and procedures for ensuring the relevance to current needs in rehabilitation and the potential for project results must be effectively utilized. Commitment of available resources on the part of the applicant and evidence that the applicant has knowledge of rehabilitation issues as well as knowledge of past and present related research activities. A statement showing that the estimated cost to the government is reasonable in relation to anticipated project results. Demonstrate the ability and capacity to achieve stated goals. Demonstrate, coordinate and cooperate with regional programs, State agency programs, and private rehabilitation facilities. Specific weighted selection criteria are contained in program regulations. For fellowships, criteria are specified in program regulations, 34 CFR Part 356. These criteria include the education and experience of the individual and the quality of the fellowship proposal.

93.441 INDIAN SELF-DETERMINATION

(Indian Self-Determination 638 Contracts)

FEDERAL AGENCY:

Indian Health Service, Department of Health and Human Services

AUTHORIZATION:

Indian Self-Determination and Education Assistance Act, Title 1, Section 102, Public Law 93-638.

OBJECTIVES:

To enable Indian tribes to assume the management and operation of programs, functions, services, and activities (PFSA) for the delivery of health care to Indian people. To enter into a self-determination contract or contracts with Indian tribes or tribal organizations (T/TO) interested in transferring the responsibility for the administration and provision of health services from the government to tribal leadership.

TYPES OF ASSISTANCE:

DIRECT PAYMENTS FOR A SPECIFIED USE

USES AND USE RESTRICTIONS:

Funds are for the tribes to provide the PFSA transferred from the Indian Health Service (IHS). The funds are not available for construction unless specifically authorized by Congress. Tribes can reallocate funds within their budget from one line item to another without contract modifications. Tribes also receive administrative funds for the contracted programs.

Applicant Eligibility:

Any federally-recognized tribe that formally requests, through a governing body action, a resolution, to enter into a self-determination contract or contracts for the purpose of planning, conducting, and administering programs, or portions thereof, including construction programs, provided that the T/TO submits a contract proposal that conforms to the requirements contained in 25 CFR 900.8 may apply.

Beneficiary Eligibility:

Indian tribes will benefit.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

The Agency shall, within 30 days of receipt of a notice of intent to contract, provide the tribe pre-proposal technical assistance, if requested to do so. The Agency will also notify the tribe of the amount of funds available to contract, under 106(a) of the ISDA, and begin planning for the transfer of responsibilities and funding to the tribe. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. A tribe or tribal organization may submit a proposal for a self-determination contract or a proposal to amend or renew an existing contract. Unless there is a declination issue the Secretary shall within 90 days after receiving the proposal, approve the proposal and award a contract to the tribe. Declination issues are: (A) The service to be rendered to the Indian beneficiaries of the particular program or function to be contracted will not be satisfactory; (B) adequate protection of trust resources is not assured; (C) the proposed project or function to be contracted for cannot be properly completed or maintained by the proposed contract; (D) the amount of funds proposed under the contract is in excess of the applicable funding level for the contract as determined under Section 106(a); or (E) the program, function, service, or activity (or portion thereof) that is the subject of the proposal is beyond the scope of programs, functions, services, or activities covered under paragraph (1) because the proposal includes activities that cannot lawfully be carried out by the contractor.

Award Procedure:

The agency negotiation team and the representatives of the tribe shall develop the agenda for the contract negotiation session(s). The agency negotiation team should assure that any issues identified during the proposal review stage, together with any agency recommendations for overcoming these issues, are raised at the negotiations. Title I contracts are generally awarded at the area office level. They are awarded for a definite period of time (1 to 3 years) or may be designated as "mature" and awarded for a definite or indefinite period of time.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

Section 102 of the ISDA and Subpart L of the regulations are the basic sections covering the appeal procedures. Section 900.150 of 25 CFR lists the decisions a T/TO can appeal under Subpart L (25 CFR 900.150-169). The procedures here apply to those appeals. Also, 25 CFR Section 900.151 of the regulations describes appeals that are covered under Subpart N of the regulations and other appeals. The T/TO has three options in appealing a decision under 25 CFR 900-150. The T/TO can request an informal conference and/or can file a formal appeal. The T/TO also has the option of going directly to the Federal court at any time.

Renewals:

Annual funding agreements are renegotiated and renewed annually. Title I contracts may be designated as "mature" and awarded for a definite or indefinite period of time.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: A T/TO may use funds provided under a Title I contract to meet matching or close participation requirements under other Federal and nonfederal programs.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

n/a. Method of awarding/releasing assistance: quarterly.

Reports:

No reports are required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Section 5(f) of the ISDA requires a T/TO to submit an annual "Single Audit Act" as required by Chapter 75 of Title 31 U.S.C. OMB Circular No. A-133, Audits of States, Local Governments and Nonprofit Organizations, revised June 24, 1997, rescinded circular No. A-128 and superseded the Prior version of A-133. Revised circular No. A-133 now applies to T/TO.

Records:

Department of Health and Human Services (DHHS) and the Comptroller General of the United States or any of their authorized representatives, shall have the right to access any books, documents, papers, or other records of a grantee, subgrantee, contractor, or subcontractor, which are pertinent to the HHS award, in order to make audits, examinations, excerpts, and transcripts. Grantees are required to maintain accounting records 3 years after the end of the budget period of the award. If any litigation, claim, negotiation, audit or other action involving the records shall be retained until completion of the action and resolution of all issues arising from it, or until the end of the regular 3-year period, whichever is later.

93.442 SPECIAL DIABETES PROGRAM FOR INDIANS (SDPI) DIABETES PREVENTION AND HEALTHY HEART INITIATIVE FEDERAL AGENCY:

Indian Health Service, Department of Health and Human Services

AUTHORIZATION:

Balanced Budget Act of 1997, Public Law 105-33; Medicare, Medicaid, and SCHIP Extension Act of 2007, Public Law 110-173; Consolidated Appropriations Act of 2001, Public Law 106-554; Reauthorization of SDPI 2002, Public Law 107-360; Medicare Improvements for Patients and Providers Act of 2008, Public Law 110-275.

OBJECTIVES:

The Indian Health Service (IHS) announces a new initiative under the Special Diabetes Program for Indians (SDPI). This funding mechanism is a competitive cooperative agreement program that will provide funding to selected SDPI grantees for a demonstration project to implement and evaluate defined activities in one of two areas (primary prevention of diabetes or prevention of cardiovascular disease in people with diabetes).

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds (including direct costs and allowable indirect costs) may be used only for expenses clearly related and necessary to carry out approved activities that will support the implementation and evaluation of demonstration projects under this competitive grant program.

Applicant Eligibility:

Applicants eligible to receive an award under this announcement are SDPI grant recipients. The applicant must be one of the following entities: IHS hospital or clinic, federally recognized Tribes, Title V Urban Indian Health Programs or consortia of any of the above. A SDPI grant recipient can apply only once as a single entity or as part of consortium. An application submitted by consortium of SDPI grant recipients must be submitted by one of the SDPI grant recipients sanctioned as the principal applicant. A letter of support must be included in the application from each SDPI grantee the principle applicant is representing. The letter must specifically state that the principal applicant is officially representing that SDPI grantee in this application. Applicants for consortium who do not submit these letters of support at the time of the

application receipt date will not be reviewed and are ineligible for the award. Smaller applicants are encouraged to apply as part of consortium, especially their diabetes registry is less than 250. Applicants are strongly encouraged to establish eligibility of their proposed applications prior to submission. Inquiries about eligibility should be addressed to Gordon Quam, SDPI Demonstration Projects Grant Project Officer, IHS Division of Diabetes Treatment and Prevention at 505-248-4182; email to diabetesprogram@ihs.gov. Applicants that are not SDPI grant recipients are not eligible. Non-profit tribal organizations or national/area health boards are not eligible, consistent with recent tribal consultation on this issue. Applications that do not meet these eligibility requirements will be returned to the applicant without further review.

Beneficiary Eligibility:

American Indians and Alaska Natives will be the ultimate beneficiaries of the funded demonstration projects through either prevention or direct treatment services.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular Circular No. A-122, "Cost Principles for Non-Profit Organizations." 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Applications can be found at <http://www.grants.gov>. Applications will also be available on request from the IHS Division of Diabetes Treatment and Prevention at the following address: 5300 Homestead Road, NE, Albuquerque, NM 87110. Telephone: (505) 248-4182, fax 505-248-4188, email address: diabetesprogram@ihs.gov. The application will be posted on the IHS Division of Diabetes Treatment and Prevention web site at www.diabetes.ihs.gov and on the HHS Grants web site at <http://www.grants.gov>. Applicants may submit one application for one or both demonstration projects. A separate application is required for each demonstration project. Applicants will be funded for only one project (primary prevention of diabetes or prevention of cardiovascular disease in people with diabetes).

Tribal Approval of Application/Letter of Support: It is the policy of the IHS that all projects involving AIAN tribes be approved by the Tribal governments with jurisdiction. Therefore, the following documentation is required as part of this application: 1) For federally recognized Indian tribe - a resolution of support from the Tribal government must be a part of the application. Applications that involve more than one Indian tribe must include resolutions of support from all participating tribes. 2) For an eligible consortium of tribes - a resolution of support from each tribe of the consortium must be included. 3) For Title V Urban Indian Health Programs - a letter of support from the program's board must be included. 4) For IHS hospitals or clinics - a letter of support from the Service Unit Director or Chief Executive Officer must be included. 5) For all applicants - letters of support from all partners and collaborating entities.

The preferred method for receipt of applications is electronic submission through Grants.gov. However, should any technical problems arise regarding the submission, please contact Grants.gov Customer Support at 1-800-518-4726 or support@grants.gov. The Contact Center is open 24 hours a day, 7 days a week (except Federal holidays). If you require additional assistance please contact Tammy Bagley, Grants Policy Officer; Telephone: (301) 443-5204 at least ten days prior to the application deadline. To submit an application electronically, please use the <http://www.Grants.gov> apply site. Download a copy of the application package, on the Grants.gov website, complete it offline and then upload and submit the application via the Grants.gov site. You may not e-mail an electronic copy of a grant application to us. Upon receipt, IHS will administratively review applications by completeness and responsiveness. Applications that are incomplete, non-responsive to this RFA, do not meet eligibility criteria or do not follow the guidelines of the SF 424 will be returned

to the applicant without further consideration. Applications will be evaluated for technical merit by appropriate peer review groups convened by the IHS National Diabetes Program in accordance with established criteria.

Award Procedure:

Applicants will only be eligible to receive one award for funding in one area (i.e. primary prevention of diabetes or prevention of cardiovascular disease in people with diabetes. Priorities for funding will be based on the technical merit of the application, the assessed potential of the applicant and the likelihood of the applicant to successfully implement the defined interventions. Awards will be made only to organizations with financial management systems and management capabilities that are acceptable under PHS Policy. Awards will be administered under the PHS Grants Policy Statement. Awards will be subject to the availability of funds and grants will be administered in accordance with applicable Office of Management and Budget (OMB) Circulars, Department of Health and Human Services grant regulations at 45 CFR Parts 74 and 92, the Public Health Service Grants Policy Statement and other applicable IHS policies and procedures such as the regulations governing protection of human subjects at 45 CFR Part 46. Grants Management will not award a grant without an approved application in conformance with regulatory and policy requirements and which describes the purpose and scope of the project to be funded. When the application is approved for funding, the Grants Management Office will prepare a Notice of Grant Award with special terms and conditions binding upon the award and refer to all general terms applicable to the award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days. The anticipated date for the announcement of selectees is 60 days after the application due date.

Appeals:

Not Applicable.

Renewals:

This funding was awarded as a cooperative agreement until FY 2015. No further renewals will be granted.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Assistance is available during the stated Project Periods. Method of awarding/releasing assistance: quarterly.

Reports:

Program reports are not applicable. Grantees will be required to submit quarterly Federal Financial Report (SF-425 or FFR) to the Division of Payment Management Branch. Progress reports are required annually, semi-annually or quarterly depending on the time lines set by the IHS program. A final progress report is due 90 days after the end of each budget period and at the end of the final project period. Grantees will be required to submit quarterly Federal Financial Report (SF-425 or FFR) to the Division of Payment Management Branch. IHS grants are monitored by the Division of Grants Management for financial compliance and by the IHS Program Staff for programmatic compliance.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal government officials.

Records:

All records of the grant must be retained for 3 years after submission of the final expenditure report. If questions remain, such as those resulting from an

audit, pertinent records must be kept until the matter is resolved. The Secretary, the Inspector General of the Department of the Health and Human Services, and the Comptroller General of the United States or any of their authorized representatives shall have the right to access all records, report, books, document, papers or other records of the grantee, contractor, or subcontractor or of any entity pertinent to the DHHS grant in order to make audits, examinations, excerpts and transcripts.

93.444 TRIBAL SELF-GOVERNANCE PROGRAM: PLANNING AND NEGOTIATION COOPERATIVE AGREEMENT
(Tribal Self Governance)

FEDERAL AGENCY:

Indian Health Service, Department of Health and Human Services

AUTHORIZATION:

Indian Self-Determination and Education Assistance Act (ISDEAA), 25 U.S.C. 458aaa-2(e)-(f); 42 C.F.R. 137.24-26.

OBJECTIVES:

To enable Federally recognized Indian tribes to enter into agreements that would allow them to assume programs, services, functions, and activities (PSFA) (or portions thereof) that the IHS would otherwise provide for Indians because of their status as Indians. To accomplish this objective, the Indian Health Service (IHS) offers Planning and Negotiation Cooperative Agreements each year for: (1) additional tribes interested in participating in the IHS Tribal Self-Governance Program, and (2) existing Self-Governance Tribes that would like to plan for the assumption of new and/or expanded programs. The Planning Cooperative Agreements allow Tribes to gather information to determine the current types and extent of PSFA and funding levels available within its service areas and to plan for the types and extent of PSFA and funding to be made available to the tribe under a compact. The Negotiation Cooperative

Agreements provide Tribes with additional funding to defray costs involved in and preparing to negotiate Self-Governance compacts pursuant to Title V of the ISDEAA.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funding transferred through a Planning or Negotiation Cooperative Agreement must be used to either: (1) establish and operate programs to provide planning and negotiation resources to Tribes interested in participating in the IHS Tribal Self-Governance Program, or (2) expand current Self-Governance activity.

Applicant Eligibility:

For Planning Cooperative Agreements, any Federally recognized tribe that (1) formally requests, through a governing body action, a Planning Cooperative Agreement for the purpose of preparing to enter the IHS Tribal Self-Governance Program and (2) has furnished organization-wide single audit reports as prescribed by Pub. L. 96-502, the Single Audit Act of 1984, as amended, for the previous three years that contain no uncorrected significant and material audit exceptions. See OMB Circular No. A-133 (June 27, 2003 and June 26, 2007). For Negotiation Cooperative Agreements, in addition to the two criteria listed above, applicants must have successfully completed the planning phase as described at 42 C.F.R. 137.20.

Beneficiary Eligibility:

Federally recognized Indian tribes and tribal organizations (as defined in 25 U.S.C. 458aaa-(b)) may benefit.

Credentials/Documentation:

No Credentials or documentation are required. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. The preferred method for receipt of applications is electronic submission through <http://www.Grants.gov>. However, should any technical problems arise regarding the submission, please contact Grants.gov Customer Support by telephone at (800) 518-4726 or by electronic mail at support@grants.gov. Customer Support is available 24 hours a day, 7 days a week (except for Federal Holidays). If problems persist, please contact Paul Gettys, Division of Grants Management Systems Coordinator by telephone at (301) 443-2114 or by e-mail to Paul.Gettys@ihs.gov at least ten (10) days prior to the application deadline. To submit an application electronically, please use the Internet Website located at <http://www.Grants.gov>. Download a copy of the application package, on the Grants.gov website, complete it offline and then upload and submit the application via the Grants.gov site. An electronic copy of a grant application submitted by electronic mail to the IHS will not be accepted.

Award Procedure:

Cooperative agreements are made directly by the IHS to the Indian tribal applicants, based on results of an Objective Review process.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 30 to 60 days. Within 45 days of IHS deadline.

Appeals:

From 30 to 60 days. Per 42 C.F.R. 137.416, decisions relating to the award of Cooperative Agreements may be appealed under 45 C.F.R. Part 5.

Renewals:

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching requirements are not applicable to this program.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Not applicable. Method of awarding/releasing assistance: quarterly.

Reports:

Program reports are not applicable. Federal cash transaction reports are due 30 days after the close of every calendar quarter to the Payment Management Service (PMS), Payment Management Branch. Please refer to the PMS website (<http://www.dpm.psc.gov/>) for additional guidance. Progress reports are required to be submitted semi-annually and within 30 days after the budget period ends. A final report must be submitted within 90 days of expiration of the budget/ project period. Financial status reports are required to be submitted quarterly within 30 days after the budget period ends. Final financial status reports are due within 90 days of expiration of the budget/project period. Grantees must submit the reports consistent with the applicable deadlines identified in the Standard Grant Conditions. Failure to submit required reports within the time allowed may result in suspension or termination of an active grant, withholding of additional awards for the project, or other enforcement actions such as withholding of payments or converting to the reimbursement method of payment.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

HHS and the Comptroller General of the United States, or any of their authorized representatives, shall have the right to access any books, documents, papers, or other records of a grantee, subgrantee, contractor, or subcontractor, which are pertinent to the HHS award, in order to make audits, examinations, excerpts and transcripts. Grantees are required to maintain accounting records 3 years after the end of the budget period of the award. If any litigation, claim, negotiation, audit or other action involving the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

93.448 FOOD SAFETY AND SECURITY MONITORING PROJECT

FERN Grant Program

FEDERAL AGENCY:

Food and Drug Administration, Department of Health and Human Services

AUTHORIZATION:

Public Health Security and Bioterrorism Preparedness and Response Act of 2002, Public Law 107-188.

OBJECTIVES:

To complement, develop and improve State, Indian Tribal, and local food safety and security testing programs for equipment, supplies, personnel, training, and facility upgrades to FERN microbiological, chemical, and radiological laboratories to establish additional reliable laboratory sample analysis capacity and analysis of surveillance samples.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

The FERN cooperative agreements are intended to target state, local, and tribal FERN laboratories to provide increased analytical capacity and expertise (including method validation) in the event of food outbreaks or other large-scale food emergency events requiring surge capacity testing of implicated food samples. These funds cannot be used to fund or conduct food inspections for food safety regulatory agencies. They may not be used for new building construction, however remodeling of existing facilities is allowed, provided that remodeling costs do not exceed 25% of the grant. Funding restrictions are noted in the Funding Opportunity Announcement and the Terms and Conditions of Award.

Applicant Eligibility:

These cooperative agreement and grants programs are only available to State, Local and Tribal government Food Emergency Response (FERN) laboratories.

Beneficiary Eligibility:

Successful programs will benefit the general population as more rapid and reliable food testing to enhance food safety efforts is developed. The FERN laboratory network will also benefit from better testing methods, equipment and training.

Credentials/Documentation:

Applications must present a project plan and provide evidence that their facilities, personnel and equipment are appropriate to carry out the plan. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The required application forms as referenced in the Funding Opportunity Announcement (FOA) and required by 45 CFR 72, and as posted in Grants.gov must be used for this program. The FOA may be published in the NIH Guide or Federal

Register. All applications submitted for new, competing continuations or competing supplemental grants must complete the required applications forms through Grants.gov at <http://www.grants.gov>.

Award Procedure:

All accepted applications receive a programmatic and objective review. All approved and recommended applications will be scored and compete for available funds on the basis of score, programmatic/scientific merit and program relevance. Geographic distribution will be a consideration in the award selection process.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days. 90-120 days.

Appeals:

From 15 to 30 days.

Renewals:

From 90 to 120 days. The Funding Opportunity Announcement will indicate if "Renewals" are accepted. Procedures are the same as for new applications.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

The length of support will depend on the nature of the project, program relevance and the availability of funds. For those projects with an expected duration of more than 1 year, future recommended support, up to five years will depend on: 1) performance during the preceding year and, 2) the availability of Federal funds. See the following for information on how assistance is awarded/released: Recommended and approved projects will receive a Notice of Grant Award electronically or in hard copy.

Funds are made available through the Payment Management System (PMS).

Reports:

Program reports are required as stated in the Funding Opportunity Announcement and the Terms and Conditions of Award. Cash reports are not applicable. Progress Reports are required as stated in the Funding Opportunity Announcement and the Terms and Conditions of Award. Expenditure reports are required as stated in the Funding Opportunity Announcement and the Terms and Conditions of Award. Performance monitoring is required as stated in the Funding Opportunity Announcement and the Terms and Conditions of Award.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal government officials.

Records:

Progress reports, financial and programmatic records, supporting documents, statistical records and all other records that are required in the terms and conditions of the grant, or may be considered pertinent to grant expenditures and other financial records must be retained for 3 years from the day on which the grantee submits the required final financial reports for the project period. See 45 CFR 74.53 and 92.42 for exceptions and qualification to the 3 year retention requirement. See 45 CFR 74.48 and 92.36 for record retention and access requirements for contracts under grants.

93.449 RUMINANT FEED BAN SUPPORT PROJECT

BSE Grant Program

FEDERAL AGENCY:

Food and Drug Administration, Department of Health and Human Services

AUTHORIZATION:

Public Health Security and Bioterrorism Preparedness and Response Act of 2002, Public Law 107-188.

OBJECTIVES:

To assist in an increased surveillance presence throughout the commercial feed channels to prevent the introduction or amplification of Bovine Spongiform Encephalopathy (BSE) in the United States.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds are used for location and visitation of firms involved in the manufacture, distribution and transportation of animal feed, and operations feeding ruminant animals in their jurisdiction, to verify compliance with the ruminant feed ban. Visitations could include annual inspections of renderers, protein blenders and feed mills that manufacture animal feeds and feed ingredients utilizing materials prohibited under the ruminant feed ban that are not covered under existing FDA contracts and other agreements. Funds can be used for inspections of salvagers of food and feed, and transporters of animal feed and feed ingredients, supplies, training, laboratory equipment for feed sample testing, and as a supplement to the annual State program appropriations. Funds may not be used to replace annual State program funds for these purposes. Specific funding restrictions are as noted in the Funding Opportunity Announcement (FOA) and the Notice of Grant Award.

93.452 HEALTH IMPROVEMENT FOR RE-ENTERING EX-OFFENDERS INITIATIVE (HIRE) HIV/AIDS

HIRE Program

FEDERAL AGENCY:

Office of the Secretary, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, as amended, Title XVII, Section 1707 (e)(1), 42 U.S.C. 300u et seq., 42 U.S.C 300u et seq.

OBJECTIVES:

The HIRE Program seeks to improve the HIV/AIDS health outcomes of ex-offenders re-entering the mainstream population (Re-entry Population) by supporting community-based efforts to ensure their successful transition from state or federal incarceration back to their communities. It is expected that applicants will ensure that ex-offenders returning to their communities from incarceration or detention are sufficiently prepared to: maximize their chances for successful reintegration; seek to eliminate the structural and medical barriers to reintegration that are necessary to preserve public safety; acknowledge the roles that families and communities play in the reentry process and ensure that they are sufficiently prepared to take on those responsibilities; and collect the data needed from pre-release and post-release prison medical reports to better evaluate the effectiveness of the project and assist ex-offenders affected by HIV/AIDS.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds are to be used to support projects or activities consistent with the mission of the Office of Minority Health of the U.S. Public Health Service, and that facilitate improvement in the HIV/AIDS health outcomes of ex-offenders re-entering the mainstream population. Funds are not to be used for the provision of health care treatment, for construction, or to supplant ongoing project activities. Grant funds may only be used to support activities outlined in the approved project plan. The allowability, allocability, reasonableness, and necessity of direct and indirect costs may be charged to HHS/OASH grants in accordance with Department regulations and policy effective at the time of the award. Current requirements are outlined at 45 CFR Part 75 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards, 79 Federal Register 75871 (December 19, 2014).

Applicant Eligibility:

To qualify for funding, an applicant organization must: be located within one of the five targeted states with the highest incidence of inmates known to be infected with HIV or of inmates to have confirmed AIDS in state and federal prisons at year end 2008: Florida, New York, Texas, California, or Georgia. Furthermore, the organization must have a minimum of five years experience in: a) providing services to the re-entry population; and b) implementing HIV/AIDS-related health and support services. Additionally, the eligible organization must be a:

Private nonprofit community-based, minority-serving organization which addresses health, human or correctional services; or
Public entity (local government) which addresses health, human or correctional services; or
Tribal governmental entity which addresses health, human or correctional services; or
Faith-based organization which provides comprehensive pre-release, transitional or reentry services.

Beneficiary Eligibility:

The HIRE Program places primary focus on the reentry populations in five targeted states, with special emphasis on the following reentry subpopulations: substance abusers, men who have sex with men, and individuals impacted by mental health disorders.

Credentials/Documentation:

93.465 TOBACCO PREVENTION AND CONTROL LEGAL TECHNICAL ASSISTANCE

Legal TA

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

This program is authorized under Section 307 of the Public Health Service Act, Comprehensive Smoking Education Act of 1984, and Comprehensive Smokeless Tobacco Health Education Act of 1986.

OBJECTIVES:

The awardee will provide legal technical assistance and consultation to OSH and NTCP grantees awardees on questions related to the identification, development, adoption, and implementation of evidence-based interventions and policies nationwide. This project will assure that all CDC-funded grantees awardees have access to legal technical assistance from tobacco prevention and control legal experts, as well as keep CDC informed of tobacco control-related legal issues that may affect NTCP goals and strategic planning.

TYPES OF ASSISTANCE:

Cooperative Agreements (Discretionary Grants)

USES AND USE RESTRICTIONS:

Assistance can be used to pay for employee salaries, overheads, travel costs, and other expenses directly related to achievement of the strategies and activities listed in the FOA towards the purpose of fulfilling obligations related to providing legal technical assistance to CDC and its awardees. Assistance cannot be used for lobbying, as outlined in CDC guidance and agency anti-lobbying restrictions (link). Additionally, assistance cannot be used for paying subcontractors or for staff training.

Applicant Eligibility:

In addition to the above list, legal centers are eligible for this FOA. Due to the strategies, activities and approaches required by this cooperative agreement, it is essential that the potential awardee has a) deep institutional knowledge specific to current and historical U.S. tobacco control issues, b) is an experienced national organization with capacity to work at the national level in tobacco control legal TA, and c) does not have any present or historical links to the tobacco industry and should provide a statement to such effect.

Beneficiary Eligibility:

The immediate beneficiaries of the program include the federal government, state, local , territorial and Federally Recognized Indian Tribal Governments, as well as other CDC Office on Smoking and Health Awardees such as the National Networks, which include a range of non profit organizations. The ultimate beneficiary of the program is the general public, as the program seeks to support population-wide environmental changes that help to transform the nations health and provide individuals with equitable opportunities to take charge of their health. Smokers are more likely to be in lower socioeconomic groups; tobacco control work is a proven strategy to reduce health inequities.

Credentials/Documentation:

Staff resumes/ CVs including legal education and experience credentials; letters of recommendation/support. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

Award Procedure:

This FOA will undergo PGO review for completeness (Phase I review) and objective review by a review panel (Phase II) with points assigned to each of the requested criteria in the application. The proposer with the highest score will be awarded the Cooperative Agreement.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 15 to 30 days. Within 30 days after Phase II review is complete.

93.475 TANF POLICY ACADEMY FOR INNOVATIVE EMPLOYMENT STRATEGIES (PAIES)

PAIES

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title IV, Part A, Section 413.

OBJECTIVES:

The TANF PAIES project will work with successful state TANF applicants to design, plan and refine components and strategies to improve employment outcomes for TANF program participants. Through the development of strategic action, implementation, and evaluation feasibility plans, successful applicants will focus on developing client coaching and/or career pathway approaches to improve employment outcomes and economic stability for TANF participants.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Assistance must be used in accordance with the following provisions of 413 (a), (c), and (h) of the Social Security Act as revised: Section 413(a) - The Secretary shall conduct research on the effect of state programs funded under this part and any other state programs funded with qualified State expenditures (as defined in section 409(a)(7)(B)(i)) on employment, self-sufficiency, child well-being, unmarried births, marriage, poverty, economic mobility, and other factors as determined by the Secretary. Additionally, Section 413(c) states that the Secretary shall in consultation with the State receiving funds provided under this part, develop methods of disseminating information on any research, evaluation, or study conducted under this section. OBJECTIVES:

The Pregnancy Assistance Fund (PAF) grant program provides support for States and Tribes to develop and implement programs to improve the educational, health, and social outcomes for expectant and parenting teens, women, fathers, and their families. The PAF aims to strengthen access to and completion of education (secondary and postsecondary); improve child and maternal health outcomes; improve pregnancy planning and spacing and reduce the likelihood of repeat teen pregnancies; increase parenting skills for mothers, fathers, and families; strengthen co-parenting; decrease intimate partner violence; and raise awareness of available resources.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Providing support for expectant and parenting students in Institutions of Higher Education (IHE); Providing support for expectant and parenting teens, young adults, women, fathers and their families in high schools and community service centers; Improving services for pregnant or parenting women who are

victims of domestic violence, sexual violence, sexual assault, and stalking; and/or Increasing public awareness and education of services available for expectant and parenting teens, young adults, women, fathers and their families. For purposes of this funding, the term expectant includes both women and men who are expecting a child. The term teens refers to both young men and women of high-school age and students refers to women and men enrolled in institutions of higher education. The term young adults refer to both men and women ages 20 -24. Families include, but are not limited to spouses, partners, and children.

Applicant Eligibility:

Eligible applicants are from States, which include the District of Columbia, any commonwealth, possession, or other territory of the of the United States and any Federally-recognized Indian tribe, reservation or consortium or council (referred to as States or tribes), for the development and implementation of programs for expectant and parenting teens, women, fathers and their families.

The authorized representative from the State or tribe must apply for grant funds available through this announcement to assist expectant and parenting teens, women, fathers and their families.

Beneficiary Eligibility:

1. States, which include the District of Columbia, any commonwealth, possession, or other territory of the United States, and any Federally-recognized Indian Tribe, reservation, consortium or council
2. Education, Health, Non-profits, Community-based organizations, and entities within tribal communities.

Credentials/Documentation:

The authorized representative from the State or tribe must apply for grant funds available through this announcement to assist expectant and parenting teens, women, fathers and their families. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

The Governor(s) of the State(s) in which the project is to be located is to be given 60 days in which to review and comment on applications for funding under this authority. An applicant should consult the office or official designated as the single point of contact in the State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. This program is subject to the Public Health Systems Reporting Requirements. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The announcement for this grant opportunity may be found on www.Grants.gov. The application forms and guidelines are available for online submission only. Submitted applications are screened upon receipt for completeness, responsiveness and conformance to the program announcement. Those applications judged to be unacceptable based on this initial screening will be returned. Applications may only be submitted electronically via the electronic submission mechanisms specified in the announcement (Grants.gov). Any application submitted via any other means of electronic communication, including facsimile or electronic mail, will not be accepted.

Award Procedure:

An independent review panel will evaluate applications that pass the screening and meet the responsiveness criteria if applicable. These reviewers are experts in their fields, and are drawn from academic institutions, non-profit organizations, state and local government, and Federal government agencies. Based on the Application Review Criteria as outlined under Section V.1, the reviewers will comment on and score the applications, focusing their comments and scoring decisions on the identified criteria. In addition to the independent review panel, Federal staff will review each application for programmatic, budgetary, and grants management compliance. Final award decisions will be made by the Director of the Office of Adolescent Health. All applicants are

notified in writing of actions taken on their applications. A Notice of Award is issued for those applications that are approved and funded.

CRITERIA FOR SELECTING PROPOSALS:

Proposals must contain prevention services requirements specified in the statute.

The Pregnancy Assistance Fund (PAF) grant program provides support for States and tribes to develop and implement programs to improve the educational, health, and social outcomes for expectant and parenting teens, women, fathers and their families. The PAF aims to strengthen access to and completion of education (secondary and postsecondary); improve child and maternal health outcomes; improve pregnancy planning and spacing and reduce the likelihood of repeat teen pregnancies; increase parenting skills for mothers, fathers, and families; strengthen co-parenting relationships and marriage where appropriate, increase positive paternal involvement; decrease intimate partner violence; and raise awareness of available resources.

For purposes of this funding, the term expectant includes both women and men who are expecting a child. The term teens refer to both young men and women of high-school age and students refers to women and men enrolled in institutions of higher education. The term young adults refer to both men and women age 20 -24. Families include, but are not limited to spouses, partners, and children.

Applicants may apply for funding in one or more of the following categories: Category 1 Providing support for expectant and parenting students in Institutions of Higher Education (IHE); Category 2 Providing support for expectant and parenting teens, young adults, women, fathers and their families in high schools and community service centers; Category 3 - Improving services for pregnant and parenting women who are victims of domestic violence, sexual violence, sexual assault, and stalking; or Category 4 Increasing public awareness and education of services available for expectant and parenting teens, young adults, women, fathers and their families. OAH has two program priorities for this FOA: 1) proposals that seek to involve expectant and parenting fathers and 2) proposals that target young adults (ages 20 -24). A signed letter from the authorized representative must accompany the application and should include documentation establishing the authorized representatives authority to apply for and administer the grant funds on behalf of the State or tribe. OAH will accept only one application per State or tribe. All qualified applications will be given equal considerations.

93.501 GRANTS FOR SCHOOL-BASED HEALTH CENTER CAPITAL EXPENDITURES

(SBHCC)

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Patient Protection and Affordable Care Act of 2010, Title IV, Section 4101, Public Law 111-148.

OBJECTIVES:

The goal of the program is to award funds made available to expand school-based health center capacity to provide primary health care services for school-aged children. 93.504 FAMILY TO FAMILY HEALTH INFORMATION CENTERS

F2F HICs

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title V, Section 501(c)(1)(A)(iii), codified at 42 U.S.C. 701(c), as amended by the Medicare Access and CHIP Reauthorization Act of 2015, Section 216 (P.L. 114-10).

OBJECTIVES:

To develop and support Family to Family Health Information Centers. The Family-to-Family Health Information Centers (1) assist families of children with disabilities or special health care needs to make informed choices about health care in order to promote good treatment decisions, cost-effectiveness, and improved health outcomes for such children; (2) provide information regarding the health care needs of, and resources available for, such children; (3) identify successful health delivery models for such children; (4) develop with representatives of health care providers, managed care organizations, health care purchasers, and appropriate State agencies, a model for collaboration between families of such children and health professionals; (5) provide training and guidance regarding caring for such children; (6) conduct outreach activities to the families of such children, health professionals, schools, and other appropriate entities and individuals; and (7) are staffed by such families who have expertise in Federal and State public and private health care systems; and by health professionals.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

All funds granted should be expended solely for carrying out the approved project in accordance with Section 501(c)(A) of the Social Security Act.

Restricted Uses: Indirect costs that are allowed for administrative costs incurred as a result of the project are limited to 8 percent of direct costs. Student support through stipends, tuition, and fees is not eligible for support.

Applicant Eligibility:

Eligible applicants include public and private entities, including an Indian tribe

or tribal organization (as those terms are defined at 25 U.S.C. 450b), faith-based organizations, and community-based organizations. The law limits the site of eligible organizations to the 50 States and the District of Columbia. Although Tribes and tribal organizations may apply, they must meet all applicable requirements, including targeting of all children and youth with special health care needs (CYSHCN) across the State for services. Applicants must have experience related to the purpose of the program, the effort must be family-staffed/run, and the effort must have a focus on health for CYSHCN (as defined by the MCH Bureau). For example, if an applicant is a family organization with a history of funding that is condition-specific or related to education, mental health or developmental disabilities, as with any applicant, evidence of health for the broad CYSHCN population must be evident in their application. Applicants MUST demonstrate that they have EXISTING and effective fiduciary, administrative and management systems. If a different fiduciary agency is needed, such as a university, activities must still be family-staffed/run for the entire grant period.

Beneficiary Eligibility:

Projects will benefit (1) public or private agencies, organizations and institutions engaged in activities for CYSHCN; (2) family members and children who receive services through the program; and (3) professionals and trainees who provide services to CYSHCN.

Credentials/Documentation:

Applicants should review the individual HRSA notice of funding opportunity issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Grant applications and required forms for this program can be obtained from Grants.gov. HRSA requires all applicants to apply electronically through Grants.gov.

All qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions.

Award Procedure:

Notification is made in writing by a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days.

Appeals:

Not Applicable.

Renewals:

After initial award, projects may be renewed annually up to the limit of the project period upon the submission and approval of a satisfactory continuation application.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Competing and competing continuation grant applications are submitted for up to three (3) years of support. Funding is dependent on the availability of appropriated funds for the program in subsequent fiscal years, grantee satisfactory performance, and a decision that continued funding is in the best interest of the Federal government. See the following for information on how

assistance is awarded/released: Grantees drawdown funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

Reports:

The awardee will be required to submit performance and progress reports as well as status-federal financial reports (see the program announcement and notice of award for details for each required report). The awardee must submit a quarterly electronic Federal Financial Report (FFR) Cash Transaction Report via the Payment Management System within 30 days of the end of each calendar quarter. 93.505 AFFORDABLE CARE ACT (ACA) MATERNAL, INFANT, AND EARLY CHILDHOOD HOME VISITING PROGRAM

MIECHV Program

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title V, Section 511 (42 U.S.C. 711).

OBJECTIVES:

The Maternal, Infant, and Early Childhood Home Visiting Program (MIECHV Program) is designed : (1) to strengthen and improve the programs and activities carried out under Title V; (2) to improve coordination of services for at risk communities; and (3) to identify and provide comprehensive services to improve outcomes for families who reside in at risk communities. The MIECHV Program was created to support voluntary, evidence-based home visiting services for at-risk pregnant women and parents with young children up to kindergarten entry. The program builds upon decades of scientific research that shows home visits conducted by a nurse, social worker, early childhood educator, or other trained professional during pregnancy and in the first years of a child's life improves the lives of children and families. Home visiting helps prevent child abuse and neglect, supports positive parenting, improves maternal and child health, and promotes child development and school readiness.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

1. The statute reserves the majority of funding for the delivery of services through use of one or more evidence-based home visiting service delivery models. In addition, it supports continued innovation by allowing up to 25 percent of total funds awarded for the fiscal year to support service delivery through promising approaches that do not yet qualify as evidence-based models. Assistance can potentially be used for enhancing awardees infrastructure for improving coordination of services for at-risk communities and identifying and providing comprehensive services to improve outcomes for families who reside in at-risk communities, as well as for implementing awardees home visiting service programs. To ensure that the required statutory distribution is maintained, all MIECHV programs must demonstrate that they are being delivered in conformity with the approved service delivery models. This fidelity is demonstrated by programs that have the requisite designation and/or approval from a model developer to provide evidence-based home visiting services. MIECHV-funded programs must maintain the requisite designation and/or approval from the model developer while receiving MIECHV funding.

2. Restrictions: No more than 10 percent of the award amount may be spent on

costs associated with administering the award, this restriction does not apply to subrecipients. Funds made available to a recipient for a fiscal year shall remain available for expenditure by the recipient through the end of the second succeeding fiscal year after award. Funds that have not been expended during the period of availability will be deobligated and no longer available for use by the recipient.

Applicant Eligibility:

Eligibility for funding is limited to a single application from each State, the District of Columbia, Puerto Rico, Guam, the Virgin Islands, the Northern Mariana Islands, and American Samoa. The Governor has the responsibility and authority to designate which entity or group of entities will apply for and administer home visiting program funds on behalf of the State or US Territory.

Regardless of the entity or entities designated by the Governor, this application must contain the concurrence and signatures of the:

Director of the States Title V agency;
Director of the States agency for Title II of the Child Abuse Prevention and Treatment Act (CAPTA);
The States child welfare agency (Title IV-E and IV-B), if this agency is not also administering Title II of CAPTA;
Director of the States Single State Agency for Substance Abuse Services;
The States Child Care and Development Fund (CCDF) Administrator;
Director of the States Head Start State Collaboration Office, and
The States Advisory Council on Early Childhood Education and Care authorized by 642B(b)(1)(A)(i) of the Head Start Act.

For those states that have elected not to participate in MIECHV, nonprofit organizations with an established record of providing early childhood home visiting programs or initiatives in a state or several states are eligible to apply to carry out programs in those states.

Beneficiary Eligibility:

Eligible families residing in communities in need of such services, as identified in a State needs assessment
Low-income eligible families
Eligible families who are pregnant women under age 21
Eligible families with a history of child abuse or neglect or have had interactions with child welfare services
Eligible families with a history of substance abuse or need substance abuse treatment
Eligible families that have users of tobacco products in the home
Eligible families that are or have children with low student achievement
Eligible families with children with developmental delays or disabilities
Eligible families who, or that include individuals serving or formerly serving in the Armed Forces, including those with members who have had multiple deployments outside the US

Eligible family:

o A woman who is pregnant, and the father of the child if available, or
o A parent or primary caregiver of the child, including grandparents or other relatives and foster parents serving as the child's primary caregiver from birth until kindergarten entry, including a noncustodial parent with an ongoing relationship with, and at times provides physical care for the child.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications of education and/or training which must be submitted prior to or simultaneous with submission of an application package. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. HRSA requires all applicants to apply electronically through Grants.gov.

Award Procedure:

Formula Grants: All qualified applications will be reviewed internally by grants management officials (business and financial review) and program staff (technical review) for eligibility, completeness, accuracy, and compliance with the requirements outlined in this announcement. The HRSA program official with delegated authority is responsible for final selection and funding decisions.

Competitive Grants: All qualified applications will be forwarded to an independent objective review committee. Based on the advice of the independent objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions.

Notification is made in writing by an electronic Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days. Contact the Headquarters or Regional Office as appropriate for application deadlines or view the specific funding opportunity announcement.

Appeals:

Not Applicable.

Renewals:

Formula funds are awarded on an annual basis.

Formula and Matching Requirements:

Statutory Formula: Formula funding is determined as follows:

i. The number of children under age five in families at or below 100 percent of the Federal poverty line in each state was obtained by using 2011 U.S. Census Bureau Small Area Income Poverty Estimate (SAIPE) data (available at <http://www.census.gov/did/www/saipe/data/statecounty/data/2011.html>).

ii. The percentage of children under age five in families at or below 100 percent of the Federal poverty line in the state, as compared to the number of such children nationally, was calculated.

iii. For each state, the percentage of children under age five in families at or below 100 percent of the Federal poverty line was multiplied by the total amount of funding available, (excluding the funding allocated for Puerto Rico, Guam, the Virgin Islands, the Northern Mariana Islands, and American Samoa. Because SAIPE data is not available for these jurisdictions, each was allocated a base amount of \$1,000,000.

iv. This initial distribution, based on the percentage of children in poverty, was reviewed and proportionally modified to ensure a floor of the allocation provided in federal FY 2012 (excluding the funding provided for the Supporting Evidence Based Home Visiting Program).

This program has no matching requirements.

This program has MOE requirements, see funding agency for further details. Funds provided to an eligible entity receiving a grant shall supplement, and not supplant, funds from other sources for early childhood home visitation programs or initiatives (per the Social Security Act, Title V, 511(f)). The awardee must agree to maintain non-Federal funding (State General Funds) for grant activities at a level which is not less than expenditures for such activities as of the most recently completed fiscal year.

For purposes of maintenance of effort/non-supplantation, home visiting is defined as an evidence-based program, implemented in response to findings from a needs assessment, that includes home visiting as a primary service delivery strategy (excluding programs with infrequent or supplemental home visiting), and is offered on a voluntary basis to pregnant women or children birth to age five targeting the participant outcomes in the legislation which

include improved maternal and child health, prevention of child injuries, child abuse, or maltreatment, and reduction of emergency department visits, improvement in school readiness and achievement, reduction in crime or domestic violence, improvements in family economic self-sufficiency, and improvements in the coordination and referrals for other community resources and supports.

Length and Time Phasing of Assistance:

Funds awarded to an eligible entity for a fiscal year remain available for expenditure through the end of the second succeeding fiscal year after award. See the following for information on how assistance is awarded/released: Recipient drawdown funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

Reports:

Performance Reports (DGIS Forms 1, 2, 4, and 6, Products and Publications. The HRSA MCHB Discretionary Grant Information System (DGIS) Forms 1, 2, 4 and 6, and Products and Publications reports are due within 120 days of the Notice of Award (NoA) issue date. For additional information about these forms, please visit: <https://mchdata.hrsa.gov/dgisreports/AboutDGIS.aspx>

Demographic, Service Utilization, and Benchmark Area-related Data Reporting (DGIS-HV Forms 1 and 2). Data for DGIS-HV Forms 1 and 2 (available online at

<http://mchb.hrsa.gov/programs/homevisiting/ta/resources/enrolleeschildrenform.pdf> and

<http://mchb.hrsa.gov/programs/homevisiting/ta/resources/granteedefinedperformancemeasuresform.pdf>) must be submitted by October 30 of each fiscal year.

Recipients will provide demographic, service utilization and benchmark area-related data into DGIS. The demographic and service utilization data report will include: an unduplicated count of enrollees; selected characteristics by race and ethnicity; socioeconomic data; other demographics; numbers of enrolled from priority populations; and, service utilization across all models. The benchmark data report will include an update of data collected for all constructs within each of the six benchmark areas. The benchmark data report will also provide the following information: the name of the benchmark and construct; the performance measure; the operational definition; the measurement tool utilized; rationale for the measure; the reporting period value; and, the definition of improvement.

Recipients are required to submit progress and financial reports on the status of the project using the Electronic Handbooks System

(<https://grants.hrsa.gov/webexternal/home.asp>). Refer to the specific funding opportunity announcement for further information. Submit a quarterly electronic Federal Financial Cash Transaction Report via the Payment Management System. The report identifies cash expenditures against the authorized funds for the grant. The Cash Transaction Reports must be filed within 30 days of the end of each quarter. Failure to submit the report may result in the inability to access award funds. Go to www.dpm.psc.gov for additional information. Successful applicants receiving funding will be required, within 90 days from the end of the project period, to electronically complete the program specific data forms. The requirement includes providing expenditure data for the final year of the project period, the project abstract and award summary data as well as final indicators/scores for the performance measures. The awardee will be required to submit performance and progress reports as well as status-federal financial reports (see the program announcement and notice of award for details for each required report). The awardee must submit a quarterly electronic Federal Financial Report (FFR) Cash Transaction Report via the Payment Management System within 30 days of the end of each calendar quarter. A Federal Financial Report (SF-425) according to the following schedule:

<http://www.hrsa.gov/grants/manage/technicalassistance/federalfinancialreport/ffrschedule.pdf>. A final report is due within 90 days after the project period ends.

If applicable, the awardee must submit a Tangible Personal Property Report (SF-428) and any related forms within 90 days after the project period ends. New awards (Type 1) issued under this funding opportunity announcement are subject to the reporting requirements of the Federal Funding Accountability and Transparency Act (FFATA) of 2006 (Pub. L. 109282), as amended by section 6202 of Public Law 110252, and implemented by 2 CFR Part 170.

Grant and cooperative agreement recipients must report information for each first-tier subaward of \$25,000 or more in federal funds and executive total compensation for the recipients and subrecipients five most highly compensated executives as outlined in Appendix A to 2 CFR Part 170 (FFATA details are available online at <http://www.hrsa.gov/grants/ffata.html>). Competing continuation awardees, etc. may be subject to this requirement and will be so notified in the Notice of Award. Expenditure reports are not applicable. Refer to reports information above.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Recipients are required to maintain grant accounting records 3 years after the date they submit the Federal Financial Report (FFR). If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

93.506 ACA NATIONWIDE PROGRAM FOR NATIONAL AND STATE BACKGROUND CHECKS FOR DIRECT PATIENT ACCESS EMPLOYEES OF LONG TERM CARE FACILITIES AND PROVIDERS FEDERAL AGENCY:

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

The Affordable Care Act, Title VI, Part III, Section 6201, Public Law 111-148.

OBJECTIVES:

The program is intended to establish a nationwide program to identify efficient, effective, and economical procedures for long term care facilities and providers to conduct background checks on a statewide basis on all prospective direct patient access employees.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

CMS is conducting a nationwide program that will identify efficient, effective and economical procedures for long term care facilities and providers to conduct background checks on prospective direct patient/resident access employees. In order to participate in this nationwide program, a State must guarantee that it will make available non-Federal funds to cover a portion of the cost to be incurred by the State to carry out the program in their State.

Applicant Eligibility:

CMS is inviting proposals from all States and U.S. territories to be considered for inclusion in this National Background Check Program. Federal matching funds are available to all States and U.S. territories.

Beneficiary Eligibility:

Beneficiary Eligibility: These facilities and providers include skilled nursing facilities, nursing facilities, home health agencies, hospice care providers, long-term care hospitals, personal care service providers, adult day care providers, residential care providers, assisted living facilities, intermediate care facilities for the mentally retarded (ICFs/MR) and other entities that provide long-term care services, as specified by each participating State.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Participating States must guarantee non-Federal funds to cover a portion of the cost to conduct the program in their State. CMS will provide a three-to-one match for these funds to each grantee up to a maximum of \$3 million for newly applying states and \$1.5 million for states that previously participated in the pilot program. The participating State must require fingerprint checks as part of the criminal background check for all direct patient access employees. The participating State must have a plan to implement the program (a) statewide and (b) in all long term care entities specified in Section 6201 of the ACA, although the State may phase-in the program over a multi-year period, and the phase-in may be accomplished by geographical location, provider type, or other factors determined by the State.

Award Procedure:

This is not a competitive grant. All applying States that provide an application that is scored by the Federal technical panel at 70.2 out of the possible 101 points or greater shall receive a grant. Applications that score below 70.2 points will not be included as grantees.

Funding for this program shall become effective upon CMS approval application. Grants will be awarded to every State that meets the qualifications and terms of agreement described in this solicitation. This includes providing a satisfactory application that meets all provisions of the Law and scores at least 70.2 points or greater (out of 101) from the Federal technical panel review. Grantees may expect to begin receiving funds within 30 days from the Notice of Grant Award.

Deadlines:

Jun 01, 2010 to Jun 30, 2011: Deadline to apply under this solicitation is June 30, 2011. CMS continues to provide open solicitations to states to apply for funding under the program. Applications for the grant solicitation are accepted on a flowing basis and acted on every 30 days.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching Requirements: Matching requirements as specified in Section 6201 (a) (5) of the Affordable Care Act:

(A) NEWLY PARTICIPATING STATES.

(i) IN GENERAL.As part of the application submitted by a State under paragraph (1)(A)(iii), the State shall guarantee, with respect to the costs to be incurred by the State in carrying out the nationwide program, that the State will make available (directly or through donations from public or private entities) a particular amount of non-Federal contributions, as a condition of receiving the Federal match under clause (ii).

(ii) FEDERAL MATCH.The payment amount to each State that the Secretary

enters into an agreement with under paragraph (1)(A) shall be 3 times the amount that the State guarantees to make available under clause (i), except that in no case may the payment amount exceed \$3,000,000.

(B) PREVIOUSLY PARTICIPATING STATES.H. R. 3590607

(i) IN GENERAL.As part of the application submitted by a State under paragraph (1)(B)(iii), the State shall guarantee, with respect to the costs to be incurred by the State in carrying out the nationwide program, that the State will make available (directly or through donations from public or private entities) a particular amount of non-Federal contributions, as a condition of receiving the Federal match under clause (ii).

(ii) FEDERAL MATCH.The payment amount to each State that the Secretary enters into an agreement with under paragraph (1)(B) shall be 3 times the amount that the State guarantees to make available under clause (i), except that in no case may the payment amount exceed \$1,500,000 .

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Up to 36 months. Method of awarding/releasing assistance: lump sum.

Reports:

Grantees must also agree to respond to requests that are necessary for the evaluation of the National Background Check Program grant efforts to satisfy the statutory requirements for the Federal evaluation enumerated in Section 6201 of the ACA and provide data on key elements of their Background Check Program grant activities. This will include detailed information on the number of background checks requested by various providers, information gathered in the course of background checks, employment decisions made based on this information and their rationale, whether prospective employees challenge the results of adverse decisions and the outcomes of these challenges. It will also include cost accounting information of sufficient quality to allow reliable calculation of the costs of the various components of the background checks programs. Grantees must agree to fully cooperate with any Federal evaluation of the program and provide quarterly or semi-annually any required program progress and financial reports in a form prescribed by CMS (including the SF-269a, Financial Status Report forms). These reports will be designed to outline how grant funds were used and to describe program progress, as well as barriers and measurable outcomes. CMS will provide a format for reporting. Progress reports are not applicable. Expenditure reports are not applicable. Following the awarding of the grants, grantees must submit an operational protocol. The operational protocol must describe in detail the policies and procedures that the State will follow during the program period. The operational protocol should detail the responsibilities of the providers included in the program; the State government personnel and any additional responsible parties (e.g., contractors) involved in the program. Those who receive grant awards will be provided further detail as to the expected contents of the operational protocol prior to or during the first grantee meeting.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. 93.507 PPHF NATIONAL PUBLIC HEALTH IMPROVEMENT INITIATIVE**FEDERAL AGENCY:**

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Public Health Act and Prevention and Public Health Fund (PPHF), Section 301 and 317, 42 U.S.C 241 and 247b ; Patient Protection and Affordable Care Act and Prevention and Public Health Fund (PPHF), Title IV, Section 4002, Public Law 111-148.

OBJECTIVES:

The National Public Health Improvement Initiative is part of the Centers for Disease Control and Preventions larger effort to increase the performance management capacity of public health departments in order to ensure that public health goals are effectively and efficiently met. On March 30, 2010, President Obama signed into law the Affordable Care Act (ACA) (PL 111-148). This legislation established a Prevention and Public Health Fund (Title IV, Section 4002) to provide for expanded and sustained national investment in prevention and public sector health care costs. ACA and the Prevention and Public Health Fund make improving public health a priority with investments to improve public health services, establish meaningful and measureable health indicators, and to achieve long-term improvement in health outcomes. The 5-year Strengthening Public Health Infrastructure for Improved Health Outcomes cooperative agreement program is designed to support innovative changes in key areas that improve the quality, effectiveness and efficiency of

the public health infrastructure to better enable the delivery of public health services and programs as specified within ACA. In this continuation announcement, the CDC proposes to award approximately \$33.7 million to fund 74 grantees using a formula. Eligible applicants are limited to current Awardees.

In this continuation funding is available to ALL current awardees to provide support for:
accelerating public health accreditation readiness activities
providing additional support for performance management and improvement practices and,
developing, identifying and disseminating innovative and evidence-based policies and practices.

This program supports the Healthy People 2020 focus area of addressing Public Health Infrastructure (<http://www.healthypeople.gov/hp2020/>). Cross-jurisdictional (state, local, tribal, territorial, regional, community, and border) collaborations are encouraged to increase the impact of limited resources, improve efficiency, and to leverage other related health reform efforts/projects.

Measurable outcomes of the program align with the following performance goals:

- 1) Increased efficiencies of program operations,
- 2) Increased use of evidence-based policies and practices, and,
- 3) Increased readiness for applying to and achieving accreditation by the Public Health Accreditation Board PHAB. (More information on accreditation activities can be found on the PHAB web site at <http://www.phaboard.org/>).

OBJECTIVES:

The Tribal Maternal, Infant, and Early Childhood Home Visiting Program (TMIECHV) is being administered by The Administration for Children and Families (ACF) Office of Early Childhood Development (ECD), Office of Child Care (OCC), in collaboration with the Health Resources and Services Administration (HRSA). Assistance is available to eligible Tribes (or consortia of Tribes), Tribal Organizations, and Urban Indian Organizations, to strengthen and improve maternal and child health programs, improve service coordination for at-risk communities, and identify and provide comprehensive evidence-based home visiting services to families who reside in at-risk communities.

The ACF, Office of Planning, Research and Evaluation (OPRE), in collaboration with HRSA, is administering the Tribal Research Center for Early Childhood (TRCEC), which will provide leadership and support to promote excellence in community-based participatory research and evaluation of ACF early childhood initiatives that serve Tribal communities (i.e., Home Visiting, Head Start, Early Head Start). The TRCEC is expected to engage in a variety of activities that are designed to identify and develop effective practices and systems for home visiting, Head Start, and Early Head Start programs in Tribal communities; to establish the culturally meaningful processes and outcomes of those programs; to build research capacity within Tribal communities; and to build the capacity of researchers to conduct research and evaluation in partnership with Tribal communities. TRCEC will provide leadership and support to promote excellence in community-based research and evaluation of Tribal MIECHV, Head Start, and EHS initiatives that serve AI/AN children and families. TRCEC is expected to engage in activities that support the identification and development of effective practices and systems for integrated services for Tribal MIECHV, Head Start, and EHS in tribal communities.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Assistance for the Tribal HV Program will be used to: conduct a needs assessment that considers community characteristics and the quality and capacity of existing home visiting programs and other supportive services; is coordinated with other relevant needs assessments; and involves community stakeholders as appropriate; collaborative planning efforts to address identified needs by developing capacity and infrastructure; providing high-quality, evidence-based home visiting services to pregnant women and families with young children aged birth to kindergarten entry; establishing, measuring, and reporting on progress toward meeting 36 performance measures in six legislatively-mandated benchmark areas; and conducting rigorous local evaluations that may include examining effectiveness of home visiting models in serving Tribal populations, adaptations of home visiting models for Tribal communities, or questions regarding implementation of infrastructure necessary to support evidence-based home visitation models in Tribal communities.

Consistent with statutory authority, Home Visiting funds for the TRCEC will be used for: (a) activities to promote excellence in research and evaluation of

Tribal MIECHV programs in tribal communities; and (b) measurement development activities that will expand the evidence base around home visiting programs for AI/AN populations. Consistent with the relevant statutory authority, Head Start funds for the TRCEC will be used for research and evaluation activities to: (a) foster continuous improvement in the quality of the Head Start programs and in their effectiveness in enabling participating AI/AN children and their families to succeed in school and otherwise; and (b) develop, test, and disseminate new ideas based on existing scientifically valid research, for addressing the needs of AI/AN children and their families and communities. Costs of organized fundraising, including financial campaigns, endowment drives, solicitation of gifts and bequests, and similar expenses incurred solely to raise capital or obtain contributions, are unallowable. Costs of organized fundraising, including financial campaigns, endowment drives, solicitation of gifts and bequests, and similar expenses incurred solely to raise capital or obtain contributions, are unallowable.

Grant awards will not allow reimbursement of pre-award costs.

Construction and purchase of real property are not allowable activities or expenditures under this grant award.

The statute requires that grantees supplement and not supplant funds from other HV initiatives.

Awards issued under this announcement are subject to the uniform administrative requirements and cost principles of 45 CFR Part 75.418 & 75.419 (Special Consideration for Institutions of Higher Education) and Appendix IX to Part 75 (Federal Awards to Hospitals) and 45 CFR Part 75.416 & 417 (Special Consideration for States, Local Governments and Indian Tribes).

An application funded with the release of Federal funds through a grant award, does not constitute, or imply, compliance with Federal regulations. Funded organizations are responsible for ensuring that their activities comply with all applicable Federal regulations.

Grantees are subject to the limitations set forth in 45 CFR Part 75.215 (b) (Prohibition against profit), which states that, Except for awards under the Small Business Innovation Research (SBIR) and Small Business Technology Transfer Research (STTR) programs (15 U.S.C. 638), no HHS funds may be paid as profit to any recipient even if the recipient is a commercial organization. Profit is any amount in excess of allowable direct and indirect costs."

Grantees are also subject to the requirements of 45 CFR Part 87, Equal Treatment for Faith-Based Organizations: "Direct Federal grants, sub-award funds, or contracts under this ACF program shall not be used to support inherently religious activities such as religious instruction, worship, or proselytization. Therefore, organizations must take steps to separate, in time or location, their inherently religious activities from the services funded under this program. Regulations pertaining to the Equal Treatment for Faith-Based Organizations, which includes the prohibition against Federal funding of inherently religious activities, can be found at the HHS web site at: <http://www.hhs.gov/fbc/waisgate21.pdf>.

A faith-based organization receiving HHS funds retains its independence from Federal, State, and local governments, and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs. For example, a faith-based organization may use space in its facilities to provide secular programs or services funded with Federal funds without removing religious art, icons, scriptures, or other religious symbols. In addition, a faith-based organization that receives Federal funds retains its authority over its internal governance, and it may retain religious terms in its organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents in accordance with all program requirements, statutes, and other applicable requirements governing the conduct of HHS funded activities." Additional information on "Understanding the Regulations Related to the Faith-Based and Community Initiative" can be found at: <http://www.hhs.gov/fbc/regulations/index.html>.

The Code of Federal Regulations (CFR) is available at <http://www.gpoaccess.gov/CFR/>.

Awards issued under this announcement are subject to the requirements of Section 106 (g) of the Trafficking Victims Protection Act of 2000, as amended (22 U.S.C. 7104). For the full text of the award term, go to http://www.acf.hhs.gov/grants/award_term.html.

TRCEC awards are subject to the availability of Federal funds. Please note that funds for MIECHV are not currently appropriated for the full length of the identified project period.

The Federal share of TRCEC project costs shall not exceed \$600,000 for any of the 12-month budget periods, inclusive of indirect costs .

Funds and their associated activities/costs supported by funds from MIECHV Tribal Home Visiting, Office of Child Care and OHS for the TRCEC must be tracked separately; and must be accounted for on an ongoing basis and expenditures attributed to either Tribal HV, Child Care or Head Start portions of the project. All funds are discretionary under these programs. Costs of organized fundraising, including financial campaigns, endowment drives, solicitation of gifts and bequests, and similar expenses incurred solely to raise capital or obtain contributions, are unallowable.

Grant awards will not allow reimbursement of pre-award costs.

Construction and purchase of real property are not allowable activities or expenditures under this grant award.

The statute requires that grantees supplement and not supplant funds from other HV initiatives. All funds are discretionary under these programs.

Applicant Eligibility:

Only Tribes (or a consortium of Indian Tribes), Tribal Organizations, or Urban Indian Organizations, as defined by Section 4 of the Indian Health Care Improvement Act, Public Law 94-437, are eligible applicants for the Tribal HV Grant Program.

For the TRCEC, only the following are eligible applicants: a) public and State controlled institutions of higher education; b) nonprofits having a 501(3)(3) status with the IRS, other than institutions of higher education; c) nonprofits without 501(c)(3) status with the IRS, other than institutions of higher education; (d) private institutions of higher education; e) for profit organizations other than small businesses; and f) small businesses.

Beneficiary Eligibility:

For the Tribal HV program:

- Eligible families residing in at-risk American Indian/Alaskan Native communities in need of such services, as identified in a needs assessment;
- Low-income eligible families;
- Eligible families who are pregnant women under age 21;
- Eligible families with a history of child abuse or neglect or have had interactions with child welfare services;
- Eligible families with a history of substance abuse or need substance abuse treatment;
- Eligible families that have users of tobacco products in the home;
- Eligible families that are or have children with low student achievement;
- Eligible families with children with developmental delays or disabilities; and
- Eligible families who, or that include individuals serving or formerly serving in the Armed Forces, including those with members who have had multiple deployments outside the US.

Eligible family:

- A woman who is pregnant, and the father of the child if available, or
- A parent or primary caregiver of the child, including grandparents or other relatives and foster parents serving as the child's primary caregiver from birth until kindergarten entry, including a noncustodial parent with an ongoing relationship with, and at times provides physical care for the child.

Credentials/Documentation:

Applicants should review each of the individual funding opportunity announcements issued under this CFDA program for any required proof or certifications, which must be submitted prior to or simultaneous with submission of an application package. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applicants should review each of the individual funding opportunity announcements issued under this CFDA program for any additional application procedures, which must be followed when submitting an application package.

Award Procedure:

(a) For the Tribal HV program: each application will be screened to determine whether it was received by the closing date and time and whether the requested amount exceeds the award ceiling. Applications that are designated as late or those with requests that exceed the award ceiling will be returned to the applicant with a notation that they were deemed non-responsive and will not be reviewed.

Applications competing for financial assistance will be reviewed and evaluated by objective review panels using the criteria described in the funding opportunity announcement. Each panel is made up of experts with knowledge and experience in the area under review. Generally, review panels are composed of three reviewers and one chairperson.

Results of the competitive objective review are taken into consideration by ACF in the selection of projects for funding; however, objective review scores and rankings are not binding and are one element of the decision-making process.

ACF may elect to not fund applicants with management or financial problems that would indicate an inability to successfully complete the proposed project. Applications may be funded in whole or in part. Successful applicants may be funded at an amount lower than that requested. ACF reserves the right to consider a preference to fund organizations serving emerging, unserved, or under-served populations, including those located in pockets of poverty, and to consider the geographic distribution of Federal funds in its funding decisions.

ACF may refuse funding for projects with what it regards as unreasonably high start-up costs for facilities or equipment, or for projects with unreasonably high operating costs. In addition, federal staff will conduct an administrative review of the applications and the results of the competitive review and will make recommendations for funding to the Director, Office of Child Care (OCC) With the results of the competitive review and information from federal staff, the Director of OCC, in consultation with Deputy Assistant Secretary and Inter-Departmental Liaison for Early Childhood Development, will make the final funding decisions.

For the TRCEC, grant awards are subject to the availability of Federal funds. Note that funds for the Tribal MIECHV are not appropriated for the full length of the specified project period.

The Federal share of project costs for any of the 12-month budget periods, inclusive of indirect costs will be from the Tribal MIECHV Program, Office of Child Care or Head Start research funds). Consistent with statutory authority, Home Visiting funds will be used for: (a) activities to promote excellence in research and evaluation of Tribal MIECHV programs in tribal communities; and (b) measurement development activities that will expand the evidence base around home visiting programs for AI/AN populations. Consistent with the relevant statutory authority, Child Care funds will be used for research and evaluation activities to: (a) support research on child care policy and practice, (b) examine the implications for policies across child care and other early childhood service settings, and (c) encourage research projects that address

efforts of states, territories, tribes, and localities to coordinate early childhood programs, examine the challenges and opportunities for doing this, and investigate how coordination affects the services received by eligible families and children. Consistent with the relevant statutory authority, Head Start funds will be used for research and evaluation activities to: (a) foster continuous improvement in the quality of the Head Start programs and in their effectiveness in enabling participating AI/AN children and their families to succeed in school and otherwise; and (b) develop, test, and disseminate new ideas based on existing scientifically valid research, for addressing the needs of AI/AN children and their families and communities.

No grant award will be made under this announcement on the basis of an incomplete application. No grant award will be made to an applicant or sub-recipient that does not have active CCR registration (www.ccr.gov or 1-866-606-8220).

Each application will be screened to determine whether it was received by the closing date and time and whether the requested amount exceeds the award ceiling. Applications that are designated as late, or those with requests that exceed the award ceiling, will receive a screen-out letter noting that the application was deemed non-responsive and will not be considered for competitive review or funding. For those applications that have been deemed disqualified under the initial ACF screening, notice will be given of such determination by postal mail.

Applications competing for financial assistance will be reviewed and evaluated by objective review panels using the criteria described in the funding opportunity announcement. Each panel is made up of experts with knowledge and experience in the area under review. Generally, review panels are composed of three reviewers and one chairperson.

Results of the competitive objective review are taken into consideration by ACF in the selection of projects for funding; however, objective review scores and rankings are not binding. They are one element in the decision-making process.

Applications recommended for approval that were not funded under the competition because of the lack of available funds, may be held over by ACF and re-considered in a subsequent review cycle if a future competition under the program area is planned. These applications will be held over for a period of up to one year and will be re-competed for funding with all other competing applications in the next available review cycle. For those applications that have been deemed as approved but unfunded, notice will be given of such determination by postal mail.

Announcement of awards and the disposition of applications will be provided to applicants at a later date.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days. For the TRCEC, successful applicants will be notified through the issuance of a Financial Assistance Award (FAA) document that sets forth the amount of funds granted, the terms and conditions of the grant, the effective date of the grant, the budget period for which initial support will be given, the non-Federal share to be provided (if applicable), and the total project period for which support is contemplated. The FAA will be signed by the Grants Officer and transmitted via postal mail. Following the finalization of funding decisions, organizations whose applications will not be funded will be notified by letter, signed by the Program Office head.

Other correspondence announcing to a Principal Investigator or Project Director that an application was selected is not an authorization to begin performance. Costs incurred before receipt of a FAA are at the recipient's risk and may be reimbursed only to extent considered allowable as approved pre-award costs.

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

Matching requirements are not applicable to this program.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

For the Tribal HV, grants (cooperative agreements) are generally awarded for a 5-year project period. In the first year of the project, grants will be awarded on a competitive basis. Pending successful completion of Year 1 activities, submission of a plan that meets requirements, and approval of this plan, applications will be considered on a noncompetitive continuation basis for Years 2-5 subject to availability of funds, satisfactory progress of the grantee, and a determination that continued funding would be in the best interest of the Federal Government. Grants will be awarded for 12-month budget periods with a 5-year project period.

Funds awarded to grantees under this program will be made available for expenditure through the end of the second succeeding fiscal year after award.

For the TRCEC, grants (cooperative agreements) are generally awarded with a project period of up to five years. The initial award will be for the first 12-month budget period. Budget requests for the second through fifth year of funding within the project period should be identified in the current application (on SF-424A), but such requests will be considered in subsequent years on a noncompetitive basis, subject to the applicant's eligibility status, the availability of funds, satisfactory progress of the grantee, and a determination that continued funding would be in the best interest of the Federal Government. Method of awarding/releasing assistance: lump sum. Method of awarding/releasing assistance: lump sum.

Reports:

Grantees under this announcement will be required to submit performance progress and financial reports periodically throughout the project period.

The frequency of required reporting is described in each funding opportunity announcement. Final reports may be submitted in hard copy to the Grants Management Office Contact identifiable post-award. Instructions on submission of reports electronically will be provided with award documents.

ACF grantees are required to submit the SF-PPR Cover Page. ACF Programs that utilize reporting forms or formats in addition to, or instead of, the SF-PPR have listed the reporting requirements.

Grant award documents will inform grantees of the appropriate performance progress report form or format to use. Grantees should consult their award documents to determine the appropriate performance progress report format required under their award. Performance progress reports are due 30 days after the end of the reporting period.

Final program performance reports are due 90 days after the close of the project period. The SF-PPR may be found at http://www.acf.hhs.gov/grants/grants_resources.html.

Further instructions will be provided, as necessary, with award terms and conditions that will address specific reporting periods and due dates on an award-by-award basis. Additional information on frequency of reporting is available on the ACF Funding Opportunities web site at http://www.acf.hhs.gov/grants/msg_sf425.html. Federal Financial Report (FFR) - Federal Cash Transaction Report. Progress reports are not applicable. As of February 1, 2011, the Department of Health and Human Services (HHS) began the transition from use of the SF-269, Financial Status Report (Short Form or Long Form) to the use of the SF-425 Federal Financial Report for expenditure reporting. SF-269s will no longer be accepted for expenditure reports due after that date. If an SF-269 is submitted, the ACF will return it and require the recipient to complete the SF-425.

The transition strategy is allowing individual HHS Operating Divisions to

select--from a limited number of options--the approach that best fits their programs and business process. This transition does not affect completion or submission of the cash reporting to the HHS Division of Payment Management's Payment Management System (PMS). The primary features of this transition for recipients are that OPDIVs that previously required electronic submission of the SF-269 will receive the SF-425 expenditure reports electronically and, until further notice, OPDIVs that have been receiving expenditure reports in hard copy will continue to do so.

All expenditure reports will be due on one of the standard due dates by which cash reporting is required to be submitted to PMS OR at the end of a calendar quarter as determined by the Operating Division. As a result, a recipient that receives awards from more than one OPDIV may be subject to more than one approach, but will not be required to change its current means of submission or be subjected to more than eight standard due dates.

Beginning with budget periods which end from January 1 - March 31, 2011, and for all budget periods thereafter, all affected ACF grantees will be required to submit an SF-425 report as frequently as is required in the terms and conditions of their award using due dates for reports to PMS.

Fillable versions of the SF-425 form in Adobe PDF and MS-Excel formats, along with instructions, are available at http://www.whitehouse.gov/omb/grants_forms, www.forms.gov, and on the ACF Funding Opportunity website Forms page.

Further instructions will be provided, as necessary, with award terms and conditions that will address specific reporting periods and due dates on an award-by-award basis. Additional information on frequency of reporting is available on the ACF Funding Opportunities web site at http://www.acf.hhs.gov/grants/msg_sf425.html.

Awards issued as a result of this funding opportunity may be subject to the Transparency Act subaward and executive compensation reporting requirements of 2 C.F.R. Part 170. See ACF's Award Term for Federal Financial Accountability and Transparency Act (FFATA) Subaward and Executive Compensation Reporting Requirement implementing this requirement and additional award applicability information. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. None.

93.510 AFFORDABLE CARE ACT (ACA) PRIMARY CARE RESIDENCY EXPANSION PROGRAM

Primary Care Residency Expansion (PCRE); ACA PCRE

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Section 747 of the Public Health Service Act, as amended by the Affordable Care Act (Public Law 111-148); and the Public Health Prevention Act Section 4002, Conference Report, H. Rept. 111-366, Division D (referencing S. Rept. 111-66), accompanying the Consolidated Appropriations Act, 2010, Public Law 111-117.

OBJECTIVES:

The Primary Care Residency Expansion program was a five-year initiative to increase the number of physicians trained in family medicine, general internal medicine, and general pediatrics residency programs. Grantees are primary care residency programs that commit to increasing their number of training positions by one to four new post-graduate year one positions for five consecutive years. Awards facilitate this expansion by providing \$80,000 per expanded position per year.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Awards may only be used to fund an accredited family medicine, general internal medicine, or general pediatric residency program. Applicants may request support for only one residency program (discipline).

Approved uses of Primary Care Residency Expansion grant funds are resident salary including fringe benefits and indirect costs, training expenses, and resident physician travel. Personnel, staffing, consultant cost, equipment, supplies, subcontracts and other items are strictly prohibited under this grant award.

Restricted Uses: Indirect costs under training awards to organizations other than State, local or American Indian tribal governments will be budgeted and

reimbursed at 8 percent of modified total direct costs rather than on the basis of a negotiated rate agreement, and are not subject to upward or downward adjustment.

Applicant Eligibility:

Eligible applicants include public or nonprofit private hospitals, schools of medicine or osteopathic medicine or a public or private nonprofit entity of which the Secretary has determined is capable of carrying out such grants. Applicants may request support for only one residency program (discipline). Federally Recognized Indian Tribal Government and Native American Organizations may apply if they are otherwise eligible.

Beneficiary Eligibility:

Accredited primary care residency training programs in family medicine, general internal medicine, and general pediatrics.

Project participants (residents) must be U.S. Citizens, non-citizen nationals, or foreign nationals who possess visas permitting permanent residence in the United States. Individuals on temporary or student visas are not eligible.

Credentials/Documentation:

Applicants should review the individual HRSA Notice of Funding Opportunity issued under this CFDA program for any required proof or certifications that must be submitted with an application package. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. HRSA requires all applicants to apply electronically through Grants.gov.

All eligible, qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions. Notification is made in writing by a Notice of Award.

Award Procedure:

Notification of award is made in writing (electronic) through a Notice of Award.

Deadlines:

93.516 PUBLIC HEALTH TRAINING CENTERS PROGRAM

Regional Public Health Training Center (PHTC) and the National Coordinating Center for Public Health Training (NCCPHT) Programs

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Regional PHTC: Sections 765 and 766 of the Public Health Service Act (42 U.S.C. 295 and 295a) National Coordinating Center for Public Health Training: Sections 765 and 765 (d) (9) of the Public Health Service Act (42 U.S.C. 295 and 295a).; National Coordinating Center for Public Health Training: Sections 765 and 765 (d) (9) of the Public Health Service Act (42 U.S.C. 295 and 295a).

OBJECTIVES:**REGIONAL PUBLIC HEALTH TRAINING CENTER (PHTC):**

The purpose of the Regional PHTC program is to improve the Nation's public health system by strengthening the technical, scientific, managerial and leadership competencies of the current and future public health workforce through the provision of education, training and consultation services. The Regional PHTC Programs together comprise a national program that serves all 50 states, the District of Columbia, the U.S. Virgin Islands, Puerto Rico, and the six U.S. Pacific Jurisdictions. Ten regions are funded to ensure that the U.S. and its jurisdictions all have access to public health workforce education and training. The work of the Regional PHTCs will be accomplished through the provision of education, training, and consultation to State, local, and Tribal health department staff as a primary audience, particularly frontline public health workers and middle managers. The secondary audience includes staff from other parts of the public health system such as non-profit organizations, federally qualified health centers, accountable care organizations, and hospitals, among others.

NATIONAL COORDINATING CENTER FOR PUBLIC HEALTH TRAINING (NCCPHT):

The NCCPHT provides technical assistance and oversight to the Regional Public Health Training Centers to enhance their capacity and infrastructure. Among other activities, the National Coordinating Center for Public Health Training will develop a formal network across all regional centers, coordinate activities and enhance collaboration across the network, develop and implement a communications strategy to expand the reach of the Regional centers nationally, and lead the standardization and vetting of public health core competency continuing education courses across all regional centers. The NCCPHT will work with the Regional PHTCs to achieve economies of scale and reduce duplication of all training, including the development of cross-cutting course content.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:

Grant funds may support salaries, stipends, consultant costs, equipment, and travel as requested to develop and implement the program. Grant funds may not be used for construction, patient services, student tuition or international activities unless associated with a recognized territorial awardee. Grant funds may not be used to supplant training and education activities which should be provided as part of the mission of the awardee or sub-awardee institution. In addition, grant funds are not intended to supplant funds for educational efforts which should be supported by nonprofit private industry or other public agencies. Applicants are expected to leverage their resources to create enhanced

training opportunities through partnerships and collaboration.

Indirect costs under training awards to organizations other than State, local or American Indian tribal governments will be budgeted and reimbursed at 8 percent of modified total direct costs rather than on the basis of a negotiated rate agreement, and are not subject to upward or downward adjustment.

Applicant Eligibility:

Accredited school of public health, or another public or nonprofit private institution accredited for the provision of graduate or specialized training in public health.

This program also includes a statutory funding preference for accredited schools of public health.

Federally Recognized Indian Tribal Government and Native American Organizations may apply if they are otherwise eligible.

Beneficiary Eligibility:

Each trainee receiving stipend support must be a citizen of the United States, a non-citizen U.S. national, or a foreign national having in his or her possession a visa permitting permanent residence in the United States.

Credentials/Documentation:

Applicants should review the individual Notice of Funding Opportunity documents issued under this CFDA program for any required proof or certifications which must be submitted with an application package. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. HRSA requires all applicants to apply electronically through Grants.gov.

All eligible, qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions. Notification is made in writing by a Notice of Award.

Award Procedure:

Notification of award is made in writing (electronic) by a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 120 - 180 days after receipt of applications.

Appeals:

Not Applicable.

Renewals:

Depending on Agency priorities and availability of funding, during the final budget year of the approved project period competing continuation applications may be solicited from interested applicants.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching requirements are not applicable to this program.

This program has MOE requirements, see funding agency for further details.

The recipient must agree to maintain non-federal funding for grant activities at a level which is not less than expenditures for such activities during the fiscal year prior to receiving the award.

Length and Time Phasing of Assistance:

This funding opportunity provides support for a 4-year project period. See the following for information on how assistance is awarded/released: Recipients draw down funds, as necessary, from the Payment Management System (PMS),

the centralized web based payment system for HHS awards.

Reports:

Both program and financial reports are required. All recipients are required to submit annual performance and non-competing progress reports. A Federal Financial Report (SF-425) is required for both programs according to the schedule in HRSA's Application Guide. A final report is due within 90 days after the project period ends. If applicable, the recipient must submit a Tangible Personal Property Report (SF-428) and any related forms within 90 days after the project period ends. New awards (Type 1) issued under this notice of funding opportunity are subject to the reporting requirements of the Federal Funding Accountability and Transparency Act (FFATA) of 2006 (Pub. L. 109282), as amended by section 6202 of Public Law 110252, and implemented by 2 CFR Part 170. Grant and cooperative agreement recipients must report information for each first-tier subaward of \$25,000 or more in federal funds and executive total compensation for the recipients and subrecipients five most highly compensated executives as outlined in Appendix A to 2 CFR Part 170 (The FFATA details are available online at <http://www.hrsa.gov/grants/ffata.html>). Competing continuation recipients may be subject to this requirement and will be so notified in the Notice of Award. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Recipients are required to maintain grant accounting records 3 years after the date they submit the Federal Financial Report (FSR). If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the 3 year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3 year period, whichever is later.

93.521 THE AFFORDABLE CARE ACT: BUILDING EPIDEMIOLOGY, LABORATORY, AND HEALTH INFORMATION SYSTEMS CAPACITY IN THE EPIDEMIOLOGY AND LABORATORY CAPACITY FOR INFECTIOUS DISEASE (ELC) AND EMERGING INFECTIONS PROGRAM (EIP) COOPERATIVE AGREEMENTS; PPHF

ELC/EIP - Prevention and Public Health Fund and other Capacity-Building Activities

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Patient Protection and Affordable Care Act (PL 11-148), Title IV, Section 4002 (Prevention and Public Health Fund) for expanded and sustained national investment in prevention and public health programs. This program is funded in part by 2012 Prevention and Public Health Funds (PPHF-2012), Section 301 and 317, 42 U.S.C 241 and 247b; Sections 301 and 317 of the Public Health Service Act (PHS Act), 42 USC, 241 and 247b as amended; and Funding is appropriated under Affordable Care Act (PL 111-148), Title IV, Section 4002

(Prevention and Public Health Fund) , Title IV, Section 4002.

OBJECTIVES:

The Prevention and Public Health Fund (Title IV, Section 4002) was established under the Patient Protection and Affordable Care Act to provide for expanded and sustained national investment in prevention and public health programs to improve health and help restrain the rate of growth in private and public sector health care costs. The Epidemiology and Laboratory Capacity for Infectious Diseases (ELC) and Emerging Infections Program (EIP) cooperative agreements were formed in 1995 as key components of CDC's national strategy to address and reduce emerging infectious disease (EID) threats. The programs play a critical role in strengthening national infectious disease infrastructure by serving as collaborative platforms for state and local health departments, CDC programs, and academic and various other public health partners to improve the ability to detect and respond to EIDs and other public health threats. Specifically, the programs build epidemiology, laboratory, and information systems capacity, integrate epidemiology and laboratory practice, implement active surveillance, and conduct targeted research aimed at improving methods and informing national surveillance and response activities. Overall, additional funds from multiple sources including PPHF will allow ELC and EIP partner agencies to substantially address gaps in EID epidemiology and laboratory capacity (e.g. number and training level of epi and lab staff, efficient/functional information systems, etc).

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Project funds may be used for costs associated with planning, organizing, and the implementation of other program elements to build public health epidemiology, laboratory, and health information systems capacity. Recipients may only expend funds for reasonable program purposes, including personnel, travel, supplies, and services, such as contractual. Funds may not be used for clinical care.

Applicant Eligibility:

Eligible applicants include the current ELC and EIP grantees which consists of all U.S. states, 6 large local health departments (Los Angeles County, Philadelphia, New York City, Chicago, Houston, and the District of Columbia), U.S. territories (Puerto Rico, Guam, U.S. Virgin Islands) and other U.S. affiliates in the Pacific (American Samoa, the Republic of Palau, Federated States of Micronesia, Marshall Islands, Mariana Islands and American Samoa).

Beneficiary Eligibility:

State health departments, large local health departments, the District of Columbia, U.S. Territories, and the general public.

Credentials/Documentation:

Allowable costs will be determined in accordance with OMB Circular No. A-87 for State, Local, and Indian Tribal governments. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applications must be submitted electronically via Grant Solutions.

Award Procedure:

Applications that are complete and responsive will be evaluated for scientific and technical merit and receive support. CDC will not review incomplete and non-responsive applications. Applications that are complete and responsive will undergo an objective review process, receive a written critique and be scored according to the published review criteria. Successful applicants will receive a Notice of Award (NOA) from the CDC Procurement and Grants Office. The NOA shall be the only binding, authorizing document between the

recipient and CDC. The NOA will be signed by an authorized Grants Management Officer. Initial award provides funds for the first budget period (usually 12 months) and the NOA will indicate support recommended for the remainder of the project period, allocation of Federal funds by budget categories, and special conditions, if any.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days. About 120 days from receipt of application.

Appeals:

Not Applicable.

Renewals:

Renewals will be based upon availability of funding under the Patient Protection and Affordable Care Act.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Financial assistance is available for a 12-month budget period within project periods ranging from one to five years. Method of awarding/releasing assistance: lump sum.

Reports:

Program reports are not applicable. No later than 10 days after the end of each calendar quarter, the recipients must submit a calendar quarter cash transaction report (SF-272 or top portion of the SF-425 Financial Report Form) to the Payment Management System (PMS). The reporting schedule will be based on the requirements listed in the ELC and EIP funding opportunity announcements. Funded applicants must provide an interim and annual progress report. Federal Financial Reports (SF 425) and Final Progress Report are due no more than 90 days after the end of the budget period. All reports must be submitted to the Grants Management Specialist indicated in the NoA. Federal Financial Reports (SF 425) are due no more than 90 days after the end of the budget period. Federal Financial Reports and Progress Reports are required, no more than 90 days after the end of the budget/project period.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Records must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and General Accounting Office (GAO). The grantee is to also ensure that the sub-recipients receiving CDC funds also meet these requirements (if total Federal grant or grants funds received exceed \$500,000). The grantee should include this requirement in all sub-recipient contracts.

Records:

Financial records, supporting documents, statistical records, and all other records pertinent to the grant program shall be retained for a minimum of 3 years, or until completion and resolution of any audit in process or pending resolution. In all cases records must be retained until resolution of any audit questions. Property records must be retained in accordance with 45 CFR 92.42.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: Funds provided under this CFDA provide domestic support via the Epidemiology and Laboratory Capacity (ELC) for Infectious Diseases and the Emerging Infections Program (EIP) Cooperative Agreements. Fiscal year 2016 funds, largely provided via the ELC coag, offered continued support to strengthen the ability of domestic health departments to respond to infectious disease threats. This crucial CDC investment helps local, state, and territorial health departments continue to:

- Build and maintain effective public health workforce for rapid response to infectious disease outbreaks
- Strengthen cross-cutting national surveillance systems
- Boost laboratory infrastructure with the latest diagnostic technologies
- Improve health information systems to efficiently transmit, receive, and analyze infectious disease-related data electronically

For any specific ELC or EIP success stories or accomplishments, please contact CDC INFO (800-CDC-INFO) or program via Judy Lavelle (JLavelle@cdc.gov). Fiscal Year 2017: No Current Data Available Fiscal Year 2018: No Current Data Available

93.524 BUILDING CAPACITY OF THE PUBLIC HEALTH SYSTEM TO IMPROVE POPULATION HEALTH THROUGH NATIONAL, NON-PROFIT ORGANIZATIONS- FINANCED IN PART BY PREVENTION AND PUBLIC HEALTH FUNDS (PPHF)

CBA to Strengthen Public Health Infrastructure and Performance

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

This program is authorized under sections 301 and 317 of the Public Health Service Act (PHS Act), 42 U.S.C. 241 and 247b as amended, and the Patient Protection and Affordable Care Act (Public Law 111-148), Title IV, Section 4002 (Prevention and Public Health Fund), Title IV, Section 4002, 42 U.S.C. 242.247.

OBJECTIVES:

This program will cover projects under two funding initiatives: 1) specific capacity building activities (CBA) under PPHF; and 2) CBA activities under an umbrella cooperative agreement for unique target populations. Applicant organizations will have the opportunity to compete for PPHF supported projects as well as high priority CDC projects. This program will assist state, tribal, local and U.S. territorial health departments, and other components of the public health system by making available to them capacity building assistance (including technical consultation, skills building/training, information, and technology transfer assistance) that will result in: systems and organizational efficiencies; a capable and qualified workforce; state-of-the-art information technology systems and integrated and standardized community and population data; improved planning, implementation and evaluation of evidence-based public health policies, laws, programs and services; results driven local and national public and private partnerships; and increased availability and accessibility of public health resources, such as publications, educational materials, syndicated website material, training curricula, assessments and evaluation tools, and other products for improvement of public health agencies and other agencies in the public health system. The overall goal of capacity building assistance is to ensure improvements in the public health infrastructure so that it is prepared for responding to both acute and chronic threats relating to the Nations health such as emerging infections, disparities in health status, and increases in chronic disease and injury rates. Capacity building assistance will focus on the provision of technical consultation, skills building/training, and information and technology transfer assistance to ensure successful planning, implementation, coordination and evaluation of the key areas for public health infrastructure investments. CBA may also be provided for CDC-funded projects which may include limited CBA to international public health agencies where there is a benefit to US public health efforts or to the US public health system. Investing in CBA is expected to help public health agencies and other public health components fulfill their mission of protecting and promoting health in their communities and effectively performing essential public health services. Some of the capacity building needs are in the following areas: Improving the public health workforce (e.g., e-learning, other training, and fellowship programs); vital statistics systems (electronic birth and death registration); food and water borne disease identification and prevention, prevention of hospital acquired infections, electronic health record/IT systems, communications systems and processes (e.g. information syndication and social media capacity), and laboratory and epidemiologic capacity. Developing information systems to support adoption, implementation, enforcement, and/or evaluation of public health legislation, codes, rules, regulations, ordinances, and other policies. Improving public health system development/redevelopment by building or re-engineering infrastructure to improve networking, coordination, standardization, and centralization of public health services to effectively and efficiently address priority health indicators. Implementing best health care practices and conducting impact evaluation. Improving information and data system capacity through policy/communication for standardized data collection and analysis systems, information management technology, information dissemination, and meaningful data use and translation. Improving organizational capacity to effectively and efficiently use resources such as fiscal agents, and intermediaries, and Improving technical and program guidance and evaluation of preventive services to expand coverage for community and clinical preventive services. This includes technical consultation and promotion on the adoption and utilization of the recommendations from the Guide for Community Preventive Services.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Project funds will be used for costs associated with providing capacity building assistance to strengthen the infrastructure of State, Tribal, Local, and Territorial public health agencies and other components of the public health system. For the purposes of this program, other components of the public health system refers to specific professional constituencies (i.e., epidemiologists, community health nurses, health education and promotion specialists tribal health leaders, chronic disease directors, health information specialists, Medicaid/Medicare Directors, state/local public health financial officials, etc.) or key components of the public health system (i.e., community and neighborhood health centers, public health and primary care delivery systems, community and faith-based organizations, public health and accreditation boards, public health institutes,

primary care residency programs, health insurance consortia, family/social services programs, maternal/child health associations, etc.). Recipients may only expend funds for reasonable program purposes, including personnel, travel, supplies (including training materials), and services, such as contractual. Applicants will be required to participate, comply, and cooperate with CDC for any reporting requirements stipulated by, or mandated for, the receipt of funding. PPHF funding is intended to be used only in support of PPHF programs and projects.

Applicant Eligibility:

1. Eligible Applicants: Organizations with nonprofit 501(c)(3) or nonprofit 501(c)(6) IRS status (other than institutions of higher education).
2. Special Eligibility Requirements: The applicant organization must provide evidence of national scope of work and of public health charge or mission.
3. Justification for Less than Maximum Competition:

The program leadership in the Office of State, Tribal, Local and Territorial Support (OSTLTS) determined that in order to achieve its strategic priorities for strengthening the public health infrastructure and advancing the quality of public health decision making, OSTLTS will need to expand its capacity building assistance (CBA) efforts through national, non-profit organizations with experience and expertise providing capacity building assistance to governmental and non-governmental components of the public health system.

Eligible applicants are limited to national, non-profit professional public health mission organizations with experience and expertise providing capacity building assistance (CBA) to governmental and non-governmental components of the public health system.

The CDC is requesting the provision of capacity building assistance (CBA) to public health agencies and other public health entities across the United States and its territories in order to strengthen public health practice to improve health for all populations. These national public health mission organizations are the only entities positioned to effectively and efficiently execute on the expected capacity building outcomes, outputs, and activities outlined in the FOA. The characteristics that position these organizations are: 1) designated mission and experience working nationally, 2) demonstrated infrastructure, experience and expertise providing CBA, and 3) relationship to the public health system workforce across the United States and Territories.

Therefore, eligibility is limited to the above specified types of applicants/organizations that are expected to demonstrate significant experience and expertise providing capacity building assistance (CBA) to the target populations described in the attached OT13-1302 FOA.

This expertise is necessary for the grantee to effectively and efficiently complete the related activities and achieve the program outcomes described in the funding opportunity announcement.

Additionally the following capacities will facilitate the completion of projects in the specified timeframe:

 Infrastructure to organize, conduct work and disseminate key outcomes.

 Communicate key information to organization members, stakeholders and the public health community on a regular basis.

 Leverage a wide array of resources among organization members and the public health community to expeditiously achieve results in a cost-effective manner.

 Interact with other public health organizations; act as a networking hub to build the capacity of governmental and non-governmental components of the public health system.

Beneficiary Eligibility:

Beneficiaries include state health departments; tribal health organizations; local health departments; the District of Columbia; U.S. Territories; and other components of the public health system. The general public will also serve as beneficiaries.

Credentials/Documentation:

The applicant organization must include evidence of national scope of work and of public health role or mission. Articles of incorporation, board resolution or by-laws are acceptable forms of evidence. The applicant must also provide evidence of federally assigned 501(c)(3) or 501(c)(6) status designation by submitting a copy of the current, valid Internal Revenue Service (IRS) determination letter. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Allowable costs will be determined in accordance with OMB Circular No. A-87 for non-profit non-governmental organizations. Applicants must download application forms from www.grants.gov, and completed applications must be submitted electronically at www.Grants.gov. If an applicant does not have access to the Internet, or if they have difficulty accessing the forms on-line, contact the CDC Procurement and Grants Office Technical Information Management Section (PGO-TIMS) staff. For this, or further assistance, contact PGO-TIMS: Telephone (770) 488-2700, Email: PGOTIM@cdc.gov

Award Procedure:

1. Phase I Review: All eligible applications will be initially reviewed for completeness by CDC's Procurement and Grants Office (PGO) staff. In addition, eligible applications will be jointly reviewed for responsiveness by CDC/OSTLTS and PGO. Incomplete applications and applications that are non-responsive to the eligibility criteria will not advance to Phase II review. Applicants will be notified if the application did not meet eligibility and/or published submission requirements. 2. Phase II (Initial Base-Funding) Review: An objective review panel will evaluate complete and responsive applications according to the criteria listed in the Criteria section of the FOA. The applications will be compiled and reviewed according to the category for which applicants submitted their applications. Applicants will be notified electronically if the application did not meet eligibility and/or published submission requirements thirty (30) days after the completion of Phase II review. 3. Phase III Review: In addition, the following factors may affect the funding decision during Phase II (Initial Base-Funding Competition) Review: a. Preference to avoid duplication of CBA services to the same target populations. b. Preference may be given to the funding of applicants that propose to provide CBA services to target populations not served by higher ranking applicants. c. Preference will be given to ensure funding of organizations that provide CBA services to target populations not duplicated in other CDC funding mechanisms. CDC will provide justification for any decision to fund outside of ranked order of scores. Final funding determinations will be based on application scores from the objective review panels and consideration for CDC's funding preferences. 4. Phase IV (Secondary CIO-Funding) Review: Applicants that are successful in Phase II (Initial Base-Funding) Review and are awarded funds will be eligible to participate in the Phase IV (Secondary CIO-Funding) Review for CDC-wide public health projects. Eligible awardees will receive an application packet detailing the Phase IV (Secondary CIO-Funding) application submission process upon receipt of the Phase II (Initial-Base Funding) Notice of Award. The awardees must submit stand-alone applications in response to a range of CBA projects that represent public health disciplinary areas and cross-cutting disciplines and/or topics. CIO-funded projects may also include limited CBA to international public health constituents where there is a benefit to U.S. public health efforts or to the U.S. public health system. The applications will be compiled and reviewed according to the Category and CIO project for which applicants submitted proposals. In the event a technical review is more efficient (i.e., there is one proposal submitted for a particular CIO project), the technical review will be held in place of an objective review. Final funding determinations will be based on application scores from the objective review (and technical review) panels.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 30 to 60 days.

Appeals:

Not Applicable.

Renewals:

Renewals will be based upon the conditions in the funding announcement and are subject to the availability of CIO discretionary and programmatic funding, and funding under the Patient Protection and Affordable Care Act.

Formula and Matching Requirements:

This program has no statutory formula.

Matching requirements are not applicable to this program.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Financial assistance is available for a 12-month budget period within project periods ranging from one to five years. Method of awarding/releasing assistance: lump sum. Method of awarding/releasing assistance: lump sum.

Reports:

a. Reporting: Reporting allows for continuous program monitoring and identifies successes and challenges that awardees encounter throughout the award. Reporting is also necessary for awardees to apply for yearly continuation of funding. In addition, reporting is helpful to CDC and awardees because it:

Helps target support to awardees, particularly for cooperative agreements.

Provides CDC with periodic data to monitor awardee progress towards meeting the FOA outcomes and overall performance.

Allows CDC to track performance measures and evaluation findings for continuous program improvement throughout the project period and to determine applicability of evidence-based approaches to different populations, settings, and contexts.

Enables the assessment of the overall effectiveness and impact of the FOA.

For organizations that receive PPHF funding, additional reporting is required. These requirements will be communicated to awardees post-award.

As described below, awardees must submit one report per year; ongoing performance measures data, administrative reports, and a final performance and financial report. Below are the specific reporting requirements:

b. Annual Performance Report (due 120 days before the end of the budget period; serves as a continuation application). This report must not exceed 35 pages, excluding work plan and administrative reporting. Attachments are not permitted when submitting this report.

This report must include the following:

Performance Measures (including outcomes): Awardees must report on performance measures for each budget period and update measures, if needed.

Evaluation Results: Awardees must report evaluation results for the work completed to date (including any impact data).

Work Plan (maximum of 25 pages): Awardees should update the work plan each budget period.

Successes

 Awardees must report progress on completing activities outlined in the work plan.

 Awardees must describe any additional successes (e.g., identified through evaluation results or lessons learned) achieved in the past year.

 Awardees must describe success stories.

Challenges

 Awardees should describe any challenges that hinder achievement of both annual and project period outcomes, performance measures, or their ability to complete the activities in the work plan.

 Awardees must describe any additional challenges (e.g., identified through evaluation results or lessons learned) encountered in the past year.

CDC Program Support to Awardees

 Awardees should describe how CDC could assist them in overcoming any challenges to achieve both annual and project period outcomes and performance measures, and complete activities outlined in the work plan.

Administrative Reporting (not subject to page limits)

 SF-424A Budget Information-Non-construction Programs

 Budget Narrative Must use the format outlined in Section IV.

Content and Form of Application Submission, Budget Narrative Section

 Indirect Cost Rate Agreement

During years 25, awardees may request up to 75% of their estimated unobligated funds to be carried forward into the next budget period.

The carryover request must:

Express a bona fide need for permission to use an unobligated balance.

Include a signed, dated, and accurate Federal Financial Report (FFR) for the budget period from which the fund will be transferred (can request up to 75% unobligated balances).

Include a list of proposed activities, an itemized budget, and a narrative justification of those activities.

The applicant must submit the Annual Performance Report via www.grants.gov 120 days before the end of the budget period.

c. Performance Measure Reporting: CDC programs must require awardees to submit performance measures at least annually. CDC may require more frequent reporting of performance measures. Performance measure reporting should be limited to the collection and reporting of data. CDC programs should specify reporting frequency, required data fields, and format for awardees at the beginning of the award.

As indicated in the previous section, awardees will submit annual performance reports based on their selected program strategies and activities. These performance measures and the frequency of reporting will vary by project.

d. Federal Financial Reporting: The Annual Federal Financial Report (FFR) SF 425 is required and must be submitted through eRA Commons within 90 days after the end of each budget period. The FFR should only include those funds authorized and disbursed during the timeframe covered by the report. The final FFR must indicate the exact balance of unobligated funds and may not reflect any un-liquidated obligations. There must be no discrepancies between the final FFR expenditure data and the Payment Management Systems (PMS) cash transaction data. Failure to submit the required information in a timely manner may adversely affect the future funding of this project. If the information cannot be provided by the due date, you are required to submit a letter explaining the reason and date by which the Grants Management Officer will receive the information.

e. Final Performance and Financial Report: At the end of the five-year project period, awardees should submit a final report to include a final financial and performance report. This report is due 90 days after the end of the project period and should not exceed 40 pages.

At a minimum, this report must include the following:

Performance Measures (including outcomes): Awardees should report final performance data for all performance measures for the project period.

Evaluation results: Awardees should report final evaluation results for the project period.

Impact/Results: Awardees should describe the impact/results of the work completed over the project period, including success stories.

The completed FFR (SF-425).

The report should be emailed to the CDC Project Officer and the GMS listed in Agency Contacts section of the FOA.

Reporting Requirements under Section 203 of the 2012 Enacted Appropriations Bill for the Prevention and Public Health Fund, Public Law 111-5:

This award requires the recipient to complete projects or activities which are funded under the 2013 Prevention and Public Health Fund (PPHF) and to report on use of PPHF funds provided through this award. Information from these reports will be made available to the public.

Recipients awarded a grant, cooperative agreement, or contract from such funds with a value of \$25,000 or more shall produce reports on a semi-annual basis with a reporting cycle of January 1 - June 30 and July 1 - December 31; and email such reports (in 508 compliant format) to the CDC website (template and point of contact to be provided after award) no later than 20 calendar days after the end of each reporting period (i.e. July 20 and January 20, respectively).

Recipient reports shall reference the notice of award number and title of the grant or cooperative agreement, and include a summary of the activities undertaken and identify any sub-grants or sub-contracts awarded (including the purpose of the award and the identity of the sub-recipient).

Note: Recipients that were previously financed solely by PPHF funds and are now financed solely by a source other than PPHF do not need to adhere to the reporting and tracking requirements for the continuation portion of the project. Grantees that do not have FY13 PPHF funding do not need to adhere to the PPHF reporting requirements for FY13. However, grantees will still need to adhere to PPHF reporting requirements for the PPHF funding from FY12. No later than 10 days after the end of each calendar quarter, starting with the quarter ending December 31, 2012 and reporting by January 10, 2013, the recipients must submit a calendar quarter cash transaction report (SF-272 or top portion of the SF-425 Financial Report Form) to the Payment Management System (PMS). CDC programs must require awardees to submit performance measures at least annually. CDC may require more frequent reporting of performance measures. Performance measure reporting should be limited to the collection and reporting of data. CDC programs should specify reporting frequency, required data fields, and format for awardees at the beginning of the award. As indicated in the previous section, awardees will submit annual performance reports based on their selected program strategies and activities. These performance measures and the frequency of reporting will vary by project. At the end of the five-year project period, awardees should submit a final report to include a final financial and performance report. This report is due 90 days after the end of the project period and should not exceed 40 pages. At a minimum, this report must include the following:

Performance Measures (including outcomes): Awardees should report final performance data for all performance measures for the project period. Evaluation results: Awardees should report final evaluation results for the project period.

Impact/Results: Awardees should describe the impact/results of the work completed over the project period, including success stories.

The completed FFR (SF-425).

The report should be emailed to the CDC Project Officer and the GMS listed in Agency Contacts section of the FOA. Grantees will be monitored by project officers to ensure accomplishment of approved objectives and activities (including development and dissemination of deliverables, and number of training and technical assistance episodes delivered), and for capacity building outcomes such as adoption of best practices by state, tribal, local and territorial health departments and increases in the implementation and evaluation of public health infrastructure investments.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Records must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and General Accounting Office (GAO). The grantee is to also ensure that the sub-recipients receiving CDC funds also meet these requirements (if total Federal grant or grants funds received exceed \$500,000). The grantee should include this requirement in all sub-recipient contracts.

Records:

Financial records, supporting documents, statistical records, and all other records pertinent to the program shall be retained for a minimum of 3 years, or until completion and resolution of any audit in process or pending resolution. In all cases, records must be retained until resolution of any audit questions. Property records must be retained in accordance with 45 CFR 92.42.

93.528 NATIONAL FORUM FOR STATE AND TERRITORIAL CHIEF EXECUTIVES

National Forum

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Section 311(a) of the Public Health Service Act, as amended.

OBJECTIVES:

The National Forum cooperative agreement aligns state and federal efforts by providing opportunities for state and territorial decision-makers to collaborate on the development and implementation of innovative strategies and best practices related to health workforce issues, health systems, and access to healthcare. The purpose of the National Forum is to convene high level decision makers representing state/territorial governors, their policy advisors, and state, federal, health and human services providers, as well as private sector interests around issues of importance to state and territorial governments. As such, HRSA's support of the National Forum program will assist governors and key policy staff to develop and implement innovative solutions to challenges facing the health care safety net at the state and national level. This will further HRSA's goals for enhancing service to the safety net population and supporting sustainability of programs.

The three core functions of the Cooperative Agreement are: 1) facilitate collaboration among states, territories, federal partners and other key stakeholders to achieve common goals; 2) encourage integration of public health practice, primary care delivery systems and public health infrastructures; and 3) disseminate best practices and lessons learned to other states, territories and key stakeholders through various formats and mechanisms.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

This cooperative agreement will provide assistance to the National Forum to carry out initiatives that support states and territories efforts that align with the purpose of the National Forum. The cooperative agreement also leverages limited HHS and HRSA resources to support cohesiveness with regional and national health and human services initiatives.

Program expectations: The National Forum program will assist governors and key policy staff to develop and implement innovative solutions to governance and policy development in their jurisdictions. As such, the award recipient will be expected to facilitate partnerships across the state to include local government entities, stakeholders in various regions and across health care systems and health professional disciplines. The National Forum shall include initiatives where success is measurable and significant, the results are reproducible, the efforts are sustainable, and the approach cost effective. The full amount will be used to cover the activities described in the Notice of Funding Opportunity. The full amount will be used to cover the activities described in the funding opportunity announcement.

Applicant Eligibility:

Nonprofit, bi-partisan or nonpartisan organization that represents governors and their staff of a broad cross section of states, the Commonwealths of the Northern Mariana Islands and Puerto Rico, and the U.S. flag territories of American Samoa, Guam, the U.S. Virgin Islands are eligible to apply.

Beneficiary Eligibility:

See eligible beneficiaries listed above.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity

announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. HRSA requires all applicants to apply electronically through Grants.gov.

Award Procedure:

All qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions. Notification is made in writing by a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days.

Appeals:

Not Applicable.

Renewals:

Funding beyond the first year is dependent on the availability of appropriated funds for the National Forum in subsequent fiscal years, awardee satisfactory performance, and a decision that continued funding is in the best interest of the Federal government.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

This program has no matching requirements.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

The project period is for up to three years. See the following for information on how assistance is awarded/released: Awardees draw down funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards. Electronic Federal Financial Report (FFR) Cash Transaction Reports must be submitted electronically via the Payment Management System within 30 days of the end of each calendar quarter. Failure to submit the report may result in the inability to access award funds. Go to www.dpm.psc.gov for additional information.

Reports:

Refer to the HRSA Notice of Funding Opportunity for additional information. The award recipient will be required to submit performance and progress reports as well as status-federal financial reports (see the program announcement and notice of award for details for each required report). The awardee must submit a quarterly electronic Federal Financial Report (FFR) Cash Transaction Report via the Payment Management System within 30 days of the end of each calendar quarter. L. 109282), as amended by section 6202 of Public Law 110252, and implemented by 2 CFR Part 170. Grant and cooperative agreement recipients must report information for each first-tier subaward of \$25,000 or more in federal funds and executive total compensation for the recipients and subrecipients five most highly compensated executives as outlined in Appendix A to 2 CFR Part 170 (FFATA

details are available online at <http://www.hrsa.gov/grants/ffata.html>). Competing continuation awardees, etc. may be subject to this requirement and will be so notified in the Notice of Award. The award recipient must submit a progress report to HRSA on an annual/quarterly basis. For multi-year awards: Submission and HRSA approval of the Progress Report(s) triggers the budget period renewal and release of subsequent year funds. The progress report typically has two parts. The first part demonstrates grantee progress on program-specific goals. The second part collects core performance measurement data including performance measurement data to measure the progress and impact of the project. An annual Federal Financial Report is required. The report is an accounting of expenditures under the project that year. More specific information will be included in the Notice of Award. Refer to the HRSA funding opportunity announcement for the roles and responsibilities of the Federal government and the recipient.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. 93.529 PRE-EXISTING CONDITION INSURANCE PROGRAM (PCIP)

FEDERAL AGENCY:

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

Patient Protection and Affordability Care Act, Section 1101.

OBJECTIVES:

The Patient Protection and Affordability Care Act, was enacted on March 23, 2010. The Health Care and Education Reconciliation Act Public Law 111-152, was enacted on March 30, 2010. Collectively, these laws are known as the "Affordable Care Act." Section 1101 of the Affordable Care Act requires that the Secretary of the Department of Health and Human Services (HHS) establish, either directly or through contracts with States or nonprofit private entities, a temporary high risk health insurance program to provide access to coverage for uninsured Americans with pre-existing conditions. (Hereafter, we generally refer to this program as the Pre-Existing Condition Insurance Plan program, or PCIP program, to avoid confusion with the existing State high risk pool programs, which will continue to operate separately.) The PCIP program remained in place from the time of its establishment until April 30, 2014.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use

USES AND USE RESTRICTIONS:

Please see State PCIP Model Contract. Please see State PCIP Model Contract www.hhs.gov/cciio/Documents/state_hrp_model_contact.pdf

Under the state-run PCIP contracts, HHS shall exercise each of the option years described in paragraph A.2 according to the model contract by giving a preliminary notice of its intent at least 90 days prior to the end of each performance period and a written notice of exercise at least 60 days prior to the end of each performance period to the Contractor. The 90-day notice will state HHS's intent to exercise the option, but does not commit HHS to exercising the option.

Applicant Eligibility:

The applicants must meet the terms and conditions outlined in the model contract. See the State PCIP Model contract at www.hhs.gov/cciio/Documents/state_hrp_model_contact.pdf.

Beneficiary Eligibility:

Eligibility and enrollment rules for the Federal and state-operated PCIP programs can be found at www.healthcare.gov or below as set forth in text from our Interim Final Regulation (IFR).

B. Eligibility and Enrollment (Subpart C, Sec. 152.14 Through Sec. 152.15 of the PCIP IFR (45 CFR Part 152).

Section 1101(d) of the Affordable Care Act provides the basic eligibility criteria for the PCIP program, which are set forth under Sec. 152.14. In addition, consistent with the Secretary's general authority under section 1101(c)(2)(D) of the Act to establish requirements for a PCIP, we set forth enrollment and disenrollment requirements in Sec. 152.15.

In general, under section 1101(d) of the Affordable Care Act and subparagraphs (1), (2) and (3) of Sec. 152.14(a) of this interim final rule, an individual is eligible to enroll in a PCIP if he or she: (1) Is a citizen or national of the United States or is lawfully present in the United States as determined in accordance with section 1411 of the Affordable Care Act; (2) has not been covered under creditable coverage, as defined in section 2701(c)(1) of the Public Health Service Act as of the date of enactment, during the 6-month period prior to the date on which he or she is applying for coverage through the PCIP; and (3) has a pre-existing condition, as determined in a manner consistent with guidance issued by the Secretary. We further provide in Sec. 152.14(a)(4) that an individual must be a resident of a State that falls within the service area of a PCIP. Additional detail found in the IFR.

Credentials/Documentation:

Applicants should review the OCIO state model contract issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. 2

Section 340H of the Public Health Service Act, as added by Section 5508 of the Patient Protection and Affordable Care Act of 2010 (Pub. L. 111-148); Medicare Access and CHIP Reauthorization Act of 2015 (Public Law 114-10).

OBJECTIVES:

Expansion of primary care and dental residency training programs in community based settings.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Payments are for direct and indirect expenses for expansion of existing or establishment of new residency training programs in qualified teaching health centers. Eligible residencies include family medicine, internal medicine, pediatrics, med-peds, ob/gyn, psychiatry, general and pediatric dentistry, geriatrics. THCGME (Teaching Health Center Graduate Medical Education Program) payments cannot duplicate payments from other GME funding such as Childrens Hospital GME and payments from the Centers for Medicare and Medicaid Services.

Applicant Eligibility:

Eligible entities include community-based ambulatory patient care centers that operate a primary care residency program. Specific examples of eligible entities include, but are not limited to:

- Federally qualified health centers, as defined in section 1905(l)(2)(B) of the Social Security Act
- Community mental health centers, as defined in section 1861(ff)(3)(B) of the Social Security Act
- Rural health clinics, as defined in section 1861(aa) of the Social Security Act
- Health centers operated by the Indian Health service, an Indian tribe, or tribal organization, or an urban Indian organization, as defined in section 4 of the Indian Health Care Improvement Act
- An entity receiving funds under Title X of the Public Health Service Act.

In addition, the eligible entity must be listed as the institutional sponsor by the

relevant accrediting body, including the Accreditation Council for Graduate Medical Education (ACGME), American Osteopathic Association (AOA), or the Council on Dental Accreditation (CODA)

Federally Recognized Indian Tribal Government and Native American Organizations may apply if they are otherwise eligible.

Beneficiary Eligibility:

The program supports high-quality primary care residency training in community based settings.

Credentials/Documentation:

Applicants should review the individual HRSA Notice of Funding Opportunity issued under this CFDA program for any required proof or certifications which must be submitted with an application package. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. HRSA requires all applicants to apply electronically through Grants.gov.

Applications will be reviewed for eligibility including accreditation status, program approval, qualifications of the Project Director, completeness, accuracy and compliance with the requirements outlined in the Notice of Funding Opportunity. Based on this review, the HRSA program official with delegated authority is responsible for final selection and formula-based funding decisions. Notification is made in writing by a Notice of Award.

Award Procedure:

Notification of award is made in writing (electronic) through a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 120 - 180 days after receipt of applications.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Until the Secretary approves the THCGME payment formula an interim payment will be paid to eligible entities.

Matching requirements are not applicable to this program.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Awards are based on an annual assessment of residency FTE slots. See the following for information on how assistance is awarded/released: Recipients draw down funds, as necessary, from the Payment Management System (PMS), the centralized web based payment system for HHS awards.

Reports:

Both program and financial reports are required: The awardee must submit an annual progress report, a performance data report, and complete reconciliation at the end of each budget period. A Federal Financial Report (SF-425) is required according to the schedule in HRSA's Application Guide. New awards (Type 1) issued under this notice of funding opportunity are subject to the reporting requirements of the Federal Funding Accountability and Transparency Act (FFATA) of 2006 (Pub. L. 109282), as amended by section 6202 of Public Law 110252, and implemented by 2 CFR Part 170. Grant and cooperative agreement recipients must report information for each first-tier subaward of \$25,000 or more in federal funds and executive total compensation for the recipients and subrecipients five most highly compensated executives as

outlined in Appendix A to 2 CFR Part 170 (The FFATA details are available online at <http://www.hrsa.gov/grants/ffata.html>). Competing continuation recipients may be subject to this requirement and will be so notified in the Notice of Award. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

This program is excluded from coverage under 2 CFR 200, Subpart F - Audit Requirements. This program is excluded from coverage under 2 CFR 200 (45 CFR 75), Subpart F - Audit Requirements as THCGME statute gives the Secretary audit authority. Therefore, this program is not subject to the single audit. However, the program may be included in a single audit for other (non-THCGME) federal grant funding that a THCGME awardee may also receive. DHHS, or any other authorized Federal agency, may conduct an audit to determine whether the applicant has complied with all governing laws and regulations in its application for funding. Any and all information submitted to DHHS by an applicant or participating THC during or after the award of funds is subject to review in an audit. The THCGME statute provides for a reconciliation process at the end of each budget period, through which overpayments may be recouped and underpayments may be adjusted. (See section 340H (f) of the Public Health Service Act.) The reconciliation process is based on the number of resident FTEs reported by a THC for the academic year. The FTE number determines the final amount payable to the THC for the budget period.

Records:

Recipients are required to maintain grant accounting records 3 years after the end of the program. If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: In Academic Year 2015-2016, the THCGME program supported 758 primary care residents in training. Approximately 77 percent of residents reported training in medically underserved communities. THCGME residents provided over 590,000 hours of patient care. To date, the THCGME Program has graduated 384 new primary care physicians and dentists, the majority of which have indicated intention to practice in a primary care setting upon graduation (60 percent). Fiscal Year 2017: No Current Data Available. Fiscal Year 2018: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

All administrative requirements and the cost principles that govern Federal monies associated with this activity will be subject to the Uniform Guidance 2 CFR 200 as codified by HHS at 45 CFR 75, with the exception of Sub-part F Audit Requirements. HRSA awards are also subject to the requirements of the HHS Grants Policy Statement (HHS GPS) that are applicable based on recipient type and purpose of award. CRITERIA FOR SELECTING PROPOSALS:

Payments are for direct and indirect expenses for expansion of existing or establishment of new residency training programs in qualified teaching health centers. This is a formula-based grant payment program, with funds awarded to all eligible entities. THCs must meet all of the eligibility criteria before being considered for program funds and must be training residents during the year for which they are applying for funding. Application review is conducted at HRSA and an independent assessment of residents count is conducted by fiscal intermediaries.

93.531 PPHF - COMMUNITY TRANSFORMATION GRANTS AND NATIONAL DISSEMINATION AND SUPPORT FOR COMMUNITY TRANSFORMATION GRANTS - FINANCED SOLELY BY PREVENTION AND PUBLIC HEALTH FUNDS

Community Transformation Grants and National Dissemination and Support for Community Transformation Grants

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

This program is authorized under section 301(a) and 317(k) Public Health Service Act, 42 U.S. Code 241(a) and 247b (k) and Title IV Section 4002 Prevention and Public Health Fund.

OBJECTIVES:

Community Transformation Grants - To reduce death and disability from the five leading causes of death through the prevention and control these conditions and their risk factors. Recipients will select from a menu of interventions across the health and wellness spectrum, each of which can prevent or control chronic conditions. Each recipient will choose interventions that will help to achieve health equity, eliminate disparities, and improve the health of all groups. More specific goals within these broad goal areas will be provided in funding announcements

National Dissemination and Support for Community Transformation Grants - To support the efforts of the CTG program by funding national non-governmental organizations with a network of community based organizations.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Both programs - Funds may be used to support intensive approaches to chronic disease prevention and control described in Section 0.50 above. The use of and use restrictions are as follows: Recipients may only expend funds for reasonable policies, systems and environmental program purposes, including personnel, travel, supplies, and services, such as contractual to reduce risk factors, prevent and delay chronic disease. Recipients may not use funds for research. Recipients may not use funds for clinical care. Recipients may not generally use funding for the purchase of furniture or equipment. Any such proposed spending must be identified in the budget. The recipient must perform a substantial role in carrying out project objectives and not merely serve as a conduit for an award to another party or provider who is ineligible. 93.535 AFFORDABLE CARE ACT (ACA) CHILDHOOD OBESITY RESEARCH DEMONSTRATION

Childhood Obesity Research Demonstration

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

This program is authorized under section 401(a) of the Childrens Health Insurance Program Reauthorization Act of 2009 (CHIPRA, Public Law 111-3), added new section 1139A, to the Social Security Act (the Act). Subsection 1139A(e) of the Social Security Act requires the Secretary of Health and Human Services (HHS) to conduct a Childhood Obesity Demonstration Project (http://www.ssa.gov/OP_Home/ssact/title11/1139A.htm). In 2010, the Patient Protection and Affordability Act (ACA) appropriated funding for the Project in section 4306.section 301(a) and 317(k).

OBJECTIVES:

The overall objective is to determine whether an integrated model of primary care and public health approaches in the community, such as policy, systems, and environmental supports for nutrition and physical activity, can improve underserved childrens risk factors for obesity.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds can be used to develop, implement, and evaluate multi-sectoral (i.e., childcare, school, community, health care), multi-level (i.e., child, family, organization, community, policy) intervention demonstration projects for underserved children ages 2-12 years and their families, utilizing the Obesity Chronic Care Model and other similar models, as described in subsection 1139A(e) of the Social Security Act and section 301(a) and 317(k) of the ACA above. Recipients may only expend funds to implement and evaluate evidence-based policies, systems and environmental interventions, including personnel, travel, supplies, and services, such as contractual to reduce risk factors and prevent childhood obesity. Recipients may not use funds for clinical care. Recipients may not generally use funding for the purchase of furniture or equipment. Any such proposed spending must be identified in the budget. The recipient must perform a substantial role in carrying out project objectives and not merely serve as a conduit for an award to another party or provider who is ineligible.

Applicant Eligibility:

Initial applicants are identified above. FY14 is the final year of the 5 year agreement, as such only grantees already awarded under FOA DP11-1107 are currently eligible.

Beneficiary Eligibility:

The general public will benefit from the objectives of this program, with a specific focus on low income children eligible for services under titles XIX and XXI of the Social Security Act; children and their families living at least 150% or higher federal poverty level; or catchment areas where 50% of students are in schools eligible for the National School Lunch Program.

Credentials/Documentation:

No Credentials or documentation are required. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. This program is covered under OMB Circular No. A-102. MIPCD Program

FEDERAL AGENCY:

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

Affordable Care Act (Public Law 111-148) Section 4108.

OBJECTIVES:

Section 4108(a)(1)(A)The Secretary shall award grants to States to carry out initiatives to provide incentives to Medicaid beneficiaries who (i) successfully

participate in a program described in paragraph (3); and (ii) upon completion of such participation, demonstrate changes in health risk and outcomes, including the adoption and maintenance of healthy behaviors by meeting specific targets (as described in subsection (c)(2)). (a)(1)(B) The purpose of the initiatives under this section is to test approaches that may encourage behavior modification and determine scalable solutions. (a)(3)(A)The Secretary shall award grants to States to carry out initiatives to provide incentives to Medicaid beneficiaries who successfully participate in a comprehensive, evidence-based, widely available, and easily accessible program, proposed by the State and approved by the Secretary, that is designed and uniquely suited to address the needs of Medicaid beneficiaries and has demonstrated success in helping individuals achieve ceasing use of tobacco, controlling their weight, lowering cholesterol, lowering blood pressure, and avoiding onset of diabetes. (a)(3)(B) A program under this section may also address co-morbidities (including depression) that are related to any of the conditions described in subparagraph (A). (a)(3)(C) WAIVER AUTHORITY- The Secretary may waive the requirements of section 1902(a)(1) (relating to statewideness) of the Social Security Act for a State awarded a grant to conduct an initiative under this section and shall ensure that a State makes any program described in subparagraph (A) available and accessible to Medicaid beneficiaries. (a)(4)(D) FLEXIBILITY IN IMPLEMENTATION- A State may enter into arrangements with providers participating in Medicaid, community-based organizations, faith-based organizations, public-private partnerships, Indian tribes, or similar entities or organizations to carry out programs described in subparagraph (A). (d)(2) A State awarded a grant to conduct an initiative under this section shall develop and implement a system to(1) track Medicaid beneficiary participation in the program and validate changes in health risk and outcomes with clinical data, including the adoption and maintenance of health behaviors by such beneficiaries; (2) to the extent practicable, establish standards and health status targets for Medicaid beneficiaries participating in the program and measure the degree to which such standards and targets are met; (3) evaluate the effectiveness of the program and provide the Secretary with such evaluations; (4) report to the Secretary on processes that have been developed and lessons learned from the program; and (5) report on preventive services as part of reporting on quality measures for Medicaid managed care programs.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Funding under this program will be used according to the ACA section 4108 statute. States will be reimbursed for approved expenditures through the grant with 100 percent Federal funds. Approvable expenditures will include direct cash incentives, or alternative forms of inducement such as free goods, transportation support, reduced Medicaid program fees, provision of alternative preventive services not normally reimbursable through Medicaid, or payments to family members, friends or community agencies that provide support and facilitation of a participants preventive program attendance and meeting goals of tobacco cessation, controlling or reducing weight, lowering cholesterol, lowering blood pressure, and avoiding the onset of diabetes or improving the management of the condition. Also reimbursement of 100 percent of approved expenditures for the administrative operation of the MIPCD Program is available through the grant. Examples of eligible reimbursable items are: key personnel; MIPCD travel, training, outreach and marketing; IT infrastructure to accommodate the MIPCD reporting requirements; and completing the satisfaction survey requirements. Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

Affordable Care Act (Public Law 111-148) Section 2707.

OBJECTIVES:

Section 2707(a). The purpose of this program is for the Secretary of Health and Human Services (in this section referred to as the Secretary) to establish a demonstration project under which an eligible State (as described in subsection (c)) shall provide payment under the State Medicaid plan under title XIX of the Social Security Act to an institution for mental diseases (IMDs) that is not publicly owned or operated and that is subject to the requirements of section 1867 of the Social Security Act (42 U.S.C. 1395dd) or the provision of medical assistance available under such plan to individuals who (1) have attained age 21, but have not attained age 65; (2) are eligible for medical assistance under such plan; and (3) require such medical assistance to stabilize a psychiatric emergency medical condition. To conduct a 3-year Medicaid demonstration project participating States would be allowed to provide payment to (IMDs) of 17 or more beds for services provided to Medicaid beneficiaries who are the ages of 21 through 64, and who are in need of medical assistance to stabilize a psychiatric emergency medical condition.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use

USES AND USE RESTRICTIONS:

The statute permits States selected to participate in the demonstration to provide payment to private (IMDs) of 17 or more beds for services provided to Medicaid beneficiaries who are the ages of 21 through 64, and who are in need of medical assistance to stabilize a psychiatric emergency medical condition. States will receive only federal matching funds for Medicaid payments made under the demonstration. Funds shall be allocated to eligible States on the basis of criteria, including a States application and the availability of funds, as determined by the Secretary. Funding under the demonstration is intended to be used only for Medicaid payment for services specified under Section 2707. In addition, in no case may the aggregate amount of payments made by the Secretary to eligible States under this section exceed \$75,000,000; or payments be provided by the Secretary under this section after December 31, 2015.

Applicant Eligibility:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

This program is authorized under Section 317 of the Public Health Service Act (42 U.S.C. Sections 247b), as amended; and the Patient Protection and Affordable Care Act (PL 111-148), Title IV, Sections 4002, (Prevention and Public Health Fund) for expanded and sustained national investment in prevention and public health programs. This program is funded in part by 2012 Prevention and Public Health Funds (PPHF-2012).

OBJECTIVES:

Program activities under this funding will support efforts to transition immunization programs supported by Section 317 funding to the healthcare environment being transformed by the Affordable Care Act (ACA). Section 317 grantees manage the public health force that implements and supports

immunization practices in the public and private sectors. Additionally, the importance of monitoring the effectiveness and impact of vaccines is critical for maintaining an immunization program that is scientifically and programmatically sound. The specific objectives may include but are not limited to: 1. Enhance interoperability between electronic health records and immunization information systems and reception of Health Level 7 (HL7) standard messages into IIS. 2. Develop a vaccine ordering module in an immunization information system that interfaces with CDC's VTrckS vaccine ordering and management system. 3. Develop and/or implement strategic plans for billing for immunization services in health department clinics to enable programs to increase program revenue, reach additional populations, provide recommended vaccines that are not currently offered, and address under-vaccinated populations. 4. Plan and implement adult immunization programs to improve adult immunization rates by establishing collaborations with employers and pharmacies and other healthcare entities to expand adult vaccination activities. 5. Enhance the sustainability of school-located vaccination (SLV) to make SLV programs successful, efficient, and sustainable through new technologies and innovative systems and third-party payer billing to recover program costs. 6. Increase Human Papillomavirus (HPV) vaccination coverage rates among adolescents.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Project funds may be used for costs associated with planning, organizing, conducting, and supporting immunization programs directed toward vaccine-preventable diseases, and for the implementation of other program elements as described in Section 050 above and through CDC allowable and unallowable expenses. See above.

Applicant Eligibility:

Eligibility is limited to existing grantees under the Immunization Program (CFDA 93.268) which includes all 50 U.S. states, the District of Columbia, local health departments (Chicago, Houston, New York City, Philadelphia, San Antonio) and U.S. territories (Commonwealth of Puerto Rico, Virgin Islands, Commonwealth of the Northern Mariana Islands, American Samoa, Guam, Federated States of Micronesia, Republic of the Marshall Islands, Republic of Palau). Private individuals, private nonprofit agencies, and Indian tribes are not eligible.

Beneficiary Eligibility:

Any U.S. state, political subdivision and U.S. territories (as described above), and other public entities will benefit.

Credentials/Documentation:

Applicants should document the need for assistance, state the objectives of the project, outline the method of operation, describe the evaluation procedures, and provide a budget with justification of funds. Costs will be determined in accordance with 2 CFR 225 (OMB Circular No. A-87) for state and local governments. OMB Circular No. A-87 applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Pre-application coordination is not required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372 Intergovernmental Review of Federal Programs. An applicant should consult the office or official designated as the single point of contact in his or her state for more information on the process the state requires to be followed in applying for assistance, if the state has selected the program for review.

This program is excluded from coverage under OMB Circular No. A-110. Allowable costs will be determined in accordance with OMB Circular No. A-87 for non-profit, non-governmental organizations. Applicants must download supplemental application forms from www.Grants.gov. Supplemental

applications must be submitted electronically at www.Grants.gov. If an applicant does not have access to the Internet, or if they have difficulty accessing the forms online, contact the CDC Procurement and Grants Office, Technical Information Management Section (PGO-TIMS) staff. For this, or further assistance, contact PGO-TIMS: Telephone: 770-488-2700, email: PGOTIM@cdc.gov. HHS/CDC Telecommunications for the hearing impaired: TTY 770-488-2783.

Award Procedure:

All applications that are complete and responsive to competitive supplemental grant and cooperative agreement announcements will undergo an objective review process, receive a written critique and be scored according to published review criteria. Successful applicants will receive a Notice of Award (NoA) from the CDC Procurement and Grants Office. The NoA shall be the only binding, authorizing document between the recipient and CDC. The NoA will be signed by an authorized CDC Grants Management Officer.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Financial assistance is available for a 12-month budget period and 24-month project period. Method of awarding/releasing assistance: lump sum.

Reports:

The reporting schedule will be based on the requirements listed in the funding opportunity announcement. No cash reports are required. Funded applicants must provide a Monthly Progress Report within 30 days after the award and monthly thereafter. An Annual Progress Report is due 90 days after the end of the budget period. Federal Financial Reports (SF-425) and Final Progress Report are due 90 days after the end of the budget period. Federal Financial Reports (SF-425) are due 90 days after the end of the budget period. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Records must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and General Accounting Office (GAO). The grantee is to also ensure that the sub-recipients receiving CDC funds also meet these requirements (if total Federal grant or grants funds received exceed \$500,000). The grantee should include this requirement in all sub-recipient contracts.

Records:

Financial records, supporting documents, statistical records, and all other records pertinent to the program shall be retained for a minimum of 3 years, or until completion and resolution of any audit in process or pending resolution. In all cases records must be retained until resolution of any audit questions. Property records must be retained in accordance with 45 CFR 92.42.

Applicants will be notified if their application did not meet program requirements.

93.540 AFFORDABLE CARE ACT STREAMLINED SURVEILLANCE FOR VENTILATOR-ASSOCIATED PNEUMONIA: REDUCING BURDEN AND DEMONSTRATING PREVENTABILITY; AND PREVENTION AND PUBLIC HEALTH FUND

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

This program is authorized under Sections 317, 317(k)(2), 318 and 318B of the Public Health Service Act (42 U.S.C. Sections 247b, 247b(k)(2) and 247c), as amended; and the Patient Protection and Affordable Care Act (PL 111-148), Title IV, Sections 4002, (Prevention and Public Health Fund) for expanded and sustained national investment in prevention and public health programs, IV U.S.C 4002.

OBJECTIVES:

Ventilator-associated pneumonia (VAP) is one of the most common and deadly healthcare-associated infections (HAIs). Program activities under this funding will facilitate a study to demonstrate the utility and relevance of sVAP and promote acceptance of sVAP within the critical care community. Implementation of a new, reliable, valid, clinically credible and potentially automatable VAP surveillance definition will provide the foundation for national surveillance and prevention efforts and for pay-for-reporting and pay-for-performance programs, leading to improved patient safety and fewer complications for patients needing mechanical ventilation. Specifically, the objectives of this project are to: 1. Implement prospective sVAP surveillance in 9 acute-care hospitals currently conducting VAP surveillance using existing

National Healthcare Safety Network (NHSN) definitions; 2. Compare the total sVAP surveillance burden to the total burden associated with use of existing NHSN VAP definitions; and 3. Implement an evidence-based VAP prevention initiative and evaluate sVAP preventability by assessing the association between sVAP rates and prevention measure compliance rates. Nine hospitals currently engaged in NHSN VAP surveillance will be recruited.

TYPES OF ASSISTANCE:

USES AND USE RESTRICTIONS:

Project funds may be used for costs associated with planning, data collection, organizing, and the implementation of program elements to build HAI prevention and public health capacity. Recipients may only expend funds for reasonable program purposes, including personnel, travel, supplies, and services, such as contractual.

Applicant Eligibility:

Eligible applicants include recipients funded under the CDC Prevention Epicenters Program (CI11-001):
a. Chicago Prevention Epicenter
b. Duke University Prevention Epicenter
c. Harvard/Irvine Prevention Epicenter
d. University of Pennsylvania Prevention Epicenter
e. Washington University Prevention Epicenter.

Beneficiary Eligibility:

State and local health departments, U.S. Territories, and the general public.

93.542 HEALTH PROMOTION AND DISEASE PREVENTION RESEARCH CENTERS: PPHF - AFFORDABLE CARE ACT PROJECTS

Prevention Research Centers

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Executive Order This program is authorized under Section 4002 of the ACA, Prevention and Public Health Fund, Section 1706 of the PHS Act, 42 U.S.C. 300u-5, and Section 317(k)(2) of the PHS Act, 42 U.S.C. 247b(k)(2).

OBJECTIVES:

To: (1) To maintain, and operate academic-based centers for high-quality research and demonstration with respect to health promotion and disease prevention; (2) to establish linkages, where applicable, between ongoing, basic research in a wide array of fields and applied research in disease prevention and health promotion; (3) to bring the knowledge and expertise of academic health centers to bear on practical public health problems; (4) to field test and rigorously evaluate more cost-effective methods and strategies for preventing unnecessary illness and promoting good health; (5) to shorten the time lag between the development of new and proven effective disease prevention and health promotion techniques and their widespread application, and; 6) to involve the community in the development, conduct, and implementation of prevention research. Prevention Research Centers will: (1) focus on the major causes of death and disability, with an emphasis on underserved and vulnerable populations (2) improve public health practice through community-based participatory research, and (3) design, test, disseminate, or translate effective public health programs at the state and community level. Funding will support key elements of (1) infrastructure and administration, (2) community engagement and partnerships, (3) communication and dissemination, (4) training and education, (5) evaluation, (6) a community-based participatory core research project, and -- for some Prevention Research Centers, 7) special interest projects (SIPS).

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds may be used for cost associated with planning, data collection, organizing, and the implementation of program elements related to the objectives identified in 050 above. Recipients may only expend funds for reasonable program purposes, including personnel, travel, supplies, and services, such as contractual. Recipients may not use funds for clinical care. The recipient must perform a substantial role in carrying out project objectives and not merely serve as a conduit for an award to another party or provider who is ineligible to apply for funding.

Applicant Eligibility:

Only applicants who have applied for and have been selected as Prevention Research Centers under CDC Program Announcement DP-14-001 are eligible to apply for the annual continuation funding for the core award and Special Interest Project (SIPS) awards. Funding is limited to Prevention Research

Centers under CDC Program Announcement PA DP-14-001 because they are uniquely positioned to perform, oversee, and coordinate community-based participatory research that promotes the field of prevention research due to their established relationships with community partners.

Beneficiary Eligibility:

Academic health centers, scientist/researchers, operational public health programs, targeted high risk groups, selected demonstration areas, and the general public.

Credentials/Documentation:

Applicants must have applied for and been selected as Prevention Research Centers under CDC Program Announcement DP-14-001. Applicants must document the need for assistance, state the objectives of the proposed project, outline the method of operation, describe the evaluation procedures and provide a budget justification for funds requested. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application Procedure: The CDC Procurement and Grants Office (PGO) will provide a Prevention Research Center (PRC) Program Guidance document to eligibility applicants entitled How to Prepare the PRC Non-Competing Continuation Application and Progress Report. Applicants must manually submit an annual continuation application to PGO by the deadline provided in the Program Guidance document. If the applicant has difficulty, contact the CDC Procurement and Grants Office Technical Information Management Section (PGO-TIMS) staff. For this, or further assistance, contact PGO-TIMS: Telephone (770) 488-2700, Email: PGOTIM@cdc.gov.

Award Procedure:

CDC will not review incomplete and non-responsive continuation applications for core awards and Special Interest Projects (SIPS) awards. Applications that are complete and responsive will be evaluated for scientific and technical merit by the CDC Scientific Collaborator for the project, the CDC Project Officer for the Prevention Research Center, and a Scientific Program Official within the CDC Extramural Research Program Office. Successful applicants will receive a Notice of Grant Award (NGA) from the CDC Procurement and Grants Office. The NGA shall be the only binding, authorizing document between the recipient and CDC. The NGA will be signed by an authorized Grants Management Officer. The award will provide funds for the budget period of 12 months and the NGA will indicate allocation of Federal funds by budget categories and special conditions, if any. The project period for continuation funding is 12 months.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days. None.

93.545 CONSUMER OPERATED AND ORIENTED PLAN [CO-OP] PROGRAM

FEDERAL AGENCY:

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

Patient Protection and Affordable Care Act (PPACA), Section 1322.

OBJECTIVES:

To provide assistance to applicants for activities related to establishing and maintaining a Consumer Operated and Oriented (CO-OP), nonprofit health insurance issuer.

Please refer to the Funding Opportunity Announcement (FOA) for additional information.

TYPES OF ASSISTANCE:

Direct Loans

USES AND USE RESTRICTIONS:

Section 1322 of The Patient Protection and Affordable Care Act (PPACA), calls for the establishment and continuation of the CO-OP Program, which will foster the creation and maintenance of qualified nonprofit health insurance issuers to offer competitive health plans in the individual and small group markets. The American Taxpayer Relief Act of 2012 (ATRA) rescinded, as of the date of enactment, ninety percent of the unobligated balance under Section 1322 of the PPACA, transferred the remaining ten percent of the unobligated balance to the Consumer Operated and Oriented Plan Program Contingency Fund, and rescinded authority to further issue CO-OP loans.

As of the date of the rescission, CO-OP loan agreements had closed with 24 CO-OP borrowers. The loan agreement with one of those borrowers was terminated in 2013 before the entity had obtained an insurance license. The other 23 borrowers became licensed licensed. One of them entered into a state-supervised liquidation proceeding in February of 2015. Although CMS no longer has the authority to make loans to new borrowers, Section 644 of ATRA authorizes CMS to continue to provide assistance and oversight to existing CO-OPs as they work to achieve program milestones and maintain viable CO-OPs in each state in which they operate. No further funding is available to borrowers under the original Funding Opportunity Announcement (FOA) published on December 9, 2011, Number OO-COO-001.

The CO-OP Program awards two types of loans:

Start-up Loans: Start-up Loans are intended to assist applicants with the start-up costs associated with establishing a new health insurance issuer, such as: renting or developing administrative technology systems; renting or developing provider networks; hiring counsel and consultants to assist with State licensure requirements; hiring actuaries and management staff; conducting community and prospective member education; developing strategic plans to build enrollment; developing plans for quality improvement, member and provider services, and grievances and appeals systems with feedback loops to improve operations; establishing and participating in a private purchasing council; and other start-up costs. Start-up Loans cannot be used to fund costs associated with construction of facilities, including clinical facilities, nor can Start-up Loans be used for clinical expenses, such as provider salaries or payments, provider clinical space or administrative staff associated with clinical functions, and clinical equipment. These items are intended to be covered by the premiums and reflected in the reimbursement to providers.

Funds drawn from Start-up Loans must be repaid within five years of disbursement.

Solvency Loans: Solvency Loans are intended to assist eligible entities with meeting the solvency and capitalization requirements of states in which they do business.

Funds drawn from Solvency Loans must be repaid within 15 of disbursement.

Loan recipients must use the loans awarded under the CO-OP program to fund

the activities proposed and approved in the loan recipients application, consistent with the terms of the CO-OPs loan agreement with CMS. Loan recipients are prohibited from using the loans awarded under the CO-OP program to conduct marketing or carry on propaganda and other activities attempting to influence legislation.

Additional information on both start-up and solvency loans can be found in the original FOA for this program, to acquire details on each type of loan and the requirements for each type of loans use and repayment. Loan recipients must use the loans awarded under the CO-OP program to fund the activities proposed and approved in the loan recipients application consistent with the terms of the organizations loan agreement with CMS. Loan recipients are prohibited from using the loans awarded under the CO-OP program to conduct marketing or carry on propaganda and other activities attempting to influence legislation. Start-up Loans: Start-up Loans are required to be repaid five years after each drawdown of funds. Solvency Loans: Solvency Loans are required to be repaid 15 years after each drawdown of funds. Please refer to the FOA for this program for more detail on each type of loan and the requirements for each type of loans use and repayment.

Applicant Eligibility:

TTTo be eligible to apply for a loan under the CO-OP program, an applicant must:

1. Intend to become a CO-OP;
2. Have formed a private nonprofit member organization (see Section IV.B of the FOA for acceptable evidence of certified nonprofit status). ;
3. Submit in its loan application an Eligibility Affidavit and Application Certification signed by the applicants Chief Executive Officer, Chief Financial Officer, or an officer of the applicants Board of Directors, certifying the accuracy, completeness, and truthfulness of all information contained in the loan application; and certifying that, if the applicant organization is awarded loan(s) under this FOA, it will repay them according to the terms laid out in this FOA, finalized in 45 CFR part 156 subpart F, and in the Loan Agreement issued when the award is announced. The signatory must be legally authorized to bind the CO-OP. For a description of the Eligibility Affidavit and Application Certification, see Section IV.B.10.
4. Commit to offering a CO-OP qualified health plan at the silver and gold benefit levels in every individual market Exchange that serves the geographic regions in which it is licensed and intends to provide health care coverage; and
5. If choosing to offer at least one plan in the small group market outside the Exchange, commit to offering a CO-OP qualified health plan at both the silver and gold benefit levels in each Small Business Health Options Program (SHOP) that serves the geographic regions in which the organization offers coverage in the small group market; and
6. Commit that at least two-thirds of the contracts issued by the CO-OP will be CO-OP qualified health plans offered in the individual market or individual and small group markets of the States in which the CO-OP is licensed.

Beneficiary Eligibility:

Not applicable.

Credentials/Documentation:

Applicants must provide proof that they have formed a nonprofit member organization and are not prohibited from program participation. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

Award Procedure:

All qualified applications will be forwarded to objective external reviewers. The CMS program official with delegated authority is responsible for final selection and funding decisions. In making these decisions, the program

official will take into consideration: recommendations of the external reviewers; reviews for programmatic and grants management compliance; the reasonableness of the size of the loan request and anticipated results of funding the application; ability to repay the loan; and the likelihood that the proposed project will result in the benefits expected. CMS reserves the right to conduct pre-award Budget Negotiations with potential loan recipients. Notification is made in writing by a Notice of Award.

Oct 17, 2011: First Round. Oct 17, 2011: First Round. Oct 17, 2011: First Round. First Round Loans

Grants.gov application due date: October 17, 2011;

First loan award date: February 17, 2012 and applications were accepted on a rolling basis until the passage of ATRA. The last loan award to fund the creation of a new CO-OP was awarded in December 2012. Subsequent loans for additional funding to existing borrowers will be awarded as funding is available.

Range of Approval/Disapproval Time:

From 60 to 90 days. Loan awards or a response to the application will be provided approximately 75 days after each applicant receives notice that its application is complete.

Appeals:

An applicant may request reconsideration of a loan application determination. Any determination made by CMS with respect to that loan application as a result of reconsideration is final and is not subject to reconsideration, appeals, or other administrative or judicial review related to that specific loan application. However, an applicant is not prohibited from submitting an entirely new loan application.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Start-up Loans must be repaid within 5 years of the date of each drawdown and Solvency Loans must be repaid within 15 years of the date of each drawdown. See the following for information on how assistance is awarded/released: The FOA will outline how assistance is awarded/released.

Reports:

Start-up and Solvency Loan Recipients. All successful applicants under this announcement must comply with the following reporting and review activities:

- a. Monthly Reporting. Loan recipients must provide the Account Manager information related to enrollment on a monthly basis.
- b. Quarterly Reporting (NAIC Report). Loan recipients must provide Account Managers with information that is reflected in regulatory filings on a quarterly basis.
- c. Semi-Annual Progress Report. Loan recipients must provide the Account Manager on a semi-annual basis, information such as, but not limited to: progress on the goals, objectives, milestones, and activities identified in its Business Plan and the Loan Agreement; accomplishments, barriers, and lessons learned; data on the loan recipients responsiveness to member grievance, maintenance of consumer control, and quality of care. More details of the semi-annual progress report are outlined in the Loan Agreement and loan recipients were provided with a reporting template.
- d. Changes/updates in the business plan.
- e. Updated financial reports and Pro forma reports.
- f. Annual Program Report; In addition to the semi-annual progress report, each loan recipient will be required to submit a program report annually, such as, but not limited to: updated financial reports and Pro forma reports; certification of compliance with all applicable state insurance regulation or an explanation of any deficiencies or adverse actions or determinations by state insurance regulators and a timeline for resolving all issues with state insurance regulators; an updated Business Plan. More details of the annual program report are outlined in the Loan Agreement and loan recipients were provided with a reporting template.
- g. Marketplace Rate Analysis, varies per state.
- h. Corrective Action Plan (CAP). If CMS concludes that a loan recipient has not complied with the

requirements set forth in Section 1322 of the Patient Protection and Affordable Care Act, 45 CFR part 156 subpart F, or in its Loan Agreement, CMS may require the loan recipient, via a notice of violation, to develop and submit a CAP and implement the CAP as approved by CMS. 1. The loan recipient must submit, for CMS approval, a CAP by the deadline indicated on the notice of violation. 2. The CAP must specify the actions that the loan recipient will take to ensure that the loan recipient, its members, its providers and suppliers, and contracted entities performing services or functions on its behalf, will correct any deficiencies and remain in compliance with program requirements. 3. CMS will monitor the loan recipients performance during the CAP process. 4. Failure to submit, obtain approval for, or implement a CAP may result in termination of the loan agreement, as may failure to demonstrate improved performance upon completion of the CAP. i. Enhanced Oversight Plan (EOP). CMS may place a loan recipient in an EOP (used in lieu of implementing a CAP, or in conjunction with a CAP), if the loan recipient consistently underperforms or repeatedly has difficulty in meeting program milestones and benchmarks, as identified in its loan agreement. Under an EOP, CMS will conduct stronger and more frequent review of the loan recipients operational and financial status. In addition, CMS may provide technical assistance if CMS determines that doing so would improve the performance of the loan recipient and increase the likelihood of loan repayment. j. Transparency Act Reporting Requirements. New awards issued under this funding opportunity announcement are subject to the reporting requirements of the Federal Funding Accountability and Transparency Act (FFATA) of 2006 (P. L. 109282), as amended by section 6202 of Public Law 110252 and implemented by 2 CFR Part 170. Recipients must report information for each first-tier sub award of \$25,000 or more in Federal funds and executive total compensation for the recipients and sub recipients five most highly compensated executives as outlined in Appendix A to 2 CFR Part 170 (available online at www.fsr.gov). The report identifies cash transactions and expenditures against the authorized funds for the loan. Please refer to the description provided in Reports (111) (c.) of this template for information on the semi-annual progress report; loan recipient also submits quarterly regulatory filings submitted to state regulators and the NAIC. Each loan recipient must also submit a quarterly electronic SF 425, via the Payment Management System. The report identifies cash transactions and expenditures against the authorized funds for the loan. Please refer to the FOA. 93.546 EARLY RETIREE REINSURANCE PROGRAM

FEDERAL AGENCY:

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

Patient Protection and Affordability Act, Section 1102.

OBJECTIVES:

The program provides reimbursement to sponsors of participating employment-based plans for a portion of the cost of health benefits for early retirees and their spouses, surviving spouses, and dependents. The purpose of the reimbursement is to make health benefits more affordable for plan participants and sponsors so that health benefits are accessible to more Americans than they would otherwise be without this program.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use

USES AND USE RESTRICTIONS:

ERRP regulation specifies the only permissible ways in which sponsors may use the proceeds under this program. They permissible ways are: (1) To reduce the sponsors health benefit premiums or health benefit costs, or (2) To reduce health benefit premium contributions, copayments, deductibles, coinsurance, or other out-of-pocket costs, or any combination of these costs, for plan participants, or (3) To reduce any combination of the costs in (1) and (2). In addition, there is an additional restriction that proceeds under this program must not be used as general revenue for the sponsor. (See the ERRP regulation at 45 C.F.R. 149.200). The restrictions include using the funds in a manner other than as follows: (1) To reduce the sponsors health benefit premiums or health benefit costs, or (2) To reduce health benefit premium contributions, copayments, deductibles, coinsurance, or other out-of-pocket costs, or any combination of these costs, for plan participants, or (3) To reduce any combination of the costs in (1) and (2) Proceeds under this program must not be used as general revenue for the sponsor. (See the ERRP regulation at 45 C.F.R. 149.200).

Applicant Eligibility:

In order to have been eligible for the ERRP, a plan sponsor must have completed and submitted an ERRP application to the ERRP Center on or before May 5, 2011. In summary, the plan sponsor must be an organization that provides health benefits to Early Retirees, have programs and procedures in place that generate cost savings with respect to participants with chronic and high-cost conditions, use reimbursements appropriately, ensure that policies and procedures are in place to protect against fraud, waste and abuse under ERRP, and agree to the Plan Sponsor Agreement included in the ERRP application. Applications were reviewed and either approved or not approved for acceptance in to the program.

Beneficiary Eligibility:

In order to be eligible to receive reimbursements under the ERRP, a plan sponsor must have completed and submitted an ERRP application to the ERRP Center on or before May 5, 2011. If approved, both the sponsor, and early retirees and their spouses, surviving spouses and their dependents are direct or indirect beneficiaries of the program. In summary, the sponsor must be an organization that provides health benefits to Early Retirees, have programs and procedures in place that generate (or have the potential to generate) cost savings with respect to participants with chronic and high-cost conditions, use

reimbursements appropriately, ensure that policies and procedures are in place to protect against fraud, waste and abuse under ERRP, and agree to the Plan Sponsor Agreement included in the ERRP application.

Credentials/Documentation:

A sponsor must have submitted an application for the program to the ERRP Center on or before May 5, 2011. After approval into the program, in order to receive program funds a sponsor must provide the ERRP Center with a list of the Early Retirees and the cost and claims data for which it is requesting in reimbursement. This program is excluded from coverage under OMB Circular No. A-87. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

Award Procedure:

Sponsors must have completed and submitted an application to the ERRP Center on or before May 5, 2011. Reimbursement requests are no longer being accepted. The program ended January 1, 2014.

Deadlines:

May 05, 2011 The ERRP ended January 1, 2014. Administrative activities to close out systems and operations are underway. On May 05, 2011, the program ceased accepting applications from sponsors.

Range of Approval/Disapproval Time:

From 1 to 15 days. Applications were generally processed within 2 weeks of receipt. Applications and reimbursement requests are no longer being accepted. The program ended January 1, 2014.

Appeals:

Sponsors may appeal an adverse reimbursement determination. .

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title Patient Protection and Affordability Care Act, Part 1102, Subpart c. Statutory Formula: Title Patient Protection and Affordability Care Act, Part 1102, Subpart c. The statute at section 1102(c) of the Affordable Care Act requires the Secretary, upon receipt of a valid claim for health benefits, to make reimbursement in an amount of 80 percent of the portion of the health benefit costs (net of negotiated price concessions) attributable to the claims that exceed \$15,000, but are below \$90,000, during a plan year for a given early retiree or early retirees spouse, surviving spouse, or dependent. The payment thresholds may be adjusted based on changes in the medical care component of the Consumer Price Index.

Matching Requirements: This program has maintenance of contribution requirements, to ensure that sponsors comply with the prohibition against using ERRP funds as general revenue. A sponsor may demonstrate that it is maintaining its level of contribution in a number of ways: using aggregate spending trends, per-capita spending trends, or other methods subject to approval.

Matching Requirements: This program has maintenance of contribution requirements, to ensure that the prohibition against using ERRP funds as general revenue, is complied with. A sponsor may demonstrate that it is maintaining its level of contribution in a number of ways: using aggregate spending trends, per-capita spending trends, or other methods subject to Secretarial approval. These options are set forth in a publicly posted Common Question.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

The reimbursement will be available until January 01, 2014. ERRP reimbursement may no longer be requested. See the following for information on how assistance is awarded/released: After (1) the Account Manager and

Authorized Representative successfully register via the ERRP secure website; (2) the sponsor provides banking information in the website; and (3) the sponsor provides a list of Early Retirees and the cost and claims data supporting reimbursement requests, the sponsor may submit a reimbursement request (after the authorized representative also affirms sponsor is complying with program rules). The ERRP Center will make a determination of whether the reimbursement is approved or denied. If approved, the reimbursement will be deposited in the bank account chosen by the sponsor. Sponsors may request reimbursement one time, each calendar year quarter, for each plan year.

Reports:

No reports are required.

Audits:

This program is excluded from coverage under 2 CFR 200, Subpart F - Audit Requirements. Audits of sponsors will be conducted to ensure sponsors are in compliance with ERRP requirements.

Records:

The ERRP does not require specific progress, expenditure, cash reports, or performance monitoring at set intervals. However, the sponsors must comply with record maintenance requirements and provide records upon request in connection with audit or other ERRP integrity related activities. The Sponsors must maintain records for 6 years after the expiration of the plan year in which the costs were incurred, or longer if otherwise required by law. The records that must be retained are as follows (1) All documentation, data, and other information related to the regulations, and (2) Any other records specified by the Secretary. The Secretary may issue additional guidance addressing recordkeeping requirements, including (but not limited to) the use of electronic media. The sponsor must require its health insurance issuer or employment based plan, as applicable, to maintain and produce records upon request.

93.547 NATIONAL HEALTH SERVICE CORPS

ACA National Health Service Corps - NHSC Loan Repayment Program (LRP), NHSC Scholarship Program (SP), The Students to Service (S2S) Loan Repayment Program, and State Loan Repayment Program (SLRP).

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Section 331-338I (42 United States Code Section 254d-254q1), as amended by P.L. 111-148; Medicare Access and CHIP Reauthorization Act of 2015 (Public Law 114-10).

OBJECTIVES:

The National Health Service Corps (NHSC) assists Health Professional Shortage Areas (HPSAs) in every State, Territory, and Possession of the United States to meet their primary care medical, oral, and mental and behavioral health service needs by increasing the supply of clinicians through the following programs: National Health Service Corps Loan Repayment Program (LRP), National Health Service Corps Scholarship Program (SP), The Students to Service (S2S) Loan Repayment Program, and State Loan Repayment Program (SLRP). The NHSC Loan Repayment Program offers fully trained primary care clinicians the opportunity to receive financial assistance to repay their qualifying educational loans in exchange for service in a HPSA. The NHSC Scholarship Program awards scholarships to health professions students committed to a career in primary care and service in underserved communities of greatest need. The Students to Service (S2S) Loan Repayment Program provides financial assistance to repay qualifying educational loans to medical students in their last year of school in exchange for service in a HPSA. The NHSC State Loan Repayment Program provides matching funds in the form of a grant to States to operate their own loan repayment programs in HPSAs.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use; Project Grants

USES AND USE RESTRICTIONS:

NHSC Loan Repayment Awards provide payments of up to \$50,000 towards a participants qualified educational loans for 2 years of full time practice (up to \$25,000 for 2 years of half time practice) at an approved NHSC Service Site under a written agreement with this program.

NHSC Scholarships pay tuition and required fees to the school, a monthly stipend to students for living expenses, and a single annual payment to the student to assist with other reasonable educational expenses.

Students to Service Loan Repayment Program provides payments of up to \$120,000 for the first 3 years of full-time service or 6 years of half-time service.

State Loan Repayment Grant Program funds can only be used to repay the qualifying educational loans of health professionals who have entered into a SLRP contract with the States. Federal grant funds cannot be used to cover the costs of administering the program or as the source of State matching funds. Refer to the individual HRSA Application and Program Guidance or Notice of Funding Opportunity issued under this CFDA for specific requirements for the NHSC Loan Repayment, NHSC Scholarship and State Loan Repayment Programs.

Restricted Uses: As applicable, indirect costs that are allowed for administrative costs incurred as a result of the project, are limited to 8 percent of direct costs. Please see the applicable program funding announcements. Please see the applicable program funding opportunity announcements.

Applicant Eligibility:

For specific program and eligibility requirements, please see: <http://nhsc.hrsa.gov/>

SLRP: Entities eligible to apply for this grant program include the 50 States, the District of Columbia, Guam, the Commonwealth of Puerto Rico, the Northern

Mariana Islands, the U.S. Virgin Islands, American Samoa, the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau. Federally Recognized Indian Tribal Government and Native American Organizations may apply if they are otherwise eligible.

Beneficiary Eligibility:

Health professional
U.S. citizen
Education (13+).

Credentials/Documentation:

Applicants should review the individual HRSA Application and Program Guidance (NHSC LRP, NHSC SP, NHSC S2S) or Funding Opportunity Announcement (SLRP) issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. HRSA requires SLRP applicants to apply electronically through Grants.gov.

Other applicants apply through <http://nhsc.hrsa.gov/>

Award Procedure:

NHSC LRP awards are made based on the highest need as determined by descending health professional shortage area scores. Priority will be given to individuals who demonstrate a commitment to practicing in underserved communities and those from disadvantaged backgrounds. In addition, priority may be given to applicants whose training is in a health discipline or specialty determined by the Secretary of Health and Human Services to be needed by the NHSC and who the Secretary determines are committed to serve in health professional shortage areas.

NHSC S2S awards are prioritized based on having a disadvantaged background and characteristics likely to remain in a HPSA as identified by their essays and letters of recommendation.

NHSC SP awards are very competitive; the Program anticipates more applicants for scholarship awards than there are funds available. Qualified applications will be forwarded to an objective review committee and scored numerically. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions

For SLRP awards, all eligible, qualified applications will be forwarded to an objective review committee and scored numerically. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions. Notification is made in writing by a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

NHSC LRP, NHSC S2S, and SP: Notification to all applicants are made no later than September 30th of the application year.

SLRP: approximately 120-180 days after receipt of applications.

Appeals:

Not Applicable.

Renewals:

NHSC LRP and S2S: continuation contracts will be considered according to the availability of appropriated funds and eligibility criteria applied to the individual and the site at which that individual is employed.

NHSC SP: Renewal applications are not necessary for students in compliance; contracts may be multi-year funded through graduation (1 to 4 years, if the applicant signs the contract through the graduation date).

SLRP: Depending on Agency priorities and availability of funding, during the final budget year of the approved project period competing continuation applications may be solicited from interested applicants.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Matching requirement does not apply to NHSC LRP, NHSC SP and NHSC S2S.

SLRP Matching Requirements: States must agree to make available (directly or through donations from public or private entities) non-Federal contributions in cash toward SLRP contracts in an amount not less than \$1 for each \$1 of Federal funds provided in the grant. A State may not use any Federal funds or in-kind contributions to satisfy the non-Federal match requirement. A State must verify that contributions from sources other than State appropriated funds are non-Federal. States may use non-Federal funds in excess of the \$1 for \$1 minimum match to supplement the repayment of qualifying loans of health professionals.

The Federal share must be used to repay the government and commercial loans of health professionals for tuition, educational expenses and living expenses described in Section 338B(g)(1) of the Public Health Service Act. States must assume administrative costs.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

NHSC LRP - Loan repayments for 1 year of obligated service will be made no later than the end of the fiscal year in which the individual completes such year of service.

NHSC S2S - Loan repayments for 3 years of obligated service will be made no later than the end of the fiscal year in which the individual completes such year of service.

NHSC SP - Each award covers 1 to 4 years of support, as requested. No awardees may receive more than 4 years of support.

SLRP - Applicants may propose a project period of up to 4 years. However, funds are distributed in yearly budget periods subject to the availability of funds. States are asked to commit the full amount of funding for their loan repayment awards to practitioners in the current fiscal year to avoid out-year commitments for additional Federal funds. See the following for information on how assistance is awarded/released: Recipients drawdown funds, as necessary, from the Payment Management System (PMS), the centralized web based payment system for HHS awards.

Reports:

NHSC SP - Annual reports by schools indicating average student educational expenses. The academic institution where the student is enrolled must complete and submit a Verification of Enrollment Form each semester as a full-time student pursuing the program for which the scholarship was awarded.

NHSC SP, NHSC LRP, and S2S LRP - The employing facility must complete and send a semi-annual In-Service Verification form verifying that the participating health professional is providing full-time or half-time service. The certification includes a signature by an appropriate official of the facility.

SLRP Both program and financial reports are required. Recipient States must submit: (1) a Financial Report within 90 days of the end of each budget period; (2) Semi-Annual Field Strength Reports through the HRSA Electronic Handbooks System (EHBs); (3) annual performance and non-competing

continuation progress report(s) through the EHBs; (4) a Final Report due 90 days after the project period ends. Cash reports are not applicable. SLRP Both program and financial reports are required. Recipient States must submit: (1) a Financial Report within 90 days of the end of each budget period; (2) Semi-Annual Field Strength Reports through the HRSA Electronic Handbooks System (EHBs); (3) annual non-competing continuation progress report(s) through the EHBs; (4) a Final Report due 90 days after the project period ends. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. CRITERIA FOR SELECTING PROPOSALS:

NHSC LRP - Priority will be given to individuals who demonstrate a commitment to practicing in underserved communities and those from disadvantaged backgrounds. In addition, priority may be given to applicants whose training is in a health discipline or specialty determined by the Secretary of Health and Human Services to be needed by the NHSC and who the Secretary determines are committed to serve in health professional shortage areas.

NHSC S2S - Priority will be given to applicants who have a disadvantaged background and characteristics likely to remain in a HPSA as identified by their essay and letters of recommendation.

NHSC SP - By statute, first priority will be given to any applicant for such assistance, who has previously received a scholarship under this section or under section 758 of the PHS Act. Second priority will be given to students who are from a "disadvantaged background", and third priority will be given to all students who have characteristics which increase the probability they will continue professional practice in a Health Professional Shortage Area when they complete their service obligation.

SLRP - Procedures for assessing the technical merit of grant applications have been instituted to provide an objective review of applications and to assist the applicant in understanding the standards against which each application will be judged. Critical indicators have been developed for each review criterion to assist the applicant in presenting pertinent information related to that criterion and to provide the reviewer with a standard for evaluation. Competing applications are reviewed by non-Federal expert consultant(s) for technical merit recommendations. Applications will be reviewed and evaluated against the following criteria: (1) Purpose and Need; (2) Response to Program Purpose; (3) Impact; (4) Organizational Information, Resources and Capabilities; and (5) Support Requested. See the most recent Notice of Funding Opportunity for detailed selection criteria.

93.550 TRANSITIONAL LIVING FOR HOMELESS YOUTH

Transitional Living Program (TLP) and Maternity Group Homes (MGH)

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Reconnecting Homeless Youth Act of 2008
Runaway and Homeless Youth Act, Title III, Part B, Section 321, Public Law 110-378, 42 U.S.C 5701-5752.

OBJECTIVES:

The primary goal of the Transitional Living Program (TLP)/Maternity Group Home (MGH) is to help runaway and homeless youth between the ages of 16 to under 22 establish sustainable living and well-being for themselves and if applicable, their dependent child(ren). Through the provision of residential stay up to 540 days and comprehensive services, TLP youth between the ages of 16 to under 22 will realize improvements in four core outcome areas: stable housing, education/employment, permanent connections, and well-being.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Transitional Living Programs are required to provide youth with safe, stable, and appropriate shelter, and comprehensive services designed to help young people who are homeless make a successful transition to sustainable living. Living accommodations may be host family homes, group homes, Maternity Group Homes, or "supervised apartments." (Supervised apartments are either agency-owned apartment buildings or "scattered site" apartments, which are single- occupancy apartments rented directly by young people with support from the agency.) Comprehensive services may include case management, transitional living plan, basic life skills resources, counseling services, educational advancement, job attainment skills, and physical and behavioral health care, and aftercare services. These services are designed to help youth who are homeless develop the skills necessary to make a successful transition to self-sufficient living.

Applicant Eligibility:

States, localities, private entities, and coordinated networks of such entities are eligible to apply for a Transitional Living Program grant unless they are part of the law enforcement structure or the juvenile justice system. Federally recognized Indian organizations are also eligible to apply for grants as private, nonprofit agencies. Faith-based organizations and small community-based organizations are eligible to apply.

Beneficiary Eligibility:

Homeless youth (ages 16 to under 22) are the beneficiaries.

Credentials/Documentation:

Nonprofit organizations must submit proof of nonprofit status. Applicable costs and administration procedures will be determined in accordance with Part 75 of Title 45, Code of Federal Regulations. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Application for Federal Assistance, Standard Form 424 must be submitted. Specific instructions are published via the Internet under the Form section at the following website address: <http://www.acf.hhs.gov/grants>.

Award Procedure:

All applications are reviewed by panels of nonfederal experts, which assigns scores according to the published criteria in the funding opportunity announcement. The panels' scores are factored into the recommendations for funding. Scores and recommendations are reviewed by the Associate Commissioner of the Family and Youth Services Bureau, who makes recommendations to the ACYF Commissioner, who makes the final funding decisions.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

Not Applicable.

Renewals:

> 180 Days. Awards are made for 5-year project periods; funding after the first year is dependent upon satisfactory performance, availability of funds, and determination that continued funding would be in the best interest of the government.

Formula and Matching Requirements:

This program has no statutory formula.
Matching Requirements: Percent: 10%. Matching Requirements: Percent: 10%. Federal share of grant is up to 90 percent. The nonfederal share may be in cash or in-kind contributions, although applicants are encouraged to meet their match requirements through cash contributions.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grants are awarded competitively for project periods of 5 years. Funded applicants receive their full award amount each year of the five year funding cycle. See the following for information on how assistance is awarded/released: Annually.

Reports:

Program reports are not applicable. Reports are submitted quarterly using the SF-272 Federal Cash Transaction Report through the payment management system. Performance progress reports are submitted by each grantee semi-annually. A final SF-425 financial report is due at the completion of the three year funding cycle. Expenditure reports are required semi-annually using the SF-425 Financial Status Report. Federal program specialists conduct on-site monitoring visits in concert with the information from RHY-HMIS to assess performance.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

93.556 PROMOTING SAFE AND STABLE FAMILIES

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title IV, Part B, Section Subpart 2.

OBJECTIVES:

The objectives of the Promoting Safe and Stable Families program are: 1) to prevent child maltreatment among families at risk through the provision of supportive family services; 2) to assure children's safety within the home and preserve intact families in which children have been maltreated, when the family's problems can be addressed effectively; 3) to address the problems of families whose children have been placed in foster care so that reunification may occur in a safe and stable manner; 4) to support adoptive families by providing support services as necessary to that they can make a lifetime commitment to their children. This is accomplished through issuance of grants to state child welfare agencies, territories, and eligible Indian tribes to serve families at risk or in crisis, to develop or expand and operate coordinated programs of community-based family support services, family preservation services, time-limited reunification services, and adoption promotion and support services.

In addition, a portion of funds is reserved for a separate formula grant for states and territories to support monthly caseworker visits with children who are in foster care. A small proportion of appropriated funds are reserved for research, evaluation, and technical assistance, which may be awarded competitively through contracts or discretionary grants.

TYPES OF ASSISTANCE:

FORMULA GRANTS; PROJECT GRANTS

USES AND USE RESTRICTIONS:

For the main Promoting Safe and Stable Families Formula Grants, states must spend a significant portion of funds (approximately 20 percent) on each of the service categories of family preservation, family support services, time-limited family reunification services and adoption promotion and support services.

State grantees must limit administrative costs to 10 percent of the Federal funds.

Caseworker visit formula grants: States and territories are required to spend funds to improve the quality of monthly caseworker visits with children in foster care under the responsibility of the state, with an emphasis on improving caseworker decision making on the safety, permanency, and well-being of foster children, and on activities designed to increase retention, recruitment, and training of caseworkers.

Discretionary Grants: Grants are awarded for research, evaluation, and technical assistance activities relating to family support, family preservation, time-limited family reunification, and adoption promotion support. Project funds may not be used for construction.

Applicant Eligibility:

(1) Formula Grants: States, the District of Columbia, Puerto Rico, the Northern Marianas, the U.S. Virgin Islands, Guam, American Samoa, and Federally-recognized Indian tribes are eligible applicants. For caseworker visit funds, only states and territories are eligible applicants. (2) Discretionary Grants: States, local governments, tribes, public agencies or private agencies or organizations (or combinations of such agencies or organizations) with expertise in providing, evaluating and/or providing technical assistance related to family preservation, family support, time-limited family reunification and adoption promotion and support.

Beneficiary Eligibility:

Families and children who need services to assist them to stabilize their lives, strengthen family functioning, prevent out-of-home placement of children, enhance child development and increase competence in parenting abilities, facilitate timely reunification of the child, and promote appropriate adoptions.

Credentials/Documentation:

Formula Grants: The state agency which administers the social services program under Title XX of the Social Security Act (Social Services Block Grant) must also be the agency which administers the Title IV-B programs. Discretionary Grants: Nonprofit agencies must submit proof of nonprofit status. Applicable costs and administrative procedures will be determined in accordance with 45 CFR Part 75. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application Procedure (1) Formula Grants: A 5-year agency plan must be submitted. A full plan (every five years) or a plan update is due for submission by June 30th of each year. The plan must be jointly developed by the Secretary and the state or Indian tribe and written after consultation by the agency with appropriate public and non-profit private agencies and community-based organizations. The plan must coordinate the provision of services under Title IV-B with services under other Federal or federally-assisted programs serving the same populations. (2) Discretionary Grants: Announcement of availability of funds is posted on the www.grants.gov website and on the ACF website at: <http://www.acf.hhs.gov/grants/open/foa>. Eligible applicants submit applications by specified deadlines.

Award Procedure:

Formula Grants: Funds will be approved after the agency plan, or annual update is submitted and approved.

Discretionary Grants: Applications for funding are reviewed and scored by panels of at least three non-federal subject matter experts. Final funding decisions will be made by Commissioner, ACYF.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Formula Grants: The agency plan or its annual update is due June 30 of each year. Approval/disapproval is due September 30 of each year.

Discretionary Grants: From three to six months.

Appeals:

Appeals are processed in accordance with Departmental regulations at 45 CFR 16.

Renewals:

Discretionary Grants: Grants are generally available for a 12-, 24-, or 36- month period. Some may be renewed for up to a total of 5 years. Multiple-year projects are funded on an annual basis through submission of a non-competing continuation application. Continuation funding is subject to availability of funds, submission of program and financial reports, and grantee performance.

Formula and Matching Requirements:

Statutory Formula:

Matching Requirements: Percent: 25%. (1) Formula Grants: State allotments are computed based on the number of children receiving food stamps over a three year rolling average. Allotments to Indian tribes, including tribal consortia are based on a percent set aside of the total appropriation in each fiscal year and computed based on the number of children in the tribe compared to the total number of children in eligible Indian tribes. However, grants will not be made to Indian tribes whose allotment is less than \$10,000. Allotments to territories are based on the formula in subpart 1 of Title IV-B. Matching Requirements: FFP is available up to the full allotment at the rate of 75 percent for allowable program expenditures made by the grantee. Grantees must provide a 25 percent match for these expenditures.

(2) Discretionary Grants: The funding formula and matching requirements are described in each program announcement.

This program has MOE requirements, see funding agency for further details. A MOE requirement is applicable to the formula grants to states. Specifically, states may not use the Federal funds under title IV-B, subpart 2, to supplant Federal or non-Federal funds for existing family preservation and family support services as of 1992 (base year). The discretionary grants component of this program does not have MOE requirements.

Length and Time Phasing of Assistance:

(1) Formula Grants: Grants are available for obligation and liquidation in the FY granted and in the subsequent FY. Grant awards will be made quarterly on a fiscal year basis through a letter of credit. An electronic fund transfer system will be used for monthly cash draws from Federal Reserve Banks.

(2) Discretionary Grants: Grants are generally available for a 12, 24, or 36-month period. Some may be renewed for up to a total of 5 years. Renewal funding for multiple-year grants is dependent upon grantee performance and availability of funds. See the following for information on how assistance is awarded/released: Discretionary grant awards are managed by a payment management system that manages grant payment requests, drawdowns, and disbursements.

Reports:

(1) Formula Grants: After the end of each of the first four fiscal years, the states, territories, and Indian tribes must submit an interim review of progress toward accomplishment of the goals in the state or tribal plan. After the end of the fifth fiscal year, the states, territories, and Indian tribes must perform a final review of progress toward accomplishment of the goals. An SF-425 financial status report must be submitted for the funds awarded in each Federal fiscal year (FFY) within three months after the close of the FFY in which the funds were granted (interim report) and again within three months after the close of the subsequent FFY (final report). Performance monitoring of state agencies is conducted through the Child and Family Services Review (CFSR) process in accordance with 45 CFR 1355.31 - 1355.37.

(2) Discretionary Grants: Grantees are required to submit semi-annual program reports. Final reports are due 90 days after completion of the grant. Grantees

are required to submit semi-annual financial reports. Final financial reports are due 90 days after completion of the grant. Financial reporting is conducted via the PSC-272 and SF-425. Discretionary Grants: Progress reports are included in program reports. Expenditure reports are included in financial reports. Discretionary grant performance monitoring is described in program reports.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Audits are conducted in accordance with the requirement of 45 CFR Part 75 Subpart F.

Records:

(1) Formula Grants: Grantees must develop and maintain records which permit review of expenditures in accordance with the provisions of 45 CFR Part 75. Discretionary Grants: All financial records are to be maintained for 3 years after termination of the project or until audit is completed, whichever comes first.

Runaway and Homeless Youth Act, Title III, Part E, Section 351, Public Law 110-378 Part E, 42 U.S.C. 5714-41.

OBJECTIVES:

The Service Connection for Youth on the Streets, also referred to as the Street Outreach Program (SOP) makes grants available to nonprofit agencies for the purpose of providing street-based services to runaway, homeless and street youth who have been subjected to, or are at risk of being subjected to sexual abuse, prostitution, human trafficking, sexual exploitation, or other forms of victimization.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The SOP provides outreach to runaway and homeless youth on the streets or in areas that increase the risk of sexual exploitation, the goal being to help young people get off the streets and into safe settings. The program also provides education and prevention services, directly or through collaboration with other agencies, to runaway, homeless and street youth that have been subjected to or are at risk of sexual exploitation or abuse.

Applicant Eligibility:

Private, nonprofit agencies are eligible to apply for Street Outreach Program grants. Federally recognized Indian organizations are also eligible to apply for grants as private, non-profit agencies.

Beneficiary Eligibility:

Runaway and homeless street youth are the beneficiaries of SOPs.

Credentials/Documentation:

Nonprofit organizations must submit proof of nonprofit status. Applicable costs and administrative procedures will be determined in accordance with 45 CFR 75, Subpart E. 2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Consultation or assistance is available from the Family and Youth Services Bureau (FYSB), Administration for Children and Families, Department of Health and Human Services. The standard application forms furnished by DHHS and required by OMB Circular No. A-102 must be used for this program. An applicant should consult the office or official designated as the Single Point of Contact (SPOC) in his or her State for more information on the process. (NOTE: State/territory participation in the intergovernmental review process does not signify applicant eligibility for financial assistance under a program. A potential applicant must meet the eligibility requirements of the program for which it is applying prior to submitting an application to its SPOC). Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. 93.558 TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

(TANF)

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title IV, Part A, 42 U.S.C 601 et seq.

OBJECTIVES:

To provide grants to States, Territories, the District of Columbia, and Federally-recognized Indian Tribes operating their own Tribal TANF programs to assist needy families with children so that children can be cared for in their own homes; to reduce dependency by promoting job preparation, work, and marriage; to reduce and prevent out-of-wedlock pregnancies; and to encourage the formation and maintenance of two-parent families.

TYPES OF ASSISTANCE:

Dissemination of Technical Information; Formula Grants

USES AND USE RESTRICTIONS:

TANF funds monthly cash assistance payments to low-income families with children, as well as a wide range of services that are reasonably calculated to address the programs four broad purposes. States, Territories, the District of Columbia, and Federally-recognized Indian Tribes operating their own TANF programs have flexibility to use the grant funds in any manner that meets the purposes of the program and in ways that States and Territories were authorized to use funds received under the predecessor Aid to Families with Dependent Children (AFDC), Job Opportunities and Basic Skills Training (JOBS), and Emergency Assistance (EA) programs. States and Territories may also transfer a limited portion of their assistance grant funds to the Child Care and Development Block Grant (CCDBG) and Social Services Block Grant (SSBG) Programs. Not more than 15 percent of any State grant may be spent on

administrative costs, exclusive of certain computerization and information technology expenses. Cash grants, work opportunities, and other services are made directly to needy families with children. For Tribal programs, ACF will negotiate a limitation on administrative costs for the first year of the program's operation not to exceed 35 percent, for the second year of the program's operation not to exceed 30 percent, and then for the third and subsequent years of the program's operation not to exceed 25 percent. For the TANF program, there are certain prohibitions, restrictions, and limitations on the provision of assistance. For example, families may only receive Federally-funded assistance for five years. In addition, Federal funds may not be used to provide medical services, unless they are pre-pregnancy family planning services (Tribes, however, may use Federal funds for medical services if they are job-related).

Applicant Eligibility:

In general, all States, Territories, the District of Columbia, and all Federally-recognized Tribes in the lower 48 States and 13 specified entities in Alaska are eligible. State and local agencies and Tribes that operate TANF programs must do so under plans determined to be complete (or for Tribes approved) by the Department of Health and Human Services (HHS). For Contingency Funds, all States and the District of Columbia are eligible if they are determined to be a "needy State" by satisfying criteria related to the state's unemployment rate or the average number of participants in the Supplemental Nutrition Assistance Program (or SNAP, formerly known as food stamps). Territories and Tribes are not eligible for Contingency Funds.

Beneficiary Eligibility:

Needy families with children, as determined eligible by the State, Territory, or Tribe in accordance with the State or Tribal plan submitted to HHS.

Credentials/Documentation:

Federal funds go to the State, Territory, or Tribal agency certified by the Chief Executive Officer. Needy families must meet State or Tribal eligibility requirements. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Each State, Territory, and the District of Columbia must develop a State plan and include the certifications signed by the Executive Officer (Governor). Applicants must consult with local governments and private organizations and provide them 45 days to comment on the plan. The State plan and certifications must be submitted to the Secretary of HHS. Tribes may apply to the Secretary to receive funds and to administer the TANF block grant. Tribes would submit a 3-year family assistance plan. The Secretary, in consultation with the Tribe, would set program requirements and time-limits for receipt of welfare-related services, consistent with the purposes of the program and economic conditions/resources of each Tribe. Tribes should contact the OFA Regional TANF Program Manager for further Tribal plan submittal procedures. For Contingency Funds, each State must request these funds monthly for each month they meet either the unemployment or SNAP triggers.

Award Procedure:

Once a plan is determined complete, or in the case of a Tribe the plan is approved, by HHS, Family Assistance Grants are awarded in quarterly payments. Supplemental Grants are also awarded in quarterly payments. Contingency Fund awards will be made monthly.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

States, Territories, the District of Columbia, and Tribes implement their assistance programs according to their State and Tribal plans. The Secretary does not have authority to approve or disapprove a State plan, only to determine its completeness. Tribal plans are subject to approval by the Secretary.

Appeals:

Not Applicable.

Renewals:

States, Territories, and the District of Columbia must periodically (every 2 or 3 years) renew their funding status by submitting their TANF plan. Tribes must renew their funding status every 3 years. For Contingency Funds, requests for additional funding must be made monthly.

Formula and Matching Requirements:

Statutory Formula: Title 45 CFR, Chapter 2, Part 260; 286.

This program has no matching requirements.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

States, Territories, the District of Columbia, and Tribes are awarded their assistance grants in quarterly payments. They may reserve grant moneys, without fiscal year limitation, to provide any allowable benefits and services that are consistent with the purposes of the TANF program. With certain exceptions, most families are limited to no more than 5 years of assistance under the Federal grant. Tribes have the flexibility to establish time limits on receipt of assistance. For Contingency Funds, grant awards are issued monthly to States meeting the eligibility criteria stipulated under Section 101. Method of awarding/releasing assistance: quarterly.

Reports:

States, Territories, the District of Columbia, and Tribes operating their own Tribal TANF programs are required to collect and report to the Secretary on a quarterly basis case record information on the families receiving assistance. They are also required to report financial data and work participation rate data. Public Law 112-96 added new reporting requirements, as states must report on the implementation of policies and practices related to restricting recipients from using their TANF assistance in electronic benefit transfer transactions at specified locations and must include in their state plans information on how the state will ensure that recipients have adequate access to their cash assistance. No cash reports are required. No progress reports are required. Quarterly financial reports. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Audits shall be conducted by the Inspector General under Chapter 75 of Title 31, United States Code. If a State or Territory is found to have used funds from the State Family Assistance Grant in violation of the statute, the Secretary shall reduce the grant payable to them for the immediately succeeding fiscal year by that same amount. For Tribes, the Secretary will have the ability to maintain program funding accountability consistent with generally accepted accounting principles and the requirements of the Single Audit Act of 1984 and 2 CFR 200 (Chapter II Part 200).

Records:

States, Territories, the District of Columbia, and Tribes must maintain records containing information the Secretary may require by regulation.

Account Identification:

75-1552-0-1-609.

Obligations:

(Formula Grants) FY 16 \$583,000,000; FY 17 est \$608,000,000; and FY 18 est \$0 - TANF Contingency Fund. 93.560 FAMILY SUPPORT PAYMENTS TO STATES ASSISTANCE PAYMENTS

(Adult Programs in the Territories)

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title XVI, 42 U.S.C 1351.

OBJECTIVES:

To provide aid to the aged, blind, and the permanently and totally disabled in Guam, Puerto Rico, and the Virgin Islands.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Cash payments are made to eligible needy aged, blind, or disabled persons in Guam, Puerto Rico, and the Virgin Islands. These payments are to cover costs for food, shelter, clothing, and other daily living needs recognized as necessary by each Territory's program. In addition, an individual must be at least age 65 to receive assistance for the aged; must be determined blind to receive aid to the blind; or must be at least 18 years of age and totally disabled to receive aid to the permanently and totally disabled.

Applicant Eligibility:

Agencies must operate under Department of Health and Human Services (HHS) approved plans and agreements, which must comply with all Federal statutory and regulatory requirements governing these programs. The applicant must be needy -- i.e., meet specific income and resource requirements. In addition, the individual must be at least age 65 to receive assistance for the aged; must be determined blind to receive aid to the blind; or must be at least 18 years of age and totally disabled to receive aid to the permanently and totally disabled.

Beneficiary Eligibility:

The beneficiary must be needy -- i.e., meet specific income and resource requirements. In addition, the individual must be at least age 65 to receive assistance for the aged; must be determined blind to receive aid to the blind; or must be at least 18 years of age and totally disabled to receive aid to the permanently and totally disabled. These programs also have specific unearned and earned income disregards that are applied in determining the amount of assistance payable.

Credentials/Documentation:

Federal funds must go to a certified Territorial welfare agency. Individuals must meet all eligibility requirements. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under

E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Eligible individuals should apply directly to their Territorial or local welfare agency. The Territories should contact the Regional Temporary Assistance for Needy Families (TANF) program managers for application forms. (See Appendix IV of the Catalog for addresses.) Territories contact the Regional TANF program manager for applications for administrative funds. OFA/Regional TANF program managers have authority to approve applications and amendments; disapproval authority is held by the Director of the Office of Family Assistance, in the Administration for Children and Families.

Award Procedure:

Once an application is approved, Territories are awarded funds quarterly based on ACF-approved estimates of maintenance assistance and administrative costs. Notification of awards must be made to the designated Territorial agency. Eligible individuals receive monthly subsistence checks from Territorial welfare agencies.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 30 to 60 days. Welfare agencies must have a time standard for notifying applicants of approval/disapproval; not over 45 days after application, except 60 days for aid to the disabled.

Appeals:

From 90 to 120 days. Individuals denied assistance must be given a fair hearing on appeal (45 CFR, Chapter 2, Section 205.10). Territorial agencies may request a hearing before the Assistant Secretary for Family Support regarding adverse decisions (45 CFR, Chapter 2, Section 201.14; 45 CFR, Part 16).

Renewals:

> 180 Days. The agency must conduct periodic reviews to determine whether conditions justifying eligibility still exist.

Formula and Matching Requirements:

Statutory Formula: Title XVI.
Matching Requirements: Program funds are provided based on a formula linked to the number of recipients receiving benefits each month. Administrative costs are matched at 50%.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Individuals receive support from the Territorial or local welfare agency until they no longer meet the eligibility requirements. See the following for information on how assistance is awarded/released: Payments to eligible individuals are paid monthly.

Reports:

No program reports are required. Cash reports are not applicable. No progress reports are required. Territorial claims must be submitted quarterly to receive Federal matching funds. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Territories must maintain records which substantiate eligibility determination and grants that are made.

93.563 CHILD SUPPORT ENFORCEMENT

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security, Title IV, Part D, 42 U.S.C 1673-6103-6.

OBJECTIVES:

To enforce the support obligations owed by absent parents to their children, locate absent parents, establish paternity, and obtain child, spousal and medical support.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

States and some Tribes provide support enforcement services directly to individuals who are receiving federally-funded Foster Care Maintenance Payments, Medicaid, Temporary Assistance to Needy Families (TANF) (or those who cease to receive TANF), and to individuals not otherwise eligible for such services. TANF, Medicaid, and certain federally-funded Foster Care applicants or recipients must have assigned support rights to the State. Non-TANF individuals other than those who cease to receive TANF and/or who provide authorization to the IV-D agency to continue support enforcement services, must have signed a written application for support enforcement

services. The State must provide services to locate absent parents, establish paternity and enforce support obligations.

Applicant Eligibility:

All States, the District of Columbia, Puerto Rico, Virgin Islands, and Guam. Each of these jurisdictions is required to establish or designate a single and separate State Child Support Enforcement Agency. Tribes are eligible and we currently have fifty-nine tribal child support programs and four in the start-up phase.

Beneficiary Eligibility:

The State must provide support enforcement services to: (1) All applicants for, or recipients of TANF, Foster Care Maintenance Payments, and Medicaid, for whom an assignment to the State of support rights has been made and who are in need of such services; (2) all individuals who cease to receive TANF; (3) individuals who provide authorization to the IV-D agency to continue support enforcement services; and (4) any other individual who is in need of such services and who has applied for them.

Credentials/Documentation:

No Credentials or documentation are required. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

State officials prepare and review state plans and amendments. Regional Office staff are available for consultation or assistance in preparation of State plans and amendments. The standard application forms, as furnished by Department of Health and Human Services (DHHS) and required by Chapter II Part 200, must be used for this program. High level State officials review State Plans and amendments before they are submitted. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applications are made in the form of a State Plan, prepared in the format provided by the Office of Child Support Enforcement.

Award Procedure:

States are awarded funds quarterly based on their estimates of funds needed to provide support enforcement services to individuals eligible under an approved Title IV-D State plan. These awards are made up of matching funds (Federal Financial Participation FFP), and incentive funds that states earn based on good or improved performance.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days. State Plans and amendments submitted as new State Plans, and Plan amendments may require up to 90 days for approval.

Appeals:

From 30 to 60 days. The State may request reconsideration of plan disapproval or plan amendment disapproval within 60 days after that disapproval.

Renewals:

Once approved, State IV-D plans remain in effect until amended or revised.

Formula and Matching Requirements:

Statutory Formula: Title IV-D, Public Law 94-46,94-88,94,365,95-30,95-59,95-171,95-598,96-178,96-265,96-272,96-611, 97-35,97-248,98-369,98-378,100-485,101-508.

Matching Requirements: States receive a 66 percent Federal Financial Participation (FFP). Federally recognized Indian tribes and Alaska Native organizations are eligible to apply for direct funding for child support programs. Those with approved applications receive 90 percent FFP of their program needs during the first three years and 80 percent FFP thereafter. Tribes also may apply for two-year start-up grants. There are currently fifty-nine tribal

child support program grantees and four tribes receiving two-year start-up funding.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Federal funds are awarded quarterly on a fiscal year basis. The Electronic Transfer System is used for monthly cash draw from Federal Reserve Banks based on quarterly awards. Method of awarding/releasing assistance: by letter of credit.

Reports:

Periodic audits are made as part of recipient's systems of financial management and internal control in accordance with Public Law 98-502, the single Act of 1984. Cash reports are done on Form SF-425. Periodic reports are required on the progress of the programs. Quarterly financial reports of administrative expenditures and child support collections and annual program reports including caseload data are required by OCSE. Periodic audits are conducted.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS Inspector general and State Audit (private groups) and other Federal government officials. OCSE conducts data reliability of variables used to compute performance measures. These audits were mandated by The Child Support Performance and Incentive Act of 1998 (CSPIA).

Records:

The IV-D agency must maintain records necessary for the proper and efficient administration of the State IV-D plan.

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security, Title IV, Part D, Section 1115, 42 U.S.C 1315.

OBJECTIVES:

To provide federal funds for experimental, pilot, or demonstration projects that are likely to assist in promoting the objectives of Part D of Title IV. Section 1115 provides that "the project - 1) must be designed to improve the financial well-being of children or otherwise improve the operation of the child support program; 2) may not permit modifications in the child support program which would have the effect of disadvantaging children in need of support; and 3) must not result in increased cost to the federal government under Part A of such title." The principal purpose is to carry out the public purpose of implementing a demonstration project that is likely to "improve the financial well-being of children or otherwise improve the operation of the child support program" as stated in the statutory authority. Any responsibility to the federal government is a condition for receiving the grant, but not a principal purpose.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds can be only used for purposes described in the funding opportunity announcements issued for this CFDA number each fiscal year.

Applicant Eligibility:

Section 1115 grants may be made only to State or Tribal Child Support Enforcement agencies or their umbrella agencies.

Beneficiary Eligibility:

Only Title IV-D Child Support Agencies or Tribal Child Support Program operating a comprehensive program.

Credentials/Documentation:

When appropriate, applicants should present written evidence of other agencies' willingness to cooperate when the project involves their cooperation or the utilization of their facilities or service. Costs will be determined in accordance with 2 CFR 225 for State governments. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The standard application forms, as furnished by DHHS and must be used for this program. Application kits which contain the prescribed application forms and supplemental descriptive information on the priority projects are available from: Administration for Children and Families, Office of Grants Management, Director, Division of Discretionary Grants, 5th Floor, 330 C. Street SW., Washington, DC 20201. Telephone: (202) 401-4577. Contact: Daphne Weeden, Director, Division of Discretionary Grants. Eligible interested parties are encouraged to submit applications on grants.gov. To be considered for a grant award, all applications must be submitted on the prescribed application forms and submitted to the Division of Grants Management. The application shall be executed by an individual authorized to act for the applicant agency or organization and to assume for the agency or organization the obligations imposed by the terms and conditions of the grant. As part of the project title (page 1 of the application form, Form SF-424) the applicant must clearly indicate whether the application submitted is in response to a priority project identified in a program announcement and must reference the unique project

identifier (e.g., HHS-2010 - ACF - OCSE-FD-0113) for which the application is to compete. Applications are initially screened for relevance to program interests of the Office of Child Support Enforcement (OCSE). Ineligible applications will be returned to the applicant. Eligible applications are reviewed and evaluated by a review panel of not fewer than three knowledgeable people. A limited number of projects may be approved pending available funds and will compete with other nonpriority projects. Written assessment of each application is made.

Award Procedure:

Official notice of approved grant applications is made through issuance of a Notice of Grant Award. This provides the amount of funds awarded, the purpose of the award, the term and conditions of the award, the budget period for which support is given, the total project period for which support is contemplated, and the total grantee participation.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 120 days. Generally, solicited grants will be acted upon within 90 days.

Appeals:

There are no formal appeals procedures. If an application for a grant is disapproved, the reasons for disapproval will be fully stated, applicants may request the reasons for disapproval. In the case of unsolicited proposals, applicants are free to resubmit applications with attention to the changes suggested by the reasons for disapproval in the future.

Renewals:

Extensions and continuations of grants with 1-year project periods are generally not available except under extreme circumstances. If an application is recommended for approval for 2 or more years, the grantee must submit a formal request for continuation each year accompanied by a progress report which will be evaluated prior to a recommendation of continuation.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements. But may require an administratively imposed non-federal match.

This program does not have MOE requirements.

Refugee Act of 1980, Section 412, Public Law 96-212, 94 Stat. 111, 8 U.S.C 1522, as amended by Consolidated Appropriations Act 2008, Public Law 110-161, as amended by as amended by Refugee Assistance Extension Act of 1986, Public Law 99-605, 100 Stat. 349; Defense Authorization Act of 2008, Public Law 110-181; Victims of Trafficking and Violence Protection Act of 2000, Public Law 106-386; FY 2009 Omnibus Appropriations Bill, Public Law 111-08.

OBJECTIVES:

The Matching Grant Program assists refugees in becoming self-supporting and independent members of American society by providing grant funds to private nonprofit organizations to support case management, transitional assistance, and social services for new arrivals.

TYPES OF ASSISTANCE:

Formula Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Federal funds of up to \$2,200 per refugee (with an expected increase to \$2,500 per refugee in FY 2018) are provided on a matching basis of \$2 of Federal funds matched by \$1 of private funds and in-kind contributions. Required services include case management, employment services, housing and utilities, food, transportation, cash allowance, health and medical, English language training, social adjustment, and other support services for four to six months.

Applicant Eligibility:

Grant awards are limited to private nonprofit organizations that have a Reception and Placement Cooperative Agreement with the Department of State or Department of Homeland Security.

Beneficiary Eligibility:

Enrollment must occur within 31 days of the individuals date of eligibility. The date of eligibility for Matching Grant Services is counted from the date of arrival into the country for refugees and Amerasians; the date a Cuban/Haitian becomes an entrant; the date of the final grant of asylum for asylees; the date of the certification or eligibility letter for Victims of Severe Forms of Trafficking; and the date an SIV arrives in the U.S. or the date of adjustment of status if applying for Special Immigrant Status within the U.S.

At least one member of the case unit must be deemed 'employable' for the case to be enrolled in the Matching Grant Program, and all other members must be otherwise Program eligible.

Credentials/Documentation:

Newly arriving refugees, certain Amerasians, Cuban or Haitian Entrants, asylees, and Iraqi or Afghan Special Immigrants, as evidenced in the documentation from the United States Citizenship and Immigration Services (USCIS) and victims of severe forms of trafficking with certification documents issued by HHS. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program.

Award Procedure:

Eligible grantees are invited to submit a yearly project plan to HHS. This document includes a program proposal and budget. Grant amounts are formula based dependent on the number of clients each grantee is likely to resettle, consideration of past performance and availability of funds. The Director of the Office of Refugee Resettlement makes final funding decisions and grant awards are issued.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Deadlines are established in the invitation to submit a project plan.

Appeals:

Not Applicable.

Renewals:

The yearly grant is contingent on funds availability, grantee performance, and the best interest of the government.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: **Actual Percentage is 33.33% (one-third of total program cost).

Grants are awarded on a basis of \$2 in Federal funds for each \$1 of private funds up to a maximum of \$2,200 per refugee (with an expected increase to \$2,500 in FY 2018). The nonfederal share may be through in-kind donations or cash.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Funds are awarded on a yearly basis.. Method of awarding/releasing assistance: quarterly.

Reports:

Through FY 2017 program progress reports and Federal Financial Reports are required semi-annually. An interim final financial status report is due 90 days after the program period has ended; and a final financial status report is due 210 days after the project period. Beginning in FY 2018, program progress reports are required and semi-annually and Federal Financial Reports are required quarterly. Cash reports are not applicable. Semi-annual and annual progress reports are required. SF-425 Federal Financial Reports are required quarterly. Performance monitoring activities include on site and desk monitoring of projects. During on site monitoring visits to local service providers, the team selects a representative caseload for review and evaluates eligibility for the program, self-sufficiency plan, case notes, employment outcomes, client services rendered, and documentation related to the required program match. The team also conducts interviews with staff to assess their knowledge of the program requirements. The team will also interview selected clients and visit local employers of refugee clients to assess local agency-employer-client relations. Also, Matching Grant Program guidelines include the requirement that national grantees must monitor their affiliates and report back to ORR as part of their semi-annual reporting requirements. Cash reports are not applicable. Semi-annual and annual progress reports are required. SF-425 Federal Financial Reports are required semi-annually. 93.568 LOW-INCOME HOME ENERGY ASSISTANCE**FEDERAL AGENCY:**

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Low Income Home Energy Assistance Act of 1981, as amended; The Omnibus Budget Reconciliation Act of 1981; Energy Policy Act of 2005, Public Law 109-58.

OBJECTIVES:

To make Low Income Home Energy Assistance Program (LIHEAP) grants available to States and other jurisdictions to assist eligible households to meet the costs of home energy. Supplemental Leveraging Incentive funds may be awarded to reward States and other jurisdictions that provide additional benefits and services to LIHEAP-eligible households beyond what could be provided with Federal funds. The leveraging incentive funds may be set aside for LIHEAP grantees that provide services through community-based nonprofit organizations to help LIHEAP-eligible households reduce their energy vulnerability under the Residential Energy Assistance Challenge Program (REACH). Training and Technical Assistance funds are authorized to provide training and technical assistance to States and other jurisdictions administering the LIHEAP block grant program.

TYPES OF ASSISTANCE:**FORMULA GRANTS****USES AND USE RESTRICTIONS:**

Energy Assistance Block Grants: Funds are awarded to States, eligible Tribes and Tribal Organizations, and Territories, which then make payments directly to an eligible low-income household or, on behalf of such household, to an energy supplier to assist in meeting the cost of home energy. Up to 10 percent of these funds may be used for State and local planning and administration. Up to 15 percent may be used for low-cost residential weatherization. Grantees may request that HHS grant a waiver for the fiscal year that increases above funds that can be allotted for residential weatherization. Depending upon specific appropriations, HHS may allocate supplemental LIHEAP leveraging incentive funds to grantees that have acquired nonfederal leveraged resources in order to provide additional benefits and services to LIHEAP-eligible households to help them meet their home heating and cooling needs. Leveraging Incentive Funds may be allocated by HHS to LIHEAP grantees that provide services through community-based nonprofit organizations to LIHEAP-eligible households to reduce their energy vulnerability, under the Residential Energy Assistance Challenge Program (REACH). Additional funds may be authorized and distributed as emergency contingency funds to be used to meet needs arising from a natural disaster or other emergency. Such funds will be made available only after submission to Congress of a formal budget request for all or part of the funds by the President that designates the amount of the request as an emergency under the Balanced Budget and Emergency Deficit Control Act of 1985. Training and Technical Assistance: the Secretary has authority to set aside up to \$300,000 from each year's appropriation for training and technical assistance relating to the Low-Income Home Energy Assistance Program. These training and technical assistance activities are accomplished through: grants, contracts, or jointly financed cooperative or interagency agreements with States, Indian tribes, tribal organizations, public agencies, private companies, and private nonprofit organizations; through interagency agreements, including with Federal agencies, or through on-site compliance reviews of LIHEAP grantees. The nature of and amount awarded for training and technical assistance vary from year to year.

Applicant Eligibility:

Energy Assistance Block Grants: All States, the District of Columbia, federally- and State-recognized Indian Tribal governments which request direct funding, and specified Territories may receive direct grants. The prospective grantee must submit an annual application. Grantees desiring Leveraging Incentive Funds and REACH funds must submit special applications each year, if funding is available. Instructions will be issued if emergency contingency funds are released. Training and Technical Assistance: States, Indian tribes or tribal organizations, Territories, public agencies, and private nonprofit organizations may apply. Nothing in the statute precludes a business concern that applies jointly with a private nonprofit organization from receiving a training and technical assistance grant.

Beneficiary Eligibility:

Energy Assistance Block Grants: All States, the District of Columbia, federally- and State-recognized Indian Tribal governments that request direct funding, and specified Territories may provide assistance to households with incomes up to the greater of 150 percent of the poverty level or 60 percent of the State median income. Grantees may establish lower income eligibility levels, but they may not set the limit below 110 percent of the poverty level. Training and Technical Assistance: States, Indian tribes or tribal organizations,

Territories, public agencies, and private nonprofit organizations may apply. Nothing in the Statute precludes a business concern that applies separately or jointly with a private nonprofit organization from receiving a training and technical assistance grant.

Credentials/Documentation:

Energy Assistance Block Grants: The chief executive officer of the State, Tribe or Territory or his designee must certify to 16 assurances required by law. Households must meet beneficiary eligibility requirements. Grantees desiring Leveraging Incentive Funds or REACH funds must submit annual applications. Instructions will be issued if emergency contingency funds are released. Training and Technical Assistance: Requirements vary and are at www.grants.gov or www.fedbizopps.gov. This program is excluded from coverage under 2 CFR 200, Subpart E-Cost Principles. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirement, Cost Principles, and Audit Requirements for Federal Awards..

Award Procedure:

Energy Assistance Block Grants: Grants are made upon receipt of a complete application by the Administration for Children and Families, Office of Community Services Headquarters Office. Leveraging Incentive Funds or REACH funds can be awarded based on applications submitted by grantees. Instructions will be issued if emergency contingency funds are released. Training and Technical Assistance: Procedures that apply to each request for proposals vary and are at www.grants.gov or www.fedbizopps.gov.

Deadlines:

Sep 01, 2017 Energy Assistance Block Grants: States and Territories must submit their applications by September 1, prior to the fiscal year for which funds are sought, unless the Department agrees to a later date in form of approved extension. All applications must be completed by December 15, of the fiscal year for which funds are sought, unless the Department (in the case of States and Territories) or the State (in the case of tribal grantees) agrees to a later date on form of approved extension. Leveraging incentive fund reports are due by November 30 of each year, if funding is available. REACH applications are due by March 30 of each year, if funding is available.

Range of Approval/Disapproval Time:

Energy Assistance Block Grants: The Department reviews plans for completeness and will act on the plans submitted as quickly as possible. Leveraging Incentive and REACH applications will be reviewed and acted upon within deadlines. Training and Technical Assistance: Range of time varies, depending upon the nature and complexity of a request for proposals and as established by the Department.

Appeals:

Energy Assistance Block Grants: Grantees may request a hearing regarding repayment of funds or withholding of funds under Section 2608 of the authorization. Training and Technical Assistance: Not applicable for unsuccessful applicants for grants or cooperative agreements. For contracts, prospective applicants may object to a contract award by filing a protest with the contracting officer or higher authority. The notification issued by the contracting office to unsuccessful bidders contains the procedures and time frame for filing a protest.

Renewals:

Energy Assistance Block Grants: Annual applications are required. Separate annual applications are also required for Leveraging Incentive Funds and REACH funds. Instructions will be issued if emergency contingency funds are released. Training and Technical Assistance: Award periods may vary and are at www.fedbizopps.gov.

Formula and Matching Requirements:

Statutory Formula: Section 2604 of the LIHEAP statute addresses this issue. This program has no matching requirements. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Energy Assistance Block Grants: Grant awards are made to grantees with complete applications for carrying out the program within the fiscal year. Up to 10 percent of a fiscal year's grant may be held available for obligation in the subsequent fiscal year. For Leveraging Incentive Funds or REACH funds, obligation must occur by the end of the fiscal year following the year in which the funds are appropriated, without regard to the 10 percent carryover limit. See the following for information on how assistance is awarded/released. See the following for information on how assistance is awarded/released: Section 2607 of the Low Income Home Energy Assistance Program, as amended.

Reports:

Energy Assistance Block Grants: Grantees must submit an annual report (SF-425) within 90 days of the end of the fiscal year on the amount of funds obligated during the fiscal year and the last date of obligations of funds. Grantees are required to submit an annual LIHEAP Model Plan in applying for regular LIHEAP block grants. The annual plan must include 16 statutory assurances signed by the Chief Executive Officer. A LIHEAP Household Report is required annually on the number and income levels of households served during the previous year, on those households that are served that have members who are elderly, disabled, or young children, and on the number and income levels of all households that apply for assistance whether or not they are served. This report must be included as part of the annual plan before funds are released. A report on the amount of funds that the grantee desires to carry over for obligations in the succeeding fiscal year, the reasons any such funds will not be used during the first fiscal year, the types of assistance to be provided with funds carried over and the amount of funds, if any, to be subject to reallocation must be submitted by August 1 annually. Grant awards for the following fiscal year will not be released until this report is received. State grantees are required to complete the annual LIHEAP Data Form which consists of two modules. The first module includes grantee information on sources and uses of LIHEAP funds, average LIHEAP household benefits, and the maximum income cutoff for 4-person households for each type of LIHEAP assistance provided by each state. LIHEAP grantee for the fiscal year. The second module includes state grantee developmental data on home energy burden targeting, restoration of home energy services, and prevention of loss of home. No cash reports are required. Training and Technical Assistance: Grantees are required to submit quarterly financial reports and a final progress report. For contracts, contractors are required to submit quarterly financial reports form HHS-646, Financial Report of Individual Project (Contact). A report is required from those grantees expending up to 5 percent of funds under section 2605(b)(16) for services that encourage and enable households to reduce their home energy needs. A report is due by November 30 of each year for those grantees that which to receive Leveraging Incentive Funds, reporting the amount value of leveraged resources they added to the program in the previous fiscal year. For REACH, a financial status report is due 90 days after the end of the program year and a final evaluation is due six months after the end of the federal fiscal year. Performance monitoring is required for Leveraging Incentive Funds.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In accordance with the provisions of 2 CFR 200, Subpart F-Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. However, according to 45 CFR 96.31(a), LIHEAP grantees and sub-grantees are responsible for obtaining audits in accordance with the Single Audit Act Amendments of 1996 (31 U.S.C. 7501-7507) An independent auditor in accordance with generally accepted Government auditing standards covering financial audits shall make the audits. State cost principals requirements apply

to LIHEAP.

93.569 COMMUNITY SERVICES BLOCK GRANT (CSBG)

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Community Services Block Grant (CSBG) Act.

OBJECTIVES:

To provide assistance to States and local communities, working through a network of community action agencies and other neighborhood-based organizations, for the reduction of poverty, the revitalization of low-income communities, and the empowerment of low-income families and individuals in rural and urban areas to become fully self-sufficient (particularly families who are attempting to transition off a State program carried out under part A of title IV of the Social Security Act) and (1) To provide services and activities having a measurable and potential major impact on causes of poverty in the community or those areas of the community where poverty is a particularly acute problem; (2) to provide activities designed to assist low-income participants, including the elderly poor, to: (a) secure and retain meaningful employment; (b) attain an adequate education; (c) make better use of available income; (d) obtain and maintain adequate housing and a suitable living environment; (e) obtain emergency assistance through loans or grants to meet immediate and urgent

individual and family needs, including health services, nutritious food, housing, and employment-related assistance; (f) remove obstacles and solve problems which block the achievement of self-sufficiency; (g) achieve greater participation in the affairs of the community; and (h) make more effective use of other related programs; (3) to provide on an emergency basis for the provision of such supplies and services, nutritious foodstuffs, and related services, as may be necessary to counteract conditions of starvation and malnutrition among the poor; and (4) to coordinate and establish linkages between governmental and other social services programs to assure the effective delivery of such services to low-income individuals.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

(1) States receive block grants to ameliorate the causes of poverty in communities. The block grant approach gives the States flexibility to tailor their programs to the particular services needs in their communities. (2) States are required to use at least 90 percent of their allocations for grants to "eligible entities" as defined in the Community Services Block Grant (CSBG) Act, as amended; this includes primarily locally-based community action agencies and/or organizations that serve seasonal or migrant farm workers. (2) No more than the greater of \$55,000 or 5 percent of each State's allocation may be used for administrative expenses at the State level.

Applicant Eligibility:

The Secretary is authorized to make grants to States. This includes each of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands, American Samoa, and the Commonwealth of the Northern Mariana Islands. The Secretary also provides assistance directly to the governing body of an Indian Tribe or Tribal organization upon application by the tribe. Only State-recognized tribes, as evidenced by a statement to that effect by the Governor, or tribes formally recognized by the Secretary of the Interior, under the procedure for such recognition in 25 CFR 54, are eligible to receive direct grants.

Beneficiary Eligibility:

States make grants to qualified locally-based nonprofit community antipoverty agencies and other eligible entities which provide services to low-income individuals and families. The official poverty line, as established by the Secretary of Health and Human Services, is used as a criterion of eligibility in the Community Services Block Grant program. When a State determines that it serves the objectives of the block grant, it may revise the income limit, not to exceed 125 percent of the official poverty line.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Each State desiring to receive an allotment for a fiscal year is required to submit an application to the Secretary of Health and Human Services (HHS). Each application must contain assurances by the appropriate State designee that the State will comply with Section 676 of the Community Services Block Grant Act and also meet conditions enumerated in Sections 678(B-D). The State is required to hold at least one legislative hearing every three years in conjunction with the development of the State Plan (Section 676(a)(3)). States are also required to conduct public hearings on the proposed use and distribution of funds to be provided under the Act. The latter sets forth the general purpose for which funds will be used, restrictions on administrative expenses, eligible recipients, board requirements for community action agencies and other nonprofit organizations, fiscal control, monitoring, and Federal investigation provisions, coordination between antipoverty programs in each community and certain prohibitions on political activities. The State Director of CSBG Programs of each State is also required to designate a lead agency to

prepare and submit a plan to the Secretary of HHS describing how the State will carry out the assurances in Section 676. This program is excluded from coverage under 45 CFR, Part 1050.

Award Procedure:

HHS determines the amount of funds to be allocated as block grants to each State in accordance with the formula set forth in the Community Services Block Grant Act. The Office of Management and Budget (OMB) has the authority to apportion to the HHS through the course of a year the Congressional appropriation for block grants. Consistent with OMB's apportionment of funds, HHS will assign allotments to the States through individual awards or a series of awards, normally on a quarterly basis.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

Funds may be withheld from any State which does not utilize its allotment substantially in accordance with the provisions of the Community Services Block Grant Act and the assurances provided in its application. This may be done only after adequate notice and an opportunity for a hearing is conducted within the affected State.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title 45, Chapter 96.71, Part 96, Subpart G, Public Law 97-35. Section 674 of the CSBG Act authorizes the Secretary to use one and one-half of one percent of the amount appropriated to be reserved for corrective action activities, training, technical assistance, planning, evaluation, and data collection activities related to programs or projects carried under this subtitle. Such activities may be carried out through grants, contracts, or cooperative agreements with eligible entities or with organizations or associations whose membership is composed of eligible entities or agencies that administer programs for eligible entities. One-half of one percent of the amount appropriated is apportioned on the basis of need among Guam, American Samoa, the Virgin Islands, and the Northern Mariana Islands. Of the remaining amount, each state, (excluding the above, but including the District of Columbia and the Commonwealth of Puerto Rico) is allotted an amount which bears the same ratio as the amount received by the state for fiscal year 1981 under Section 221 of the Economic Opportunity Act of 1964 bore to the total amount received by all states for fiscal year 1981 under Section 221. However, if the appropriation exceeds \$345,000,000 after the amount necessary for purposes of discretionary funding under Section 680 and the one-half of one percent set-aside for territories and insular areas under Section 675(A) are determined, no state receives less than one-half of one percent of the amount appropriated. This program has no matching requirements. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Entitlement amounts are for a specific fiscal year and the grant funds allotted to the State will be awarded in accordance with apportionment of funds from the Office of Management and Budget. Amounts unobligated by the State at the end of a fiscal year remain available for obligation during the succeeding fiscal year. See the following for information on how assistance is awarded/released: Each fiscal year.

Reports:

All grantees shall participate in a performance measurement system in accordance with Section 678E of the CSBG statute, which includes state-established performance standards and participation in a Result Oriented Management and Accountability-(ROMA) process or a comparable process approved by HHS. Grantees shall also prepare and submit an annual report on the measured performance of the State and the eligible entities within the State. The annual report submitted to the Office of Community Services contains accomplishments and results resulting from the implementation of the plan submitted at the beginning of the fiscal year. Expenditure and program reports may be requested by the Office of Community Services as part of a monitoring

review of eligible entities. No cash reports are required. No progress reports are required. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

States are required to keep records sufficient to permit preparation of the required reports and to permit tracing of funds to a level of expenditure adequate to insure that funds have not been spent unlawfully.

Account Identification:

93.570 COMMUNITY SERVICES BLOCK GRANT DISCRETIONARY AWARDS

Community Economic Development & Rural Community Facilities Programs

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Community Services Block Grant (CSBG) Act.

OBJECTIVES:

To support program activities to alleviate the causes of poverty in distressed communities which: (1) assist businesses in creating jobs for low-income

individuals, i.e., develop employment and business development opportunities for low-income individuals; (2) a better standard of living for rural low-income individuals in terms of water and waste water treatment.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Federal funds awarded under the Secretary's Discretionary Authority may be used for activities that: improve the quality of the economic and social environment of low-income residents by providing resources to eligible applicants, by arresting tendencies toward dependency, chronic unemployment and community deterioration in urban and rural areas; and by addressing needs of water and wastewater treatment in rural communities. Community Economic Development (CED) grants are awarded to cover project costs for (1) startup or expansion of business, physical improvements, or commercial activities. (2) capital expenditures such as the purchase of equipment or real property; (3) allowable operating expenses; and (4) loans or equity investments. Expenditures must result in the creation of employment or business opportunities for low-income individuals. Generally, the project must be completed within 36 months for non-construction projects and 60 months for construction projects. Projects must document public/private partnership mobilizing cash and/or in-kind contributions; and be located in areas characterized by poverty and other indicators of socioeconomic distress, such as high levels of unemployment. Grant funds may cover project costs for business start-up or expansion and the development of new products and services. Rural Community Development (RCD), also referred as Rural Community Facilities (RCF) grants are awarded to provide training and technical assistance to small, rural communities concerning their water and waste water treatment needs. RCD grants focus on the development and upgrading of small water and wastewater systems in low-income rural areas. Types of services provided included training of persons responsible for community water and wastewater facilities; assisting communities with problem-solving and planning for facilities; producing and disseminating publications, newsletters, videos, and training manuals about rural waste and wastewater systems; and assisting rural communities in leveraging Federal, State, local, and private sector financing for facilities.

Applicant Eligibility:

For Community Economic Development, eligibility is restricted to private, locally initiated, nonprofit community development corporations (or affiliates of such corporations) governed by a board consisting of residents of the community and business and civic leaders. This includes faith based community development corporations. For Rural Community Development Activity projects, eligibility is restricted to multi-state, regional private, non-profit organizations that can provide training and technical assistance to small, rural communities interested in safe water and waste water treatment needs.

Beneficiary Eligibility:

A project must be targeted to address the needs of a specific segment of low-income individuals or families. The official poverty line established by the Director of the Office of Management and Budget, published annually by the Department of Health and Human Services is used as a criterion of eligibility in the Community Economic Development Discretionary Grant program.

Credentials/Documentation:

Costs will be determined in accordance with the provisions of Title 45 CFR 75 Subpart E. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Awards are granted

on a competitive basis. Announcements concerning the availability of funds, requests for applications, along with application form and assurance documents, are on www.grants.gov website. Applications to the Office of Community Services for grants under the announcement should be submitted through the grants.gov website. Applicants are urged to inform and coordinate application submissions with State and local governments where such information and coordination is appropriate or necessary for the success of the program. This program is subject to the provisions of Title 45 CFR Part 75 (non-governmental entities). All applications for assistance under this program must contain: (1) SF-424, Application for Federal Assistance; (2) SF-424A, Budget Information; (3) SF-424B, Assurances-Non- Construction Programs; (4) Certificate Regarding Drug Free Workplace Requirements; (5) Certification regarding environmental tobacco smoke; (6) Certification Regarding Debarment, Suspension, and Other Responsibility Matters; and (7) Certification Regarding Lobbying. These must be accompanied by a detailed budget, and a program narrative submitted in accordance with the format detailed in the Funding Opportunity Announcement (FOA).

Award Procedure:

The Director, Office of Community Services, Administration for Children and Families (ACF), will make the final decision on all grant awards. Selection of applicants will be determined based on the review criteria outlined in the Funding Opportunity Announcement.

Deadlines:

Apr 27, 2018 Deadlines for Community Economic Development awards are posted annually in the Funding Opportunity Announcement, founded on www.grants.gov.

Range of Approval/Disapproval Time:

Generally, solicited grants will be acted upon within 60 to 120 days.

93.575 CHILD CARE AND DEVELOPMENT BLOCK GRANT

Child Care and Development Fund (CCDF)

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Child Care and Development Block Grant Act of 1990, as amended, 42 U.S.C 9857; Appropriations Act of 2017, Public Law 115-31.

OBJECTIVES:

The Child Care and Development Fund (CCDF) is the primary federal funding source dedicated to providing child care assistance to low-income families. As a block grant, CCDF gives funding to states, territories, and tribes to provide child care subsidies through grants and contracts with providers, as well as vouchers or certificates to low-income families. CCDF provides access to child

care services for low-income families so they can work, attend school, or enroll in training. At the same time, it also promotes the healthy development of children by improving the quality of early learning and afterschool experiences. The Child Care and Development Block Grant (CCDBG) is the discretionary portion of the CCDF program. CCDBG was created under the Omnibus Budget Reconciliation Act of 1990, and is subject to annual appropriations.

In 2014, Congress acted on a bipartisan basis to pass the Child Care and Development Block Grant Act of 2014 (P.L. 113-186) into law and reauthorize the CCDF program for the first time since 1996. The CCDBG Act of 2014 renews authority for the CCDF program through FY 2020. The law makes significant changes by defining health and safety requirements for child care providers, outlining family-friendly eligibility policies, and ensuring parents and the general public have transparent information about the child care choices available to them. The Child Care Mandatory and Matching Funds (see CFDA 93.596) is the entitlement portion of the CCDF program, which consists of matching funds, that require a state match and maintenance of effort, and mandatory funds. Entitlement funds are made available under section 418 of the Social Security Act. The Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996 (P.L. 104-193) consolidated funding for child care under section 418 of the Social Security Act and made such funding subject to the requirements of the CCDBG Act, as amended. The U.S. Department of Health and Human Services (HHS) designated the combined entitlement and discretionary funding as the Child Care and Development Fund (CCDF) program.

The purposes of the CCDF program are to: (1) allow each State maximum flexibility in developing child care programs and policies that best suit the needs of children and parents within that State; (2) promote parental choice to empower working parents to make their own decisions regarding the child care services that best suits their families needs; (3) encourage States to provide consumer education information to help parents make informed choices about child care services and to promote involvement by parents and family members in the development of their children in child care settings; (4) assist States in delivering high-quality, coordinated early childhood care and education services to maximize parents options and support parents trying to achieve independence from public assistance; (5) assist States in improving the overall quality of child care services and programs by implementing the health, safety, licensing, training, and oversight standards; (6) improve child care and development of participating children; and (7) increase the number and percentage of low-income children in high-quality child care settings.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

In the Consolidated Appropriations Act of 2017, Congress directs that funds appropriated for the Child Care and Development Block Grant (CCDBG or Discretionary Funds) must be used to supplement, not supplant, State general revenue funds for child care assistance for low-income families. Lead Agencies must use Discretionary Funds for child care services on a sliding fee scale basis and for quality improvement activities. A portion of the Discretionary Funds is also designated for the U.S. Department of Health & Human Services to carry-out research, demonstration, and evaluation projects, provide technical assistance, and operate a national toll-free hotline and website. Not more than five percent of the aggregate amount of CCDF Funds expended by the State or Territory (15 percent for Tribes or tribal organizations) may be expended for administrative costs incurred by the State or Territory to carry-out all of its functions and duties. The term "administrative costs" does not include the costs of providing direct services. In FY 2017, a State or Territory shall use not less than seven percent of the CCDF Funds to improve child care quality and availability including comprehensive consumer education, activities to increase parental choice, and other activities such as resource and referral services, provider grants and loans, monitoring and enforcement of requirements, training and technical assistance, and improved compensation for child care staff. In FY 2018, the amount a State or Territory must spend on quality activities increases to eight percent, in accordance with the CCDBG law. The law requires an increase in the minimum quality spending requirement to nine percent of a State or Territory's CCDF Funds phased-in over 5 years. In addition, starting in FY 2017, States and Territories are required to spend no

less than three percent of their CCDF award on activities to improve the quality of infant and toddler care.) Except for approved construction or renovation of child care facilities by tribal grantees, no Discretionary Funds may be used for the purchase or improvement of land, or for the purchase, construction, or permanent improvement of any building or facility (other than for minor remodeling and for upgrading facilities to meet State and local child care standards). No Discretionary Funds provided directly to child care providers through grants or contracts may be expended for any sectarian purpose or activity, including sectarian worship or instruction. However, Grantees must give parents the option of receiving vouchers or certificates to allow parents the choice of child care provider, including faith-based or community providers. No Discretionary Funds may be provided for any services provided to students enrolled in grades 1 through 12 during the regular school day; for any services for which such students receive academic credit toward graduation; or for any instructional services which supplant or duplicate the academic program of any public or private school. Lead Agencies shall assure that a substantial portion of the Discretionary Funds will be used to provide assistance to low-income working families.

Applicant Eligibility:

Eligibility: All 50 States, the District of Columbia, the Virgin Islands, Puerto Rico, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and Federally recognized Tribal Governments and consortia.

Beneficiary Eligibility:

Children under age 13 (or, at the option of the grantee, up to age 19, if physically or mentally incapable of self-care or under court supervision), who (1) reside with a family whose income does not exceed 85 percent of the State median income for a family of the same size, and (2) who reside with a parent (or parents) who is working or attending job training or educational program, or who are in need of, or are receiving, protective services. A Lead Agency shall re-determine a child's eligibility for child care services no sooner than 12 months following the initial determination or most recent re-determination. Once determined eligible, children are expected to receive a minimum of 12 months of child care services, unless family income rises above 85% SMI or, at Lead Agency option, the family experiences a non-temporary cessation of work, education, or training.

Credentials/Documentation:

Lead Agencies must operate under a CCDF plan approved by the Administration for Children and Families, and must provide assurances that the Grantee will comply with the requirements of the CCDBG Act and all applicable Federal law. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Each Grantee must designate a Lead Agency to which grants are awarded and that is accountable for the use of the Discretionary Funds provided, the duties of which shall include developing a CCDF plan. In conjunction with the development of the CCDF plan, the Lead Agency must hold at least one public hearing no earlier than nine months before the CCDF plan becomes effective and after at least 20 days of statewide public notice, to provide the public an opportunity to comment on the provision of child care services under the plan. In advance of the hearing, the Lead Agency must make the content of the plan available to the public. The Lead Agency must also coordinate the provision of services under the program with other Federal, State, and local child care and early childhood development programs. Also, the Lead Agency must consult with appropriate representatives of local governments. Tribal Lead Agencies submitting applications for construction must submit an environmental impact assessment. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Sections 2 CFR 200.101 and 45 CFR 75.101 on Applicability indicates that only the following requirements apply to

CCDF:

- * 2 CFR 200.111 and 45 CFR 75.111, English language
- * 2 CFR 200.112 and 45 CFR 75.112, Conflict of interest
- * 2 CFR 200.113 and 45 CFR 75.113, Mandatory disclosures
- * 2 CFR 200.202 and 45 CFR 75.202, Requirement to provide public notice of Federal financial assistance programs (Note: this requirement applies to Federal agencies rather than grantees)
- * 2 CFR 200.330 and 45 CFR 75.351, Subrecipient and contractor determinations
- * 2 CFR 200.331 and 45 CFR 75.352, Requirements for pass-through entities
- * 2 CFR 200.332 and 45 CFR 75.353, Fixed amount subawards
- * 2 CFR Part 200 Subpart F and 45 CFR Part 75 Subpart F, Audit Requirements.

A Lead Agency desiring to receive an allotment for a fiscal year is required to submit a three-year CCDF plan to the Administration for Children and Families, as well as, financial and other information necessary for the grants process. Each CCDF plan must contain certifications and assurances by the Lead Agency that it will comply with the requirements of the Child Care and Development Block Grant Act (CCDBG). The plan must also include: the designation of a Lead Agency; the provision of assurances regarding policies and procedures as stated in Section 658E(c)(2) of the CCDBG; an outline of the intended use of block grant funds in compliance with Section 658E(c)(3) of the CCDBG; the provision of certification regarding payment rates as stated in Section 658E(c)(4) of the CCDBG; and the establishment of a sliding fee scale. Additional requirements are specified by 45 CFR Parts 98 and 99.

Award Procedure:

Grants are awarded after the receipt and approval of the CCDF plan by the Administration for Children and Families.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The Administration for Children and Families will review the CCDF plans for approval and will act on the plans within 90 days.

Appeals:

Guidelines for appealing the disapproval of CCDF plans are specified in regulations (45 CFR Part 99).

Renewals:

CCDF plans must be submitted every three years.

Length and Time Phasing of Assistance:

Grant awards are made to Lead Agencies with approved CCDF plans. Grantees must obligate all Discretionary Funds in the fiscal year in which they are granted or in the succeeding fiscal year. Those funds must be liquidated no later than the end of the third fiscal year. Method of awarding/releasing assistance: quarterly. Method of awarding/releasing assistance: quarterly.

Reports:

As specified in 45 CFR Part 98, States must report to ACF annually aggregate data on families, children in care, providers, payment methods, and consumer education. Quarterly case-level reports are required to provide data on families, children, and providers, and payment information. Tribes must also provide annual aggregate data on children and families served through CCDF. No cash reports are required. No progress reports are required. States must also submit quarterly expenditure reports. Territories are required to report estimates and expenditures for the Discretionary Fund only on a quarterly basis. States, DC, and Puerto Rico are required to measure, calculate, and report improper payments as well as identify strategies for reducing future improper payments.

One-third of the 50 States, DC, and Puerto Rico must report annually on a three-year cycle. Tribes report expenditures for the Tribal Mandatory, Discretionary, and Construction/Renovation funds. Monitoring is in accordance with 45 CFR 98.90. No cash reports are required. No progress reports are required. States must also submit quarterly expenditure reports. Refugee Education Assistance Act of 1980, Title V, Public Law 96-422, 94 Stat. 1809, 8 U.S.C 1522; Refugee Act of 1980, Section 412, Public Law 96-212, 94 Stat. 111, 8 U.S.C 1522.

OBJECTIVES:

The objectives of the discretionary grant programs include: (1) decreasing the numbers of refugees on public assistance and the length of time refugees require such assistance; (2) encouraging the placement of refugees in locations with good job opportunities and specialized case management for vulnerable cases; (3) assisting low-income refugees with matching funds for individual development accounts and with financial literacy classes; (4) providing micro-credit to refugees interested in starting new businesses but unable to access commercial sources of capital; (5) providing services to refugees in rural areas; (6) promoting integration.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds may be used only for the purposes set forth in the notice of funds availability and in the grant award.

Applicant Eligibility:

Public and private nonprofit agencies may apply for these grants.

Beneficiary Eligibility:

Refugees, certain Amerasians Cuban and Haitian entrants, asylees, certified victims of a severe form of trafficking, and special immigrants from Iraq and Afghanistan.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Agencies submit applications which are reviewed and evaluated in accordance with criteria specified in the notice of funds availability. Notices of funds availability may be accessed at Grants.gov or at the ACF website at www.acf.hhs.gov/grants. Application kits can also be accessed at the ORR website.

Award Procedure:

Eligible applicants submit an application to HHS. This document includes a detailed program proposal and budget. After review by an independent panel, the Director of the Office of Refugee Resettlement makes final funding decisions and grant awards are issued.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days.

Appeals:

Not Applicable.

Renewals:

Contingent upon funding availability, grantee performance, and the best interest of the government.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.

93.579 U.S. REPATRIATION

Repatriation Program

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

42 U.S.C. 1313 and 24 U.S.C. 321-329, 24 U.S.C 9.

OBJECTIVES:

The United States (U.S.) Repatriation Program was established by Title XI, Section 1113 of the Social Security Act (Assistance for U.S. Citizens Returned from Foreign Countries) to provide temporary assistance to U.S. citizens and their dependents who have been identified by the Department of State (DOS) as having returned, or been brought from a foreign country to the U.S. because of destitution, illness, war, threat of war, or a similar crisis, and are without available resources immediately accessible to meet their needs. The Program was later expanded in response to legislation enacted by Congress to address the particular needs of persons with mental illness (24 U.S.C. Sections 321 through 329). In addition, through Executive Order (E.O.) 12656 (53 CFR 47491) as amended, HHS was given the lead to develop plans and procedures, in coordination with the heads of Federal departments and agencies, for assistance to United States citizens or others evacuated from overseas areas.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

The Repatriation Program is to provide temporary assistance which is defined by legislation as money payments, medical care, temporary billeting (e.g. shelter), transportation, and other goods and services necessary for the health or welfare of individuals (including guidance, counseling, and other welfare services) furnished within the U.S. to repatriates who are referred or brought back to the U.S. by the U.S. Department of State, and who are determined eligible under Program regulations. This temporary assistance is given in the form of a loan and must be repaid to the U.S. Government. Repatriates sign repayment agreements in which they agree to repay all repatriation costs to the federal government.

Applicant Eligibility:

Social service organizations with expertise in mental health, child welfare, the criminal justice system, and emergency assistance.

Beneficiary Eligibility:

ORR authorized staff determines eligibility for citizens and their dependents who have been identified by the Department of State (DOS) as having returned, or been brought from a foreign country to the U.S. because of destitution, illness, war, threat of war, or a similar crisis, and are without resources

immediately accessible to meet their needs. In addition, U.S. nationals who are determined eligible by an authorized ORR staff in accordance to 211.3.

Credentials/Documentation:

Written statement from the Department of State containing information and documents required to establish eligibility under applicable HHS Repatriation Program regulations (e.g. proof of U.S. Citizenship, certificate of mental condition). 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program.

Award Procedure:

Grants are awarded through the Administration for Children and Families discretionary grants procedures.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

Not Applicable.

Renewals:

Project periods are for five years with one year budget periods.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grants are awarded for a five-year project period with annual budget periods. See the following for information on how assistance is awarded/released: Grantees draw down funds, as required, for reimbursement of expenditures from the HHS Payment Management System.

Reports:

Program reports are required quarterly; a final report is required 90 days after the end of the project period. No cash reports are required. Progress reports are required quarterly and ad-hoc. The progress reports include updates on individual cases and the status of payments and collections. The Federal Financial Report (SF-425) is required. There is ongoing desk monitoring of the grantee and yearly on-site monitoring.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

The grantee must maintain records for three years after the conclusion of the project period. Before destroying cases, notice must be provided to designated Program Manager for applicable guidance.

Account Identification:

93.581 IMPROVING THE CAPABILITY OF INDIAN TRIBAL GOVERNMENTS TO REGULATE ENVIRONMENTAL QUALITY
Environmental Regulatory Enhancement (ERE)

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

The Native American Programs Act of 1974 (NAPA), as amended, Section 803(d), Public Law 93-644, 42 U.S.C 2991b(d).

OBJECTIVES:

The purpose of the Environmental Regulatory Enhancement (ERE) program is to provide funding for the costs of planning, developing, and implementing programs designed to improve the capability of tribal governing bodies to regulate environmental quality pursuant to federal and tribal environmental laws. The ERE program supports the principle that projects must follow tribal cultural preservation and natural resource management priorities in order to achieve environmentally healthy, sustainable Native American and Alaska Native communities. The Administration for Native Americans (ANA) is therefore interested in supporting locally designed projects that strengthen tribal environmental regulatory programs in a manner consistent with the goals of native communities.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds may be used for: providing training and education to employees responsible for enforcing or monitoring compliance with environmental quality

laws; developing tribal laws, regulations, and ordinances to protect the environment; enforcing and monitoring environmental quality laws, regulations, and ordinances; establishing baseline condition for regulatory purposes; informing the community about regulations and environmental stewardship; building the technical and program capability of the tribe or organization to perform essential environmental program functions to meet tribal and federal regulatory requirements; and establishing demonstration projects to exhibit technologies, which can lead to compliance with environmental regulations. This is a discretionary grant program. Funding cannot be used for the following purpose or activities: purchase of real property; costs of organized fundraising, reimbursement of pre-award costs, and activities that qualify as major renovations and alterations. Further details regarding ineligible applicants and activities can be found in the ANA regulations at 45 CFR 1336.33. In addition, activities in support of any foreseeable litigation against the United States Government are unallowable per 45 CFR 75.435.

Applicant Eligibility:

Eligible applicants include, federally recognized Indian tribes; consortia of Indian tribes; incorporated non-federally recognized tribes; incorporated state-recognized tribes; Alaska Native villages, as defined in the Alaska Native Claims Settlement Act (ANCSA) and/or non-profit village consortia; non-profit Alaska Native regional corporation/associations in Alaska with village specific projects; other tribal or village organizations or consortia of Indian tribes; and Tribal governing bodies (IRA or traditional councils) as recognized by the Bureau of Indian Affairs.

Beneficiary Eligibility:

Federally recognized Indian tribes; Consortia of Indian tribes; Incorporated non-federally recognized tribes; Incorporated state-recognized tribes; Alaska Native villages, as defined in the Alaska Native Claims Settlement Act (ANCSA) and/or non-profit village consortia; Non-profit Alaska Native Regional Corporation/Associations in Alaska with village specific projects; Other tribal or village organizations or consortia of Indian tribes; and Tribal governing bodies (IRA or traditional councils) as recognized by the Bureau of Indian Affairs.

Credentials/Documentation:

Non-profit organizations must submit proof of non-profit status. For applicants that are not Tribes or Native Alaska villages, organizations applying for funding must show that a majority of board members are representative of a Native American community to be served. Applicants must submit documentation that identifies each board member by name and indicates his/her affiliation or relationship to at least one of ANAs four categories of community representation, which include: (1) members of federally or state-recognized tribes; (2) persons eligible to be a participant in, or beneficiary of, the project to be funded; (3) persons who are recognized by members of the eligible Native American community to be served as having a cultural relationship with that community; or (4) persons considered to be Native American as defined in 45 CFR 1336.10 and Native American Pacific Islanders as defined in Section 815 of the Native American Programs Act. Applicants that do not include this documentation will be considered non-responsive, and the application will not be considered for competition. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Pursuant to 45 CFR 1336.35, all applicants must submit documentation demonstrating that the governing body of the organization on whose behalf the application is submitted approves the applications submission to ANA for the current grant competition period. Please see the Funding Opportunity Announcements for more information. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. ACF requires electronic submission of applications at www.Grants.gov. Paper applications received from applicants that have not been approved for an exemption from required electronic submission will be disqualified from competitive review. Applicants that do not have an Internet connection or sufficient computing

capacity to upload large documents to the Internet may contact ACF for an exemption that will allow the applicant to submit applications in paper format. See FOA for detailed information. For applicants that have received a waiver to submit applications in paper format, Standard Forms, assurances, and certifications are available at the ACF Funding Opportunities Forms webpage at <http://www.acf.hhs.gov/grants-forms>.

All applicants must submit documentation demonstrating that the governing body of the organization on whose behalf the application is submitted approves the applications submission to ANA for the current grant competition period. Please see the funding opportunity announcement for more information. Pre-application coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Award Procedure:

All funds are awarded directly to the grantees.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 120 to 180 days. Applicants will receive notice of approval/disapproval approximately 120 days after receipt of application.

Appeals:

Appeals are only available upon a finding of ineligibility for funding and are subject to ANA regulations at 45 CFR 1336.35 and HHS regulations in 45 CFR 16.

Renewals:

Other - Not Specified.

Formula and Matching Requirements:

This program has no statutory formula. Matching Requirements: Percent: 20%. The 20% match (which may include cash or property from a Federal agency other than ANA) is required unless waived in accordance with criteria published in 45 CFR 1336.50. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grantees may apply for non-competitive continuation support within a project period. See the following for information on how assistance is awarded/released: Annually.

Reports:

Program reports are not applicable. Cash reports are not applicable. ANA grantees are required to report project progress using the Objective Progress Report (OPR) (OMB No. 0970-0452, expiration date 06/30/2018) and the SF-425 on a semi-annual basis which are submitted electronically. In addition, grantees will be required to submit an Annual Data Report (ADR) (OMB No. 0970-0475, expiration date 03/31/2019) to report project data once a year and at the end of the project period. The SF-425 is also required to be submitted annually and at the end of the project period. ANA reviews grantee semiannual and annual reports to determine whether the grantee is meeting its project goal and objectives and completing activities identified in the Objective Work Plan (OWP) as well as to evaluate project effectiveness. If progress concerns are identified, ANA may require quarterly reports. In addition, ANA is required to describe and measure the impact of funded projects, their effectiveness in achieving stated goals, their impact on related programs, and when feasible, to obtain the views of persons participating in and served by funded projects. ANA carries out this requirement through review of grantee submitted reports and through the use of structured on-site interviews using a data collection tool (OMB No. 0970-0379, expiration date 07/31/2019). The Federal Financial Report (FFR), also known as SF-425, is required to be submitted on a semi-annual basis. ANA reviews grantee semiannual and annual reports to determine whether the grantee is meeting its goal and objectives and completing activities identified in the OWP. If progress concerns are identified, ANA may require quarterly reports. In addition, ANA is required to describe and measure the impact of funded projects, their effectiveness in achieving stated goals, their impact on related programs, and when feasible, to obtain the views of persons participating in and served by funded projects. ANA carries

out this requirement through review of grantee-submitted reports and through the use of structured on-site interviews using a data collection tool (OMB No. 0970-0379, expiration date 07/31/2019).

Audits:

This program is excluded from coverage under 2 CFR 200, Subpart F - Audit Requirements. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Financial records, supporting documents and all other related records pertinent to ANA grants must be maintained for a period of 3 years. If an audit is not completed by the end of 3-year period, or if audit findings have not been resolved, records shall be retained until resolution of the audit findings.

93.583 REFUGEE AND ENTRANT ASSISTANCE WILSON/FISH PROGRAM

Wilson-Fish Program

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Refugee Act of 1980, Section 412, Public Law 96-212, 94 Stat. 111, 8 U.S.C 1522; Refugee Education Assistance Act of 1982, Title V, Public Law 96-422, 94 Stat. 1809, 8 U.S.C 1522; Consolidated Appropriations Act, 2008, Public Law 110-161, 121 Stat. 2212; Victims of Trafficking and Violence Protection Act of 2000, Public Law 106-386; Defense Authorization Act, 2008, Public Law 110-181, 122 Stat. 398.

OBJECTIVES:

To develop alternative projects which promote early employment of refugees, certain Amerasians from Viet Nam, Cuban and Haitian entrants, asylees, certified victims of a severe form of trafficking, and special immigrants from Iraq and Afghanistan. Wilson-Fish grantees may develop innovative approaches for the provision of refugee cash and medical assistance, otherwise available through the State-administered program. The purpose of the Wilson-Fish program is to provide integrated assistance (cash and medical) and services (employment, case management, English as a Second Language/ESL and other social services) in order to increase refugees' prospects for early employment and self-sufficiency, reduce their level of welfare dependence, and promote coordination among services providers. Additionally, the Wilson-Fish program enables refugee assistance programs to exist in every State where refugees are resettled.

Wilson-Fish projects comprise two types of projects. (1) Nine projects currently establish or maintain a refugee program in a State where the State is not participating in the refugee program or has withdrawn from the refugee program or a portion of the program. (Alabama, Alaska, Idaho, Kentucky, Louisiana, Nevada, North Dakota, South Dakota, and Tennessee). (2) Four projects currently provide an alternative to the existing system of assistance and services to refugees (Colorado, Massachusetts, Vermont and San Diego).

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

To be eligible for Wilson-Fish funded programs and services, grantees must ensure refugees meet all requirements of 45 C.F.R. 400.43, "Requirements for documentation of refugee status". Eligibility for refugee program services and assistance also includes: Asylees, Cuban Haitian Entrants; Certain Amerasians from Vietnam; Victims of Severe Forms of Trafficking; Special Immigrant Visa Holders.

The scope of services available to refugees from Wilson-Fish grantees is similar to that of the State-Administered Refugee Resettlement Programs, which in turn is similar to regular domestic public assistance programs.

Applicant Eligibility:

Beginning in FY2015/2016, funding under this program is open only to those agencies that currently administer a Wilson-Fish program. ORR requires that appropriate proposals and applications are submitted and that a determination is made that the grantees are the ones that can best perform the services in accordance with 8 U.S.C. 1522(a)(4)(A).

Wilson-Fish grantees include States, voluntary resettlement agencies (local and national), and a private non-profit agency that oversees a local voluntary resettlement agency administer 12 state-wide Wilson-Fish programs in the following States: Alabama, Alaska, Colorado, Idaho, Kentucky, Louisiana, Massachusetts, Nevada, North Dakota, South Dakota, Tennessee and Vermont, plus one county-wide program in San Diego County, California.

No separate funding is appropriated for Wilson-Fish demonstration projects. Funds are drawn instead from funds earmarked for refugee cash and medical assistance grants and social services allocations for the State-administered program (93.566) according to ORR projections.

Beneficiary Eligibility:

Refugees, certain Amerasian immigrants, Cuban/Haitian entrants, asylees,

victims of a severe of trafficking, and Iraqi and Afghan Special Immigrants are eligible for services and assistance through funded projects in a community. Cash assistance is transitional for up to 8 months; services may be provided for up to five years.

Credentials/Documentation:

Proof of immigration status or a certification or eligibility letter issued by HHS/ORR for victims of a severe form of trafficking. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Awards are granted through a sole source process, as specified in the program announcements. Each agency desiring to respond to a program announcement is required to submit an application. Applications are reviewed and evaluated pursuant to criteria specified in the program announcement. It is expected that ORR will continue to provide awards to the same grantees for a 4-year project period with 12-month budget periods. The grantees will be required to submit applications for noncompetitive awards in the subsequent years during the project period. Future awards will be based on the grantees performance, the availability of funds, and the best interest of the Federal Government.

Award Procedure:

Eligible applicants submit an application to HHS. Subsequent to review by ORR, the Director of ORR makes the funding decision on all grant awards.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

Not Applicable.

Renewals:

Contingent upon funding availability, grantee performance, and the best interest of the government.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Funds are made available for this program for one-year budget period. The project period is up to four years. Funds are awarded incrementally within each budget period. If refugee arrivals and refugee cash and medical assistance recipients exceed those that were estimated at the time of application, a grantee can submit a request for supplemental funding to meet the unanticipated need for refugee cash and medical assistance. See the following for information on how assistance is awarded/released: Incremental funding.

Reports:

Program Performance reports summarizing the activities and accomplishments of the project in relation to the approved goals and objectives are required every four months. Cash reports are not applicable. No progress reports are required. Financial reports are required on a quarterly basis. During the monitoring visits, a representative collection of case files are reviewed to ensure clients are receiving appropriate services. Specifically, the ORR WF team reviews client, legal, financial, categorical and time eligibility, the Family self-sufficiency plan, receipt of cash and if applicable medical assistance, case management and employment service and outcomes. Also the ORR WF team interviews agency staff and clients to ensure that information gleaned from the case-file, agency staff and clients corroborates with one another. In addition to program monitoring quarterly performance reports, Federal Financial Reports (ORR-2) and Annual goal plans are reviewed to ensure W-F agencies are spending funds

appropriately and are performing in a manner consistent with the approved application and cooperative agreement.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. 93.586 STATE COURT IMPROVEMENT PROGRAM

State and Tribal Court Improvement Programs

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title IV-B, Part 2, Section 438.

OBJECTIVES:

The program provides three grant opportunities to state courts to improve court efficiency and the quality of legal representation; a basic grant for assessment work; a grant for data collection and analysis; and a grant to increase training of court personnel, including cross training with agency staff. The program provides state courts flexibility to design assessments which identify barriers to timely and effective decision-making, highlight practices which are not fully successful, examine areas they find to be in need of correction or added attention, and then implement reforms which address the state courts specific needs. State courts are required to collaborate with the state child welfare agency and tribes in this work. The program also provides \$1,000,000 annually for a Tribal Court Improvement Program.

TYPES OF ASSISTANCE:

FORMULA GRANTS; Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

Grants under the State Court Improvement Program may be used for assessment and improvement activities, broadly defined, of the child welfare functions of a court system to promote continuous quality improvement with respect to: due process; timeliness and quality of court hearings; quality legal representation; engagement of the entire family in court processes; improved case tracking and analysis of child welfare cases; data collection, analysis and sharing; and training of legal and judicial personnel in child welfare cases, including cross-training with child welfare agency staff and contractors.

Grants under the Tribal Court Improvement Program may be used to conduct assessments of how tribal courts handle child welfare proceedings and to make improvements to court processes to provide for the safety, permanency, and well-being of children, enhance engagement of the entire family in court processes, and provide for training of judges, attorneys, and legal personnel in child welfare cases.

Applicant Eligibility:

The highest state courts in each of the 50 states, the District of Columbia, Puerto Rico and the U.S. Virgin Islands are eligible to apply for funding. The term "highest state court" means the judicial tribunal which is the ultimate court of appeals in the state.

Tribal courts or tribal governments of federally recognized Tribes may apply for grants. To be eligible, a tribe must be operating an approved title IV-E program in accordance with section 479B of the Social Security Act (the Act); or plan to operate a title IV-E program and have received a title IV-E plan development grant, as authorized by section 476 of the Act; or have a court responsible for proceedings related to foster care or adoption (section 438(c)(3)(A)(iv) of the Act).

Beneficiary Eligibility:

Families and children who are served by state and tribal courts in proceedings related to foster care, guardianship and adoption.

Credentials/Documentation:

All state courts which submit applications as per instructions released by the Children's Bureau, Administration on Children, Youth, and Families (ACYF) are eligible to receive Court Improvement Program grant funds.

Tribal Court Improvement Program grants are discretionary and will be awarded on a competitive basis to federally recognized tribes. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Program instructions can be obtained from the Children's Bureau, ACYF and the appropriate Health and Human Services (HHS) Regional Offices. Funding opportunity announcements for the tribal program are published on www.grants.gov

website as available.

Award Procedure:

Awards to approved applicants will be made from the Administration for Children and Families, Office of Administration, Office of Grants Management.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Federal approval time will be between 30 and 120 days.

Appeals:

Appeals are processed in accordance with HHS Departmental regulations at 45 CFR Part 16.

Renewals:

Renewal applications will be accepted every four years for the State Court Improvement Program with the option to apply annually for any grant not previously received. The Tribal Court Improvement Program will be recompeted after 36 months, by the Children's Bureau.

Formula and Matching Requirements:

Statutory Formula:

Matching Requirements: Percent: 25%. Each state court with an approved application is allotted \$85,000. In addition to this base amount, the remainder of the amount appropriated for all state courts will be divided among those courts with approved applications according to each state's proportionate share of children under the age of 21. If any state courts do not apply for their share of these funds, the unclaimed amount will be reallocated each year to all other state courts with approved applications. Non-federal share (or match) is required at the rate of 25 percent of the total budget. The same formula and match requirements apply to each of the three CIP grants.

This program does not have MOE requirements. There is no match requirement for the tribal Court Improvement Program.

Length and Time Phasing of Assistance:

The Treasury will provide funds for this program. Method of awarding/releasing assistance: by letter of credit.

Reports:

Annual self-assessment reports are due on June 30th. No cash reports are required. No progress reports are required. Fiscal reports are required annually and are due 90 days after the close of the grant year. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Records must be retained at least 3 years. Records shall be retained beyond the 3-year period if audit findings have not been resolved.

Account Identification:

93.587 PROMOTE THE SURVIVAL AND CONTINUING VITALITY OF NATIVE AMERICAN LANGUAGES

Native American Language Preservation and Maintenance (P&M) and the Esther Martinez Immersion (EMI)

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

The Native American Programs Act of 1974, as amended by the Esther Martinez Native American Languages Preservation Act of 2006, as amended, Section 803(a) and (c) , Public Law 93-644, 42 U.S.C 2991b-3.

OBJECTIVES:

To provide financial assistance to eligible applicants for the purpose of promoting the survival and continued vitality of native languages. This program area is divided into two categories: (1) Native Language Preservation and Maintenance and (2) Esther Martinez Immersion. The Language Preservation and Maintenance Grants are 12, 24 or 36-month projects that enable communities to conduct a broad range of projects including teacher credentialing, language instruction, language resource developments, language assessments, and other projects that support the communities long-term language preservation goals. The Esther Martinez Initiative Grants are 36-month projects that will be awarded to applicants that meet the statutory requirements for immersion projects with language nests or language survival schools in accordance with P.L. 109-394.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grant awards under this program are for projects that contribute to the social development and self-sufficiency of native communities through the preservation and maintenance of Native American languages. ANA recognizes that applicants have varying levels of capacity and knowledge for language preservation and maintenance techniques and programs. Funds may be used for activities related to the preservation of Native American languages including: collecting and organizing data to assess a community's Native American language status; planning and implementing an immersion, master/apprentice, or distance learning model; training and certifying teachers, interpreters, or translators in a Native American language; developing, printing, and disseminating materials to be used for the teaching and enhancement of a Native American language. This is a discretionary grant program. Funding cannot be used for the following purpose or activities: purchase of real

property, costs of organized fund raising, including financial campaigns, endowment drives, solicitation of gifts and bequests, similar expenses incurred solely to raise capital or obtain contributions, reimbursement of pre-award costs, and activities that qualify as major renovations and alterations. Further details regarding ineligible applicants and activities can be found in the ANA regulations at 45 CFR 1336.33. In addition, activities in support of any foreseeable litigation against the United States Government are unallowable per 45 CFR 75.435.

Beneficiary Eligibility:

American Indians, Alaska Natives, Native Hawaiians, and Native American Pacific Islanders will benefit.

Credentials/Documentation:

Non-profit organizations must submit proof of non-profit status. For applicants that are not Tribes or Native Alaska villages, organizations applying for funding must show that a majority of board members are representative of a Native American community to be served. Applicants must submit documentation that identifies each board member by name and indicates his/her affiliation or relationship to at least one of ANAs four categories of community representation, which include: (1) members of federally or state-recognized tribes; (2) persons eligible to be a participant in, or beneficiary of, the project to be funded; (3) persons who are recognized by members of the eligible Native American community to be served as having a cultural relationship with that community; or (4) persons considered to be Native American as defined in 45 CFR 1336.10 and Native American Pacific Islanders as defined in Section 815 of the Native American Programs Act. Applicants that do not include this documentation will be considered non-responsive, and the application will not be considered for competition. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

All applicants must submit documentation demonstrating that the governing body of the organization on whose behalf the application is submitted approves the applications submission to ANA for the current grant competition period. Please see the funding opportunity announcement for more information. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. ACF requires

electronic submission of applications at www.Grants.gov. Paper applications received from applicants that have not been approved for an exemption from required electronic submission will be disqualified from competitive review. Applicants that do not have an Internet connection or sufficient computing capacity to upload large documents to the Internet may contact ACF for an exemption that will allow the applicant to submit applications in paper format. See FOA for detailed information. For applicants that have received a waiver, Standard Forms, assurances, and certifications are available at the ACF Funding Opportunities Forms webpage at <http://www.acf.hhs.gov/grants-forms>.

Award Procedure:

All funds are awarded directly to the grantees.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 120 to 180 days. Applicants will receive notice of approval/disapproval approximately 120 days after receipt of application.

Appeals:

Appeals are only available upon a finding of ineligibility for funding and are subject to ANA regulations at 45 CFR 1336.35 and HHS regulations in 45 CFR 16.

Renewals:

Other - Not Specified.

Formula and Matching Requirements:

This program has no statutory formula. Matching Requirements: Percent: 20%. The 20% match is required unless waived in accordance with criteria published in 45 CFR 1336.50. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grantees may apply for non-competitive continuation support within a project period. Preservation and Maintenance projects can be 12, 24 or 36 months and Esther Martinez Immersion projects are 36-month grants. See the following for information on how assistance is awarded/released: Annually.

Reports:

No program reports are required. Cash reports are not applicable. ANA grantees are required to report project progress semi-annual using the Objective Progress Report (OPR) in the GrantSolutions system and report financial information using the SF-425 form. Financial Status reports (SF-425) are required semi-annual. ANA grantees are required to report project progress using the Objective Progress Report (OPR) (OMB No. 0970-0452, expiration date 06/30/2018) and the SF-425 on a semi-annual basis which are submitted electronically. In addition, grantees will be required to submit an Annual Data Report (ADR) (OMB No. 0970-0475, expiration date 03/31/2019) to report project data once a year and at the end of the project period. The SF-425 is also required to be submitted annually and at the end of the project period. ANA reviews grantee semiannual and annual reports to determine whether the grantee is meeting its project goal and objectives and completing activities identified in the Objective Work Plan (OWP) as well as to evaluate project effectiveness. If progress concerns are identified, ANA may require quarterly reports. In addition, ANA is required to describe and measure the impact of funded projects, their effectiveness in achieving stated goals, their impact on related programs, and when feasible, to obtain the views of persons participating in and served by funded projects. ANA carries out this requirement through review of grantee submitted reports and through the use of structured on-site interviews using a data collection tool (OMB No. 0970-0379, expiration date 07/31/2019).

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Financial records, supporting documents and all other related records pertinent to ANA grants must be maintained for a period of 3 years. If an audit is not completed by the end of 3-year period, or if audit findings have not been resolved, records shall be retained until resolution of the audit findings.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2016: Preservation and Maintenance
Grantee: Sealaska Heritage Institute
Project: Haa Shuka: Voices of our Ancestors through Our Elders, Current & Future Speakers
Location: Juneau, Alaska
Description:
The goal of Haa Shukis is to increase Ling, Xaad K, and Sm'algyax apprentice proficiency by one sub-level. The larger community goal is to increase the overall strength and vitality of their Heritage languages. The organization is increasing the proficiency of language apprentices written and verbal language skills through Community Language Learner teams, community language sessions, listening to audio/visual recordings, and intensive immersion.

Esther Martinez Immersion (EMI)
Grantee: Wopanaak Language and Cultural Weetyoo, Inc.
Project: Mukayuhsak Weekuw: The Children's House, a Wopanaak-Montessori
Location: Mashpee, Massachusetts
Description:
The project goal is to provide full-time language immersion through a Montessori-based language immersion school for students ages 7 and younger. The project will train and certify four individuals in the Montessori Method to become full-time Montessori teachers, and also pilot and grow the immersion school in accepting up to at least 35 students in Grades Pre-K through 1. Fiscal Year 2017: ANA intends to fund similar projects in FY 2017. Fiscal Year 2018: ANA intends to fund similar projects in FY 2018.

CRITERIA FOR SELECTING PROPOSALS:

Specific criteria for selecting proposals for funding are stated in each funding opportunity announcement. In general, proposals are evaluated on the basis of relevance to program objectives as stated in the funding opportunity announcement, project viability, community support, reasonable cost estimates, and qualifications of applicant organization and personnel.

**93.590 COMMUNITY-BASED CHILD ABUSE PREVENTION GRANTS
FEDERAL AGENCY:**

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Child Abuse Prevention and Treatment Act (CAPTA), as amended by P.L.111-320, enacted on December 20, 2010., 42 U.S.C 5116 et.seq.

OBJECTIVES:

(1) To support community-based efforts to develop, operate, expand, and enhance, and coordinate initiatives, programs, and activities to prevent child abuse and neglect and to support the coordination of resources and activities to better strengthen and support families to reduce the likelihood of child abuse and neglect; and (2) to foster understanding, appreciation and knowledge of diverse populations in order to effectively prevent and treat child abuse and neglect.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Funds are used to develop, operate, expand, and enhance community-based, prevention focused programs and activities designed to strengthen and support families to prevent child abuse and neglect. One percent is set aside for discretionary grants to migrant and tribal populations and an additional amount to fund a national resource center to provide training and technical assistance to state lead agencies. To receive funds, states must meet eligibility requirements stated in the authorizing legislation.

Applicant Eligibility:

States, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands are eligible. Before a state can apply, the Governor must designate a lead entity to administer the funds for the implementation of community-based child abuse and neglect prevention programs and activities. Tribes may participate through application for grants made available by a 1% (of the entire CBCAP apportionment, of both mandatory and discretionary funds) annual funds set aside, legislated for tribes, tribal organizations and migrant programs. These are discretionary competitive grants, awarded every five years. Complete information regarding these grants may be found on the Federal website, www.grants.gov. Should you wish to speak to someone about this set-aside, see the contact information provided here in section 152.

Beneficiary Eligibility:

There are no eligibility requirements. Beneficiaries, which include children and their families, are organizations dealing with community-based, prevention focused programs and activities designed to prevent child abuse and neglect.

Credentials/Documentation:

Applications require certification and/or documentation that the state meets the eligibility requirements described in the Act, requiring that: (1) the Governor of the State has designated a lead entity to administer funds under this title for the purposes identified under the authority of this title; (2) the Governor of the State has provided assurances that the lead entity will provide, or be responsible for providing, community-based, prevention-focused programs and activities designed to strengthen and support families to prevent child abuse and neglect; composed of local, collaborative, public-private partnerships directed by interdisciplinary structures with balanced representation from public and private sector members, parents, and public and private nonprofit service providers, individuals and organizations experienced in working in partnership with families with children with disabilities; and (3) the Governor of the State has provided additional assurances that the lead entity has demonstrated certain capacities that ensure the state's ability to meet the purposes of this authority. Applicable costs and administrative procedures will be determined in accordance with 45 CFR 74 and 92. 2 CFR 200, Subpart E - Cost Principles

applies to this program.

93.591 FAMILY VIOLENCE PREVENTION AND SERVICES/STATE DOMESTIC VIOLENCE COALITIONS

Family Violence Prevention and Services Act Grants to State Domestic Violence Coalitions

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Family Violence Prevention and Services Act, 42 U.S.C. 10401 et seq., as amended by Section 201 of the CAPTA Reauthorization Act of 2010, Pub. L. 111-320.

OBJECTIVES:

To provide funding for State* Domestic Violence Coalitions (Coalitions) to collaborate with States, tribes, localities, cities, and the private sector in connection with State and local planning to create and sustain an integrated service delivery approach that meets the needs of all victims, including adults and youth representing underserved communities, and racial and ethnic minority populations; to provide training and technical assistance to domestic violence programs and other direct service providers; to increase public awareness about the prevention of family violence, domestic violence, and dating violence; and to increase the quality and availability of immediate shelter and supportive services for victims of family violence, domestic violence, and dating violence, and their dependents.

* Includes each of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Coalitions shall use funds for administration and operations to support a range of activities, including but not limited to (1) working with local family violence, domestic violence, and dating violence service programs and providers of direct services to encourage appropriate and comprehensive responses to family violence, domestic violence, and dating violence against adults or youth within the State involved, including providing training and technical assistance and conducting State needs assessments; (2) participating in planning and monitoring the distribution of subgrants and subgrant funds within the State under Section 10408(a); (3) working in collaboration with service providers and community-based organizations to address the needs of family violence, domestic violence, and dating violence victims, and their dependents, who are members of racial and ethnic minority populations and underserved populations; (4) collaborating with and providing information to entities in such fields as housing, health care, mental health, social welfare, or business to support the development and implementation of effective policies, protocols, and programs that address the safety and support needs of adult and youth victims of family violence, domestic violence, or dating violence; (5)

encouraging appropriate responses to cases of family violence, domestic violence, or dating violence against adults or youth, including by working with judicial and law enforcement agencies; (6) working with family law judges, criminal court judges, child protective service agencies, and children's advocates to develop appropriate responses to child custody and visitation issues in cases of child exposure to family violence, domestic violence, or dating violence; (7) providing information to the public about prevention of family violence, domestic violence, and dating violence, including information targeted to underserved populations; and (8) collaborating with Indian tribes and tribal organizations (and corresponding Native Hawaiian groups or communities) to address the needs of Indian (including Alaska Native) and Native Hawaiian victims of family violence, domestic violence, or dating violence, as applicable in the State.

Applicant Eligibility:

To be eligible for a grant under Section 10411, an entity shall be a statewide nongovernmental nonprofit private domestic violence organization that has a membership that includes a majority of the primary-purpose domestic violence service providers in the State; has board membership that is representative of primary-purpose domestic violence service providers, and which may include representatives of the communities in which the services are being provided in the State; has as its purpose to provide education, support, and technical assistance to such service providers to enable the providers to establish and maintain shelter and supportive services for victims of domestic violence and their dependents; and serves as an information clearinghouse, primary point of contact, and resource center on domestic violence for the State and supports the development of policies, protocols, and procedures to enhance domestic violence intervention and prevention in the State.

Beneficiary Eligibility:

This program will benefit youth and adult victims of family violence, domestic violence, dating violence, their children and other dependents, their families, other persons affected by such violence including friends, relatives, and the general public. 93.595 WELFARE REFORM RESEARCH, EVALUATIONS AND NATIONAL STUDIES

Welfare Research

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Consolidated Appropriations Act of 2017, Public Law 115-31.

OBJECTIVES:

To support research on the benefits, effects, and costs of operating different State welfare programs, including studies on the effects of different programs and the operation of such programs on welfare dependency, employment rates, child well-being, family formation and healthy marriage, illegitimacy, teen pregnancy, and others; to assist States in developing and evaluating innovative approaches for reducing welfare dependency and increasing the well-being of minor children living at home.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grants, cooperative agreements, and contracts are awarded for innovative research, demonstrations, and evaluations that are responsive to the Administration for Children and Families (ACF) program priorities. All applications must meet standards of excellence in research, demonstration, or evaluation design. Construction or the purchase of real estate are not allowable under these grants. Further, these funds may not be used to supplement the cost of program operations otherwise capped under the law. Organizations may not use funds under these grants to engage in inherently religious activities, such as worship, religious instruction, or proselytizing. In addition, an organization receiving ACF funds shall not, in providing ACF-funded services, discriminate against a program beneficiary or prospective program beneficiary on the basis of religion or religious belief. Regulations pertaining to the Equal Treatment for Faith-Based Organizations, which include the prohibition against Federal funding of inherently religious activities, as well as provisions related to nondiscrimination against religious organizations and the ability of religious organizations to maintain their religious character, can be found at either 45 CFR 87.1 or the HHS web site at <http://www.hhs.gov/partnerships/about/regulations>. Funds may be used for research on the benefits, effects, and costs of operating different State programs funded under the Temporary Assistance for Needy Families Program and evaluations of innovative approaches to reducing welfare dependency and

increasing child well-being.

Applicant Eligibility:

Grants and cooperative agreements may be made to or with governmental entities, colleges, universities, nonprofit and for-profit organizations (if fee is waived), and faith- and community-based organizations. Grants or cooperative agreements cannot be made directly to individuals.

Beneficiary Eligibility:

Children, youth, and families, especially low-income families, will benefit.

Credentials/Documentation:

Applicants must present written evidence of other agencies' willingness to cooperate when the project involves the use of other agencies, facilities, or services. Nonprofit organizations which have not previously received ACF program support must submit proof of nonprofit status. For State and local governments, costs will be determined in accordance with Chapter II Part 200 and Chapter III Part 300 45 CFR 75 and other grantees, applicable costs and administrative procedures will be determined in accordance with 45 CFR Part 75.

2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applicants will be able to find a synopsis of grant or cooperative agreement opportunities and apply electronically for opportunities via: www.grants.gov. Applicants will also be able to find the complete text of grant announcements on the ACF web site located at: <http://www.acf.hhs.gov/grants/index.html>.

Award Procedure:

Official notice of approved grant applications is made through issuance of a Notice of Award (NOA). This provides the amount of funds awarded, the purpose of the award, the terms and conditions of the award, the budget period for which support is given, the total project period for which support is contemplated, and the total grantee participation.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 365 days. Generally, solicited grants and cooperative agreements will be acted upon within 120 days.

Appeals:

Appeals are processed in accordance with HHS regulations in 45 CFR Part 16.

Renewals:

Grant extensions and continuations are available if formally applied for and approved. If an application is recommended for approval for 2 or more years, the grantee must submit a formal request for a non-competitive continuation application each year accompanied by a progress report which will be evaluated prior to a recommendation of continuation.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Grantees are often required to share in the cost of projects. Cost sharing may range up to 25 percent of the total approved project cost for grants or cooperative agreements.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Funds are granted on a 1- to 5-year basis, with support beyond the first year contingent upon acceptable evidence of satisfactory progress, continuing

program relevance, and availability of funds. See the following for information on how assistance is awarded/released: Post award, our Division of Payment Management will establish an account from which a grantee may draw down awards. For additional information on this process see:

http://www.dpm.psc.gov/grant_recipient/new_grantee_information/hhs_grantee_info.aspx?explorer.event=true.

Reports:

No program reports are required. No cash reports are required. Grantees are required to submit performance progress reports (ACF-OGM-SF-PPR) throughout the project period. Performance progress reports are due 30 days after the reporting period. Final performance progress reports are due 90 days after the close of the project period. Reporting forms are available at http://www.acf.hhs.gov/grants/grants_resources.html. Grantees are required to submit program financial expenditure reports throughout the project period. Financial reports are due 30 days after the reporting period. Final financial reports are due 90 days after the close of the project period. Grantees will use the Financial Status Report (FSR) SF-425 for required financial reporting. Reporting forms are available at http://www.acf.hhs.gov/grants/grants_resources.html. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. All fiscal transactions identifiable to Federal financial assistance are subject to audit by the HHS audit agency, and other Federal officials.

Records:

Proper accounting records, identifiable by grant number and including all receipts and expenditures, must be maintained for 3 years in accordance with 45 CFR 75.361. Subsequent to audit, they must be maintained until all questions are resolved, or at the end of the regular 3-year period, whichever is later.

CRITERIA FOR SELECTING PROPOSALS:

Applications may be funded in whole or in part depending on: (1) the ranked order of applicants resulting from competitive review; (2) staff review and consultations; (3) the combination of projects that best meet the information needs of the program; (4) the funds available; and (5) other relevant considerations. Typical criteria include project cost and budget justification, the qualification of the principal investigator and organization, the quality of approach and methodologies employed, and results and the programs objectives and results and benefits expected. Specific criteria for selecting recipients under individual funding announcements under this program are published in www.Grants.gov for grant announcement.

93.596 CHILD CARE MANDATORY AND MATCHING FUNDS OF THE CHILD CARE AND DEVELOPMENT FUND

Child Care and Development Fund (CCDF)

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, as amended, Title IV, Section 418, 42 U.S.C 618; Child Care and Development Block Grant Act of 1990, as amended (42 USC 9858, et seq).

OBJECTIVES:

The Child Care and Development Fund (CCDF) is the primary federal funding source dedicated to providing child care assistance to low-income families. As a block grant, CCDF gives funding to states, territories, and tribes to provide child care subsidies through grants and contracts with providers, as well as vouchers or certificates to low-income families. CCDF provides access to child care services for low-income families so they can work, attend school, or enroll in training. At the same time, it also promotes the healthy development and school success children by improving the quality of early learning and afterschool experiences.

The Child Care Mandatory and Matching Funds is the mandatory portion of the CCDF program, which consists of matching funds, that require a state match and maintenance of effort, and mandatory funds. These funds are made available under section 418 of the Social Security Act. The Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996 (P.L. 104-193) consolidated funding for child care under section 418 of the Social Security Act and made such funding subject to the requirements of the CCDBG Act, as amended. The Child Care and Development Block Grant (CCDBG) is the discretionary portion of the CCDF program (see CFDA 93.575). CCDBG was created under the Omnibus Budget Reconciliation Act of 1990, and is subject to annual appropriations. The Department of Health and Human Services (HHS) designated the combined entitlement and discretionary funding as the Child Care and Development Fund (CCDF) program.

In 2014, Congress acted on a bipartisan basis to pass the Child Care and Development Block Grant Act of 2014 (P.L. 113-186) into law and reauthorize the CCDF program for the first time since 1996. The CCDBG Act of 2014 renews authority for CCDF program through FY 2020. The law makes significant changes by defining health and safety requirements for child care providers, outlining family-friendly eligibility policies, and ensuring parents and the general public have transparent information about the child care choices available to them.

The purposes of the CCDF program are to: 1) allow each State maximum flexibility in developing child care programs and policies that best suit the needs of children and parents within that State; (2) promote parental choice to empower working parents to make their own decisions regarding the child care services that best suits their families needs; (3) encourage States to provide consumer education information to help parents make informed choices about child care services and to promote involvement by parents and family members in the development of their children in child care settings; (4) assist States in delivering high-quality, coordinated early childhood care and education services to maximize parents options and support parents trying to achieve independence from public assistance; (5) assist States in improving the overall quality of child care services and programs by implementing the health, safety, licensing, training, and oversight standards; (6) improve child care and development of participating children; and (7) increase the number and percentage of low-income children in high-quality child care settings.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Title IV of the Social Security Act appropriates funds (Mandatory and Matching Funds) for the purpose of providing child care assistance. Lead Agencies must use Mandatory and Matching Funds for child care services on a sliding fee scale basis, activities that improve the quality or availability of such services, and other activities that realize the goals of the CCDBG Act. Lead Agencies must ensure that not less than 70 percent of the total amount of Mandatory and Matching Funds are used to provide child care assistance to families who are receiving assistance under the Temporary Assistance for Needy Families program, families who are attempting through work activities to transition off of temporary assistance programs, and families who are at risk of becoming dependent on temporary assistance programs. Not more than five percent of the aggregate amount of CCDF Funds expended by the State (15 percent for Tribes or tribal organizations) may be expended for administrative costs incurred by the State to carry-out all of its functions and duties. The term "administrative costs" does not include the costs of providing direct services. In FY 2017, a State or Territory shall use not less than seven percent of the CCDF Funds to improve child care quality and availability including comprehensive consumer education, activities to increase parental choice, and other activities such as resource and referral services, provider grants and loans, monitoring and enforcement of requirements, training and technical assistance, and improved compensation for child care staff. In FY 2018, the amount a State or Territory must spend on quality activities increases to eight percent, in accordance with the CCDBG law. The law requires an increase in the minimum quality spending requirement to nine percent of a State or Territory's CCDF Funds phased-in over 5 years. In addition, starting in FY 2017, States and Territories are required to spend no less than three percent of their CCDF award on activities to improve the quality of infant and toddler care. Except for approved construction or renovation of child care facilities by tribal grantees, no Mandatory or Matching Funds may be used for the purchase or improvement of land, or for the purchase, construction, or permanent improvement of any building or facility (other than for minor remodeling and for upgrading of facilities to meet State and local child care standards.) No Mandatory or Matching Funds provided directly to child care providers through grants or contracts may be expended for any sectarian purpose or activity, including sectarian worship or instruction. However, Grantees must give parents the option of receiving vouchers or certificates to allow parents the choice of child care providers, including faith-based or community providers. No Mandatory or Matching Funds may be provided for any services provided to students enrolled in grades 1 through 12 during the regular school day; for any services for which such students receive academic credit toward graduation; or for any instructional services which supplant or duplicate the academic program of any public or private school.

Applicant Eligibility:

Eligibility: All 50 States, the District of Columbia, and Federally recognized Tribal Governments, including Alaskan Native Corporations.

Beneficiary Eligibility:

Children under age 13 (or, at the option of the grantee, up to age 19, if physically or mentally incapable of self-care or under court supervision), who (1) reside with a family whose income does not exceed 85 percent of the State

median income for a family of the same size, and (2) who reside with a parent (or parents) who is working or attending job training or educational program, who or are in need of, or are receiving protective services. A Lead Agency shall re-determine a child's eligibility for child care services no sooner than 12 months following the initial determination or most recent re-determination. Once determined eligible, children are expected to receive a minimum of 12 months of child care services, unless family income rises above 85% SMI or, at Lead Agency option, the family experiences a non-temporary cessation of work, education, or training.

Credentials/Documentation:

Lead Agencies must operate under a CCDF plan approved by the Administration for Children and Families, and must provide assurances that the grantee will comply with the requirements of the CCDBG Act and all applicable Federal law. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Each Grantee must designate a Lead Agency to which grants are awarded and that is accountable for the use of the Mandatory and Matching Funds provided, the duties of which shall include developing a CCDF plan. In conjunction with the development of the CCDF plan, the Lead Agency must hold at least one public hearing no earlier than nine months before the CCDF plan becomes effective and after at least 20 days of statewide public notice, to provide the public an opportunity to comment on the provision of child care services under the plan. In advance of the hearing, the Lead Agency must make the content of the plan available to the public. The Lead Agency must also coordinate the provision of services under the program with other Federal, State, and local child care and early childhood development programs. Also, the Lead Agency must consult with appropriate representatives of local governments. Tribal Lead Agencies submitting applications for construction must submit an environmental impact assessment. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Sections 2 CFR 200.101 and 45 CFR 75.101 on Applicability indicates that only the following requirements apply to CCDF:

- * 2 CFR 200.111 and 45 CFR 75.111, English language
- * 2 CFR 200.112 and 45 CFR 75.112, Conflict of interest
- * 2 CFR 200.113 and 45 CFR 75.113, Mandatory disclosures
- * 2 CFR 200.202 and 45 CFR 75.202, Requirement to provide public notice of Federal financial assistance programs (Note: this requirement applies to Federal agencies rather than grantees)
- * 2 CFR 200.330 and 45 CFR 75.351, Subrecipient and contractor determinations
- * 2 CFR 200.331 and 45 CFR 75.352, Requirements for pass-through entities
- * 2 CFR 200.332 and 45 CFR 75.353, Fixed amount subawards
- * 2 CFR Part 200 Subpart F and 45 CFR Part 75 Subpart F, Audit Requirements.

A Lead Agency desiring to receive an allotment for a fiscal year is required to submit a three-year CCDF plan to the Administration for Children and Families, as well as financial and other information necessary for the grants process. Each plan must contain certifications and assurances by the Lead Agency that it will comply with the requirements of the Child Care and Development Block Grant Act (CCDBG). The plan must also include: the designation of a Lead Agency; the provision of assurances regarding policies and procedures as stated in Section 658E(c)(2) of the amended CCDBG; an outline of the proposed use of block grant funds in compliance with Section 658E(c)(3) of the CCDBG; the provision of certification regarding payment rates as stated in Section 658E(c)(4) of the CCDBG; and the establishment of a sliding fee scale. Additional requirements are specified by 45 CFR Parts 98 and 99.

Award Procedure:

Grants are awarded after the receipt and approval of an application and plan by the Administration for Children and Families.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The Administration for Children and Families will review the CCDF plans for approval and will act on the plans within 90 days.

Appeals:

Guidelines for appealing disapprovals of CCDF plans are specified in regulations at 45 CFR Part 99.

Renewals:

CCDF plans must be submitted every three years.

Formula and Matching Requirements:

Statutory Formula: Title 45 CFR, Part 98.53.

Matching Requirements: Statutory/Regulatory Formula: Section 6580 of the CCDBG Act; Title 45 CFR, Part 98.53.

Matching Requirements: Allocations of the Mandatory Funds are based on a State's Federal share of the expenditures for the now-repealed AFDC-linked child care programs (AFDC/JOB Child Care, Transitional Child Care, and At-Risk Child Care) in 1994 or 1995, or the average of 1992 through 1994, whichever was greater. A State is not required to expend any State funds in order to receive its share of the Mandatory Funds. The remaining funds are Matching Funds and are distributed based on the number of children under age 13 in a State compared with the national total of children under age 13. To access Matching Funds, a State must obligate all of its Mandatory Funds allotted in a fiscal year and maintain 100 percent of the State's share of expenditures for the former programs in fiscal year 1994 or fiscal year 1995, whichever is greater. Matching Funds must be matched at the applicable FMAP rate, which is the Medicaid Program matching rate. Not less than one percent, but not more than two percent of the total Mandatory and Matching Funds are reserved for Tribes and tribal organizations based on the number of children living on or near tribal reservations or other appropriate area served by the tribal grantee. Tribes and tribal organizations are not required to provide matching funds. The District of Columbia is treated as a State for purposes of receiving its share of Mandatory and Matching Funds. Territories are not eligible to receive Mandatory or Matching Funds. This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Grant awards are made to Lead Agencies with approved CCDF plans. If Matching Funds are requested, Mandatory Funds must be obligated by the end of the first fiscal year. There is no time limit on liquidation of Mandatory Funds and no time limit on obligation of Mandatory Funds if no Matching Funds are requested. Matching Funds must be obligated by the end of the first fiscal year and liquidated by the second fiscal year. State funds expended toward the Maintenance of Effort requirement must be both obligated and expended by the end of the first fiscal year. Mandatory and Matching Funds awarded to Tribes and tribal organizations must be obligated by the end of the second fiscal year and liquidated by the end of the third fiscal year. Method of awarding/releasing assistance: quarterly. Method of awarding/releasing assistance: quarterly.

Reports:

As specified in 45 CFR Part 98, States must report to the Administration on Children and Families on an annual basis aggregate data on families, children in care, providers, payment methods, and consumer education. Quarterly case-level reports are required to provide data on families, children, and providers, and payment information. Tribes must also provide annual aggregate data on children and families served through CCDF. No cash reports are required. No progress reports are required. No cash reports are required. No progress reports are required. States must also submit quarterly expenditure reports. Territories are required to report estimates and expenditures for the Discretionary Fund only on a quarterly basis. States, DC, and Puerto Rico are required to measure, calculate, and report improper authorizations for payments as well as identify strategies for reducing future improper authorizations for payments. One-third of the 50 States, DC, and Puerto Rico must report annually on a three-year cycle. Tribes report expenditures for the Tribal Mandatory,

Discretionary, and Construction/Renovation funds. Monitoring is in accordance with 45 CFR 98.90. Monitoring is in accordance with 45 CFR 98.90.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Additional auditing may be necessary.

93.598 SERVICES TO VICTIMS OF A SEVERE FORM OF TRAFFICKING

Anti-Trafficking in Persons Program

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Trafficking Victims Protection Act of 2000 (TVPA), Public Law 106-386, 114 Stat. 1464, 22 U.S.C 7104(b) and 7105(b)(1). Sections 105,106,107a(b) 112a, and 113 of TVPA of 2000 as amended; section 202 and 203 of TVPRA of 2005, as amended; and section 603 of the Justice for Victims of trafficking Act of 2015.

OBJECTIVES:

To provide outreach to, identification of, and service referrals to individuals

who may be victims of a severe form of trafficking. To provide comprehensive case management services to alien victims of a severe form of trafficking. To enhance anti-trafficking efforts in the U.S. by building regional capacity, developing regional coalitions, conducting public awareness, and providing training and technical assistance on human trafficking issues.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use; PROJECT GRANTS

USES AND USE RESTRICTIONS:

The Administration for Children and Families (ACF) leads the Department of Health and Human Services (HHS) efforts to combat human trafficking and modern forms of slavery by administering anti-trafficking programs through grants and contracts and collaborating with federal, state, tribal, and local government and non-government organizations. The Office on Trafficking in Persons (OTIP) is responsible for the overall leadership of anti-trafficking programs and services under the purview of ACF, including, but not limited to implementing provisions of relevant federal legislation and advising the Assistant Secretary in the development of anti-trafficking strategies, policies, and programs.

The Trafficking Victims Protection Act of 2000 (TVPA) and subsequent reauthorizations authorize HHS to assist foreign national and domestic (United States citizen and lawful permanent resident) victims of human trafficking through a number of efforts including screening and identifying victims; providing victims benefits and services; conducting research; training for the identification of trafficking survivors; and raising awareness and preventing human trafficking. Funds may be used only for the purposes set forth in the funding opportunity announcements.

Applicant Eligibility:

State and local governments and private organizations.

Beneficiary Eligibility:

Under the TVPA, as amended, alien victims of a severe form of trafficking in persons are eligible for benefits and services to the same extent as refugees. Beneficiaries are adult alien victims of a severe form of trafficking who have been certified by HHS/ORR. Alien children under 18 years of age subjected to a severe form of trafficking who have received letters of eligibility from HHS/ORR are considered eligible for services. Certain family members of victims of a severe form of trafficking are eligible for federally funded or administered benefits and services to the same extent as refugees if they hold "derivative T visas" (T-2, T-3, T-4, or T-5 visa). Potential victims of trafficking are also eligible for assistance through discretionary grant programs.

Credentials/Documentation:

No Credentials or documentation are required. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Each application submitted under this program announcement will undergo a pre-review to determine if (1) the application was received by the closing date and submitted in accordance with the instructions in this announcement and (2) the applicant is eligible for funding.

Award Procedure:

Applications that pass the initial Administration for Children and Families (ACF) screening will be evaluated and rated by an independent review panel on the basis of specific criteria that are included Funding Opportunity Announcement. The evaluation criteria are designed to assess the quality of a proposed project and to determine the likelihood of its success.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

93.599 CHAFEE EDUCATION AND TRAINING VOUCHERS PROGRAM (ETV)**FEDERAL AGENCY:**

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title IV, Part E, Section 477(h); as amended.

OBJECTIVES:

To provide resources to states and eligible Indian tribes to make available vouchers for postsecondary training and education, to youths who have aged out of foster care or who have been adopted or left for kinship guardianship from the public foster care system after age 16.

TYPES OF ASSISTANCE:**FORMULA GRANTS****USES AND USE RESTRICTIONS:**

Funds may be used to provide vouchers for postsecondary education and training to youth otherwise eligible for services under the state's or tribe's Chafee Foster Care Independence Program. Vouchers may also be provided to youth who leave foster care for adoption or kinship guardianship after age 16. Vouchers can be provided to youth up to the age of 23, as long as they are participating in the program at age 21 and are making satisfactory progress toward completing their course of study or training. Vouchers provided to individuals may be available for the cost of attending an institution of higher education (as defined in section 472 of the Higher Education Act) and shall not exceed the lesser of \$5,000 per grant year or the total cost of attendance as defined in section 472 of the Higher Education Act.

Applicant Eligibility:

State governments, including the 50 states, the District of Columbia and Puerto Rico (hereafter "states"), U.S. Virgin Islands, Guam and American Samoa, and eligible Indian tribes, Indian tribal organizations, or Indian tribal consortia (hereafter "tribes") with an approved plan.

Beneficiary Eligibility:

Youth otherwise eligible for services under a state's or tribe's Chafee Foster Care Independence Program. (This includes youth who have left foster care because they attained 18 years of age, and have not yet attained 21 years of age; youth likely to remain in foster care until 18 years of age, commensurate with the state's or tribe's criteria used to determine eligibility for the program; and former foster care recipients, age 21 and younger.) Vouchers may also be provided to youth who are adopted from foster care or exit foster care to kinship guardianship after attaining age 16 and to youth up to the age of 23, as long as they are participating in the voucher program at age 21 and are making satisfactory progress toward completing their course of study or training.

Credentials/Documentation:

Costs will be determined in accordance with 45 CFR Part 75. 2 CFR 200,

Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Applications must include the information and assurances required from the state or tribe. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. A 5-year state or tribal plan must be submitted with annual updates. The plan must coordinate the provision of services under the state's or tribe's Education and Training Voucher Program with services under other Federal or Federally-assisted programs serving the same population. Plans are submitted to the appropriate Regional Child Welfare Program Manager in the appropriate ACF Regional Office.

Award Procedure:

Quarterly awards are made up to the amount of one-fourth of the state's or tribe's annual allotment.

Deadlines:

Jun 30, 2017 The plan or its annual update is due June 30 of each year.

Range of Approval/Disapproval Time:

Approval/disapproval is due September 30th of each year.

Appeals:

Appeals are processed in accordance with HHS regulations in 45 CFR, Part 16.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: States: Each state is allocated an amount of funds which bears the same ratio as the number of children in foster care in that state bears to the total number of children in foster care in all states in the most recent fiscal year for which such information is available. Date submitted by states to the Adoption and Foster Care Analysis and Reporting System (AFCARS) national database will be used to calculate state allotments.

Tribes: Tribes with an approved title IV-E plan to directly operate a title IV-E program or tribes that have a title IV-E tribal/state cooperative agreement or contract have the option to apply to receive Chafee Foster Care Independence Funds directly from the Secretary. Each tribe with an approved plan is allocated an amount equal to the number of children in foster care under the responsibility of the tribe (either directly or under supervision of the state) in the most recent fiscal year for which such information is available to the sum of the total number of children in foster care under the responsibility of the state within which the tribe is located and the total number of children in foster care under the responsibility of all Indian tribes in the state that have an approved plan.

Matching Requirements: Percent: 20%. The Federal government will pay 80 percent of the total amount of funds expended by the grantee up to the amount of Chafee Education and Training Voucher Program funds allocated. The grantee must provide matching contributions to cover the additional 20 percent of the costs.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grant awards are made quarterly on a fiscal year basis. Method of awarding/releasing assistance: quarterly.

Reports:

Annual updates to the state's or tribe's plan. An SF-425 financial status report must be submitted for the funds awarded in each Federal fiscal year (FFY) within three months after the close of the FFY in which the funds were granted (interim report) and again within three months after the close of the subsequent FFY (final report). Progress reports are not applicable. No expenditure reports are required. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000

or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Audits are conducted in accordance with the requirements in 45 CFR 75 Subpart F.

Records:

Grantees must develop and maintain records which permit review of expenditures in accordance with the provisions of 45 CFR Part 75.

93.600 HEAD START

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Head Start Act, as amended by the Improving Head Start for School Readiness Act of 2007
, Public Law 110-134, 42 U.S.C 9801.

OBJECTIVES:

To promote school readiness by enhancing the social and cognitive development of low-income children, including children on federally recognized reservations and children of migratory farm workers, through the provision of comprehensive health, educational, nutritional, social and other services; and to involve parents in their children's learning and to help parents make progress toward their educational, literacy and employment goals. Head Start also emphasizes the significant involvement of parents in the administration of their local Head Start programs.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use; PROJECT GRANTS

USES AND USE RESTRICTIONS:

At least 90 percent of the enrollees in a program must be income eligible; i.e. from families whose income is below the poverty line, from families receiving public assistance, from homeless families or children in foster care. Programs may serve an additional 35 percent of participants with incomes up to 130 percent of poverty if they can demonstrate that they already are meeting the needs of children below the poverty line in the area served. American Indian and Alaska Native programs may enroll additional over-income children if they enroll all children in their service area that are income eligible and predominantly serve children meeting the low income criteria. Training and technical assistance grants are available to Head Start programs.

Applicant Eligibility:

Any government, federally-recognized Indian tribe, or public or private nonprofit or for profit agency which meets the requirements may apply for a grant. However, applications will be considered only when submitted in response to a specific announcement, published via the Internet at the following website address: <http://www.grants.gov>, which solicits proposals to expand Head Start/Early Head Start programs or establish new ones. Grantee agencies may subcontract with other child-serving agencies to provide services to Head Start children.

Beneficiary Eligibility:

Head Start/Early Head Start programs are for children from birth up to the age when the child enters the school system; however, Head Start programs only serve pre-school age children while Early Head Start programs serve children from birth through age three as well as pregnant women. The Early Head Start-Child Care Partnership programs are expanding access to high quality early learning and development opportunities for infants and toddlers from birth through age four. No less than 10 percent of each Head Start program's enrollment shall be for children with disabilities.

Credentials/Documentation:

Nonprofit organizations must submit proof of nonprofit status. Applicable costs and administrative procedures will be determined in accordance with Part 75 as applicable of the Code of Federal Regulations, 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The Office of Head Start will provide each applicant agency with a completed check list form showing exactly which items must be completed by each applicant and delegate agency.

Award Procedure:

All funds are awarded directly to grantees. Funds for local Head Start/Early Head Start programs, including a portion of training and technical assistance funds, are awarded by the Office of Head Start's Regional Offices. Funds for the following are awarded by the Central Office of Head Start: American Indian and Alaskan Native programs; Migrant programs; research, demonstration and evaluation efforts and some training and technical assistance efforts.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days. This, depending on the nature of the proposal, can vary considerably from 90 days to as much as several months.

Appeals:

Grantees who are denied refunding may appeal adverse decisions to the HHS Departmental Appeals Board. There is no appeal for new grants denials.

Renewals:

From 90 to 120 days. OHS Headquarters or Regional Offices will inform grantees of the application procedures for renewal.

Formula and Matching Requirements:

Statutory Formula: Title Head Start Act, as amended by the Improving Head Start for School Readiness Act of 2007, Public Law 110-134. Section 640 of the Head Start Act is the statutory formula for how funds must be allocated. This same section also specifies the non-federal share match requirement. Matching Requirements: Percent: 20%. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Funds are available for a 12-month budget period. Funds are released by monthly allowance on an Electronic Transfer System or by monthly check. Method of awarding/releasing assistance: by letter of credit.

Reports:

Annual information on the types of children served and the services provided. No cash reports are required. No progress reports are required. Semi-annual spending reports. Every agency is monitored on different aspects of their program throughout their five-year grant. New grantees are monitored after their first year in operation.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. The Uniform Guidance, applicable to Head Start, requires grantees that expend \$750,000 or more during their fiscal year to have an annual audit. Additionally, the Office of Head Start provides the annual Head Start audit supplement, which includes Head Start-specific guidance and procedures. Lastly, there are also audit-type requirements associated with Head Start fiscal monitoring events.

Records:

Grantee must maintain an accounting system adequate to meet the purposes of the grant. Requirements for records are found in 45 CFR Part 75 as applicable.

Account Identification:

75-1536-0-1-506.

Obligations:

93.601 CHILD SUPPORT ENFORCEMENT DEMONSTRATIONS AND SPECIAL PROJECTS

Special Improvement Projects

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security, Title IV, Part D, Section 452(j), Public Law 104-193, 42 U.S.C 652j.

OBJECTIVES:

To provide federal funds for information dissemination and technical assistance to states, training of federal and state staff to improve state child support programs, and research, demonstration, and special projects of regional or national significance relating to the operation of child support programs.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

All grants must follow the program requirements and restrictions outlined in the funding opportunity announcement and follow all of the standard terms and conditions for ACF grant awards, not limited to what is described in the HHS Grants Policy Statement.

Applicant Eligibility:

This funding is available to all organizations that meet the program eligibility requirement.

Beneficiary Eligibility:

This funding is available to all organizations that meet the program eligibility requirement.

Credentials/Documentation:

When appropriate, applicants should present written evidence of other agencies' willingness to cooperate when the project involves their cooperation or the utilization of their facilities or service. For other grantees, costs will be determined in accordance with 2 CFR 220 for educational institutions, 2 CFR 230 for nonprofit organizations, and any amendments to the aforementioned. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application forms and supplemental descriptive information on the priority projects are available from: Administration for Children and Families, Child Support Enforcement Program, 5th floor, 330 C. Street SW., Washington, DC 20201. Applications may be submitted to this address or via grants.gov. See the actual program announcement for details. The application shall be executed by an individual authorized to act for the applicant agency or organization and to assume for the agency or organization the obligations imposed by the terms and conditions of the grant. The application must clearly indicate whether the application submitted is in response to a program announcement (e.g. CFDA 93.601) and must reference the announcement number for which the application is to compete. Applications are reviewed and evaluated by a review panel of not less than three knowledgeable people. Written assessment of each application is made.

Award Procedure:

Official notice of approved grant applications is made through issuance of a Notice of Grant Award. This provides the amount of funds awarded, the purpose of the award, the term and conditions of the award, the budget period for which support is given, the total project period for which support is

contemplated, and the total grantee participation.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 120 days. Generally, solicited grants will be acted upon within 90 days.

Appeals:

There are no formal appeals procedures. If an application for a grant is disapproved, the reasons for disapproval will be fully stated, applicants may request the reasons for disapproval. In the case of unsolicited proposals, applicants are free to resubmit applications with attention to the changes suggested by the reasons for disapproval in the future. If an applicant is not awarded a grant, the applicant can request a written response that will address: (1) Weak and deficient areas of the proposal; (2) impact of weaknesses or deficiencies in not being selected; and (3) factors that were the basis of the selection of the successful grantee.

Renewals:

Generally, project and budget periods vary according to priority area (up to 3 years). Projects of a longer duration will be considered if unique circumstances warrant. If projects are approved for a period longer than 12 months, funding will be provided in discrete 12-month increments, or "budget periods." Funding beyond the first 12-month budget period is not guaranteed. Future funding will depend on the grantee's satisfactory performance and the availability of future appropriations.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Generally, project and budget periods vary according to the priority area (up to 3 years). For multi-year projects, support beyond the first year is contingent upon acceptable evidence of satisfactory progress and availability of funds. Method of awarding/releasing assistance: by letter of credit.

Reports:

Semi-annual program narrative reports and semi-annual expenditure reports are required. Periodic monitoring is conducted by the federal project office when progress reports are reviewed. Semi-annual expenditure reports are required. Quarterly narrative progress reports are required. Semi-annual reports of expenditures are required. Periodic monitoring is conducted by the Federal Project Officer when progress reports are reviewed.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. All fiscal transactions identifiable to Federal financial assistance are subject to audit by the HHS agency, and other Federal officials.

Records:

Proper accounting records, identifiable by grant and including all receipts and expenditures, must be maintained for 3 years in accordance with 45 CFR Part 75. Subsequent to an audit they must be maintained until all questions are resolved, or at the end of the regular 3-year period, whichever is later.

Account Identification:

93.602 ASSETS FOR INDEPENDENCE DEMONSTRATION PROGRAM

AFI Program

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Assets for Independence Act.

OBJECTIVES:

The purpose of the Assets for Independence (AFI) program is to demonstrate and evaluate the effectiveness of asset-building projects that assist low-income people in becoming economically self-sufficient by teaching them about economic and consumer issues and enabling them to establish matched savings accounts called individual development accounts (IDAs). The program is demonstrating and evaluating the effects of AFI projects and IDAs in terms of increasing the economic self-sufficiency of low-income families; promoting savings for home ownership, post-secondary education, and small business or micro-enterprise development; and stabilizing families and communities.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The AFI Act imposes the following limitations on uses of AFI grant funds: Entities that receive AFI grants must reserve at least 85% of the Federal AFI grant amount for matching participants' IDA savings. The grantee entities may use no more than 15% of the Federal AFI grant amount for all other costs such as administering the project, reporting, and recruiting and enrolling participants; training participants in such areas as financial education, economic literacy, budgeting, and credit; providing supports that assist participants to achieve economic self-sufficiency; and providing information to organizations evaluating the AFI demonstration.

Applicant Eligibility:

This program supports innovative projects administered by national, State-wide, regional and community-based organizations. Eligible applicants are: [(1) Private nonprofit organizations that are tax exempt under Section 501(c)(3) of

the Internal Revenue Code;] (2) State or local governments or agencies or Tribal governments submitting applications jointly with; (3) credit unions designated as low-income credit unions by the National Credit Union Administration; or an organization designated as a Community Development Financial Institution by the Secretary of the Treasury.

Beneficiary Eligibility:

The Assets for Independence Act limits eligibility for participation in AFI-funded projects to individuals and families with the following characteristics: 1) Individuals who are members of households that are eligible to receive support under the Federal Temporary Assistance for Needy Families program; 2) Individuals whose adjusted gross household income is less than twice the Federal poverty line, taking into consideration the number of household members, and whose household net worth as of the end of the prior calendar year was less than \$10,000; and 3) Individuals whose adjusted gross household income enables them to qualify for the Federal Earned Income Tax Credit, taking into consideration the number of household members, and whose household net worth as of the end of the prior calendar year was less than \$10,000. When determining the net worth of the household, a household's assets shall not be considered to include the primary dwelling unit and one motor vehicle owned by a member of the household.

Credentials/Documentation:

Low Income Credit Unions must submit official documentation that the National Credit Union Administration has designated the organization as such. Community Development Financial Institutions must submit documentation that the Department of the Treasury has designated the organization as such. Private nonprofit organizations that are tax exempt under Section 510(3) of the Internal Revenue Code must provide documentation of nonprofit status. Applications submitted by credit unions and community development financial institutions must demonstrate a strong collaborative relationship with one or more community-based organization(s) that seek to address poverty and the economic needs of community residents. Title 45 CFR Part 75 applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Awards are granted on a competitive basis. Announcements concerning the availability of funds, requests for applications, along with application form and assurance documents are on www.grants.gov website. Applications to the Office of Community Services for grants under the announcement should submit through the grants.gov website. Applicants are urged to inform and coordinate application submissions with State and local governments where such information and coordination is appropriate or necessary for the success of the program. This program is subject to the provisions of Title 45 CFR Part 75 (non-governmental entities). All applications for assistance under this program must contain: (1) SF-424, Application for Federal Assistance; (2) SF-424A, Budget Information; (3) SF-424B, Assurances, Non-Construction Programs; (4) Certificate Regarding Drug Free Workplace Requirements; (5) Certification regarding environmental tobacco smoke; (6) Certification Regarding Debarment, Suspension, and Other Responsibility Matters; and (7) Certification Regarding Lobbying. These must be accompanied by a detailed budget, and a program narrative submitted in accordance with the format detailed in the Funding Opportunity Announcement (FOA).

Award Procedure:

The Director, Office of Community Services makes funding decisions based on recommendations of a panel of experts who review funding proposals. The panel review is based on criteria set forth in the program announcement.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days. Applications will normally be approved/disapproved and grant awards made within 90 days of application receipt.

93.603 ADOPTION AND LEGAL GUARDIANSHIP INCENTIVE PAYMENTS

Adoption and Legal Guardianship Incentive Payments.

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title IV, Part E, Section 473A; as amended.

OBJECTIVES:

To provide incentives to States and eligible Tribes to increase annually the number of children in foster care who find permanent homes through adoption or legal guardianship.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

State and tribal agencies receiving incentive payments must spend the funds for services (including post-adoption services) and activities allowable under title IV-B and IV-E of the Social Security Act (the Act). Incentive funds may not be used as non-Federal (i.e., state, local or tribal) matching funds for Federal financial participation. Payments must be used to supplement and not supplant Federal or non-Federal funds for services under title IV-B or IV-E of the Act (see section 473A(f) of the Act). Amounts expended by a state or tribe in accordance with the preceding sentence shall be disregarded in determining state or tribal expenditures for purposes of Federal matching payments under Sections 424, 434, and 474 of the Social Security Act.

Applicant Eligibility:

Applications are not required. States (including the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Guam and American Samoa) and tribes that have an approved title IV-E plan and that submit data to the Adoption and Foster Care Analysis and Reporting System (AFCARS) are eligible to receive payments. The Children's Bureau (CB) shall determine an agency's eligibility for funding based on foster care, adoption and guardianship data reported to AFCARS. AFCARS data must be reported and accepted by CB no later than May 15 of the fiscal year subsequent to the fiscal year in which the adoptions or guardianships were finalized (i.e., the "earning year").

Beneficiary Eligibility:

Beneficiaries are those children and families eligible under Title IV-B and Title IV-E of the Social Security Act, as amended.

Credentials/Documentation:

The Children's Bureau (CB) shall determine the number of foster child adoptions, foster child guardianships, pre-adolescent (age 9 - 13) adoptions and guardianships, and older child (age 14 and over) adoptions and guardianships eligible to earn incentive payments, based on data reported by each agency to the Adoption and Foster Care Analysis and Reporting System (AFCARS) data and accepted by CB no later than May 15 of the fiscal year subsequent to the fiscal year in which the adoptions were finalized (i.e., the "earning year"). In addition, if funds remain after making other awards, incentive payments will be made to agencies in which the average number of months from removal of children from their home to finalized adoption is less than 24 months. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. States, tribes and territories meeting eligibility requirements are automatic applicants.

Award Procedure:

Incentive payments will be issued annually, in the fiscal year subsequent to the earning year. Payment will be based on AFCARS data submitted no later than May 15 of the fiscal year following the earning year. AFCARS data must be accepted and approved by the Children's Bureau.

Deadlines:

May 15, 2017 AFCARS data submissions must be received no later than May 15, for subsequent fiscal years in order to be considered for incentive payments.

Range of Approval/Disapproval Time:

Adoption and Legal Guardianship Incentive awards are generally made in August or September each year.

Appeals:

Not Applicable.

Renewals:

Each "earning year" will be considered on its own merit.

Formula and Matching Requirements:

Statutory Formula: The adoption and legal guardianship incentive payment payable to an agency for a fiscal year shall be equal to the sum of (a) \$5,000, multiplied by the number of foster child adoptions that exceed the product of a base rate of foster child adoptions and the number of children in foster care under the supervision of the title IV-E agency on the last day of the preceding fiscal year; (b) \$4,000 multiplied by the number of foster child guardianships that exceed the product of a base rate of foster child guardianships and the number of children in foster care under the supervision of the title IV-E agency on the last day of the preceding fiscal year; (c) \$7,500 multiplied by the number of pre-adolescent (ages 9 - 13) child adoptions and pre-adolescent foster child guardianships that exceeds the product of a base rate of pre-adolescent child adoptions and pre-adolescent foster guardianships and the number of pre-adolescent children (ages 9 - 13) in foster care under the supervision of the title IV-E agency on the last day of the preceding fiscal year; and (d) \$10,000 multiplied by the number of older child (age 14 and older) adoptions and older foster child guardianships that exceeds the product of a base rate of older child

adoptions and older foster child guardianships and the number of older children (ages 14 and older) in foster care under the supervision of the title IV-E agency on the last day of the preceding fiscal year. In the event that the total amount of incentive payments earned by title IV-E agencies exceeds the amount of funds appropriated for this purpose, payments to title IV-E agencies will be prorated accordingly.

If the total amount of incentives payable under the above categories are less than the amount of funding appropriated for a fiscal year, then the balance remaining will be used to make awards to agencies in which the average number of months from removal of children from their home to finalized adoption is less than 24 months.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Payments to a title IV-E agency in a fiscal year shall remain available for use by the title IV-E agency for 36 months. Method of awarding/releasing assistance: lump sum.

Reports:

Agencies must identify in the Child and Family Services Plan (CFSP) or Annual Progress and Services Report (APSR) as applicable (due June 30 of each year), the services they have provided to children and families as a result of the expenditure of adoption and legal guardianship incentive payments. Should more than one fiscal year's incentive funds be expended during a given reporting period, the report should reflect the services provided and identify the fiscal year's funds expended. Actual expenditures of incentive funds must be reported annually on SF-425, Financial Status Report. No progress reports are required. Standard form (SF) 425, Financial Status Report (FSR), must be completed and submitted utilizing the HHS Payment Management System (PMS). Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

93.604 ASSISTANCE FOR TORTURE VICTIMS

Services for Survivors of Torture

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Torture Victims Relief Act of 1998, Public Law 105-320.

OBJECTIVES:

The Office of Refugee Resettlement (ORR) provides funding and technical support to domestic survivors of torture programs. The Services for Survivors of Torture (SOT) program assists persons who have suffered torture in a foreign country to regain their health and independence and build productive lives in the U.S.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use; PROJECT GRANTS

USES AND USE RESTRICTIONS:

The Torture Victims Relief Act (TVRA) of 1998 restricts funding for domestic programs to direct services, research and training. The authorizing legislation uses the definition of torture given in 18 U.S.C. 2340(1). Service providers are restricted to serving individuals who meet the eligibility criteria based on this definition.

Applicant Eligibility:

Eligible applicants are public or private non-profit agencies.

Beneficiary Eligibility:

Individuals and families, regardless of immigration status, who have suffered torture in a foreign country and are currently residing in the U.S.

Program Performance Reports are required on a semi-annual basis. Final Program Performance Reports summarizing the activities and accomplishments of the project over the entire project period are required 90 days after the end of the project period. No cash reports are required. No progress reports are required. SF-425 Federal Financial Reports are required semi-annually. A final SF-425 Federal Financial Report is required 90 days after the end of the project period. Staff of the Office of Refugee Resettlement make site visits to grantees to review the financial and programmatic aspects of the project.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Periodic audits are made as part of the system of financial management and internal control to meet terms and conditions of grants and other agreements.

Records:

Grant recipients are required to keep all financial and program reports necessary for program review and audit for the project period and for 3 years after the end of the project period to insure that funds have been expended in accordance with the regulations, grant terms, and conditions of this program.

93.606 AFFORDABLE CARE ACT - PREPAREDNESS AND EMERGENCY RESPONSE LEARNING CENTERS

Preparedness and Emergency Response Learning Centers (PERLC)

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Patient Protection and Affordable Care Act, Title IV, Section 4002, Public Law 111-148; Public Health Service Act , Section 319F(d) , 42 U.S.C 247d-6(d).

OBJECTIVES:

The purpose of this program is to address legislative requirements, as stated in section 319F(d) of the Public Health Service (PHS) Act (42 USC 247d-6(d)), as part of a plan to improve the nations public health and medical preparedness and response capabilities for emergencies, whether deliberate, accidental, or natural. Accredited schools of public health will collaborate, develop and deliver core competency-based training and education that respond to the public health preparedness and response needs of state, local and tribal public health authorities, and emphasize essential public health security capabilities. The intent of this program is to meet the preparedness and response training and educational needs of the U.S. public health workforce by providing assistance to U.S. states, localities and tribal public health authorities within defined service areas.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds may be used to support public health approaches to public health preparedness and response described in Section 0.50 above. The use of and use restrictions are as follows:

- * Recipients may only expend funds for reasonable public health preparedness and response activities, and program purposes, including personnel, travel, supplies, and services, such as contractual arrangements with educational partners or consultants.
- * Recipients may not use funds for research
- * Recipients may not use funds for clinical care.
- * Recipients may not generally use funding for construction or the purchase of furniture or equipment. Any such proposed spending must be identified in the budget.
- * Reimbursement of pre-award costs is not allowed.
- * The recipient must perform a substantial role in carrying out project objectives and not merely serve as a conduit for an award to another party or

provider who is ineligible.

Applicant Eligibility:

Eligible applicants for this project are accredited Schools of Public Health, as required by section 319F-2(d) of the Public Health Service Act. Only schools accredited by the Council on Education for Public Health are eligible.

Beneficiary Eligibility:

The general public, and federal state, local, and tribal public health preparedness programs that protect the public from all-hazards will benefit from the objectives of this program.

Credentials/Documentation:

Applicants must provide documentation of current accreditation by the Council on Education for Public Health to confirm eligibility. Applicants must document how the proposed research would address stated objectives of the program, outline the research methods to be followed, and provide a budget justification for funds. OMB Circular A-21 applies to this program. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Information on the submission of applications was obtained from the Grants Management Officer, Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention. Telephone: (770) 488-2700. The standard application forms were used for this program as furnished by the Public Health Service and requirement by OMB Circular No. A-21 for educational institutions.

Award Procedure:

All applications that are complete and responsive to the FOA will undergo an objective review process in accordance with the review criteria stated in the FOA. Successful applicants will receive a Notice of Award (NOA) from the CDC Procurement and Grants Office. The NOA shall be the only binding, authorizing document between the recipient and CDC. The NOA will be signed by an authorized Grants Management Officer. Unsuccessful applicants will receive notification of the results of the application review by mail.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 120 to 180 days.

Appeals:

Not Applicable.

Renewals:

Renewals will be based upon the availability of funding and satisfactory programmatic progress. Project period is for 5 years with 12 month budget periods. Applications must be obtained from Grants Management Officer, Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention. Telephone: (770) 488-2700.

93.609 THE AFFORDABLE CARE ACT MEDICAID ADULT QUALITY GRANTS

Measuring and Improving the Quality of Maternity Care in Medicaid

FEDERAL AGENCY:

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

The Patient Protection and Affordable Care Act (Pub. L. 111-148) Section 2701 Adult Health Quality Measures.

OBJECTIVES:

To support State Medicaid agencies in testing, collecting, and reporting the Initial Core Set of Health Care Quality Measures for Adults Enrolled in Medicaid to CMS. Additionally, the grant funding will also support States efforts to use this data for improving the quality of care for adults covered by Medicaid.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Each participating State Medicaid grantee will be required to implement a grant project with the following three aims:

1. Testing and evaluating methods for collection and reporting of the Initial Core Set Measures in varying delivery care settings (e.g. managed care, fee-for-service, long term care settings such as nursing homes and intermediate care facilities). States are encouraged to demonstrate alignment with existing methods and infrastructures for collection and reporting [e.g., Health Information Technology for Economic and Clinical Health (HITECH), Medicaid Management Information Systems (MMIS)];
2. Developing staff capacity to report the data, analyze, and use the data for monitoring and improving access and the quality of care in Medicaid; and
3. Conducting at least two Medicaid quality improvement projects related to the Initial Core Set Measures. States are encouraged to consider alignment with CMS or other Federal quality improvement activities such as the National Quality Strategy, Strong Start Initiative, Partnership for Patients, Million Hearts Initiative, etc. States may not use funds as the State's share of the Medicaid program costs or as supplemental Disproportionate Share Hospital (DSH) payments.

Applicant Eligibility:

Grant applicants are limited to the 51 State Medicaid Agencies and the Medicaid Agencies in the US Territories.

Beneficiary Eligibility:

N/A.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The standard application form SF-424 and related forms must be used for this program. Applicants are encouraged to submit a non-binding Letter of Intent to Apply. Letters of Intent to Apply are not required and a states submission or failure to submit a letter has no bearing on the scoring of proposals received. Applicants should review the application and submission information in the funding opportunity announcement for specific instructions on applying for this grant program.

Award Procedure:

CMS will make a decision for each application received. Each applicant will receive written notification of CMS decision. Applicants approved for a grant award must submit a letter of acceptance to CMS within 30 days of the date of award, agreeing to the terms and conditions of the award letter.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

Not Applicable.

Renewals:

Grantee can receive a second year of funding based on first year performance and progress towards meeting the grant project goals outlined in the application as well as in the terms and conditions.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grants agreements are funded on a 12-month basis, with support for the second year (final year) contingent upon acceptable evidence of satisfactory progress, continuing program relevance, and availability of funds. The maximum time period for funding is 24 months. See the following for information on how assistance is awarded/released: Successful applicants will receive a Notice of Award. Unsuccessful applicants will be notified by letter. Applicants should review the award administration information of the funding opportunity announcement issued under this CFDA program for more information.

Reports:

Reports due are: two Semi-annual progress reports; one Annual progress report; performance measurement data submitted to CMS on least 15 Initial Core Measures; and one Final report addressing the entire two year grant. Applicants should review the individual funding opportunity announcement for information on programmatic and evaluation reporting requirements. Submit a quarterly electronic Federal Financial Report (FFR) via the Payment Management System. The quarterly report identifies cash transactions against the authorized funds for the grant. The FFR Cash Transaction Reports must be filed within 30 days of the end of each quarter. Failure to submit the report may result in the inability to access grant funds. Go to - www.dpm.psc.gov for additional information. The final FFR, including both cash transactions and expenditures, must be submitted and received within 90 days of the end of the project period. Applicants should review the individual funding opportunity announcement for information on programmatic reporting requirements. Grantees must include expenditures on the annual FFR (submitted at the end of the budget period). The final FFR must be submitted within 90 days after the end of the project period end date and include both cash transactions and expenditures data. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Recipients are required to maintain grant accounting records 3 years after the date the grant is officially closed. If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

93.610 HEALTH CARE INNOVATION AWARDS (HCIA)

FEDERAL AGENCY:

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

Section 1115A of the Social Security Act (added by Section 3021 of the Affordable Care Act).

OBJECTIVES:

The first round of the Health Innovation Awards (HCIA), announced on November 14, 2011, was a broad solicitation in which CMS welcomed a wide variety of proposals. In HCIA, Round One, CMS funded 107 Awardees who proposed compelling new models of service delivery/ payment improvements that showed substantial promise of delivering the Three-Part Aim of better health, better health care, and lower costs through improved quality for Medicare, Medicaid, and Childrens Health Insurance Program (CHIP) beneficiaries. Successful models included plans to rapidly develop and/or deploy the requisite workforce to support the proposed model. Awards recognized interventions that showed capability to improve care within the first 6 months of the award, while creating a sustainable pathway to net Medicare/Medicaid/CHIP savings within two to three years. These models of service delivery and payment improvement are now entering Year Two of the three-year period of performance for Round One of the HCIA.

A second round of the Health Care Innovation Awards (HCIA) was announced on May 15, 2013. In HCIA Round Two, the Center for Medicare & Medicaid Services (CMS) will fund applicants who propose new service delivery models and design corresponding new payment models that show promise of providing better health, better health care, and lower costs through improved quality for Medicare, Medicaid, and Childrens Health Insurance Program (CHIP) enrollees.

In Round Two, CMS is specifically seeking new payment and service delivery models in four broad Innovation Categories, as follows:

Models that are designed to rapidly reduce Medicare, Medicaid, and/or CHIP

costs in outpatient and/or post-acute settings. Priority areas are diagnostic services, outpatient radiology, high-cost physician-administered drugs, home based services, therapeutic services, and post-acute services. While preference will be given to submissions within these priority areas, CMS will consider submissions in other outpatient and/or post-acute areas within this Category.

Models that improve care for populations with specialized needs. Priority areas are high-cost pediatric populations, children in foster care, children at high risk for dental disease, adolescents in crisis, persons with Alzheimers disease, persons living with HIV/AIDS (in particular, efforts to link and retain patients in care and improve medication adherence that lead to viral suppression), persons requiring long-term support and services, and persons with serious behavioral health needs. While preference will be given to submissions within these areas, CMS will consider submissions that improve care for other populations with specialized needs.

Models that test approaches for specific types of providers to transform their financial and clinical models. Priority areas are models designed for physician specialties and subspecialties (for example, oncology and cardiology), and for pediatric providers who provide services to children with complex medical issues (including but not limited to care for children with multiple medical conditions, behavioral health issues, congenital disease, chronic respiratory disease, and complex social issues); and that include, as appropriate, shared decision-making mechanisms to engage beneficiaries and their families and/or caregivers in treatment choices. While preference will be given to submissions within these areas, CMS will consider submissions in other areas within this Category and from other specific types of non-physician providers.

Models that improve the health of populations defined geographically (health of a community), clinically (health of those with specific diseases), or by socioeconomic class through activities focused on engaging beneficiaries, prevention (for example, a diabetes prevention program or a hypertension prevention program), wellness, and comprehensive care that extend beyond the clinical service delivery setting. These models may include community based organizations or coalitions and may leverage community health improvement efforts. These models must have a direct link to improving the quality and reducing the costs of care for Medicare, Medicaid, and/or CHIP beneficiaries. Priority areas are: models that lead to better prevention and control of cardiovascular disease, hypertension, diabetes, chronic obstructive pulmonary disease, asthma, and HIV/AIDS; models that promote behaviors that reduce risk for chronic disease, including increased physical activity and improved nutrition; models that promote medication adherence and self-management skills; models that prevent falls among older adults; and broader models that link clinical care with community-based interventions. While preference will be given to submissions within these areas, CMS will consider submissions in other areas within this Category.

These categories were identified as gaps in the current Innovation Center portfolio and as areas that could result in potentially usable models for changes in Medicare, Medicaid, and CHIP payment methods. This round of Innovation Awards encourages a strong focus on Medicaid and CHIP populations. In addition, models that primarily focus on acute hospital inpatient care are excluded from this round and will not be reviewed. (Hospitals are eligible to apply for awards if they propose a model within one of the four Innovation Categories described below.)

In Round Two in contrast to the first round CMS specifically seeks new payment models to support the service delivery models funded by this initiative. Awardees will be required to implement the service delivery models at the start of the three-year cooperative agreement period and submit a fully developed new Medicare, Medicaid, or CHIP payment model by the end of the cooperative agreement period. Successful applicants will demonstrate that they can implement a model that improves quality of care and reduces cost within the first six months of the award and delivers net savings to CMS within three years. At its discretion and consistent with the requirements of Section 1115A of the Social Security Act, CMS may further develop one or more of these payment and service delivery models and open them to participation through a subsequent solicitation.

Do not rely on this Catalog of Federal Domestic Assistance announcement for complete and precise answers about the Health Care Innovation Awards. The final authority on all matters, including but not limited to application procedures, format of proposals, deadlines, criteria, eligibility, model test requirements, and the nature of the Funding Opportunity, is the appropriate Funding Opportunity Announcement itself, either for Round One or Round

Two of the Health Care Innovation Awards.

For specific details about Round Two of the initiative, see the Funding Opportunity Announcement at <https://www.grantsolutions.gov/gs/preaward/previewPublicAnnouncement.do?id=17996>.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

The funds shall be used to implement models that support system transformation toward higher quality care at lower costs, and to plan and develop complementary payment models. Award dollars may be used for specific components, devices, equipment, software, analytical tools, or personnel provided that are integrated into the service delivery and payment model. Award dollars cannot be used to make permanent improvements to property not owned by the federal government; minor alterations and renovations are permissible under certain circumstances that will be described in the Financial Plan template (to be provided on or about June 14, 2013 on the Innovation Center website at <http://innovation.cms.gov>). CMS will not fund proposals that duplicate models that CMS is currently testing in other initiatives (see Section I.4) or other proposals being investigated elsewhere in HHS. CMS will not fund the provision of services to non-CMS beneficiaries. CMS will not fund applicants that cannot monitor, self-evaluate, and report on the progress and impact of their model in a timely manner. In Round Two, CMS will not fund models that focus primarily on acute hospital inpatient care.

All equipment, staff, other budgeted resources, and expenses must be used exclusively for the project identified in the awardees original cooperative agreement application or agreed upon subsequently with HHS, and may not be used for any prohibited uses.

Award dollars cannot be used

For specific components, devices, equipment, software, or personnel that are not integrated into the entire service delivery and payment model proposal. To match any other Federal funds.

To provide services, equipment, or supports that are the legal responsibility of another party under Federal or State law (e.g., vocational rehabilitation or education services) or under any civil rights laws. Such legal responsibilities include, but are not limited to, modifications of a workplace or other reasonable accommodations that are a specific obligation of the employer or other party.

To supplant existing State, local, or private funding of infrastructure or services, such as staff salaries, etc.

To be used by local entities to satisfy state matching requirements.

To pay for the use of specific components, devices, equipment, or personnel that are not integrated into the entire service delivery and payment model proposal. Award dollars cannot be used for specific components, devices, equipment, or personnel that are not integrated into the entire service delivery and payment model proposal. CMS will not fund proposals that replicate models that CMS is currently testing in other initiatives. Finally, given the breadth of models that could be submitted, CMS will not fund proposals that cannot monitor, evaluate, and report on the progress and impact of their program in a timely manner.

Funding Restrictions Indirect Costs

Indirect costs will be capped at 20% or the applicants Federally negotiated indirect cost rate or the applicants provisional rate, whichever of these is lowest. Applicants may elect to waive their Federally negotiated indirect cost rate. If requesting indirect costs, a Federally negotiated Indirect Cost Rate Agreement will be required.

Funding Restrictions Direct Services

Cooperative Agreement funds may not be used to provide individuals with services that are already funded through Medicare, Medicaid and/or CHIP. In compliance with the OMB Circulars, which define allowed cost, funding from the Innovation Center may not supplant funding for services that are currently authorized through the Medicaid State Plan. This also applies to funding provided through waivers or other grants, including federal grants. Travel or participation in conferences may require CMS approval.

Funding Restrictions Reimbursement of Pre-Award Costs

No cooperative agreement funds awarded under this solicitation may be used

to reimburse pre-award costs.

The following standard requirements apply to applications and awards under this FOA:

Specific administrative requirements, as outlined in 2 CFR Part 225 and 45 CFR Part 92, apply to cooperative agreement awarded under this announcement.

All awardees under this project must comply with all applicable Federal statutes relating to nondiscrimination including, but not limited to:

- o Title VI of the Civil Rights Act of 1964,
- o Section 504 of the Rehabilitation Act of 1973,
- o The Age Discrimination Act of 1975,
- o Hill-Burton Community Service nondiscrimination provisions, and
- o Title II Subtitle A of the Americans with Disabilities Act of 1990. The funds shall be used to implement and evaluate models that support system transformation toward higher quality of care at lower costs. Award dollars cannot be used for specific components, devices, equipment, or personnel that are not integrated into the entire service delivery and payment model proposal. CMS will not fund proposals that replicate models that CMS is currently testing in other initiatives. Finally, given the breadth of models that could be submitted, CMS will not fund proposals that cannot monitor, evaluate, and report on the progress and impact of their program in a timely manner. The following standard requirements apply to applications and awards under this FOA:

Specific administrative requirements, as outlined in 2 CFR Part 225 and 45 CFR Part 92, apply to cooperative agreement awarded under this announcement.

All awardees under this project must comply with all applicable Federal statutes relating to nondiscrimination including, but not limited to:

- o Title VI of the Civil Rights Act of 1964,
- o Section 504 of the Rehabilitation Act of 1973,
- o The Age Discrimination Act of 1975,
- o Hill-Burton Community Service nondiscrimination provisions, and
- o Title II Subtitle A of the Americans with Disabilities Act of 1990,

All equipment, staff, other budgeted resources, and expenses must be used exclusively for the project identified in the awardees original cooperative agreement application or agreed upon subsequently with HHS, and may not be used for any prohibited uses.

Prohibited Uses of Cooperative Agreement Funds

To match any other Federal funds.

To provide services, equipment, or supports that are the legal responsibility of another party under Federal or State law (e.g., vocational rehabilitation or education services) or under any civil rights laws. Such legal responsibilities include, but are not limited to, modifications of a workplace or other reasonable accommodations that are a specific obligation of the employer or other party.

To supplant existing State, local, or private funding of infrastructure or services, such as staff salaries, etc.

To be used by local entities to satisfy State matching requirements.

To pay for the use of specific components, devices, equipment, or personnel that are not integrated into the entire service delivery and payment model proposal.

Applicant Eligibility:

Round One of HCIA sought to attract a wide variety of health care innovators and organizations, including: provider groups, health systems, payers and other private sector organizations, faith-based organizations, local governments, and public-private partnerships. In addition, certain organizations (such as professional associations) were eligible to apply as conveners assembling and coordinating the efforts of a group of participants. Conveners could serve as facilitators or could be direct award recipients. States were not eligible to apply to HCIA Round One.

HCIA Round Two seeks to engage with a wide variety of innovators. Welcome to apply are interested parties that meet the eligibility requirements specified in the Funding Opportunity Announcement, have developed innovations that will drive significant improvement in population health, quality of care, and total cost of care, and can create a clear pathway to an alternate payment model based on their innovation. Examples of the types of organizations expected to apply are: provider groups, health systems, payers and other private sector organizations, faith-based organizations, state and/or local governments,

territories or possessions, academic institutions, research organizations, public-private partnerships, and for-profit organizations. By state, we refer to the definition provided under 45 CFR 74.2 as "any of the several States of the U.S., the District of Columbia, the Commonwealth of Puerto Rico, (or) any territory or possession of the U.S." By territory or possession, we mean Guam, the U.S. Virgin Islands, American Samoa, and the Commonwealth of the Northern Mariana Islands. In addition, certain organizations may apply as conveners that assemble and coordinate the efforts of a group of participants. Unsuccessful applicants from prior CMS funding competitions are eligible to apply. Technology-based models need to reflect the actual use, not the development, of a product in a broader service delivery or payment model. For specific details on eligibility, see the Funding Opportunity Announcement at <https://www.grantsolutions.gov/gs/preaward/previewPublicAnnouncement.do?id=17996>.

Beneficiary Eligibility:

The Health Care Innovation Awards initiative will fund applicants who propose the most compelling new service delivery and payment models that will drive system transformation and deliver better outcomes for Medicare, Medicaid, and CHIP beneficiaries. Proposals should be focused on innovative approaches to improving health and lowering costs for high risk/high opportunity populations, including Medicare, Medicaid, and CHIP beneficiaries. In Round Two, proposals should focus, in particular, on beneficiary care and payment in the four Innovation Categories described under the heading, Objectives (050), above.

Round Two of the Innovation Awards encourages a strong focus on Medicaid and CHIP populations. However, CMS recognizes that in order for providers to have meaningful incentives to change their service delivery models they must engage multiple payers. Therefore, applications must include a feasible approach for securing participation of multiple payers for their proposed models. This could include demonstrable commitments from current payer partners, current contracts, letters of support or commitment from private insurers, state governments, or local governments. Preference will be given to applications that include participation by non-CMS payers at the outset of the models implementation. Funding from CMS can only be used to provide care for beneficiaries of Medicare, Medicaid, and CHIP.

For specific details, see the Funding Opportunity Announcement at <https://www.grantsolutions.gov/gs/preaward/previewPublicAnnouncement.do?id=17996>.

Credentials/Documentation:

Applicants should review the solicitation criteria to determine the required documentation. OMB Circular No. A-87 applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. For HCIA Round Two, Letters of Intent to Apply must be received by 3:00 pm Eastern Daylight Time on June 28, 2013. Failure to submit a Letter of Intent to Apply will disqualify the application from that organization from being reviewed. The information specified for the Letter of Intent to Apply must be provided through an online form. In addition to required Standard Forms, as described in the Funding Opportunity Announcement, applications for HCIA Round Two should include a Cover Letter (to be enclosed with the project narrative), a Project Abstract, and a Project Narrative that includes the following sections: Model Design.

Organizational Capacity.

Return on Investment, which should include a Financial Plan signed by the chief financial officer of the applicant organization, a Model Sustainability Plan, and if \$10 million or more is requested an Actuarial Review. Applicants requesting less than \$10 million are encouraged but not required to submit an external actuarial review.

Monitoring, Reporting, and Evaluation.

Funding and Sustainability, including a Budget Narrative that gives a yearly

breakdown of costs for the 3-year model period.

Supplementary Materials, including an Operational Plan, an Executive Overview, and documentation related to financial projections, profiles of participating organizations, relevant letters of endorsement, etc.

For more detail about application requirements, including required registrations and the format, size, structure, and content of the application package, consult the Funding Opportunity Announcement, available online at <https://www.grantsolutions.gov/gsp/award/previewPublicAnnouncement.do?id=17996>.

Award Procedure:

There are a number of differences between the criteria and review processes for Round One and Round Two of the HCIA. In Round One, the Innovation Center made 107 awards ranging from approximately \$1 million to \$26.5 million for a three-year period. Cooperative agreements were awarded with consideration to: (1) available funding; (2) geographic diversity; and (3) the quality of each application and the ability to meet the goals of the project. In the first round, less than 5% percent of applications were funded. Profiles of Awardees are available on the CMS website at <http://innovation.cms.gov/>. The CMS Innovation Center announced cooperative agreements for Round One of HCIA in two batches, with the first batch of awardees for Round One of HCIA announced on May 8, 2012 and the second (final) batch for Round One announced on June 15, 2012. Applications in Round One were scored with a total of 100 points available. The following criteria were used to evaluate Round One applications received in response to this solicitation.

Round One Criteria

Design of Project (30 points)
Organizational Capacity and Management Plan (25 points)
Workforce Goals (15 points)
Budget, Budget Narrative, Financial Plan and Sustainability (20 points)
Evaluation and Reporting (10 points)

In Round Two, applications will be scored with a total of 100 points available. The following criteria will be used to evaluate applications received in response to this solicitation.

Round Two Criteria

Design of Proposed Model (25 points)
Organizational Capacity and Management Plan (25 points)
Return on Investment (20 points)
Budget, Budget Narrative, and Model Sustainability (20 points)
Monitoring and Reporting (10 points)

For specific details about criteria for evaluation being used for Round Two of the initiative, see the Funding Opportunity Announcement at <https://www.grantsolutions.gov/gsp/award/previewPublicAnnouncement.do?id=17996>.

Review Process: A team consisting of HHS staff from outside CMMI and other outside experts will review all eligible applications. The review process will include the following steps:

Prior to submission of the application to the review panel, a preliminary eligibility screen will be conducted by CMS staff or CMS contractors to ensure that the technical requirements of the application are met.

Applications will be screened again to determine eligibility for further review using criteria detailed in this solicitation and in applicable law, including 2 CFR Parts 180 and 376.

The review panel will assess each application to determine the merits of the proposal and the extent to which the proposed model furthers the purposes of Health Care Innovation Awards Round Two. Reviewers will award points in each area to determine scores. CMS reserves the right to request that applicants revise or otherwise modify their proposals and budget based on the recommendations of the panel.

Concurrently, the CMS Office of the Actuary will assist the GMO in review of the reasonableness of the estimated cost to the government, and will review the potential for federal savings. This review will be one of the criteria for the

CMS Approving Official to consider during the application review process. The CMS Approving Official may utilize information provided by the CMS Actuaries assessment of applicants potential for savings in determining award recipients.

The results of the objective review of the applications by qualified experts will be used to advise the CMS Approving Official. Final award decisions will be made by the CMS Approving Official, guided by recommendations of the review panel and by programmatic concerns.

CMS intends to fund models in communities with a wide variety of geographic and socio-economic characteristics, including underserved urban and rural areas. CMS reserves the right to approve or deny any or all proposals for funding. Note that section 1115A of the Social Security Act states that there is no administrative or judicial review under sections 1869 or 1878 of the Act for the selection of organizations, sites, or participants to test models under section 1115A of the Act.

Interviews may be conducted with applicants prior to selection in order to clarify Application and Submission Information as needed. CMS reserves the right to request that applicants revise or otherwise modify their proposals and budget based on the recommendations of the panel and the review of the CMS Approving Official. Successful applicants will receive one cooperative agreement award issued under this announcement. Unsuccessful applicants may request reviewers comments.

For specific details about the Review Process for Round Two of the initiative, see the Funding Opportunity Announcement at <https://www.grantsolutions.gov/gsp/award/previewPublicAnnouncement.do?id=17996>.

The Announcement and Award dates for Round Two are:

Funding Opportunity Announcement: May 15, 2013
Anticipated Awardee Announcements: Phase 1 January 15, 2014; Phase 2 January 31, 2014
Anticipated Notice of Cooperative Agreement Award: Phase 1 and Phase 2 February 28, 2014

Award Notices for Round Two of the HCIA: The Authorized Official of successful applicants will receive an electronic Notice of Award (NoA) signed and dated by the CMS Grants Management Officer that will set forth the amount of the award and other pertinent information. The award will also include standard Terms and Conditions, and may also include additional specific cooperative agreement terms and conditions. Potential applicants should be aware that special requirements could apply to cooperative agreement awards based on the particular circumstances of the effort to be supported and/or deficiencies identified in the application by the review panel. The NoA is the legal document issued to notify the awardee that an award has been made and that funds may be requested from the HHS payment system. Any communication between CMS and awardees prior to issuance of the NoA is not an authorization to begin performance of a model.

Unsuccessful applicants will be notified by letter, sent through the U.S. Postal Service to the applicant organization as listed on its SF 424, within 30 days of announcement of Notices of Award.

The award procedures for Round Two are revised versions of those stipulated for Round One. For more details, see the Funding Opportunity Announcement at <https://www.grantsolutions.gov/gsp/award/previewPublicAnnouncement.do?id=17996>.

Deadlines:

Jun 28, 2013 to Aug 15, 2013 The deadlines for Round One were: Required Letter of Intent was due: December 19, 2011. Proposals for Round One were due: January 27, 2012.

The deadlines for Round Two are: Required Letter of Intent Due Date: June 28, 2013, by 3:00 p.m. Eastern Daylight Time Application Due Date: August 15, 2013, by 3:00 p.m. Eastern Daylight Time.

Range of Approval/Disapproval Time:

For Round One:

The CMS Innovation Center announced cooperative agreements for Round One of HCIA in two batches, with the first batch of awardees for Round One of HCIA announced on May 8, 2012 and the second (final) batch for Round One announced on June 15, 2012.

For Round Two:

Anticipated Notice of Cooperative Agreement Award: Phase 1 and Phase 2 February 28, 2014.

Appeals:

CMS reserves the right to approve or deny any or all proposals for funding. Note that section 3021 of the Affordable Care Act establishes title XI, section 1115A of the Social Security Act, which creates the Center for Medicare and Medicaid Innovations (CMMI). Section 1115A(d)(2) states that there is no administrative or judicial review of the selection of organizations, sites, or participants to test models.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements. N/A.

This program does not have MOE requirements. No MOE Requirements.

Length and Time Phasing of Assistance:

For Round One, the anticipated period of performance for the 3-year project period is July 1, 2012 through June 30, 2015.

For Round Two, the anticipated period of performance for the 3-year model period is April 1, 2014 to March 31, 2017. The budget period is 12 months. See the following for information on how assistance is awarded/released: Awards will be made through Cooperative Agreements.

Reports:

The reporting requirements for Round Two differ in some respects from Round Ones reporting requirements. Round One applicants were expected to include in their proposals a description of their plans for collecting and producing the data and analysis of the model that would be provided to CMS and its evaluation and monitoring contractors. Careful monitoring and reporting of the effect of the model on the quality of care received as well as health care outcomes and costs are expected. Awardees agreed to cooperate with any Federal evaluation of the program and provide quarterly, semi-annual (every 6 months), annual, and final (at the end of the cooperative agreement period) reports in a form prescribed by CMS, and submitted electronically. These reports outline how cooperative agreement funds are used, describe program progress, and describe any barriers encountered and measurable outcomes. CMS provides the format for program reporting and the technical assistance necessary to complete required report forms. Awardees also agreed to respond to requests for information necessary for the evaluation of national efforts and for data on key elements of their own cooperative agreement activities.

For Round Two, the application must include a description of the applicants plan for collecting and producing the data and analysis of the model that will be provided to CMS and its evaluation and monitoring contractors. The application must include detailed information on the self-monitoring plan. Careful monitoring and reporting of the effect of the model on the quality of care received as well as health care outcomes and costs are expected. Awardees also will be required to monitor patient satisfaction with their care experience by using validated tools that measure the patient experience of care. Monitoring reports must be provided to CMS quarterly and they must include information on the use of cooperative agreement funding and an assessment of model implementation, lessons learned, patient experience, quality improvements, clinical outcomes, and estimates of cost savings. Note that awardees will also be required to cooperate fully with the monitoring and evaluation contractors in reporting data that they require for the model evaluations.

CMS plans to conduct rigorous evaluation of each of these models through a separate evaluation contract. This work will entail establishing treatment and control or comparison groups and measuring the model effects on costs and

outcomes. Applicants will be expected to facilitate evaluation contractor work in these areas by providing all necessary information and access required for the evaluation. Awardees may be required to report information in standard format and measure and report outcomes in a standardized way, if requested by the evaluation contractor.

Awardees will be measured and monitored on their ability to execute their proposed operational work plan submitted as part of their application. Key components of this monitoring will include, but are not limited to:

- Meeting proposed milestones and deliverables;
- Producing timely and accurate reports with clear progress on quality and cost performance as described above; and
- Building and/or enhancing required infrastructure.

Award recipients will be required to report their actual performance on cost and quality outcomes and operational performance, and CMS will regularly monitor the results. Awardees will be required to provide, or cooperate in providing, as applicable, the necessary data elements to CMS.

In addition to this self-monitoring and self-evaluation, CMS will also collect from awardees a standard minimum set of performance indicators through CMS monitoring and evaluation contractors. CMS will contract with independent entities to assist in monitoring the models and to conduct an independent evaluation.

For specific details on monitoring, reporting, and evaluation requirements for Round Two of the HCIA, see the Funding Opportunity Announcement at <https://www.grantsolutions.gov/gs/preaward/previewPublicAnnouncement.do?id=17996>. No cash reports are required. CMS plans to collect data elements to be part of monitoring for all of the different models, and these monitoring and surveillance elements will feed into the evaluation. All awardees will be required to cooperate in providing the necessary data elements to CMS or a CMS contractor.

Data for monitoring will include process, safety, and performance measures. It will include, but will not be limited to, data on the background characteristics of the target population and target area, data characterizing the activities of the model, and a battery of follow-up data describing relevant characteristics of the target population or target area and metrics at selected intervals after commencement of the model. This will include detailed information on model participant (i.e., beneficiaries participating in the model) characteristics and outcomes reported in a standard format. Data for monitoring will be collected from awardees and/or CMS claims data sources. The monitoring aspect of this initiative will balance the examination of the extent to which awardees demonstrate fidelity to their proposed models of care and the potential need to make mid-course corrections that improve the models of care based on feedback from the monitoring and evaluation findings. Moreover, the evaluation will assess whether there are unintended consequences as a result of the model. Each proposed model in this portfolio is expected to submit a Financial Plan and supplemental narrative and schedules that provide an explanation of how it expects to meaningfully reduce medical cost trend for their identified population. The Financial Plan requires awardees to provide the following:

- Uses of Funds: Awardees should enter proposed use of funds in the Financial Plan template. These funds must match Form SF 424A. Applicants should provide yearly line-item projections on how awarded funds will be allocated. The total use of funds will sum to the requested award.

Savings:

- o Data under Current Census should describe services currently provided to program participants. Applicants are requested to provide data on the number of participants in applicant programs, the current baseline Per Beneficiary Per Year (PBPY) Total Cost of Care for Participants touched by programs, and the proposed percent cost reduction the award funding will facilitate in those costs.

- o Data under Proposed Expansion should describe the impact on the proposed expansion population that award funding will facilitate. Applicants are requested to provide data on the number of participants targeted, the baseline PBPY Total Cost of Care for participants in targeted expansion area, and the proposed percent cost reduction the award funding will facilitate.

Applicants are required to provide supplemental narrative and supporting

schedules with detailed information on the specific intervention expected to reduce cost and the estimated reduction in expenditures by funding source resulting from said intervention by service type and by funding source, including estimates for the number of affected individuals. Applicants should provide backup documentation, e.g., research studies, evidence of reduced cost from existing intervention, et cetera, as available. Applicants are encouraged to provide clear, detailed reports to facilitate objective, data-driven reviews. CMS plans to collect data elements to be part of monitoring for all of the different models, and these monitoring and surveillance elements will feed into the evaluation. All awardees will be required to cooperate in providing the necessary data elements to CMS or a CMS contractor. Data for monitoring will include process, safety and performance measures. It will include, but will not be limited to, data on the background characteristics of the target population and target area, data characterizing the activities of the program, and a battery of follow-up data describing relevant characteristics of the target population or target area and metrics at selected intervals after commencement of the program model. Data for monitoring will be collected both from awardees and or CMS claims data sources. The program monitoring aspect of this initiative will balance the examination of the extent to which awardees demonstrate fidelity to their proposed models of care and the potential need to make mid-course corrections that improve the models of care based on feedback from the monitoring and evaluation findings. Moreover, the evaluation will assess whether there is evidence of harm or unintended consequences as a result of the intervention.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Range and Average of Financial Assistance:

In Round Two of the Health Care Innovation Awards, the Innovation Center expects to make up to \$900 million in funding available to support a diverse portfolio of new and innovative payment and service delivery models that will reduce the cost of health care and improve its quality in Medicare, Medicaid, and/or CHIP. CMS intends to fund the best qualified applications within the scope of available funds. CMS estimates that there will be approximately 100 awards, with a range of approximately \$1 million to \$30 million per award; however CMS is not obligated to fund a minimum number of applicants, or to distribute a minimum amount of funds available for the second round of Health Care Innovation Awards.

Cooperative agreements will be awarded with consideration to the criteria listed above under Award Procedure (093). Awardees might not receive the award amount requested and might be asked to adjust the service delivery model, payment model, work plan, budget, or other application deliverable. For specific details, see the Funding Opportunity Announcement at <https://www.grantsolutions.gov/gs/preaward/previewPublicAnnouncement.do?id=17996>.

In Round One, the Innovation Center made 107 awards ranging from approximately \$1 million to \$26.5 million for a three-year period. Cooperative agreements were awarded with consideration to: (1) available funding; (2) geographic diversity; and (3) the quality of each application and the ability to meet the goals of the project. 93.611 STRONG START FOR MOTHERS AND NEWBORNS

FEDERAL AGENCY:

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

The Patient Protection and Affordable Care Act, Public Law 111-148, Section 3021, Innovation Center Authority.

OBJECTIVES:

The Centers for Medicare and Medicaid Services (CMS), Center for Medicare and Medicaid Innovation (Innovation Center), is interested in testing new care and payment models that have the potential to improve perinatal outcomes for women enrolled in Medicaid or CHIP who are at high-risk for adverse pregnancy outcomes.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Cooperative agreement awards made to successful applicants will be provided to augment and coordinate with pre-existing State-provided prenatal care services and benefits to test whether more comprehensive prenatal care services, as are to be enabled in these awards, lead to better birth outcomes for high risk women and infants, per inclusion in a rigorous evaluation study framework and program improvement initiative. States may not use funds as the State's share of the Medicaid program costs or as supplemental Disproportionate Share Hospital (DSH) payments. This funding may not be duplicative of other Federal funding opportunities for information technology capacity building such as assistance provided through Medicaid, ARRA, HITECH, ONC or other CMS initiatives. The intent of this proposal is to complement, not supplant any of these or other Federal programs. States may not use funds as the State's share of the Medicaid program costs or as supplemental Disproportionate Share Hospital (DSH) payments. This funding may not be duplicative of other Federal funding opportunities for information technology capacity building such as assistance provided through Medicaid, ARRA, HITECH, ONC or other CMS initiatives. The intent of this proposal is to complement, not supplant any of these or other Federal programs.

Applicant Eligibility:

The target applicants for this solicitation are providers (e.g., specific service providers, clinician groups and/or hospitals); States applying in partnership with providers; managed care organizations (MCOs) applying in partnership with providers; and conveners applying in partnership with providers. All applicants

not directly providing prenatal care services (i.e. States, MCOs, and conveners) are expected to partner with providers of obstetrical care services and proposed enhanced prenatal care services. Included within the definition of State, for the purposes of this FOA are the District of Columbia and the 5 U.S. Territories: American Samoa, Guam, Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands. Faith-based organizations, Community-based organizations, and Tribal organizations are also eligible to apply.

States, managed care organizations, and conveners must include letters of agreement from their provider partners who will be carrying out the intervention as described in the proposal. Partnerships with public health organizations are encouraged, as are multi-state collaborations.

Beneficiary Eligibility:

Women enrolled in Medicaid and/or CHIP.

Credentials/Documentation:

Not Applicable. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The standard application form SF-424 and related forms must be used for this program. Applicants should review the application and submission information in the Funding Opportunity Announcement (FOA) for specific instructions on applying for this cooperative agreement program.

Award Procedure:

CMS will make a decision for each application received. Each applicant will receive written notification of CMS' decision. Applicants approved for an award must submit a letter of acceptance to CMS within 30 days of the date of the award, agreeing to the terms and conditions of the award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

Not Applicable.

Renewals:

Cooperative agreements include three years of service delivery and an additional year for data reporting requirements on births of intervention infants. The awardee must annually submit a formal request for continuation accompanied by a progress report which will be evaluated prior to a recommendation of continuation. Upon notification of the award, awardees will receive initial funding for the first year or 12-months of their program, to be used for implementation of the proposed intervention. Non-competing continuation awards will be awarded for each additional year of the award, contingent upon availability of funding, awardee performance, and demonstrated progress toward the goal of reducing premature births.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Cooperative agreements are generally funded on a 12-month basis, with support beyond the first year contingent upon acceptable evidence of satisfactory progress, continuing program relevance, and availability of funds. See the following for information on how assistance is awarded/released: Successful applicants will receive a Notice of Award. Unsuccessful applicants will be notified by letter. Applicants should review the award administration information in the funding opportunity announcement issued under this CFDA

program for more information. See the following for information on how assistance is awarded/released: Successful applicants will receive a Notice of Award. Unsuccessful applicants will be notified by letter. Applicants should review the award administration information in the funding opportunity announcement issued under this CFDA program for more information.

Reports:

Applicants should review the individual funding opportunity announcement for information on programmatic and evaluation reporting requirements. Submit a quarterly electronic Federal Financial Report (FFR) via the Payment Management System. The quarterly report identifies cash transactions against the authorized funds for the cooperative agreement. The FFR Cash Transaction Reports must be filed within 30 days of the end of each quarter. Failure to submit the report may result in the inability to access cooperative agreement funds. Go to - www.dpm.psc.gov for additional information. The final FFR, including both cash transactions and expenditures, must be submitted and received within 90 days of the end of the project period. Applicants should review the individual funding opportunity announcement for information on programmatic and evaluation reporting requirements. 93.612 NATIVE AMERICAN PROGRAMS

Social and Economic Development Strategies (SEDS)

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Native American Programs Act of 1974 (NAPA), as amended, Title VIII, Section 803(a), Public Law 102-375, 42 U.S.C 2991b and b-3.

OBJECTIVES:

The purpose of the Social and Economic Development Strategies (SEDS) program is to promote economic and social self-sufficiency for American Indians, Alaska Natives, Native Hawaiians, and Native American Pacific Islanders from American Samoa, Guam, and the Commonwealth of the Northern Mariana Islands. The SEDS program supports the principle that social and economic development are interrelated and essential for the development of thriving Native communities. The Administration for Native Americans (ANA) is interested in supporting community-driven projects designed to grow local economies, increase the capacity of tribal governments, strengthen families, preserve Native cultures, and increase self-sufficiency and community well-being. ANA may use the SEDS program for special initiatives to meet emerging needs in Native communities. ANA funding is meant for projects that identify direct, measurable outcomes which will be achieved within the proposed project period.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grant funding may be used for such purposes as: (1) Social Development-Projects that develop and implement culturally appropriate strategies to meet the social service needs of Native Americans, foster the well-being of Native youth, promote family preservation and responsible parenting, and reconnecting with traditional healing; (2) Economic Development-Projects that promote the creation of a sustainable local economy; (3) Governance- which is defined as increasing the ability of tribal and Alaska Native village governments to exercise local control and decision-making, and to develop and enforce laws, regulations, codes, and policies that reflect and promote the interests of community members. Costs of organized fund raising, including financial campaigns, endowment drives, solicitation of gifts and bequests, and similar expenses incurred solely to raise capital or obtain contributions, are considered unallowable costs. Funding cannot be used for the following purpose or activities: purchase of real property; costs of organized fundraising, reimbursement of pre-award costs, and activities that qualify as

major renovations and alterations. Further details regarding ineligible applicants and activities can be found in the ANA regulations at 45 CFR 1336.33. In addition, activities in support of any foreseeable litigation against the United States Government are unallowable per 45 CFR Part 75.

Applicant Eligibility:

Federally-recognized Indian Tribes, as recognized by the Bureau of Indian Affairs;
Incorporated non-federally recognized Tribes;
Incorporated state-recognized Indian Tribes;
Consortia of Indian Tribes;
Incorporated nonprofit multi-purpose community-based Indian organizations;
Urban Indian Centers;
Alaska Native villages as defined in the Alaska Native Claims Settlement Act (ANSCA) and/or nonprofit village consortia;
Nonprofit native organizations in Alaska with village specific projects;
Incorporated non-profit Alaska Native multi-purpose, community-based organizations;
Non-profit Alaska Native Regional Corporations/Associations in Alaska with village-specific projects;
Non-profit Alaska Native community entities or tribal governing bodies (Indian Reorganization Act or Traditional Councils) as recognized by the Bureau of Indian Affairs;
Public and nonprofit private agencies serving Native Hawaiians;
National or regional incorporated nonprofit Native American organizations with Native American community-specific objectives;
Public and nonprofit private agencies serving native peoples from Guam, American Samoa, or the Commonwealth of the Northern Mariana Islands;
Tribal Colleges and Universities, and colleges and universities located in Hawaii, Guam, American Samoa, or the Commonwealth of the Northern Mariana Islands which serve Native American Pacific Islanders.

Beneficiary Eligibility:

American Indians, Alaska Natives, Native Hawaiians, and Native American Pacific Islanders will benefit.

Credentials/Documentation:

Non-profit organizations must submit proof of non-profit status. For applicants that are not Tribes or Native Alaska villages, organizations applying for funding must show that a majority of board members are representative of a Native American community to be served. Applicants must submit documentation that identifies each board member by name and indicates his/her affiliation or relationship to at least one of ANAs four categories of community representation, which include: (1) members of federally or state-recognized tribes; (2) persons eligible to be a participant in, or beneficiary of, the project to be funded; (3) persons who are recognized by members of the eligible Native American community to be served as having a cultural relationship with that community; or (4) persons considered to be Native American as defined in 45 CFR 1336.10 and Native American Pacific Islanders as defined in Section 815 of the Native American Programs Act. Applicants that do not include this documentation will be considered non-responsive, and the application will not be considered for competition. 45 CFR Part 75, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. 45 CFR Part 75, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. ACF requires electronic submission of applications at www.Grants.gov. Paper applications received from applicants that have not been approved for an exemption from required electronic submission will be disqualified from competitive review. Applicants that do not have an Internet connection or sufficient computing capacity to upload large documents to the Internet may contact ACF for an exemption that will allow the applicant to submit applications in paper format.

See FOA for detailed information. For applicants that have received a waiver, Standard Forms, assurances, and certifications are available at the ACF Funding Opportunities Forms webpage at <http://www.acf.hhs.gov/grants-forms>.

Award Procedure:

All funds are awarded directly to the grantees.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 120 to 180 days. Applicants will receive notice of approval/disapproval approximately 120 days after receipt of application.

Appeals:

Appeals are only available on upon a finding of ineligibility for funding and are subject to ANA regulations at 45 CFR 1336.35 and HHS regulations in 45 CFR Part 75.

Renewals:

Other - Not Specified.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Percent: 20%. The 20% match is required unless waived in accordance with criteria published in 45 CFR 1336.50.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Grantees may apply for non-competitive continuation support within a project period of 1 to 3 years. See the following for information on how assistance is awarded/released: Notice of Grant Award (NGA) document-Annually.

Reports:

Program reports are not applicable. Cash reports are not applicable. ANA grantees are required to report project progress semi-annually using the Objective Progress Report (OPR) (OMB No. 0970-0452, expiration date 06/30/2018) and the SF-425 on a semi-annual basis which are submitted electronically. The SF-425 is also required to be submitted annually and at the end of the project period. Grantees will be required to submit an Annual Data Report (ADR) (OMB No. 0970-0475, expiration date 03/31/2019) to report project data once a year and at the end of the project period. ANA reviews grantee semiannual and annual reports to determine whether the grantee is meeting its project goal and objectives and completing activities identified in the Objective Work Plan (OWP) as well as to evaluate project effectiveness. If progress concerns are identified, ANA may require quarterly reports. In addition, ANA is required to describe and measure the impact of funded projects, their effectiveness in achieving stated goals, their impact on related programs, and when feasible, to obtain the views of persons participating in and served by funded projects. ANA carries out this requirement through review of grantee submitted reports and through the use of structured on-site interviews using a data collection tool (OMB No. 0970-0379, expiration date 07/31/2019).

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Audits are conducted in accordance with the requirements in 45 CFR Part 75 Subpart F.

Records:

Financial records, supporting documents and all other related records pertinent to ANA grants must be maintained for a period of 3 years. If an audit is not completed by the end of the 3-year period, or if audit findings have not been resolved, records shall be retained until resolution of the audit findings.

93.615 MATERNAL, INFANT, AND EARLY CHILDHOOD HOME VISITING RESEARCH PROGRAMS

Home Visiting Research Programs; MIECHV TA

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title V, 511(c)(4), (d)(1)(B)(iii), and (h)(3), (42 U.S.C. 711(c)(4), (d)(1)(B)(iii), and (h)(3)).

OBJECTIVES:

The Maternal, Infant, and Early Childhood Home Visiting (MIECHV) Research Programs are designed to: increase knowledge about the implementation and effectiveness of voluntary home visiting programs, using random assignment designs to the maximum extent feasible. Research relating to maternal, infant, and early childhood home visiting services will be conducted to advancing knowledge about the implementation and effectiveness of home visiting programs designed to improve life outcomes among mothers, infants, young children, and families who reside in at risk communities. Research and evaluation activities include consultation with independent researchers, State officials, and developers and providers of home visiting programs on topics such as research design and administrative data matching. The Home Visiting Research Programs include the Home Visiting Research Network.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:

Home Visiting Research (Project Grants): Assistance can potentially be used to conduct applied research relating to maternal, infant, and early childhood home visiting services which show promise of advancing knowledge about the implementation and effectiveness of home visiting programs designed to improve life outcomes among mothers, infants, young children, and families who reside in at risk communities. Research and evaluation activities include consultation with independent researchers, State officials, and developers and providers of home visiting programs on topics including research design and administrative data matching. Funds are to be used for research and evaluation activities.

Home Visiting Research Network (Cooperative Agreement): Assistance can be used to:

Support a network of home visiting researchers, practitioners, and other key stakeholder to lead collaborative efforts designed to improve the implementation and effectiveness of maternal, infant, and early childhood home visiting programs through: (a) research on the components of effective interventions, and (b) research targeted to improving the delivery of home visiting services; these partners will utilize the national research agenda to actively guide the Network's implementation of research studies through both MCHB and external funding sources;

Advance the methods of studying the implementation and effectiveness of home visiting programs;

Develop approaches to data sharing that will expedite the translation of research results into knowledge, products, and procedures;

Disseminate critical information and foster continued education activities on its research findings to inform researchers, professionals, policy makers, other stakeholders in the home visiting field, and the public;

Provide a research environment that is supportive of advancing home visiting research through: facilitating mentoring relationships between faculty members and emerging researchers; and encouraging active communication, networking, and collaboration among researchers. 2. Restrictions: Not more than 10 percent may be used for administering the award.

Applicant Eligibility:

As cited in 42 CFR Part 51a.3(b), only public or nonprofit institutions of higher learning and public or private nonprofit agencies engaged in research or in programs relating to maternal and child health and/or services for children with special health care needs may apply for grants, contracts or cooperative agreements for research in maternal and child health services or in services for children with special health care needs. Entities directly involved in the operation of home visiting programs are not eligible to apply.

Beneficiary Eligibility:

Funded research should benefit MIECHV awardees by increasing knowledge about the implementation and effectiveness of home visiting programs.

Credentials/Documentation:

Applicants should review the individual HRSA notice of funding opportunity issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. HRSA requires all applicants to apply electronically through Grants.gov.

Award Procedure:

All qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions. Notification is made in writing by an electronic Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 120 to 180 days. Contact the Headquarters or Regional Office as appropriate for application deadlines or view the specific notice of funding opportunity.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

This program has no matching requirements.

This program has MOE requirements, see funding agency for further details. Maintenance of Effort:

Per Social Security Act, Title V, 511(f), Funds provided to an eligible entity shall supplement, and not supplant, funds from other sources for early childhood home visitation programs or initiatives.

Length and Time Phasing of Assistance:

Approved projects are awarded a project period of up to three years pending satisfactory awardee performance, the availability of appropriated funds, and a decision that continued funding is in the best interest of the Federal Government. See the following for information on how assistance is awarded/released: Recipient drawdown funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

Reports:

Program reports are not applicable. Refer to "progress reports" information below. The awardee will be required to submit performance and progress reports as well as status-federal financial reports (see the program announcement and notice of award for details for each required report). The awardee must submit a quarterly electronic Federal Financial Report (FFR) Cash Transaction Report via the Payment Management System within 30 days of the end of each calendar quarter. A Federal Financial Report (SF-425) according to the following schedule:
<http://www.hrsa.gov/grants/manage/technicalassistance/federalfinancialreport/ffrschedule.pdf>. A final report is due within 90 days after the project period ends. If applicable, the awardee must submit a Tangible Personal Property Report (SF-428) and any related forms within 90 days after the project period ends. New awards (Type 1) issued under this notice of funding opportunity are subject to the reporting requirements of the Federal Funding Accountability and Transparency Act (FFATA) of 2006 (Pub. L. 109282), as amended by section 6202 of Public Law 110252, and implemented by 2 CFR Part 170. Grant and cooperative agreement recipients must report information for each first-tier subaward of \$25,000 or more in federal funds and executive total compensation

for the recipients and subrecipients five most highly compensated executives as outlined in Appendix A to 2 CFR Part 170 (FFATA details are available online at <http://www.hrsa.gov/grants/ffata.html>). Competing continuation awardees, etc. may be subject to this requirement and will be so notified in the Notice of Award. Expenditure reports are not applicable. Refer to "progress reports" information above.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Awardees are required to maintain grant accounting records 3 years after the date they submit the Federal Financial Report (FFR). If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

Once educated, the information may be used to inform others of the availability of accessible voting equipment and its use.

TYPES OF ASSISTANCE:

Formula Grants; Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

To assist Protection and Advocacy Systems to ensure full participation in the electoral process of individuals with a full-range of disabilities. Grant funds are only available for five years after the appropriation year, as required by 31 U.S.C. Section 1552.

Applicant Eligibility:

States and Territories who have a Protection and Advocacy System in place in accordance with the Developmental Disabilities Assistance and Bill of Rights Act of 2000 with the exception of the Commonwealth of the Northern Mariana Islands and Native Americans.

Beneficiary Eligibility:

Individuals with a full-range of disabilities.

Credentials/Documentation:

Cost will be determined in accordance with 45 CFR Part 75. OMB Circular No. A-87 applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in

applying for assistance, if the State has selected the program for review.

Application Procedures:

93.621 AFFORDABLE CARE ACT INITIATIVE TO REDUCE AVOIDABLE HOSPITALIZATIONS AMONG NURSING FACILITY RESIDENTS

Nursing Facility Initiative

FEDERAL AGENCY:

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

Affordable Care Act, Public Law 111-148, section 3021.

OBJECTIVES:

Under this Initiative, the Centers for Medicare & Medicaid Services (CMS) selected eligible organizations to test a series of evidence-based clinical interventions. Eligible organizations will partner with long-term care (LTC) facilities and practitioners to implement and test a new payment model with the goal of improving the health and health care among LTC facility residents and ultimately reducing avoidable hospital admissions. The goal of these interventions is to improve the health and health care among long-stay nursing facility residents and ultimately reduce avoidable inpatient hospital admissions. Successful applicants will implement the payment model along with interventions that will have the following objectives (consistent with Phase I):
Reduce the frequency of avoidable hospital admissions and readmissions;
Improve resident health outcomes;
Improve the process of transitioning between inpatient hospitals and nursing facilities; and
Reduce overall health care spending without restricting access to care or choice of providers.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Under the Cooperative Agreements, CMS funded enhanced care & coordination providers to implement an intervention that meets the objectives of the Initiative. All interventions must include the following activities:

Hire staff who shall maintain a physical presence at nursing facilities and who shall partner with nursing facility staff to implement preventive services and improve recognition, assessment, and management of conditions such as pneumonia, congestive heart failure, chronic obstructive pulmonary disease and asthma, urinary tract infections, dehydration, skin ulcers, falls, and other common causes of avoidable hospitalizations;

Work in cooperation with existing providers, including residents primary care providers, nursing facility staff, and families to implement best practices and improve the overall quality of nursing facility care, focusing on quality improvement activities that most directly relate to avoidable hospitalizations;

Facilitate residents transitions to and from inpatient hospitals and nursing facilities, including facilitating timely and complete exchange of health information among providers and providing support for residents and nursing facility staff to support successful discharge to the community as appropriate;

Provide support for improved communication and coordination among hospital staff (including attending physicians), nursing facility staff, residents primary care providers and other specialists, and pharmacies; and

Coordinate and improve management and monitoring of prescription drugs to reduce risk of polypharmacy and adverse drug events for residents, including inappropriate prescribing of psychotropic drugs.

All interventions must also:

Demonstrate a strong evidence base;

Demonstrate strong potential for replication and sustainability in other communities and institutions;

Supplement (rather than replace) existing care provided by nursing facility staff;

Coordinate closely with State Medicaid and State survey and certification agencies and State public health and health reform efforts, including other CMS demonstrations and waivers; and

Allow for participation by nursing facility residents without any need for residents or their families to change providers or enroll in a health plan. (Residents will be able to opt-out from participating, if they choose.)

The enhanced care & coordination providers must collaborate with State Medicaid and State survey and certification agencies and participating nursing facilities, with each enhanced care & coordination provider implementing its intervention in at least 15 Medicare- and Medicaid-certified nursing facilities in the same State. In addition to implementing the interventions and executing other activities outlined in the Initiative funding opportunity announcement, enhanced care & coordination providers must also participate in ongoing learning and diffusion activities and cooperate with operations support and evaluation efforts, including adapting models based on needed mid-course corrections. The following standard requirements apply to applications and awards under the Initiative funding opportunity announcement:

Specific administrative requirements, as outlined in 2 CFR Part 225 and 45 CFR Part 92 and OMB Circulars A-87, A-102, A-110, and A-133 apply to cooperative agreement awarded under this announcement.

All awardees under this project must comply with all applicable Federal statutes relating to nondiscrimination including, but not limited to:

- o Title VI of the Civil Rights Act of 1964,
- o Section 504 of the Rehabilitation Act of 1973,
- o The Age Discrimination Act of 1975,
- o Hill-Burton Community Service nondiscrimination provisions, and
- o Title II Subtitle A of the Americans with Disabilities Act of 1990.

All equipment, staff, other budgeted resources, and expenses must be used exclusively for the project identified in the awardees original cooperative agreement application or agreed upon subsequently with HHS, and may not be used for any prohibited uses.

Prohibited Uses of Cooperative Agreement Funds

To match any other Federal funds.

To provide services, equipment, or supports that are the legal responsibility

of another party under Federal or State law (e.g., vocational rehabilitation or education services) or under any civil rights laws. Such legal responsibilities include, but are not limited to, modifications of a workplace or other reasonable accommodations that are a specific obligation of the employer or other party.

To supplant existing State, local, or private funding of infrastructure or services, such as staff salaries, etc.

To be used by local entities to satisfy State matching requirements.

To pay for the use of specific components, devices, equipment, or personnel that are not integrated into the application.

To pay for construction or alteration and renovation of real property (A&R).

To pay for information technology (IT) equipment exceeding 10 percent of the total award. Any equipment, which includes IT, over \$5,000 must be approved by CMS.

To pay States for the use of any of their data made available for this Initiative.

Applicant Eligibility:

Applicants eligible to be enhanced care & coordination providers included, but were not limited to:

Organizations that provide care coordination, case management, or related services;

Medical care providers, such as physician practices;

Health plans (although this initiative will not be capitated managed care);

Public or not-for-profit organizations, such as Aging and Disability Resource Centers, Area Agencies on Aging, Behavioral Health Organizations, Centers for Independent Living, universities, or others;

Integrated delivery networks, if they will extend their networks to include unaffiliated nursing facilities.

Nursing facilities, entities controlled by nursing facilities, or entities for which the primary line of business is the delivery of nursing facility/skilled nursing facility services were excluded from serving as enhanced care & coordination providers under this cooperative agreement.

Legal Status: To be eligible, an organization must have been recognized as a single legal entity by the State where it is incorporated, and must have had a unique Tax Identification Number (TIN) designated to receive payment. The organization must have had a governing body capable of entering into a cooperative agreement with CMS on behalf of its members.

Beneficiary Eligibility:

The primary target population for the clinical interventions is fee-for-service Medicare-Medicaid enrollees in nursing facilities, but fee-for-service long-stay residents who are not yet Medicare-Medicaid enrollees will also benefit (i.e., Medicare beneficiaries not yet eligible for Medicaid, or Medicaid beneficiaries not yet eligible for Medicare but who represent similar opportunities for inpatient reductions).

Credentials/Documentation:

Six (6) organizations, which fulfilled these requirements (below), have already been selected for this Initiative. LTC facilities must execute a participation agreement with the ECCP prior to participating in the payment model. This agreement must also attest or state the LTC facilities commitment to meeting and maintaining the above criteria through the end of the Initiative (we note that a facilities ability to meet the demographic criteria of an average daily census of greater than 80 residents with greater than 40% of the total LTC facility census as long-stay Medicare enrollees in traditional FFS Medicare, may be outside of the facilities control and may fluctuate throughout the period of performance. CMS will address these fluctuations on a case by case basis). Executed agreements between LTC facilities and ECCPs for this phase of the Initiative may be submitted in lieu of a Letter of Intent (executed agreements preferred). For LTC facilities partnering with ECCPs for phase one of the Initiative, agreements for phase two should not supersede the existing agreements for phase one. Rather, these new agreements should supplement what has already been agreed upon. In addition to this documentation, the application is expected to address how the applicant will implement the cooperative agreement program, including how it will meet the clinical intervention requirements, and ultimately, meet the objectives of this Initiative. 2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

This program is excluded from coverage under E.O. 12372. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Not Applicable

Award Procedure:

Seven (6) organizations, which completed the review process as outlined below, have already been selected for this Initiative.

The review process included the following:

- (1) An independent, objective review of applications will be conducted. The CMS review panel will assess the application based on the review criteria outlined in section V.1 above to determine the merits of the application and the extent to which it furthers the purposes of the Initiative. The review panel comments and recommendations will be condensed into a summary statement that will assist CMS in making the final award decision. CMS will use the information to judge the likelihood that the project will be successfully implemented and will have tangible, beneficial outcomes.
- (2) A program integrity screening of the applicant, its affiliates, or any other relevant individuals or entities to determine if prior investigations, CMS administrative actions, or claims analysis indicate these entities present a high risk for fraud and abuse under the Initiative.
- (3) Applications determined to be ineligible, incomplete, and/or non-responsive based on the initial screening may be eliminated from further review. However, the CMS/OAGM/GMO, in his or her sole discretion, may continue the review process for an ineligible application if it is in the best interest of the government to meet the objectives of the program.

Deadlines:

Mar 21, 2016 to Oct 23, 2020: The period of performance is September 24, 2012 through September 23, 2016. Six (6) organizations, which fulfilled these requirements, have already been selected for this Initiative.

Potential applicants were required to submit a non-binding Notice of Intent to Apply by September 9, 2015. Eastern Standard Time in order to be eligible for a funding award. Applications were due by October 29, 2015, 5:00 p.m. Eastern Standard Time.

Range of Approval/Disapproval Time:

Cooperative agreement awards were made on September 24, 2012.

Appeals:

None.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

This program has no matching requirements. No. This program has no matching requirements.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

The project period of performance is 48-months and is expected to last from September 2012 to September 2016. No restriction is placed on the time permitted to spend the money awarded. See the following for information on how assistance is awarded/released: Awards were made through cooperative agreements.

Reports:

The six (6) award recipients must comply with the report requirements as outlined below:

Enhanced care & coordination providers will be funded based on their ability to execute their proposed work plan. The components of the work plan include, but are not limited to:

There will be a separate work plan for Group A and Group B. Each work plan

will identify key milestones, tasks, interdependencies, and the responsible parties for each, as well as a related timeline. Each work plan should contain, at a minimum, target dates for the following:

In consultation with CMS, finalizing a list of LTC facilities to target for recruitment for Group A (this list should be large enough to form an adequate pool of prospective LTC facilities from which to screen and propose a final list of Group A LTC facilities to CMS). Confirming a primary and secondary contact at each prospective participating LTC facility.

Educating the targeted list of LTC facilities on all aspects of the Initiative
Educating and finalizing the list of respective practitioners at each LTC facility for both groups (can be different target dates for each group).

Completion of the recruitment of prospective LTC facilities for Group A.
Completion of screening of practitioners to confirm eligibility to participate and for final submission to CMS (for both groups).

Completion of the screening and prioritization of the list of LTC facilities to propose and submit to CMS for Group A.

For both groups, assessing LTC facilities current status as compared to the readiness review requirements (can be different target dates for each group). This will be tracked using a Readiness Review Tracker (see Appendix D for sample template).

For both groups, completion of requirements in order to pass the readiness review.

For Group B, a plan to implement any changes to the clinical intervention necessary to address any challenges identified to date, improve performance and to better coordinate the clinical intervention with the introduction of facility and practitioner payments.

Obtaining executed agreements for participation from each partnering LTC facility.

Target dates proposed should align with the deliverables described in this FOA. However, ECCPs may choose to propose earlier dates (e.g., obtain primary and secondary contacts for LTC facilities prior to the submission of an application for this FOA). The work plan will be reviewed regularly, as frequently as bi-weekly, and updated and provided to CMS, as needed. CMS may also share it with the State Medicaid agency and State survey and certification agency. CMS will regularly monitor operations. Awardees will be required to cooperate in providing the necessary data elements to CMS. CMS will contract with independent entities to assist in monitoring the programs and to conduct an independent evaluation. The six (6) award recipients must comply with the report requirements as outlined below:

The enhanced care & coordination provider must submit a semi-annual electronic SF 425 via the Payment Management System. The report identifies cash expenditures against the authorized funds for the cooperative agreement. Failure to submit the report may result in the inability to access funds. The seven (7) six (6) award recipients must comply with the report requirements as outlined below:

Enhanced care & coordination providers will be measured and funded based on their ability to execute their proposed work plan. The components of the work plan include, but are not limited to:

Meeting proposed milestones and deliverables as outlined in the work plan and communications plan;

Satisfying all Enhanced Care & Coordination Provider Activities, including a) submitting quarterly progress reports as scheduled and providing complete and accurate information for all required data fields in those reports and b) submitting timely, complete, and accurate semi-annual funding reports that show efficient use of cooperative agreement funds;

Participating in ongoing learning and diffusion activities, including those offered through the CMS Learning Community; and

Cooperating with operations support and evaluation efforts, including adapting models based on needed midcourse corrections.

93.622 COORDINATING CENTER FOR INTERPROFESSIONAL EDUCATION AND COLLABORATIVE PRACTICE

Coordinating Center for Interprofessional Education and Collaborative Practice (CC-IPECP)

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Section 747(a) and Section 831 of the Public Health Service Act.

OBJECTIVES:

The purpose of the coordinating center for interprofessional education and collaborative practice (CC-IPECP) is to provide an infrastructure for leadership, expertise, and support to enhance the coordination and capacity building of IPECP among health professions across the U.S. particularly in medically underserved areas. Through innovative program coordination, scholarly activities, and analytic data collection, the coordinating center raises the visibility of high-quality, coordinated, team-based care that is informed by best practice models for interprofessional education. The CC-IPECP is a focal point in a growing national effort to foster IPECP among health professions.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds may be used for personnel costs, consultant costs, fringe benefits, travel, equipment, supplies, contractual, data collection activities, indirect costs and other expenses.

Restricted Uses: Indirect costs under training awards to organizations other than State, local or American Indian tribal governments will be budgeted and reimbursed at 8 percent of modified total direct costs rather than on the basis of a negotiated rate agreement, and are not subject to upward or downward adjustment. Funds under this announcement may not be used for the following purposes:

Student support including tuition, stipends, scholarships, fees, bonuses, student salaries and travel;

Subsidies or paid release time for project trainees/participants;

Payment of temporary personnel replacement costs for the time trainees/participants are away from usual worksite during involvement in project activities; and

Accreditation, credentialing, licensing, continuing education, and franchise fees and expenses; preadmission costs, student books and fees; promotional items and memorabilia; food and drinks; and animals laboratories.

Applicant Eligibility:

Eligible applicants for this cooperative agreement represent a consortia or a partnership of entities such as a health professions school and a healthcare facility (e.g., between multiple health professions education programs and at least one team-based practice setting as a central partner) identified in the Public Health Service Act, Sec. 747(a) and Sec. 831. Federally Recognized Indian Tribal Government and Native American Organizations may apply if they are otherwise eligible. Please refer to the Notice of Funding Opportunity for additional information.

Beneficiary Eligibility:

Please refer to the Notice of Funding Opportunity for additional information on beneficiary eligibility.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted with an application package. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact

information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. HRSA requires all applicants to apply electronically through Grants.gov.

All eligible, qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions. Notification is made in writing by a Notice of Award.

Award Procedure:

Notification of award is made in writing (electronic) by a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 120 - 180 days after receipt of applications.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching Requirements: Percent: 25%. Applicants must provide non-Federal matching funds of not less than twenty-five percent of the federal award to ensure an institutional commitment to the project funded under the grant. Such non-Federal funds may be provided directly by the applicant or through donations from public or private entities and may be in cash or in-kind, fairly evaluated, including plant, equipment, or services.

This program has MOE requirements, see funding agency for further details.

The recipient must agree to maintain non-federal funding for grant activities at a level which is not less than expenditures for such activities during the fiscal year prior to receiving the award.

Length and Time Phasing of Assistance:

This funding opportunity provides support for a 5-year project period. See the following for information on how assistance is awarded/released: Recipients drawdown funds, as necessary, from the Payment Management System (PMS), the centralized web based payment system for HHS awards.

Reports:

Both program and financial reports are required. The recipient will be required to submit annual performance and progress reports. A Federal Financial Report (SF-425) is required according to the schedule in HRSA's Application Guide. A final report is due within 90 days after the project period ends. If applicable, the recipient must submit a Tangible Personal Property Report (SF-428) and any related forms within 90 days after the project period ends. New awards (Type 1) issued under this notice of funding opportunity are subject to the reporting requirements of the Federal Funding Accountability and Transparency Act (FFATA) of 2006 (Pub. L. 109282), as amended by section 6202 of Public Law 110252, and implemented by 2 CFR Part 170. Grant and cooperative agreement recipients must report information for each first-tier subaward of \$25,000 or more in federal funds and executive total compensation for the recipients and subrecipients five most highly compensated executives as outlined in Appendix A to 2 CFR Part 170 (The FFATA details are available online at <http://www.hrsa.gov/grants/ffata.html>). Competing continuation recipients may be subject to this requirement and will be so notified in the Notice of Award. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that

year, except as noted in 2 CFR 200.503.

Records:

Recipients are required to maintain grant accounting records 3 years from the date they submit the FFR. If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

CRITERIA FOR SELECTING PROPOSALS:

Procedures for assessing the technical merit of grant applications have been instituted to provide for an objective review of applications and to assist the applicant in understanding the standards against which each application will be judged. Critical indicators have been developed for each review criterion to assist the applicant in presenting pertinent information related to that criterion and to provide the reviewer with a standard for evaluation. Competing applications are reviewed by non-Federal expert consultant(s) for technical merit recommendations. Applications will be reviewed and evaluated against the following criteria: (1) Purpose and Need; (2) Response to Program Purpose; (3) Impact; (4) Organizational Information, Resources and Capabilities; and (5) Support Requested. See the most recent Notice of Funding Opportunity for detailed selection criteria.

93.623 BASIC CENTER GRANT

Basic Center Program (BCP)

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Reconnecting Homeless Youth Act of 2008

Runaway and Homeless Youth Act, Title III, Part A, Section 311, Public Law 110-378, 42 U.S.C 5711(a)(1).

OBJECTIVES:

The purpose of Part A of the RHY Act (Runaway and Homeless Youth Grant Program) is to establish or strengthen locally controlled community-based programs that address the immediate needs of runaway and homeless youth and their families. Services must be delivered outside of the law enforcement, child welfare, mental health, and juvenile justice systems. The goals and objectives of the Basic Center Program are to: 1) alleviate problems of runaway and homeless youth; 2) reunite youth with their families, if deemed safe, and encourage the resolution of intra-family problems through counseling and other services; 3) strengthen family relationships and encourage stable living conditions for youth; and 4) help youth decide on constructive courses of action.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Each Basic Center Program is required to provide outreach to runaway and homeless youth; street-based services to youth victims of trafficking; temporary shelter for up to twenty one (21) days; food; clothing; individual, group and family counseling; aftercare and referrals, as appropriate. Basic Center Programs are required to provide their services in residential settings for no more than twenty (20) youth unless a state or local law or regulation requires a higher maximum to comply with licensure requirements for facilities serving child and youth. Some programs also provide part or all of their shelter services through host homes (usually private homes under contract to the centers), with counseling and referrals being provided from a central location. Basic Center Programs offer shelter to youth who are less than 18 years of age and who are at risk of separation from their family.

Applicant Eligibility:

States, localities, private entities, and coordinated networks of such entities are eligible to apply for a Basic Center Program grant unless they are part of the law enforcement structure or the juvenile justice system. Federally recognized Indian organizations are also eligible to apply for grants as private, non-profit agencies.

Beneficiary Eligibility:

Runaway and homeless youth and their families are the beneficiaries. Services can be provided to youth up to the age of 18.

Credentials/Documentation:

Nonprofit organizations must submit proof of nonprofit status. Applicable costs and administrative procedures will be determined in accordance with Part 75 of Title 45 of the Code of Federal Regulations. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Application for Federal Assistance, Standard Form 424 must be submitted. Specific instructions are published via the Internet under the Form section at the following website address: <http://www.acf.hhs.gov/grants>.

Award Procedure:

All applications are reviewed by panels of nonfederal experts which assigns scores according to the published evaluation criteria. The panels' scores are factored into the recommendations for funding. Scores and recommendations are reviewed by the Associate Commissioner of the Family and Youth Services Bureau, who makes recommendations to the ACYF Commissioner, who makes the final funding decisions.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

Not Applicable.

Renewals:

Awards are generally made for 3-year project periods; funding for the second and third year is dependent upon satisfactory performance and availability of funds.

Formula and Matching Requirements:

Statutory Formula: Public Law Reconnecting Homeless Youth Act. The statute contains a formula for allocation of funds by State. It is based on the population of each State under age 18 as a proportion of the current national population under age 18.

Matching Requirements: Percent: 10%. Federal share of grant is up to 90 percent. The nonfederal share may be in cash or in-kind contributions. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grants are awarded competitively for project periods of up to 3 years. See the following for information on how assistance is awarded/released: Method of awarding/releasing assistance: annually.

Reports:

No program reports are required. Reports are submitted quarterly using the SF-272 Federal Cash Transaction Report through the payment management system. Funded applicants are required to submit semi-annual program narrative reports, a final program narrative at the completion of the three-year funding cycle as well as Runaway and Homeless Youth Homeless Management Information System (RHY-HMIS) client service data reports. Funded applicants are required to submit semi-annual SF-425 financial reports as well as a final SF-425 financial report 90 days after the completion of the three-year funding cycle. Federal program specialists conduct on-site monitoring visits in concert with the information from RHY-HMIS to assess performance.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

All financial records are to be maintained 3 years after termination of the project or until an audit is completed, whichever occurs first.

Account Identification:

75-1536-0-1-506.

Obligations:

(Project Grants) FY 16 \$51,310,582; FY 17 est \$50,912,164; and FY 18 est \$51,401,960

Range and Average of Financial Assistance:

\$100,000 to \$200,000 per budget period. Average \$168,535.

TAFS Codes:

75-1536-506.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: A total of 296 grants were awarded, to include 98 for new programs and 198 grant awards to support existing programs. Fiscal Year 2017: It is anticipated that a total of 289 grants will be awarded, to include 107 for new start programs and 182 grant awards to support existing programs. Fiscal Year 2018: It is anticipated a total of 296 grants will be awarded with 97 being new awards and 199 awards to support existing programs.

EXAMPLES OF FUNDED PROJECTS:

Not Applicable.

CRITERIA FOR SELECTING PROPOSALS:

An assessment is made on the basis of the degree to which: (1) the likelihood that the proposal will provide necessary services including emergency shelter, counseling, and aftercare to runaway and other homeless youth and their families; (2) reasonableness of cost of these services; and (3) qualifications of staff. Applications will be evaluated based on the criteria published in the Funding Opportunity Announcement located on the following website address: <http://www.acf.hhs.gov/grants>.

93.624 ACA - STATE INNOVATION MODELS: FUNDING FOR MODEL DESIGN AND MODEL TESTING ASSISTANCE

State Innovation Models (SIM)

FEDERAL AGENCY:

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

Section 1115A of the Social Security Act (Added by Section 3021 of the Affordable Care Act).

OBJECTIVES:

The Center for Medicare and Medicaid Innovation (Innovation Center) announces the second round of funding for the State Innovation Models (SIM) program. SIM is based on the premise that state innovation with broad stakeholder input and engagement, including multi-payer models, will accelerate delivery system transformation to provide better care at lower costs. SIM is focused on public and private sector collaboration to transform the states delivery system. SIM provides financial and technical support to states to test the ability of state governments to use their regulatory and policy levers to accelerate health transformation. In Round 1, CMS partnered with 6 Model Test states to implement state-wide health transformation strategies and 19 Model Design states to develop and refine State Healthcare Innovation Plans to guide future implementation efforts.

Drawing on lessons from the funding opportunity released in Round 1, State Innovation Models: Funding for Model Design and Testing Assistance (CMS-1G1-12-001) (Round 1 FOA), Round 2 of SIM specifies additional parameters that CMS believes correlate with successful state-wide health transformation. These parameters are described in this Funding Announcement in the form of requirements for Round 2 applications. CMS will fund up to 12 Model Test states with approximately \$20-100 million grants per state, with funding based in part on the size of the state population and the scope of the

transformation proposal. Additionally, CMS will provide up to \$3 million per state for up to 15 Model Design cooperative agreements to design new State Health System Innovation Plans or enhance existing plans developed in Round 1. All Round 1 Model Design states must apply for Round 2 of SIM. The Round 1 FOA indicated that states receiving Round 1 Model Design awards must submit a Model Testing proposal for the Round 2 FOA. CMS is amending that requirement to submit a testing proposal in Round 2, so that a Model Design state may either apply for a Model Test award or may apply for a second Model Design award in order to enhance their State Health System Innovation Plan for future testing.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Illustrative List of Allowable Model Test Costs

Allowable costs associated with state Model Test work could include:

Technical resources necessary to implement new models
 Model performance data collection, analysis, reporting cost
 Data center costs, and system information processing associated with the Model Test
 Provider costs for data collection
 Coordination with Innovation Center rapid cycle evaluation, and costs for collecting and preparing data for Innovation Center evaluator and/or state evaluator
 Staff resources associated with model management and project management, including travel to SIM workshops and conferences
 Simulation and modeling cost
 Provider and beneficiary data management system cost
 Costs of certified EHR technology/applications to support the states health transformation plan for providers ineligible for the Medicare/Medicaid EHR Incentive Programs.
 Health information exchange costs associated with the model
 Infrastructure costs to build or expand telemedicine system
 Model beneficiary assignment or reconciliation cost
 Web and internet collaborative learning and communication cost
 Project management and reporting cost
 Business operation associated with the model
 Model contract management and administration
 Building a statewide allpayer database
 Impact model evaluation data collection, reporting, beneficiary and provider survey data, and other costs associated with final model evaluation

Other activities necessary to implement the overall State Health System Innovation Plan that will further the testing of payment and service delivery models and improve outcomes for Medicare, Medicaid and CHIP beneficiaries.

Allowable costs associated with state Model Design work could include:

State staff costs to engage in model design
 Staff participation and travel to relevant learning collaboratives and workshops and other relevant learning and diffusion opportunities
 Investments in State data collection and analysis capacity and cost and utilization pattern analysis
 Consumer and provider engagement and focus group costs
 Actuarial modeling
 Performance measure development and evidence-based improvement research
 Business process analysis and requirement system analysis
 Policy, legal, and regulatory research to address legislative and legal frameworks for models
 Planning and convening for creating a statewide allpayer data-base
 Planning work relating to public health programs including the states Healthy People 2020 plan, and meeting goals for the National Quality Strategy and/or National Prevention Strategy
 Model Design costs, including:
 Model scope development
 Theory of action development

Target population research
 Setting performance targets
 Financial analysis and analysis of health care trend impacts
 Budget planning
 Travel to SIM workshop and conferences

The following are areas that are out of scope and were not be considered under the state Innovation Models initiative:

- a. Medicare eligibility changes;
- b. Coverage or benefits reductions in Medicare or Medicaid or any changes that would have the effect of rationing care;
- c. Increases in premiums or cost sharing;
- d. Increases in net federal spending under the Medicare, Medicaid or CHIP programs;
- e. Medicaid FMAP formula changes;
- f. Changes to the EHR incentive program for eligible professionals and eligible hospitals;
- g. Changes in State Financial Alignment Models;
- h. Reductions in Medicare beneficiary choice of provider or health plan, or Medicaid choice of provider or health plan beyond those allowed today, or changes to maintenance of effort requirements;
- i. Changes to CMS sanctions, penalties, or official denial of participation currently in effect.

CMS will not fund proposals that duplicate models for populations that are already being funded and tested as part of any other CMS and/or HHS initiatives. For example, if the state receives a Strong Start for Mothers and Newborns cooperative agreement, SIM funding will only be used in a coordinated manner to complement and not to duplicate or supplant funding for Strong Start for Mothers and Newborns. SIM funding may not supplant existing federal or state funding. States may propose the use of SIM test funds to support additional costs associated with or created by testing a SIM model. States may not use SIM funds as state match under the Medicaid or CHIP programs nor use funds to substitute for currently funded Medicaid or CHIP services or administrative activities.

Indirect Costs

If requesting indirect costs, an Indirect Cost Rate Agreement will be required. For this Cooperative Agreement funding opportunity indirect costs are limited to 10%.

The provisions of 2 CFR Part 225 (previously OMB Circular A-87) govern reimbursement of indirect costs under this solicitation. A copy of these cost principles is available online at:
http://www.ecfr.gov/cgi-bin/text-idx?c=ecfr&tpl=/ecfrbrowse/Title02/2cfr225_main_02.tpl.

Direct Services

Cooperative Agreement funds may not be used to provide individuals with services that are already funded through Medicare, Medicaid, and/or CHIP Reimbursement of Pre-Award Costs

No cooperative agreement funds awarded under this solicitation may be used to reimburse pre-award costs.

Prohibited Uses of Cooperative Agreement Funds

To match any other Federal funds.

To provide services, equipment, or support that are the legal responsibility of another party under Federal or state law (e.g., vocational rehabilitation, criminal justice, or foster care) or under any civil rights laws. Such legal responsibilities include, but are not limited to, modifications of a workplace or other reasonable accommodations that are a specific obligation of the employer or other party.

To supplant existing Federal state, local, or private funding of infrastructure or services.

To be used by local entities to satisfy state matching requirements.

To pay for the use of specific components, devices, equipment, or personnel that are not integrated into the entire service delivery and payment model proposal.

To lobby or advocate for changes in Federal and/or state law. CMS will not fund proposals that duplicate models for populations that are already being funded and tested as part of CMS or HHS initiatives. For example, if the state receives a Strong Start for Mothers and Newborns cooperative agreement, SIM funding will only be used in a coordinated manner and not to supplant funding for Strong Start for Mothers and Newborns. States may propose the use of SIM

testing funds to support additional costs associated with or created by testing a SIM model.

To pay for the use of specific components, devices, equipment, or personnel that are not integrated into the entire service delivery and payment model proposal.

To lobby or advocate for changes in Federal and/or state law.

Applicant Eligibility:

CMS invites the 50 state Governors Offices, United States Territories Governors Offices (American Samoa, Guam, Northern Mariana Islands, Puerto Rico, and the Virgin Islands), and the Mayors Office of the District of Columbia to apply.

Only one application from a Governor per state is permitted for either a Model Design or a Model Test award (assuming the state applied and was not selected for funding under the first round of Model Test awards).

A state cannot receive multiple Round 2 Model Design or Model Test awards.

A state cannot receive both a Round 2 Model Design award and a Round 2 Model Test award.

Each application must include a letter from the Governor (or the Mayor, if from the District of Columbia) officially endorsing the application for a Model Design award or for a Model Test award.

States currently engaged in a Model Test award with CMS are NOT eligible to apply for funding under Round 2.

A state may propose that an outside organization focused on quality and state delivery system transformation, such as a non-profit affiliated with the State Department of Health or a public-private partnership supported by the Governors Office, receive and administer funds through a Model Design or Model Test award. The Governors Office must submit such requests in writing to CMS with its Letter of Intent and include a justification for the request and an attestation that the state will actively participate in all activities described in its proposal. Approval of such requests will be at the sole discretion of CMS. Only one such request supported by the Governor will be allowed per state. A state pursuing this approach will still be expected to address all of the required areas described in this FOA.

Eligibility Threshold Criteria:

All applicants must have submitted a required letter of intent to the programmatic point of contact in Section VI, Agency Contacts by June 6, 2014. If a letter of intent has not been submitted by the required due date, any subsequent application submitted by the entity will be ineligible. See Section IV.2.A, Letter of Intent to Apply, for more information.

Application deadline: Applications not received by the application deadline (TBD) through www.grants.gov will not be reviewed.

Application requirements: Applications will be considered for funding only if the application meets the requirements outlined in Section III, Eligibility Information and Section IV, Application and Submission Information.

Page limits: Model Test applications shall not be more than 55 pages in length. Model Design applications shall not be more than 27 pages in length. Both types of applications must be limited to the page maximums, sequence of sections, and section content specified in Section IV.2 Content and Form of Application Submission, parts C & D.

In addition, applications should include attestations of support from key stakeholders. The letters of support will not be included in the page limits for applications. The letters should attest to stakeholders active engagement in the model and must contain specific information about how the stakeholders will contribute to the SIM process.

The standard forms, project abstract, Governors endorsement, and curriculum vitae are also not included in these page limits.

States are strongly encouraged to review the criteria information provided in Section V of the FOA, Application Review Information, to help ensure that the proposal adequately addresses all the criteria that will be used in evaluating applications and determining appropriate funding levels for each award.

Beneficiary Eligibility (082):

The emphasis is on targeting Medicare, Medicaid, and CHIP populations.

Proposals will describe the target populations, geographic areas, or communities that will be the focus of service delivery and payment model testing, the current quality and beneficiary experience outcomes including current health population status, and the specific improvement targets expected

from the model.

Beneficiary Eligibility:

The emphasis is on targeting Medicare, Medicaid, and CHIP populations.

Proposals will describe the target populations, geographic areas, or communities that will be the focus of service delivery and payment model testing, the current quality and beneficiary experience outcomes including current health population status, and the specific improvement targets expected from the model.

Credentials/Documentation:

Employer Identification Number: All applicants must have a valid Employer Identification Number (EIN) assigned by the Internal Revenue Service.

Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS number): All applicants must have a Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS) number in order to apply. The DUNS number is a nine-digit identification number that uniquely identifies business entities. Obtaining a DUNS number is free. To obtain a DUNS number, access the following website: www.dunandbradstreet.com or call 1-866-705-5711. See Section IV, Application and Submission Information, for more information on obtaining a DUNS number.

All applicants must register in the System for Award Management (SAM) database (formerly CCR) (<https://www.sam.gov/portal/public/SAM>) in order to be able to submit an application at <http://www.grants.gov>. The SAM process is a separate process from submitting an application. Applicants should begin the SAM registration process as soon as possible after the announcement is posted to ensure that it does not impair your ability to meet required submission deadlines. In order to register, applicants must provide their DUNS and EIN numbers. Additional information about SAM is available at <https://www.sam.gov/portal/public/SAM/>.

Applicants must successfully register with SAM prior to submitting an application or registering in the Federal Funding Accountability and Transparency Act Subaward Reporting System (FSRS) as a prime awardee user. Organizations must report executive compensation as part of the registration profile at <https://www.sam.gov/portal/public/SAM> by the end of the month following the month in which this award is made, and annually thereafter (based on the reporting requirements of the Federal Funding Accountability and Transparency Act (FFATA) of 2006 (Pub. L. 109-282), as amended by Section 6202 of Public Law 110-252 and implemented by 2 CFR Part 170)). Primary awardees must maintain a current registration with the SAM database, and may make subawards only to entities that have DUNS numbers. See Section VI, Award Administration Information, for more information on FFATA.

The Grants Management Specialist assigned to monitor the subaward and executive compensation reporting requirements is Iris Grady, who can be reached at divisionofgrantsmanagement@cms.hhs.gov. 2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. This Funding Announcement offers two separate funding opportunities: (1) Model Test awards and (2) Model Design awards.

Model Test: Proposal Requirements

The Innovation Center will award up to 12 Model Test awards to states through this Funding Announcement. Model Test awards will provide financial and technical support to implement fully developed proposals for successful state-wide transformation. Awards will range from \$20-100 million per state totaling \$700 million over a four-year period, based on the size of the states

population and the scope of the proposal. If a Model Test applicant is not selected for a Model Test award, CMS may select the state/entity for a Model Design award if (1) after all possible states/entities which applied for Model Design awards are selected and funding is still available to issue additional Model Design awards (not to exceed overall maximum of 15 Model Design awards); and (2) CMS determines the state/entity is not ready for a Model Test award and would benefit from Model Design funding. States currently engaged in a Model Test award with CMS will not be eligible to apply for funding in Round 2.

The selection criteria for the Round 2 Model Test application will be based on a states ability to successfully apply policy and regulatory levers over the award performance period to address three focus areas: (1) improving population health; (2) transforming health care delivery systems; and (3) decreasing per capita total health care spending. During the selection process, CMS will require additional discussions with applicants regarding their proposals. Selection for a Round 2 Model Test will not constitute nor guarantee approval of a request for a Medicaid State Plan Amendment (SPA) or a Medicaid 1115 Waiver. States seeking a Medicaid SPA or Medicaid 1115 waiver may do so under established processes.

In addition to an expert panel review, selected applicants for Model Test cooperative agreements will be required to present their Round 2 proposals. Selected applicants will be invited and strongly encouraged to present their proposal in person, or conversely can present virtually to a panel comprised of external experts as well as HHS leadership. The states presentation must be led by a cabinet-level health official, such as the Secretary of Health, and include providers and commercial payers who have committed to actively participate in the model. In the case of public-private partnership entities applying for a state innovation model test, senior leaders from the private and public sector, including senior leaders of the applicant entity, shall be present. All travel expenses incurred by applicants will not be reimbursed by CMS nor can they be reimbursed by any funding awarded under this FOA. In addition, if a state does not participate in the required presentation, it will not be eligible for funding.

Model Test applications must address the following required areas:

A. Model Test Project Narrative. The state must produce a detailed and fully developed proposal capable of creating state-wide health transformation for the preponderance of care within the state. For each individual element and/or program in the test proposal, the state must highlight how the element or program will (1) improve population health; (2) transform the health care delivery system; and/or (3) decrease per capita health care spending, drawing on a supporting evidence base.

B. While Round 2 provides states with significant flexibility to design contextually-specific plans for state-wide health transformation, each proposal must also include the following core elements:

(1) Plan for improving Population Health. The state must develop a state-wide plan to improve population health during the project period. The state will be offered the opportunity to obtain technical support from the Centers for Disease Control in developing the plans. The plans should include integration of population health strategies with public health officials and health care delivery systems for all populations. At a minimum, plans should address the core measures identified in the population health metrics document, namely: tobacco use and the incidence of obesity, and diabetes. (See Appendix 1.) In addition, states should consider integrating state strategies to address child wellness and prevention priorities, as applicable, including such factors as reducing childhood obesity, preventing early childhood dental caries, and addressing maternal depression to foster healthy child development.

(2) Health Care Delivery System Transformation Plan. CMS has identified the following characteristics to be closely associated with transformed health care delivery systems:

- a. Providers across the state and across the care continuum participate in integrated or virtually integrated delivery models;
- b. Over 80% of payments to providers from all payers are in fee-for-service

alternatives that link payment to value;

- c. Every resident of the state has a primary care provider who is accountable both for the quality and for the total cost of their health care;
- d. Care is coordinated across all providers and settings;
- e. There is a high-level of patient engagement and quantifiable results on patient experience;
- f. Providers leverage the use of health information technology to improve quality;
- g. There is an adequate health care workforce to meet state residents needs;
- h. Providers perform at the top of their license and board certification;
- i. Performance in quality and cost measures is consistently high;
- j. Population health measures are integrated into the delivery system; and
- k. Data is used to drive health system processes.

The state must describe in detail how it will engage providers in health care delivery system transformation across the state, working towards the goals described above.

CMS recognizes that individual state proposals will vary considerably. However, in reviewing the Health Care Delivery Transformation Plan, and the proposed cost and quality targets, CMS will consider state, regional, and national demographics, proposal parameters, alignment/overlap of existing CMS programs, and other factors that impact health.

One or more specific payment and/or service delivery models that include, but are not limited to, the states Medicaid population, state employee population, and/or commercial payers populations. The payment and/or service delivery models must identify the targeted populations, the number of beneficiaries served, the number of participating providers, and the services to be delivered. CMS encourages applicants to propose payment models that directly align with one or more existing Medicare programs, demonstrations, and/or models, such as accountable care organizations (ACOs), primary care medical homes, and bundled payment programs. Medicare participation is not guaranteed and will be assessed on a case-by-case basis after thorough review of the proposed model.

As SIM aims to reach a preponderance of a states population and Medicaid can serve as an important lever for driving health care delivery system transformation, the state should describe any Medicaid expansion activities and the percentage of the states population that is covered by Medicaid.

The state must commit to using multiple regulatory authorities to influence the structure and performance of the states health care system. Regulatory authorities whose uses are envisioned under SIM include, but are not limited to the following:

- a. Aligning certificate of need processes and criteria (if applicable) to reinforce accountable care and delivery system transformation or developing alternative approaches to certificate of need programs, such as community-based approaches that could include voluntary participation by all providers and payers;
- b. Developing regulatory approaches to improve the effectiveness, efficiency and appropriate mix of the health care work force, such as through professional licensure/accreditation of providers and/or expanding scope of practice statutes;
- c. Creating opportunities to align state regulations and requirements for health insurers with the broader goals of multi-payer delivery system and payment reform;
- d. Integrating value-based principles into health insurance exchange Qualified Health Plan (QHP) certification processes, state employee plans, or Medicaid managed care plans including through selective contracting with carriers to provide health care coverage plans that provide the most competitive combination of value, quality, and choice; and
- e. Requiring academic medical centers and professional schools to integrate transformation-based teachings into medical education programs.

f. This list is not intended to be exhaustive. States may propose alternative regulatory authorities that support delivery system transformation to satisfy this requirement in consultation with CMS.

CMS recognizes that health information technology and data analytics will be important to achieving optimal efficiency and improved outcomes in state-wide health care delivery. States may propose to use SIM funds for the implementation of specific technology, software, applications, or other analytical tools as part of state infrastructure development to support the Model Test as long as the state provides a clear strategy for how, if applicable, the technological approach will be financed in addition to SIM, how it will not supplant other funding sources, and how it will be sustained after the cooperative agreement period has ended. Proposals must document the current state of health information technology adoption and utilization in the state, including current EHR adoption levels, percentage of providers meeting Meaningful Use requirements in the EHR Incentive Programs, and use of technology to support HIE activities. The Model Test proposals must also provide detailed descriptions for health information technology plans in the following domains:

- a. Governance: Describe how state leadership will direct the planning and oversight of implementation; supply a comprehensive plan to implement infrastructure to support the Model Test that leverages existing assets and aligns with federally-funded programs and state enterprise IT systems; and explain how the governance structure will incorporate and expand existing public/private health information exchanges, including those operated by ACOs.
- b. Policy: Describe policy and regulatory levers that will be used to accelerate standards based health information technology adoption to improve care in the state Model Test; describe methods to improve transparency and encourage innovative uses of data; offer a plan for promotion of patient engagement and shared-decision making; and propose multi-payer strategies to enable and expand the use of health information technology.
- c. Infrastructure: Describe how the state will implement analytical tools and use data driven evidence based approach to coordinate and improve care across the state Model Test; offer plans to utilize telehealth and perform remote patient monitoring to increase access to care and the timeliness of care; articulate plans to use standards based health IT to enable electronic quality reporting; explain how public health IT systems (such as clinical registry systems) will be integrated; and describe how support of electronic data will drive quality improvement at the point of care.
- d. Technical Assistance: Define how the state will provide technical assistance to providers; identify targeted provider groups that will receive assistance and what services will be delivered; and identify how the state intends to extend resources to providers ineligible for Meaningful Use incentive payments, if applicable.

This list is not intended to be exhaustive. States may propose alternative approaches to data analytics and health information technology that support delivery system transformation. States will be offered the opportunity to obtain technical support from the Office of the National Coordinator for Health IT in developing the plans.

In addition to explaining the individual components of the test, the State must address its rationale for how the specified elements and/or programs, in combination, will achieve state-wide health transformation.

States may elect to focus on select areas of the state and/or to sequence elements or programs in the test geographically or temporally. The state should identify the tests geographic scope in this section and address any sequencing of individual elements and/or programs in its response to Section I.4.A.iv., Operational Plan, below.

The state must demonstrate how it will use its unique role as a stakeholder convener to accelerate state-wide health transformation. The state must (1) demonstrate that there are a significant number of key stakeholders representative of the entire state population engaged and actively committed to the implementation of the states Model Test proposal and (2) present a clear and pragmatic strategy for maintaining stakeholder commitment throughout implementation of the proposed test. Stakeholders must include health care providers/systems, commercial payers/purchasers, state hospital and medical associations, community-based and long term support providers, consumer

advocacy organizations, and, as applicable, tribal communities.

The state must submit attestations of support from each identified stakeholder as part of its application (template provided in Appendix 3). Notwithstanding the above, representatives from stakeholder organizations must be prepared to travel to CMS or participate in a virtual teleconference during the selection process to discuss their commitment to the states proposal.

The state must provide plans to develop a state-wide plan to align quality measures across all payers in the state. If the state and key stakeholders have not yet reached consensus on such a plan at the time of submission, the proposal must describe in detail any progress to date on quality measure alignment, including the successes and challenges faced, and must articulate a path for developing a realizable plan by the conclusion of the up to 12 month pre-implementation period. The plan should also demonstrate the payers commitment to reducing the administrative and/or non-clinical burden to providers in the state.

The state must provide quantifiable measures for regularly monitoring the impact of its proposed model, including the effectiveness of the policy and regulatory levers applied under the Model Test, on the three key outcomes of (1) strengthening population health; (2) transforming the health care delivery system; and (3) decreasing per capita health care spending. Measures should be selected with a focus on the particularized state health demographics and health needs the Model Test proposal aims to address. All quality and cost measures must use the states entire population in the denominator. Examples of measure domains that may apply include:

Population health: percentage of state residents using tobacco
Health care delivery system transformation: percentage of state residents attributed to a primary care doctor
Per capita cost spending: per capita Medicare inpatient costs

Final measures will be refined in conjunction with CMS during the up to 12 month pre-implementation period.

The state also will be responsible for monitoring and reporting to CMS on the progress and impact of its Model Test at regular intervals. In addition, CMS will conduct an independent evaluation of funded proposals in accordance with the requirements set forth in Section 1115A of the Social Security Act (added by Section 3021 of the Affordable Care Act).

The state must identify all existing health care innovation initiatives occurring within the state, including CMS, HHS, federal, and external initiatives (e.g., the Robert Wood Johnson Foundation Aligning Forces for Quality program), and demonstrate how the proposal aligns with these health care innovation efforts. The state must describe how the proposal will (1) coordinate with and build upon existing initiatives and (2) ensure that federal funding will not be used for duplicative activities, or to supplant current federal or state funding. For example, if a state is participating in the State Financial Alignment Model, the state should describe how the State Financial Alignment Model complements the states proposed SIM model.

As part of its application, the state must submit a SF-424A and a budget narrative. The budget narrative must be consistent with the SF-424A and Model Test requirements as well as limit overhead and administrative costs to no more than 10% of direct costs. States should indicate other resources that will aid in implementing the Model Test plan. See Section IV. 2. Content and Form of Application Submission for more information.

As part of its application, the state must submit a Financial Analysis. The Financial Analysis must estimate the proposals return on investment for the Model, and specifically for Medicare, Medicaid, and/or CHIP populations, over the performance period of the award as well as on a projected annualized basis after the term of the award is finished. The state must explain how its interventions will reduce total cost of care for the beneficiaries its model serves. The Financial Analysis also must provide financial models explaining the logic driving their forecasted cost of care savings.

The state must obtain and submit an external actuarial certification of their Financial Analysis with their application. A qualified actuary who is a member of the American Academy of Actuaries must complete the external certification. The CMS Office of the Actuary will assist in reviewing the reasonableness of the estimated cost to the government, and will review the potential for federal savings. The external actuarial certification, as well as the review of the CMS Actuary, will be considered in final selection of Model Test awards.

The state must submit a detailed Operational Plan that describes the activities and budgets for each year of the model and provide a detailed timeline for implementation and major milestones for successfully executing the Plan. The Operational Plan must show how the applicant plans to scale implementation activities to ramp up to an operational start within twelve months of receiving funding. The applicant must also establish accountability targets for the project, including specific quarterly milestones and metrics associated with each investment or activity that would be financed in whole or in part by this award. Projected quarterly targets for the test period should indicate the number and/or proportion of health care providers, hospitals, and beneficiaries that will be engaged by each Model Test component. The Operational Plan must also address any assumptions made and risks to the operational timeline, probability and impact of identified risks actually occurring, and projected strategies for mitigating identified risks.

In addition, the application should show that the applicant has the resources and track record needed to operate the model and report on the progress it is making during the operation. Applicants shall include a list of key personnel; and for each person on this list, applicants should describe their relevant background, their roles, and overall responsibility. Applicants should address the Governors existing and future involvement in the models design and implementation, and the state agencies and/or departments that will be actively involved in executing the model.

Applicants may also propose an operational plan that implements their State Health System Innovation Plan through a public-private partnership. Under such an approach, the state must demonstrate active engagement and participation in the public-private partnership.

Model Design: Proposal Requirements

The Innovation Center will award up to 15 Model Design states through this Funding Announcement. Model Design awards will provide financial and technical support to design proposals for successful state-wide transformation. Awards will range from \$1-3 million over a one-year project period.

Eligible states include both those that did not participate in Round 1, as well as Round 1 Model Design states that met the terms and condition of the Round 1 project but require additional design work in order to implement the plan (i.e. increased stakeholder engagement, measurable public health value, cost and quality targets). Round 1 Model Design state proposals shall include the extent to which the state will develop a design that enhances the existing state plan for delivery transformation. To the extent feasible, Round 2 Model Design awardees will be required to implement and test the plans they develop.

Model Design applications must address the following required areas:

The state must demonstrate a clear process for designing or refining a plan with the engagement of multiple components of state government. The state should address the elements detailed in Section I.4.A.i, Model Test Project Narrative, and listed by name below, including specifically identifying the levers the state will aim to incorporate into a comprehensive state plan, such as the states Medicaid program, state employee health plans, and stated-owned academic medical centers. In their design plans, states must explain the unique features of their design efforts and their strategies for designing a plan that aligns with existing CMS efforts. Further, state plans must include multiple payers. This narrative must include a modified stakeholder engagement strategy, as outlined in Section I.4.B.i.6 below.

o Plan for Improving Population Health

- o Health Care Delivery System Transformation Plan
- o Payment and/or Service Delivery Model
- o Leveraging Regulatory Authority
- o Health Information Technology
- o Stakeholder Engagement. The application must identify the proposed stakeholders that will actively participate in the Model Design process and present a clear and pragmatic strategy for engaging and maintaining their commitment to developing a State Health System Innovation Plan. States are expected to work with a broad group of stakeholders representative of the entire state population in their Model Design process, including, but not limited to, a significant number of health care providers/systems, long term service and supports providers, commercial payers, state hospital and medical associations, tribal communities and consumer advocacy organizations. The state must describe the strategy for designing a state health plan that includes multi-payer payment innovation and measure alignment.
- o Quality Measure Alignment
- o Monitoring and Evaluation Plan
- o Alignment with State and Federal Innovation

As part of its application, the state must submit a SF-424A and a budget narrative. The budget narrative must be consistent with the SF-424A and Model Design requirements as well as limit overhead and administrative costs to no more than 10% of direct costs. States should indicate other resources that will aid in designing the State Health System Innovation Plan. See Section IV. 2. Content and Form of Application Submission for more information.

As part of its application, the state must submit a Financial Analysis. The Financial Analysis must, at minimum, describe the populations being addressed and their respective total medical and other services costs as per member per month and population total. If known, the Financial Analysis should also describe (1) anticipated cost savings resulting from specified interventions, including the types of costs that will be affected by the model and the anticipated level of improvement by target population and (2) expected total cost savings and return on investment for the overall state model and basis for expected savings (previous studies, experience, etc.).

The state must submit a detailed Operational Plan that describes the activities and budgets for the performance period of the award and a detailed timeline for the design process with major milestones. The plan should also include roles and responsibilities of key partners and payer participants (if applicable) and major milestones and dates for successfully executing the Operational Plan. Applicants also should include a list of key personnel; for each person on this list, applicants should describe their relevant background, their roles, and overall responsibility. Applicants should address the Governors existing and future involvement in the models design and implementation, and the state agencies and/or departments that will be actively involved in designing the model.

Applicants may also propose an operational plan that seeks to design the State Health System Innovation Plan through a public-private partnership. Under such an approach, the state must demonstrate active engagement and participation in the public-private partnership.

The operational plan must also address any assumptions made and risks to the operational timeline, and projected strategies for mitigating identified risks.

The Funding Opportunity Announcement serves as the application package for this cooperative agreement and contains all the instructions to enable a potential applicant to apply. The application should be written primarily as a narrative with the standard forms required by the Federal government for all cooperative agreements. A separate and complete application must be submitted for each type of submission and for each round of submission.

A non-binding letter of intent to apply must be submitted to the CMS programmatic contact listed in Section VI. Agency Contacts by June 6, 2014. Entities which do not submit a letter of intent by this deadline will be ineligible to apply. As explained in Section III. Eligibility Information, a Governor must submit an official request, along with its letter of intent, if it plans to propose that an outside organization focused on quality and state delivery transformation, such as a non-profit affiliated with the State Department of

Health or a public-private partnership supported by the Governors Office, receives and administers funds through a Model Design or Model Test award. A justification must be included with the request as well as an attestation that the state will actively participate in all activities described in the proposal. Approval of such requests will be at the sole discretion of CMS. Only one application supported by the Governor will be allowed per state. Application materials will be available for download at <http://www.grants.gov>. Please note that HHS requires applications for all announcements to be submitted electronically through <http://www.grants.gov>. For assistance with Grants.gov, contact support@grants.gov or call 1-800-518-4726. The Funding Opportunity Announcement can also be viewed on the Innovation Center website at <http://innovations.cms.gov>.

Specific instructions for applications submitted via <http://www.grants.gov>: You can access the electronic application for this project at <http://www.grants.gov>. You must search the downloadable application page by the CFDA number shown on the cover page of this announcement.

At the <http://www.grants.gov> website, you will find information about submitting an application electronically through the site, including the hours of operation. HHS strongly recommends that you do not wait until the application due date to begin the application process through <http://www.grants.gov>, because of the time needed to complete the required registration steps. All applicants under this announcement must have an Employer Identification Number (EIN) to apply. Please note, the time needed to complete the EIN registration process can be substantial, and applicants should therefore begin the process of obtaining an EIN immediately upon posting of this FOA to ensure the EIN is received in advance of application deadlines.

All applicants, as well as sub-recipients, must have a Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS) number at the time of application in order to be considered for a grant or cooperative agreement. A DUNS number is required for using the Government-wide electronic portal, www.grants.gov. The DUNS number is a nine-digit identification number that uniquely identifies business entities. To obtain a DUNS number, access the following website: www.dunandbradstreet.com or call 1-866-705-5711. This number should be entered in the block with the applicant's name and address on the cover page of the application (Item 8c on the Form SF 424, Application for Federal Assistance). The name and address in the application should be exactly as given for the DUNS number. Applicants should obtain this DUNS number as soon as possible after the announcement is posted to ensure all registration steps are completed in time.

Authorized Organizational Representative: The Authorized Organizational Representative (AOR) who will officially submit an application on behalf of the organization must register with Grants.gov for a username and password. AORs must complete a profile with Grants.gov using their organizations DUNS Number to obtain their username and password, at http://grants.gov/applicants/get_registered.jsp. AORs must wait one business day after registration in SAM before entering their profiles in Grants.gov. Applicants should complete this process as soon as possible after successful registration in SAM to ensure this step is completed in time to apply before application deadlines.

When an AOR registers with Grants.gov to submit applications on behalf of an organization, that organizations E-Biz point-of-contact will receive an e-mail notification. The e-mail address provided in the profile will be the e-mail used to send the notification from Grants.gov to the E-Biz POC with the AOR copied on the correspondence.

The E-Biz POC must then login to Grants.gov (using the organizations DUNS number for the username and the special password called M-PIN) and approve the AOR, thereby providing permission to submit applications. Any files uploaded or attached to the Grants.gov application must be PDF file format and must contain a valid file format extension in the filename. Even though Grants.gov allows applicants to attach any file format as part of their application, CMS restricts this practice and only accepts PDF file formats. Any file submitted as part of the Grants.gov application that is not in a PDF file format, or contains password protection, will not be accepted for processing and will be excluded from the application during the review process. In addition, the use of compressed file formats such as ZIP, RAR, or Adobe Portfolio will not be accepted. The application must be submitted in a file format that can easily be copied and read by reviewers. It is recommended that scanned copies not be submitted through Grants.gov unless the applicant confirms the clarity of the documents. Pages cannot be reduced in size, resulting in multiple pages on a

single sheet, to avoid exceeding the page limitation. All documents that do not conform to the above constraints will be excluded from the application materials during the review process.

After you electronically submit your application, you will receive an automatic email from <http://www.grants.gov> that contains a Grants.gov tracking number. Please be aware that this notice does not guarantee that the application will be accepted by Grants.gov. Rather, this email is only an acknowledgement of receipt of the application by Grants.gov. All applications must be validated by Grants.gov before they will be accepted. Please note, applicants may incur a time delay before they receive acknowledgement that the application has been validated and accepted by the Grants.gov system. In some cases, the validation process could take up to 48 hours. If for some reason the application is not accepted, then the applicant will receive a subsequent notice from Grants.gov indicating that the application submission has been rejected. Applicants should not wait until the application deadline to apply because notification by Grants.gov that the application is incomplete may not be received until close to or after the application deadline, eliminating the opportunity to correct errors and resubmit the application. Applications submitted after the deadline because the original submission failed validation and is therefore rejected by Grants.gov, as a result of errors on the part of the applicant, will not be accepted by CMS and/or granted a waiver. For this reason, CMS recommends that applicants apply in advance of the application due date and time.

After HHS retrieves your application package from Grants.gov, a return receipt will be e-mailed to the applicant contact. This will be in addition to the validation number provided by <http://www.grants.gov>.

Each year organizations and entities registered to apply for Federal grants and cooperative agreements through <http://www.grants.gov> will need to renew their registration with the System for Award Management (SAM). You can register with SAM online; registration will take about 30 minutes to complete (<https://www.sam.gov/portal/public/SAM/>). Failure to renew SAM registration prior to application submission will prevent an applicant from successfully applying via Grants.gov. Similarly, failure to maintain an active SAM registration during the application review process can prevent HHS from issuing your agency an award under this program.

Applications cannot be accepted through any email address. Full applications can only be accepted through <http://www.grants.gov>. Full applications cannot be received via paper mail, courier, or delivery service. All applications for the awards must be submitted electronically and be received through <http://www.grants.gov> by the deadlines listed below. All applications will receive an automatic time stamp upon submission and state applicants will receive an e-mail reply acknowledging the applications receipt.

Please be aware of the following:

- 1) Search for the application package in Grants.gov by entering the CFDA number. This number is shown on the cover page of this announcement.
- 2) If you experience technical challenges while submitting your application electronically, please contact Grants.gov Support directly at: www.grants.gov/customersupport or (800) 518-4726. Customer Support is available to address questions 24 hours a day, 7 days a week (except on Federal holidays).
- 3) Upon contacting Grants.gov, obtain a tracking number as proof of contact. The tracking number is helpful if there are technical issues that cannot be resolved.

To be considered timely, applications must be received by the published deadline date. However, a general extension of a published application deadline that affects all state applicants or only those in a defined geographical area may be authorized by circumstances that affect the public at large, such as natural disasters (e.g., floods or hurricanes) or disruptions of electronic (e.g., application receipt services) or other services, such as a prolonged blackout. Grants.gov complies with Section 508 of the Rehabilitation Act of 1973. If an individual uses assistive technology and is unable to access any material on the site, including forms contained with an application package, he or she can e-mail the Grants.gov contact center at support@grants.gov for help, or call 1-800-518-4726.

Each application must include all contents described below, in the order indicated, and in conformance with the following specifications:

Use 8.5 x 11 letter-size pages with 1 margins (top, bottom, and sides).

Other paper sizes will not be accepted. This is particularly important because it is often not possible to reproduce copies in a size other than 8.5 x 11.

All pages of the project narrative must be paginated in a single sequence.

Font size must be 12-point with an average character density no greater than 14 characters per inch.

The budget and project narrative portions of the application must be double-spaced.

The project abstract is restricted to a one-page summary, which can be single-spaced.

Applications and attached proposals must not be more than 55 pages in length for Model Test awards, and no more than 27 pages for Model Design awards. For Model Test applications this total includes the project narrative, budget narrative, financial analysis, and operational plan. For Model Design, this total includes the project narrative, budget narrative, financial analysis, and operational plan. The maximum page limit includes all supporting materials, including documentation related to financial projections, profiles of participating organizations, etc. In addition, states should submit letters of support from other payers and stakeholders. The standard forms, project abstract, Governors letter of endorsement, and attestations of support from other payers and stakeholders are NOT included in the page limits. The state must ensure that its submission meets the technical requirements outlined above. Failure to adhere to these technical requirements may exclude an application from consideration for a cooperative award.

The following standard forms must be completed with an electronic signature and enclosed as part of the proposal. Failure to submit these forms will result in the application not being reviewed:

- a. SF 424: Official Application for Federal Assistance (see note below)
- b. SF 424A: Budget Information Non-Construction
- c. SF 424B: Assurances-Non-Construction Programs
- d. SF LLL: Disclosure of Lobbying Activities All applicants must submit this document. If your agency does not engage in lobbying, please insert Non-Applicable on the document and include the required Authorized Organizational Representative (AOR) name, contact information, and signature
- e. Project Site Location Forms(s)
- f. Project Abstract Summary (see description below)

Note: On SF 424 Application for Federal Assistance:

- a. On Item 11 Descriptive Title of Applicants Project, state the specific cooperative agreement opportunity for which you are applying: State Innovation Models.
- b. For Item 15 please provide a succinct descriptive title of the applicants project. Please do not add attachments in Item 15.
- c. Check No to item 16b, as Review by State Executive Order 12372 does not apply to these cooperative agreements.

A letter from the Governor (or Mayor, if from the District of Columbia) endorsing the project and identifying the title of the project, the principal contact person and the major partners, departments, and organizations collaborating on the project. The letter (addressed as below) must be uploaded in the application. The original signed letter must be sent to the following address:

Gabriel Nah
Grants Management Specialist
Office of Acquisition and Grants Management
Centers for Medicare and Medicaid Services
U.S. Department of Health and Human Services
Mailstop # 7700 Bethesda
5600 Fishers Lane
Rockville, MD 20857

The one-page abstract (single-spaced) must succinctly describe the proposal and should include the goals of the proposal; the total budget; the number of included beneficiaries, providers, and payer participants; the projected total cost of care savings; and a description of how the funds will be used. The abstract is often distributed to provide information to the public and Congress, so it must be written in a manner that it is clear, accurate, concise, and without reference to other parts of the application. Personal identifying information should be excluded from the abstract.

Award Procedure:

Successful applicants will receive a Notice of Award (NoA) signed and dated by the CMS Grants Management Officer. The NoA is the document authorizing the cooperative agreement award and will be sent through electronic mail to the applicant organization as listed on the SF424. Any communication between

CMS and applicants prior to issuance of the NoA is not an authorization to begin performance of a project. Unsuccessful applicants are notified within 30 days of the final funding decision for each cooperative agreement and will receive a disapproval letter via the U.S. Postal Service and/or electronic mail.

Deadlines:

Oct 31, 2014 to Dec 31, 2018: Please see "Other Deadline Information". Oct 31, 2014 to Dec 31, 2018: Please see "Other Deadline Information". Anticipated Notice of Cooperative Agreement Announcement Dates:
Round Two Model Design: October 31, 2014
Round Two Model Test: October 31, 2014

Anticipated Cooperative Agreement Period of Performance:
Round Two Model Design: January 1, 2015 to December 31, 2015
Round Two Model Test: January 1, 2015 to December 31, 2018 (Inclusive of a pre-implementation period of up to 12 months).

Range of Approval/Disapproval Time:

Anticipated Notice of Cooperative Agreement Award Dates:

Model Design Phase: Award Date: November 15, 2012

Round One Model Testing: Award Date: November 15, 2012.

Appeals:

CMS reserves the right to approve or deny any or all proposals for funding. Note that section 1115A of the Social Security Act states that there is no administrative or judicial review of the selection of organizations, sites, or participants to test models.

Renewals:

CMS reserves the right to approve or deny any or all proposals for funding. Note that section 1115A of the Social Security Act states that there is no administrative or judicial review of the selection of organizations, sites, or participants to test models.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.
Matching requirements are not applicable to this program.
MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Initial funding of Model Test and Model Design awards is contingent upon the states acceptance of the awards terms and conditions through the initial drawdown of funds and, in the case of Model Test awards, explicit CMS approval of an operational plan submitted by the state.

States that received Model Design awards had twelve months from the award start date to complete their State Health System Innovation Plans and Model Designs. The project period and budget period for Model Design was one year, anticipated to be until December 31, 2015. See the following for information on how assistance is awarded/released: The 48-month project period for Round 2 Model Test is divided into four budget periods, with an initial budget period of twelve months for pre-implementation work followed by three budget periods of 12 months each. Following the initial twelve-month budget period, non-competing continuation awards have been/will be granted for each additional year of the cooperative agreement contingent upon availability of funding, state performance, and demonstrated progress towards the goals and objectives of this FOA. The anticipated test completion date for states receiving Model Test Round 2 awards is January 31, 2019. The specific period of performance for each state model will be included in the cooperative agreement and be executed upon the initial drawdown of funds by the recipient. See the following for information on how assistance is awarded/released: The 48-month project period for Model Test will be divided into four budget periods, with an initial budget period of twelve months for pre-implementation work followed by three budget periods of 12 months each. Following the initial twelve-month budget period, non-competing continuation awards will be granted for each additional year of the cooperative agreement contingent upon availability of funding, state performance, and demonstrated progress towards the goals and objectives of this FOA. The anticipated test completion date for states receiving Model Test awards is December 31, 2018. The specific period of performance for each state model will be included in the cooperative

agreement and be executed upon the initial drawdown of funds by the recipient.

Reports:

The Innovation Center takes an active and substantial role in the evaluation and monitoring of the SIM Model Test awards. The activities funded under the cooperative agreement and their resulting State responsibilities are part of performance tracking, measuring, and evaluation responsibilities of CMS and the Innovation Center. For Model Test states CMMI will examine the extent to which states plans are being implemented, whether health care spending in those states changed over time, and the impact on health care quality.

Performance assessment, monitoring, and evaluation for Model Test awards focus on:

- o impact on quality of care, patient experience, and health status
- o Impact on health care costs
- o Implementation and test performance, including:
 - o Meeting proposed design and planning or implementation and test milestones.
 - o Demonstrating readiness to carry out design and planning work or implementation activities required to test the proposed model.
 - o Producing timely and accurate reports showing clear progress on design and planning activities or providing the required data, and/or reports on health care cost, quality, and population health performance, as delineated in the cooperative agreement.
 - o Community integration of health care

Awardees must agree to cooperate with any federal evaluation of the model and performance results and provide required quarterly, semi-annual (every six months), annual and final (at the end of the cooperative agreement period) reports in a form prescribed by CMS. Reports are submitted electronically and include information on how cooperative agreement funds were used, describe project or model progress, and describe any barriers, delays, and measurable outcomes. CMS provides the format for project and model reporting and technical assistance necessary to complete required report forms.

States must also agree to respond to requests that are necessary for the evaluation of their Model Test efforts and provide data on key elements of model performance and on results from the cooperative agreement activities. CMS will continue to make requests for data related to its evaluation beyond the end of the states performance period. The period for which CMS may continue to make such requests is further clarified in the terms and conditions of award.

CMS has enlisted a third party entity to assist in evaluating the model implementation and testing performance results and outcomes. All awardees are required to cooperate in providing the necessary data elements to CMS or CMS contractor. The contractor assists CMS in developing cost, quality, beneficiary experience, and population health monitoring and review model performance to ensure model requirements are met; tracking performance across awardees and providing for monitoring and early detection of model performance issues; developing a system to collect, store, and analyze data to assess health care cost and utilization, quality performance, beneficiary experience, and population health improvements and assisting with state implementation, including coordination between states and CMS and its other contractors.

Data for monitoring includes process, safety, and performance measures including beneficiary experience. It includes, but is not limited to, data on the background characteristics of the target population and target area, data characterizing the activities of the Model Test and a battery of follow-up data describing relevant characteristics of the target population or target area and metrics at selected intervals after commencement of the delivery system and/or payment model. This will include detailed information on participant characteristics and outcomes reported in a standard format. Data for monitoring is collected from awardees and/or CMS claims data, electronic health record, public health or other sources. The model monitoring aspect of this initiative balances the examination of the extent to which awardees demonstrate fidelity to their proposed delivery system and payment models and the potential need to make mid-course corrections that improve or optimize performance of the delivery system or payment models based on feedback from the monitoring and rapid cycle evaluation findings. The evaluation also assess whether there is

evidence of harm or unintended consequences as a result of the models or testing methods.

The evaluation strategy for this initiative includes an overall design and data collection phase and an impact evaluation.

Broadly, CMS evaluates each state model and then compares all models to identify themes related to improved care and health outcomes and reduced costs. CMS has ultimate responsibility for the evaluation process and reports. An external evaluation contractor supports the Innovation Center during the Implementation and Test process. This Innovation Center evaluator works with each state to develop standards for data collection and use and for data reporting, as well as requirements for those data elements that will be collected by the states and reported to CMS. The Innovation Center evaluator also defines the measures to be used and evaluation methods to be employed. Data collection is central to the success of the evaluation. Adhering to the data collection requirements is a condition of participating in this initiative.

States are expected to cooperate in the evaluation process and provide the necessary data to evaluate state models. This data is shared with the state evaluator team and with Innovation Center evaluation contractors. The evaluation relies on multi-pronged data collection in order to understand the context of the model and to capture the nuances occurring at the model sites. Data for the analyses is collected collaboratively between the Innovation Center evaluation contractor and the states themselves, and comes from sources including, but not limited to: provider surveys; Medicare administrative claims; state Medicaid and CHIP programs; beneficiary experience surveys; site visits with practices; and focus groups with beneficiaries and their families and caregivers, practice staff, direct support workers and others (e.g., payers). Additional data requirements may include states providing Medicaid encounter data (baseline and during the model test period) if relevant to program evaluation.

The Innovation Center evaluation will assess the impact of the models on the quality of care, health outcomes, community health, and net saving in total costs. Towards the end of the Model Test, the Innovation Center evaluation contractor will conduct impact evaluations of the effectiveness of each state model on key outcomes for target Medicare, Medicaid, and CHIP beneficiaries. This Innovation Centers impact evaluation should provide key messages about what types of state strategies are associated with success. Ultimately, the evaluation results will identify and characterize the most effective models to inform future policy making around improving beneficiary care, improving beneficiary health, and reducing costs.

The State self-evaluation contractor creates State-specific evaluations relevant to all populations and payers involved in their SIM initiative; data collection, storage, cleaning and creation of analytic datasets; continuous quality improvement and analysis of evaluation metrics on a quarterly basis; and working with the Innovation Center evaluator to supply necessary data. The State self-evaluation contractor needs to be an independent entity. The goal is for states to continue these evaluations once the SIM initiative is complete. The States agreement with their evaluation contractor will be reviewed by CMS to ensure the evaluators capabilities.

This State self- evaluation contractor will provide data to both CMS evaluators and the Innovation Center external evaluation contractor(s).

The Federal Financial Report (FFR or Standard Form 425) has replaced the SF-269, SF-269A, SF-272, and SF-272A financial reporting forms. All grantees must utilize the FFR to report cash transaction data, expenditures, and any program income generated.

States must report on a quarterly basis cash transaction data via the Payment Management System (PMS) using the FFR in lieu of completing a SF-272/SF272A. The FFR, containing cash transaction data, is due within 30 days after the end of each quarter. The quarterly reporting due dates are as follows: 4/30, 7/30, 10/30, 1/30. A Quick Reference Guide for completing the FFR in PMS is at: www.dpm.psc.gov/grant_recipient/guides_forms/ffr_quick_reference.aspx.

In addition to submitting the quarterly FFR to PMS, states must also provide, on an annual basis, a FFR to CMS which includes their expenditures and any program income generated in lieu of completing a Financial Status Report (FSR) (SF269/269A). Expenditures and any program income generated should only be included on the annually submitted FFR, as well as the final FFR. Annual FFRs must be submitted within 90 calendar days of the applicable year end date. The final FFR must be submitted within 90 calendar days of the project period end date.

More details are outlined in the Notice of Award.

Awards issued under this FOA are subject to the reporting requirements of the Federal Funding Accountability and Transparency Act of 2006 (Pub. L. 109282), as amended by section 6202 of Public Law 110252 and implemented by 2 CFR Part 170. Grant and cooperative agreement recipients must report information for each first-tier sub-award of \$25,000 or more in Federal funds and executive total compensation for the recipients and sub-recipients five most highly compensated executives as outlined in Appendix A to 2 CFR Part 170 (available online at www.frs.gov). Non-Competing Continuation awardees may be subject to this requirement and will be so notified in the Notice of Award. States must submit a quarterly electronic SF-425 via the Payment Management System. The report identifies cash expenditures against the authorized funds for the cooperative agreement. Failure to submit the report may result in the inability to access funds.. The Federal Financial Report (FFR or Standard Form 425) has replaced the SF-269, SF-269A, SF-272, and SF-272A financial reporting forms. The FFR, containing cash transaction data, is due within 30 days after the end of each quarter.

In addition to submitting the quarterly FFR to PMS, states must also provide, on an annual basis, a hard copy FFR to CMS which includes their expenditures and any program income generated in lieu of completing a Financial Status Report (FSR) (SF269/269A). Expenditures and any program income generated should only be included on the annually submitted FFR, as well as the final FFR. Annual hard-copy FFRs should be mailed and received within 30 calendar days of the applicable year end date. The final FFR should be mailed and received within 90 calendar days of the project period end date. More details are outlined in the Notice of Award. States must submit a quarterly electronic SF-425 via the Payment Management System. The report identifies cash expenditures against the authorized funds for the cooperative agreement. Annual hard-copy FFRs should be mailed and received within 30 calendar days of the applicable year end date. The final FFR should be mailed and received within 90 calendar days of the project period end date. More details will be outlined in the Notice of Award. CMS will enlist a third party entity to assist us in monitoring the model implementation and testing performance results and outcomes. CMS plans to collect data elements to be part of monitoring for all of the different state models, and these monitoring and surveillance elements will feed into the evaluation. All awardees will be required to cooperate in providing the necessary data elements to CMS or a CMS contractor. The contractor would assist CMS in developing a cost, quality, beneficiary experience, and population health monitoring and review model performance to ensure model design requirements are met; tracking performance across awardees and providing for rapid cycle evaluation and early detection of model performance issues; developing a system to collect, store, and analyze data to assess health care cost and utilization, quality performance, beneficiary experience, and population health improvements and assisting with state implementation, including coordination between states and CMS and its other contractors.

Data for monitoring will include process, safety, and performance measures including beneficiary experience. It will include, but will not be limited to, data on the background characteristics of the target population and target area, data characterizing the activities of the model testing and a battery of follow-up data describing relevant characteristics of the target population or target area and metrics at selected intervals after commencement of the delivery system and/or payment model. This will include detailed information on participant characteristics and outcomes reported in a standard format. Data for monitoring will be collected from awardees and/or CMS claims data, electronic health record, public health or other sources. The model monitoring aspect of this initiative will balance the examination of the extent to which awardees demonstrate fidelity to their proposed delivery system and payment models and the potential need to make mid-course corrections that improve or optimize performance of the delivery system or payment models based on feedback from the monitoring and rapid cycle evaluation findings. The evaluation will also assess whether there is evidence of harm or unintended consequences as a result of the models or testing methods.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as

noted in Circular No. A-133.

Records:

States must comply with the audit requirements of Office of Management and Budget (OMB) Circular A-133. Information on the scope, frequency, and other aspects of the audits can be found on the Internet at www.whitehouse.gov/omb/circulars.

States must submit a quarterly electronic SF-425 via the Payment Management System. The report identifies cash expenditures against the authorized funds for the cooperative agreement. Failure to submit the report may result in the inability to access funds. The SF-425 Certification page should be faxed to the PMS contact at the fax number listed on the SF-425, or it may be submitted to:

Model Test: 11 Model Test cooperative agreements were awarded under this State Innovation Models initiative. Awards for Model Test states range from \$20-100 million per state, based on the size of the state population and the scope of the proposal. The amount awarded will include any state cost of testing the model and meeting state and federal evaluation requirements as specified in Section V.3 below. While the Innovation Center is responsible for the evaluation of each Model Test, states must also develop their own model evaluation process, under the guidance of the Innovation Center. The state evaluations should include an examination of the models impact on the entire state population. In general, CMS expects that Model Test awards will cover only costs that are not normally part of a states operational cost, data collection cost, or administrative cost.

REGULATIONS, GUIDELINES, AND LITERATURE:

Cooperative agreements issued under this FOA are subject to the Health and Human Services Grants Policy Statement (HHS GPS) at <http://www.hhs.gov/asfr/ogapa/aboutog/hhsgps107.pdf>. Standard terms and special terms of award will accompany the Notice of Award. Potential awardees should be aware that special requirements could apply to awards based on the particular circumstances of the effort to be supported and/or deficiencies identified in the application by the HHS review panel. The General Terms and Conditions that are outlined in Section II of the HHS GPS will apply as indicated unless there are statutory, regulatory, or award-specific requirements to the contrary (as specified in the Notice of Award).

The following categories of special terms of award are in addition to, and not in lieu of, otherwise applicable OMB administrative guidelines, OMB cost principles at 2 CFR Part 225 (previously OMB Circular A-87), HHS grant administration regulations at 45 CFR Part 92 (Part 92 is applicable when state and local Governments are eligible to apply), and other HHS and PHS grant administration policies. CMS reserves the right to include any of the terms outlined below in the cooperative agreement with an appropriate level of specific details:

Reporting (financial, quality, operational and accountability targets progress)
Learning and Diffusion (training)
Stakeholders (public notice, tribal consultation)

Beneficiaries (access, enrollment, change in rights)
 Providers (approval of training)
 Payers (rate setting, marketing)
 Project Monitoring (contract review, audits)
 Data Collection (data integrity, use of data)
 Evaluation (rapid cycle and impact)
 Termination
 Funding
 Financial Arrangements
 Operations (information technology, claims, personal health information)
 Program Integrity

The administrative and funding instrument used for this program will be a cooperative agreement, an assistance mechanism in which substantial CMS programmatic involvement with the State is anticipated during the performance of the activities. Under each cooperative agreement, CMS purpose is to support and stimulate the state's activities by involvement in and otherwise working jointly with the award state in a partnership role. To facilitate appropriate involvement during the period of this cooperative agreement, CMS and the state will be in contact monthly and more frequently when appropriate.

Cooperative Agreement Roles and Responsibilities are as follows:

CMS will have substantial involvement in program awards, as outlined below:

Technical Assistance: CMS will provide technical assistance throughout the period of the cooperative agreement.

Collaboration: To facilitate compliance with the terms of the cooperative agreement and to more effectively support states, CMS will actively coordinate with certain critical stakeholders, such as: state-designated entities and other relevant federal agencies including but not limited to the Centers for Disease Control, the Administration for Community Living, the Substance Abuse and Mental Health Services Administration, the Health Resources and Services Administration, the U.S. Office of Personnel Management, the Indian Health Service, the Internal Revenue Service, the Department of Homeland Security, the Administration for Children and Families, the Department of Veterans Affairs, and the Social Security Administration.

Program Evaluation: CMS will work with states to implement lessons learned to enable other states to undertake health transformation plans.

Progress against the Model Test and Model Design Work Plans: CMS will evaluate grant performance and progress against the states operational plan and will allow access to funding in alignment with state progress.

Project Officers and Monitoring: CMS will assign specific Project Officers to each Cooperative Agreement award to support and monitor States throughout the period of performance. HHS Grants Management Officers and Project Officers will monitor, on a regular basis, progress of each State. This monitoring may be by phone, document review, on-site visit, other meeting and by other appropriate means, such as reviewing program progress reports and Federal Financial Reports (SF425). This monitoring will be to determine compliance with programmatic and financial requirements.

Conference and Training Opportunities: CMS will host opportunities for training and/or networking, including conference calls and other vehicles.

CRITERIA FOR SELECTING PROPOSALS:

Model Test applications will be reviewed by an expert review panel and scored based on the quality of the proposals. The SIM Round 2 Model Test criteria for

selection are as follows:

Model Test Plan (50 points)

a. Model Test applicant must demonstrate the ability to test innovative payment reforms that have the potential to accelerate transformation. The elements of the Model Test plans will be evaluated on the following criteria:

 Well developed, detailed and clear annual cost and quality targets, which the state commits to review and report at least annually;

 Use of policy and regulatory state levers to support successful health care transformation in the state;

 Alignment with existing CMS programs and other state programs;

 Number of residents directly affected by the Model Test;

 Number of providers and payers participating in the Model Test

 Likelihood of accelerating delivery system transformation;

 Development and use of health IT infrastructure (See Appendix 2: Health Information Technology Plan).

b. As this initiative is intended to reach a preponderance of a states population, a states decision to expand Medicaid will be an important factor in assessing the states readiness to implement a state-wide plan for improving population health. Additionally, because Medicaid can serve as an important lever for driving delivery transformation, states should describe Medicaid expansion activities and the percentage of a states population covered by Medicaid.

c. The Model Test must offer and clearly demonstrate a pathway to a high potential for success in producing better health, better care and lower costs through improvement for Medicare, Medicaid/CHIP, and Medicare-Medicaid enrollee populations as well as other health care consumers within the state.

d. The model must describe in detail the target populations, geographic areas, or communities that will be the focus of Model Testing, the current quality and beneficiary experience outcomes including current health population status, and the specific improvement targets expected from the Model.

e. The state must identify specific implementable plans to collaborate with the CDC to develop a state-wide plan for improving population health. The plans will include developing collaborative approaches to improving population health that engage public health officials and provider organizations. (See Appendix 1: Plan for Improving Population Health).

f. The state must demonstrate engagement in HHS initiatives to improve health and health care delivery.

g. Integrated data is used not only to directly support the implementation of health care interventions but also to inform and improve the model throughout the period of the award. The state must include a clear feedback loop and strategies for continuous monitoring and improvement of the model through collection and analysis of data across payers and partners.

h. The state must identify strategies they will employ to leverage State Marketplace Exchanges to further advance value-based payment methodologies.

Provider Engagement Strategy (10 Points)

The state must demonstrate a clear, sustained commitment to participation and implementation of the health transformation model of major stakeholders including but not limited to advocacy groups, local governments, social service providers, and providers of acute health care, behavioral/mental health care, long term care (including home and community services as well as long term care facility services) in the state, including but not limited to state-owned entities, providers of acute health care, behavioral/mental health care, long term care (including home and community services as well as long-term care facility services).

Payer and Other Stakeholder Strategy (10 Points)

The state must also demonstrate participation on the part of commercial payers with respect to both financial and quality measurement alignment. The state should identify a broad group of stakeholders involved in the execution of the Model Test, including but not limited to advocacy groups, local governments and social service providers.

Operational Plan (20 points)

States must demonstrate the organizational and operational capacity, organizational structure, leadership and expertise to successfully implement Model Test processes. The detailed project plan and timeline should be well described and clearly demonstrate how the state will successfully lead health transformation in the state with resources provided. The project leadership must clearly demonstrate the required knowledge, skills, abilities and experience to

ensure efficient, smooth and effective implementation. States must also include a sustainability plan for the next 4 years beyond the period of the award that includes changes in personnel or administration as well as a clearly detailed plan for continued financing to support sustained health reform/transformation after CMMI award funding is exhausted.

Model Test Budget Narrative and Financial Analysis (10 points)

The proposed budget is carefully developed, is consistent with the Model Test requirements, and is clearly linked to support of a successful implementation plan. Overhead and administrative costs are limited to 10% of direct costs with funding focused on direct support of the Model Test. States must indicate other specific resources that will aid in implementing the Model Test plan, including descriptions of how these resources directly support health transformation in the state. The proposal must document how the overall Financial Analysis, including population and intervention specific savings, will be developed, how return on investment will be calculated, and how the state will incorporate non-CMMI funding (particularly commitments from the multi-payer collaborators, including but not limited to other state and local government resources) into the overall health transformation plan.

Based on scores from the Expert Panel Review, selected applicants will be invited to present in person (in the Baltimore/Washington Metropolitan area) to an HHS Leadership Panel (see Section I.4.A. Model Test: Proposal Requirements for more information). The HHS Leadership Panel members are individuals who possess knowledge or expertise in innovative health care payment and service delivery models. They will review the applications prior to the presentations, consult during the presentations, and subsequently provide advice to the approving official. The presentations will help to ensure that only those applications that offer the greatest potential for furthering program purposes are selected for funding. The presentations will include the information from the FOA but will also be expected to highlight the following: State and Stakeholder Commitment

- o States must demonstrate a commitment by a broad coalition of stakeholders, including state leadership, during the in-person presentation. The role and contribution of each stakeholder will be considered.

Likelihood of Success

- o States must demonstrate that their specific approach, through the joint efforts of stakeholders, will be likely to result in achieve success by reducing costs, improving quality and promoting delivery system transformation.

Novelty of Payment Model

- o State should demonstrate how their payment model presents a unique approach to delivery reform that would accelerate delivery transformation in a manner that has not been test on a state-wide scale.

Ability to Align with Medicare Programs

- o States should articulate how their proposal would align with existing CMS programs. For example, a multi-payer ACO approach could complement and align with the Medicare Share Savings program. State could also demonstrate how this alignment will further delivery transformation and reduces costs and improve care for all-payers, including Medicare.

Model Design applications will be reviewed and scored based on the quality of the proposals. In-person presentations are not required for the Model Design applicants. The criteria for Round 2 Model Design selection as follows:

Model Design Strategy (30 points)

States must demonstrate a clear process for designing a plan with the engagement of multiple components of state government and with key stakeholders. The design strategy should specifically identify the levers the state would seek to develop and incorporate into a comprehensive state plan, such as the states Medicaid program, state employee health plans, state-owned academic medical centers, etc. States must explain the unique features of their design efforts and their strategy for designing a plan that aligns with existing CMS efforts and can be implemented on a multi-payer basis. States should demonstrate efforts to improve access to care to vulnerable populations. States should also include strategies that leverage State Marketplace Exchanges in expanding value-based payment methodologies. As this initiative is intended to reach a preponderance of a states population, a states decision to expand Medicaid will be an important factor in assessing its potential impact. Continuing Round 1 Model Design states must demonstrate progress in developing their design plans and clearly articulate how proposed strategies will enhance their Round 1 efforts.

Provider Engagement Strategy (15 Points)

States must demonstrate the commitment of major providers of health care in the state, including behavioral/mental health care, long term care providers and state-owned entities, behavioral/mental health care, long-term care, and long-term services and supports, to participate in the design of the State Health System Innovation Plan. Continuing Round 1 Model Design states must demonstrate appreciable progress to date in engaging providers.

Payer and other Stakeholder Engagement Strategy (15 points)

The state must describe its strategy for designing a State Health System Innovation Plan that includes multi-payer payment innovation and measure alignment. The design of these aspects of the plan must include the participation of commercial payers and purchasers as well as various stakeholders, including state health associations and advocacy groups. States are expected to identify a broad group of stakeholders and create a mechanism for their effective participation in planning of the State Health System Innovation Plan and document the development of a multi-payer Model Design with stakeholder input. Round 1 Model Design states must demonstrate results in engaging payers and other stakeholders.

Operational Plan (10 points)

The state must demonstrate the organizational capacity, organizational structure, leadership, and expertise to successfully complete the Model Design process. The project plan and timeline should be detailed and well described. The staff or consultants proposed to lead the planning effort should have the skills and experience needed to ensure smooth and effective implementation.

Model Design Budget Narrative and Financial Analysis (30 points)

The proposed budget is carefully developed and consistent with the Model Design requirements. Overhead and administrative costs are reasonable (limited to 10% of direct costs) with funding focused on supporting the Model Design effort. States should indicate other resources that will aid in designing the State Health System Innovation Plan. The proposal should document how the overall Financial Analysis, including population and intervention specific savings, will be developed.

Part of the review process will include an analysis of the readiness of the state to complete the design process within one year after approval of a cooperative agreement award.

93.626 AFFORDABLE CARE ACT STATE HEALTH INSURANCE ASSISTANCE PROGRAM (SHIP) AND AGING AND DISABILITY RESOURCE CENTER (ADRC) OPTIONS COUNSELING FOR MEDICARE-MEDICAID INDIVIDUALS IN STATES WITH APPROVED FINANCIAL ALIGNMENT MODELS

SHIP and ADRC Options Counseling for Medicare-Medicaid Individuals in States with Approved Financial Alignment Models

FEDERAL AGENCY:

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

This solicitation is being issued under section 1115A of the Social Security Act (added by section 3021 of the Patient Protection and Affordable Care Act (P.L. 111-148)), which authorizes the Innovation Center to test innovative payment and service delivery models to reduce program expenditures under Medicare, Medicaid, and the Childrens Health Insurance Program while preserving or enhancing the quality of care.

OBJECTIVES:

The goal of this Funding Opportunity is to provide funding over a three year period to states that have signed a Memorandum of Understanding (MOU) with CMS to implement a CMS-approved State Financial Alignment Initiative. In April 2011, the Medicare-Medicaid Coordination Office awarded design contracts to 15 states to implement State Demonstrations to Integrate Care for Medicare-Medicaid Individuals. Subsequently, CMS released a letter to State Medicaid Directors which discussed two models for integrating care and aligning financial incentives for Medicare and Medicaid as part of CMS Financial Alignment Initiative, a joint initiative of the Innovation Center and the Medicare Medicaid Coordination Office, under which States and CMS will collaborate to integrate care and financing for Medicare-Medicaid individuals. The Financial Alignment Initiative is a unique Federal-state partnership to test

aligning the service delivery and financing of the Medicare and Medicaid programs to better serve Medicare-Medicaid individuals. As part of this effort, there is a need for strong beneficiary support education and outreach in each State that is implementing a Financial Alignment model, including options counseling for beneficiaries.

Awardees will develop and implement a coordinated SHIP/ADRC strategy and action plan to provide beneficiaries who are eligible for both Medicare and Medicaid during both the Phase 1 Activities and Ongoing Activities of the program, as described in the funding opportunity announcement - with objective information and one-on-one counseling on the nature of the states Financial Alignment model. Such activities will include, but are not limited to, providing information and counseling as to how and when the project will be implemented, the options these dual eligible beneficiaries will have for receiving their Medicare and Medicaid services in their state, the appeal rights they will have under the model, and what they need to do to participate in the program. The SHIP/ADRC staff assigned to this project must be able to provide this information and counseling in a way that is easy for beneficiaries to understand and is culturally and linguistically appropriate. These activities must be carried out in a SHIP/ADRC. Also, the SHIP/ADRC should possess a basic understanding of all CMS approved State Financial Alignment Initiatives.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

This Funding Opportunity will provide financial assistance to State Health Insurance Assistance Programs (SHIPs) and/or Aging and Disability Resource Centers (ADRCs) to provide options counseling to Medicare-Medicaid Individuals (dual eligibles) to ensure that these individuals have access to an unbiased and consumer friendly source of information and counseling distinct from the Demonstration Plans and Enrollment Brokers to help them make informed decisions about options they have for receiving their Medicare and Medicaid benefits.

Applicant Eligibility:

Eligible applicants from the CMS-approved Financial Alignment States include any one of the State agencies that administers the ADRC and/or SHIP programs(s) within the State (e.g. State Unit on Aging, State Department of Insurance, a State Disability Agency, State Medicaid Agency or other State entity).

Beneficiary Eligibility:

State Medicaid Agencies and the Medicaid Agencies in the Federal Territories This cooperative agreement only serves beneficiaries that are dually eligible for Medicare and Medicaid coverage.

Credentials/Documentation:

Yes. In order to apply, applicants must include a copy of the signed MOU with CMS to implement an approved Financial Alignment model. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The standard application form SF-424 and related forms must be used for this program. In addition to the standard forms, applicants must provide a copy of the signed MOU with CMS to implement an approved Financial Alignment model. Applicants should review the application and submission information in the funding opportunity announcement for specific instructions on applying for this cooperative agreement program.

Award Procedure:

Successful applicants will receive a Notice of Award (NoA) signed and dated by the Grants Management Officer.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application

deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

Length and Time Phasing of Assistance:

This Cooperative Agreement is being funded for a period of performance of three (3) years, with support beyond the first year contingent upon acceptable evidence of satisfactory progress, and continuing program relevance. See the following for information on how assistance is awarded/released: Successful applicants will receive a Notice of Award. Unsuccessful applicants will be notified by letter. Applicants should review the award administration information of the funding opportunity announcement issued under this CFDA program for more information.

Reports:

Yes. Applicants should review the individual funding opportunity announcement for information on programmatic and evaluation reporting requirements. Yes. Submit a quarterly electronic Federal Financial Report (FFR) via the Payment Management System. The quarterly report identifies cash transactions against the authorized funds for the grant. The FFR Cash Transaction Reports must be filed within 30 days of the end of each quarter. Failure to submit the report may result in the inability to access grant funds. Go to - www.dpm.psc.gov for additional information. The final FFR, including both cash transactions and expenditures, must be submitted and received within 90 days of the end of the project period. Yes. Applicants should review the individual funding opportunity announcement for information on programmatic and evaluation reporting requirements. Yes. Grantees must include expenditures on the annual FFR (submitted at the end of each annual year). The final FFR must be submitted within 90 days after the end of the project period end date and include both cash transactions and expenditures data. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Proper accounting records, identifiable by project number including all receipts and expenditures must be maintained for 3 years. Subsequent to audit, they must be maintained until all questions are resolved.

93.627 AFFORDABLE CARE ACT: TESTING EXPERIENCE AND FUNCTIONAL ASSESSMENT TOOLS

TEFT

FEDERAL AGENCY:

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

Section 2701 of the Affordable Health Care Act.

OBJECTIVES:

To support State Medicaid agencies in testing, collecting, and reporting the Initial Core Set of Health Care Quality Measures for Adults Enrolled in Medicaid to CMS. Additionally, the grant funding will also support States efforts to use this data for improving the quality of care for adults covered by Medicaid.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Each participating State Medicaid grantee will be required to implement a grant project with the following three aims:

1. Testing and evaluating methods for collection and reporting of the Initial Core Set Measures in varying delivery care settings (e.g. managed care, fee-for-service, long term care settings such as nursing homes and intermediate care facilities). States are encouraged to demonstrate alignment with existing methods and infrastructures for collection and reporting [e.g., Health Information Technology for Economic and Clinical Health (HITECH), Medicaid Management Information Systems (MMIS)];
2. Developing staff capacity to report the data, analyze, and use the data for monitoring and improving access and the quality of care in Medicaid; and
3. Conducting at least two Medicaid quality improvement projects related to the Initial Core Set Measures. States are encouraged to consider alignment with CMS or other Federal quality improvement activities such as the National Quality Strategy, Strong Start Initiative, Partnership for Patients, Million Hearts Initiative, etc. States may not use funds as the State's share of the Medicaid program costs or as supplemental Disproportionate Share Hospital (DSH) payments.

Applicant Eligibility:

Grant applicants are limited to the 51 State Medicaid Agencies and the

Medicaid Agencies in the US Territories. .

Beneficiary Eligibility:

N/A.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applicants must register on www.grants.gov in order to apply for this grant. Applicants are encouraged to register early as the registration process can take as long as four weeks if all steps are not completed in a timely manner. The standard application form SF-424 and related forms must be used for this program. Applicants must submit their applications electronically through <http://www.grants.gov>. Applicants are encouraged to submit a non-binding Letter of Intent to Apply. Letters of Intent to Apply are not required and a states submission or failure to submit a letter has no bearing on the scoring of proposals received. Applicants should review the application and submission information in the funding opportunity announcement for specific instructions on applying for this grant program.

Award Procedure:

CMS will make a decision for each application received. Each applicant will receive written notification of CMS decision. Applicants approved for a grant award must submit a letter of acceptance to CMS within 30 days of the date of award, agreeing to the terms and conditions of the award letter.

Deadlines:

Aug 15, 2013 to Aug 14, 2017 Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days.

93.628 AFFORDABLE CARE ACT IMPLEMENTATION SUPPORT FOR STATE DEMONSTRATIONS TO INTEGRATE CARE FOR MEDICARE-MEDICAID ENROLLEES

ACA Implementation Support for State Demonstrations (ISSD)

FEDERAL AGENCY:

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

Patient Protection and Affordable Care Act, P.L. 111-148, section 3021.

OBJECTIVES:

Through this Funding Opportunity, Centers for Medicare & Medicaid Services (CMS) seeks to fund activities necessary to implement the demonstrations to integrate care for Medicare-Medicaid enrollees, especially those that promote beneficiary engagement and protection of beneficiary rights. The purpose of the cooperative agreement is to provide funding over a two-year period to states that previously had design contracts and also have a signed Memorandum of Understanding (MOU) with CMS to implement a CMS-approved demonstration.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Awardees will implement the Cooperative Agreement following CMS direction. CMS seeks to fund activities necessary to implement the demonstrations to integrate care for Medicare-Medicaid enrollees, especially those that promote beneficiary engagement and protection of beneficiary rights. Implementation tasks will vary, but could include:
Beneficiary and provider outreach and education;
Participant ombudsmen activities to support individual advocacy and independent systematic oversight with a focus on compliance with principles of community integration, independent living, and person-centered care in the home and community based care context;
Independent enrollment broker and information and assistance for beneficiaries;
Stakeholder engagement;
Provider training;
Ongoing monitoring of health plans, care coordination entities, and providers, including network adequacy;
Improvement to and execution of grievances and appeals;
Ongoing processes to confirm network adequacy;
Tracking claims and quality data;
Actuarial analysis and rate-setting;
State-level IT systems modifications to support beneficiary enrollment and

data collection and reporting; and

Evaluation activities that do not duplicate those performed by the CMS independent evaluator for the demonstration.

Awardees will develop and submit implementation plans that describe how the awardee will manage the project. Awardees must submit regular progress reports to summarize progress against milestones identified in the implementation plans. The following standard requirements apply to applications and awards under the ISSD funding opportunity announcement: Specific administrative and policy requirements of Grantees as outlined in 45 CFR 92.2 CFR Part 225 (previously OMB Circular A-87) and OMB Circulars A-102 and A-133 apply to this cooperative agreement opportunity.

All awardees under this project must comply with all applicable Federal statutes relating to nondiscrimination including, but not limited to:

Title VI of the Civil Rights Act of 1964,

Section 504 of the Rehabilitation Act of 1973,

The Age Discrimination Act of 1975,

Hill-Burton Community Service nondiscrimination provisions, and

Title II Subtitle A of the Americans with Disabilities Act of 1990,

All equipment, staff, other budgeted resources, and expenses must be used exclusively for the project identified in the awardees original cooperative agreement application or agreed upon subsequently with HHS, and may not be used for any prohibited uses.

Prohibited Uses of Cooperative Agreement Funds

To match any other federal funds.

To provide services, equipment, or supports that are the legal responsibility of another party under federal or state law (e.g., vocational rehabilitation or education services) or under any civil rights laws. Such legal responsibilities include, but are not limited to, modifications of a workplace or other reasonable accommodations that are a specific obligation of the employer or other party.

To supplant existing state, local, or private funding of infrastructure or services, such as staff salaries, etc.

To be used by local entities to satisfy state matching requirements.

To provide infrastructure for which federal Medicaid matching funds are available at the 90 / 10 matching rate, such as certain information systems projects.

To pay for the use of specific components, devices, equipment, or personnel that are not integrated into the application.

Construction or alteration and renovation of real property (A&R).

Any equipment, (including information technology equipment), over \$5,000 must be approved by CMS.

Applicant Eligibility:

Funding under this opportunity is only available to states that were previously awarded a State Demonstration to Integrate Care for Dual Eligible Individuals - Design Contract in 2011 and associated state designated entities (i.e., those entities designated by those state Medicaid agencies) that are authorized by law to administer cooperative agreements, grants, and contracts in support of state programs. Funding is only available once the state has signed a Memorandum of Understanding with CMS to implement their demonstration design.

Beneficiary Eligibility:

Under this funding opportunity, interventions shall primarily target individuals enrolled in both Medicare and Medicaid.

Credentials/Documentation:

Applicants must be states that were previously awarded a State Demonstration to Integrate Care for Dual Eligible Individuals Design Contract in 2011 and associated state designated entities that are authorized by law to administer cooperative agreements, grants, and contracts in support of state programs. These States may submit applications, but funding is only available once the state has signed a Memorandum of Understanding with CMS to implement their demonstration design.

Applications must include a cover letter expressing support from the state Medicaid director. If applicable, this letter shall express support for the state designated entity to apply and administer the cooperative agreement.

In addition to this documentation, the application is expected to address how the applicant will implement the cooperative agreement program, including how the implementation activities are necessary to implement the

demonstration. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. N/A

Award Procedure:

The review process will include the following:

Applications will be screened to determine eligibility for further review using the criteria detailed in the solicitation. Applications received late or that fail to meet the eligibility requirements or do not include the required forms will not be reviewed.

Applications must include a cover letter of support from the state Medicaid director. If not, the applicants submission will not receive further consideration and will not be eligible for award.

A team consisting of staff from HHS and potentially other outside experts will review all applications. The review panel will assess each application to determine the merits of the application and the extent to which the proposed program furthers the purposes of the program. CMS reserves the option to request that applicants revise or otherwise modify their applications and budget based on the recommendations of the panel.

Applications will be scored with a total of 100 points available. The following criteria will be used to evaluate applications received in response to this solicitation. More information about each criteria can be found in the funding opportunity announcement.

o Proposed approach (40 points)

o Organizational capacity and management plan (25 points)

o Evaluation and reporting (10 points)

o Budget and budget narrative (25 points)

The results of the objective review of the applications by qualified experts will be used to advise the approving HHS official. Final award decisions will be made by an HHS program official. In making these decisions, the HHS program official will take into consideration: recommendations of the review panel; the extent to which the requested resources directly support demonstration implementation efforts; any overlap with existing resources that support implementation; the extent to which the state is committing state resources to implementation efforts; the reasonableness of the estimated cost to the government and anticipated results; likelihood that the proposed project will result in the benefits expected; and availability of funding.

Successful applicants will receive one cooperative agreement per application issued under this announcement, pending the signing of an MOU with CMS to implement the demonstration design.

Deadlines:

Jan 28, 2012 to May 29, 2013: Applications are due January 28, 2012. A second round of applications is due April 15, 2013. A third round of applications is due May 29, 2013. Applications are due January 28, 2012. A second round of applications is due April 15, 2013. A third round of applications is due May 29, 2013. The anticipated period of performance is two years from award. The anticipated funding period for the January 28, 2013 applicants is March 15, 2013 March 14, 2015. The anticipated funding period for the April 15, 2013 applicants is May 29, 2013 to May 28, 2015. The anticipated funding period for the May 29, 2013 applicants is July 15, 2013 to July 14, 2015.

Range of Approval/Disapproval Time:

The anticipated notice of cooperative agreement dates are approximately March 15, 2013, May 29, 2013, and July 15, 2013.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Percent: 25%. 25% in year two only.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The project period of performance is two years. For the first 12-month period of performance, cooperative agreement funding may cover 100% of approved implementation activities during this period.

In the second 12-month period of performance, cooperative agreement funding is available for 75% of the costs of approved implementation activities. The applicant must fund the remaining 25%. See the following for information on how assistance is awarded/released: Award will be made through cooperative agreements.

Reports:

Awardees must submit semi-annual Progress Reports that describe their activities, outcomes related to their goals, challenges and lessons learned with final copies of formal funding agreements developed during the grant period attached. The semi-annual Progress Reports shall also detail how cooperative agreements funds were used for each six-month period.

In the second budget period, the report shall report expenditure of the non-federal share. This information shall be provided to CMS using the SF-424A form. CMS will use this information to monitor operations.

Awardees must agree to cooperate with any federal evaluation of the program and provide required quarterly, semi-annual, and final reports in a form prescribed by CMS. Awardees must submit a semi-annual electronic SF-425 via the Payment Management System and to the CMS Office of Acquisition and Grants Management/Grants Specialist. The report identifies cash expenditures against the authorized funds for the cooperative agreement.

Failure to submit the report may result in the inability to access funds.

Awardees must submit semi-annual Progress Reports that describe their activities, outcomes related to their goals, challenges and lessons learned with final copies of formal funding agreements developed during the grant period attached. The semi-annual Progress Reports shall also detail how cooperative agreements funds were used for each six-month period.

In the second budget period, the report shall report expenditure of the non-federal share. This information shall be provided to CMS using the SF-424A form. CMS will use this information to monitor operations.

Within 90 days of the end of the cooperative agreement, the awardee shall submit a final report to CMS that summarizes federal and state expenditures for implementation activities, review lessons learned, and inform CMS about implementation needs to replicate successful demonstrations in other states or make potential future Medicare and Medicaid policy changes. Awardees shall detail how cooperative agreement funds were used for each six-month period. This information shall be provided to CMS using the SF 424A. Awardees will be monitored based on their progress to execute the implementation plan and achieve the outcomes developed collaboratively between CMS and the awardee during the first 25 calendar days of the cooperative agreement.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Awardees must track data required for tracking progress in the implementation plan and for semi-annual progress reports and the final report.

93.630 DEVELOPMENTAL DISABILITIES BASIC SUPPORT AND ADVOCACY GRANTS

(State Councils on Developmental Disabilities and Protection and Advocacy Systems)

FEDERAL AGENCY:

Administration for Community Living, Department of Health and Human Services

AUTHORIZATION:

Developmental Disabilities Assistance and Bill of Rights Act of 2000, Title I, Section 121, Public Law 106-402, 42 U.S.C 15021-15045. , Title I, Section 121, Public Law 106-402, 42 U.S.C 15021-15045., Title I, Section 121, Public Law 106-402, 42 U.S.C 15021-15045.

OBJECTIVES:

Developmental Disabilities Basic Support and Advocacy Grants: To enable individuals with developmental disabilities to become independent, productive, integrated and included into their communities. Funding under these programs is to assist States in the development of a plan for a comprehensive and coordinated system of services and other activities to enhance the lives of individuals with developmental disabilities and their families to their maximum potential, and to support a system which protects the legal and human rights of individuals with developmental disabilities.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Developmental Disabilities Basic Support and Advocacy Grants: (1) Allotments under the basic developmental disabilities formula grant program may be used by States for priority area and other activities, including administrative costs, to build capacity, to refocus existing services, and to

advocate to better meet the needs of individuals with developmental disabilities. The designated State agency in each State receives, accounts for and disburses funds, and provides for required assurances and other administrative support services on behalf of the State Developmental Disabilities Council, which carries out the priority area activity and other activities under an approved five year State Plan. This plan and corresponding budget is developed and administered by the State Developmental Disabilities Council. Federal funds may be expended for up to half the cost of the functions of the designated State agency under this program, but may not exceed five percent of a State's allotment or \$50,000, whichever is less. (2) Allotments under the protection and advocacy program may be used to assist States in supporting a system which will have authority to pursue legal and other remedies to protect the rights of individuals with developmental disabilities within the State.

Applicant Eligibility:

State grant agencies are the designated State agencies of the respective States, the District of Columbia, Puerto Rico, Virgin Islands, Guam, Northern Mariana Islands, American Samoa. Under the basic developmental disabilities program, the designated State agency must not provide or pay for services to individuals with developmental disabilities, unless it has held such designation on the date of the enactment of the Developmental Disabilities Assistance and Bill of Rights Act Amendments of 1994, and the Governor of the State (or the legislature, where appropriate and in accordance with State law) determines prior to June 30, 1994, not to change the designation of such agency. The State can only receive funding under the basic developmental disabilities program if it is also participating in the protection and advocacy program. The agency designated to implement the State system under the protection and advocacy program cannot provide or pay for services to individuals with developmental disabilities, and that agency must have authority to obtain access to records of individuals with developmental disabilities.

Beneficiary Eligibility:

To be eligible for a grant, an agency must be designated to administer the program on behalf of the State. The Basic Program benefits individuals with developmental disabilities through systems change. The Protection and Advocacy system benefits individuals with developmental disabilities. Developmental disability is defined here as a severe chronic disability of an individual that is attributable to mental, physical, or a combination of impairments, is manifested before age 22, that is likely to continue indefinitely, that results in substantial functional limitations in three or more of the following major life activities (self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, and economic self-sufficiency), and that reflects an individual's lifelong need for services. Infants and children from birth to age 9, inclusive, are included if they have a developmental delay or condition with a high probability of resulting in developmental disabilities if services are not provided.

Credentials/Documentation:

Costs will be determined in accordance with 45 CFR 75. OMB Circular No. A-87 applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Basic Support: Requests for allotments are submitted in the form of a State plan, which must be submitted not less than every 5 years, and must address all of the requirements of the Statute. Protection and Advocacy: Application is made by the State's submission of a description of the Protection and Advocacy system in the State and appropriate assurances as required by law, and by annual submission statement on the goals and priorities.

Award Procedure:

Formula awards are processed through a payment management system to the State.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

None.

Appeals:

Appeals are processed in accordance with HHS regulations in 45 CFR, Part 16.

Renewals:

Automatic, under approved application.

Formula and Matching Requirements:

Statutory Formula: Title I Programs for Individuals with Developmental Disabilities, Public Law 106-402.

Matching Requirements: Percent: 25%. Match is only for the Councils. No match is required for Protection and Advocacy allotments.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Funds provided under allotments must be obligated by states by the end of the fiscal year following the fiscal year for which appropriations were received. Such obligation must be liquidated by the end of the following fiscal year. Payments are made through Electronic Transfer System or, when such is not practicable, on basis of payment requests from the State to meet current needs. Method of awarding/releasing assistance: lump sum.

Reports:

Not Applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. , Title I, Section 161, Public Law 106-402, 42 U.S.C 15081-15083.

OBJECTIVES:

To provide for grants, contracts and cooperative agreements for projects of national significance that create opportunities for individuals with intellectual and developmental disabilities to directly and fully contribute to, and participate in, all facets of community life; and support the development of national and State policies that reinforce, promote the self-determination, independence, productivity, and integration and inclusion of individuals with intellectual and developmental disabilities in all facets of community life.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

PNS Uses and Restrictions: Project grants, contracts, and cooperative agreements are approved for personnel, equipment, travel, supplies, etc. Duplicative Federal assistance is precluded. Uses include: (1) Family support activities; (2) Projects that educate policy makers; (3) projects that conduct data collection and analysis; (4) projects that provide technical assistance for developing information and referral systems; (5) Federal interagency initiatives; (6) technical assistance to self-advocacy organizations of individuals with intellectual and developmental disabilities; (7) projects that enhance opportunities for individuals with intellectual and developmental disabilities who are from racial and ethnic minority backgrounds; (8) projects that address the needs of aging individuals with intellectual and developmental disabilities and caregivers of adults with developmental disabilities; (9) projects concerning the transition of youth with intellectual and developmental disabilities from school to work and to adult life; and (10) other projects of national significance. Funds are not awarded solely for direct service delivery, construction, or for the continuation or expansion of existing projects, but rather for projects which are considered innovative and likely to have significant national impact.

Applicant Eligibility:

In general, any State, local, public or private nonprofit organization or agency may apply.

Beneficiary Eligibility:

In general, any State, local, public or private nonprofit organization or agency may apply.

Credentials/Documentation:

Proof of community need and consistency with developmental disabilities State Plans. Proof of nonprofit status. Compliance with statutes, regulations, and approval of State agency and DHHS/ACF Regional Offices. Costs and administrative procedures will be determined in accordance with Part 75 of Title 45 of the Code of Federal Regulations. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Forms and instructions for project grants are available from HHS Central Office and the appropriate DHHS-ACF Regional Office. Forms and instructions for projects of national significance grants are available at www.grants.gov. One signed original and two copies of the grant application are required, including all attachments, and must be submitted to the address specified in the application kit. Three additional copies would be useful to facilitate processing. In addition, concurrently, one (1) copy of the application should be submitted to the applicant's DD State Council and two (2) copies to the appropriate State Single Point of Contact (SPOC) for review and comment as per Executive Order 12372, "Intergovernmental Review of Federal Programs." (Addresses for State Developmental Disabilities Councils and SPOCs are included in the application kit.) The application must be signed by an individual authorized to act for the applicant agency and to assume for the agency the obligations imposed by the terms and conditions of the grant award including the regulations for the Projects of National Significance Grants Program.

Award Procedure:

Applications are reviewed and recommendations made by the Central Office, Administration on Intellectual and Developmental Disabilities. Successful applicants are notified through the issuance of a Financial Assistance Award which sets forth in writing the amount of funds granted, the purpose of the grant, the terms and conditions of the grant award, the effective date of the award, the budget period for which support is given and the total grantee participation. The initial award, when applicable, also specifies the project period for which support is contemplated.

93.636 ACA - REINVESTMENT OF CIVIL MONEY PENALTIES TO BENEFIT NURSING HOME RESIDENTS

FEDERAL AGENCY:

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

Patient Protection and Affordable Care Act (Public Law 111-148); Health Care and Education Reconciliation Act (Public Law 111-152).

OBJECTIVES:

The purpose of this funding opportunity is to solicit applications to participate in a national federal grant program using Civil Money Penalty funds from nursing homes to support and otherwise benefit nursing home residents.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Requested funds must be used entirely for activities that protect or improve the quality of care for nursing home residents. These activities must be approved by CMS and may include, but are not limited to:

1. Support and protection of residents of a facility that closes (voluntarily or involuntarily).
2. Time-limited expenses incurred in the process of relocating residents to home and community-based settings or another facility when a facility is closed (voluntarily or involuntarily) or downsized pursuant to an agreement with the State Medicaid agency.
3. Projects that support resident and family councils and other consumer involvement in assuring quality care in facilities.
4. Facility improvement initiatives approved by CMS, such as joint training of facility staff and surveyors or technical assistance for facilities implementing quality assurance and performance improvement program, when such facilities have been cited by CMS for deficiencies in the applicable requirements.
5. Development and maintenance of temporary management or receivership capability such as but not limited to, recruitment, training, retention or other system infrastructure expenses. However, as specified in 488.415(c), a temporary managers salary must be paid by the facility. Conflict of Interest Prohibitions: CMS will not approve projects for which a conflict of interest exists or the appearance of a conflict of interest exists. Similarly, we will generally not approve uses of CMP funding for very long term projects (greater than 3 years).

Duplication: CMP funds may not be used to pay entities to perform functions which they are already paid by state or federal sources. In addition, CMP funds may not be used to fund state legislative directives for which no or inadequate state funds have been appointed.

Capitol Improvement: CMP funds may not be used to pay for capital improvement to a nursing home, or to build a nursing home, as the value of such capital improvement accrues to a private party (the owner).

Nursing Home Services or Supplies: CMP funds may not be used to pay for nursing home services or supplies that are already the responsibility of the nursing home, such as laundry, linen, food, heat, staffing costs.

Temporary Manager Salaries: CMP funds may not be used to pay the salaries of temporary managers who are actively managing a nursing home.

Supplementary Funding of Federally Required Services: For example, CMP funds may not be used to recruit or provide Long Term Care Ombudsman certification training for staff or volunteers or investigate and work to resolve complaints as these are among the responsibilities of the Long Term Care Ombudsman programs under the federal Old Americans Act, regardless of whether funding is adequate to the purpose.

Applicant Eligibility:

CMS seeks to fund activities that protect or improve the quality of care for residents. Funding under this opportunity is available to organizations/associations that are authorized by law to administer grants and contracts in support of national and regional programs.

Beneficiary Eligibility:

N/A.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

Award Procedure:

The review process will include the following:

Applications will be screened to determine eligibility for further review using the criteria detailed in this solicitation. Applications received late or from organizations that are not eligible will not be reviewed and will not be eligible for award.

A team consisting of staff from HHS and potentially other outside experts will review all applications. The review panel will assess each application to determine the merits of the application and the extent to which the proposed program furthers the purposes of the program. CMS reserves the option to request that applicants revise or otherwise modify their applications and budget based on the recommendations of the panel.

The results of the objective review of the applications by qualified experts will be used to advise the approving HHS official. Final award decisions will be made by an HHS approving official. In making these decisions, the HHS approving official will take into consideration: recommendations of the review panel; the extent to which the requested resources directly support implementation efforts; any overlap with existing resources that support implementation; the extent to which the state is committing state resources to implementation efforts; the reasonableness of the estimated cost to the government and anticipated results; likelihood that the proposed project will result in the benefits expected; and availability of funding.

Successful applicants will receive one grant award per application issued under this announcement. CMS reserves the right to approve or deny any or all applications for funding. Section 1115A(d)(2) of the Social Security Act states that there is no administrative or judicial review of the selection of organizations, sites, or participants to test models under section 1115A.

**93.638 ACA-TRANSFORMING CLINICAL PRACTICE INITIATIVE:
PRACTICE TRANSFORMATION NETWORKS (PTNS)**

TCPI

FEDERAL AGENCY:

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

Section 1115A of the Social Security Act (the Act), as added by 3021 of the Affordable Care Act, which authorizes the Center for Medicare & Medicaid Innovation (CMMI or the Innovation Center) to test innovative payment and service delivery models to reduce spending under Medicare, Medicaid, or CHIP, while preserving or enhancing the quality of care furnished to beneficiaries under those programs. The TCPI is a service delivery model that tests whether providing technical assistance in a specific complex adaptive manner will enable clinicians and their practices to rapidly transform the way they deliver care to patients, resulting in improved health outcomes and reduced costs.

The authority for the TCPI model is section 1115A of the Social Security Act (the Act). Under section 1115A(d)(1) of the Act, the Secretary of Health and Human Services may waive such requirements of Titles XI and XVIII and of sections 1902(a)(1), 1902(a)(13), and 1903(m)(2)(A)(iii) as may be necessary solely for purposes of carrying out section 1115A with respect to testing models described in section 1115A(b). For this model and consistent with this standard, the Secretary may consider issuing waivers of certain fraud and abuse provisions in sections 1128A, 1128B, and 1877 of the Act. Waivers are not being issued in this document; waivers, if any, would be set forth in separately issued documentation. Thus, notwithstanding any other provision of this Funding Opportunity Announcement, awardees and subawardees must comply with all applicable laws and regulations, except as explicitly provided in any such separately documented waiver issued pursuant to section 1115A(d)(1) specifically for the TCPI model. Any such waiver would apply solely to the TCPI model and could differ in scope or design from waivers granted for other programs or models.

OBJECTIVES:

The Transforming Clinical Practice Initiative (TCPI) model will test whether a three-pronged approach to national technical assistance will enable large scale transformation of thousands of clinician practices to deliver better care and result in better health outcomes at lower costs.

Practice Transformation Networks (PTN) formed by group practices, health care systems, and others that join together to serve as trusted partners to provide clinician practices with quality improvement (QI) expertise, best practices, coaching and help as they prepare and begin clinical and operational practice transformation. These organizations will collaboratively lead clinicians and practices through the TCPI phases of transformation, achieve the TCPI goals, and through adaptive redesign position these clinicians and their practices to be sustainable components of the changing care delivery system.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

The funds shall be used to implement, manage toward results, and evaluate models that support system transformation toward higher quality care at lower costs. Award dollars cannot be used for specific components, devices, equipment, or personnel that are not integrated into the entire service delivery model proposal. Funds shall not be used to build or purchase health information technology or other information technology that exceed more than 10% of total costs of the applicants proposed budget. CMS will not fund proposals that

replicate models that CMS is currently testing in other initiatives.

Applicant Eligibility:

Interstate
Intrastate
Local
Sponsored Organizations
Federally Recognized Indian Tribal Government
Private Nonprofit Institution/Organization
Quasi-public Nonprofit Institution/Organization
Other private Institution/Organization
Native American Organization
Specialty group
Small Business
Profit Organization
Other public Institution/Organization
Public Nonprofit Institution/Organization
Other public Institution/Organization
*Clinicians receiving other CMMI support (e.g. CPCI) and those already participating in alternate payment programs (e.g. Medicare Shared Savings Program) are not eligible for participation in TCPI.

Beneficiary Eligibility:

The Beneficiary eligibility includes the list as noted above with the exception of:

Federal, Interstate
Intrastate
Student/Trainee and Graduate Students
Artist/Humanist
Engineer/Architect, Builder/Contractor/Developer
Farmer/Rancher/Agriculture Producer
Industrialist/Business Person
Small Business Person
Homeowner
Property Owner
Anyone/General Public.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

Award Procedure:

Successful applicants will receive a Notice of Award (NoA) signed and dated by the CMS Grants Management Officer that will set forth the amount of the award and other pertinent information. The award will also include standard Terms and Conditions, and may also include additional specific cooperative agreement terms and conditions. Potential applicants should be aware that special requirements could apply to cooperative agreement awards based on the particular circumstances of the effort to be supported and/or deficiencies identified in the application by the review panel.

The NoA is the legal document issued to notify the awardee that an award has been made and that funds may be requested from the HHS payment system. The NoA will be sent electronically to the awardee organization as listed on its SF 424. Any communication between CMS and awardees prior to issuance of the NoA is not an authorization to begin performance of a project.

Unsuccessful applicants will be notified by letter, sent through electronically to the applicant organization as listed on its SF 424.

Deadlines:

Oct 23, 2014 to Jan 06, 2015 Applications are due in grants.gov for this FOA

by January 6, 2015. Applicants are highly encouraged to submit a Letter of Intent by November 20, 2014.

Range of Approval/Disapproval Time:

The anticipated date of awards for Transforming Clinical Practice Initiative is April 2015.

Length and Time Phasing of Assistance:

N/A. Method of awarding/releasing assistance: quarterly.

Reports:

CMS plans to continuously monitor PTN awardees for this model test through monthly, quarterly and annual reporting requirements in order to ensure that milestones that they are responsible for achieving are met, and to ensure that technical assistance and recruitment activities are being conducted in a manner that is effective, as well as equitable toward and inclusive of CMS beneficiaries and the medically underserved. This will include quarterly monitoring trends in a PTNs recruited clinicians and their practices characteristics, as well as utilization patterns for populations served by PTN participants. We will be requiring regular aggregate reporting of practice population characteristics, attrition and accretion, and utilization stratified by the payer categories: Medicare, Medicaid, CHIP, commercial, and other, in order to monitor equity in both composition and impact of services. Doing so will also allow us to estimate cost savings by payer category. These data would be reported by the PTN on a monthly basis, and will also be used to assess savings impacts for the model over time. In addition, we will use existing CMS data (Medicare fee for service claims data) and reporting systems (physician quality reporting and meaningful use program data) as part of our monitoring efforts, in order to minimize the reporting burden on practices participating in PTNs. The Federal Financial Report (FFR or Standard Form 425) has replaced the SF-269, SF-269A, SF-272, and SF-272A financial reporting forms. All grantees must utilize the FFR to report cash transaction data, expenditures, and any program income generated.

Grantees must report on a quarterly basis cash transaction data via the Payment Management System (PMS) using the FFR in lieu of completing a SF-272/SF272A. The FFR, containing cash transaction data, is due within 30 days after the end of each quarter. The quarterly reporting due dates are as follows: 4/30, 7/30, 10/30, 1/30. A Quick Reference Guide for completing the FFR in PMS is at: www.dpm.psc.gov/grant_recipient/guides_forms/ffr_quick_reference.aspx.

In addition to submitting the quarterly FFR to PMS, Grantees must also provide, on an annual basis, a report to be uploaded into GrantSolutions which includes their expenditures and any program income generated in lieu of completing a Financial Status Report (FSR) (SF269/269A). Expenditures and any program income generated should only be included on the annually submitted FFR, as well as the final FFR. Annual hard-copy FFRs should be mailed and received within 30 calendar days of the applicable year end date. The final FFR should be uploaded in GrantSolutions within 90 calendar days of the project period end date. More details will be outlined in the Notice of Award. Awardees must agree to cooperate with any Federal evaluation of the model and performance results and provide required quarterly, semi-annual (every six months), annual and final (at the end of the cooperative agreement period) reports in a form prescribed by CMS. In the implementation of TCPI, applicants will receive qualitative and quantitative data from their recruited practices. Applicants selected as PTNs will submit reports electronically. These reports will include how cooperative agreement funds were used, describe project or model progress, and describe any barriers, delays, and measurable outcomes. CMS will provide the format for project and model reporting and

technical assistance necessary to complete required report forms. Awardees must also agree to respond to requests that are necessary for the evaluation of the TCPI model and provide data on key elements of model performance and on results from the cooperative agreement activities. No expenditure reports are required. CMS will enlist a third party entity to assist CMS in monitoring the model implementation and testing performance results and outcomes. CMS plans to collect data elements to be part of monitoring for all of the different networks, and these monitoring and surveillance elements will feed into the evaluation. All awardees will be required to cooperate in providing the necessary data elements to CMS or a CMS contractor. The contractor would assist CMS in developing a cost, quality, and population health monitoring and review network performance to ensure requirements are met; tracking performance across awardees and providing for rapid cycle evaluation and early detection of performance problems; developing a system to collect, store, and analyze data to assess health care cost and utilization, quality performance, and population health improvements and assisting with awardee implementation, including coordination between awardees and CMS and its other contractors.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

93.640 BASIC HEALTH PROGRAM (AFFORDABLE CARE ACT) (BHP)

FEDERAL AGENCY:

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

Section 1331 of the Patient Protection and Affordable Care Act, (Pub. L. 111-148), and the Health Care and Education Reconciliation Act of 2010 (Pub. L. 111.152, enacted March 30, 2010) which are collectively referred to as the Affordable Care Act.

OBJECTIVES:

Section 1331 of the Affordable Care Act gives states the option of creating a Basic Health Program (BHP), a health benefits coverage program for low-income residents who would otherwise be eligible to purchase coverage through the Health Insurance Marketplace. The program is for specified individuals who do not qualify for Medicaid but whose income does not exceed 200 percent of the federal poverty level (FPL).

TYPES OF ASSISTANCE:

Insurance

USES AND USE RESTRICTIONS:

The federal BHP payment is made to a state trust fund for BHP. Funds in the state trust fund may not be used for any purposes other than paying BHP

benefits and reducing premiums and cost-sharing for eligible individuals enrolled in BHP standard health plans. BHP Trust funds may not be expended for any purpose other than those specified above. In addition, BHP trust funds may not be used for purposes including but not limited to: (1) determining the amount of non-federal funds for the purposes of meeting matching or expenditure for federal funding; (2) program administration of BHP or any other program; (3) payment to providers not associated with BHP services or requirements; or (4) coverage for individuals not eligible for BHP. BHP Trust funds may not be expended for any purpose other than those specified in section 070 above. In addition, BHP trust funds may not be used for other purposes including but not limited to: (1) Determining the amount of non-Federal funds for the purposes of meeting matching or expenditure requirements for Federal funding; (2) Program administration of BHP or any other program; (3) Payment to providers not associated with BHP services or requirements; or (4) Coverage for individuals not eligible for BHP.

Applicant Eligibility:

Any State that submits a BHP Blueprint may be considered for certification by the Secretary of HHS.

Beneficiary Eligibility:

The program is for specified individuals who do not qualify for Medicaid but whose income does not exceed 200 percent of the federal poverty level (FPL).

Credentials/Documentation:

The BHP Blueprint is a comprehensive written document submitted by the state to the Secretary for certification of a BHP in the form and manner specified by HHS. The Blueprint will establish compliance with applicable requirements by including a description, or if applicable, an assurance of: (1) minimum benefits offered including essential health benefits; (2) the competitive process that the state will undertake to contract for the provision of standard health plans; (3) the standard contract requirements that the State will incorporate into its standard health plan contracts; (4) the methods by which the State will enhance the availability of standard health plan coverage; (5) the methods by which the state will ensure and promote coordination with other insurance affordability programs; (6) the premium standards; (7) the cost sharing imposed under the BHP; (8) the disenrollment procedures and consequences of nonpayment of premiums; (9) the standards used to determine eligibility for the program; (10) the states policies regarding enrollment, disenrollment and verification, along with a plan to ensure coordination with and eliminate gaps in coverage for individuals transitioning to other insurance affordability programs; (11) the fiscal policies and accountability procedures; (12) the process by which BHP trust fund trustees shall be appointed, the qualifications and responsibilities of such trustees, and any arrangements to insure or indemnify such trustees against claims or breaches of their fiduciary responsibilities; (13) a description of how the state will ensure program integrity; (14) an operational assessment establishing operating agency readiness; (15) a transition plan if a state participating in 2015 plans to propose an alternative enrollment strategy for initial implementation. This program is excluded from coverage under OMB Circular No. A-87. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

Award Procedure:

The Secretary will certify a BHP Blueprint provided it meets all of the following standards: (1) The Blueprint contains sufficient information for the Secretary to determine that the BHP will comply with the requirements of section 1331 of the Affordable Care Act and Part 600 of 42 CFR; (2) The BHP Blueprint demonstrates adequate planning for the integration of BHP with other insurance affordability programs in a manner that will permit a seamless, coordinated experience for a potentially eligible individual; (3) The Blueprint is a complete and comprehensive description of the BHP and its operations, demonstrating thorough planning and a concrete program design, without

reserved decisions on operational features.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

The Blueprint should be submitted with enrollment data and premium information at least 6 weeks prior to effective date requested.

Appeals:

Not Applicable.

Renewals:

In the event that a State seeks to make significant changes that alter program operations, the BHP benefit package, enrollment, disenrollment and verification policies described in the certified BHP Blueprint, the state must submit a revised Blueprint to the Secretary for review and certification. The State is responsible for continuing to operate under the terms of the existing certified Blueprint until and unless a revised Blueprint is certified.

Formula and Matching Requirements:

Statutory Formula: 42 CFR Part 600 [CMS-2380-FM] RIN 0938-ZB12 -- Annual Federal Funding Methodology published in Federal Register.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

N/A. Method of awarding/releasing assistance: quarterly.

Reports:

The state must submit an annual report that includes any evidence of fraud, waste, or abuse on the part of participating providers, plans, or the state BHP agency known to the state, and a detailed data-driven review of compliance with the following: (1) eligibility verification requirements; (2) limitations on the use of Federal funds; (3) requirements to collect quality and performance measures from all participating standard health plans focusing on quality of care and improved health outcomes; (4) requirements specified by the Secretary at least 120 days prior to the date of the annual report as requiring further study to assess continued state compliance with federal law, regulations and the terms of the states certified Blueprint. No cash reports are required. No progress reports are required. No expenditure reports are required. To determine whether the state is complying with the Federal requirements and the provisions of its BHP Blueprint, HHS may review, as needed, but no less frequently than annually, the compliance of the state with applicable laws, regulations and interpretive guidance. No cash reports are required. No progress reports are required. No expenditure reports are required. To determine whether the State is complying with the Federal requirements and the provisions of its BHP Blueprint, HHS may review, as needed, but no less frequently than annually, the compliance of the State with applicable laws, regulations and interpretive guidance.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

a) Maintain an accounting system and supporting fiscal records to assure that the BHP trust funds are maintained and expended in accord with the applicable federal requirements such as OMB Circulars A-87 and A-133. (b) Obtain an annual certification from the BHP trustees, the states chief financial officer, or designee, certifying all of the following: (1) the states BHP trust fund financial statement for the fiscal year; (2) The BHP trust funds are not being used as non-federal share for purposes of meeting any matching of expenditure requirement of any federally-funded program; (3) the use of BHP trust funds is in accordance with federal requirements consistent with those specified for the administration and provision of the program. (c) Conduct an independent audit of BHP trust fund expenditures over a 3 year period to determine that expenditures made in 3 year period were allowable; (d) Publish annual reports on the use of funds, including a separate line item that tracks the use of funds to

further reduce premiums and cost sharing or for the provision of additional benefits within 10 days of approval by the trustees and findings of audit conducted under (c) above if applicable.

93.643 CHILDREN'S JUSTICE GRANTS TO STATES

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Child Abuse and Treatment Act (CAPTA), Section 107, 42 U.S.C 5106 et. seq.

OBJECTIVES:

To encourage states to enact reforms which are designed to improve (1) the assessment and investigation of suspected child abuse and neglect cases, including cases of suspected child sexual abuse and exploitation, in a manner that limits additional trauma to the child and the child's family; (2) the assessment and investigation of cases of suspected child abuse-related fatalities and suspected child neglect-related fatalities; (3) the investigation and prosecution of cases of child abuse and neglect, including child sexual abuse and exploitation; and (4) the assessment and investigation of cases involving children with disabilities or serious health-related problems who are suspected victims of child abuse or neglect.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Funds are to be used for (a) investigative, administrative, and judicial handling of cases of child abuse and neglect, including child sexual abuse and exploitation, as well as cases involving suspected child maltreatment related fatalities and cases involving a potential combination of jurisdictions, such as interstate, federal-state, and state-tribal, in a manner which reduces the additional trauma to the child victim and the victim's family and which also ensures procedural fairness to the accused; (b) experimental, model, and

demonstration programs for testing innovative approaches and techniques which may improve the prompt and successful resolution of civil and criminal court proceedings or enhance the effectiveness of judicial and administrative action in child abuse and neglect cases, particularly child sexual abuse and exploitation cases, including the enhancement of performance of court-appointed attorneys and guardians ad litem for children, and which also ensure procedural fairness to the accused; and (c) reform of state laws, ordinances, regulations, protocols and procedures to provide comprehensive protection for children from abuse, including sexual abuse and exploitation, while ensuring fairness to all affected persons. To receive funds, states must meet eligibility requirements stated in the authorizing statute.

Applicant Eligibility:

States (including Puerto Rico and the District of Columbia), Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Marianas.

Beneficiary Eligibility:

Beneficiaries include state governments and victims of child abuse and neglect, particularly child sexual abuse and exploitation.

Credentials/Documentation:

Applicable costs and administrative procedures will be determined in accordance with 45 CFR Part 75. Applications require certification and/or documentation that the state meets eligibility requirements described in the Social Security Act (the Act). 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

No preapplication is required. Advice and technical assistance to state applicants are available from the Children's Bureau, Office on Child Abuse and Neglect within the Administration on Children, Youth and Families. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. No Federal forms are required, but certain assurances and information described in the Annual Program Instruction must be included.

Award Procedure:

Applications will be reviewed against all eligibility requirements contained in the authorizing legislation. All eligible state and territorial governments will receive funding.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days. Deadlines will be contained in the Program Instruction sent to each state and other eligible entities announcing the availability of funds under this program.

Appeals:

Appeals are processed in accordance with HHS regulations in 45 CFR, Part 16.

Renewals:

Grants are made annually. A new application is required each year.

Formula and Matching Requirements:

Statutory Formula:

Matching Requirements: There is no matching requirement. Each state receives a base amount of \$50,000 with an additional amount based on the population of children under age 18 in each state. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grant funds may be expended for a period of 2 years after the end of the fiscal year in which the funds are awarded. Method of awarding/releasing assistance: lump sum.

Reports:

Program reports are not applicable. Financial reporting is conducted through the PSC-272. Program progress reporting requirements are described in the Program Instructions. Financial reporting requirements are described in the Program Instructions. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. 93.644 ADULT MEDICAID QUALITY: IMPROVING MATERNAL AND INFANT HEALTH OUTCOMES IN MEDICAID AND CHIP**FEDERAL AGENCY:**

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

The Patient Protection and Affordable Care Act (Pub. L. 111-148) Section 2701 Adult Health Quality Measures.

OBJECTIVES:

To support State Medicaid agencies in testing, collecting, and reporting to CMS a new developmental quality measure as part of the Center for Medicaid and CHIP Services (CMCS) Maternal and Infant Health Initiative. Additionally, the grant funding will support States efforts to use these data to increase the rate of pregnancies that are intended through increased use of effective contraception.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

1. States may use grant funds to improve data validation methods/initiatives, evaluate data sources and measures, and train and educate providers in collecting and reporting the measure.
2. States may use funds for staff training in the use of tools for collecting and analysis of data from claims, surveys, medical records, or encounter records.
3. States may use the grant funding to develop a plan to sustain collection beyond the grant period.
4. States may use the grant funds to participate in CMCS sponsored technical assistance activities related to the Initiative measure.

Applicant Eligibility:

Grant applicants are limited to the 51 State Medicaid Agencies and the Medicaid Agencies in the US Territories.

Beneficiary Eligibility:

Reports:

States are required to submit performance measurement data annually via the measure reporting system, as well as provide a final, written progress report. Federal Financial Report (FFR or Standard Form 425) has replaced the SF-269, SF-269A, SF-272, and SF-272A financial reporting forms. All grantees must utilize the FFR to report cash transaction data, expenditures, and any program income generated.

Grantees must report on a quarterly basis cash transaction data via the Payment

Management System (PMS) using the FFR in lieu of completing a SF-272/SF-272A. The FFR, containing cash transaction data, is due within 30 days after the end of each quarter. The semi-annual reporting due dates are as follows: 1/30, 4/30, 7/30, 10/30. States are required to submit performance measurement data annually via the measure reporting system, as well as provide a final, written progress report. Grantees must provide, on an annual basis, a Federal Financial Report (FFR) to CMS which includes their expenditures and any program income generated in lieu of completing a Financial Status Report (FSR) (SF-269/269A). States are required to submit performance measurement data annually via the measure reporting system, as well as provide a final, written progress report.

93.645 STEPHANIE TUBBS JONES CHILD WELFARE SERVICES PROGRAM

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title IV-B, Part Subpart 1; as amended.

OBJECTIVES:

The purpose of the Stephanie Tubbs Jones Child Welfare Services program is to promote state and tribal flexibility in the development and expansion of a coordinated child and family services program that utilizes community-based agencies and ensures all children are raised in safe, loving families.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Funds may be used for the following purposes: (a) protecting and promoting the welfare of all children; (b) preventing the abuse, neglect, or exploitation of children; (c) supporting at-risk families through services that allow children to remain with their families or return to their families in a timely manner; (d) promoting the safety, permanence, and well-being of children in foster care and adoptive families; and (e) providing training, professional development, and support to ensure a well-qualified workforce. State and Tribal grantees may spend no more than 10 percent of the Federal allocation under title IV-B, subpart 1 for administrative costs. States may also not spend (or use as required matching funds) more title IV-B, subpart 1, funds for child care, foster care maintenance and adoption assistance payments than the State expended for those purposes in FY 2005. In addition, the amount of state expenditures of non-Federal funds for foster care maintenance payments that may be used as match for the title IV-B, subpart 1 award may not exceed the amount of such non-Federal expenditures applied as state match for title IV-B, subpart 1 for the FY 2005 grant.

Applicant Eligibility:

States, the District of Columbia, Indian tribes, Puerto Rico, the Northern Marianas, the U.S. Virgin Islands, Guam, and American Samoa.

Beneficiary Eligibility:

Families and children in need of child welfare services will benefit.

Credentials/Documentation:

For states, the department which administers the services program under Title XX must be the designated single state agency to administer child welfare services. Costs will be determined in accordance with 45 CFR Part 75.

. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. A 5-year plan must be submitted. A full plan (every five years) or a plan update is due for submission by June 30th of each year. The plan must be jointly developed by the Secretary and the state or Indian tribe and written after consultation with appropriate public and nonprofit private agencies and community-based organizations. The plan must coordinate the provision of services under Title IV-B with services under other Federal or federally-assisted programs serving the same populations.

Award Procedure:

Funds will be awarded after the plan, or annual update, is submitted and approved.

Deadlines:

Jun 30, 2017 and June 30th of each year.

Range of Approval/Disapproval Time:

The Plan or update is due by June 30 of each year. Approval/disapproval is due by September 30 of each year.

Appeals:

Appeals are processed in accordance with Health and Human Services (HHS) regulations in 45 CFR 16.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula:

Matching Requirements: Percent: 25%. Each state (including territories) receives a base allotment amount of \$70,000. The Stephanie Tubbs Jones Federal Child Welfare Services appropriation is further allotted on a variable formula which takes into account the child population under 21 and the complement of the state per capita income compared to the U.S. per capita income. The statistical factors used to fund allocations are: (1) the population of children under 21 years of age by State and the source is "Current Population Reports", P-25 Bureau of the Census; and (2) 3-year average per capita income by State and the source is the Bureau of Economic Analysis, Department of Commerce.

Each eligible tribes allotment is derived from the allotment for the state in which the tribe is located and is based on the state population under 21, the number of Indian children in the tribal population, and the multiplication factor determined by the Secretary in accordance with 45 CFR 1357.40(d)(6). Matching Requirements: Federal financial participation is available up to the full allotment at the rate of 75 percent for allowable program expenditures made by the grantee. Grantees must provide a 25 percent match for these expenditures. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grants are available for obligation and liquidation in the FY granted and in the subsequent FY. Grant awards are made quarterly on a fiscal year basis through a letter of credit. An electronic fund transfer system will be used for monthly cash draw-downs from Federal Reserve Banks. Method of awarding/releasing assistance: quarterly.

Reports:

At the end of the fifth fiscal year, a final review of progress toward accomplishment of goals is due. Interim reviews of progress toward accomplishment of the goals of the plan are due at the end of each of the first four fiscal years. An SF-425 financial status report must be submitted for the funds awarded in each Federal fiscal year (FFY) within three months after the close of the FFY in which the funds were granted (interim report) and again within three months after the close of the subsequent FFY (final report). Performance monitoring of state agencies is conducted through the Child and Family Services Review (CFSR) process in accordance with 45 CFR 1355.31 - 1355.37. Required financial reporting is described above. Required progress reporting is described above. Required expenditure reporting is described above. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Audits are conducted in accordance with the requirements in 45 CFR Part 75 Subpart F.

Records:

Grantees must develop and maintain records which permit review of expenditures in accordance with the provisions of 45 CFR 75.361.

Account Identification:

93.646 ACA TESTING A MODEL OF DATA AGGREGATION UNDER THE COMPREHENSIVE PRIMARY CARE INITIATIVE FEDERAL AGENCY:

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

Section 1115a of the Social Security Act, as added by Section 3021 of the Patient Protection and Affordable Care Act (ACA), authorizes the Centers for Medicare and Medicaid Innovation (CMMI or the Innovation Center) to test innovative payment and service delivery models to reduce spending under Medicare, Medicaid, or CHIP, while preserving or enhancing the quality of care furnished to beneficiaries under those programs.

OBJECTIVES:

The Comprehensive Primary Care (CPC) initiative is a multi-payer initiative fostering collaboration between public and private health insurance companies (payers) to strengthen primary care. Recognizing that the impact of any one payer alone is limited, the payers in CPC have committed to establishing an approach that is coordinated with that of the Innovation Center to transform the way in which primary care is practiced and financially supported.

In May-July 2012, the Innovation Center executed a Memorandum of Understanding (MOU) with each participating payer. One of the stated goals in the MOU is improving the flow of cost and utilization data to CPC primary care practices to support practices in their efforts to improve outcomes through care coordination and quality improvement. The MOU described a collaboration by which each regional group of payers with CMS input would produce a written plan that outlines how participating payers will transition to a common

approach for sharing data with participating primary care practices.

The MOU defined this endeavor in the following way:

... If an appropriately structured and protected multi-payer claims data system exists or can be created in [Market] to support a common approach for sharing data with participating primary care practices, the Innovation Center and [payer] will submit its data to the system.

In order to improve care coordination and support practices to provide better patient care, payers have agreed to work together to improve data-sharing to practices. The goal of data aggregation is to combine patient-level cost and utilization data from all payers in a uniform and actionable format so that physicians can better coordinate care across their entire population. This data will help CPC primary care practices deliver better care to their patients by providing information to support their efforts to improve care outcomes through care coordination and quality improvement. CPC practices have been asking for this data to be aggregated for their practice rather than to receive it individually from each payer, which has been cumbersome and less useful for them in managing the health of their patients. Payers in four CPC regions have been delivering data in this format, but Medicare data has not to date been included.

The purpose of this program is to support vendors in four CPC regions to combine Medicare claims data with claims data from other commercial payers in each respective region and create actionable feedback reports for practices to improve care coordination and population health, and decrease costs. The end-users of this aggregated data are the CPC practices; including Medicare data in this demonstration is central to the stated goal of improving care coordination by providing actionable data to primary care practices. We are proposing to add Medicare data in CPC regions with existing multi-payer databases to test a model of data aggregation within the CPC initiative to better understand how Medicare data may be incorporated and used by practices to improve care coordination and quality improvement. The activities funded by these cooperative agreements are projected to run for the duration of the CPC initiative, currently scheduled to end December 31, 2016.

Specifically, these cooperative agreements are intended for vendors in four CPC regions:

Taconic Health Information Network Community (THINC) in the Capital-District Hudson Valley region of New York;

The Health Collaborative in the Cincinnati-Dayton region of southwestern Ohio and northern Kentucky;

MyHealth in the greater Tulsa region of Oklahoma; and
Rise Health in Colorado

The CPC payers in each region have selected the vendors listed above as their data aggregation vendors and have asked CMS to provide Medicare data to these vendors to be included in these existing multi-payer databases. Each group of regional payers is structuring their data aggregation system independently (i.e. these efforts are not connected across regions). Each group of regional payers has already entered into contractual relationships with their respective vendors. The data aggregation vendors, the intended awardees for these cooperative agreements, are establishing multi-payer claims databases specific to the payer data for the CPC practices in their geographic region. CMS participation in the data aggregation initiative will pay for Medicare data to be incorporated into the multi-payer databases serving CPC practices in each respective region (New York, Ohio/Kentucky, Oklahoma, and Colorado).

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

All funds awarded should be expended only for carrying out approved projects in accordance with the intent of the cooperative agreement as stipulated in the notice of the award. Specifically, funds should be used toward establishing or expanding an existing data aggregation system that supports the following duties:

* Process and manipulate Medicare FFS administrative data, including claims files;

* Aggregate Medicare data with data from regional payers;

* Prepare reports, charts, and graphs that display healthcare data at the patient-level, with ability to group patients by payer, health care system, practice, care team, and provider. Healthcare data may include but is not limited to utilization, cost, diagnoses, and prescription medications. These reports should be available to all participating practices in the specified region, as well as to CMS and its contractor. These reports should include:

* Patient de-identified reports that can be shared with all participants;

* Patient-identifiable reports for practices aggregated with that of regional payers, as consistent with HIPPA privacy rules;

* Patient-identifiable reports on Medicare beneficiaries for Medicare consumption based on data aggregated with that of regional payers, as consistent with HIPPA privacy rules.

Applicant Eligibility:

This project will ultimately benefit the primary care health professionals who participate in CPC and their patients. The aggregated data will be used by the primary care health professionals to improve care coordination and population health management, and to decrease costs. This project will also benefit payers and healthcare researchers, as well as the general public.

Beneficiary Eligibility:

This project will ultimately benefit the primary care health professionals who participate in CPC and their patients. The aggregated data will be used by the primary care health professionals to improve care coordination and population health management, and to decrease costs. This project will also benefit payers and healthcare researchers, as well as the general public.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

Award Procedure:

Applications will be forwarded to a review panel. The review panel will evaluate the proposals based on how well they address the evaluation criteria outlined in the FOA. Based on the advice of the review panel, the CMS selection official will approve the selected application and issue a Notice of Award. Successful applicants will receive a Notice of Award (NoA) signed and dated by the CMS Grants Management Officer that will set forth the amount of the award and other pertinent information. The award will also include standard Terms and Conditions. Applicants should be aware that special requirements could apply to cooperative agreement awards based on the particular circumstances of the effort to be supported and/or deficiencies identified by the review panel.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 30 to 60 days.

Appeals:

From 15 to 30 days. We will allow 30 day rework time for applications not approved.

Renewals:

The budget and project period for each Cooperative Agreement will be 12 months from the date of award. The estimated budget and project period for the first round of awards is 12 months from the date of award with one non-competing continuation period.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Applicants must have secured commitments for matching funds from other sources.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

N/A. Method of awarding/releasing assistance: quarterly.

Reports:

As part of the activities funded by these awards, the awardee must make reports available to all participating CPC practices in the specified region, as well as to CMS and its contractors. These reports should include:

- * Patient de-identified reports that can be shared with all participants;
- * Patient identifiable reports for practices based on data aggregated with that of regional payers, as consistent with HIPPA privacy rules;
- * Patient-identifiable reports on Medicare beneficiaries for Medicare consumption based on data aggregated with that of regional payers, as consistent with HIPPA privacy rules. No cash reports are required. CMS plans to continuously monitor awardees through quarterly reporting requirements in order to ensure that the data aggregation services are being performed in line with the stated goals. Awardees must agree to cooperate with any Federal evaluation and monitoring of the activities funded by these cooperative agreements and provide quarterly and final (at the end of the cooperative agreement period) reports, as well as any additional reports required.

The awardee will be responsible for providing ongoing ad hoc status updates at the request of CMS program staff, as well as formal reports at regular intervals as described below:

- * Quarterly Progress reports: Quarterly reports should be brief, summarize progress toward the goals outlined in the implementation plan, and should be submitted within 30 calendar days of the end of each quarter. The quarterly progress reports will include an overview of progress, analysis of challenges, discuss key lessons, and provide mitigation strategies for addressing barriers during implementation. The report should also detail how cooperative agreement funds were used for the past three-month period. This information shall be provided to CMS using the SF-424A form. CMS will use this information to monitor operations.
- * Final Report: No later than 90 calendar days after the end of the cooperative agreement, the awardee shall submit a final report to CMS. The final report will summarize outcomes of the cooperative agreement, expenditures for all related activities, review key challenges and lessons learned, and discuss the future and sustainability of the data aggregation services built. The program requires expenditure reports monthly from the start date of the award. The expenditure report should include a narrative summary of all expenditures made using Federal funding. Performance will be monitored through Quarterly Progress Reports as described in Question 4 above.

Audits:

No audits are required for this program.

CRITERIA FOR SELECTING PROPOSALS:

Applications must adhere to the format described in the FOA. The application must include:

- Project Abstract (not exceeding 1 page)
- Project Narrative (not exceeding 20 pages)
- Proposed Approach
- Organizational Capacity and Management
- Plan for Evaluation and Reporting
- Appendices

The applications will be evaluated based on how well they have addressed the above components, with emphasis on the applicants capacity for conducting data aggregation duties required by the program. This includes: evidence of prior relationships with payers and practices in the region, a demonstrated understanding of the data aggregation needs of health insurers and primary care practices in the region, and a clear plan of action on achievable objectives within one year and subsequent award years.

93.647 SOCIAL SERVICES RESEARCH AND DEMONSTRATION SSRD

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title XI, Section 1110, 42 U.S.C 1310.

OBJECTIVES:

To promote research and demonstrations related to the prevention and reduction of dependency or the administration and effectiveness of programs related to that purpose.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Grants and cooperative agreements are awarded for innovative research, demonstrations, and evaluations that are responsive to the Administration for Children and Families (ACF) program priorities. All applications must meet standards of excellence in research, demonstration, or evaluation design. Construction or the purchase of real estate are not allowable under these grants or contracts. Further, these funds may not be used to supplement the cost of program operations otherwise capped under the law. Organizations may not use funds under these grants or contracts to engage in inherently religious activities, such as worship, religious instructions, or proselytizing. In addition, an organization receiving ACF funds shall not, in providing ACF-funded services, discriminate against a program beneficiary or prospective program beneficiary on the basis of religion or religious belief. Regulations pertaining to the Equal Treatment for Faith-Based Organizations, which include the prohibition against Federal funding of inherently religious activities, as well as provisions related to nondiscrimination against religious organizations and the ability of religious organizations to maintain their religious character, can be found at either 45

CFR 87.1 or the HHS Web site at <http://www.hhs.gov/partnerships/about/regulations/>. Discretionary funding may be used for contracts, including cooperative agreements, for the cost of research or demonstration projects, or which will aid in effecting coordination and planning between private and public welfare agencies or which will improve the effectiveness of programs carried on or assisted under the Social Security Act or related programs.

Applicant Eligibility:

Grants and cooperative agreements may be made to or with governmental entities, colleges, universities, nonprofit and for-profit organizations (if fee is waived), and faith-based and community organizations. Grants and cooperative agreements cannot be made directly to individuals.

Beneficiary Eligibility:

Children, youth, and families, especially low-income families, will benefit.

Credentials/Documentation:

Applicants must present written evidence of other agencies' willingness to cooperate when the project involves the use of other agencies, facilities, or services. Nonprofit organizations which have not previously received ACF program support must submit proof of nonprofit status. For State and local governments, costs will be determined in accordance with Chapter III Part 300 45 CFR Part 75 and Chapter II Part 200. For other grantees, applicable costs and administrative procedures will be determined in accordance with 45 CFR Part 75. 2 CFR 200, Subpart E - Cost Principles applies to this program . 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applicants will be able to find a synopsis of grant or cooperative agreement opportunities and apply electronically for opportunities via: www.Grants.gov. Applicants will also be able to find the complete text of grant announcements on the ACF web site located at: <http://www.acf.hhs.gov/grants/index.html>.

Award Procedure:

Official notice of approved grant applications is made through issuance of a Notice of Award (NOA). This provides the amount awarded, the purpose of the award, the terms and conditions of the award, the budget period for which support is given, the total project period for which support is contemplated, and the total grantee participation.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 365 days. Generally, solicited grants and cooperative agreements will be acted upon within 120 days.

Appeals:

Appeals are processed in accordance with HHS regulations in 45 CFR Part 16.

Renewals:

Grant extensions and continuations are available if formally applied for and approved. If an application is recommended for approval for 2 or more years, the grantee must submit a formal request for a non-competitive continuation application each year accompanied by a progress report which will be evaluated prior to a recommendation of continuation.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Funds are granted on a 1- to 5-year basis, with support beyond the first year contingent upon acceptable evidence of satisfactory progress, continuing program relevance, and availability of funds. See the following for information

on how assistance is awarded/released: Post award, our Division of Payment Management will establish an account from which a grantee may draw down awards. For additional information on this process see: http://www.dpm.psc.gov/grant_recipient/new_grantee_information/hhs_grantee_info.aspx?explorer.event=true.

Reports:

No program reports are required. No cash reports are required. Grantees are required to submit performance progress reports (ACF-OGM-SF-PPR) throughout the project period. Performance progress reports are due 30 days after the reporting period. Final performance reporting reports are due 90 days after the close of the project. Reporting forms are available at http://www.acf.hhs.gov/grants/grants_resources.html. Grantees will be required to submit financial expenditure reports throughout the project period. Financial reports are due 30 days after the reporting period. Final financial reports are due 90 days after the close of the project period. Grantees use the Financial Status Report (FSR) SF-425 for required financial reporting. Reporting forms are available at http://www.acf.hhs.gov/grants/grants_resources.html. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. All fiscal transactions identifiable to Federal financial assistance are subject to audit by the HHS audit agency, and other Federal officials.

Records:

Proper accounting records, identifiable by grant number and including all receipts and expenditures, must be maintained for 3 years in accordance with 45 CFR 75.361. Subsequent to audit, they must be maintained until all questions are resolved, or at the end of the regular 3-year period, whichever is later.

93.649 NUTRITION AND PHYSICAL ACTIVITY PROGRAMS

Micronutrient

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title 42, Section 243, 247b(k)(2).

OBJECTIVES:

The purpose of this program is to achieve three goals related to risk factors for illness, disability, and premature death as follows:

Improve dietary quality to support healthy child development and reduce chronic disease

Decrease prevalence of obesity through prevention of weight gain and maintenance of healthy weight.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

More specific goals will be provided in funding opportunities. In general, assistance requested under this program is to:

Implement and affect behavioral, policy, system level and environmental changes through approaches that are the most effective

Increase the body of evidence-based approaches, educational resources and opportunities for healthy food and activity choices, access and number of healthy and affordable food and beverages outlets and places to be physically active.

Improved dietary quality most related to the population burden of chronic disease and unhealthy child development, including micronutrients.

Measured environmental changes in the adoption of food service,

breastfeeding, nutrition, physical activity and obesity standards in schools and child care centers, schools, worksites and communities that promote and reinforce healthful behaviors and practices.

Funds may be used for costs associated with planning, data collection, organizing, and the implementation of program elements related to the objectives identified in 050 above. Recipients may expend funds for reasonable policies, systems and environmental program purposes, including personnel, travel, supplies, and services, such as contractual to reduce risk factors, prevent and delay chronic disease. Recipients may not use funds for research.

Recipients may not use funds for clinical care. Recipients may not generally use funding for the purchase of furniture or equipment. Any such proposed spending must be identified in the budget. The recipient must perform a substantial role in carrying out project objectives and not merely serve as a conduit for an award to another party or provider who is ineligible.

Applicant Eligibility:

Additional eligibility requirements may apply for funding opportunities that address high needs/risks and disparate populations.

Beneficiary Eligibility:

Additional eligibility requirements may apply for funding opportunities that address high needs/risks and disparate populations.

Credentials/Documentation:

Additional eligibility requirements may apply for funding opportunities that address high needs/risks and disparate populations. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program.

Award Procedure:

After review and approval, a notice of award is prepared and processed, along with appropriate notification to the public, initial award provides funds for first budget period (usually 12 months) and Notice of Award indicates support recommended for the remainder of project period, allocation of Federal funds by budget categories, and special conditions, if any. However, applicants are encouraged to call CDC for programmatic technical assistance prior to the development and submission of their assistance application.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 120 to 180 days. No applicants other than non-competing will be eligible for the current five year period.

Appeals:

Not Applicable.

Renewals:

From 120 to 180 days. Renewals will be based upon the availability of funding and satisfactory programmatic progress.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Project periods are for 1 to 5 years with 12-month budget periods based on individual funding opportunities. Method of awarding/releasing assistance: lump sum.

Reports:

Semi-annual reports from each entity awarded a grant, cooperative agreement, or contract, summarizing the activities undertaken and identifying any sub-grants or sub-contracts awarded (including the purpose of the award and the identity of the recipient), to be posted not later than 30 days after the end of each 6-month period. No cash reports are required. Reporting provides continuous program monitoring and identifies successes and challenges that awardees encounter throughout the project period. Also, reporting is a requirement for awardees who want to apply for yearly continuation of funding. Awardees must submit an Annual Performance Report via www.grants.gov 120 days before the end of each budget period. The report must not exceed 45 pages excluding administrative reporting; attachments are not allowed, but Web links are allowed. This report must include the following: performance measures, evaluation results, work plan, successes, challenges, CDC program support needs, and administrative reporting. The annual FFR form (SF-425) is required and must be submitted through eRA Commons within 90 days after each budget period ends. The report must include only those funds authorized and disbursed during the timeframe covered by the report. The final report must indicate the exact balance of unobligated funds, and may not reflect any unliquidated obligations. The final FFR expenditure data and the Payment Management Systems (PMS) cash transaction data must correspond; no discrepancies between the data sets are permitted. Failure to submit the required information by the due date may affect adversely the future funding of the project. If the information cannot be provided by the due date, awardees are required to submit a letter of explanation and include the date by which the information will be provided. Awardees must provide a more detailed evaluation and performance measurement plan within the first six months of the project. This more detailed plan must be developed by awardees as part of first-year project activities, with support from CDC. This more detailed plan must build on the elements stated in the initial plan, and must be no more than 25 pages. Awardees are required to submit performance measures annually as a minimum, and may require reporting more frequently. Performance measure reporting is limited to data collection. When funding is awarded initially, CDC programs will specify required reporting frequency, data fields, and format.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Financial records, supporting documents, statistical records, and all other records pertinent to the project must be kept readily available for review by personnel authorized to examine PHS grant accounts. Records must be maintained for a minimum of 3 years after the end of a budget period. If questions still remain, such as those raised as a result of an audit, records must be retained until completion or resolution of any audit in process or pending resolution. Property records must be retained in accordance with PHS Grants Policy Statement requirements.

93.650 ACCOUNTABLE HEALTH COMMUNITIES

AHC

FEDERAL AGENCY:

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

Section 1115A of the Social Security Act (the Act), as amended by section 3021 of the Affordable Care Act (ACA), authorizes the Innovation Center to test innovative payment and service delivery models to reduce Medicare, Medicaid, or CHIP expenditures, while preserving or enhancing the quality of beneficiaries care. The AHC is a service delivery model under section 1115A that tests whether systematic screening for health-related social needs in clinical settings, along with referral to community resources and navigation services, impacts overall health care cost and utilization.

OBJECTIVES:

The Centers for Medicare & Medicaid Services (CMS), Center for Medicare and Medicaid Innovation (the Innovation Center), will assess whether systematically identifying the health-related social needs of community-dwelling Medicare and Medicaid beneficiaries, including those who are dually eligible, and addressing their identified needs impacts those beneficiaries total health care costs and their inpatient and outpatient utilization. Section 3021 of the ACA authorizes the Innovation Center to design, implement and evaluate innovative payment and service delivery models to improve quality and reduce costs. Rigorous evaluation requirements of the models impact influence model design parameters.

The Accountable Health Communities (AHC) Model is based on emerging evidence that addressing health-related social needs through enhanced clinical-community linkages can improve health outcomes and reduce costs. This model will support community collaboration to systematically: (1) screen beneficiaries to identify unmet health-related social needs; (2) refer beneficiaries to increase awareness of community services; (3) provide person-centered navigation services to assist beneficiaries with accessing community services; and (4) align clinical and community services to ensure that

community services are available and responsive to the needs of beneficiaries. The expectation is that these efforts will lead to a reduction in health care utilization and costs.

The funding opportunity announcement (FOA) offered three interventions of varying intensity (each referred to as a track) to better link beneficiaries to community services: the Assistance Track Intervention, the Alignment Track Intervention or a third opportunity called the Awareness Track. The Awareness Track opportunity has subsequently been withdrawn.

The Assistance Track Intervention will test whether assisting beneficiaries with accessing services through community service navigation impacts total health care cost and inpatient and outpatient health care utilization. This intervention offers universal screening of health-related social needs, use of a community resource inventory to connect beneficiaries to available community services, identification of high-risk beneficiaries as part of a smarter spending strategy to target additional resources where they are needed the most, and community service navigation to assist high risk beneficiaries with resolving health-related social needs. The Alignment Track Intervention builds on the intervention of the Assistance Track and tests whether a combination of navigation services at the individual beneficiary level and partner alignment at the community level impacts ED visits and inpatient hospital admissions. This approach recognizes that there are significant barriers to effective integration of the health care delivery systems, governmental public health systems, and the community-based service system due to different cultures, funding streams and data systems. Effective and responsive infrastructures are needed to ensure that community services are available and address the health-related social needs of beneficiaries. This intervention incorporates innovations included in the Assistance Track and adds structural and financial support designed to foster community-wide realignment of resources to more effectively address beneficiaries health-related social needs.

Successful applicants were selected to participate in a single track for a 5-year period. Although tracks share common design elements, each tracks intervention pathway and underlying hypothesis is distinct.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

The FOA provided three different funding opportunities; eligible entities applied for awards in the Assistance Track, Alignment Track, or a third opportunity called the Awareness Track. The Awareness Track opportunity has subsequently been withdrawn.

The Assistance Track Intervention, through a randomized design, will test whether assisting beneficiaries with accessing community services through community service navigation impacts total health care costs and inpatient and outpatient health care utilization. These cooperative agreements will support systematic screening and referral and community service navigation. Funding for the Assistance Track will support the required work to implement this intervention. CMMI expects successful applicants to: (1) offer to systematically screen all community-dwelling Medicare and Medicaid beneficiaries for health-related social needs; (2) prepare a community referral summary for each beneficiary with a health-related social need and a minimum number of ED visits that addresses the health-related social needs identified through the screening tool; (3) review the community referral summary with each beneficiary with an identified health-related social need; (4) distribute a copy of the community referral summary to each beneficiary with an identified health-related social need; (5) identify high-risk beneficiaries with health-related social needs based on ED utilization history; and (6) provide community service navigation services to high-risk beneficiaries in the intervention group, including an in-depth personal interview, development of a person-centered action plan and follow-up to address health-related social needs.

The Alignment Track Intervention determines whether a combination of referrals to community service providers and community service navigation at the individual beneficiary level and partner alignment at the community level impacts total health care costs and inpatient and outpatient health care utilization. These cooperative agreements will support: systematic screening and referral; community service navigation; and partner alignment. Funding for

the Alignment Track will support the required work to implement this intervention. CMMI expects successful applicants to: (1) offer to systematically screen all community-dwelling Medicare and Medicaid beneficiaries for health-related social needs; (2) prepare a community referral summary for each beneficiary that addresses the health-related social needs identified through the screening tool; (3) review the community referral summary with each beneficiary with an identified health-related social need and a minimum number of ED visits; (4) distribute a copy of the community referral summary to each beneficiary with an identified health-related social need; (5) identify high-risk beneficiaries with health-related social needs based on ED utilization history; (6) provide community service navigation services to high-risk beneficiaries in the intervention group, including an in-depth personal interview, development of a person-centered action plan and follow-up to address health-related social needs; and (7) implement a community-level quality improvement approach whereby the award recipient delineates a geographic target area and assumes certain integrator functions, including convening and working with an Advisory Board, collecting data and using those data to conduct gap analyses, and developing quality improvement plans to inform community decision-making and coordination between clinical delivery sites, community service providers, local government and other partners such as MA plans and MCOs that cover community-dwelling beneficiaries in the geographic target area.

Allowable costs associated with the AHC intervention include:

- Data collection (including at the clinical delivery sites), analysis, and reporting cost associated with program performance and continuous quality improvement;
- Coordination with CMS rapid cycle evaluation, and costs for collecting and preparing data for CMS evaluator;
- Staff resources associated with model management and project management, including travel to AHC workshops and conferences;
- Intervention service delivery costs;
- Tracking system for collecting and reporting metrics required by CMS;
- Infrastructure costs related to providing: systematic screening and referrals, community service navigation, and partner alignment (Alignment);
- Model beneficiary assignment or reconciliation costs;
- Web and internet collaborative learning and communication costs;
- Project management and reporting costs;
- Business operations associated with the model; and
- Model management and administration for consortia and clinical delivery site relationships.

CMS will not fund proposals that duplicate models for populations that are already being funded and tested as part of other CMS or federal government initiatives. CMS will not pay directly for community service provision (e.g., housing, food, violence intervention programs, and transportation) through the AHC Model. Rather, award money will fund systems change interventions to connect beneficiaries with available community services. Costs that are not over and above financing provided for existing Medicaid State plans or waivers series will not be considered. No cooperative agreement funds awarded under this solicitation may be used to reimburse pre-award costs.

Prohibited Uses of Cooperative Agreement funds also include the use of funds to:

- Match any other federal funds;
- Provide services, equipment, or support that are the legal responsibility of another party under Federal or state law or under any civil rights laws;
- Supplant existing federal, state, local, or private funding of infrastructure or services;
- Pay for the use of specific components, devices, equipment, or personnel that are not integrated into the proposed AHC intervention; and
- Lobby or advocate for changes in federal and/or state law. Terms and Conditions:

Cooperative agreements issued under this FOA are subject to the Department of Health and Human Services Grants Policy Statement (HHS GPS) at <http://www.hhs.gov/asfr/ogapa/aboutog/hhsgps107.pdf>. The standard terms and conditions in the HHS GPS will apply as indicated unless there are statutory, regulatory, or award- specific requirements to the contrary. Standard and program specific terms of award will accompany the Notice of Award. Potential applicants should be aware that special requirements could apply to cooperative

agreement awards based on the particular circumstances of the effort to be supported and/or deficiencies identified in the application by the CMS review panel. The recently released Uniform Guidance (2 CFR Part 200) and HHS regulations (45 CFR Part 75) supersedes information on administrative requirements, cost principles, and audit requirements for grants and cooperative agreements included in the current HHS Grants Policy Statement where differences are identified. Awardees must also agree to respond to requests, from CMS that are necessary for the evaluation of national efforts and provide data on core elements of their own cooperative agreement activities.

Cooperative Agreement (Special) Terms and Conditions of Award:

The following categories of special terms of award are in addition to, and not in lieu of, otherwise applicable HHS grant administration policies. CMS reserves the right to include any of these in the cooperative agreement with an appropriate level of specific details, some of which are provided below:

- Reporting (financial, quality, progress)
- Learning and Diffusion (training)
- Stakeholders (public notice, tribal consultation)
- Beneficiaries (related to AHC services)
- Providers (training related to AHC)
- Project monitoring
- Data collection
- Evaluation
- Termination
- Funding
- Financial arrangements
- Operations
- Program Integrity. CMS will not fund proposals that duplicate models for populations that are already being funded and/or tested as part of other CMS or federal government initiatives. CMS will not pay directly for community service provision (e.g., housing, food, violence intervention programs, and transportation) through the AHC Model. Rather, award money will fund systems change interventions to connect beneficiaries with community services. Costs that are not over and above financing provided for existing Medicaid State plans or waivers series will not be considered. No cooperative agreement funds awarded under this solicitation may be used to reimburse pre-award costs.

Prohibited Uses of Cooperative Agreement funds also include the use of funds to:

- Match any other federal funds;
- Provide services, equipment, or support that are the legal responsibility of another party under Federal or state law or under any civil rights laws;
- Supplant existing federal, state, local, or private funding of infrastructure or services;
- Pay for the use of specific components, devices, equipment, or personnel that are not integrated into the proposed AHC intervention; and
- Lobby or advocate for changes in federal and/or state law. CMS will not fund proposals that duplicate models for populations that are already being funded and/or tested as part of other CMS or federal government initiatives. CMS will not pay directly for community service provision (e.g., housing, food, violence intervention programs, and transportation) in any of the three tracks. Rather, award money will fund systems change interventions to connect beneficiaries with community services. Costs that are not over and above financing provided for existing Medicaid State plans or waivers series will not be considered. No cooperative agreement funds awarded under this solicitation may be used to reimburse pre-award costs.

Prohibited Uses of Cooperative Agreement funds also include the use of funds to:

- Match any other federal funds;
- Provide services, equipment, or support that are the legal responsibility of another party under Federal or state law or under any civil rights laws;
- Supplant existing federal, state, local, or private funding of infrastructure or services;
- Pay for the use of specific components, devices, equipment, or personnel that are not integrated into the proposed AHC intervention; and
- Lobby or advocate for changes in federal and/or state law.

Applicant Eligibility:

- Community based organizations
- Individual and group provider practices
- Hospitals and health systems
- Institutions of Higher Education
- Local government entities and tribal organization from all 50 states, United States territories, and the District of Columbia.

Beneficiary Eligibility:

Potential applicants are limited to the eligible entities described in the sections above. Successful applicants will provide intervention services to community-dwelling Medicare and Medicaid beneficiaries, including dually eligible beneficiaries. Community-dwelling beneficiaries include beneficiaries not residing in a correctional facility or long-term care institution (e.g., long stay nursing homes) when accessing clinical care at a participating clinical delivery site. The application will describe the target populations, geographic areas, and communities that will be the focus of the AHC intervention, the current quality and beneficiary experience outcomes, including current needs assessments of health-related social needs, and specific targets to be impacted by the AHC intervention.

Credentials/Documentation:

Employer Identification Number: All applicants must have a valid Employer Identification Number (EIN) assigned by the Internal Revenue Service.

Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS number): All applicants must have a Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS) number in order to apply. The DUNS number is a nine-digit identification number that uniquely identifies business entities. Obtaining a DUNS number is free. To obtain a DUNS number, access the following website: www.dunandbradstreet.com or call 1-866-705-5711. See Section IV, Application and Submission Information, for more information on obtaining a DUNS number.

System for Award Management (SAM)

All applicants must register in the System for Award Management (SAM)* database (<https://www.sam.gov/portal/public/SAM/>) in order to be able to submit an application at <http://www.grants.gov>. In order to register, applicants must provide their DUNS and EIN numbers. Each year, organizations and entities, registered to apply for Federal grants through Grants.gov must renew their registration with SAM. Each year organizations and entities must renew their registration with SAM. Failure to renew SAM registration prior to application submission will prevent an applicant from successfully applying via Grants.gov. Similarly, failure to maintain an active SAM registration during the application review process can prevent CMS from issuing your agency an award under this program. Applicants should begin the SAM registration process as soon as possible after the announcement is posted to ensure that it does not impair your ability to meet required submission deadlines. Applicants must successfully register with SAM prior to submitting an application or registering in the Federal Funding Accountability and Transparency Act Sub-award Reporting System (FSRS) as a prime awardee user; awardees may make sub-awards only to entities that have DUNS numbers.

Organizations must report executive compensation as part of the registration profile at <https://www.sam.gov/portal/public/SAM/> by the end of the month following the month in which this award is made, and annually thereafter (based on the reporting requirements of the Federal Funding Accountability and Transparency Act (FFATA) of 2006 (Pub. L. 109-282), as amended by Section 6202 of Public Law 110-252 and implemented by 2 CFR Part 170). The Grants Management Specialist assigned to monitor the sub-award and executive compensation reporting requirements is Iris Grady, who can be reached at divisionofgrantsmanagement@cms.hhs.gov.

*Applicants were previously required to register with the Central Contractor Registration (CCR). The CCR was a government-wide registry for organizations that sought to do business with the federal government. CCR collected, validated, stored, and disseminated data to support a variety of federal initiatives. This function is now fulfilled by SAM. SAM has integrated the CCR and will also incorporate seven other Federal procurement systems into a new, streamlined system. If an applicant had an active record in CCR prior to the rollout of SAM, an active record would be available in SAM. However, more than a year has passed since the rollout of SAM, so entities must ensure its registration with CCR (through SAM) is still active prior to

applying under this funding opportunity. Please consult the SAM website listed above for additional information. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Letter of Intent to Apply: Required

Application Materials:

Application materials will be available for download at <http://www.grants.gov>. Please note that HHS requires applications for all announcements to be submitted electronically through <http://www.grants.gov>. For assistance with <http://www.grants.gov>, contact support@grants.gov or 1-800-518-4726. At Grants.gov, applicants will be able to download a copy of the application packet, complete it off-line, and then upload and submit the application via the Grants.gov website.

Specific instructions for applications submitted via <http://www.grants.gov>:

You may access the electronic application for this project at <http://www.grants.gov>. You must search the downloadable application page by the CFDA number.

At the <http://www.grants.gov> website, you will find information about submitting an application electronically through the site, including the hours of operation. HHS strongly recommends that you do not wait until the application due date to begin the application process through <http://www.grants.gov> because of the time needed to complete the required registration steps.

The applicant must be registered in the System for Award Management (SAM) database in order to be able to submit the application. Applicants are encouraged to register early, and must have their DUNS and EIN/TIN numbers in order to do so.

Authorized Organizational Representative: The Authorized Organizational Representative (AOR) who will officially submit an application on behalf of the organization must register with grants.gov for a username and password. AORs must complete a profile with Grants.gov using their organizations DUNS Number to obtain their username and password at http://grants.gov/applicants/get_registered.jsp. AORs must wait one business day after successful registration in SAM before entering their profiles in Grants.gov. Applicants should complete this process as soon as possible after successful registration in SAM to ensure this step is completed in time to apply before application deadlines.

When an AOR registers with Grants.gov to submit applications on behalf of an organization, that organizations E-Biz POC will receive an email notification. The email address provided in the profile will be the email used to send the notification from Grants.gov to the E-Biz POC with the AOR copied on the correspondence.

The E-Biz POC must then login to Grants.gov (using the organizations DUNS number for the username and the special password called M-PIN) and approve the AOR, thereby providing permission to submit applications.

Any files uploaded or attached to the Grants.Gov application must be PDF file format and must contain a valid file format extension in the filename. Even though Grants.gov allows applicants to attach any file formats as part of their application, CMS restricts this practice and only accepts PDF file formats. Any file submitted as part of the Grants.gov application that is not in a PDF file format, or contains password protection, will not be accepted for processing and will be excluded from the application during the review process. In addition, the use of compressed file formats such as ZIP, RAR, or Adobe Portfolio will not be accepted. The application must be submitted in a file format that can easily

be copied and read by reviewers. It is recommended that scanned copies not be submitted through Grants.gov unless the applicant confirms the clarity of the documents. Pages cannot be reduced in size, resulting in multiple pages on a single sheet, to avoid exceeding the page limitation. All documents that do not conform to the above specifications will be excluded from the application materials during the review process.

After you electronically submit your application, you will receive an acknowledgement from Grants.gov that contains a Grants.gov tracking number. CMS will retrieve your application package from Grants.gov. Please note that applicants may incur a time delay before they receive acknowledgement that the application has been accepted by the Grants.gov system. Applicants should not wait until the application deadline to apply because notification by Grants.gov that the application is incomplete may not be received until close to or after the application deadline, eliminating the opportunity to correct errors and resubmit the application. Applications submitted after the deadline, as a result of errors on the part of the applicant, will not be accepted.

After CMS retrieves your application package from Grants.gov, a return receipt will be emailed to the applicant contact. This will be in addition to the validation number provided by Grants.gov.

Applications cannot be accepted through any email address. Full applications can only be accepted through <http://www.grants.gov>. Full applications cannot be received via paper mail, courier, or delivery service.

All grant applications must be submitted electronically and be received through <http://www.grants.gov> by 1:00 pm Eastern Daylight Time on the applicable due date. Applications not successfully submitted to Grants.gov by the due date and time will not be eligible for review. All applications will receive an automatic time stamp upon submission and applicants will receive an email reply acknowledging the applications receipt.

Please be aware of the following:

- 1) Search for the application package in Grants.gov by entering the CFDA number. This number is shown on the cover page of this announcement.
- 2) If you experience technical challenges while submitting your application electronically, please contact Grants.gov Support directly at: www.grants.gov/customersupport or (800) 518-4726. Customer Support is available to address questions 24 hours a day, 7 days a week (except on Federal holidays).
- 3) Upon contacting Grants.gov, obtain a tracking number as proof of contact. The tracking number is helpful if there are technical issues that cannot be resolved.

To be considered timely, applications must be received by the published deadline date. However, a general extension of a published application deadline that affects all State applicants or only those in a defined geographical area may be authorized by circumstances that affect the public at large, such as natural disasters (e.g., floods or hurricanes) or disruptions of electronic (e.g., application receipt services) or other services, such as a prolonged blackout. This statement does not apply to an individual entity having internet service problems. In order for there to be any consideration there must be an effect on the public at large.

Grants.gov complies with Section 508 of the Rehabilitation Act of 1973. If an individual uses assistive technology and is unable to access any material on the site including forms contained with an application package, they can email the Grants.gov contact center at support@grants.gov or call 1-800-518-4726.

Format Requirements for Applications:

Each application must include all contents described below, in the order indicated, and conform to the following specifications:

Use 8.5 x 11 letter-size pages (one side only) with 1 margins (top, bottom, and sides). Other paper sizes will not be accepted. This is particularly important because it is often not possible to reproduce copies in a size other than 8.5 x

11.

All pages of the project and budget narratives must be paginated in a single sequence.

Font size must be at least 12-point with an average of 14 characters per inch (CPI).

The Project Narrative must be double-spaced.

The Budget Narrative must be single-spaced and should follow the justifications and table formats provided in the FOA appendix. Sample Budget and Narrative Justifications.

Tables included within any portion of the application must have a font size of at least 12-point with a 14 CPI and may be single spaced. Tables are counted towards the applicable page limits included in the FOA is restricted to a one-page summary which may be single-spaced.

The following additional required documentation is excluded from the page limitations described in the FOA: Standard Forms, applicants copy of previously submitted Letter of Intent, Cover Letter, Project Abstract, Assessment of Program duplication and Implementation plan.

The application is expected to address how the applicant will carry out the implementation and planning work required to meet AHC goals. The application must address application components for the intervention track the applicant is proposing to implement.

Application Package:

The application components listed below are required and must be submitted with the application. Failure to submit these forms will result in an ineligible application that will not be reviewed.

- SF424: Official Application for Federal Assistance
- SF424A: Budget Information Non-Construction
- SF424B: Assurances- Non-Construction Programs
- SF LLL: Disclosure of Lobbying Activities
- Project Site Location Form
- Project Abstract
- Project Narrative
- Implementation Plan
- MOU with state Medicaid agency
- MOU with clinical delivery sites
- MOU with community service providers
- Assessment of Program Duplication
- Health Resource Equity Statement
- Budget Narrative

Award Procedure:

Applications were forwarded to a review panel. The review panel evaluated the proposals based on how well they addressed the evaluation criteria outlined in the FOA. Based on the advice of the review panel, the CMS selection official approved the selected application and issued a Notice of Award. Successful applicants received a Notice of Award (NoA) signed and dated by the CMS Grants Management Officer that set forth the amount of the award and other pertinent information. The award also included standard Terms and Conditions. Applicants should be aware that special requirements could apply to cooperative agreement awards based on the particular circumstances of the effort to be supported and/or deficiencies identified by the review panel.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Notice of Award date: April 1, 2017.

Appeals:

CMS reserves the right to approve or deny any or all proposals for funding. Note that section 1115A of the Social Security Act, which creates the Center for Medicare and Medicaid Innovation (CMMI). Section 1115A(d)(2) states that there is no administrative or judicial review of the selection of organizations, sites, or participants to test models.

Renewals:

The budget and project period for each Cooperative Agreement awarded will be

5 years from the date of award. The project period for the first round of awards is May 1, 2017 April 30, 2022. The grant period consists of five one-year budget periods. Please refer to 1. Executive Summary for periods of performance and budget.

Year one 12-month project and budget period: May 01, 2017 April 30, 2018
Year two 12-month project and budget period: May 01, 2018 April 30, 2019

Reports:

All successful applicants under this announcement must comply with the following reporting and review activities: Progress Reports

Award recipients must agree to cooperate with any Federal evaluation of Accountable Health Communities and at a minimum provide quarterly and final (at the end of the performance period) reports, as required, in the format prescribed by CMS. To facilitate programmatic involvement of CMS, additional information on program progress may be requested in written or verbal formats during monthly progress meetings. Programs not meeting programmatic milestones may be required to provide progress updates as frequently as weekly. Reports will be submitted electronically. Programs should be prepared to report quarterly on each intervention element and their programs progress towards goals. The first quarterly report is estimated to be due August 31, 2017. The program progress narrative report elements include but are not limited to:

- i. Program Name;
- ii. Program Leader Name;
- iii. Reporting Period;
- iv. Budget Status - include amounts for planned expenditure, actual expenditure, and deficit/surplus;
- v. Work Plan Chart/Timeline status;
- vi. Project description - short summary;
- vii. Milestones - Milestones are high-level goals that often define the phases of a project. Record here milestones that have been reached at this point in the project;
- viii. Accomplishments - Tasks that were accomplished during this reporting period;
- ix. Projected Goals - Goals projected to be completed during the next reporting period; and
- x. Issues - Issues that must be addressed for the project to be successful.

The anticipated due date for the first year-end narrative reports is July 31, 2018. Annual project reports for future budget periods will be due within 90 days of

each 12-month budget period with the submission of the non- compete continuation award application.

The anticipated due date for the final progress report is July 31, 2022, 90 days after the end of the project period.

Payment Management Requirements

States must submit a quarterly electronic SF-425 via the payment management system. The report identifies cash expenditures against the authorized funds for the cooperative agreement. Failure to submit the report may result in the inability to access funds.

Federal Financial Report (FFR)

Additional information on financial reporting will be provided in the terms and conditions of award.

Federal Funding Accountability and Transparency Act Reporting Requirements
New awards issued under this funding opportunity announcement are subject to the reporting requirements of the Federal Funding Accountability and Transparency Act of 2006 (Pub. L. 109282), as amended by section 6202 of Public Law 110252 and implemented by 2 CFR Part 170. Grant and Cooperative Agreement recipients must report information for each first-tier sub-award of \$25,000 or more in Federal funds and executive total compensation for the recipients and sub-recipients five most highly compensated executives as outlined in Appendix A to 2 CFR Part 170 (available online at <https://www.fhrs.gov/>). As detailed above, award recipients must agree to cooperate with any federal evaluation of the model and performance results and provide required quarterly, semi-annual (every 6 months), annual and final (at the end of the 5 year performance period) reports in a form prescribed by CMS. Reports will be submitted electronically. These reports will include how cooperative agreement funds were used, describe project or model progress, and describe any barriers, delays, and measurable outcomes. CMS will provide the format for project or model reporting and technical assistance necessary to complete required report forms. Successful applicants must also agree to respond to requests that are necessary for the evaluation of the Model Design, pre-testing assistance, or Model Testing efforts and provide data on key elements of model performance and on results from the cooperative agreement activities. As detailed above, Successful applicants must submit reports to Federal Funding Report and meet Payment Management System reporting requirements. CMS will enlist a third party entity to assist us in monitoring the model implementation and testing performance results and outcomes. CMS plans to collect data elements to be part of monitoring for all of the AHC cooperative agreement recipients, and these monitoring and surveillance elements will feed into the evaluation. All award recipients will be required to cooperate in providing the necessary data elements to CMS or a CMS contractor. The contractor would assist CMS in developing a cost, quality, beneficiary experience, population health monitoring, and review model performance to ensure model design requirements are met; tracking performance across awardees and providing for rapid cycle evaluation and early detection of model performance issues; developing a system to collect, store, and analyze data to assess health care cost and utilization, quality performance, beneficiary experience, and population health improvements and assisting with state implementation, including coordination between states and CMS and its other contractors.

Data for monitoring will include process, safety, and performance measures. It will include, but will not be limited to, data on the background characteristics of the target population and target area, data characterizing the activities of the model testing and a battery of follow-up data describing relevant characteristics of the target population or target area and metrics at selected intervals after commencement of the delivery system and/or payment model. This will include detailed information on participant characteristics and outcomes reported in a standard format. Data for monitoring will be collected from awardees and/or CMS claims data, electronic health records, public health data or other sources. The model monitoring aspect of this initiative will balance the examination of the extent to which awardees demonstrate fidelity to their proposed delivery system and payment models and the potential need to make mid-course

corrections that improve or optimize performance of the delivery system or payment models based on feedback from the monitoring and rapid cycle evaluation findings. The evaluation will also assess whether there is evidence of harm or unintended consequences as a result of the models or testing methods. Payment Management Requirements

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Awardees are required to maintain proper records including financial records, supporting documents, statistical records, and all other records pertinent to the program for the duration of the award, and retain these for a minimum of three years. If any litigation, claim, negotiation, audit, or other action involving the award has been started before the expiration of the three years, the records should be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular three year period, whichever is later.

Account Identification:

REGULATIONS, GUIDELINES, AND LITERATURE:

Cooperative agreements issued under this FOA are subject to the Health and Human Services Grants Policy Statement (HHS GPS) at <http://www.hhs.gov/asfr/ogapa/aboutog/hhsgps107.pdf>. The general terms and conditions in the HHS GPS will apply as indicated unless there are statutory, regulatory, or award-specific requirements to the contrary. Standard and program specific terms of award will accompany the NoA. Potential applicants should be aware that special requirements could apply to cooperative agreement awards based on the particular circumstances of the effort to be supported and/or deficiencies identified in the application by the CMS review panel. The recently released Uniform Guidance (2 CFR Part 200) and HHS regulations (45 CFR Part 75) supersedes information on administrative requirements, cost principles, and audit requirements for grants and cooperative agreements included in the current HHS Grants Policy Statement where differences are identified. Awardees must also agree to respond to requests from CMS that are necessary for the evaluation of national efforts and provide data on core elements of their own cooperative agreement activities.

CRITERIA FOR SELECTING PROPOSALS:

Assistance Track: Eligible applicants that submitted an application to the Assistance Track were reviewed and scored based on the quality of their proposals. The Assistance Track applicants that received the highest scores, and met other criteria specified under the Review and Selection Process, were offered cooperative agreements to test the Assistance Track intervention. Part of the review process included an analysis of the readiness of the applicant to implement a model within one year of the cooperative agreement award. Applications were scored with a total of 175 points allocated across the following areas:

- Project Narrative 110 points
- Implementation Plan 08 points
- MOU with state Medicaid agency 25 points
- MOUs with clinical delivery sites 15 points
- Health Resource Equity Statement 02 points
- Budget Narrative 15 points

Alignment Track: Eligible applicants that submitted an application to the Alignment Track were reviewed and scored based on the quality of their proposals. The Alignment Track applicants that received the highest scores, and met other criteria specified under the Review and Selection Process, were offered cooperative agreements to test the Alignment Track intervention. Part of the review process included an analysis of the readiness of the applicant to implement a model within one year of the cooperative agreement award. Applications were scored with a total of 220 points allocated across the following areas:

- Project Narrative 145 points
- Implementation Plan 08 points
- MOU with state Medicaid agency 25 points
- MOUs with clinical delivery sites 15 points
- MOUs with community partners 10 points
- Health Resource Equity Statement 02 points
- Budget Narrative 15 points.

93.651 TRANSFORMING CLINICAL PRACTICE INITIATIVE (TCPI) SUPPORT AND ALIGNMENT NETWORK (SAN) 2.0

FEDERAL AGENCY:

Centers for Medicare and Medicaid Services, Department of Health and Human Services

AUTHORIZATION:

Section 1115A of the Social Security Act (the Act), as added by 3021 of the Affordable Care Act.

OBJECTIVES:

Applicants that are continuing as SAN 2.0 cooperative agreement awardees will work to leverage primary and specialist care transformation work and learning in the field. SAN 2.0 awardees add a valuable technical assistance asset to TCPI that will catalyze the accelerated adoption of Alternative Payment Models (APMs), prior to 2019, at very large scale, and with very low cost. By implementing accelerated practice transformation strategies, the SAN 2.0 awardees provide expertise needed to spread transformation knowledge to the entire TCPI community and support the 6 goals of TCPI. SAN 2.0 represents a significant enhancement to the TCPI network expertise and capability to align with delivery system reform programs recently authorized under the Medicare Access and CHIP Reauthorization Act of 2015 (MACRA).

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds shall be used to implement and evaluate models that support system transformation toward higher quality care at lower costs. Additionally, the funds shall further healthcare design improvements to support both primary and specialty care. This includes innovations that have been tested and shown to

reduce unnecessary testing and eliminate other inefficiencies in specialty care that are of primary interest in the SANs work. Award dollars cannot be used for specific components, devices, equipment, or personnel that are not integrated into the entire service delivery model proposal. Funds shall not be used to build or purchase health information technology or other information technology that exceed more than 10% of total costs of the applicants proposed budget. Award dollars cannot be used to make permanent improvements to property not owned by the federal government; minor alterations and renovations are permissible under certain circumstances that are described in the financial plan template.

Applicant Eligibility:

Applications will be screened for completeness and adherence to eligibility. Applications received late or that fail to meet the eligibility requirements or do not include the required forms will not be reviewed.

Beneficiary Eligibility:

The Beneficiary eligibility includes the list as noted above with the exception of:

- Federal, Interstate
- Intrastate
- Student/Trainee and Graduate Students
- Artist/Humanist
- Engineer/Architect, Builder/Contractor/Developer
- Farmer/Rancher/Agriculture Producer
- Industrialist/Business Person
- Small Business Person
- Homeowner
- Property Owner
- Anyone/General Public.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

Award Procedure:

Successful applicants will receive a Notice of Award (NoA) signed and dated by the CMS Grants Management Officer that will set forth the amount of the award and other pertinent information. The award will also include standard Terms and Conditions, and may also include additional specific cooperative agreement terms and conditions. Potential applicants should be aware that special requirements could apply to cooperative agreement awards based on the particular circumstances of the effort to be supported and/or deficiencies identified in the application by the review panel.

The NoA is the legal document issued to notify the awardee that an award has been made and that funds may be requested from the HHS payment system. The NoA will be sent electronically to the Authorized Official and awardee organization as listed on its SF 424. Any communication between CMS and awardees prior to issuance of the NoA is not an authorization to begin performance of a project.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Length and Time Phasing of Assistance:

N/A. Method of awarding/releasing assistance: quarterly.

Reports:

The CMS Center for Clinical Standards and Quality and the CMS Innovation Center will take an active and substantial role in the management, implementation, evaluation, and monitoring of SAN awards. The activities funded under the cooperative agreement and their resulting recipient responsibilities will be part of performance tracking, measuring, and evaluation responsibilities of CMS. CMS will examine how the organizations that receive SAN funds used the money. Quality data will be collected from the SAN and reported to a CMS contractor on a quarterly basis, but should be maintained by the SAN with monthly results. The Federal Financial Report (FFR or Standard Form 425) has replaced the SF-269, SF-269A, SF-272, and SF-272A financial reporting forms. All grantees must utilize the FFR to report cash transaction data, expenditures, and any program income generated.

Grantees must report on a quarterly basis cash transaction data via the Payment Management System (PMS) using the FFR in lieu of completing a SF-272/SF272A. The FFR, containing cash transaction data, is due within 30 days after the end of each quarter. The quarterly reporting due dates are as follows: 7/30, 10/30, 1/30, 4/30. A Quick Reference Guide for completing the FFR in PMS is at:

www.dpm.psc.gov/grant_recipient/guides_forms/ffr_quick_reference.aspx.

In addition to submitting the quarterly FFR to PMS, Grantees must also provide, on an annual basis, a report to be uploaded into Grant Solutions which includes their expenditures and any program income generated in lieu of completing a Financial Status Report (FSR) (SF269/269A). Expenditures and any program income generated should only be included on the annually submitted FFR, as well as the final FFR. Annual hard-copy FFRs should be mailed and received within 30 calendar days of the applicable year end date. The final FFR should be uploaded in Grants Solutions within 90 calendar days of the project period end date. Awardees must agree to cooperate with any Federal evaluation of the model and performance results and provide required monthly, quarterly, semi-annual (every six months), annual and final (at the end of the cooperative agreement period) reports in a form prescribed by CMS. Reports will be submitted electronically. These reports will include how cooperative agreement funds were used, describe project or model progress in transitioning clinicians to APMs, and describe any barriers, delays, and measurable outcomes. CMS will provide the format for project and model reporting and technical assistance necessary to complete required report forms. Awardees must also agree to respond to requests that are necessary for the evaluation of the Model Design and/or Model Testing efforts and provide data on key elements of model performance and on results from the cooperative agreement activities. Awardees must submit a quarterly electronic SF 425 via the Payment Management System. The report identifies cash expenditures against the authorized funds for the cooperative agreement. Failure to submit the report may result in the inability to access funds. CMS will enlist a third party entity to assist CMS in monitoring the SAN 2.0 performance results and outcomes. CMS plans to collect data elements to be part of monitoring for all of the different SANs, and these monitoring and surveillance elements will feed into the evaluation. All awardees will be required to cooperate in providing the necessary data elements to CMS or a CMS contractor. The contractor would assist CMS in developing appropriate monitoring protocols and tracking performance across awardees and providing for rapid cycle evaluation and early detection of model performance problems, including coordination between awardees and CMS and its other contractors.

Audits:

This program is excluded from coverage under 2 CFR 200, Subpart F - Audit Requirements. Awardees must comply with the audit requirements of Office of Management and Budget (OMB) Circular A-133. Information on the scope, frequency, and other aspects of the audits can be found on the Internet at www.whitehouse.gov/omb/circulars.

93.658 FOSTER CARE TITLE IV-E

Title IV-E Foster Care

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title IV-E, Section 470, et seq.; as amended.

OBJECTIVES:

The Title IV-E Foster Care program helps states, Indian tribes, tribal

organizations and tribal consortia (tribes) to provide safe and stable out-of-home care for children under the jurisdiction of the state or tribal child welfare agency until the children are returned home safely, placed with adoptive families, or placed in other planned arrangements for permanency. The program provides funds to assist with the costs of foster care maintenance for eligible children; administrative costs to manage the program; and training for public agency staff, foster parents and eligible professional partner agency staff. In addition, \$3 million is reserved for technical assistance and plan development/implementation grants to eligible tribes.

TYPES OF ASSISTANCE:

Formula Grants; Project Grants

USES AND USE RESTRICTIONS:

Formula grant funds may be used by the state or local (under state supervision) child welfare agency or by the tribal child welfare agency for Federal Financial Participation (FFP) in foster care maintenance payments on behalf of eligible children; for administrative and training costs; and for costs related to design, implement and operate a statewide data collection system. Funds may not be used for costs of social services such as those that provide counseling or treatment to ameliorate or remedy personal problems, behaviors, or home conditions for a child, the child's family, or the child's foster family. A state or tribe may receive FFP only if its title IV-E plan has been approved by the HHS Secretary. The HHS Secretary has also approved waivers under section 1130 of the Social Security Act to allow implementation of demonstration projects in a number of states and a tribe which involve cost neutral use of title IV-E foster care program funds for additional purposes as specified in approved terms and conditions for each project.

Public Law 113-183 amended the program to require that, within one year of enactment (by September 29, 2015), title IV-E agencies develop policies and procedures to identify, document, and determine appropriate services for any child or youth in the placement, care or supervision of the title IV-E agency who is at-risk of becoming a sex trafficking victim or who is a sex trafficking victim.

Plan development/implementation grants to tribes are one-time grants for projects lasting up to 24 months that are to be used to develop a plan to operate a title IV-E program for foster care, adoption assistance and kinship guardianship as specified under section 479B of title IV-E. The Tribe must submit a plan for the title IV-E program within 24 months of receiving the plan development grant or must repay the grant funds, unless the HHS Secretary waives the requirements under section 471 to carry out a program under section 479B. There is \$3 million reserved for technical assistance and plan development/implementation grants to eligible Tribes.

Applicant Eligibility:

Funds are available to states (including the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Guam, and American Samoa) and to tribes with approved title IV-E plans.

Beneficiary Eligibility:

Children meeting eligibility criteria for the former Aid to Families with Dependent Children program whose removal and placement in foster care are in accordance with a voluntary placement agreement or judicial determinations to the effect that continuation in the home would be contrary to the child's welfare and that reasonable efforts were made to prevent the removal (or that such efforts were not necessary), and whose placement and care are the responsibility of the state or tribal agency administering the title IV-E program. See section 472 of the Social Security Act and the Code of Federal Regulations at 45 CFR Part 1356.71 for additional details on program eligibility requirements.

Credentials/Documentation:

Formula Grants: Costs are to be determined in accordance with 45 CFR Part 75. Plan Development/Implementation Grants: Non-profit agencies must submit proof of non-profit status. Applicable costs and administrative procedures will be determined in accordance with 45 CFR Part 75. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Formula Grants: Consultation is available to States and Tribes from Regional

Administration for Children and Families (ACF) offices. Plan Development/Implementation Grants: Standard application forms as furnished by Health and Human Services must be used. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Formula Grants: Applications are made in the form of a title IV-E Plan, prepared in the format provided by the ACF Children's Bureau. Title IV-E plans and amendments must be submitted to the ACF Regional Child Welfare Program Manager for approval.

Plan Development/Implementation Grants: Announcement of availability of funds for these grants is published on grants.gov and the ACF website, www.acf.hhs.gov/grants/open. Eligible applicants must submit applications by specified deadlines.

Award Procedure:

Formula Grants: Quarterly awards are made on the basis of estimated expenditures that are later revised accordingly to include only actual allowable claimed expenditures. Next quarter estimates are due on July 30, October 30, January 30, and April 30 each year. Final decisions and awards are made by the headquarters office. Letter-of-credit is issued by the United States Department of Health and Human Services' (HHS) Payment Management System.

Plan Development/Implementation Grants: Applications are reviewed by professional Federal staff with expertise in child and family services, evaluation and related fields. Final decisions are made by the Commissioner of the Administration on Children, Youth and Families.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Formula Grants: HHS approves or disapproves title IV-E plans within 45 days of receipt by HHS.

Plan Development/Implementation Grants: HHS approves or disapproves within 3 to 6 months.

Appeals:

Appeals are processed in accordance with HHS regulations in 45 CFR Part 16.

Renewals:

Awards remain effective without plan renewal, but title IV-E plans may be amended as necessary.

Formula and Matching Requirements:

Statutory Formula: Funding is provided on an open-ended basis. Federal financial participation (FFP) is equal to the applicable Federal Medical Assistance Percentage (FMAP) rate (as defined by sec. 1905(b), and sec. 479B(d) for tribes) of the Social Security Act (i.e., from 50 percent to 83 percent, depending on the state or tribe and the fiscal year) for the total expended for foster care maintenance payments; 75% of staff or provider training costs; and 50% of other administrative costs. Short term training provided to specified professional partners was subject to a special FFP rate that varied by fiscal year from FY 2009 through FY 2012, but which was set at 75% for FY 2013 and thereafter.

Plan Development/Implementation grants are available up to a maximum of \$300,000.

Matching Requirements: The non-Federal share of program costs (difference between total cost and FFP) in each funding category constitutes the required match to be met by the title IV-E agency. Matching funds from State agencies must be appropriated monies raised from non-Federal revenue sources. Matching funds from Tribal agencies must also be appropriated monies, but may at the option of the tribe include Federal funds specifically authorized by Federal statutes to be used as match for other Federal programs. Additionally,

in accordance with 45 CFR 1356.68 for administration and training costs only, tribal matching funds may include in-kind expenditures (or contributions) from allowable third party sources.

Plan Development/Implementation Grants: There is no matching requirement. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Formula Grants: Federal financial participation is available to a state or tribe operating under an approved title IV-E plan. Method of awarding/releasing assistance: Quarterly, through a letter of credit.

Plan Development/Implementation Grants: Provided on a one-time basis generally for a 24 month project period. Method of awarding/releasing assistance: by letter of credit.

Reports:

Plan Development/Implementation Grants: Program reports are required in accordance with the program announcement. Plan Development/Implementation Grants: Financial reports are required in accordance with the program announcement. No progress reports are required. Formula Grants: A report of estimated expenditures, actual expenditures, and number of children assisted (Form CB-496) is required 30 days after the end of each quarter and other reports as required by the Secretary. Performance monitoring of state agencies is conducted through the Child and Family Services Review process in accordance with 45 CFR 1355.31 - 1355.37.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Audits are conducted in accordance with the requirements in 45 CFR 75

Records:

Formula Grants: States and tribes must maintain all financial and programmatic records necessary for the proper and efficient operation of the program, including records of applications, determinations of eligibility, utilization of awarded grants and other funds for the provision of financial assistance and allocated indirect and direct administrative and training costs in accordance with requirements in Health and Human Services regulations at 45 CFR 75, and written guidance from the Administration for Children and Families.

Plan Development/Implementation Grants: All financial records are to be maintained for 3 years after termination of the project or until a required audit is completed, whichever comes first.

93.659 ADOPTION ASSISTANCE

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title IV-E, Section 470 et seq; as amended.

OBJECTIVES:

To provide Federal Financial Participation (FFP) to states, Indian tribes, tribal organizations and tribal consortia (tribes) in adoption subsidy costs for the adoption of children with special needs who cannot be reunited with their families and who meet certain eligibility tests. This assistance is intended to prevent inappropriately long stays in foster care and to promote the healthy development of children through increased safety, permanency and well-being.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

All parents adopting special needs children are eligible for the nonrecurring cost of adoption up to \$2,000. Adoption assistance payments may be used only in support of the adoption of children who meet the definition of special needs and satisfy categorical eligibility criteria as specified in the statute. A state or tribe may receive Federal Financial Participation (FFP) only if its title IV-E plan has been approved by the Secretary. Funding is also available for administrative and training costs necessary to administer the program.

The program was amended through Public Law 113-183 effective October 1, 2014 to require title IV-E agencies to calculate and report annually the savings from the use of revised categorical eligibility requirements. These savings must be calculated in accordance with the Department's specified method or an alternative method and then represent additional non-federal funding to be expended on title IV-B and title IV-E programs as specified in section 473(a)(8) of the Social Security Act (the Act).

Applicant Eligibility:

Funds are available to states (including the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Guam and American Samoa) and to tribes with approved title IV-E plans.

Beneficiary Eligibility:

Eligible beneficiaries include certain children who are legally freed for adoption where an adoption assistance agreement has been entered into prior to the finalization of an adoption. These children must: (1) have been determined by the state or tribe to be special needs, e.g., a special factor or condition which makes it reasonable to conclude that they cannot be adopted without adoption assistance; a state or tribe determination that the child cannot or should not be returned home; and a reasonable effort has been made to place the child without providing financial or medical assistance and (2) meet one of the relevant statutory categorical eligibility criteria. These criteria differ during the phase-in period (federal fiscal years (FFYs) 2010 through 2017) based on the FFY in which the adoption assistance agreement was entered into and the child's circumstances at that time. See section 473 of the Act for additional details on program eligibility requirements. FFP is available from the time of placement for adoption in accordance with state, local or tribal law or final adoption decree to age 18 (21 if the state/tribe finds that a disability means aid should continue or where provided for in an adoption assistance agreement that was entered for a child that had attained at least 16 years of age before the agreement became effective) as long as the parent supports the child. No child adopted prior to the approval of the state or tribal title IV-E plan is eligible for FFP. No means test applies to adopting parents, but the amount of subsidy is agreed to by agency and parents and may be readjusted by joint agreement.

Credentials/Documentation:

The state or tribe must submit an application for approval by the Secretary of Health and Human Services. Costs will be determined in accordance with 45 CFR Part 75. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Consultation to states and tribes is available from the Administration for Children and Families (ACF) Regional Offices. The standard application forms, as furnished by HHS, must be used for this program. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applications are made in the form of a title IV-E Plan, prepared in the format provided by the ACF Children's Bureau (CB). Title IV-E plans and amendments are submitted to the ACF Regional Child Welfare Program Manager for approval.

Award Procedure:

Quarterly awards are made on the basis of estimated expenditures, which are later revised to include only actual allowable claimed expenditures. Next quarter estimates are due on July 30, October 30, January 30, and April 30 each year. Final decisions and awards are made by the Headquarters Office. Letter-of-credit is issued by the HHS Payment Management System (PMS).

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

HHS will approve/disapprove applications (title IV-E plans or amendments to them) within 45 days of receipt by HHS.

Appeals:

Appeals are processed in accordance with HHS regulations in 45 CFR Part 16.

Renewals:

Awards remain effective without plan renewal but title IV-E plan may be amended as necessary.

Formula and Matching Requirements:

Statutory Formula: Funding is provided on an open-ended basis in accordance with sec.474(a) of the Social Security Act.

Formula Grant Funding Level:

FFP for adoption assistance is equal to the applicable Federal Medical

Assistance Percentage (FMAP) rate as defined in section 1905(b) (sec. 479B(d) for tribes) of the Social Security Act (i.e., from 50% to 83%, depending on the state or tribe and the fiscal year) for adoption assistance payments, 75% for training costs, and 50% for other administrative costs.

Matching Requirements: The non-Federal Share of program costs (difference between total cost and FFP) in each funding category constitutes the required match to be met by the title IV-E agency. Matching funds from state agencies must be appropriated monies raised from non-Federal revenue sources.

Matching funds from tribal agencies must also be appropriated monies, but may at the option of the tribe include Federal funds specifically authorized by Federal statutes to be used as match for other Federal programs. Additionally, in accordance with 45 CFR 1356.68 for administration and training costs only, tribal matching funds may be included in-kind expenditures (or contributions) from allowable third party sources.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Federal financial participation is available to a State or Tribe operating under an approved title IV-E plan. See the following for information on how assistance is awarded/released: Quarterly, through a letter of credit.

Reports:

Reports as required by the Secretary: Cash reports are not applicable. Progress reports are not applicable. A quarterly report of estimated expenditures, actual expenditures, and number of children assisted (Form CB-496) is required 30 days after the end of the quarter. An annual adoption saving calculation and accounting report (Form CB-496 Part 4) is also required 30 days after the end of the fourth quarter of each FY. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Audits are conducted in accordance with the requirements in 45 CFR 75.

Records:

States and tribes must maintain all financial and programmatic records necessary for the proper and efficient operation of the program, including records of applications, determinations of eligibility, the utilization of awarded grants and other funds for the provision of financial assistance and allocated indirect and direct administrative and training costs in accordance with requirements in HHS regulations at 45 CFR 75 and written guidance from ACF.

93.669 CHILD ABUSE AND NEGLECT STATE GRANTS

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Child Abuse Prevention and Treatment Act (CAPTA), as amended, Section 106, 42 U.S.C 5101 et seq.

OBJECTIVES:

To assist States in the support and improvement of their child protective services systems.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

The CAPTA Basic State Grant is a formula grant to States only, to be used for improving child protective services systems.

States can choose from a wide variety of activities as outlined in the legislation. Each state was required to submit a new state plan for the fiscal year (FY) 2011 grant funds specifying which of the 14 program areas described in section

106(a) of the CAPTA they planned to address. Examples include the intake, assessment, screening, and investigation of reports of abuse and neglect; creating and improving the use of multidisciplinary teams and interagency protocols to enhance investigations; improving legal preparation and representation; case management; developing, improving, and implementing risk and safety assessment tools and protocols; developing and updating systems of technology; training regarding research-based strategies to promote collaboration with families, legal duties of such individuals and personal safety training for case workers; improving the skills, qualifications, and availability of individuals providing services to children and families, and the supervisors of such individuals; developing and delivering information to improve public education relating to the role and responsibilities of the child protection system and the nature and basis for reporting suspected incidents of child abuse and neglect; supporting and enhancing interagency collaboration between the child protection system and the juvenile justice system for improved delivery of services and treatment; supporting and enhancing collaboration among public health agencies, the child protection system, and private community-based programs to provide child abuse and neglect prevention and treatment services (including linkages with education systems) and to address the health needs, including mental health needs, of children identified as abused or neglected, including supporting prompt, comprehensive health and developmental evaluations for children who are the subject of substantiated child maltreatment reports, or developing and implementing procedures for collaboration among child protective services, domestic violence services, and other agencies in investigations, interventions, and the delivery of services and treatment provided to children and families, including the use of differential response, where appropriate, and the provision of services that assist children exposed to domestic violence, and that also support the caregiving role of their non-abusing parents.

Applicant Eligibility:

States, the District of Columbia, Puerto Rico, Guam, the U.S. Virgin Islands, American Samoa, and the Commonwealth of the Northern Mariana Islands.

Beneficiary Eligibility:

There are no eligibility requirements attached to the beneficiaries of these funds (abused and neglected children and their families).

Credentials/Documentation:

State plans require certification of the state's eligibility under Section 106(b) of the authorizing legislation. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Technical assistance is available at the regional level to assist states in meeting conditions specified in the Act. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. State plans and annual updates must be submitted to the Regional Offices. Complete information is furnished annually to the appropriate State office regarding format and timing of state plan applications and updates.

Award Procedure:

Funds will be awarded after the plan or annual update is submitted and approved.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The state agency annual update is due by June 30 of each year. Approval/disapproval is due by September 30 of each year.

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Federal funds are used by States and Tribes to support the establishment, maintenance, and expansion of programs and projects: (1) to prevent incidents of family violence, domestic violence, and dating violence; (2) to provide immediate shelter, supportive services, and access to community-based programs for victims of family violence, domestic violence, or dating violence, and their dependents; and (3) to provide specialized services for children exposed to family violence, domestic violence, or dating violence, underserved populations, and victims who are members of racial and ethnic minority populations. Federal funds are awarded by the States through subgrants to local public agencies and nonprofit private organizations. States and their subgrantees, and Tribes may not impose an income eligibility standard on individuals receiving services supported by funds appropriated under the Family Violence Prevention and Services Act and Federal funds may not be used as direct payment to any victim of family violence, domestic violence, or dating violence. The receipt of supportive services shall be voluntary and no condition may be applied for the receipt of emergency shelter. Each State may not use more than 5% of the amounts allotted under Section 10406(a) for State administrative costs. Not less than 70 percent of the funds distributed by a State must be used for immediate shelter and supportive services to adult and youth victims of family violence, domestic violence, or dating violence and

their dependents, and not less than 25 percent distributed by a State shall be for supportive services and prevention services.

Applicant Eligibility:

Eligible applicants for the State Grants are the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, and the U.S. territories of Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands. Eligible applicants for the Tribal Grants are the federally recognized Indian Tribes (including Alaska Native Villages), or a tribal organization or nonprofit private organization authorized by an Indian Tribe.

Beneficiary Eligibility:

This program will benefit victims of family violence, domestic violence, and dating violence, and their dependents.

Credentials/Documentation:

No Credentials or documentation are required. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applications must be submitted to the Administration for Children and Families/Administration on Children, Youth and Families/Family and Youth Services Bureau/Division of Family Violence Prevention and Services. Required Standard Forms and certifications are available at Grants.gov Forms Repository.

Award Procedure:

Formula grants are awarded directly to States, U.S. Territories, and eligible Native American Tribes (including Alaska Native Villages) and Tribal Organizations.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 30 to 60 days.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: From sums appropriated under Section 10403(a) of the Family Violence Prevention and Services Act:
 (1) each State shall be allotted \$600,000 for a grant under Section 10406(a) with the remaining funds to be allotted to each State in an amount that bears the same ratio to such remaining funds as the population of such State bears to the population of all States;
 (2) Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands shall be allotted not less than one eighth of 1 percent of the amounts available for grants under Section 10406(a) for the fiscal year for which the allotment is made.
 (3) not less than 10 percent shall be used to make grants under Section 10409 to Native American Tribes (including Alaska Native Villages), tribal organizations and nonprofit private organizations approved by an Indian Tribe.
 Matching Requirements: No grant may be made to any entity other than a State or an Indian Tribe unless the entity agrees that, with respect to costs to be incurred by the entity in carrying out the program or project for which the grant is awarded, the entity will make available (directly or through donations from public or private entities) non-Federal contributions in an amount that is not less than \$1 for every \$5 of Federal funds provided under the grant. The

non-Federal contributions required may be in cash or in-kind. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Funds may be used for expenditures on and after October 1 of each fiscal year for which they are granted, and will be available for expenditure through September 30 of the following fiscal year. Funds must be liquidated within 90 days of the end of the 24 month expenditure period. Method of awarding/releasing assistance: lump sum.

Reports:

Awards may be subject to the Transparency Act subaward and executive compensation reporting requirements of 2 CFR Part 170. The SF-428 Tangible Property Report and the SF-429 Real Property Status Report are required. The forms are available at www.whitehouse.gov/omb/grants_forms/. Quarterly cash transaction reports (SF-425) are required to be filed with the HHS Division of Payment Management through the Payment Management System. Recipients are required to submit an annual performance progress report (SF-PPR) describing the activities carried out and an assessment of the effectiveness of those activities in achieving the purposes of the grant (Section 10406(d)). A section of this performance report must be completed by each grantee or subgrantee that provided program services and activities. State grantees should compile subgrantee performance reports into a comprehensive report for submission to the program office by December 29th of each year. A copy of the required PPR can be found at www.acf.hhs.gov/programs/fysb/resource/ppr-state-fvpsa.

Guam, American Samoa, the U.S. Virgin Islands and the Commonwealth of the Northern Mariana Islands need not submit an application under this program announcement if they choose to have their allotment included as part of a consolidated grant application. If funds are designated under their consolidated grant for activities and purposes covered under the Family Violence Prevention and Services Act, then territories are required to submit an annual performance progress report (PPR) using the standardized format. Recipients must submit an annual Federal Financial Report (SF-425) by December 29 of each year to the Division of Mandatory Grants through the Online Data Collection system (OLDC). Performance progress reports are required and selected grantees may be identified for site visits or desk review by federal program officers.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Grantees are required to maintain records documenting the purposes for which expenditures were made. 2 CFR 200, Subpart D -- Post Federal Award Requirements applies to this program. (Related HHS regulations pending.)

93.674 CHAFEE FOSTER CARE INDEPENDENCE PROGRAM

CFCIP; Independent Living Program

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title IV, Part E, Section 477.

OBJECTIVES:

To assist states and eligible Indian tribes in establishing and carrying out programs designed to assist foster youth likely to remain in foster care until 18 years of age, youth who leave foster care for adoption or kinship guardianship after attaining age 16, and youth who have left foster care because they attained 18 years of age and have not yet attained 21 years of age, to make the transition from foster care to self-sufficiency.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Grants may be used to assist youth: to make the transition to self-sufficiency; to receive education, training and related services; to prepare for and obtain employment; to prepare for and enter postsecondary training and educational institutions; to provide personal and emotional support to youth through mentors and the promotion of interactions with dedicated adults; and to provide financial, housing, counseling, employment, education, other appropriate support and services to current and former foster care recipients up to the age of 21; to provide services to youth who, after attaining 16 years of age, have left foster care for kinship guardianship or adoption; and to ensure that children who are likely to remain in foster care until 18 years of age have regular, on-going opportunities to engage in age or developmentally appropriate activities.

Applicant Eligibility:

State governments, including the 50 states, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands (hereafter "states"), and eligible Indian tribes, Indian tribal organizations or Indian tribal consortia (hereafter "tribes").

Beneficiary Eligibility:

Children and youth who are likely to remain in foster care until age 18, youth who left foster care to adoption or kinship guardianship after attaining age 16, and current and former foster care recipients after age 18 and up to age 21.

Credentials/Documentation:

Costs will be determined in accordance with 45 CFR Part 75. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. A five-year state or tribal plan must be submitted with annual updates. The plan must coordinate the provision of services under the state's or tribe's Chafee Foster Care Independence Program with services under other Federal or Federally-assisted programs serving the same population. Plans are submitted to the appropriate Regional Child Welfare Program Manager in the appropriate ACF Regional Office.

Award Procedure:

Quarterly awards are made up to the amount of one-fourth of the state's annual allotment.

Deadlines:

Jun 30, 2017 The plan or its annual update is due June 30 of each year.

Range of Approval/Disapproval Time:

From 60 to 90 days. The plan or its annual update is due June 30 of each year. Approval/Disapproval is due September 30 of each year.

Appeals:

Appeals are processed in accordance with HHS regulations in 45 CFR Part 16.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: States: Each state is allotted an amount of funds which bears the same ratio as the number of children in foster care in that state bears to the total number of children in foster care in all states in the most recent fiscal year for which such information is available. Data submitted by states into the Adoption and Foster Care Analysis and Reporting System's (AFCARS) national database will be used to calculate state allotments. The minimum payable amount to a state is \$500,000. See Section 477(c) of the Social Security Act.

Tribes: Tribes with an approved title IV-E plan to directly operate a title IV-E program or tribes that have a title IV-E tribal/state cooperative agreement or contract have the option to apply to receive Chafee Foster Care Independence Funds Program funds directly from the Secretary. Each tribe with an approved plan is allocated an amount equal to the number of children in foster care under the responsibility of the tribe (either directly or under supervision of the state) in the most recent fiscal year for which such information is available to the sum of the total number of children in foster care under the responsibility of the state within which the tribe is located and the total number of children in foster care under the responsibility of all Indian tribes in the state, that have an approved plan.

Matching Requirements: Percent: 20%. The Federal government will pay 80 percent of the total amount of funds expended by the grantee up to the amount of Chafee Foster Care Independence Program funds allocated. The grantee must provide matching contributions to cover the additional 20 percent of the costs.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grant awards are made quarterly on a fiscal year basis. Method of awarding/releasing assistance: quarterly.

Reports:

Annual updates to the state's or tribe's plan. Cash reports are not applicable. Progress reports are not applicable. An SF-425 financial status report must be submitted for the funds awarded in each Federal fiscal year (FFY) within three months after the close of the FFY in which the funds were granted (interim report) and again within three months after the close of the subsequent FFY (final report). Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Audits are conducted in accordance with the requirements in 45 CFR 75 Subpart F.

93.676 UNACCOMPANIED ALIEN CHILDREN PROGRAM

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Homeland Security Act of 2002, Section 462, Public Law 107-296, 116 Stat. 2202-2205, 6 U.S.C 279; William Wilberforce Trafficking Victims Protection Reauthorization Act of 2008, Section 235, Public Law 110-457, 122 Stat. 5074-5082, 8 U.S.C 1232.

OBJECTIVES:

The Unaccompanied Alien Children's program is designed to provide for the care and placement of unaccompanied alien minors who are apprehended in the U.S. by Homeland Security agents, Border patrol agents, or other federal law enforcement agencies and are taken into care pending resolution of their claims for relief under U.S. immigration law or release to parent, adult family members or another responsible adult. Resolution of their claims may result in release, granting of an immigration status (such as special immigrant juvenile or asylum), voluntary departure, or removal.

TYPES OF ASSISTANCE:

Project Grants (Cooperative Agreements or Contracts)

USES AND USE RESTRICTIONS:

Funds may be used only for the purposes set forth in the grant and/or contract. Services may be provided only to unaccompanied alien children who are referred by the Department of Homeland Security or referred by other federal agencies or departments.

Applicant Eligibility:

State and local governments, private non-profit organizations. Faith-based and private for-profit organizations who can provide state licensed residential capacity or other requisite services.

Beneficiary Eligibility:

Beneficiaries are unaccompanied alien children who are in Federal custody by reason of their immigration status.

Credentials/Documentation:

No Credentials or documentation are required. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applications submitted in response to program announcements under this program will undergo a pre-review to determine if applicant is eligible for funding.

Award Procedure:

Applications found to be eligible for funding will undergo an evaluation by an independent review panel. In the case of emergency, staff will review on the basis of specific evaluation criteria to determine applicant qualification based upon published review criteria, quality of services to be rendered, and the likelihood of the program success.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days. The ORR Director may invite applications, if necessary, due to unusual and compelling urgency of unaccompanied alien children apprehended by law enforcement agents at the Department of Homeland Security or referred by other federal agencies or departments. Deadlines for applications are noted in notices of funds of availability. It is anticipated that the approval/disapproval time will not exceed 90 days in urgent situations and

will not exceed 120 days in normal application situations.

Appeals:

Not Applicable.

Renewals:

Contingent upon appropriations, grantee performance, and whether continuation of funding is in the best interest of the government.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grant and contract awards are made on one to three year cycles and budgeted on an annual basis. Method of awarding/releasing assistance: lump sum.

Reports:

Final program reports summarizing the activities and accomplishments of the project in relation to the approved goals and objectives are required. No cash reports are required. Monthly progress reports of placements are required. Additional progress reports are required, usually on a quarterly or semi-annual basis, but sometimes more frequently. Federal Financial Reports (SF-425) are required, usually on a quarterly or semi-annual basis. Final financial status reports are also required at the end of the project period. Reporting requirements for contracts are on a monthly basis and as specified in each contract. ORR conducts programmatic and financial on-site monitoring of grantees for the purpose of ensuring that the grantee's service delivery program and financial management system meet the requirements and standards of the program. All grantees are monitored at least once every two years by a program monitors review the care provider grantees on site for compliance with ORR policies and procedures, statutory requirements and licensing standards. Other program staff conduct regular site visits and make recommendations for non-compliance or improvements. ORR regularly requires reports on a daily, weekly, monthly, semi-annual, and annual basis for a variety of functions. In the event deficiencies or needs for improvement are indicated, the items are documented through monitoring reports and corrective action plans are required from the grantee.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Periodic audits are made as part of the system of financial management and internal control to meet terms and conditions of grants, contracts, and other agreements. Nonprofit organizations receiving less than \$25,000 a year in Federal awards are exempt from federal audit requirements, but records must be available for review by appropriate officials of the Federal grantor agency or sub-granting entity.

Records:

Grant and contract recipients are required to keep all financial and program reports necessary for program review and audit during the project period and for three years after the end of the project period to ensure that funds have been expended in accordance with the regulations, grant terms, and conditions of this program.

Account Identification:

Range and Average of Financial Assistance:

In FY 2016, award amounts ranged from \$274,600 to \$80,745,590.

Average of Awards: \$14,619,115.

TAFS Codes:

75-1503.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2016: In FY16 the program placed over 59,000 unaccompanied children, a record number of UAC served in the history of the program. The program awarded new contracts for legal services which included funding for paid as well as pro-bono representation of UC in and formerly in ORR custody. The program has published six (6) Funding Opportunity Announcements (FOA) for Residential shelter capacity and Post Release Services for award in 2017. The program will increase monitoring of programs to ensure compliance with regulations and policy and procedures. Fiscal Year 2017: The fluctuations underscore the unpredictable nature of referrals, which creates serious operational challenges if there is not a mechanism to provide additional resources, if needed. To accommodate the record number of referrals, ORR awarded 5 emergency shelter contracts to support the operations of temporary emergency shelters on federal land parcels to accommodate periods of influx of arrivals. Fiscal Year 2017: In the first and part of the second quarter of FY2017, referrals of UAC continued to be elevated necessitating use of two temporary emergency shelters operated by contractors. Referrals then significantly decreased in the latter half of the second quarter of 2017. There has been a steady increase in referral numbers starting in the third quarter. To maintain a standard level of bed capacity, program awarded over 50 grants for residential services to ensure that capacity is available to accommodate any referrals and services required. Program also intends to award contracts for the emergency influx shelter operations as part of the plan to be able to accommodate any dramatic increase in capacity. The program expects to award contracts for supportive services to UAC and sponsors such as case coordination, national call center and a sex abuse hotline. Fiscal Year 2018: In fiscal year 2018, the program expects referral levels similar to 2017. A set of grant awards for residential bed capacity is expected to expire in 2017 and the program expects to make awards to replace these beds to maintain the standard level of bed capacity currently maintained by the program. Also in 2018, the program will continue to assess the services it provides to UAC to ensure, to maintain and improve its service delivery model.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2016: In FY 2016, the program continued to provide shelter, staff secure, secure, residential treatment centers, transitional foster care and home study and post release services. The number of referrals for FY16 has exceeded the FY15 level. The program issued seven (7) new grants and funded a total of 47 cooperative agreements and awarded 4 emergency shelter contracts. Fiscal Year 2017: In FY 2017, the program issued over 50 cooperative agreements for shelter, staff secure, secure, residential treatment centers, transitional foster care and home study and post release services. The program is also expected to issue new contract awards for emergency influx shelter operations, case coordination, national call center and sex abuse hotline. Fiscal Year 2018: In Fiscal Year 2018, the program is expected to award approximately 10 cooperative agreements for residential services, to replace grants expiring in FY2017 in order to maintain a standard number of bed capacity.

CRITERIA FOR SELECTING PROPOSALS:

Funding decisions are based on scientific merit (42 CFR 52h) and program relevance. Scientific merit review encompasses: the peer review criteria detailed in the specific funding announcement, as well as the significance, approach, and innovation of the proposed research; the competency of the principal investigator; the adequacy of the resources and environment; the proposed budget and requested period of support; and, where applicable, the adequacy of the measures for protecting against adverse effects upon humans, animals, or the environment.

93.702 NATIONAL CENTER FOR RESEARCH RESOURCES, RECOVERY ACT CONSTRUCTION SUPPORT

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Section 481A, 42 U.S.C 287.

OBJECTIVES:

To renovate existing research facilities and build new research facilities to meet basic and clinical space requirements, laboratory safety, biohazard containment, and animal care standards in order to support the facility demands of NIH research programs.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

New physical resources for research include basic research laboratories, clinical and support facilities, and those related to biohazard control that are integral parts of an overall effort. Proposed facilities must be part of an existing research effort or a developing research program. Facilities shall be used for research pertinent to the NIH mission for as long as needed. The Recovery Act has modified the usual period of Federal interest from 20 years to 10 years. Funds must be used for purposes stated in the approved grant application. See above.

Applicant Eligibility:

Construction/Renewal/Rehabilitation.

Beneficiary Eligibility:

Public nonprofit institution/organization.

Credentials/Documentation:

Application should include a complete research program description (with staff curricula vitae), space requirements for projected program, an environmental summary of the impact of the proposed facility as detailed in Public Law 90-190, the National Environmental Policy Act, and listing of all relevant licenses, permits, or other approvals required by State and local authorities. Costs will be determined in accordance with OMB Circular No. A-21 for Educational Institutions, OMB Circular No. A-87 for State and local governments, and OMB Circular No. A-122 for nonprofit institutions. For grants issued to hospitals, costs will be determined in accordance with HHS Regulations 45 CFR Part 74, Appendixes E, "Principles for Determining Costs Applicable to Research and Development Under Grants and Contracts with Hospitals". 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication assistance is available from the address noted below under Information Contacts. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Prepare and submit applications according to instructions provided in the applicable ARRA Funding Opportunities announcement. This program is subject to the provisions of 45 CFR 74 including applicable federal cost principles as referenced, the NIH Grants Policy Statement, and the provisions in the funding announcement. NIH is transitioning to an electronic application by grant mechanism. Details, including the appropriate application form, can be found at <http://era.nih.gov/ElectronicReceipt/>.

Award Procedure:

Applications are reviewed for scientific and technical merit by a scientific review group and for program relevance by a national advisory council/board.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

A principal investigator may question the substantive or procedural aspects of the review of his/her application by communicating with the NIH Scientific/Research contact, as provided on an initiative. A description of the NIH Peer Review Appeal procedures is available on the NIH Web site at <http://grants.nih.gov/grants/guide/notice-files/not97-232.html>.

93.310 Trans-NIH Research Support

EXAMPLES OF FUNDED PROJECTS:

Not Applicable.

CRITERIA FOR SELECTING PROPOSALS:

Applications that are complete and responsive to this program will be evaluated for scientific and technical merit by an appropriate peer review group. The major elements in evaluating proposals include: (1) significance and need of the project, (2) the description of project management and institutional commitment, (3) evaluation of the proposed design, (4) justification for requested equipment, (5) the commitment to sustainable design/environmentally friendly design principles.

93.704 TRANS-NIH RECOVERY ACT LOAN REPAYMENT SUPPORT FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title IV, Part G, Section 487F, Public Law 106-505, 42 U.S.C 288-5a.

OBJECTIVES:

To provide support for NIH loan repayment initiatives funded under The American Recovery and Reinvestment Act of 2009 (ARRA). Initiatives will attract and retain health professionals performing research in fields required by the NIH to carry out its mission by providing educational loan repayment for participants with substantial amounts of educational debt relative to income, who agree by written contract to engage in biomedical, behavioral or clinical research in a qualifying nonprofit institution or as an employee of the NIH for 2 years for new intramural and extramural contracts.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use

USES AND USE RESTRICTIONS:

To provide support for NIH loan repayment initiatives funded under The American Recovery and Reinvestment Act of 2009 (ARRA). Initiatives will attract and retain health professionals performing research in fields required by the NIH to carry out its mission by providing educational loan repayment for participants with substantial amounts of educational debt relative to income, who agree by written contract to engage in biomedical, behavioral or clinical research in a qualifying nonprofit institution or as an employee of the NIH for 2

years for new intramural and extramural contracts. Recipients must have qualified educational debt in excess of 20 percent of their annual salary, which is referred to as their "debt threshold." An amount equal to half of this "debt threshold" will not be repaid by NIH and must be paid by the program participants. Participants may apply for and the Secretary may grant extension contracts for one-year or two-year periods, as determined by the Secretary, if the individual continues to engage in qualifying research beyond their initial contracts. Renewal applications are competitively reviewed and the submission of a renewal application does not assure the award of benefits. Eligible renewal applications that score within the funding range will receive continuation contracts from non-ARRA funding sources. The maximum program benefit is \$35,000 per year in loan repayments and \$13,650 per year in Federal tax reimbursements, plus discretionary State and local tax reimbursements.

Applicant Eligibility:

Small business (less than 500 employees).

Beneficiary Eligibility:

Specialized group (e.g. health professionals, students, veterans).

Credentials/Documentation:

Applicants electronically transmit the following documents to the NIH: Applicant Information Statement, Biosketch, Personal Statement, Description of Research Activities, 3 Recommendations, Loan Information including current account statement(s) and promissory note(s) or disclosure statement(s), Assessment of Research Activities Statement (completed by the research supervisor), and Description of the Research Environment (completed by the research supervisor), Training or Mentoring Plan (completed by the research supervisor). Institutional Contacts electronically transmit a certification that: (a) assures the applicant will be provided the necessary time and resources to engage in the research project for two years from the date a Loan Repayment Program Contract is executed; (b) assures that the applicant is or will be engaged in qualifying research for 50 percent of their time (or not less than 20 hours per week based on a 40 hour week); (c) certifies that the institution is nonprofit (exempt from tax under 26 USC 501), and (d) provides the applicant's institutional base salary. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Applicants must access and submit the Loan Repayment Program application via the website www.lrp.nih.gov. Applications submitted to the NIH Division of Loan Repayment are first examined to determine if the basic eligibility requirements are satisfied. If these requirements are met, the application is forwarded to the NIH Center for Scientific Review for a determination regarding which NIH Institute or Center the application will be assigned to for review, scoring, and ranking.

Award Procedure:

The NIH Institutes and Centers approve or disapprove applications for participation in the Loan Repayment Program. When an Institute or Center approves an application, the NIH Office of Loan Repayment notifies individuals of their award amount, provides a repayment schedule that covers the period of participation, and a Loan Repayment Program Contract is executed by an authorized representative of the Secretary, DHHS. If the approved research assignment changes, or if the employing research institution changes, the participant must have their continued eligibility recertified by the Institute or Center which approved their application. Contact the NIH via E-mail at LRP@NIH.GOV for further guidance.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

Not Applicable.

Renewals:

At the conclusion of the ARRA 2-year contract, participants may apply and be considered for subsequent 1 or 2-year continuation contracts under the application and approval procedures specified above. Renewal applications are competitively reviewed and the submission of a renewal application does not assure the award of benefits. Eligible renewal applications that score within the funding range will receive continuation contracts from non-ARRA funding sources.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

MOE requirements are not applicable to this program.

93.714 ARRA EMERGENCY CONTINGENCY FUND FOR TEMPORARY ASSISTANCE FOR NEEDY FAMILIES (TANF) STATE PROGRAM

TANF Emergency Fund, Recovery Act

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

TANF Emergency Fund, Recovery Act, Title IV, Part A, Section 2101, Public Law 111-5, 42 U.S.C 603(c).

OBJECTIVES:

This funding was to provide economic stimulus to the nation while furthering the ACF mission to promote the economic and social well being of children, youth, families, and communities. The objective of the program was to provide up to \$5 billion for jurisdictions (States, Territories, and Tribes) in fiscal year (FY) 2009 and FY 2010 that had an increase in assistance caseloads and/or certain types of expenditures. This Emergency Fund was in addition to the TANF Contingency Fund in section 403(b) of the Act that gives money to qualifying States (but not Territories or Tribes) during an economic downturn.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Emergency Fund grants are Federal TANF funds. Jurisdictions must use these funds in accordance with section 404 of the Act. This does not include authority to transfer emergency funds to either the Social Services Block Grant (SSBG) or the Child Care and Development Block Grant (CCDBG) because that transfer authority is limited to grants made under section 403(a) of the Act. Emergency funds are available until expended.

Jurisdictions may carry over emergency funds for use in a succeeding fiscal year as authorized under section 404(e) of the Act, i.e., the funds are available until expended. Section 403(c)(5) of the Act imposes a cumulative cap on the amount of emergency funding that a jurisdiction can receive for the two-year period. The capped amount consists of the cumulative combined grants from the existing Contingency Fund (section 403(b)) and the Emergency Fund (section 403(c)) and the total of the two cannot exceed 50 percent of the jurisdictions annual Federal TANF family assistance grant.

The same financial and programmatic rules pertaining to the appropriate use of the jurisdictions Federal TANF block grant funds also apply when using the emergency funds. This also means that all TANF requirements, including work participation requirements and time limits, apply to families receiving assistance with emergency funds exactly as they do to families receiving other Federal TANF-funded assistance. See above.

Applicant Eligibility:

None.

Beneficiary Eligibility:

None.

Credentials/Documentation:

Federal funds go to the State, Territory, or Tribal TANF agencies. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Funding was available in fiscal years 2009 and 2010 for jurisdictions that were eligible by having an increase in assistance caseloads or certain types of expenditures. Environmental impact information is not required for this

program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Jurisdictions had to submit applications by September 1, 2010.

Award Procedure:

Requests for emergency funds approved by HHS were distributed quarterly.

Deadlines:

Sep 01, 2010 Initial requests were submitted by September 1, 2010, for qualifying expenditures made in fiscal years 2009 and 2010, with updates to data allowed until September 30, 2011.

Range of Approval/Disapproval Time:

Review and evaluation of applications has been a priority and we acted upon them within an as soon as possible timeframe.

Appeals:

Jurisdictions facing an adverse action by the Secretary of HHS may appeal under both administrative and judicial procedures.

Renewals:

Funding for the program ended September 30, 2010.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Jurisdictions were awarded their emergency fund grants as applications were approved. They may reserve grant moneys, without fiscal year limitation. Method of awarding/releasing assistance: quarterly.

Reports:

Program reports are not applicable. Cash reports are not applicable. Progress reports are not applicable. Jurisdictions have to submit information on caseloads and expenditures. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Audits shall be conducted by the Inspector General and the jurisdictions under Chapter 75 of Title 31, United States Code.

Records:

Jurisdictions must maintain records containing information the Secretary may require by regulation. Information submitted in support of a request for Emergency Funds will be tested for reliability and accuracy. Accordingly, jurisdictions are expected, as required by the federal regulations at 45 CFR 75.361, to maintain pertinent documentation related to caseload and expenditure data used to support the request for funds, be able to link the information to the relevant reporting and accounting system, and make such information available in a clear and understandable form that can be validated by an auditor.

Account Identification:

AUTHORIZATION:

Section 3012(c) of the Public Health Service Act (PHSA), as added by Section 13301 within Title XIII in Division A of the American Recovery and Reinvestment Act of 2009, Public Law 111-5 (ARRA).

OBJECTIVES:

Establish Health Information Technology Regional Extension Centers to identify and disseminate best practices and provide technical assistance supporting the adoption and meaningful use of health IT to improve care quality while protecting patient privacy. The statutory objective of the regional centers is to enhance and promote the adoption of health information technology through means specified in PHSA 3012(c)(3).

TYPES OF ASSISTANCE:

Cooperative Agreements (Discretionary Grants)

USES AND USE RESTRICTIONS:

Funds may be used for the initial and operating expenses incurred in establishing and operating a regional center that provides technical assistance services to providers seeking to adopt, implement, and/or meaningfully use certified electronic health records (EHR) technology. The assistance supported under this health information technology extension program, and carried out by regional centers, is technical assistance and consulting service to providers. None of the funds appropriated or otherwise made available in ARRA may be used by a state or local government, or any private entity, for any casino or other gambling establishment, aquarium, zoo, golf course, or swimming pool. Requirements for Federal Awards applies to this program. Applications are solicited by a program announcement. The availability of this announcement will be broadly published, including by posting on www.grants.gov.

Award Procedure:

Following merit review of applications, those applicants whose applications have been selected by the Secretary of HHS (or designee) for funding will receive a Notice of Award signed by an HHS Grants Management Officer. The Notice of Award, which is sent to the applicants Authorized Organizational Representative, is the only official notification of award. Unsuccessful applicants will be advised by letter.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: PHS 3012(c)(5) states that the Secretary may not provide more than 50 percent of the capital and annual operating and maintenance funds required to create and maintain such a center, except in an instance of national economic conditions which would render this cost-share requirement detrimental to the program and upon notification to Congress as to the justification to waive the cost-share requirements. The Secretary has determined that there are national economic conditions which would render the 50 percent cost share requirement to be detrimental to the program and has provided such notification to Congress. Instead, the Secretary has structured a funding partnership between HHS and recipients, as indicated in the Program Announcement.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

PHSA 3012(c)(5), as added by ARRA, specifies that the Secretary may provide financial support to any regional center created under PHS 3012(c) for a period not to exceed 4 years. Awards are expected to be for one, 4-year budget period and a four year project period, with a 90/10 matching requirement across all 4 years. See the following for information on how assistance is awarded/released. Subject to meeting performance requirements. See the following for information on how assistance is awarded/released: Subject to meeting performance requirements.

Reports:

Program report requirements, if applicable, will be identified in the Program Announcement. The Federal Cash Transaction Report is due after the end of each quarter (January 30, April 30, July 30, and October 30). Recipients of Federal awards from funds authorized under Division A of the ARRA must comply with all requirements specified in Division A of the ARRA (Public Law 111-5), including reporting requirements outlined in Section 1512 of the Act. ARRA reports will be required quarterly. For purposes of reporting, ARRA recipients must also report on ARRA sub-recipient (sub-grantees and sub-contractors under the cooperative agreement) activities. Reporting requirements will be detailed in the program announcement and included in award notices. The frequency of interim progress reports and financial status reports will be identified in the program announcement and will be submitted no later than 30 days following the end of the reporting period to which they pertain. The Federal Financial Report (FFR-425) is due within 90 days after the end of the applicable 12-month period (January 30). ARRA reporting and agency programmatic reporting provisions will require awardees to evaluate performance in view of stated objectives.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit

conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Grantees are required to maintain grant records for a minimum of 3 years from the submission date of the final financial report. If any litigation, claim, negotiation, audit or other action involving the record has been started before the expiration of the 3-year period, the records shall be retained until the completion of the action and resolution of all issues which arise from it or until the end of the regular 3-year period, whichever is later.

93.719 ADVANCE INTEROPERABLE HEALTH INFORMATION TECHNOLOGY SERVICES TO SUPPORT HEALTH INFORMATION EXCHANGE

FEDERAL AGENCY:

Office of the Secretary, Department of Health and Human Services

AUTHORIZATION:

American Recovery and Reinvestment Act (ARRA) of 2009, Division A, Title XIII, HITECH Act, Section 3013.

OBJECTIVES:

The Advance Interoperable Health IT Services to Support Health Information Exchange Cooperative Agreement Program will leverage investments and lessons learned from the previous State Health Information Exchange Cooperative Agreement Program (State HIE Program) to rapidly build capacity for the interoperable exchange of health information across the entire care continuum both within and across states while moving toward nationwide

interoperability. Grantees will seek to improve care coordination and enhance communication among both clinical and non-clinical care providers across the entire care continuum by: 1) Expanding the adoption of health information exchange technology tools, services, and policies that enable interoperable exchange; 2) Facilitating and enabling send, receive, find, and use capabilities to access health information from external sources and incorporate into care provider workflows; 3) Increase integration of health information in interoperable health IT to support care processes and decision making.

TYPES OF ASSISTANCE:

Cooperative Agreements (Discretionary Grants)

USES AND USE RESTRICTIONS:

This Funding Opportunity Announcement (FOA) uses funds remaining from the State HIE Program to increase the adoption and use of interoperable health IT tools and services to support the interoperable exchange of health information and enable send, receive, find, and use capabilities in a manner that is appropriate, secure, timely, and reliable for both senders and receivers. This FOA was a full and open competition with twelve (12) awards being made in the form of cooperative agreements to states and/or state designated entities (SDE) to continue under the same intent as the original State HIE Program of enabling nationwide health information exchange across the care continuum and improving care coordination and transitions of care. This FOA will allow grantees to leverage the existing operational HIE infrastructure to expand the use of interoperable exchange tools and services to improve transitions of care and care coordination, thus furthering federal, state, and/or community health reform efforts. None of the funds appropriated or otherwise made available in ARRA may be used by a state or local government, or any private entity, for any casino or other gambling establishment, aquarium, zoo, golf course, or swimming pool. (ARRA Sec. 1604).

Applicant Eligibility:

Either a State, Territory, or State Designated Entity was eligible to apply.

Beneficiary Eligibility:

None.

Credentials/Documentation:

State governments and Qualified State-Designated Entities were eligible to apply. The program required a letter from the Governor establishing the Qualified State Designated Entity, where applicable. Documentation was to be provided in accordance with the requirements of 2 CFR 200.2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applications were solicited by a program announcement. The availability of this announcement was broadly published, including by posting on www.grants.gov.

Award Procedure:

Following objective review of applications, those applicants whose applications have been selected by the Secretary of HHS (or designee) for funding are to receive a Notice of Award signed by an HHS Grants Management Officer. The Notice of Award, which is sent to the applicants Authorized Organizational Representative, is the only official notification of award. Unsuccessful applicants will be advised by letter.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: The applicants match requirement is \$1 for every \$3 federal dollars. In other words, for every three dollars received in federal funding, the applicant must contribute at least one dollar in non-federal resources toward the programs total cost. For example, if \$100,000 in federal funds is requested for the period of performance, then the minimum match requirement is \$100,000/3 or \$33,333. In this example the programs total cost would be \$133,333.

If the required non-federal share is not met by the grantee, ONC will disallow any unmatched federal dollars. Demonstration of this match will be shown in annual federal financial reports. In preparing the application budget, applicants should consider these cost-sharing requirements and account for a match on their best estimate of expenditures.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Awards are expected to be for a two (2) year period of performance. See the following for information on how assistance is awarded/released: Subject to meeting performance requirements.

Reports:

ONC Program Progress Reports (PPR) are due quarterly and must include the reporting elements referenced in 2 CFR 200.328 as applicable. ONC will provide guidance on format and further instructions on reporting before the reports are due. The grantee must include in the PPR how the specific activities tie back to the intrastate and interstate funding streams. Recipients are required to cooperate with the ONC-directed evaluation activities, including, but not limited to reporting standardized performance measures and milestones on a regular basis to ensure that the project is meeting program objectives (milestones vs. projections); and, participating in ONC-led formal assessments, such as site visits and/or teleconferences with the assigned Project Officer. Federal Financial Report is due 30 days after the end of each quarter (January 30, April 30, July 30, and October 30). ONC Program Progress Reports (PPR) are due quarterly and must include the reporting elements referenced in 45 CFR 75.342 as applicable. ONC will provide guidance on format and further instructions on reporting before the reports are due. The awardee must include in the PPR how the specific activities tie back to the intrastate and interstate funding streams. Recipients are required to cooperate with the ONC-directed evaluation activities, including, but not limited to reporting standardized performance measures and milestones on a regular basis to ensure that the project is meeting program objectives (milestones vs. projections); and, participating in ONC-led formal assessments, such as site visits and/or teleconferences. Additional information on the specific performance evaluation criteria and milestones will be provided at a later date. Federal Financial Report (FFR 425) is due within 90 days after the end of the applicable 12-month period (January 30). Reports will be developed by ONC staff prior to award of funds. Federal Financial Cash Transaction Report. Reports will be developed by ONC Project Officer prior to award of the funds. Federal Financial Cash Transaction Report. Reports will be developed by ONC Project Officer prior to award of the funds.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. 93.721 ARRA - HEALTH INFORMATION TECHNOLOGY PROFESSIONALS IN HEALTH CARE

Health Information Technology Education (HITE)

FEDERAL AGENCY:

Office of the Secretary, Department of Health and Human Services

AUTHORIZATION:

Section 3016 of the Public Health Service Act (PHSA), as added by Section 13301 within Title XIII in Division A of the American Recovery and Reinvestment Act (ARRA) of 2009, Public Law 111-5.

OBJECTIVES:

PHSA 3016, as added by the Recovery Act, directs the Secretary to provide assistance to institutions of higher education (or consortia thereof) to establish or expand health informatics education programs, including certification, undergraduate, and masters degree programs, for both health care and information technology students and incumbent health care workers to ensure the rapid and effective utilization and development of health information technologies (in the United States health care infrastructure).

TYPES OF ASSISTANCE:

Cooperative Agreements (Discretionary Grants); Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

Activities for which assistance may be provided include the following: update health information technology (health IT) instructional training material previously developed under the Curriculum Development Centers cooperative agreement program. Updates will address five areas: population health, care coordination, new care delivery and value based payment models, patient centered care and health care data analytics. After the updates are complete, grantees will train approximately 6,000 incumbent health care workers in

team-based care environments.

Applicant Eligibility:

Financial assistance to institutions of higher education, or consortia thereof, to rapidly develop and sustain a health information technology workforce.

Beneficiary Eligibility:

Financial assistance to institutions of higher education, or consortia thereof, to rapidly develop and sustain a health information technology workforce.

93.727 BEACON COMMUNITIES - COMMUNITY HEALTH PEER LEARNING PROGRAM

FEDERAL AGENCY:

Office of the Secretary, Department of Health and Human Services

AUTHORIZATION:

American Recovery and Reinvestment Act (ARRA) of 2009, Division A, Title XIII, Part HITECH Act, Section 3011, Public Law 111-5.

OBJECTIVES:

The Community Health Peer Learning Program will provide funding to a single awardee to: 1) Leverage and build upon health care delivery and practice transformation programs introduced through the Beacon Community Program; 2) Engage 15 communities addressing health challenges at the population level through a community-based collaborative approach; and 3) Identify data

solutions, accelerate community progress and disseminate local learning to communities through the development of shared learning resources around population health challenges.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Awarded communities must use the funding provided under this program to support health IT and information exchange infrastructure and implement performance measurement, quality improvement, and care coordination programs to achieve improvements in health care quality, safety, efficiency, and population health. None of the funds appropriated or otherwise made available in ARRA may be used by any state or local government, or any private entity, for any casino or other gambling establishment, aquarium, zoo, golf course, or swimming pool. (ARRA Sec. 1604).

Applicant Eligibility:

The lead applicant must be a US-based non-profit organization or state, local, tribal or territorial government entity. Private providers and insurers will be encouraged to participate in the consortia.

Beneficiary Eligibility:

The identification and dissemination of best practices and lessons learned will directly benefit organizations and communities advancing health information technology and exchange. The knowledge attained by these awarded communities will, in turn, benefit the nations communities as a whole.

Credentials/Documentation:

If an applicant is a US-based non-profit entity it must provide documentation of its 501C (3) status or IRS determination letter, IRS tax exemption certificate, or letter from state taxing body verifying tax-exempt status. If the proposal is on behalf of a consortium, there must be letters of commitment from all members of the consortium which include their tax status. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. This program is excluded from Executive Order 12372.

Applications are solicited by a program announcement. The availability of this announcement will be broadly published, including by posting on www.grants.gov.

All timely applications from eligible entities that conform to the requirements of the program announcement will be forwarded to a merit review committee which will make funding recommendations, based on the merits of the applications. The selection of awardees will be made by the Secretary of HHS, or designee.

Award Procedure:

Following objective review of applications, those applicants whose applications have been selected by the Secretary of HHS (or designee) for funding will receive a Notice of Award signed by an HHS Grants Management Officer. The Notice of Award, which is sent to the applicants Authorized Organizational Representative, is the only official notification of award. Unsuccessful applicants will be advised by letter.

93.728 ARRA - STRATEGIC HEALTH IT ADVANCED RESEARCH PROJECTS (SHARP)

(SHARP)

FEDERAL AGENCY:

Office of the Secretary, Department of Health and Human Services

AUTHORIZATION:

American Recovery and Reinvestment Act of 2009 (Public Law 111-5) (Recovery Act), Title XIII, Part A, Section 3011.

OBJECTIVES:

To competitively-awarded cooperative agreements to establish Strategic Health IT Advanced Research Projects (SHARP). The awardees will conduct research focusing on where breakthrough advances are needed to address well-documented problems that have impeded adoption of health IT and to accelerate progress towards achieving nationwide meaningful use of health IT in support of a high-performing, learning health care system.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

ONC expects to award four cooperative agreements to support establishment of Strategic Health IT Advanced Research Projects (SHARP) sites for a project period of four years. Each such research site will have a two-part mission:

- (1) to implement a collaborative, interdisciplinary program of research addressing a specific focus area from the list provided below, addressing short-term as well as long-term challenges; and
- (2) to develop and implement a cooperative program between researchers, patient groups, health care providers, and other health IT sector stakeholders to transition the results of research into practice.

Each site will focus on areas where breakthrough improvements are needed to address well-documented problems that have impeded adoption of health IT and thereby accelerate progress on the pathway towards achieving the goals outlined in the strategic plan for health IT developed by the National Coordinator pursuant to PHSA Section 3001(c)(3) as added by the Recovery Act, specifically including the nationwide achievement of meaningful use of health IT to achieve transformational improvement of the health care system.

Each site will implement a collaborative, inter-disciplinary research program addressing one of the specific focus area(s) listed below. An eligible entity may, apply for funding in separate applications to establish more than one site, and thus it is possible a single eligible entity (institution) may receive more than one award under this program. Regardless of the total number of institutions funded to establish sites under this program, it is expected that the all of the awardees will collaborate with each other, as there will be numerous points of intersection among the sites' agendas.

Within its focus (listed below) area, each site will carry out at least the following set of activities:

Initially define and subsequently update or redefine on a yearly basis, the key issues and research challenges within their respective area(s) of focus. The research areas identified will be those that significantly address barriers and solutions to achieving widespread adoption and meaningful use of health IT.

Projects to address the identified issues will be mapped to either a short-term (< 2 years) or long-term (4 years) timeframe. Because this is a cooperative agreement, recipients shall plan and allow for collaboration with ONC and other federal staff with relevant expertise as identified or approved by ONC in establishing and updating the definition of key issues and research challenges in the sites focus area;

Conduct ambitious research addressing these key issues and challenges. This work will draw on the scientific methods and expertise of researchers and practitioners in diverse fields;

Collect specific, uniform data about the research activities and track progress toward milestones;

Facilitate practical and efficient processes that enable translation of research into health care and public health innovations, facilitating the transition of multidisciplinary research outcomes into new healthcare products and services both the short- and long-term;

Partner with industry to rapidly transfer short term results of this research into health IT products;

Publish and otherwise disseminate these research findings, preferably in open source journals that maximize the accessibility of this knowledge to the entire health IT community

Participate in an external evaluation; and

Select desired, measurable outcomes specific to the chosen research issue and methods for attaining results.

Research focus areas

In no particular order, the four foci for research identified below will be addressed by this program. The areas have been assigned numbers for ease of reference. Appendix B provides further detail about each of these areas.

1. **Security of Health Information Technology** This research area addresses the challenges of developing security and risk mitigation policies and the technologies necessary to build and preserve the public trust as health IT systems become ubiquitous.

This research area is responsive to paragraphs (1), (4), (5), and (6) of the PHSA 3011(a), as added by the Recovery Act, through the following activities:

Promoting the development and implementation of health information technology solutions that will support the electronic exchange and use of health information in a secure, private manner;

Promoting the development and implementation of technologies and best practices that enhance the protection of health information by all holders of individually identifiable health information;

Enhancing the capabilities and functionalities of tools to support privacy and security of individually identifiable health information as it is exchanged and used; and,

Supporting and enhancing the assurance of privacy needed providers and patients widespread acceptance of telemedicine and robust participation in clinical data repositories and registries.

2. **Patient-Centered Cognitive Support** This research area addresses the challenge of harnessing the power of health IT so that it integrates with, enhances and supports clinicians reasoning and decision making, rather than forcing them into a mode of thinking that is natural to machines but not to people.

PHSA 3011(a), as added by the Recovery Act, directs the support of health IT architecture that will support the use of health information in an accurate manner. Additionally, paragraphs (3) and (5) of the same subsection of the statute authorize use of funding appropriated under PHSA Section 3018, as added by the Recovery Act, to disseminate training and information on best practices to integrate health IT into a providers delivery of care, and to promote the use of clinical data repositories and registries. All of these paragraphs ((1), (3), and (5) of PHSA 301 I(a) as added by the Recovery Act) point to longstanding challenges that require new and creative research related to the accurate and effective use of electronic health information to enhance the safety, quality, efficacy, and thus the overall value of care.

3. **Healthcare Application and Network Platform Architectures** This research area focuses on the development of architectures that are necessary to achieve electronic exchange and use of health information in a secure, private and accurate manner.

PHSA 3011(a)(1), as added by the Recovery Act, authorizes support of health IT architecture that will support the nationwide electronic exchange and use of health information in a secure, private, and accurate manner. This research focus specifically supports the development of new and improved architectures and technology infrastructure needed to achieve the goals outlined in the plan for health IT by the National Coordinator in support of PHSA 3001(c)(3), as added by the Recovery Act, and to support measures for determination of meaningful use of health IT by providers over time (required by Social Security Act (SSA) Sections 1848(o) and 1866(n), as added by Title IV in Division B of the Recovery Act).

4. **Secondary Use of EHR Data** This research area focuses on strategies to enhance the use of health IT in improving the overall quality of health care.

PHSA 3011(a), as added by the Recovery Act, states that the Secretary shall invest in the infrastructure necessary to allow for and promote the electronic exchange and use of health information for each individual in the United States consistent with the goals outlined in the strategic plan developed by the National Coordinator. PHSA 3001(c)(3), as added by the Recovery Act, directs that the National Coordinator shall, in consultation with other appropriate Federal agencies (including the National Institute of Standards and Technology), update the Federal Health IT Strategic Plan (developed as of June 3, 2008) to include specific objectives, milestones, and metrics with respect to a specific set of topic areas. The current Federal Health IT Strategic Plan (developed as of June 3, 2008), as referenced in the statute, advances secondary use as a key mode of information technology use to transform health care. This is consistent with, and will be updated and expanded upon pursuant to the direction of PHSA 3001(c)(3)(i), (vii) and (viii), as added by the Recovery Act, to add to the updated strategic plan such objectives, milestones, and metrics with respect to:

(Reference: PHSA 3001(c)(3)(i)) the electronic exchange and use of health information and the enterprise integration of such information.

(Reference: PHSA 3001(c)(3)(vii)) strategies to enhance the use of health IT in improving the quality of health care, reducing medical errors, reducing health disparities improving public health, increasing prevention and coordination with community resources, and improving the continuity of care among health care settings.

(Reference: PHSA 3001(c)(3)(viii)) the specific plans for ensuring that populations with unique needs, such as children, are appropriately addressed in the technology design, as appropriate.

Applicant Eligibility:

Any entity submitting an application for this award must be a U.S.-based: public or private institution of higher education; or other public or private institution or organization with a research mission.

Beneficiary Eligibility:

This Funding Opportunity Announcement (FOA) will result in new competitively-awarded cooperative agreements to establish Strategic Health IT Advanced Research Projects (SHARP). The awardees will conduct research focusing on where breakthrough advances are needed to address well-documented problems that have impeded adoption of health IT and to accelerate progress towards achieving nationwide meaningful use of health IT in support of a high-performing, learning health care system.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application procedures will be specified in individual program announcements. Applicants should consult with the office or official designated as the contact for additional information on the application procedures.

Award Procedure:

Following objective review of applications, those applicants whose applications have been selected by the Secretary of HHS (or designee) for funding will receive a Notice of Award signed by an HHS Grants Management Officer. The Notice of Award, which is sent to the applicants Authorized Organizational Representative, is the only official notification of award. Unsuccessful applicants will be advised by letter.

Deadlines:

Jan 25, 2010

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

ONC expects to award four cooperative agreements to support establishment of Strategic Health IT Advance Research Projects (SHARP) for a project period of four years. See the following for information on how assistance is awarded/released: PHS 3012(c)(5), as added by ARRA, specifies that the Secretary may provide financial support to any regional center created under PHS 3012(c) for a period not to exceed 4 years. Awards are expected to be for two, 2-year budget periods and a four year project period. The Funding Opportunity Announcement provides additional details on how assistance is awarded/released.

Reports:

Reporting and Registration Requirements under Section 1512 of the Recovery Act:

(a) This award requires the recipient to complete projects or activities which are funded under the Recovery Act and to report on use of Recovery Act funds provided through this award. Information from these reports will be made available to the public.

(b) The reports are due no later than ten calendar days after each calendar quarter in which the recipient receives the assistance award funded in whole or in part by the Recovery Act.

(c) Recipients and their first-tier recipients must maintain current registrations in the Central Contractor Registration (www.ccr.gov) at all times during which they have active federal awards funded with Recovery Act funds. A Dun and Bradstreet Data Universal Numbering System (DUNS) Number (www.dnb.com) is one of the requirements for registration in the Central Contractor Registration.

(d) The recipient shall report the information described in Section 1512(c) using the reporting instructions and data elements that will be provided online at www.FederalReporting.gov and ensure that any information that is pre-filled is corrected or updated as needed.

The frequency of interim progress reports and financial status reports will be identified in the program announcement and will be submitted no later than 30 days following the end of the reporting period to which they pertain. The final progress report and final financial status report are due no later than 90 days after the end of the project period. ARRA reporting and agency programmatic reporting provisions will require awardees to evaluate performance in view of stated objectives. No cash reports are required. The awardee shall submit annual progress reports related to their projects and overall site performance. A specific Performance Report format will be finalized between the awardee and ONC following the award date.

In accepting an ONC award, the recipient assumes legal, financial, administrative, and programmatic responsibility for administering the award in accordance with the terms and conditions of the award, as well as applicable laws, rules, regulations, and Executive Orders governing HHS assistance awards, all of which are incorporated into this award by reference. Failing to comply with these requirements may result in suspension or termination of the award and/or ONC's recovery of award funds.

Quarterly Financial and Programmatic Reporting: Consistent with the Recovery Acts emphasis on accountability and transparency, reporting requirements under Recovery Act programs will differ from and expand upon HHS standard reporting requirements for grants and cooperative agreements. In particular, Section 1512(c) of the Recovery Act sets out detailed requirements for quarterly reports that must be submitted within 10 days of the end of each calendar quarter.

Recovery Act-Required Performance Measures - To assist in fulfilling the accountability objectives of the Recovery Act, as well as the Departments responsibilities under the Government Performance and Results Act of 1993 (GPRA), Public Law 103-62, applicants who receive funding under this program must provide data that measure the results of their work. Expenditure reports are not applicable. The awardee shall submit annual progress reports related to their projects and overall Center performance. A specific Performance Report format will be finalized between the awardee and ONC following the award date.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. The recipient shall comply with audit requirements of OMB Circular A-133. Information on the scope, frequency, and other aspects of the audits can be found on the Internet at www.whitehouse.gov/omb/circulars;

Records:

Grantees are required to maintain grant records for a minimum of 3 years from the submission date of the final financial report. If any litigation, claim, negotiation, audit or other action involving the record has been started before the expiration of the 3-year period, the records shall be retained until the completion of the action and resolution of all issues which arise from it or until the end of the regular 3-year period, whichever is later.

93.732 MENTAL AND BEHAVIORAL HEALTH EDUCATION AND TRAINING GRANTS

Behavioral Health Workforce Education and Training (BHWET)

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Sections 750 and 756 of the Public Health Service Act (42 U.S.C. 294e-1).

OBJECTIVES:

The purpose of the BHWET Program is to develop and expand the behavioral health workforce serving populations across the lifespan, including in rural and medically underserved areas. The BHWET Program places special emphasis on establishing or expanding internships or field placement programs in behavioral health that include interdisciplinary training for: 1) students/interns, 2) faculty, and 3) field supervisors to provide quality behavioral health services to communities in need. There are two tracks for this Notice of Funding Opportunity (NOFO): 1) BHWET Professional Track and 2) BHWET Paraprofessional Certificate Track.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Professional Track

Stipend Support Activity. At least 60 percent of a grant recipients overall requested budget (direct and indirect costs) must be used for stipends to students in field placement or internships, according to guidelines specified in the NOFO.

Administration and Management of the Program. No more than 40 percent of funding may be dedicated to grant recipient activities for (1) development of interprofessional training for students/interns, faculty, and field supervisors; (2) development of field placements/internships in integrated behavioral health into primary care; (3) financial support for the supervision of students and interns in field placement/internship; (4) Student/intern support costs including health insurance, travel, attendance at professional conferences, preparation for licensing exams, licensees, and other allowable trainee-related expenses; (5) program administration and management; and (6) data collection

Paraprofessional Certificate Track

Student Support Activity. At least 70 percent of a grant recipients overall requested budget (direct and indirect costs) must be used for student support activities (i.e., tuition, fees, and supplies), as specified in the NOFO.

Administration and Management of the Program. Up to 30 percent of the overall requested budget may be dedicated to grant recipient activities for (1) development of experiential field placement; (2) creation of additional slots beyond current program capacity in a paraprofessional certificate program(s) to expand the number of students trained with a focus on working with persons in rural, vulnerable, and/or underserved communities; (3) career development in behavioral health for paraprofessionals to encourage career progression; (4) financial support for the supervision of students in experiential field placement; (5) administration and management; and (6) data collection. Both Tracks - Restricted Uses: Indirect costs under training awards to organizations other than State, local or American Indian tribal governments will be budgeted and reimbursed at 8 percent of modified total direct costs rather than on the basis of a negotiated rate agreement, and are not subject to upward or downward adjustment.

An eligible institution may submit up to two applications one under the Professional Track and one under the Paraprofessional. Eligible institutions may not submit two applications for either the Professional Track or Paraprofessional Track.

Applicant Eligibility:

Professional Track

Accredited institutions of higher education or accredited behavioral health professional training programs in behavioral pediatrics, social work, school social work, substance use disorder prevention and treatment, marriage and family therapy, occupational therapy, school counseling, or professional counseling. Programs must require a pre-degree clinical field placement in behavioral health as part of the training and a prerequisite for graduation.

Accredited schools of masters or doctoral-level training in psychiatry, psychiatric- nursing programs.

APA-accredited doctoral level schools and programs in health service psychology or school psychology programs with a practicum of ten or more hours per week for two semesters, and APA-accredited doctoral internship programs in professional psychology.

Paraprofessional Certificate Track

Behavioral paraprofessional certificate training programs and peer paraprofessional certificate training programs offered by states, political subdivisions of states, Indian tribes and tribal organizations, public or nonprofit private health professions schools, academic health centers, state or local governments, or other appropriate public or private nonprofit entities as determined appropriate by the Secretary.

Entities must offer a certificate to the trainees upon completion of a program in a paraprofessional behavioral health related field (i.e., peer support counselor, community health worker, outreach worker, social services aide, mental health worker, substance abuse/addictions worker, youth worker, promotora), and must include an experiential field placement component.

The certificate should prepare students to apply for state licensure or certification. Students may be new to the field or may be paraprofessionals who

are already practicing and want additional credentials to advance their employability.

Eligible applicant institutions/organizations must be located in the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, the U.S. Virgin Islands, Guam, American Samoa, the Republic of Palau, the Republic of Marshall Islands or the Federated States of Micronesia. Faith-based and community-based organizations, Federally Recognized Indian Tribal Government and Native American Organizations may apply if they are otherwise eligible.

Beneficiary Eligibility:

In both the Professional and Paraprofessional Certificate Tracks, students must be enrolled in the school or program receiving the grant award in order to receive stipend and tuition support in the BHWET Program. In addition, students/interns must be U.S. citizens, U.S. nationals, or foreign nationals who possess a visa permitting permanent residence in the United States. Individuals on temporary or student visas are not eligible to participate.

Credentials/Documentation:

Applicants should review the individual HRSA notice of funding opportunity issued under this CFDA program for any required proof or certifications which must be submitted with an application package. Applicant institutions are required to include documentation of accreditation in their application. Social work training programs must be accredited by the Council on Social Work Education (CSWE). Doctoral training schools, programs, and internships in psychology must be accredited by the American Psychological Association. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. HRSA requires all applicants to apply electronically through Grants.gov .

All eligible, qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions.

Award Procedure:

Notification is made in writing by a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 120 to 180 days after receipt of applications.

Appeals:

Not Applicable.

Renewals:

Depending on Agency priorities and availability of funding, during the final budget year of the approved project period competing continuation applications may be solicited from interested applicants.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching requirements are not applicable to this program.

This program has MOE requirements, see funding agency for further details. Statutory formulas are not applicable to this program.

If you are applying for funding for doctoral-level psychiatry, psychology or school psychology internships you must document your intent to leverage other resources and related ongoing efforts to align with the Association of Psychology Postdoctoral and Internship Centers (APPIC) stipend level requirements, if appropriate. Refer to latest NOFO for further information.

This program has Maintenance of Effort (MOE) requirements. The recipient must agree to maintain non-federal funding for grant activities at a level which is not less than expenditures for such activities during the fiscal year prior to receiving the award.

Length and Time Phasing of Assistance:

This funding opportunity provides support for a four-year project period. See the following for information on how assistance is awarded/released:

Recipients draw down funds, as necessary, from the Payment Management System (PMS), the centralized web based payment system for HHS awards.

Reports:

Both program and financial reports are required. The recipient will be required to submit annual performance and progress reports. A Federal Financial Report (SF-425) is required according to the schedule in HRSA's Application Guide. A final report is due within 90 days after the project period ends. If applicable, the recipient must submit a Tangible Personal Property Report (SF-428) and any related forms within 90 days after the project period ends. New awards (Type 1) issued under this notice of funding opportunity are subject to the reporting requirements of the Federal Funding Accountability and Transparency Act (FFATA) of 2006 (Pub. L. 109282), as amended by section 6202 of Public Law 110252, and implemented by 2 CFR Part 170. Grant and cooperative agreement recipients must report information for each first-tier subaward of \$25,000 or more in federal funds and executive total compensation for the recipients and subrecipients five most highly compensated executives as outlined in Appendix A to 2 CFR Part 170 (The FFATA details are available online at <http://www.hrsa.gov/grants/ffata.html>). Competing continuation recipients may be subject to this requirement and will be so notified in the Notice of Award. A final report is due within 90 days after the project period ends. If applicable, the recipient must submit a Tangible Personal Property Report (SF-428) and any related forms within 90 days after the project period ends. New awards (Type 1) issued under this funding opportunity announcement are subject to the reporting requirements of the Federal Funding Accountability and Transparency Act (FFATA) of 2006 (Pub. L. 109282), as amended by section 6202 of Public Law 110252, and implemented by 2 CFR Part 170. CRITERIA FOR SELECTING PROPOSALS:

Procedures for assessing the technical merit of grant applications have been instituted to provide an objective review of applications and to assist the applicant in understanding the standards against which each application will be judged. Critical indicators have been developed for each review criterion to assist the applicant in presenting pertinent information related to that criterion and to provide the reviewer with a standard for evaluation. Competing applications are reviewed by nonfederal reviewers for technical merit recommendations. Applications will be reviewed and evaluated against the following criteria: (1) Purpose and Need; (2) Response to Program Purpose; (3) Impact; (4) Organizational Information, Resources and Capabilities; and (5) Support Requested. See the most recent Notice of Funding Opportunity for detailed selection criteria.

93.733 CAPACITY BUILDING ASSISTANCE TO STRENGTHEN PUBLIC HEALTH IMMUNIZATION INFRASTRUCTURE AND PERFORMANCE FINANCED IN PART BY THE PREVENTION AND PUBLIC HEALTH FUND (PPHF)

Immunization Program 2012 Prevention and Public Health Fund and Other Capacity-Building Activities

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

This program is authorized under Section 317 of the Public Health Service Act (42 U.S.C. Sections 247b), as amended; and the Patient Protection and Affordable Care Act (PL 111-148), Title IV, Sections 4002, (Prevention and Public Health Fund) for expanded and sustained national investment in prevention and public health programs. This program is funded in part by 2012 Prevention and Public Health Funds (PPHF-2012).

OBJECTIVES:

This program will improve the efficiency, effectiveness, and/or quality of immunization practices by strengthening the immunization information technology infrastructure, building capacity for public health department insurance billing, and expanding immunization delivery partnerships so that more children, adolescents, and adults are protected against vaccine-preventable diseases. The specific objectives may include but are not limited to:

1. Develop strategic plans for billing for immunization services in health department clinics;
2. Enhance interoperability between electronic health records (EHRs) and

Immunization Information Systems (IIS) and reception of HL7 standard messages in IIS;

3. Develop a vaccine ordering module in an immunization information system that interfaces with CDC's VTrackS vaccine ordering and management system;
4. Vaccine barcode improvement to improve the system functions to capture data from 2-D barcodes on vaccine vials and syringes as well as improve data capture from the Vaccine Information Statements;
5. Improve vaccine management, storage and handling at provider and grantee level;
6. Use immunization information systems to improve adolescent vaccination coverage;
7. Conduct hepatitis B vaccination pilot to reduce the incidence of acute hepatitis B infection among adults through targeted hepatitis B vaccination of adults who present for medical care in high risk settings or who have behaviors that increase their risk of hepatitis B virus (HBV) infection;
8. Conduct school vaccination assessment evaluation to implement substantial improvements in the quality of kindergarten coverage and exemption data collected at state and local levels while building state and local area capacity;
9. Use immunization information systems to conduct small area analysis of vaccination coverage.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Project funds may be used for costs associated with planning, organizing, conducting, and supporting immunization programs directed toward vaccine-preventable diseases, and for the implementation of other program elements as described in Section 050 above and through CDC allowable and unallowable expenses.

Applicant Eligibility:

Eligibility is limited to the current 64 CDC Immunization Program grantees and some program areas have more specific criteria. Private individuals; private, nonprofit agencies; and Indian tribes are not eligible.

Beneficiary Eligibility:

Any U.S. state, political subdivision and U.S. territories (as described above), and other public entities will benefit.

Credentials/Documentation:

Applicants should document the need for assistance, state the objectives of the project, outline the method of operation, describe the evaluation procedures, and provide a budget with justification of funds. Costs will be determined in accordance with 2 CFR 225 (OMB Circular No. A-87) for state and local governments. OMB Circular No. A-87 applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. This program is excluded from coverage under OMB Circular No. A-110. Allowable costs will be determined in accordance with OMB Circular No. A-87 for non-profit, non-governmental organizations. Applicants must download supplemental application forms from www.Grants.gov. Supplemental applications must be submitted electronically at www.Grants.gov.

If an applicant does not have access to the Internet, or if they have difficulty accessing the forms online, contact the CDC Procurement and Grants Office, Technical Information Management Section (PGO-TIMS) staff. For this, or further assistance, contact PGO-TIMS: Telephone: 770-488-2700, email: PGOTIM@cdc.gov.

HHS/CDC Telecommunications for the hearing impaired: TTY 770-488-2783.

Award Procedure:

All applications that are complete and responsive to competitive supplemental

grant and cooperative agreement announcements will undergo an objective review process, receive a written critique and be scored according to published review criteria. Successful applicants will receive a Notice of Award (NoA) from the CDC Procurement and Grants Office. The NoA shall be the only binding, authorizing document between the recipient and CDC. The NoA will be signed by an authorized CDC Grants Management Officer.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

Not Applicable.

Renewals:

Renewals will be based upon the conditions in the funding announcement and are subject to the availability of funds under Section 317 of the Public Health Service Act or under the Patient Protection and Affordable Care Act.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Financial assistance is available for a 12-month budget period and 24-month project period. Method of awarding/releasing assistance: lump sum.

Reports:

No program reports are required. No cash reports are required. The reporting schedule will be based on the requirements listed in the funding opportunity announcement. Funded applicants must provide a Monthly Progress Report within 30 days after the award and monthly thereafter. An Annual Progress Report is due 90 days after the end of the budget period. Federal Financial Reports (SF 425) and Final Progress Report are due 90 days after the end of the budget period. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. 93.735 STATE PUBLIC HEALTH APPROACHES FOR ENSURING QUITLINE CAPACITY FUNDED IN PART BY PREVENTION AND PUBLIC HEALTH FUNDS (PPHF)

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Consolidated Appropriations Act, Fiscal Year 2012, Public Law 112-74, for the Departments of Labor, Health and Human Services, and Education and the Department of Interior and Related Agencies; and the Consolidated and Further Continuing Appropriations Act, Fiscal Year 2012, Public Law 112-55 for the United States Department of Agriculture, and Related Agencies. Title IV Section 4002 Prevention and Public Health Fund.

OBJECTIVES:

As part of the overall effort to reduce the burden of chronic diseases and chronic disease risk factors, the Centers for Disease Control and Prevention (CDC), National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Office on Smoking and Health (OSH) announces the opportunity to apply for funds to ensure and support state quitline capacity, in order to respond to upcoming federal initiatives such as the National Tobacco Education Campaign. <http://www.cdc.gov/tobacco>. This program addresses the Healthy People 2020 focus area of tobacco use and the goal of reducing illness, disability, and death related to tobacco use and secondhand smoke exposure. Preventing tobacco use and helping tobacco users quit can improve the health and quality of life for Americans of all ages. People who stop smoking greatly reduce their risk of disease and premature death. Benefits are greater for people who stop at earlier ages, but quitting tobacco use is beneficial at any age. This FOA will be a new, 2-year cooperative agreement for all states and territories that currently have a quitline. Funds will be used for the following:

- Address the anticipated increase in calls
- Expand capacity and eligibility to ensure all callers receive some form of assistance
- Increase efficiencies of quitline operations, such as demonstrating how they will connect to or incorporate an interactive voice recording system (IVR) at the state or federal level
- Incorporate technological enhancements to provide additional forms of assistance to callers who want to quit
- Expand paid and earned media to promote the quitline and increase quit attempts

Develop and/or implement private/public partnerships or other strategies to sustain quitline capacity.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Of the \$22 million dollars will be used to support intensive community approaches to chronic disease prevention and control described in Section 5.50 above. The use of and use restrictions are as follows:
Recipients may not use funds for research.
Recipients may not use funds for clinical care.
Recipients may only expend funds for reasonable program purposes, including personnel, travel, supplies, and services, such as contractual.
Awardees may not generally use HHS/CDC/ATSDR funding for the purchase of furniture or equipment. Any such proposed spending must be identified in the budget.
The direct and primary recipient in a cooperative agreement program must perform a substantial role in carrying out project objectives and not merely serve as a conduit for an award to another party or provider who is ineligible.
Reimbursement of pre-award costs is not allowed.
Funds will not be used to supplant existing state funding for quitlines
A maximum of 10% of funds may be spent on Nicotine Replacement Therapy (NRT), and NRT cannot be provided to any individual for greater than two weeks using these funds.

Applicant Eligibility:

Eligible applicants that can apply for this funding opportunity are listed below: Eligibility is limited to currently funded recipients under RFA-DP09-901 and RFA-DP09-902. These include state, District of Columbia, and the U.S. territorial health departments of Guam and Puerto Rico because they are the only entities with the authority to prevent and control tobacco use and which provide quitline services within the states and territories. State and territorial health departments are also uniquely qualified to address the anticipated increase in calls to quitlines due to federal media education campaigns, while expanding capacity and eligibility to ensure all callers receive some form of assistance. These agencies are also uniquely qualified to promote the quitline, increase quit attempts, and increase public and private partnerships to ensure quitline sustainability.

Beneficiary Eligibility:

Any State and territorial health department, and other public entities will benefit.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. This program is covered under OMB Circular No. A-102. Applicants must download the SF424 application forms through Grants.gov/Apply. Only the forms package directly attached to a specific Funding Opportunity Announcement (FOA) can be used. If an applicant does not have access to the Internet, or if they have difficulty accessing the forms online, contact the CDC Procurement and Grants Office Technical Information Management Section (PGOTIMS) staff. For this, or further assistance, contact PGO TIMS: Telephone (770) 488-2700, Email: PGOTIM@cdc.gov. HHS/CDC Telecommunications for the hearing impaired: TTY 770-488-2783.

Award Procedure:

Eligible applicants are required to provide measures of effectiveness that will demonstrate the accomplishment of the various identified objectives of the DP12-1214PPHF12.. Measures of effectiveness must relate to the performance goals stated in the Purpose section of this announcement. Measures of effectiveness must be objective, quantitative and measure the intended outcome of the proposed program. The measures of effectiveness must be included in

the application and will be an element of the evaluation of the submitted application. All applications that are complete and responsive to this competitive funding opportunity announcement will be evaluated for programmatic and technical merit. Applications will be reviewed for completeness by the Procurement and Grants Office (PGO) staff and for responsiveness jointly by the National Center for Chronic Disease Prevention and Health Promotion and PGO. Incomplete applications and applications that are non-responsive to the eligibility criteria will not advance through the review process. Applicants were notified the application did not meet submission requirements. Technical reviews will be conducted on complete and responsive applications according to the evaluation criteria listed in funding opportunity announcement DP12-1214PPHF12. Successful applicants will receive a Notice of Award (NOA) from the CDC Procurement and Grants Office. The NOA shall be the only binding, authorizing document between the recipient and CDC. National Diabetes Prevention Program Evidence-Based Lifestyle Intervention to Prevent Type 2 Diabetes in Underserved Communities

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

This program is authorized under the Patient Protection and Affordable Care Act of 2010, 4201 (P.L. 111-148) and title IV Section 4002 of the Affordable Care Act (PPHF).

OBJECTIVES:

National Diabetes Prevention Program Evidence-Based Lifestyle Intervention to Prevent Type 2 Diabetes in Underserved Communities - The purpose of the program is to expand the National Diabetes Prevention Program, an evidence-based lifestyle change program in populations at high-risk for developing type 2 diabetes (African American; American Indian/Alaska Native; Hispanic/Latino, Low Social Economic Status; Women with a history of Gestational Diabetes). The CDC-led National Diabetes Prevention Program (National DPP) is a public-private partnership of community organizations, private insurers, employers, health care organizations, and government agencies working to deliver the type 2 diabetes prevention lifestyle change program. It is an innovative example of linking the community and clinical sectors to cost-effectively improve health outcomes. The National DPP is focused on aligning incentives since third-party payers reimburse for health outcomes. Economic studies indicate that lifestyle change programs (costing about \$400

per person) are cost effective and even cost saving by reducing the cost of treating diabetes and its complications prevented by the program. These favorable costs are the result of employing a lower cost workforce, delivering the program in groups, and consistency in program content. The award recipients will be expected to develop, implement, market, and evaluate a comprehensive plan for scaling the National DPP lifestyle change program in select communities. The awardees will identify and engage organizations and/or employers that have capacity to offer the National DPP lifestyle change program and facilitate the establishment of the National DPP lifestyle change program, in collaboration with these organizations and/or employers. Awardees will also work with insurance companies to reimburse organizations offering the National DPP lifestyle change program through this cooperative agreement and work with employers and insurers to offer the National DPP lifestyle change program using pay for performance model. Also, they may work with employers to offer the National DPP lifestyle change program as a covered benefit for employees. The awardees will be expected to develop, implement and evaluate marketing and communications strategies to promote the National DPP lifestyle change program, educate health care providers about the program and encourage provider referrals to National DPP lifestyle change programs.
