FY 19

This is the last day the Treasurer's Office will accept deposits that will be processed as FY 19 transactions. All deposits on September 26 to be processed in FY 19 should be made between 8:00 a.m. and 2:30 p.m.

All bad checks that have been distributed by the Treasurer's Office by 2:30 p.m. on September 26 should be processed in FY 19 as indicated on page 19 of the Fiscal Policy and Procedures Manual. Any questions regarding bad checks should be directed to the Treasurer's Office at (334) 242-7510.

FY 20

All deposits made after 2:30 p.m. on September 26 will be processed as FY 20 transactions.

The STAARS Doc ID# for FY 20 cash receipts should begin with “20” in STAARS.

This includes cash receipts made after 2:30 p.m. on September 26. For all departments, these cash receipts must include the proper bank code and deposit ticket number.

No deposits should be coded as refunds of current year disbursements until there have been sufficient disbursements in FY 20.

PRIOR BUDGET YEAR TRANSACTIONS

A cash receipt may be used to correct a FY 19 deposit while the thirteenth accounting period is open. Cash Receipts (whether expenditures, revenue or balance sheet codes) that reclassify FY 19 deposits from one fund to another fund should be coded in the following manner. In the old fund, an accounting line with the original coding will be decreased (debited) and offset on a second accounting line with the balance sheet account 2003 (Due to Other Funds). In the new fund, a third accounting line with the appropriate coding will be increased (credited) and offset on a fourth accounting line with balance sheet account 1203. These first four lines that reclassify deposits from one fund to another fund should be coded to the 13th accounting period. Two additional accounting lines will be required to decrease the old fund (code to 2003) and increase the new fund (code to 1203) and both should be coded to FY 20.
CASH RECEIPTS (CONTINUED)

All FY 19 modifications coded to the thirteenth accounting period must not change the total deposit amount and the modification must not change cash (in total) in a fund.

Refunds of prior year expenditures may be deposited as refunds against disbursements while the thirteenth accounting period is open. The first accounting line should increase (credit) a line with the appropriate object code and offset a second accounting line with balance sheet account 1200 – Accounts Receivable (or 1205 – Due from Other Governments as appropriate). Both lines should be coded to the 13th accounting period. A third accounting line in the amount of the refund using to the same balance sheet account should be coded to FY 20. All three lines must be coded to the same fund. After the thirteenth accounting period has closed, these prior year refunds should be entered in FY 20 on a single accounting line and coded to revenue source 0684.

All checks originally deposited and certified in FY 19 that are returned after 2:30 p.m. on September 26 should be recorded on an NSF1 document while the thirteenth accounting period is open. The first accounting line with the original deposits coding should be decreased (debited) and offset on a second accounting line with balance sheet account 1006. These two lines should be coded to the 13th accounting period. A third accounting line decreasing balance sheet account 1006 should be coded to FY 20. All three accounting lines must be coded to the same fund.

FY 19

SEPTEMBER 13 (Manual Agencies)

Manual agencies must submit completed year-end accounts payable journal voucher forms with supporting documentation to the Shared Services Section of the Comptroller's Office by 5:00 PM on this date to allow time for entering into the system. Attached is a sample of the journal voucher document (for Manual Agencies) to be completed in order to establish the year-end accounts payable.

SEPTEMBER 19 (STAARS Agencies)

The year-end accounts payable journal vouchers and corresponding documentation must be received by the Comptroller's office by 5:00 p.m. on this date. Documentation should be attached to the header of this document.

The purpose of these journal vouchers is to ensure that sufficient cash and budget authority are available at year-end for remaining 2019 fiscal year expenditures and should consist only of expenditures incurred, but not paid by September 30, 2019, such as travel and utilities.

NOTE: Do not include capital outlay (050 or other capital outlay units) lines on your accounts payable JV to be encumbered. However, sufficient cash must be available for all capital outlay appropriations (050 or other capital outlay units) and FY 19 POs.

Year-end accounts payable journal vouchers will be accomplished by making the following accounting entry:

MANUAL AGENCIES

Manual agencies, in completing the year-end accounts payable journal voucher form, the document number must have 11 digits in the following format:

```
9 XXX XXXXX E
Agcy  Department
Code  Discretion
```

It must begin with “9”, followed by the three-digit agency code, plus six digits at the department's discretion, and end with the letter "E".

The debits to the expenditure accounts (credits not allowed) must include all applicable accounting codes down to the sub-object level, but consolidate all major object code/sub-object combinations into one sub-object entry, such as 0801, 0901, 0401, etc.

STAARS AGENCIES

STAARS agencies, in completing the year-end accounts payables journal vouchers, the document in STAARS is a cloned JVC document and should be entered as an APJV1 document. STAARS agencies must enter their accounts payable JV in this format.

A reversal date is required on each document. It is imperative to enter a reversal date for these documents to process correctly and for budget and cash to be restored to allow available budget and cash for 13th accounting period transactions to process. The reversal date of 09/27/2019 must be entered on the header of the APJV1 document. Agencies must place a check mark in the “create reversal document on hold” check box under the reversal date on the header of the APJV1.

*The debits to the expenditure accounts (credits not allowed) must include all applicable accounting codes down to the applicable object level.

</tbody>

Code – APJV1
Unit, Department and ID - applicable to your specific agency

If you do not enter your accounts payable journal voucher in the prescribed format it may be missed and not processed. It is imperative to follow this format.
*Note: Sub-objects are not required for budgetary control purposes but are required for journal voucher processing. Therefore, you must use 01 as the sub-object in each expenditure transaction in order to reduce the number of journal voucher lines. For simplicity all sub-object codes should be consolidated and entered only as 0801, 0901, 0401, etc.

All Users

Major object 0100 and 0200 can only be used with prior approval from the Comptroller’s Office. Sub-object 04 should be used with major object 0100 for manual users and 0104 for STAARS users.

SEPTEMBER 20

The Comptroller’s Office will run a job on this date to ensure that sufficient cash and budget authority are available for multi-year funds already appropriated under appropriation unit 050, or other capital outlay units, and for all FY19 encumbrances through Purchasing and encumbered professional services contracts. Therefore, these items should NOT be included on your year-end accounts payable journal vouchers.

NOTE: Sufficient cash must be available for all capital outlay appropriations (050 or other capital outlay units) and FY19 POs.

Once the accounts payable journal vouchers are updated and cash is reserved for Purchasing/Professional Services Contract encumbrances and cash is reserved for Capital Outlay in STAARS, any remaining unexpended/unencumbered budget authority will be reduced to zero for FY19. After the year-end closing process is completed in STAARS, journal vouchers (accounts payable, and those processed to reserve cash for encumbrances and Capital Outlay) will be reversed in order to restore the cash and FY19 budget authority for spending during the thirteenth accounting period.

FY 19

DATES ON PAYMENT DOCUMENTS

During the 13th accounting period, if goods or services are ordered and received (the expenditure was actually incurred) on or before 9/30/19, the ACCOUNTING PERIOD on the payment document should be coded “13”, whether you are making a direct payment (for example, utilities) or referencing a purchase order. This applies to all payment documents, without exception.

PAYMENT DOCUMENTS REFERENCING INTERFUND INVOICES

When paying Interfund invoices, the accounting period year on the payment document must be the same as the accounting fiscal year on the ITI in STAARS.

FY 20

On your payment documents, LEAVE THE DATE FIELD BLANK.

If prior year goods or services are ordered on or before 9/30/19 and are received on or after 10/1/19, leave the Fiscal Year and Accounting Period fields blank on the payment document, and code “2019” for the budget fiscal year when making a direct payment. On payment documents processed for current year goods or services, leave the Fiscal Year and Accounting Period fields blank and code “2020” for the budget fiscal year.

DATES ON MATERIAL RECEIPTS

The material receipt STATEMENT is required. The statement MUST have the date received on it. Please refer to the memo dated February 13, 2012 regarding Material Receipt Change for instructions.

In STAARS, the use of the material receipt document “RC” is recommended.

If the payment document references a purchase order, the fiscal year of the purchase order determines which fiscal year budget is charged. A payment document referencing a FY 19 purchase order will be charged against the FY 19 budget; a payment document referencing an FY 20 purchase order will be charged against the FY 20 budget. Expenditures must be paid from the proper fiscal year and multiple fiscal years cannot be processed on the same document.
PAYMENT DOCUMENTS (CONTINUED)

Priority Authorizations

If the authorization was obtained prior to 10/1/19, but the goods or services were ordered and received after 9/30/19, the Budget FY on the document should be “2019”. If the goods or services were ordered and received prior to 9/30/19, then “13” should be placed in the accounting period and “2019” in the Budget FY.

All FY18 DOP*/ISE1 documents that are multi-year and have or will have a corresponding FY19 encumbrance must be reviewed. FY18 DOP*/ISE1 encumbrances will be closed and should be decreased to the amount spent. This reduced amount will increase the available amount on the MAP*/ISA1 document and will allow a FY19 increase for an encumbrance, with available allotment, and keep the contract amount whole for any future year encumbrances, if applicable. Please coordinate this with Fiscal Management in the Comptroller's Office, Randy Head at (334) 353-9275, or Cyndie Cookston at (334) 353-1524.

STAARS Agencies

All FY18 DOP*/ISE1 documents that are multi-year and have or will have a corresponding FY19 encumbrance must be reviewed. FY18 DOP*/ISE1 encumbrances will be closed and should be decreased to the amount spent. This reduced amount will increase the available amount on the MAP*/ISA1 document and will allow a FY19 increase for an encumbrance, with available allotment, and keep the contract amount whole for any future year encumbrances, if applicable.

SEPTEMBER 9

All FY 19 Professional Services contracts/amendments (ISA1, MAP1, MAPIT1 and MAPBC1) must be submitted to the Comptroller's Office for approval and processing by this date (manual agencies will send their hard copies to Fiscal Management for this process, by this date).

Any contracts/amendments/encumbrances not submitted by this date must be included on the year-end accounts payable journal vouchers if expenditures are applicable to FY 19. These contracts/amendments/encumbrances must then be entered into STAARS during the 13th accounting period (manual agencies will send their hard copies to Fiscal Management for this process).

SEPTEMBER 12

All outstanding FY18 DOP*/ISE1 encumbrances (except Capital Outlay) will be closed in STAARS.

SEPTEMBER 16

All FY19 encumbrances (DOP1, DOPIT1, DOPBC1, and ISE1) must be submitted to the Comptroller's Office for approval and processing by this date (manual agencies will send their requests to Fiscal Management for this process). If the MAP*/ISA1 is
a multi-year award, you will be allowed to modify any FY19 encumbrance document during the 13th accounting period, if you have sufficient FY19 allotment reserved.

NOTE: All FY19 GAE decentralized encumbrances will be closed at the end of the 13th accounting period.

FY20

OCTOBER 2

New contracts/modifications (MAP*'s & ISA1's) or encumbrances (DOP*'s & ISE1's) for FY20 may be keyed in STAARS and validated, but should not be submitted to our office prior to this date. Do not enter a BFY in the header on your new documents.

STAARS Agencies

If a MAP* or ISA1 is a multi-year award, you will be allowed to modify (increase) any FY19 DOP* or ISE1 document if you have sufficient FY19 allotment reserved for the 13th accounting period.

You may also enter any new FY20 DOP* & ISE1 documents against their corresponding MAP* & ISA1, if applicable, on October 2, 2018, if the expiration date of the MAP* or ISA1 extends past 09/30/2019. The encumbrances on multi-year agreements will reference the same MAP* or ISA1 number already on the system. Agencies may have multiple fiscal year (FY19 and FY20) DOP*/ISE1's for the same MAP*/ISA1 for multi-year agreements.

DOP*/s/ISE1/s may be modified (decreases only) throughout FY20, after the 13th accounting period for FY19 has ended.

We encourage the use of one DOP* for each MAP* document in a fiscal year.

Manual Users

Manual users will continue to submit their paperwork to the Comptroller’s office as usual.

Tab over to the Hold Type and use the pic line to click “USER01” as the type. In the hold request description box type 13th APD PR Cancellation. The Payment Type Hold Department and the Payment Hold Type Unit should show “ALL”. The final step is to validate and submit the document, which will workflow to the State Treasurer’s Office.
If the thirteenth accounting period is closed, the warrant must be deposited on a cash receipt form following the instructions located on page 5 of the EOY Memo.
